New Motor Run On 529 Mile Route Approved Following Long Fight

Alex Johnson, Operator of Vancouver Utilities, Given Permission to Inaugurate New Transportation System After Conference With Public Works Minister

VICTORIA, Sept. 10:—One of the biggest recent developments in British Columbia transportation will be the first regular stage service between Vancouver and Prince George, a distance of 529 miles. After a four-year fight for a franchise, Alex Johnson, operator of the Vancouver Utilities, announced yesterday that he had been successful following a conference with Hon. R. W. Bruhn, minister of public works.

KIDD REP'T IS BACKED

F. W. Hart Gratified to See Tendencies Towards Economy

General principles of governmental economy as proposed in the report of the Kidd committee meet with favor in the eyes of F. W. Hart of this city. However, some of the details are not so acceptable and will probably prevent adoption of the report as a whole, Mr. Hart believes.

Mr. Hart is gratified to observe that the federal government seems also to be falling in line with general principles of economy. State after state, city after city and company after company in the United States are showing similar tendencies, Mr. Hart declares.

Only by policies of most drastic economy will the world be able to extricate itself from the present chaotic condition, Mr. Hart believes.

Likes Spirit of Prince Rupert in Regard Bad Times

"One thing I like about Prince Rupert is that nobody seems to be howling about bad times like they do in Vancouver," said L. F. Champion, field secretary of the B. C. Products Bureau of the Vancouver Board of Trade, before leaving for Vancouver last night on the Caradana. "You in Prince Rupert must have been hard hit by the depression but you seem to keep it to yourselves. I have heard very little grumbling and hard time talk since I have been in the city," he said. "That is the right spirit. There's nothing to be gained by telling everyone our troubles. The turn has come and this is the time to be cheerful."

ITALY THREATENS TO LEAVE LEAGUE

TO SPAN PACIFIC

Hazleton to Be Included in Projected Goodwill Flight From Tokyo to San Francisco This Month

A communication has been received by Mayor Cyril H. Orme from the Hochi Shimbun newspaper of Tokyo, Japan, announcing the third attempt to be made this year under the auspices of the newspaper to stage a goodwill flight across the Pacific Ocean from Tokyo to San Francisco with a Junkers long distance land plane. The flight is to be attempted about the middle of September with scheduled stops at Sabishiro, Japan; Nome and Fairbanks, Alaska; White Horse, Y.T.; Hazelton, B. C., and Seattle. The plane will be manned by Kiyoshi Honma, navigator; Eiichi Baba, pilot, and Tomoyoshi Ishita, radio operator.

The first attempt made under the auspices of the Yoshi Shimbun to span the Pacific this year from San Francisco to Tokyo ended in failure in May when an amphibian plane which was to have been flown by Seiji Yoshihara crashed during a test flight at Oakland and the aviator being badly hurt.

The second flight, intended to be a non-stop attempt from Seattle to Tokyo, failed when the Bellanca long distance plane, which was to have been used by the late Captain Yoshinori Nagoya and Kaneichi Asai crashed during a test flight at Floyd Bennett Field, New York, Capt. Nagoya being killed.

PAUL BERN IS BURIED

Impressive Rites For Screen Executive—Searching For Body of First Wife in River

HOLLYWOOD, Sept. 10:—Impressive simplicity marked the funeral rites yesterday afternoon for Paul Bern, moving picture executive and husband of Jean Harlow, screen star, who committed suicide last Sunday.

Miss Harlow remained dry-eyed throughout the service which was conducted by Rabbi Edgar Manuel Conrad Nagel read a quiet eulogy on behalf of the screen colony by whose members Bern was held in such high regard.

Henry Bern, brother of deceased, who had arrived from New York following the tragedy, was so shocked by developments following the suicide that he was unable to attend the service. He revealed details of his brother's first romance which culminated in his marriage twenty years ago to Dorothy Millett, who is believed to have herself committed suicide by jumping from a boat on the Sacramento River between San Francisco and Sacramento on Monday night or Tuesday morning, apparently after learning of her husband's death. Henry declared that, while Paul had held no love for his first wife for many years, he had maintained her out of sympathy and had made no secret of his first marriage. He revealed that Miss Millett had been confined some years ago to an insane asylum but had since been released from the institution.

The waters of the Sacramento River are being searched for trace of the body of the first Mrs. Bern. Meantime, Judge Ben Lindsay revealed yesterday that Bern had conducted what amounted to a veritable matrimonial bureau for the Hollywood movie colony and had been responsible for the making of many of screen's most colorful matches.

While servants in the Bern household stoutly continued to deny that there had been a quarrel between Bern and Miss Harlow immediately prior to his suicide, the rumor persisted that Bern had threatened to shoot his young bride of two months just before taking his own life.

Pattullo Finds No Sentiment Of Substance Favoring Union; General Tone Is Much Better

MERRITT, Sept. 10:—T. D. Pattullo, provincial Liberal leader, completed a tour of the interior and returned from here to Victoria last night. During an address here just before leaving, Mr. Pattullo declared that he had this year found a very much more settled and healthier opinion as to general economic conditions than seemed evident the previous year. Beyond all doubt, he said, conditions were improving and, in this connection, public temperament was a vital factor. He stated that he had found no sentiment of any substance in the whole area of sixteen constituencies which he had visited favoring a coalition government.

Relapse Into Barbarism By Kidd Report

If the recommendation that free education for children be abolished after the age of 14 years were adopted, more than fifty percent of the boys and girls in our high schools would be thrown on the streets. What would the committee do with them? Would it have us relapse into barbarism by a reversion to the child-labor system which in most respectable countries has been made unlawful? Surely not.—Victoria Times.

PROTECT MINING INDUSTRY

The Kidd report recommends cutting down the appropriations to the department of mines to such an extent that the industry may be seriously crippled if the recommendations should be adopted. This industry along with others has been hit hard by the depression but there is now an indication that improvement will take place before long. This year there has been much activity in gold mining.

Mining reports by officials of the department are a great help in financing prospects and securing money for development. Trails are built by the department to mining properties which show promise so that supplies may be taken in.

To destroy the present organization would be very injurious to the province and it is to be hoped that, whatever government comes into power following the shake-up, the mines department will not be unduly sacrificed in the carrying out of the economy program.

MOOSE LEGION BAND

During the fair a great many people heard with keen appreciation the music provided by the Moose Legion Band. It is a strictly local organization led by a local man and the degree of proficiency so far attained has been remarkable. Many of the members were formerly members of the Boys' Band.

The Moose Legion Band is worth a great deal to the city and it is hoped that during the winter it will continue practices and give the public an opportunity of hearing it at suitable intervals.

CONGRATULATIONS TO GOVERNMENT

The Tolmie Government is to be congratulated on the appointment to the position of inspector of provincial police for this district of Staff Sergeant McNeill of the local office. The promotion was coming to him and news of it will be well received generally.

Inspector McNeill has been an excellent officer, courteous and efficient and is splendidly fitted for the position to which he has patiently climbed.

Man in the Moon

This is the radio season when everybody listens in and a great many tune out.

I notice that everybody seems to think his radio a little better than his neighbors.

Jake says he has one that will tune out any station he does not want. So fine is the tuning out arrangement that when he is listening to a quartet he can tune out the tenor if he does not like his voice.

Father: "Dear me, the baby has swallowed a piece of worsted."
Mother: "That's nothing to the yarns she'll have to swallow if she lives to grow up."

People are still talking about Tolmie's fine plot to hold on to power.

It was a great scheme which I deem Equal to any yet devised To keep their clutches On the seat where much is Today being criticized. If I were Pattullo I'd raise such a hulloo I'd have the whole land by the ears I'd rant and I'd tear I'd lay the plot bare And I'd raise holy Hades, my dears.

Salmon Canning Season Nearing Close—Hunting Open Soon—Halibut Landings

With only a few plants still continuing operations on the fall varieties of coho and chum salmon, the salmon canning season in District No. 2 will conclude before the end of September. On the volume of fish running will depend how long the few remaining plants will continue operations.

Inverness cannery on the Skeena River and Butedale in the central division concluded operations with the end of this week.

Canneries still in operation are Humpback Bay in the Skeena River area, Grandale on the Naas River, Namu in the central division, Tall-boo in the Bella Coola area and Beaver in Rivers Inlet.

The open season for shooting of geese, ducks, coots, jacksnipe, etc. in this district will open on October 31 this year and close on January 31, according to game regulations for the season which have just been announced. For black brant the season will be from November 15 to February 28. The bag limits will be not more than 20 ducks in any day with 150 for the season, not more than 10 geese in one day and 50 in the season, not more than 25 coots in one day and 150 in the season and not more than 25 snipe in one day or 150 in the season. For deer the open season will be September 17 to December 15 with bag limits the same as last year.

Per areas, total production for this year and last to the date mentioned was given as follows:

Canadian landings so far this season have reached a total of 3,408,750 pounds as against 4,960,500 pounds last year while American landings for 1932 to date have reached an aggregate of 7,461,600 pounds in comparison with last year's 7,515,400 pounds at the same date.

DANCE WAS DELIGHTFUL

Highly Enjoyable Party Staged Last Night By Tennis Club in I. O. D. E. Hall

The annual dance last night in the I. O. D. E. Hall of the Prince Rupert Tennis Club proved to be one of the most enjoyable affairs of the early social season. There were about sixty-five couples present and all had a delightful time dancing from 9:30 p.m. to 2 a.m. to the tunesome strains of Charlie Balagno and His Venetian Orchestra. There were also a number of very acceptable novelty features. Circle two-steps were particularly popular items on the dance program.

The hall had been attractively decorated for the occasion with fall flowers entwined in the salal foliage. Special lighting effects were also used. William Tobey Jr. was chairman of the decoration committee. Alex Mitchell was a genial master of ceremonies.

Delicious refreshments were served at midnight and, during the supper interval, trophies were presented to the winners of the recently held club tournament. The presentations were made to the following by A. E. Parlow, president of the club:

Ladies' singles—Mrs. G. P. Tinker.
Men's singles—William Tobey Jr.
Ladies' doubles—Mrs. S. P. Mc-Mordie and Mrs. G. P. Tinker.
Mixed doubles—Miss Laura Frizzell and Alex Mitchell.
Men's doubles—William Tobey Jr. and Alex Mitchell.

The winners in a prize dance contest were Miss Maxine Heilbroner and Dr. L. W. Kergin, novelty sailboats being presented to each. James Parker was the winner in the raffle of a \$5 gold piece. Several cakes were raffled off by W. H. Tobey.

After supper, novelties and noise-makers were distributed and lent much to the general merriment.

The committee in charge of the dance consisted of Mr. and Mrs. F. E. Robertson, Miss Laura Frizzell and Alex Mitchell. Ernest Wilding presided at the door.

IS HAILED AS GENIUS

Little Miss Marie Balagno of This City Acclaimed by Victoria Newspapers

Marie Balagno, 11-year old daughter of Mr. and Mrs. Chas. Balagno of this city, was hailed as a veritable musical prodigy by Victoria newspapers following a recent private recital before an audience of fifty or more persons recently in the Capital City.

Says the Victoria Colonist: "In her program yesterday she delighted her listeners. Judged from every aspect, her talent is precocious, her execution being brilliant, effortless and elastic; the tone round and plastic; the phrasing and notation clear and clean and the expression extraordinarily mature and marked by thought and intelligence. She exhibited much skill, too, in overcoming the handicap of small hands. Her numbers were all of ambitious character."

The Victoria Times commented upon the local girl's performance in a similar vein. Both papers referred to the interesting hereditary example of musical talent, mentioning the attainments of her father, the well known local pianist and teacher, as well as of her uncles, William Balagno, Seattle violinist, and Frank Balagno, Victoria cellist. The inherent talent might have been traced back even further for Joseph Balagno of Victoria, the grandfather, in his younger days, was an accomplished bandmaster, both before leaving his native land of Italy and after coming to British Columbia.

The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opportunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.
