FAMILY IS RESCUED IN GREENLAND

Hutchinsons Had to Make Forced Landing and Machine Wrecked on Beach

ANGMAGSALIK, Greenland, Sept. 13.—Wrecked on the beach less than forty miles from here, George Hutchinson, his wife, two young daughters and four others, who were flying from New York to London, were rescued today by the British trawler Lord Talbot. A leaking gasoline tank forced them down in the water of Itersak Fjord but the plane was wrecked on one of the reefs.

The eight waded ashore after being afloat for two days and reached the tiny Eskimo settlement of Eker. They saved the instruments and most of the supplies.

The Lord Talbot will probably take them to a point where they can get steamer connection with Europe or proceed back to Scotland.

ANGMAGSALIK, Greenland, Sept. 13.—With another day passing without yielding any news, despite widespread search, of the plane of the "Flying Hutchinsons," the belief gained further ground last night that the big amphibian, with its eight occupants, had perished off the east coast of Greenland. REPORT ON BONUS RIOT

Many Criminals Alleged to Have Taken Part in Recent Disorders at Washington

Army Exonerated

Numerous Ex-Convicts Said to Have Been Present While Many Had No Military Records

WASHINGTON, D.C., Sept. 13.—President Herbert Hoover has made public the official report of Attorney General Mitchell on the federal investigation conducted into the recent bonus army riots in this city and the subsequent action of Army troops which resulted in the death of two veterans.

The report completely exonerated the Army officers in charge in connection with the two fatalities.

The report declared that the expedition of veterans and others had brought to Washington the largest aggregation of criminals that had ever assembled in the city. An official check-up had disclosed that 969 members of the "army" had had criminal records and 829 were actually ex-convicts. At least 877 members of the "army" had had no military record as far as could be learned.

In an official statement supplementing the report, President Hoover expressed the hope that the report would be considered in no way as reflecting upon the characters of thousands of law-abiding men who had taken part in the pilgrimage of the bonus army to the national capital. The president expressed the opinion that the most of the bonafide veterans had returned to their homes after the session of Congress had ended, the lawbreakers remaining behind to incite trouble.

The report has drawn criticism from veterans' organizations generally and a storm of controversy in various quarters. The chief of police of Washington city declared yesterday that his force had the situation well in hand and that intervention on the part of the Army had been entirely unnecessary and unwarranted.

**Three Park Ave. Cottages Will Be Moved Over Street**

After some discussion on the matter, the city council last night decided to accept an offer from C. K. Ytreberg, acting as agent for A. Andreasson, of \$195, \$10 down and the balance in payments of \$10 monthly, for lots 36 and 37, block 27, section 1. The intention is to move three cottages from their present site across Park Avenue to the new lots.

While some of the members of the council felt that a larger down payment than \$10 might be desirable, the view finally prevailed that considerable expenditure would be involved in moving and repairing the cottages and it was decided to accept the offer.

There is an amount of \$200 standing against the two lots.

APPRECIATES PAT ON BACK

Editor, Daily News:—  
 On behalf of the Moose Legion Band and Moose Legion, I wish to thank you very much for your kind words of appreciation in your editorial of last Saturday. It means a lot to me members of the Loyal Order of Moose to know that our efforts to be of some use in our community are appreciated. As sponsors of the Band we of the Moose Legion feel that our efforts, without the splendid co-operation of the Bandmaster and band members, would have been useless. The success of the band is entirely due to the untiring efforts of the Bandmaster, R. Greenfield, who has proven himself a musician of undoubted ability and deserves all the praise for the way in which the band performs.

On behalf of the band members and members of the Moose Legion, I wish to publicly thank and congratulate Mr. Greenfield for the successful way in which he has trained and conducted our band.

During the coming fall and winter it is our intention to put on a series of band concerts, trusting that the public will co-operate with us in our endeavor to help along the musical education of our boys and provide a treat for music lovers.

Again thanking you, Mr. Editor, for the little pat on the back and also for publishing this.

Railway Tennis Fans Hosts to Up Town Players Sunday

The Prince Rupert Tennis Club players were Sunday afternoon the guests of the Canadian National Railway Recreation Club on their courts at the station. Match play started at 2:00 o'clock after a morning of much uncertainty and several varieties of weather and, although the tearful condition of the weather glands continued to cause some concern all afternoon, the tournament proved a success and practically all of the scheduled events were carried to completion before the final evening spray drove the players from the courts.

The results show that the city club dominated the day although the bald scores do not always reflect the close games that occurred.

**Results of the Play**

Owing to the delayed start all sets were limited to the score in games of 4-3, the best two out of three sets being required to win. Nine events were won by the visitors and four by the home club, three being left unplayed. In the mixed doubles W. H. Tobey and Miss Bee Berner won from H. Heilbronner and Miss B. Thompson, 4-3, 4-2; W. B. Tobey and Mrs. F. S. Walton won from Col. and Mrs. J. W. Nicholls, 2-4, 4-1, 4-1; W. N. Currie and Miss Elsie Davis won from C. J. Norrington and Miss Joyce Edgumbe, 4-3, 4-2; R. Johnston and Mrs. C. Taylor won from W. R. McAfee and Mrs. J. Douglas, 4-3, 2-4, 4-2; F. M. Davis and Mrs. F. A. Rogers lost to W. Stamford and Mrs. S. P. McMordie, 3-4, 4-3, 3-4; J. H. Horton and Mrs. W. N. Currie lost to Col. S. P. McMordie and Mrs. G. P. Tinker, 2-4, 3-4; W. P. McIntosh and Mrs. J. H. Horton lost to O. Young and Mrs. S. Jabour, 3-4, 4-2, 4-3.

In the ladies' doubles Mrs. W. Brass and Miss O. VanCooten lost to Miss Joyce Edgumbe and Miss Palmer, 1-4, 1-4; Mrs. J. H. Horton and Mrs. F. S. Walton lost to Miss Joyce Edgumbe and Miss Palmer, 2-4, 0-4; Miss Bee Berner and Miss Elsie Davis lost to Miss B. Thompson and Mrs. S. Jabour, 4-3, 4-2; while the set of Mrs. W. N. Currie and Mrs. F. A. Rogers vs. Mrs. P. Tinker and Mrs. S. McMordie was not completed on account of rain.

In the men's doubles, the visitors won three matches, W. Stamford and C. J. Norrington winning from J. H. Horton and W. P. McIntosh, 4-1, 4-1; R. Young and Bamford from W. B. and R. Tobey, 4-3, 4-2; L. Hinton and S. Darton from R. Johnston and J. A. Teng, 2-4, 2-4.

Two events in the men's doubles were not played on account of rain viz., W. H. Tobey and F. M. Davis vs. Col. S. P. McMordie and Joslin and W. N. Currie and Ralph Johnston vs. O. Young and J. A. Douglas. One or two other events were also called off owing to the necessity for players departing due to delay on account of weather conditions and the late start but, on the whole, the affair was considered quite a pleasant get-together party of the two tennis clubs.

Henry Bern Unable to Discover Motive For Rash Act of Brother On Sunday of Last Week

SAN FRANCISCO, Sept. 13.—Police of five counties continued dragging operations in the Sacramento River and search along the shore for trace of Dorothy Millett, mystery woman in the Paul Bern suicide case, who is believed to have committed suicide by leaping overboard from a river steamer between San Francisco and Sacramento early last Wednesday morning after having left her cabin and removed a light lace nightgown which was found on deck. Miss Millett is believed to have been the first and undivorced wife of Bern, who was married on July 2 last to Jean Harlow, platinum blonde screen star.

Reports are also being investigated that a woman resembling Miss Millett has been seen around Hollywood.

The San Francisco Examiner reports that in a handbag found with Miss Millett's other effects in her deserted cabin was discovered a letter from Bern directing her to a hotel in San Francisco and expressing the hope that she would be happy and comfortable there.

Meantime, reports from Los Angeles stated that Miss Harlow was again in collapse following a second interview with Henry Bern, brother of the dead moving picture executive, who is seeking to establish some motive for his brother's rash act. Miss Harlow was reported to have still insisted that there had been no quarrel between herself and Bern.

## Water Charge to Apartment Said To Be Excessive

J. E. Dyer, proprietor of the Dyer Apartments, appeared before the city council, at its meeting last night, to enter a protest at having to pay a minimum monthly water charge of \$5.25 for the apartment in which only two or three suites are occupied, and only one is paying rent, when other places consuming several times the amount of water which is used in the apartment house are being charged only 90c per month. Mr. Dyer also complained of lack of pressure in the water service to the apartment. Unless some amelioration was made in the charge, he would be forced to have the water cut off altogether and the apartment house closed down.

Mr. Dyer also drew to the attention of the council that an unemployed couple had moved into his garage on First Avenue and had had the water turned on. He wished it to be made clear that they and not he would be responsible for the payment of the water service. After it had been pointed out that water service to all apartments was covered by meter with a monthly minimum of \$5.25, it was decided to refer Mr. Dyer's complaints to the finance committee and the board of works for report.

## DISBURSING OF RELIEF

System of Scrip Urged Upon City Council Last Night—Matter Referred to Committee

A letter from the central council of employed and unemployed unions of Prince Rupert, read at last night's meeting of the city council, urged the adoption by the city of some system of issuing negotiable scrip in connection with unemployed relief allowances to replace the present system whereby grocery slips are issued on certain stores. If the scrip method were adopted, it was pointed out that recipients of relief would be able to choose their own grocers and buy where they could get the best value for their money.

Ald. Linzey pointed out that a uniform list of prices for groceries supplied on relief had been agreed upon by the merchants at the first of the year. If this were adhered to, he could see no necessity for a scrip system. He felt that the only fair way to the merchants was to divide the business as was now being done.

Ald. Macdonald felt that the unemployed workers were entitled to all consideration and any benefits that might be going. They should have the privilege of going anywhere the prices were lower for their goods.

Ald. Rudderham agreed with the attitude of Ald. Macdonald but would not like to see the business all go to Orientals as might be the case if a system of scrip were adopted. He thought the difficulty might be met by bringing the uniform list of prices up to date.

After some further discussion, it was decided to refer the matter to the relief committee.

## Relief Work In Good Weather

Ald. James Black offered the suggestion to the board of works at last night's council meeting that some plan might be adopted whereby men engaged on city relief work might not be required to work during such unfavorable weather as had been experienced of late but that arrangements be made whereby they could work during good weather and create credits for subsequent disbursement. He thought such an arrangement as this would be advantageous both to the men and the city.

City Engineer F. N. Good informed the council that the relief work had been shut down during the recent spell of bad weather.

## READY FOR BUSINESS

Tea Room, Ice Cream Parlor, Delicatessen and Self-Serving Grocery at Mussallem's

The splendid new confectionery, tea room, soda fountain and ice cream counter and delicatessen departments in connection with Mussallem's Economy Store at 317 and 319 Third Avenue are now in operation and ready to serve the public.

The latest in equipment has been installed in the confectionery, tea room and ice cream department and a complete new stock is being put in.

The cosy tea room and ice cream parlor will fill a long felt need in the way of providing afternoon teas and light lunches at all times of the day or night. The fountain counter, itself, will be in addition to the tea room.

The delicatessen department has a full stock of cold meats, salads, ready-roasted chickens and such delicacies always available for the busy housewife. Fresh milk and cream is also being carried as well as a full line of cakes, biscuits and home cooking. Fresh fruits in season are also stocked for sale at all hours of the day and night as well as a full line of cigars, cigarettes and tobaccos.

In response to a general demand, an experienced baker of bread and home pastries has been installed and will supply both the grocery store and the tea room with its requirements. White, brown and raisin bread are being specialized in and, for the convenience of the public, an automatic bread slicer has been installed.

All these features are in addition to the newly-arranged self-serving grocery which is an innovation here and which will prove a great advantage to those who are desirous of shopping at the lowest cash prices without having to waste time in waiting for service.

The alterations at the Mussallem Economy Store including the installation of the tea room and ice cream parlor and arrangement of the grocery and delicatessen departments have been superintended by Fred Kalley of the firm of Carmichael and Kalley, Vancouver architects. —(adv.)

Harry Gilliland, principal of King Edward High School, has been confined to his room with illness during the past few days but is doing nicely and is expected to be at work again very soon. Mrs. Arthur Sutton has been substituting at the High School during Mr. Gilliland's absence.

List of Proposals Received By City Council and Referred to Committee

The central council of the employed workers' unions of Prince Rupert, through its secretary, A. O. Morse, had a communication before the city council at last night's meeting seeking endorsement for the following demands that are being made to the authorities:

The institution by the federal government of adequate unemployment insurance.

The setting up of a six-hour day and five-day week without reduction in pay.

Adequate relief allowances for the unemployed: \$8 per week for single persons, \$10 per week for married couples with \$2 per week for each child.

Payment of union wages on public relief projects.

An end to eviction of unemployed workers for non-payment of rent and exemption from taxes and interest of unemployed workers' homes.

The demands were referred to the relief committee of the council and a copy of same will be furnished to each alderman for consideration.

## The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

## Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opportunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

## Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.
