British Said Last Word On Ireland

ANOTHER GOVERNMENT STEAMER MEETS MISFORTUNE AND SINKS

Whole British Terms Stated In Letter to Valera Declared Lloyd George and Lord Curzon

LONDON, August 19.—The British Government in making its proposals to Ireland put the whole terms into the hands of De Valera without keeping anything back, declared Lloyd George in a statement to the House of Commons.

Lord Curzon, secretary for foreign affairs, speaking in the House of Lords on the Irish negotiations, said the government had no terms that could be given without compromising the safety of the crown and the dignity of the empire.

Imperial Conference.

LONDON, August 19.—Ireland was not discussed by the British Government at the Imperial Conference. Lloyd George, in reviewing the proceedings of the conference in the House of Commons yesterday, said the war services of the Dominions and said the conference fully discussed the foreign policy of the Empire, the Silesian question and the relations with Asia, but the British had no objection to the conference discussing Ireland, but "they had their differences quite as we did and there was no burning desire to take up the question."

LLOYD GEORGE WOULD INSURE WORLD PEACE

Hopes for Agreement in United States and Britain.

LONDON, Aug. 19.—Earnestly expressed by Lloyd George in a statement in the House of Commons dealing with the disarmament conference in Washington, that the conference would result in a comprehensive understanding on the Pacific and the reaching of a tripartite agreement in Japan, United States and Britain.

WRECK LOOTED BY FISHERMEN

Lloyds Propose to Pull Off Forward Half of Vessel With Engines.

SOUTH BEND, Wash., Aug. 19.—Fishermen boarding the wrecked Canadian Government Merchant Marine steamer Canadian Exporter, which was stranded on the spit of Willapa Harbor, looted everything movable, reports Captain Winbeck. Coastguards salvaged about \$7000 worth of stuff and has one fisherman arrested.

It is said that bids for the cargo have been rejected by Lloyds Underwriters, as it is now believed that the forward half of the vessel can be pulled off. By placing a boiler aboard it is proposed to start the engines and pull her off.

LOADED LUMBER AT PORT CLEMENTS ON BARGES FOR SOUTH

The launch Nechaco is back in port, bringing her owner, F. G. Brynolson, manager of the Northwest Spruce Lumber Company of this city, who has been in charge of the loading of the lumber from the Graham Island Spruce and Cedar Company on barges for shipment to New Westminster. The barges Louisiana and Pioneer have taken the lumber, the latter being towed by the steamer Amur owned by the Granby Company. The purchaser of the lumber was the Premier Lumber Co., which will resaw and manufacture it at its mill.

Accompanying Mr. Brynolson on the trip was Charles Catterall of Victoria.

DARING HOLDUP OF PAYMASTERS BY MEN DRIVING AN AUTO

SAN FRANCISCO, Aug. 19.—A daring holdup took place here yesterday. Three bandits in an automobile drew up beside another auto in which factory paymasters were returning from the bank on a crowded business street, covered the paymasters with revolvers, took \$9000 from them and escaped in the crowd.

LICENSE FOR LIFE INSURANCE AGENTS WILL BE PROVIDED

VICTORIA, Aug. 19.—Attorney-General Farris told the convention of Life Underwriters of Canada in session here yesterday that at the fall session of the Legislature a bill would be introduced which would compel every man doing life insurance business in British Columbia to secure a license.

PRINCE OF WALES NOT COMING HOME BY WAY OF CANADA

LONDON, Aug. 19.—The Prince of Wales will leave Portsmouth on H. M. S. Renown on October 26 to tour India and later visit Japan to return the recent visit of Crown Prince Hirohito to England. The Prince will not return home by way of Canada.

PATTULLO TO BE THANKED

Sum of \$2,500 Received by Hospital Board Last Night Through Efforts of Member.

At the meeting of the Hospital Board last night, the secretary reported the receipt of a check for \$2,500 from the Provincial Government to be used in connection with the improvements to the hospital which are being made. This is in addition to the regular grant which the hospital receives every year and was secured through the member for the district, Hon. T. D. Pattullo, to whom a letter of acknowledgment was ordered to be sent by the secretary of the Board.

The Board recently mapped out a program of improvements which they wished to have made, costing in the neighborhood of \$1,000. The work included the shingling of the building, the installation of a heating plant, food delivery conveyances and other necessary improvements. The contract for the shingling has already been let and the grant from the Provincial Government makes it possible to go ahead with a part of the work right now.

DISAPPEARED WITH BANK PRESIDENT.

Miss Vivian Spurgin disappeared recently with her mother and father, Mr. and Mrs. Warren C. Spurgin. Spurgin, who was president of the Michigan Avenue Trust Company, is charged with misappropriating nearly \$1,500,000.

TRY TO SELL ELEVATORS

Government of Manitoba is Offering Its System to U. S. Buyers.

WINNIPEG, Aug. 19.—The Provincial Government intends to make an effort to sell in the United States 126 grain elevators in Manitoba, according to semi-official reports given out here. The price for the lot is set at approximately a million dollars. The provincial elevator system has earned the province 6 per cent. on the investment.

ELKS ELECT HEAD FOR COMING YEAR

Winnipeg is to Be Convention City of Order Next Year.

CALGARY, Aug. 19.—R. T. Pendray of Calgary has been elected grand exalted ruler of the Canadian Order of Elks at the convention here yesterday, succeeding J. F. Morris of Vancouver. The next annual convention will take place at Winnipeg.

Mrs. E. E. Stickland and Mrs. W. Hagen arrived in the city from Smithers last night.

Another Canadian Government Steamer Is Sunk; Rammed by Coal Ship in River St. Lawrence

QUEBEC, August 19.—The Canadian Government steamer "Canadian Recruit," laden with coal outbound, was rammed and sunk in shallow water in the St. Lawrence River forty miles below Quebec last night in a dense fog. The vessel that collided with her was the coal barge Maskinonge, which was slightly damaged. The crew of the Canadian Recruit were all saved.

Station Contract Goes to Moosejaw Builder Against Tenders of Six Local Firms

Word has been received in the city that the contract for the erection of the Canadian National Railway station at Prince Rupert has been let to P. W. Graham of Moosejaw, the same firm that is to build the station at Prince George.

In connection with the letting of the contract one of the firms that tendered received the following letter last night: "Godwin, Blair & Gavigan, General Contractors,

Prince Rupert, B. C.

"I am returning you herewith by registered mail your marked cheques for \$500 and \$1895.55, total \$2395.55, which being the deposit in connection with your tender for the construction of the station building at Prince Rupert.

"This work has been awarded to P. W. Graham, Moosejaw, who was the lowest tenderer.

"J. A. HEAMAN, Assistant Chief Engineer."

LOTS OF FISH THIS MORNING

Two Hundred and Seventy-five Thousand Pounds Halibut Handled at Exchange.

There was 275,000 lbs. of halibut bought from a number of boats by the various fish buying concerns at the Fish Exchange this morning. Better class fish brought prices about the 9c mark. The ice supply is holding its own and there are plenty of refrigerator cars.

Following is the list of today's arrivals and sales:

Serb, 6,500 pounds; Alleman, 4,500 pounds, and Rose Spit, 13,000 pounds, sold to the Booth Fisheries Canadian Co. at 9.4c and 1c.

D. C. F., 8,000 pounds; Cayceon, 6,000 pounds, and Annie May, 7,000 pounds, sold to the Royal Fisheries at 9c and 1c.

Joe Baker, 8,000 pounds, and Teddy, 15,000 pounds, sold to the Pacific Fisheries at 8.6c and 1c.

Brothers, 10,000 pounds, and Vesta, 12,000 pounds, sold to the Booth Fisheries Canadian Co. at 8.9c and 1c.

Commonwealth, 60,000 pounds; Washington, 10,000 pounds; Venus, 9,000 pounds, and Sammy, 3,000 pounds, sold to the Canadian Fish and Cold Storage Co. at 8c and 1c.

Rainier, 9,000 pounds; Bravo, 9,000 pounds and Serious, 5,000 pounds, sold to the Canadian Fish and Cold Storage Co. at 8c and 1c.

Baltic, 11,000 pounds, and Davey, 12,000 pounds, sold to the Canadian Fish and Cold Storage Co. at 8c and 1c.

Reliance, 10,000 pounds; Star, 11,000 pounds, and Agnes B., 2,500 pounds, sold to the Sinclair Fisheries at 8.1c and 1c.

Norren, 9,000 pounds, and Kaien, 13,000 pounds, sold to the Atlin Fisheries at 9c and 1c.

Cape Spencer, 13,000 pounds; Shizu, 4,000 pounds; St. Eloi, 4,000 pounds, and Roy W., 2,000 pounds, sold to the Canadian Fish and Cold Storage Co. at 9.3c and 1c.

Fred Shaw sailed last evening on the Prince Rupert on his way to California where he will remain indefinitely.

W. W. McGill, of Orme's Ltd., sailed for the south last night. He will spend a fortnight's holiday in the Fraser Valley.

Judge and Mrs. F. McE. Young and their daughter, Miss Marguerite Young, sailed last evening for Vancouver.

In connection with the letting of the contract to a Moosejaw man, J. C. Gavigan, one of the members of the above firm said while disappointed that his firm did not get the contract, he would not have cared if some Prince Rupert firm had got the work. He thought it was time they took up with the management matters of this kind and saw that Prince Rupert got her share of business. Even if there was a small margin in favor of an outsider, a Prince Rupert firm should have had the preference. The bid of his firm was \$47,911 and he doubted if it could be done for less than that for they had tendered very close.

Mr. Gavigan expressed his intention of taking up the matter with the Board of Trade. There were half a dozen local men tendered on the work and he thought one of them should have got the work.

HIGH OFFICIAL OF GRAND TRUNK WAS IN RUPERT

W. D. Robb, Vice President, Accompanied by Philadelphia Builder, Passed Through

W. D. Robb, of Montreal, vice president of the Grand Trunk Railway in charge of transportation, construction and maintenance, and James McNaughton, vice president of the Baldwin Locomotive Co., of Philadelphia, arrived in the city last night on Mr. Robb's car, Ontario, and took the Prince Rupert south to visit in a Vancouver and Victoria before returning East over the Canadian National Railway by way of Jasper. Mrs. Robb and Mrs. McNaughton and Mr. Robb's private secretary were also in the party.

Mr. Robb is on a holiday trip and paid his first visit to Prince Rupert and the western end of the Canadian National lines. He was very pleased and surprised with all he saw on the prairies and in British Columbia. He is an old member of the Grand Trunk Railway Co. having been in the service of the road for fifty years.

Capitalize Scenery Is Suggestion.

At the Rotary Club luncheon yesterday R. R. Neild of Vancouver suggested that Prince Rupert should join with the other parts of the province in the effort to capitalize the scenery of the province and more particularly of the district in which we live.

Mr. Neild said nothing of the scenery of the Skeena Ganyon and of the wonderful sights of the Interior along the Canadian National Railway between this city and the prairies. This scenery is superb, something to be long remembered. It will some day be worth a mint of money to the whole district.

One method of entertaining tourists in the future will be to have them leave the train at Terrace and come down the river in canoes to the mouth of the river, and possibly to Prince Rupert. It is said to be an ideal trip, and it is certain there is no other such possibility of a canoe trip anywhere on this coast.

Government

Versus Government.

The Dominion Government railway refuses to arbitrate wage disputes with the workmen, so the Dominion Government takes the first step to constitute a board of conciliation in order to force its own railway to arbitrate.

Preparing for Celebration.

The labor unions of the city as represented by the Trades and Labor Council are making preparations for a big day on the first Monday in September, one of the national holidays.

Chautauqua

End of Month.

At the end of this month there will be a week of Chautauqua, fifteen local business men having put up a bond to secure the event here this year. There will be lectures and musical events twice daily throughout the week, something that will tend to change the daily routine of our lives.

ICE SUPPLY GOOD AGAIN

Shortage Was Caused by Failure of Alaskan Plants to Supply Boats.

All fish boats and halibut packing houses here are now being supplied with ice again after having experienced a shortage for the past few weeks. The situation is satisfactory at the present although there is no definite assurance that the shortage will not occur again.

Alaskan Plants Failed.

The recent ice shortage was not brought about by a scarcity at Prince Rupert but on account of several of the Alaskan plants having failed to make and supply it while repairs were made. The New England Plant at Ketchikan, for instance, has not been turning it out for some time.

ELECTRICAL HEATING FOR HOSPITAL TAKEN UP BY THE DIRECTORS

Finance Committee Given Power to Act in Connection With Nurses' Home.

The Finance Committee was empowered by the hospital board last night to go ahead with the installation of electric heating in the Nurses home to ensure supply of hot water. The cost will likely be in the neighborhood of \$195 but this was left in the hands of the committee with power to act.

The committee also reported in favor of making electrical installation in the operating room for heating and sterilizing purposes, but this was not acted upon. Under present conditions, it is necessary to heat up the whole building in order to obtain the correct temperature for operations. In the summer time, this is especially inconvenient.

Ten Years Ago in Prince Rupert

August 19, 1911. A. M. Tyson, inspector of Indian Agencies for B. C., returned last night on the Princess Royal from the Stikine River. He reports that Cassiar country is becoming increasingly popular with big game hunters.

Building permits issued by the city this week totalled \$37,000 including that for the Westholme Theatre.

The Railway Commission of Canada is today holding sessions in the provincial court room. The party which arrived today include James P. Mahoe, chairman, Dr. James Mills, S. J. McLean, D'Arcy Scott, Hon. M. F. Bernier and Hon. George P. Graham. George A. Mountford is chief engineer and A. D. Carlwright, secretary.

CHAUTAQUA COMING SOON

Week of Intellectual and Musical Education Commencing August 29.

There is to be a whole week of chautauqua this year with afternoon and evening entertainments and lectures commencing on August 29. A big tent is to be erected on the new play-ground, corner of McBride Street and Sixth Avenue and all the events will take place there.

Miss Leona V. Smith, advance-agent for the affair, is now in the city and has perfected arrangements with a committee of fifteen, who have guaranteed the expenses. There will be four lectures and all the other events will be of a musical nature.

The Chautauqua this year visited Victoria and all points on Vancouver Island as far north as Courtenay and coast mainland points. Now it is moving toward Alaska, Prince Rupert being the jumping off point for the American territory. Owing to the attraction of this coast, most of the best artists have been secured to come here, it being considered somewhat of a holiday picnic to visit the northwest coast.

The Lecturers.

The speakers include Dr. Arthur Walwyn, a Welsh orator; Capt. Norman Allan Irvine, a Canadian officer, who fought over seas who will speak of some political problems facing Uncle Sam and John Bull; Miss Lethe Coleman will give possibly the most attractive address of the course on "Homing the People." The fourth speaker is Capt. Stanley Nelson Dancy, a Canadian. Entertainers and musicians of the first grade are to accompany the speakers and there seems every likelihood that the week will be most profitable and enjoyable.

WALLACE SHIPYARD IS MAKING PROGRESS WITH C. P. R. SHIP

The Wallace shipyard of Vancouver is building a fine new steel steamer for the C. P. R. coastwise fleet. The boat will be launched on August 29 and it is said will be equal to any vessel on the coast in quality of construction. She is 330 feet long and will have a speed of seventeen and a half knots.

It is expected that the Princess Louise, which will be the name of the vessel, will be commanded by Captain Slater, the gaital skipper of the Princess Alice which makes frequent calls at this port.

PIONEER LAUNDRY GETS CONTRACT HOSPITAL WASHING

The Pioneer Laundry was awarded the contract for a year's laundry work for the hospital at the meeting last night. Their tender was \$125 a month for straight hospital work and 88 a month per nurse not exceeding 25 pieces. The Canadian Laundry's tender was \$175 for the hospital work and \$7 for each nurse. The hospital work is at present being done by the Canadian Laundry at \$200 per month.

BRINGING UP FATHER

RELIGION THAT HEALS DISEASE

Lecturer Explains Difference Between Christian Science and Other Churches.

NO PROMISSORY NOTES REDEEMABLE IN FUTURE

"Christian Science leads people from the wilderness of loneliness, doubt, disease, sickness and death," declared Rev. Andrew J. Graham, C. S. B., who lectured last night on "Christian Science at the Empress Theatre. The radical difference between Christian Science and any other religion is that whereas the others raise hope in the eternal promises, Christian Science solves present problems and diseases are healed. There is healing and forgiveness here now.

The speaker said Christian Science was not a religion of belief, but a religion of knowing. God is omnipresent and always will be. All his attributes are everywhere all the time. He is just as much here as anywhere else. God is love, truth and health. The work of Christian Science is to waken people up and make them realize that God is here. Christian Science healing is action and correction of thought. It awakes a person to the presence of God and makes use of it. Any problem can be solved where God is.

Delivers the Goods.
The speaker went on to say that many men and women accepted statements which could not be proved. That was opposed to the Christian Science doctrine. They never asked people to accept anything they could not prove. It was a religion of knowing. God was active and reliable all the time everywhere. He warned people against anyone who promised to do anything and did not deliver the goods. Christian Science delivered the goods. There was no cloud between God and man as the churches taught. Those churches gave a lot of promissory notes with not very good security, redeemable in the future. Three million Christian Scientists had learned that God was not very far away but was here now. God and good meant the same thing and there was no good which was detached from God. All the good in the universe comes from God. Whenever an unselfish act was performed by any man or woman there God was in action. Mrs. Mary Baker Eddy made God understandable. Jesus represented God 100 per cent.

Power of Healing.
Mr. Graham said it was generally acknowledged that up to the third or fourth century the church retained the power of healing as taught and demonstrated by Jesus. After that they turned their sick over to Materia Medica. In Christian Science, healing came when struggling to know God. God was almighty and sin, sickness and death had no power. A lot of people would rather die than be healed by Christian Science but the wall of unbelief was being broken down and healing was every day becoming easier. The practitioners were not perfect for Jesus was the only perfect practitioner, and the people who wanted to be healed had to do something for themselves. There was no sickness that could not be healed. Sin, sickness and death were simply creations of the mortal mind.
Lecturer's Experiences.
The speaker then went on to

tell of his own healing. He had been for 34 years a clergyman in the Anglican Church, ministering to a large congregation. After a long illness he went to England and there met with a Christian Science practitioner and was healed instantly. He left his church and for the past ten years had been a member of the Christian Science Church. Mayor Rochester presided.

"THERE'S plenty of room in Prince Rupert," remarked the visitor. "I suppose you mean room for improvement," suggested Mr. Oldtime Knocker.

MARY had a little lamb She took it to the lake She dressed it in a bathing suit Then said, "You sure look jake."

SO Mary's lamb jumped in the water And Mary went in too They frolicked in the water till They both looked very blue.

THEN home they went and on the way He doted on her figure And said he'd like to marry her Some day when he grew bigger.

BUT Mary married long before The lamb grew big enough And she became a matron, but The boy grew up a tough.

PATTULLO INTERVIEWS PREMIERS HUGHES AND MASSEY IN LONDON

A press despatch to Victoria and Vancouver newspapers says: Hon. T. D. Pattullo, Minister of Lands in the Provincial Government of British Columbia, has interviewed Premier Hughes of Australia, and Premier Massey of New Zealand, relative to securing preferential treatment for Canadian timber exports to those countries.

Mr. Pattullo admits that tariff adjustments must be made through the Dominion Government to secure the benefits desired by British Columbia. The British Columbia members of the Dominion House will be asked to press the Ottawa Government for action in this matter in pursuance of a definite arrangement with Australia and New Zealand.

Mrs. A. R. Holby returned on the train last night from a trip up river.

AEROPLANE MAY VISIT RUPERT

Two Arrive at Edmonton and are Coming West Says Newspaper of That City.

LEFT FOR JASPER THIS MORNING

According to a story in the Edmonton Bulletin of Tuesday an aeroplane may pay a visit to this city soon. Another is on the way to Siberia by way of Prince George and Hazelton.

CHICAGO, Aug. 19.—Ichiya Kikumage of Japan defeated Mohammed Slem of India in three straight sets in a series of games in the semi-finals for the Davis Cup tennis series yesterday. The scores being 8-7, 6-1, 6-1.

On Way Three Weeks.

The American flyers left Venice, California, three weeks ago, and are making the aerial journey from the Mexican line to Siberia via Edmonton, Jasper, Prince George, Hazelton, Telegraph Creek, Dawson and Nome from where they will fly across the straits into Russian territory, returning again by practically the same route.

Coming Was Surprised.

The advent of the yellow plane has caused quite a stir of excitement in many of the western American and Canadian towns which never before had beheld a plane, says Mr. Prest, and at many points exhibitions of aerial acrobatics have been given for the edification of the inhabitants.

The "Polar Bear" is a bi-plane carrying the Curtis engine, and is a new "boat" specially built for the trip now being taken; she has a 75-horsepower engine can lift 700 pounds with ease, and carries enough fuel in her storage tanks to take her 450 miles without replenishing her supply.

Far As Rupert.

The Lethbridge plane is also a Curtis, and joined her American compatriot at the border and will accompany the southern flyers as far as Prince Rupert. This is the Lethbridge men's first trip to Edmonton but previously they had flown east and west below Calgary. The pilots are Royal Air Force men, and have flown fighting planes in France and Belgium.

ANOTHER HOMER.

CHICAGO, Aug. 19.—Babe Ruth made his 16th home run of the season in the sixth inning of the New York-Chicago game yesterday. There were two men on bases at the time.

C. H. Sawle, of Hazelton, was in town this week taking in the attractions.

Two members of the educational and publicity department of the Dominion Government arrived here on Wednesday to take pictures of the operations at Lakelse Hatchery. One of them operates a moving picture camera and the other a large camera for still views. Their first picture here was a short reel of the passenger train as it moved out from the station. They left for Lakelse and at the hatchery they secured good views of the salmon in the process of incubation as well as other interesting views in connection with the fish business. These pictures are to be sent to Ottawa where they will be made up with other views in Canada and then distributed through film exchanges to all parts of the world.

Justice of the Peace E. T. Kenney and J. R. Campbell. The cases arose out of a little jamboree the night before. One was fined for disorderly conduct, two were charged with offences under the Vagrancy Act and were fined and ordered out of town. One man charged with having unsealed liquor in his possession had his spirits confiscated.

STEWART

The Fish Creek Mining Co. made their first shipment of ore on Sunday when 20 tons, valued at from \$500 to \$600 per ton was sent out on the Prince George.

Arlie Paterson left on Sunday for his home in Dutton, Ontario, where he will visit for a couple of months.

Godfrey Anderson and J. Pullen left last week for a trapping trip into the Nass River valley. They will be away all winter.

The annual meeting of the Stewart Hospital Association was held last week but there were only twelve persons in attendance so adjournment was made for a week.

The Union Steamer Chelohsin, Captain Stacey, now on the Rivers Inlet and Bella Coola run, hit Table Island in Queen Charlotte Sound last week and is now on the B. C. Marine yards at Vancouver, having eighteen damaged plates repaired. The steamer transferred her passengers to the Camosun and rushed back to Vancouver after the grounding.

"MIDSUMMER MADNESS" IS DELICATE THEME

William De Mille has handled a delicate theme in a skillful and delightful manner, in his latest production, "Midsummer Madness," at the Westholme Theatre tonight.

The story, which is based on Cosmo Hamilton's late novel, "His Friend and His Wife," introduces two young married couples who have been life-long friends. In one family the wife, not receiving the little attentions for which every young wife yearns is hungry for romance, and in the other, the husband is surfeited by his wife's attentions, and begins to long for new conquests. The inevitable romance between the romantic wife and the over-loved husband develops when the other husband and wife both happen to be out of town at the same time, and affairs reach a critical point. The miscreants awaken to a full sense of the wrong they are doing to innocent people. After a highly emotional climax, all ends happily.

TERRIFIC FIGHT IN WESTERN PHOTOPLAY

The story at the Empress Theatre tonight is keenly interesting and of the western type. Sunset Sprague is a range rider. When the story opens he is hunting a new job. He finds one—but not the kind he had expected. Riding along, he hears the crack of a rifle and simultaneously his hat is blown off. One Calico Barnes, guarding two women from bandits, has mistaken Sprague for a bad man. Sprague soon convinces Barnes to the contrary, and Barnes tells him he is trying to protect Rose Loring, his ward. The bandits had killed Rose's father and stolen his mine. Mysterious figures nightly haunt the cottage in which Rose, Barnes and Lolita, a Spanish girl live.

Mae Dennison, proprietor of the Skyline Hotel, is in love with Rose, and has asked her to leave the place to visit the nightly and terrifying visitations of her enemies. But Rose refuses, saying she will remain until she learns who killed her father and stole his mine.

Mae is apparently on friendly terms with Barnes, but, secretly, he is in conference with the bandits and chides them for their failure to kill Barnes. Then comes the story.

P. W. Anderson, provincial government road foreman, returned this morning from Graham Island where he has been for the past week or so inspecting work of the department.
