Meighen Announces New Cabinet FORCED BY NEWSPAPERS HOLD GENERAL ELECTION SAYS KING

New Members Are Sworn In To Portfolios at Ottawa Today in Government Reorganization

OTTAWA, Sept. 21.—Premier Arthur Meighen's new cabinet was sworn in at 8:30 this morning. The new cabinet was announced by the Premier as the members filed out of the Governor's office where they were sworn in. Hon. C. J. King, although it is likely that he will receive an appointment to another office. The new cabinet is as follows:
Minister and Minister of External Affairs—Rt. Hon. Arthur Meighen (no change).
Minister of Railways and Canals—J. A. Stewart (new).
Minister of Trade and Commerce—H. H. Stevens, Vancouver (new).
Minister of Justice—R. B. Bennett, Calgary (new).
Minister-General—L. G. Belliey, K.C., Quebec (new).
Minister of State—Rudolph E. Monty, Montreal (new).
Minister of Health, Immigration and Colonization—Dr. J. W. Flanagan (new).
Minister of Soldiers' Civil Re-establishment—R. J. Manion, Vancouver (new).
Minister of Customs and Excise—J. B. M. Baxter, St. John's (new).
Minister of Public Works—F. B. McCurdy (no change).
Minister of Finance—Sir Henry Drayton (no change).
Member of the Privy Council—Dr. L. G. Norman, Three Rivers (new).
Minister of Agriculture—Dr. S. F. Tolmie (no change).
Minister of Labor—Senator Gideon Robertson (no change).
Minister of Marine and Naval Affairs—C. C. Ballantyne (new).
Minister of the Interior—Sir James Loughheed (no change).
Minister of Militia and Defence—Hugh Guthrie (no change).
Minister without Portfolio—E. K. Spinney (no change), Sir James Kemp (no change), James Wilson, Saskatoon (new), and Bristol, K.C., Toronto (new).

ALL PROVINCES REPRESENTED.
The provinces, with the exception of Prince Edward Island, are represented in the new cabinet. Of the twenty ministers, seven are Ontario men, four come from Quebec, two from Nova Scotia, one New Brunswick, one Manitoba, one Saskatchewan, two Alberta and two British Columbia. Nova Scotia has another representative if Hector McInnis is brought into the cabinet as is forecasted in some quarters. Practically all cabinet members have had extensive political experience. They have been chosen by Premier Meighen as recommended by the party each carries on.

TWO SURPRISES SPRUNG.
There were two surprises in the cabinet appointments—the appointment of R. B. Bennett and R. J. Manion. Both had been prominently mentioned, but more recently it had been intimated that they would likely be included in the new cabinet. The six of the ministers retired are C. J. Doherty, Dr. J. D. Reid, Sir James Wilson, R. W. Wigmore, J. A. Calder and L. Blondin. It is expected that Dr. Reid, Sir George Foster and Mr. Calder are in the Senate, while Mr. Wigmore will get an appointment to the Senate. The new cabinet met this morning immediately after it was sworn in. The announcement as to the dissolution of Parliament is expected tomorrow morning.

**SHOTS CASH
SHOOT MAN**
Exploded Wounded Who Was Standing By.
Sept. 21.—Hundred of Vancouver is on a boat following a shooting. The money from the race was put into the bank with the thousands of dollars in cash. The gun fell from the car and exploded, the bullet

striking Ernest Gibbs in the arm, which is badly injured. Gibbs is a Vancouver man.
I. O. D. E. BURSARY IS AWARDED MISS DODDS
Vernon Girl Will Enter University of B. C. With \$250 to Pay Expenses.
TORONTO, Sept. 21.—Kathleen Dodds of Vernon, B. C., has been awarded the Imperial Order Daughters of Empire bursary worth \$250 a year, which is open to sons and daughters of totally disabled soldiers.
Miss Dodds will enter the University of B. C. She is the daughter of Pte. Edward Dodds, who was disabled at Ypres.

ACTING CONSUL GOES TO HALIFAX POSITION

Major Crosby Appointed Assistant to Consul General at Halifax.

VANCOUVER, Sept. 21.—Gen. J. Crosby, acting American Consul at Prince Rupert since July 18 during the absence of American Consul Wakefield, has been appointed assistant to the United States Consul General at Halifax, according to orders received at the American Consulate here yesterday.

Seen in regard to the despatch Major Crosby said he had received orders to go to Halifax just as soon as Mr. Wakefield returns. He said he thought that would be about the beginning of next month, but he had no advice to that effect.

VOTING TODAY ON BYLAW PLEBISCITE

Up to 1:30 This Afternoon 106 Persons Had Cast Their Ballots.

Up to 1:30 this afternoon 106 votes had been cast in the plebiscite on the bylaws which is in progress in the city council today. City Clerk E. A. Woods, who is in charge of the poll, states that there are 600 persons qualified to vote but it is not expected that all will present themselves.

It will take a 60 percent vote to carry one of the bylaws. They are the Prince Rupert Pulp and Paper Company agreement by-law, Westview \$3,500 school by-law and the \$75,000 sewer extension by-law. The polls will close at 7 o'clock this evening.

LEAPFROG IN AMERICAN BALL

New York Now Leading With Cleveland a Close Second Place.

NEW YORK, Sept. 21.—The game of leapfrog between New York and Cleveland teams for the position of first place in the American baseball league found New York in front again today following the game yesterday afternoon. A four point margin represented their advantage.

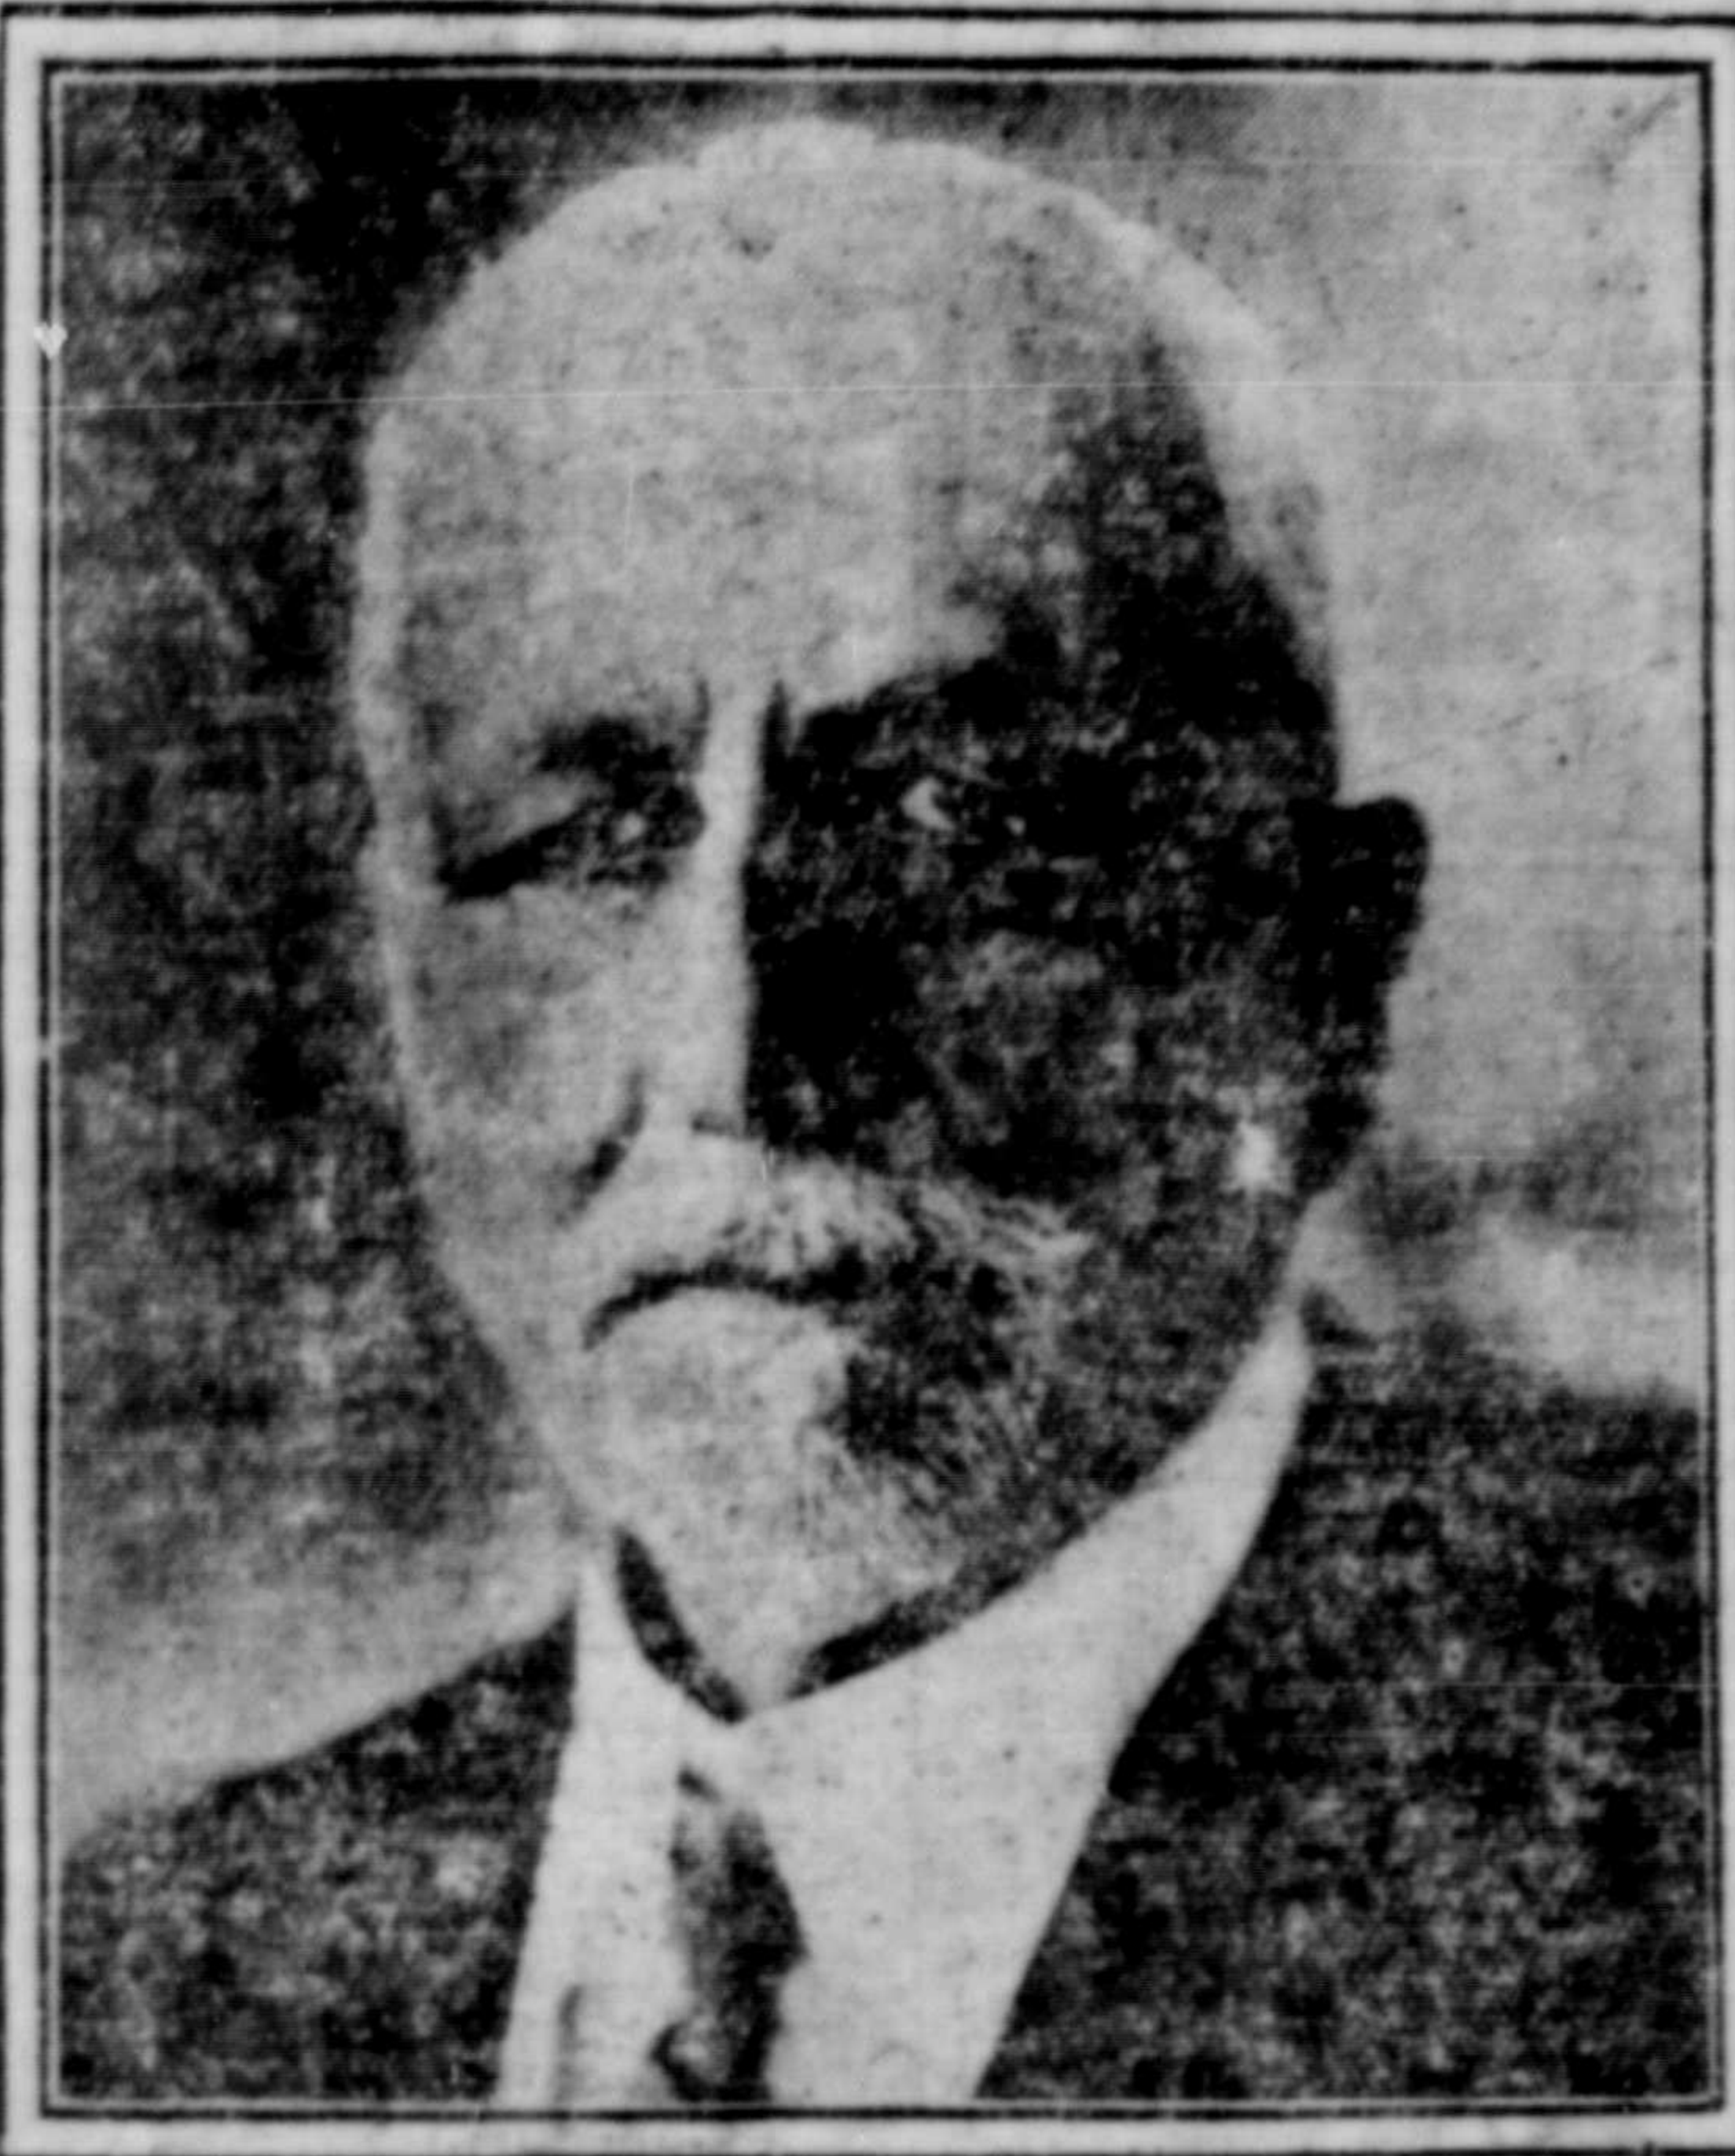

Boston defeated Cleveland yesterday dislodging them from first place while New York won from Detroit.

FITZALLAN CONFERS WITH LLOYD GEORGE

GABLOCH, Scotland, Sept. 21.—Viscount Fitzallan, Lord Lieutenant of Fife, arrived here this morning on board a destroyer. He conferred with Premier Lloyd George.

E. C. Manning, district forester from Prince Rupert, was among those attending the Forestry Convention held in Vancouver on Monday and Tuesday.

Prest Is Planning Flight Around World to Start From Nevada Next May

C. O. Prest, the Las Vegas aviator who is in Prince Rupert with the biplane "Polar Bear," en route from Mexico to Siberia, plans next year to fly around the world.

The proposed flight will, of course, depend on the success of the present one, which Mr. Prest hopes to complete before the winter sets in in the North. He will ship his plane back to Seattle from Nome and will then return to Nevada to make plans for the next flight.

Mr. Prest will build a new monoplane especially for the flight. It will be a one-man machine, lighter than the "Polar Bear," and will be capable of making longer flights without lighting.

Leaving Las Vegas in May, Mr. Prest will come north along the same route as he has followed on the present flight. He will possibly again call at Prince Rupert for it will be an easier matter for him to land here the lighter plane. From here he will go to Nome and crossing to Siberia will fly to Vladivostok in two hops. Then he will go over China and India and along the Red Sea. Flying over the countries in southern Europe he will make his way to Norway and cross the Atlantic stopping at Iceland, Greenland and Newfoundland. He will finish up by returning from Nova Scotia across the United States to his home. The flight will take about a year.

Mr. Prest had not intended making the round the world flight until 1923 but now that Sir Ross Smith, the British aviator, is planning a similar flight, but in an opposite direction, he has decided to advance his plans. Sir Ross Smith intends commencing the big flight this fall.

Mrs. Josephine Johnstone, wife of the treasurer of Vancouver and mother of Miss Marjorie B. Johnstone, formerly of the local school teaching staff, died in Vancouver last Saturday afternoon.

Fires the First Shot Opening Campaign Liberals in the East

TORONTO, Sept. 21.—"The Liberal policy is that of tariff for revenue in the interests of the producers and consumers, not a tariff in the interests of the combines, trusts and mergers such as a tariff based primarily on the principle of protection is all but certain to be," declared W. L. Mackenzie King at a meeting held here last night marking the opening of the Liberal general election campaign in this province.

Mr. King declared that Premier Meighen was forced into calling an election because the press supporting the government had broken into open rebellion against the government holding office longer. He urged the forces of Liberalism to united and fight a common foe.

The leader of the opposition expressed strong condemnation of the government's attitude in refusing information to Parliament respecting expenditures for the railways and merchant marine.

SOCIALISTS IN CONTROL OF AUSTRIA

Police Stop Operations on Stock Exchange as First Reform.

VIENNA, Sept. 21.—At the instance of the Socialists the police occupied the bourse yesterday and stopped all trading. This action followed a conference between the government and the Socialists when the chancellor agreed to the re-entry of Socialists into the government and the immediate enactment of their radical plans of finance reform as the only means to avert the collapse of the country.

SEVENTY PERISHED AUSTRALIAN MINE

BRISBANE, Sept. 21.—Twenty-two bodies have been recovered from Mount Mulligan colliery near Cairns, where an explosion of gas occurred. It is believed that all who were in the mine were entombed and seventy have perished.

TEMPEST IN SPAIN KILLS MANY PEOPLE

BALBOA, Spain, Sept. 21.—It is reported here from Motilla del Palancar that 30 persons have been killed and 20 seriously injured in Monday's tempest. One hundred families are homeless.

SWISS BALLOONIST WINS BENNETT CUP

Last Airship in Brussels Race Which Started On Sunday Landed Today.

LONDON, Sept. 21.—With the landing today of the Swiss balloon, piloted by Paul Armbruster, all fourteen competitors in the international race, for the Gordon Bennett Cup, which started on Sunday from Brussels have been accounted for. Armbruster wins the cup.

FOX PELTS IN DEMAND

Increases in Price Ran Up to 30 Percent in Some Cases.

NEW YORK, Sept. 21.—Sales passed the million dollar mark at the fur auction in the Masonic Hall here yesterday. The grand total for the first two days reaching \$1,230,000, the selling was very largely given over to foxes. White and blue foxes brought out considerable bidding while the feature of the sale of the cross fox pelts was the competition for them between American and English buyers. Grey and silver fox were also sold during the day but brought nothing unusual in the way of prices.

Also put under the hammer today were sea otter pelts now the rarest fur in the world. Most of the skins sold today showed advances over the April averages. The actual percentages of increase were grey fox, 15; white fox, 20; cross fox, 30; silver fox, "best clears" 30; blue fox, 25; eastern skunk, 30; northern skunk, 25; southwestern skunk, 30; badger declined 15 percent and "black" silver fox did not change.

Are We Clannish In This City?

Sometimes we are said to be very clannish in this city. We have English, Scottish, native Canadian, Scandinavian and Catholic societies. We have about all the fraternal organizations there are going, and politically we are not missing much.

Take as an instance the matter of nationality. Scotsmen are proverbially clannish. They have a society where some of them spend their evenings together and meet in pleasant association. This would tend to narrowness were it not that there are other influences at work.

In some cases there are groupings according to churches and along comes the leaven of other interests which breaks up the church clannishness, and we get a community that mixes well. It is a community in which one is apt to have a large circle of acquaintances.

Very Cosmopolitan Are People Here.

There are few places in the world where people of more different nationalities are grouped together into a little community than are found here. Very few countries of the world are missed in the makeup of the place.

Danger of Becoming Peculiar People.

At this distance from the rest of the world there is just a little danger of our becoming different from other people. A concentrated community acquires characteristics that set it apart, so that when members of that community again mix with the world they are found to be odd.

Value of Library In Place Like This.

This leads naturally to the suggestion that a public library is a necessity in a place like this. Reading helps to put people in touch with the thought and custom of other places.

A lending and reference library is one of the essentials of modern city life, and especially in a city like Prince Rupert. Citizens should be encouraged to read and study and should be given every facility to do so.

BIG FISH TOWED VANDERBILT, THEN LEFT HIM BEHIND

LIVERPOOL, N. S., Sept. 21.—

W. K. Vanderbilt, New York financier, was towed six and a half miles out to sea here the other day by a big fish. The finny monster, species tuna, which must have weighed about five hundred pounds, judging by the horsepower developed, took Mr. Vanderbilt's hook when he was out looking for that very fish on a small boat with J. C. Baxter, of New York and L. D. Mitchell, who arranged the party.

Another Lost. The knickerbocker disciples of Isaak Walton ran in further hard luck the same day when Mr. Baxter hooked another big fish and lost him with three hundred yards of valuable line.

Many people read newspapers as much for their advertising columns as they do for news.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre. Pre-emption now confined to surveyed lands.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land. Pre-emption pre-emptive rights abolished, but parties of not more than four may arrange for adjacent pre-emptive rights.

Where pre-emptor in occupation no less than 3 years, and has made productive improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of pre-emption and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$250 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 2 years.

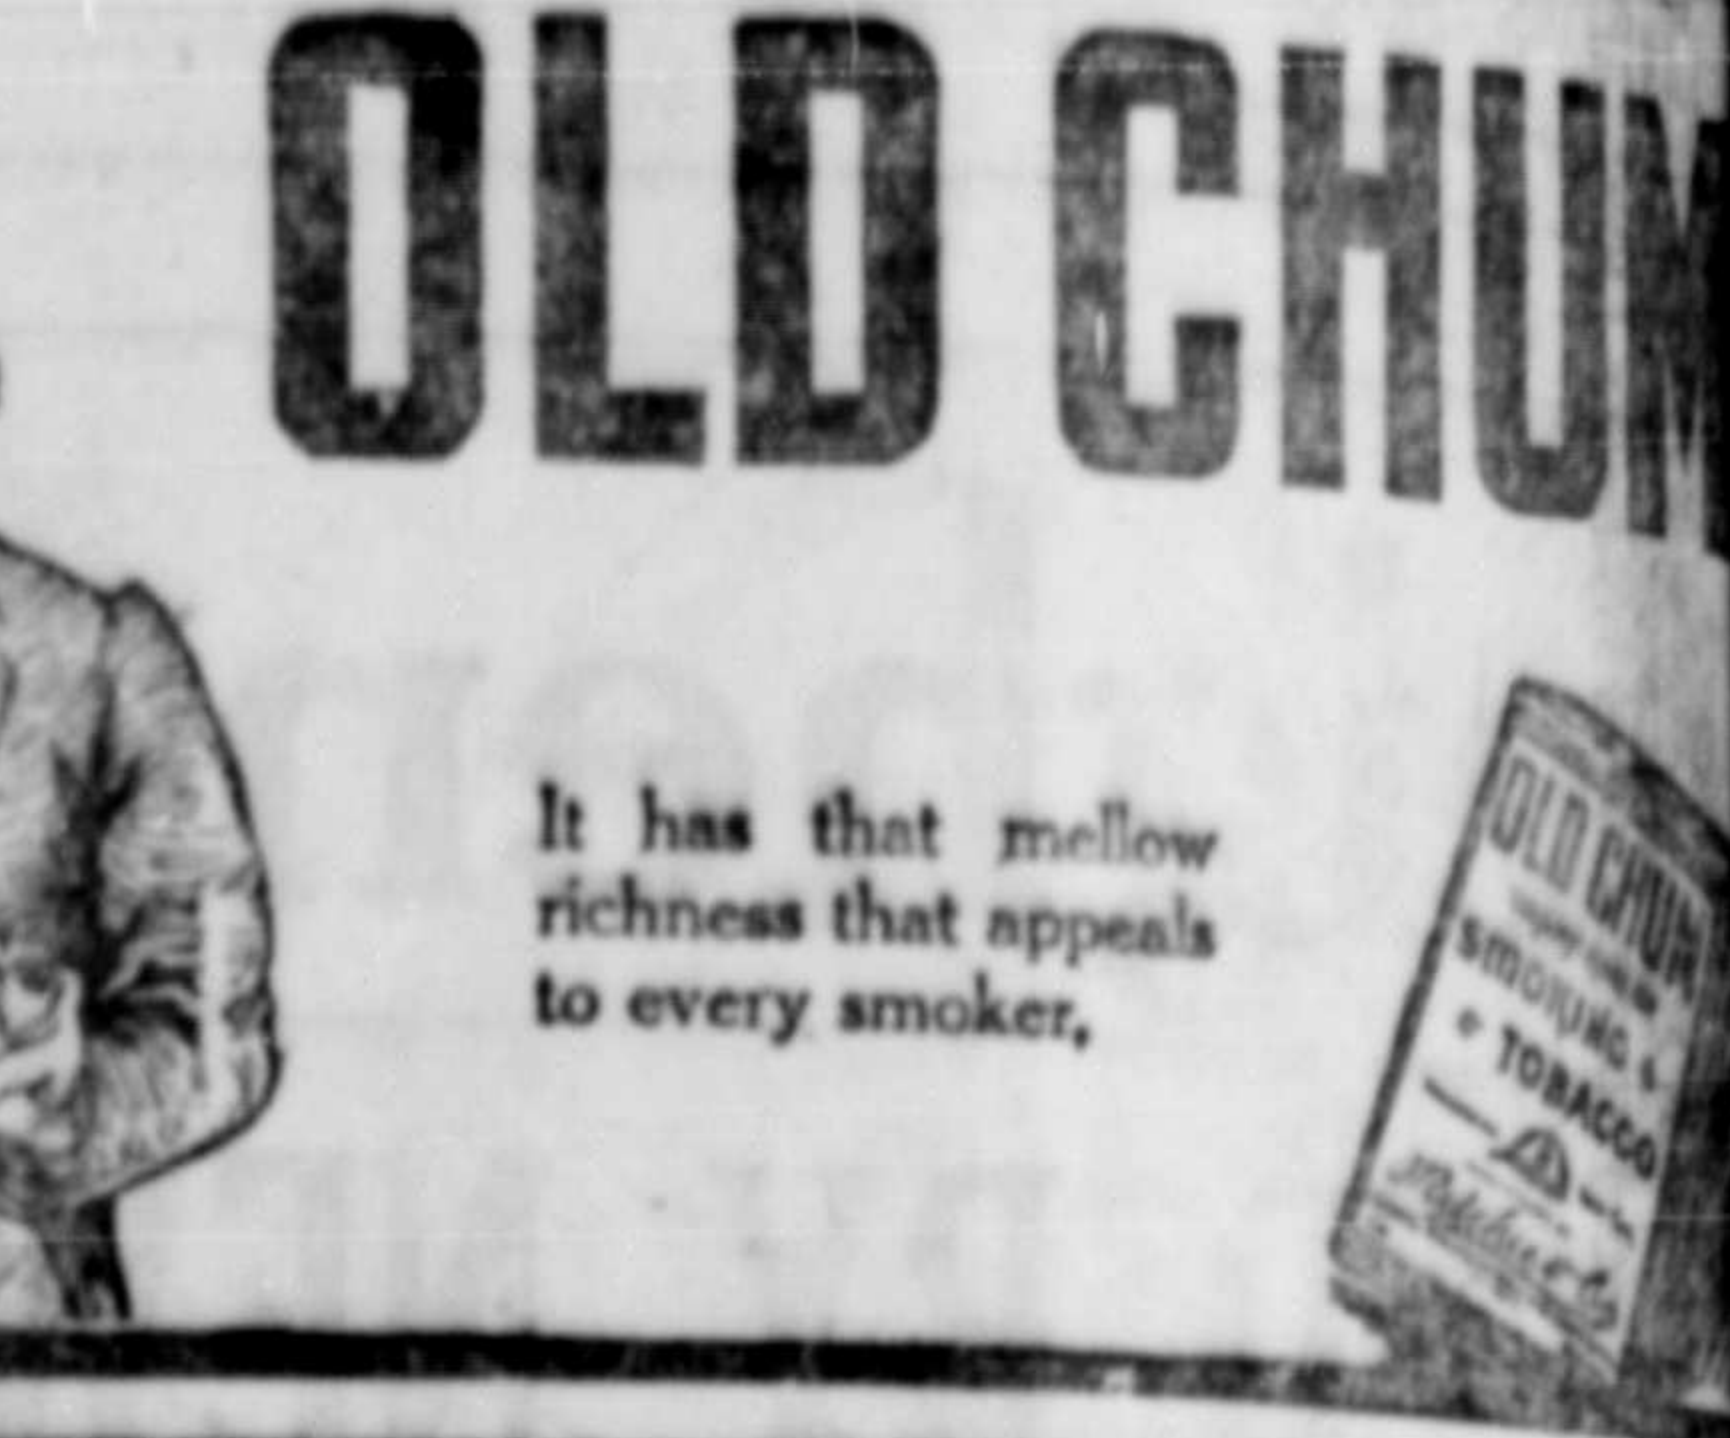

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his business, actual occupation, provided statutory improvements made and residence maintained on Crown grant land.

Sub-purchasers of Crown Lands. Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes.

GRAZING. Grazing Act, 1913, for systematic development of livestock industry, provides for grazing districts and range administration under Commissioner.

LITTLE UNEMPLOYMENT IN MANITOBA LIKELY

WINNIPEG, Sept. 21.—The unemployment situation in Manitoba is not serious, according to a report issued by the Employers' Association of Manitoba. A survey made by the Employers' Association brought the following information: Total number of men on the pay-roll of 310 Winnipeg firms, representing 24 groups of employers, Aug. 31, 41,844; estimated number on pay-rolls for January, February and March, 1922, 38,326. Percentage of decrease estimated, 8.4 per cent.

The percentage of increase on pay-rolls of 1921 over 1920 is 12.3. With these statistics the Employers' Association is of the opinion there will be little unemployment, providing the influx from outside points is stopped.

OFFICIALS OF LABOR IN CITY

J. D. McNiven, Deputy Minister and J. H. McVety, Superintendent, Here for Two Days.

J. D. McNiven, deputy minister of labor for the B. C. Government, and J. H. McVety, general superintendent of the Employment Service of B. C., reached the city on last night's train from Ottawa and will be here till tomorrow night when they will go south on the Prince Rupert.

Mr. McNiven and Mr. McVety have been attending the annual conference of the Employment Service Council of Canada at Ottawa as representatives from the province of British Columbia. The object of the conference was for the purpose of further perfecting the arrangements for the operation of employment services. Attending were representatives of government bureaus, employers, returned soldiers and labor organizations from the various provinces and all of Canada.

Mr. McNiven and Mr. McVety also attended a convention of the International Association of Public Employment Services which was held in the Hotel Statler at Buffalo.

Altogether they have been East for about three or four weeks. In the course of their trip they have experienced weather conditions ranging from intense heat at Toronto, Ottawa and Buffalo to snow at Saskatoon and Swift Current. When they were at the former place there was six inches of snow on the ground. It was warm and soft, however, and did not harm the crops although it interfered for a week with harvesting operations. A rather peculiar feature of the report of the labor bureau at Swift Current was that farm hands had been employed during the month of September in shovelling snow.

Mr. McNiven and Mr. McVety spent two days at Prince George on their way to the coast. It is not Mr. McNiven's first visit to Prince Rupert for he was here six years ago. Since that time he notes a great improvement in the city. Mr. McVety was never in the city before.

NEW INSPECTOR SCHOOLS HERE

H. C. Fraser, of Chilliwack, to Succeed J. M. Patterson, Who Goes to Nanaimo.

J. M. Patterson, who has been provincial government inspector of public schools for Prince Rupert district for the past two years, arrived in town on the Prince Albert last night to pay his last visit to the city in his official capacity. Mr. Patterson has been transferred to Nanaimo, where a new inspectorate has been established, and will be succeeded here by H. C. Fraser, formerly principal of the Chilliwack High School, who is a new addition to the force of inspectors working under the Department of Education in the province. Mrs. Patterson and family are already at Nanaimo and Mr. Patterson is making his trip to clean up some details of the work in order to leave a clean sheet for Mr. Fraser who will arrive here very soon. Mr. Patterson has been on the Queen Charlotte Islands for the past few days and on Saturday intends to go up the line of the C. N. R. as far as Hazelton. He will return here on Tuesday night and will proceed south.

New Schools.
Mr. Patterson announced that new schools were being established by the department in the district coming under the jurisdiction of the Prince Rupert inspector's office, at Kitwanga, Quik, Ogncha Valley, Macdonald's Landing, Tshesinkut Lake, Hunter Island and Porcher Island.

Mr. Fraser, the new inspector who is coming here, is not the only new addition to the list of inspectors in the province. V. Z. Manning, formerly of the Grandview School, Vancouver, has been appointed to Cranbrook, where a new inspector's office is also established for the East Kootenay district. Mr. Patterson's new district will be that part of Vancouver Island north of Ladysmith.

There are sixteen public school inspectors in the province now and two High School inspectors. The list is as follows:

- High Schools.**
J. T. De Long, Vancouver.
A. Sullivan, Victoria.
- Public Schools.**
L. J. Bruce, J. T. Pollock, G. H. McKenzie and F. G. Galvert, Vancouver.

Sport Chat

Baseball accoutrement is being put away for the winter and the sporting public generally is now looking forward to some announcements in the near future as to the next activities of the athletes who have put up so many hard and splendid contests during the summer. The Basketball Association will soon be revived and, shortly, the annual meeting will be held. With that done the way will be clear to frame up the winter's time table which promises to be a very full one.

The Gilhuly Cup, emblematic of the basketball championship of the city, is held by the Sons of Canada, who won it last year. This aggregation will be well represented again this winter and there will be plenty of opposition although it is not yet definitely lined up. Certainties in the Senior Basketball League this season will be the Elks, Sons of England and Great War Veterans Association. Among possibilities are the Knights of Columbus, Merchants and several other organizations. These will be in the Senior League alone. In the Juniors there will be a greater flock of teams than ever.

Good clean living and proper care of one's physique is just as necessary in the indoor sports as it is in the outdoor. Local athletes should not forget these requisites. Liquor is the curse of athletics and saps away a

CONSERVATIVES EXPECT TO WIN ELECTION BY USE OF PARTY FUNDS

OTTAWA, Sept. 21.—A Meighen supporter, discussing the outlook for the forthcoming election, said he felt sure the Conservatives would win because they had behind them the manufacturers of Canada, who stood to make big fortunes by an increase in the tariff and who would put up all the money that was required to "put over" the election. He said he would be a fool to put himself against this power.

Naturally the Meighenite was not talking for publication or he would scarcely have been so frank. He stated a part of the truth, however, which is bound to be faced. Meighen is backed by the big interests of the country, who will use every possible means to carry the election.

It was the knowledge that he had this money backing which made Premier Meighen so courageous and ready to face what at first sight seemed sure defeat.

RAMSAY MACDONALD SAYS COMMUNISM MUST FAIL DISASTROUSLY

Ramsay MacDonald writes in Forward, the organ of the Independent Labor Party, as follows: "Communism must take its share of the blame for the famine in Russia. Whoever throws the old world out of gear as a preliminary to making a new one may succeed in the end, although Communism certainly will not, but in the meantime they will bring famine and plague as the first certain results of their efforts. "Communism will fail and fail disastrously, for the sufficient reason that its conceptions of social growth are wrong and belong to an antiquated and now unscientific order of thought."

FINDS CAUSE MINERS' STRIKE

Attempt to Remedy Conditions of Living in Coal Mining Regions of Wales.

LONDON, Sept. 21.—An ambitious scheme to make housing conditions in the South Wales coalfield tolerable is outlined in the report of the South Wales regional survey committee.

The committee was appointed by the Minister of Health last year to draw up recommendations for the location of the houses which it was hoped to build by the aid of the state.

Some of the worst features of the conditions existing in the valleys are first set out. The mining population of South Wales—and one-third of the whole male population of that large area—is engaged in the winning of coal—has been concentrated in narrow valleys with steep sides, which, by their geographical formation, are unfit to be the homes of large numbers. There is the scarcity of suitable housing sites and of land for recreation purposes; the proximity of the pitheads (generally situated on the valley bottom), and the dirt, grime and smoke which naturally extends everywhere between the hills; and there is the pollution of the rivers.

Discontent.

Life in such depressing surroundings and the sameness of occupation, say the Committee, "have a marked effect in causing discontent and unrest."

All big Cigar Stores, Cafes, Clubs, Billiard Rooms and Drug Stores feature "Lavello" Cigars. Ask them. 2 for 25¢

To escape by building towns on the hill-tops is impossible because of the bleak situation, difficulty of access, the poverty of the soil, and absence of water supplies.

Creation of New Towns.

The committee, therefore, recommend the creation of new towns which shall be preserved as residential or dormitory areas, away from the coal measures, but linked with them by adequate railway services. An effort to put an end to the segregation of the miner is also proposed, for "the residents should belong to different industries." To preserve its character and definitely limit its size an agricultural belt within its own boundaries is recommended. Fifteen localities for these grouped housing schemes—all near railway junctions—have been chosen, and each would serve a particular valley or group of valleys.

Curious Experiment.

To test the experiment the committee recommend the establishment of two complete dormitory towns, one near Llantrisant station for a population of about 30,000, and the other by the re-planning or remodelling of Bridgend and its expansion into a dormitory town about four times its present size. This can only be done satisfactorily by the Government (though with the association of the residents in the management of the scheme from its earliest stages), and the committee urge that at any rate the Llantrisant scheme should be immediately taken in hand.

SHARK FISHING INVESTIGATED

Juneau Man Returns After Making Study of Business.

JUNEAU, Sept. 20.—That the shark fishing industry in Alaska will some time be a great one, is the opinion of Charles G. Warner of this city, who has returned from a trip to the South to investigate the possibilities of the business.

"The fish meal, made from the carcass of the shark, brings a high price and there is a great demand for it; the oil from the shark livers sells readily at 40 cents a gallon, and the hides find a ready market in the East," Mr. Warner said today.

Seattle Not Ready.

While at Seattle Mr. Warner visited the plant of the Universal By-Products Company, which tans shark skins for leather. He found he said, that the Seattle market is not ready to receive shark skins in quantities from Alaska, owing partly to financial depression and no outlet for the products. He found the plant, however, an interesting one to visit and secured samples of the leather made up in different ways. These samples show that the shark skin leather is far superior to cow hide and is practically everlasting. Five shark skins that he took with him as a test shipment were found to have been treated right and ready for tanning.

Market in East.

Mr. Warner said that he got in touch with parties in the East who handle shark skins and have a market for all the leather that they can manufacture and he expects to get definite word from them soon as to Alaska shipments. It is claimed that shark fishing is now quite an industry on the Atlantic Coast and that the number caught cannot supply the demand.

There are a number of boat owners who are awaiting definite word as to the market for shark skins, oil and fish meal before going into the shark fishing industry on a large scale and it is very probable that within a short time the business will be launched here.

Mr. Warner says he found that financial conditions at Seattle were in a very acute state, business there very much different than on his last visit two years ago.

LABOR POLITICS IN CAPITAL OF MANITOBA

Socialists to Put Up Candidates—Woodsworth Likely Independent.

Intent upon launching a vigorous and early campaign, in the federal election, the Winnipeg branch of the Socialist party of Canada nominated R. B. Russell, H. M. Bartholemew and Charles Stewart as the party's standard bearers to contest three local constituencies, at a meeting of the organization in the Bon Accord block, says the Winnipeg Free Press. A meeting of the provincial executive of the party will be held to consider nominations submitted by the Lettish local of the party and an outside local.

With the naming of candidates the Socialist party has the distinction of being the first local organization to announce a party slate. According to tentative arrangements, and providing that the nominations are endorsed by the party's executive, Mr. Russell will run in Winnipeg North, which embraces the riding which he unsuccessfully contested in the last provincial election. Mr. Bartholemew will contest the centre constituency and Mr. Stewart, Springfield.

Woodsworth Mentioned.

It was rumored in Labor circles last night that S. J. Woodsworth would be nominated in Winnipeg North by the Independent Labor party in the event of this party being unable to merge itself in the recently organized Canadian Labor party. Mr. Woodsworth is organizer for the Labor church. He was on the original slate of candidates selected by the Dominion Labor party at the time of the last provincial elections, but his name was subsequently deleted.
