REVULSION OF FEELING AGAINST SOVIET CAUSES UNEASINESS TO LENINE

Rebellion Against Soviet in Russia

Partial Control by anti-Bolshevik Forces of Petrograd; Similar Outbreaks at Moscow Are Put Down

VICTORIA, March 1.—News has been received here of a partial rebellion of Petrograd by anti-Bolshevik forces. Owing to confusion with the present regime and shortage of food, there have been many defections among Bolshevist troops. Similar uprisings in Moscow have been stopped temporarily. Soviet authorities are very much perturbed over the occurrence. It is reported here that Leon Trotsky is in hiding.

SAUNDERS PAYING DOCK TIME CHECKS HERE

Total Outstanding Pay—\$112,000, Capt. Saunders Pays \$90,000.

Capt. Saunders is still standing on the dry dock of the Dominion Fisheries Commission paying off outstanding dry dock bills and a little delay is caused by the presenting of which there is no account. There has to be a settlement as soon as they are correct they are immediate.

Estimated total of \$112,000 standing on the dry dock of Capt. Saunders has been paid off about \$90,000.

REFUSES TO BARGAIN

Says Provincial Government Not to be Forced Give Waterfront for Cow Bay.

Mr. Pattullo in reply to the letter sent to the provincial government in which the city council accepted 300 feet of waterfront in lieu of its rights in Cow Bay in case decided to close the bay.

Mr. Pattullo stated that the G. T. P. or the provincial government to give waterfront, speaking frankly, the city would get waterfront from the provincial government on any such basis. He always be willing to discuss the issue with the council on the waterfront.

SERVICE HAS MILITARY RECORD

VICTORIA, March 1.—Every man and woman who has been overseas who so desires has been reinstated in the Dominion Civil Service, according to a report of Commissioner of Civil Service, J. H. McLeod. Of 1213 employees, 352 men and 610 women and 28

BODY OF DYKE RECOVERED AT FOOT OF LADDER

Unfortunate Man Had Evidently Lost Footing in Going to Dredge.

The body of the late Herbert B. Dyke, which was recovered yesterday after having been missing since Christmas, was found shortly after noon yesterday by Diver Richard Gammon, who was assisted in the search work by Alfred Swanson. It was in 60 feet of water, below a ladder leading down in front of the Marine Ironworks plant. At 2.50 the news of the discovery was telephoned to the police station and Warden Bailey was despatched to the scene. The body was terribly decomposed after its two months' submersion and identity was only established by means of possessions found in the clothing, including a gold watch engraved "H.B.D." and letters bearing the name. The sum of \$203 cash was also found in the clothes.

It was suspected that Dyke might have met his fate at this point, for the dredge on which he worked was tied up on the night of the disappearance at the place. As had been established by the police, Dyke was wearing his working clothes when the tragedy overtook him.

Funeral arrangements are in the hands of the B.C. Undertakers and U.S. Consul E. A. Wakefield has communicated with a brother in Seattle for instructions as to the interment. The \$200 reward offered for the recovery goes to Diver Gammon and Captain Swanson.

STOPOVER HERE VERY PLEASANT

Edmonton Insurance Man Writes Agents' Delegates Will Pass Through This Summer.

The secretary of the Board of Trade is in receipt of a letter from J. W. Glenwright, managing director of the Commercial Life Assurance Co., telling of an agents' convention that is to be held in Victoria next summer and to which it is proposed eastern delegates will come by way of Prince Rupert where a stopover of at least one day will be made. Mr. Glenwright, who was here last summer, arrived at Prince Rupert to make connection with the Prince George on the trip she hit in Seymour Narrows and had to go into the local dry dock on reaching here. "The tie up at Prince Rupert," says Mr. Glenwright, "proved the pleasantest part of our holiday and all others of the party that we subsequently met in Vancouver, Victoria and Seattle expressed themselves likewise. It might be of some advantage to Prince Rupert to induce people to stop over a day or two when making this trip."

Member for The Pas Would Wait for Redistribution

Amendment to MacKenzie King's Amendment in Commons Supports Charge that Administration No Longer Has Confidence of Country

OTTAWA, March 1.—A resolution moved in the House of Commons by J. A. Campbell, The Pas, which virtually calls for an adjournment of the House after supply is voted and a general election immediately after redistribution, is an amendment to the Mackenzie King amendment in the House of Commons. The resolution calls for a redistribution measure to be passed as soon as possible after the census figures are available and supports the charge in the King amendment that the administration does not hold the confidence of the country.

The King amendment asks for an election immediately instead of waiting for the redistribution bill which usually follows the taking of the census.

CONSPIRACY IN ITALY FAILED

Prompt Measures of Authorities and Firmness of Soldiers Responsible.

FLORENCE, Italy, March 1.—Eleven people were killed and more than one hundred wounded in connection with disorders here, seemingly the outcome of a revolutionary plot. Five hundred arrests were made.

The conspiracy failed owing to the prompt measures of the authorities and the firmness of the soldiers.

INAUGURATION FRIDAY

Warren G. Harding Will Become President of United States When Sworn in.

WASHINGTON, March 1.—On Friday next President-Elect Warren G. Harding will be inaugurated into the position of president of the United States in place of President Wilson who now holds the position. There will be the usual ceremonies and the oath of office will be administered by Edward Douglas White, chief justice of the United States.

Bowser Criticizes Moderation Bill

Declares Powers Vested in Interdict Authority Capable of Abuse; Does Not Like Meaning of Word "Sealed Package"

VICTORIA, March 1.—Declaring he could have no confidence in any Government appointment to the liquor commission, W. J. Bowser in the Legislature yesterday criticized the liquor bill.

The clause which empowers specified authorities to interdict a permit holder for violation of the law and then if seen fit to cancel the interdict, he condemned, declaring it capable of much abuse. He said the Conservatives had no intention of discussing politics in the discussion of the bill but said it was the duty of every member to make the bill as perfect as possible.

Mr. Bowser criticized the Government's definition of the word "sealed package" as meaning bottle, jar, or barrel, as too wide. He dealt with what he described as the bootlegger and American permits and denounced them. He attacked the Government for the proposal to have the entire control of the commission and not allow the Legislature a word about its personnel.

Another clause which came under denunciation was the one allowing the giving of special permits for the consumption of liquor in public places.

Attorney-General Farris moved the adjournment of the debate, in stating that when the bill went into committee every member would have the fullest opportunity to make whatever suggestions he wished.

GERMANY'S REPARATION

Offer of Thirty Billion Gold Marks is Spurned by Lloyd George.

LONDON, March 1.—Germany through her delegates today made reparation offers of 20,000,000,000 gold marks. Lloyd George replied that unless the Germans had something more to offer there was no need of continuing the conference.

MUCH RAIN

Month Just Past Had Unusually Large Precipitation of Over 13 Inches.

Dominion Meteorologist F. W. Dowling announces an unusually large rainfall for the past month when the total precipitation was 13.27 inches, 11.45 inches rain and 1.77 inches snow. The highest temperature for the month was 54 on February 23 and the lowest on February 15 and 16, when the mercury dropped to 16 above. The mean temperature for the month was 36.3.

KILLED SOLDIERS

Unarmed Men Were Walking the Street When Attacked at Cork.

DUBLIN, March 1.—At least five soldiers were killed and eleven wounded last evening when they were attacked by armed civilians. The soldiers were unarmed, walking along the street.

HOLDINGS OF ORIENTALS IN THE PROVINCE

Seriousness of the Yellow Menace To Be Made Clear to Canada.

VICTORIA, March 1.—British Columbia provincial authorities are gathering data in regard to the land holdings of Orientals in this province, the committee of the Farmers' Institute was told yesterday. This is being done with a view to making the people of Canada aware of the seriousness of the menace to farmers here.

It is expected the information will be used to bring about a revision of the Anglo-Japanese treaty when it comes up in 1923.

SHACKLETON IS OFF TO NORTH

Will Make Another Expedition to Explore Islands Off Heibergs Island.

CHRISTIANIA, March 1.—Sir Ernest Shackleton leaves in May on a new polar expedition, taking half a dozen men. He expects to be away about two years.

A whaling boat has been purchased in which the intrepid explorer will proceed to Hudson Bay and thence into Baffin Bay through Lancaster Sound to Heibergs Land where he will explore the islands.

LABOR SPLIT

Two Members of Manitoba Legislature Populized by the Dominion Party.

WINNIPEG, March 1.—E. J. Dixon and W. D. Bayley, Labor members elected to the provincial legislature under the Dominion Labor Party banner, were virtually repudiated at a meeting of the party in the Labor Temple. The report of a conference between the Labor members in the house and representatives of the party was presented by A. W. Pultee, in which he indicated that Messrs. Dixon and Bayley had renounced their affiliation with the party to join the newly-organized Independent Labor party. The other members of the Labor group were, however, reported as friendly to the D. L. P.

Shall We All Reform the World?

There are many people who devote their whole lives to reforming the world or some little piece of it. They are splendid people imbued with a desire to help their neighbors and to make the world a better place in which to live.

Most of the reformers in the past have appealed to the instinct of fear imbedded in the human race. Preachers have pictured to their audiences the torments of Hell and the lot of the wicked with such effect that the more emotional of their hearers have screamed and fainted, and even hardened men have turned away from their evil ways and resolved to lead a new life.

No One Disputes Need of Reform.

No one disputes the need of reform. Men are prone to evil which is another way of saying that they do things which are contrary to their own best interests and the interests of the community. By nature we take things by force. It is a part of the life of our ancestors. We know it is not good for the community that there shall be thieves, so we pass laws against thieving and for the punishment of the thieves.

All the World Must be Educated.

It is useless to try to uplift one part of the world and to leave the other in its present condition. That is where missionaries do their part. If the people of Canada were all imbued with high ideals and there were no corrupt influences in the country such a condition could not continue because there would be people coming here from other countries and bringing with them the baser instincts and influences which tend toward a lowering of the general moral plane.

Take labor as an instance. In order to live decent moral lives people must have enough wages to provide them adequate food and clothing and some of the luxuries of life, including books and other educational influences. In securing this there has been a long struggle against employers who wished to grind them down to the last penny.

PRINCE RUPERT TIDES

Wednesday, March 2. High 7:12 a.m., 17.5 feet. 21:7 p.m., 15.5 feet. Low, 1:13 a.m., 10.2 feet. 14:35 p.m., 7.7 feet. Thursday, March 3. High, 8:56 a.m., 17.2 feet. 22:18 p.m., 16 feet. Low, 2:33 a.m., 10.6 feet. 15:48 p.m., 7.4 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

POLAND AFTER RICH MINES

Plebiscite to Decide Fate of Upper Silesia to be Held Soon.

BEUTHEN, Upper Silesia, Mar. 1.—The campaign into which Poland has entered to gain control of the rich Upper Silesian industrial centres through a plebiscite victory, the middle of this month, is being directed from a rickety, three story hotel here which has been purchased by Wojciech Korfanty, director of Polish propaganda, plastered with anti-German placards, filled with propagandists and guarded from outside and inside, day and night, by armed men.

Korfanty himself, who formerly was a member of the Reichstag, and now is the bugbear of the German mine owners here, has offices in the building, but they are available only to those who have unquestionable credentials. German residents and officials leave him severely alone.

Some of the huge posters in the building are relics of war propaganda, one of them picturing three old women before a firing squad of German soldiers. Under the placard is the legend, "Glosuy za polska"—vote for Poland—and under this the same legend is written in German. All the posters in addition to the Polish legends are interpreted in German, for many of the people of Polish extraction cannot speak the Polish language.

Korfanty received the Associated Press correspondent with a brisk and cheerful greeting. He was dressed in neatly tailored clothes, affected a monocle and was surrounded by many assistants, one of whom stood immediately back of him during the whole of the conversation.

In view of the Polish exchange situation, Polish money selling then at ten to one in favor of the German mark, and reports of unemployment and financial distress in Poland, Korfanty was asked what benefits the working population of Upper Silesia could expect from a union with Poland.

"The Upper Silesian question is not a problem in economy, but in nationality," he said. "The majority of these people are Poles and their sympathies are with Poland. Poland's situation will improve. In the meantime we will break up this feudal system here by which the German mine owners have oppressed Polish workmen for 400 years. Seventy-five per cent of the German officials of Upper Silesia will, of course, vote for Germany, but we will have an overwhelming majority in the elections."

P. E. I. FARMERS

Movement in Island is Mostly Co-operative

CHARLOTTETOWN, P. E. I., Mar. 1.—The seed of the agrarian movement is being sown broad cast over the three counties of Prince Edward Island. The movement, unlike that spreading throughout other parts of the Dominion, is up to the present almost non-political in character and confines its attention pretty largely to economic problems, chief of which is the co-operative buying and selling proposition.

A resolution looking toward the betterment of transportation facilities which was unanimously passed by the Convention, condemned the Canadian National Railways for high passenger and freight rates. Other resolutions strongly urge the standardization of the gauge of the P. E. I. Railway and the building of a second car-ferry steamer to improve the island-mainland service.

Ten Years Ago in Prince Rupert

March 1, 1911 By a vote of 437 to 41 the workmen on the Prince Rupert street have decided to go on strike until their demand for 35c an hour is met by the city council or the contractors. The latter propose bringing in strike breakers from the south.

That gold dust, registered mail and currency to the value of \$40,000 was stolen on the last southbound passage from Alaska is the sensational story reported in Vancouver to the authorities. The greatest secrecy is being maintained.

Pyorrhoea

Pyorrhoea is a disease of the dental tissues. It is recognized by soft spongy gums which bleed often on the slightest provocation. Pus is also present, which is not only allowed, but absorbed by the blood and carried to all parts of the body. This produces a toxic effect, some of the symptoms being headache, lassitude and general debility. Lesion of the heart and kidneys are other effects which it produces, while Rheumatism is often accounted for the presence of Pyorrhoea.

TORPID LIVER For over 4 Months

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lax, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice Mehill, Nanaimo, Ont., writes:—"I was very badly run down, and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a box of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials, and am a different person today. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PRINCE GEORGE

J. H. Johnson, delegate to the Boards of Trade convention at Vancouver, has returned and reports a splendid reception both at Vancouver and Victoria. Premier Oliver informed him that P. G. E. completion work would commence as soon as possible and the extension to the Peace River as soon as finances could be arranged. Government support is also being given to the local pulp mill project.

Allan Haynes, organizer of the Prince George Mercantile Association, announces that his firm has purchased the new Ruste Building on Third Avenue and will open the store there about March 15.

James Fodde and G. G. Amell were here last week from Edmonton and left for Pouce Coupe with a large quantity of oil drilling equipment for the Imperial Oil Co. for prospecting purposes.

The request of the board of works for permission to start grading the rock at Aeropolis Hill was still further laid over by the city council last night.

The report of the board of works asking for permission to bring in a report under the local improvement plan for the putting in a sewer in block 8, Section 4, back of the Knox Pool Room was adopted at last night's council meeting.

Instead of deducting 1c a day for hospital fees from the workmen engaged on the relief jobs in the city, the council last night decided that the city would pay it. In the meantime road taxes will not be collected from the men on these jobs.

The city council last night gave its utilities committee permission to call for tenders for materials for the completion of telephone construction work in Sections 5, 7 and 8, which was started last year. The estimate for the completion of the work is \$2,824.10.

Mr. and Mrs. S. S. Magollin and Mrs. Bohl, Mrs. Magollin's mother, leave tomorrow for Winnipeg where Mr. Magollin is called on account of some railway business. They will return in about a month but have not yet decided where they will reside on their return.

A reply from Dr. H. E. Young, provincial health officer, to the letter from the city supporting the proposal to establish a tubercular hospital at Hazelton was received and filed at the council meeting last night. Dr. Young pointed out that as far as Indians were concerned this was a matter for the attention of the Department of Indian Affairs at Ottawa.

That hardy perennial, the proposal to put in a plank roadway from Dunsuir Street to McBride Street on Fifth Avenue, was brought up by Ald. Parker last night. It was explained to Ald. Parker that the residents in that part of town did not want the improvement until it could be a permanent one and he was referred to the files of previous correspondence and reports on the subject.

Tenders for the supply of wire to the electric light department were opened at last night's council meeting and referred to the utilities committee. Two firms, Pattinson & Ling and Parkin & Ward, submitted tenders. No. 00 weatherproof was quoted by both firms at \$26.66 per hundred and No. 10 at \$31.66. Pattinson & Ling's tender was f.o.b. Vancouver, while delivery point was not stated in the other tender.

This Experienced Nurse

Says:

There's nothing like Zam-Buk for a skin that is rough, itchy, inflamed or troublesome. Zam-Buk's powerful antiseptic properties act beyond the surface skin—they expel disease from the underlying tissues. In cracked hands, ulceration, eczema, poisoned wounds, abscesses, scalp sores, piles, etc., Zam-Buk is wonderfully effective; also the safe speedy healer for cuts, burns, scalds, sprains, etc.

The Zam-Buk Co., Dupont St., Toronto, invite all our readers to **TEST ZAM-BUK FREE**
Forward 1c. stamp for postage, and provided you mention this paper, you will receive a free SAMPLE BOX by return post.

"I have tested Zam-Buk personally, and used it for patients in a great number of cases—always with the same satisfactory results. Experience proves beyond doubt that there's nothing known to science that can compare with Zam-Buk for the treatment of skin troubles or injuries.
"My advice to all sufferers from eczema or other skin trouble is:—First cleanse the affected parts thoroughly, then apply Zam-Buk freely and regularly. I am confident that this treatment will be found sufficient to overcome even the most stubborn cases."
Miss J. KEITH,
(Professional Nurse),
OLDS, ALBERTA.

Rev. A. D. MacLeod, Harcourt, N.B., says:—
"Moving amongst sick people of my charge, I have proved Zam-Buk really marvelous for old wounds, cuts, eczema and skin diseases."

There's Nothing to Compare with **Zam-Buk**

Hon. Koliang Yih, Chinese consul at Vancouver who visited here last summer, has been appointed consul general for China at San Francisco and will leave the terminal city shortly for the new post.

The Department of Marine and Fisheries is calling for tenders for the purchase of a gasoline tender from the hydrographic survey steamer, Lifford, which has been lying at the Digby Island marine depot ever since the commencement of the war.

The funeral of Thomas Alexander Cook, the infant son of Mr. and Mrs. T. A. Cook, Sixth Avenue West, took place from the B.C. Undertakers' Parlors this afternoon. Rev. Dr. H. R. Grant officiating. Among the floral offerings was a wreath from Mr. and Mrs. C. Strachan.

The Value is in the Milk

Any kind of milk you buy in this province, other than Pacific Milk, has travelled about three thousand miles by railway to reach you. You know freights are very high at this time. When milk is shipped that far it stands to reason that the quality of the local products must be better.
Pacific Milk is the only milk put up in British Columbia. All the value is in the milk and not in freight rates.

BRINGING UP FATHER

KING EDWARDS ARE CHAMPIONS

Last Basketball Games of Season Played Last Evening.

The King Edward girls defeated the Tillicums at basketball last evening and by their victory won the championship of the Girls' Junior League. The score was 6 to 2 and the Tillicums, playing a slower and less lively game than usual, were outclassed completely. All the winners played well, while Grace Leek and Helen McRae starred for the losers. Herb Charlton was the referee.

The lineups were: King Edward—M. Casey, K. Ryan, A. Stephens, 3; L. Parker, J. A. Morrison, 2.

Tillicums—L. Carter, A. Gurvich, M. McRae, G. Leek, 2; H. McRae and D. Macdonald for Carter.

Intermediate Girls.
In the Intermediate League game between the champion Meteors and "The Rest," the latter failed to score but, nevertheless, played a hard game against the former who were out to maintain their record of not losing a game in the entire season. The Meteors' usual combination play again brought them victory to the tune of 12 to 0.

Lee Dell was the referee and the scoring was as follows: Meteors—Miss M. Roberts, 2; Miss A. Kelly, 2; Miss H. Hibbard, 2; Miss M. Lindsay, 4, and Miss H. Morrison, 2.

"The Rest"—Mrs. A. T. O'Neill, Miss E. Sewell, Mrs. Mabley, Miss S. Calderone and Miss M. Harvey.

Juniors Beat Seniors.
The Juniors led the Seniors in a merry chase in the third game of the evening and emerged at the long end of a 42 to 24 score. The Junior combination was away ahead of that shown by the Seniors. C. Blythe was the referee and the scoring was as follows: Juniors—Halverson, 6; Frizzell, 4; Smith, 14; Macdonald, 4; Mitchell, 8, and Roberts for Macdonald, 6.

Seniors—E. Smith, 3; W. D. Smith, Black, 4; Macintosh, 4; Graham, 4, and Mitchell for Macintosh, 6.

AN ANECDOTE FOR ST. DAVID'S DAY

This is St. David's Day and the following anecdote is appropriate to the season:

A foreigner, beloved by an Englishman, an Irishman, and a Scotsman, had died, and his three friends met to decide how best they could show their appreciation of his character while he lived. They made their decision, which was that each of them should put into the dead man's coffin the sum of five pounds. The Englishman did so in gold, the Irishman in single notes, and the Scotsman—a man of business—put in a cheque, payable to "bearer" for fifteen pounds, and took out the other ten! But here comes the addition. The undertaker, being a Welshman, wrote out an IOU for the whole amount, took out the cheque and cashed it!

WANDERERS TAKE LEAD IN SERIES FOR TRAIL CUP

Leading Teams are Now Separated By But One Point—Interesting Games Coming.

By defeating the Sons of England decisively at billiards last night in five games out of six and by a score of 1186 to 1013, the Wanderers have taken first place in the race for the Trail Cup landing on the top by one point in the average. Interest is again keen in the series and tomorrow night's game between the Trail and the Elks will be an interesting one for it is quite possible that the Trail might make a sufficient big score to come again into first place. Last night's scores were fairly close, the biggest victory being that of Col. McMordeie over Percy Tinker by 200 to 125.

The individual scoring last night follows: S. P. McMordeie (Wanderers), 200; G. P. Tinker (Sons of England), 125.

R. H. Shookley 200, H. F. Wearmouth 168.

W. J. Nelson 200, S. King 158, Dr. J. P. Cade 200; A. H. Silver-sides 166.

Fred Stephens 200, B. McEvoy 196.

Jos. Howe 186, J. Lyons 200.

JEWELER ATTENDS TRADE CONVENTION CITY OF WINNIPEG

John Bulger, the jeweller, who was in Winnipeg recently attending a jewellers' convention, just missed the train wreck in which the Vancouver train was injured, the Prince Rupert section being ahead. Writing from Winnipeg Mr. Bulger says in part:

"Mr. M. C. Ellis, whom you know, is our president and made us feel quite at home in the Fort Garry, the splendid G. T. P. hotel. There are over two thousand jewelers here from the farthest corners of the country. I thought I had come the farthest, but those from the Maritime Provinces had me beaten.

"It is a splendid gathering of fine fellows and it is good to see many I had met some years ago.

Various Activities.

"Today we had several business meetings where we discussed such matters as taxes and other matters in connection with legislation such as trade marks and uniform stamping of goods and business ethics, also different methods of increasing business. Tomorrow we shall have another breakfast conference and the day will be pretty well taken up with such matters as accounting, insurance, the question box and a drive around the Parliament Buildings, and a dance in the evening."

CLEVER FARCE ON THURSDAY

"Freezing a Mother-in-Law" with Fitzmaurice in Leading Part is a Scream

That the patrons of the big Vaudeville entertainment to be given on Thursday next at the Westholme Theatre for the benefit of the Prince Rupert General Hospital will be treated to one of the best shows so far pulled off in the city is the opinion of those in the know who have seen the make-up of the program.

Not the least attractive item will be the concluding act, a screaming farce entitled "Freezing a Mother-in-Law," put on under the direction of G. S. Fitzmaurice, supported by several well-known local amateurs. Intensive work has been put in lately at rehearsals. The clever little play, while offering splendid scope for the talent of each of the performers, features "Fitz" in a veritable "Mr. Jiggs" part, though "Mr. Jiggs" who for a short time imagines he is "putting one over" his redoubtable spouse.

The audience is kept in one continual bubble of merriment from the rise of the curtain to the fall. As a cure for the blues or any nervous ailment, this exuberantly funny farce is guaranteed to beat anything the doctors could prescribe.

BANK OF COMMERCE ISSUES WAR BOOK OF MUCH INTEREST

"Letters from the Front" is Fine Work and One of Local Interest

"Letters from the Front" is the name of a 338 page book that has just been issued by the Canadian Bank of Commerce telling of the part played in the Great War by the officers of the bank. It is a collection of the pamphlets of the same title that were issued by the bank during the war, keeping the employees at home in touch with those abroad and, in many respects, is novel and on the whole very interesting. The idea of permanently recording the war service of the staff of the bank was conceived by Charles Lyons Foster, staff inspector, who is editor of this latest production.

The volume is commenced with a complete list of enlistments from the bank, which includes names of local acquaintance, among which are Sapper W. G. Anderson, son of Mr. and Mrs. P. W. Anderson, returned to this city; Private F. B. Darley, died of wounds; Lieut. A. D. Golden, M.C.; Private W. A. Paterson, returned here, and Flight Lieut. C. G. Purdy, killed in action. There are letters and references to Lieut. A. D. Golden, Private W. A. Paterson and Lieut. C. G. Purdy.

SCHOOL BOARD ASKS SITE IN SECTION 2

New School Will Likely be Built At Corner of Seventeenth and Atlin.

At the meeting of the city council last evening it was decided to take steps towards obtaining permission from the G. T. P. Development Co. for the building of a school on the property held by the city but belonging to that company at the southwest corner of Seventeenth Street and Atlin Avenue, Section 2.

This action was taken on receipt of a letter from the school board asking for permission to build on this site. The estimate for the Section 2 school was passed through this year's estimates by the school board.

RETAIL MERCHANTS VICTORIA ORGANIZE

VICTORIA, Feb. 28.—Victoria again has a retail merchants' association. It has formed a branch of the Canadian association, with a provincial executive made of Messrs. Ballard, Taylor, Maynard, Joseph Wilson, R. Jameson and H. S. Stevenson, the latter being appointed secretary. An address was given by Dr. W. J. Hindley, former Mayor of Spokane.

The Man in the Moon SAYS—

THE fishermen ought to know better than to bring in thirteen cars of fish. How could they expect the empties to be waiting for such an unlucky number.

THE P.G.E. swallows dollars just like some of the bootleg customers will swallow essence of ginger.

A MAN in Manitoba is said to have eaten so many rabbits that he is afraid of his own dog.

THERE are a lot of bad things we have done, but thank heaven we have never spelled like a cartoonist.

ONE of the things that won't get you anywhere is kicking about fish cars or stations or round-houses or such things.

ANOTHER thing that doesn't get you anywhere is swearing at the man or giggling girl who talks during the choice selections at a concert.

ALTHOUGH talk is cheap a lot of people make extravagant remarks.

A RAID was made on a bar at Juneau and moonshine was found. No wonder Alaska is going to the dogs. Fancy finding nothing but moonshine there.

It is suggested that Prince Rupert people should all take a dose of yeast to make them rise earlier in the morning.

THERE is only one man worse than he who talks during a theatre performance. It is the one who eats garlic for supper.

TEN DAY SERVICE

C.P.R. Inaugurating Move Frequent Service for Alaska

This month the C.P.R. is inaugurating a ten day service to Alaskan ports with the Princess Mary instead of the fortnightly service that has been performed throughout the winter. On June 13 the Princess Royal will call here, instituting the weekly summer service that will be maintained by that steamer and the Princess Alice. The Princess Mary will take up a run in the south.

WEATHER AT STEWART SOFT

John Will Take Out a Very Light Shipment This Week for the South

STEWART, Mar. 1.—On account of very heavy rainfalls during last week and mild weather still, transportation of ore from the Premier Mine to Stewart wharf by tractors and sleighs has practically been cut off and if there is any ore at all at the end of this week for the Prince John to take out it will be a very light cargo.

The taking of the ore for the sixteen miles from mine to beach depends largely on the hard surface produced by cold weather and with the present thaw the snow has softened and going has become very heavy.

Plans for the starting of work on the new aerial tram are well under way, it is understood, but no materials have yet reached here for the work. Thus far operations on the project have been merely traverses and surveys.

DON'T NEGLECT A COLD IN THE HEAD

It May Lead to Many Serious Diseases.

Never neglect a cold in the head. It is a trouble so common that we are apt to treat it as of little consequence. But it is only a step from cold to grippe and the possibility of acute trouble in the throat—pleurisy—pneumonia—is always there if it is neglected.

In its early stages a cold yields quickly to proper treatment. Grip-Fix, a combination of the drugs which relieve the system in such cases, gives remarkable results. It relieves a cold in a night and even grippe yields to it in forty-eight hours. Its action keeps the system open to throw off the systemic poisons created by the cold, reduces the feverish condition and allays the pains in the head and muscles.

Grip-Fix is sold by all druggists at 35c a box. Accept no substitute.

FREIGHT RATES IN THE STATES

First Gun in Fight of West Being Fired This Week

LOS ANGELES, Mar. 4.—The first gun in the fight for an immediate reduction in the advanced railway freight rates, being waged by agricultural interests of the Pacific Coast, will be fired in Washington this week when attorneys for the citrus industry of California petition the Interstate Commerce Commission for a hearing. The application will be based on figures which show that if the present rates are allowed to stand the fresh fruit and vegetable industries of the west will be annihilated.

G. C. Teague, president of the California Fruit Growers Exchange, in a statement describing the "deplorable condition of the citrus industry," pointed out that prevailing freight rates will impose burdens upon the apple growers of the northwest, potato, onion and fresh vegetable growers of California and the deciduous fruit producers of the west greater than the industries can stand.

KING'S CHAMPION

Office Held by Marmion Family Since Year 1377

The fining of the King's champion in a police court is a reminder that the ancient office of champion of the King of England has since 1377 been attached to the manor of Scrywelsby, Horn-castle, and that from the Marmion family the title descended to the Dymoke family. It was a descendant of that family, Frank Seaman Dymoke, who was the subject of the obscure paragraph referred to. The office, of course, is a survival of mediæval times when there was sufficient warrant for a King's Champion, and it was his duty at Coronations to challenge any one who should deny the title of the King. Champions were not, however, confined to royalty and even bishops were able to boast their defenders should occasion demand. To call on a champion was, of course, the privilege of those in jeopardy, and the classical illustration is that employed by Scott in "Vanquish," following the trial of Rebecca.

A letter from M. M. Stephens regarding sewer connection for the Scott Block, Second Avenue, was referred by the council last night to the Board of Works for attention. Mr. Stephens felt that his client had been discriminated against when free sewer connection had been recently made by the city to Melroe Bros.

Take Care of That Cough

Some people get a nasty cough and don't pay much attention to it, saying, "Oh, it will wear away in a short time." But while it may wear off, serious injury may have been done to the lungs and respiratory organs by the prolonged, harsh, racking coughing.

On the first sign of a cough or cold get a bottle of Dr. Wood's Norway Pine Syrup. It will stop that nasty, troublesome cough, ease the tightness across the chest, and loosen the phlegm.

Mrs. Wm. Earnshaw, Aspley, Ontario, writes:—"Last winter I caught a bad cold, had a sore throat and a terrible hacking cough that I could not get rid of. I could not sleep at night. I tried quite a few remedies, but they did not do me much good until I got Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles, my cough was all gone. I feel that "Dr. Wood's" has no equal."

When you get Dr. Wood's Norway Pine Syrup, you are not experimenting with new and untried remedies, but one that has a reputation extending over thirty years. Put up in a yellow wrapper; three pine trees the trade mark; price 35c and 60c a bottle, manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

WATER NOTICE.
STORAGE.
TAKE NOTICE that Granby Consolidated Mining, Smelting & Power Co., Ltd., whose address is Ansoy, B. C., will apply for a licence for the storage of five million gallons of water out of the east branch of Hidden Creek which flows easterly and bears into Hidden Creek, about two-thirds of a mile from Grandy Bay.
The storage dam will be located 300 feet from the east boundary of lot 2224. The capacity of the reservoir to be created is about five million gallons, and it will hold several acres of land. The water will be diverted from the stream at the dam and will be used for mining and domestic purposes upon the mine described in lots 480, 481, 482, 483, 484 and 485, 1519, 1675 and 1677, 2219, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2229, 2230 and 2231. The licence applied for is to supplement an application to take and use water as per water notice posted on 1st June, 1920 (see water notice file 622930).
This notice was posted on the ground on the 23rd day of February, 1922. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.
Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.
