Terrible Train Wreck Today on Michigan Central Railway

New York Central Train Crashes into Chicago-Montreal-Toronto Flyer, Killing about Fifty People and Injuring One Hundred

CHICAGO, February 28.—Forty-two bodies have been taken from a train wreck on the Michigan Central line which occurred this morning. The eastbound train was derailed when it dashed into by the westbound New York Central train. The eastbound Michigan Central train was bound for Toronto. The accident occurred near Porter, Indiana. In addition to dead, which are estimated at about fifty, one hundred persons were injured. Among the dead is Peter Kane, of Regina; J. Collins, wife, of London, Ont., and Gordon Campbell, of Revelstoke. Two dead were in the Michigan Central coaches. The accident took place at a diamond crossing, this permitting New York Central train to take the two Michigan cars instead of meeting them at right angles. Michigan Central train is known as the Chicago-Toronto-Toronto Flyer and is a through one in which C. P. R. rolling stock is used. Only two men were killed on the New York Central train, both engine men.

A man on the Michigan Central line has been arrested, it is believed he left the switch closed, this causing the derailment of the eastbound train, which was crashed into by the other.

Strike Leaders Released From Prison Today; to Sit in Legislature Tonight

WINNIPEG, February 28.—Strike Leaders William Ivens, John Queen and George Armstrong of this city, W. A. Pritchard of Vancouver, and R. J. Johns of Regina were released early this morning from prison where they served a year's sentence less a month off for good conduct.

The Winnipeg men were all three elected to the Legislature last November and will take their seats tonight for the first time.

Efforts have been made from time to time to secure their release, but the men refused to ask for clemency and take their parole.

FOUR MILLIONS MORE FOR P.G.E.

John Oliver Says Costs of Construction and Maintenance Have Increased.

VICTORIA, Feb. 28.—By March next year, when the line will be in operation as far as Prince George, the province will have sunk \$40,000,000 in the P. G. E., declared Premier Oliver in explaining in the Legislature the necessity of bringing down a bill to permit the borrowing of an additional \$4,000,000 for the P. G. E. during the coming year.

Hugh increases in the cost of maintenance and construction are responsible.

No More Big Sockeye Runs on Fraser River Says Dr. Gilbert of Stanford Univ.

VICTORIA, February 28.—The run of sockeye salmon in the Fraser River this year will range itself definitely with the lean years. Big years similar to those of former seasons must now be regarded wholly as a thing of the past. This is the conclusion of Dr. C. H. Gilbert of Stanford University in a report presented to the Legislature this afternoon by Hon. William Sloan, minister of fisheries.

The report ascribes the condition to a blockade of the Fraser river canyon in 1913 just at the time to intercept the spawning run of that big year. The catastrophe became irreparable before adequate relief measures could be taken.

Mr. Sloan says the report must impress the fishing interests of Washington State of the necessity of prompt action in doing something to re-establish the runs on the Fraser River.

Dentistry of Quality.

Pyorrhoea

pyorrhoea is a disease of the dental tissues. It is recognized by soft spongy gums which bleed often on the slightest provocation. Pus is also present, which is not only allowed, but absorbed by the blood and carried to all parts of the body. This produces a toxic effect, some of the symptoms being headache, lassitude and general debility. Lesions of the heart and kidneys are other effects which it produces, while Rheumatism is often accounted for the presence of Pyorrhoea.

To Be Dyspeptic Is to be Miserable

The poor dyspeptic suffers untold agony after every meal, and any one who has dyspepsia knows what joy it would give to eat three square meals a day and not be punished for it after. Nearly everything that enters the weak stomach acts as an irritant, and even the little that is eaten causes such torture and is digested so imperfectly that it does little good.

Before you can eat heartily, and not pick and choose your food, you must put your stomach into such a condition that it will manufacture its own digestive ferments.

For over forty years Burdock Blood Bitters has been tonicizing and restoring weak stomachs to a normal healthy condition so that the food no longer causes distress, but is thoroughly digested and assimilated, and enables one to partake of all the wholesome food required without fear of any unpleasant after effects.

Mrs. Alice Beckwith, Fesserton, Ont., writes: "I have been a great sufferer from indigestion and dyspepsia for several years. I could not eat anything without almost dying from the pain in the pit of my stomach. Seeing Burdock Blood Bitters highly recommended I tried a bottle, and can gladly say it relieved me. I can eat anything now, and am in perfect health."
