SAN FRANCISCO, May 14.—The court allows Frank Walters, the deep sea diver who recovered the safe from the sunken steamer Princess Sophia, \$1,260. The Marine Insurance Company has been awarded 18 pounds of gold dust valued at \$4,000 and the articles saved are awarded to various administrators of wreck victims.

The Deep Sea Salvage company is awarded fifty per cent of the net value of the salvaged property and all awards are made subject to the salvage claims made.

BRIGHTEST AURORA SEEN IN MANY YEARS

Telegraph Service Was Affected Throughout the West.

VANCOUVER, May 14.—The brightest aurora seen here in many years illuminated the coast and hampered the telegraph wires last night.

The aurora was common on both sides of the boundary line and affected the telegraph services adversely everywhere. East of Winnipeg conditions were very bad.

The local offices last night found the wires working badly and complained of the effect of the aurora.

GERMAN TROOPS MAY MEAN WAR

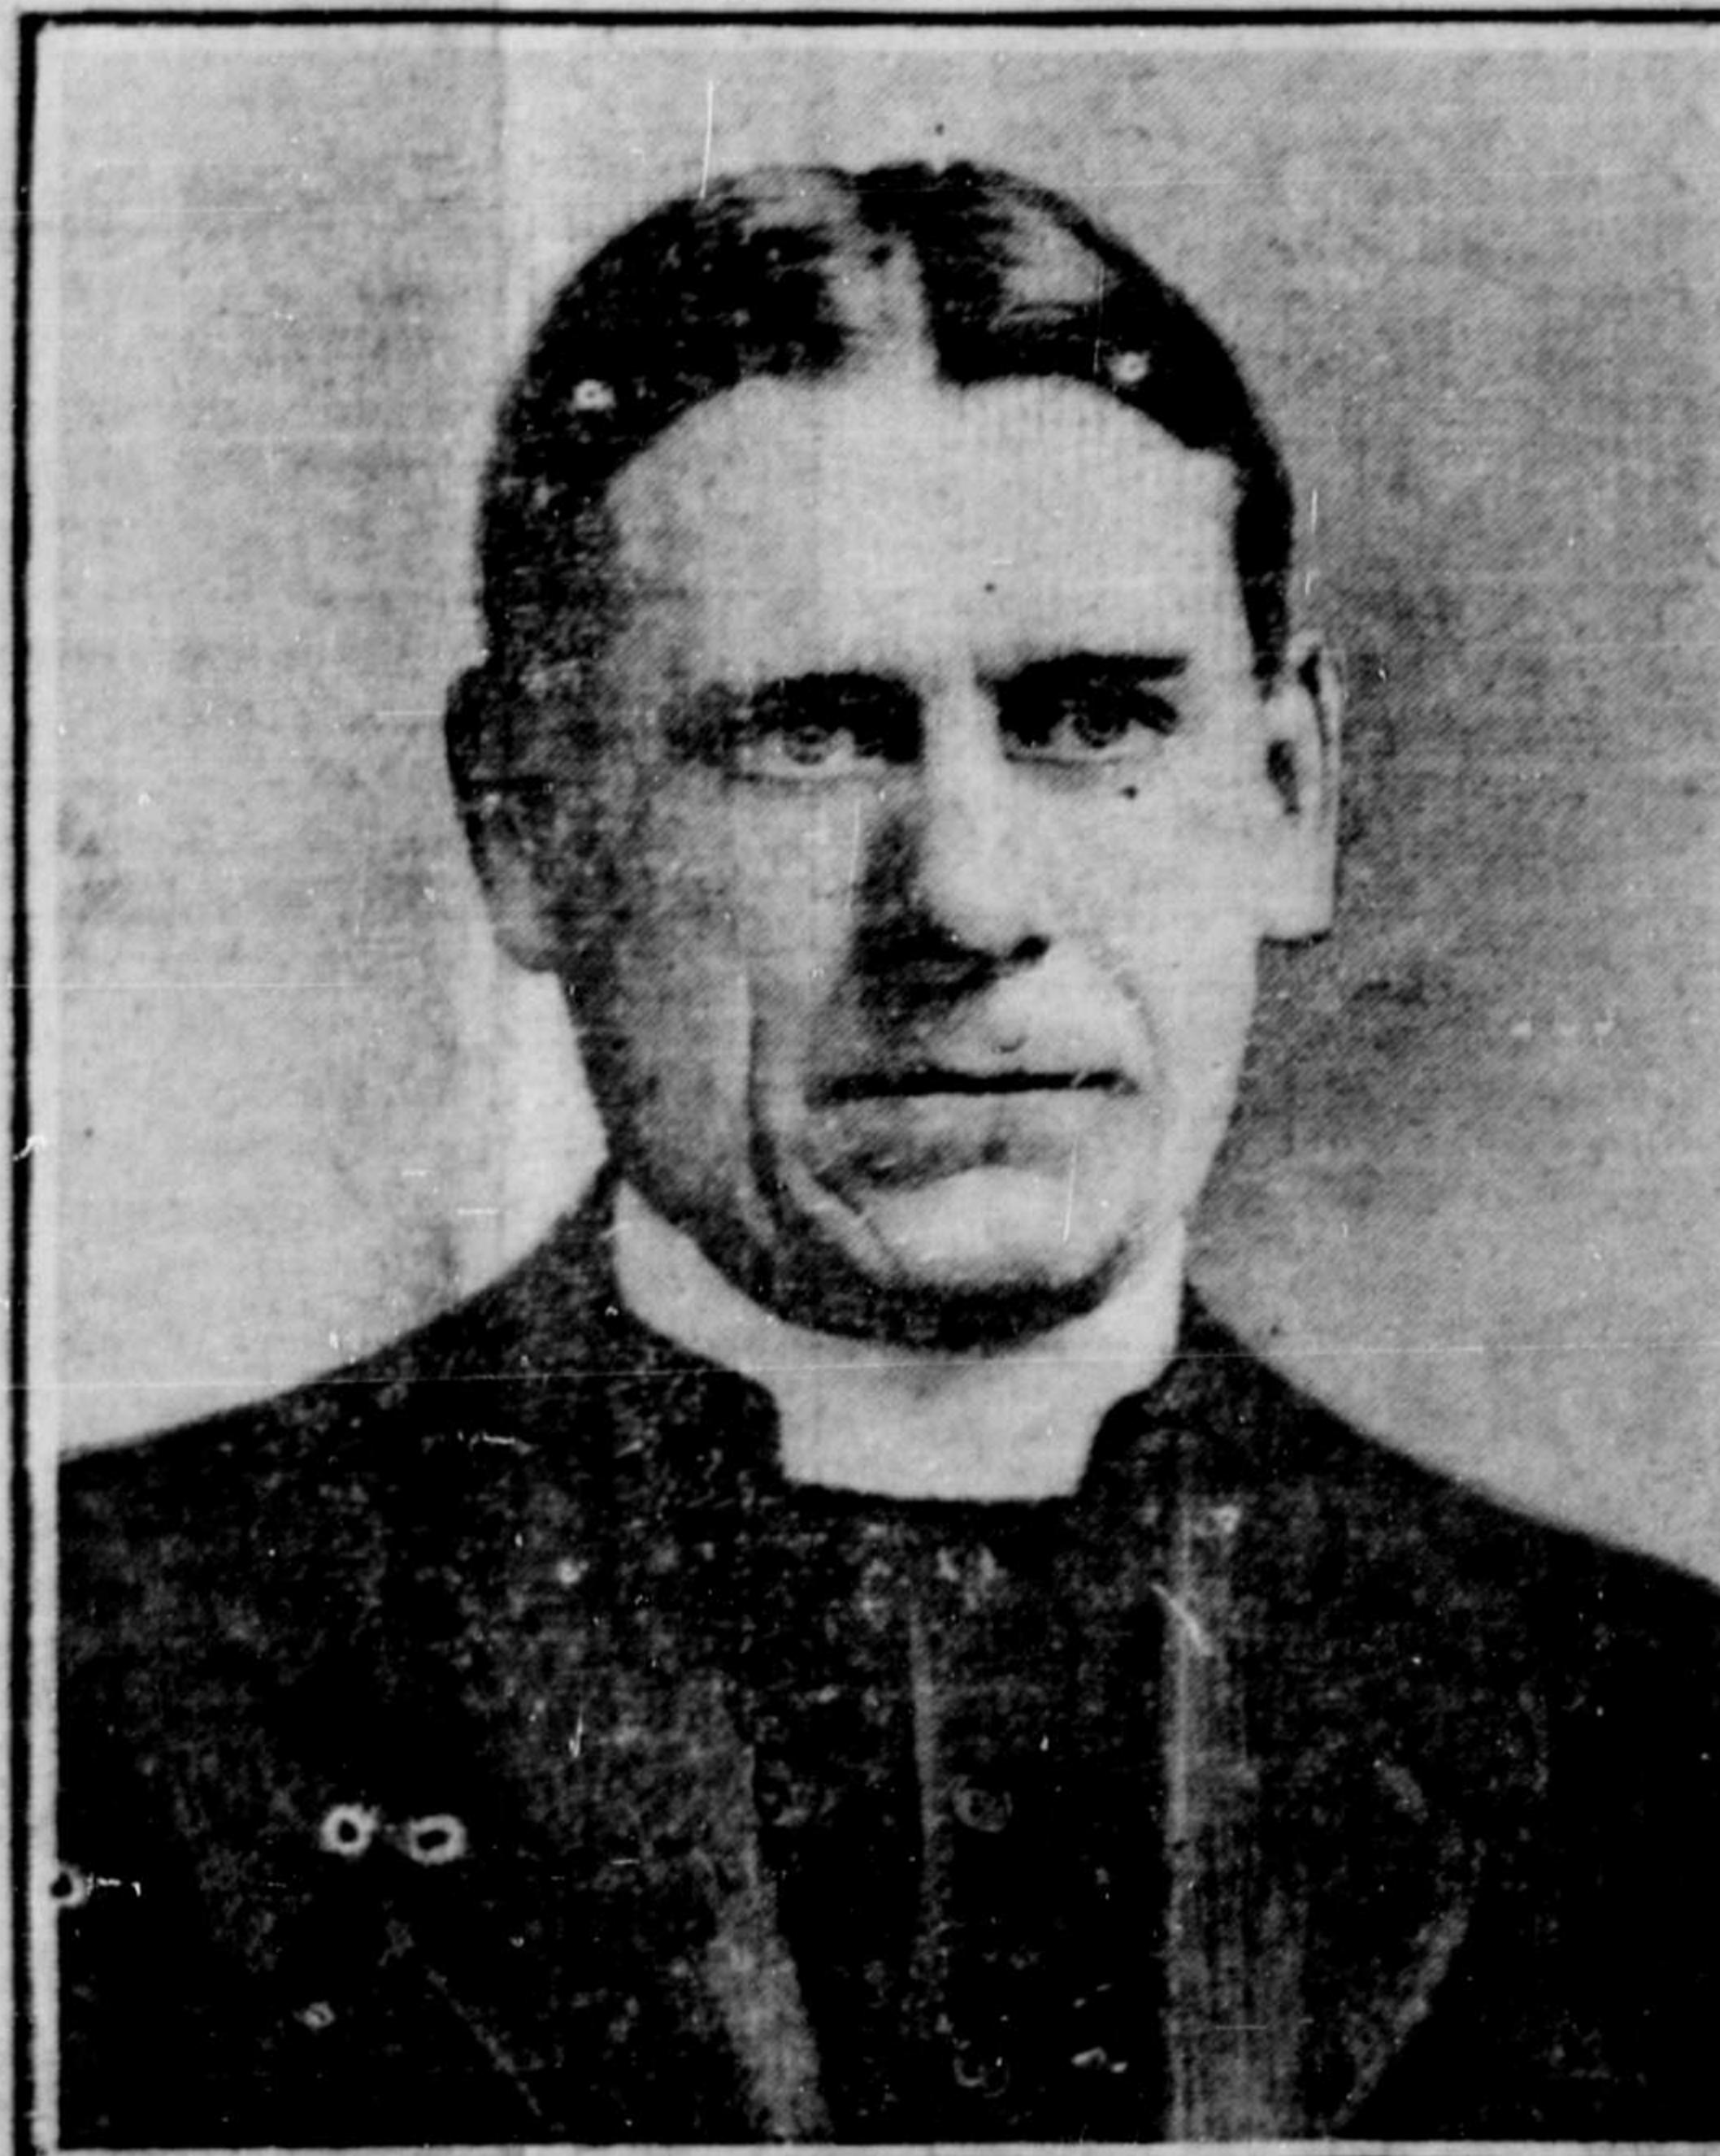

If Entry Made Into Upper Silesia, France Opposes German Operations.

PARIS, May 14.—The entry of German troops into Upper Silesia would provoke the intervention of the regular Polish troops, meaning war in which France could not remain neutral, it is said in official circles here. France is unalterably opposed to any German military operations, declared Premier Briand. A collapse of the revolt is predicted.

FIRING ON CROWD

NEW ORLEANS, May 14.—One was killed and several wounded when the police fired on the crowd attacking a trainload of strike-breakers. The attacking party was dispersed.

PICKED TO SUCCEED DR. MANNING.

The Rev. Dr. Samuel S. Drury, head of St. Paul's School at Concord, N.H., received formal notification of his election to the rectorship of Trinity Church, New York, when a committee of the vestrymen of the church called upon him at St. Paul's rectory. After the conference Dr. Drury said that he had not formally accepted the offer of the rectorship, it being understood by the committee that he should have a reasonable time to consider the offer.

Discussions Over Shipping Strike at Washington; Men Are Beaten Up at Seattle

WASHINGTON, May 14.—Furniseth, chairman of the seamen's union, informs the Shipping Board that the proposed reduction in wages saves only one per cent on every dollar spent in the operation of the ships. Inexperienced firemen would spend more in wasted coal, he claims. He reiterated that the wage reduction and conditions was agreed on between the ship owners and Shipping Board without the knowledge of the men, who were given no opportunity of discussing it until eleven days after the agreement expired.

SEATTLE, May 14.—Eight strike breakers on the steamship Alameda were beaten up by one hundred strikers here. This is the first disturbance in connection with the strike at this port. The crowd dispersed before the police arrived.

Dr. Young Outlines New Health Plans For All Children

VICTORIA, May 14.—The "irreducible minimum" for the health of the school children of British Columbia which the department of public health is seeking to put into effect as the provincial standard, was made public today by Dr. H. E. Young, chairman of the provincial department of health.

The plan of work in addition to dealing with school children includes a registry for expectant mothers and of all children of yet of school age, in order that mothers may be supplied with proper diet information.

The "irreducible minimum" includes medical and dental supervision, proper nourishment, well ventilated rooms and proper school environment all with a view to exerting favorable influences upon the health development of the children.

NEW SCHEME FOR COURT OF NATIONS

FORMER MAYOR AND MEMBER

Noah Shakespeare, for 25 Years Postmaster at Victoria, Dies Aged 83.

VICTORIA, May 14.—Noah Shakespeare, one of Victoria's well-known citizens, died here last night aged 83 years. He was postmaster of the city until a few years ago when he resigned after 25 years' service in the position. Previous to that he served the city as mayor, alderman and member of the Dominion Parliament.

Mr. Shakespeare was perhaps best known in Victoria as for many years the leader of the Sunday school movement. He was president of the Sunday school association and always took a deep interest in everything pertaining to the Sunday schools. He was a prominent Methodist.

**Who Will Develop
Groundhog Coal?**

Everyone seems to be looking to the Groundhog valley as the next part of British Columbia to be developed. It is inaccessible at present owing to the absence of transportation facilities, but if the C.P.R. should build a railway to tap the district, there seems little doubt but the mines would be opened up and there would be great development both up that valley and on the coast. It would be a great thing for British Columbia to have northern mines developed to supply the Pacific with cheap coal of good quality.

**Why Not Give
Prospectors a Chance?**

There seems to be a very general demand, especially in the north, to have the coal reserve removed in order that prospectors may have a chance to stake coal lands and do enough development to prove the fields. At present the whole country is tied up in that respect.

The agitation against the former government for alienating all the timber and farm lands of the province has had the effect of making them extremely careful in regard to coal lands. A blanket reserve has been placed on all coal lands for several years with the result that prospectors have ceased looking for coal. In view of the high price of fuel and the desirability of developing mines that may not have been discovered yet, it is worth while considering whether the time may not be opportune for making a change and giving prospectors a chance once more to look for coal lands. With the reserve on tight we shall have no new finds and little development.

It seems to us that there should be some way of preventing indiscriminate tying up of coal lands by changing the tenure instead of by excluding all development. The same applies to oil. While doubtless it is desirable to protect the interest of the province as a whole, a source of considerable income is cut off by withholding the lands from prospectors.

**New York Again
For Financing.**

During the war the old custom of dealing with New York in the matter of financing was discontinued and loans were floated at home. Large sums were raised and that without extraordinary expenditures. The advertising campaign cost no more than the ordinary commissions paid to dealers for floating the bond issues. Some of these issues mature next year. The five year bonds have come to the end of their time. We suggest that those who wish to hold their bonds instead of redeeming them shall be given an extension of time. Most of the people holding short term Victory bonds do not want the money and would be glad to keep their bonds instead of having them redeemed.

Another possibility is that the Canadian people might again be asked to take up a loan, instead of placing it all in New York. If the bonds look good to people in the United States they ought to look good in this country. The people would be the richer for holding securities which bring them regular interest payments.

I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back.

In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since.

Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."

**PREPARING FOR
IRISH ELECTION**

Nine of 19 Sinn Fein Candidates
are in Jail and Others on
Run

BELFAST, May 13.—Selection of Ulster Unionist candidates for the election May 24, has been practically completed and party leaders are centering attention on the campaign.

The nominees represent practically all classes of the community—labor, professional, manufacturing and farming elements. The labor men, however, are drawn from the Unionist ranks and do not include socialists and members of the Independent Labor Party, who are accused of being allied with Bolshevism and the Sinn Fein.

Two Women

Two women have been designated to make the race for the Unionist forces. They are Mrs. R. P. S. Chichester of Moyola Park, who will contest for the County and City of Derry, and Mrs. R. J. McDermie for Belfast.

Many names prominent in the civic and political life of Belfast and Ulster do not appear in the list of candidates as announced, but there is yet opportunity for their selection to the senate when the members of this body are named later by the lower house.

Number of Members

Ulster is entitled to 47 members in the lower house, divided as follows: Belfast, 16; County Down, eight; County Antrim, seven; County Armagh, four; County and City of Derry, five; Counties Tyrone - Fermanagh, three; Queen's University, four.

Of the 19 Sinn Fein candidates for Ulster, nine are at present in jail and at least half the remainder are "on the run."

The list includes Arthur Griffith, founder of the Sinn Fein now in prison, and Eamonn de Valera, President of the Irish Republic.

**FEATURE OF CONCERT
HERE TOMORROW NIGHT**

Miss Mary Izard and Mrs. Dalby
Morkill to Play Mendelssohn's
Concerto.

A notable feature of tomorrow evening's concert program will be the presentation of the First Movement of the Mendelssohn Concerto in E. Minor, originally written for violin and orchestra which will be played by Miss Mary Izard, violinist, and Mrs. Dalby Morkill, pianist, and this number alone should draw all lovers of music to the concert.

This concerto is a big work, which is included in the repertoire of all the leading violinists of the day.

It is interesting, melodious, and of great beauty, and its technical difficulties are such as call for considerable skill and musicianship in the rendering.

It has never before been presented to a Prince Rupert audience.

A grand piano has been secured for the occasion on which the orchestral part will be played.

This is only one item on a splendid program of vocal and instrumental music, and there should be a full house to hear it.

A. Wallace, Charles Kennedy and
Pipe Major Ross Sailed for
South on Mary

A. Wallace, head of the Wallace Shipbuilding Co., Pipe Major Gordon Ross and Charles Kennedy, of the A. R. Williams Machinery Co., returned last night on the Princess Mary to Vancouver.

Before their departure a farewell party was given at the home of Mr. and Mrs. George Frizzell, Seventh Street, in their honor and the following were present: George D. Tite, Wilfrid Macdonald, Chief Minty, D. Thomson, Captain McGregor and O. H. Nelson.

As the steamer pulled out an ovation was given the departing visitors and "Will Ye No Come Back Again?" was sung. Just before the party went aboard, a presentation of a \$100 purse was made to Pipe Major Ross.

HEART SO BAD

Was not safe to
Leave her alone

MISS EVA P. VANDERSON, Kneadersdorf, Ont., writes:—"I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctor'd with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicines and took several different kinds, but seemed to receive but little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and am almost relieved of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Milburn's Heart and Nerve Pills are \$6.00 a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

LAW CHANGES**

Session of Legislature
for Farmer Premier is
Concluded

INTO, May 14.—Following a long session, as described by Premier E. G. Whitely, the second session of the Legislature of the Province of Ontario has been concluded.

Opening on January 2, and having been open for 63 days, which constituted the longest session in the history of the province. In the first year of the Whitely administration, the legislature closed after 40 days work.

Finance legislation and alteration of the liquor laws waited time and time again, until the session opened, the opposition condemning the General for the way he failed to enforce the law on the border and in unincorporated areas told him that he was incapable.

Temperance Act
Wade Ralfe was responsible for the introduction of amendments to the One Act. The chief of these was which provided that defend-

ers of T.O.A. should have the appeal to a county judge or magistrate before a magistrate.

The Attorney General expressed that he opposed to any form of

Member's Bonus

As the private members' legislation were concerned by the most interesting of the whole session was they voted themselves a sum of \$600, entitling an ex-

emption from taxation.

Members have no cause to complain of the crop of legislation and to themselves which deserved.

Rural Credits
Manning Doherty, Minister of Agriculture, safely piloted his bill through the House

using a system of rural

by which farmers can obtain both long and short term year.

**NO INCOME TAX IN
MANITOBA THIS YEAR**

No provincial income tax will be assessed in Manitoba this year, the law amendment committee decided by a vote of 5 to 4 before the adjournment of the Legislature. When the bill was brought before the committee it was pointed out that Winnipeg was not desirous of having it passed this year, as there was dissatisfaction with the exemptions set forth.

The question as to whether the bill should be passed at that session of the house was put to the committee and it was decided to lay it over until next year.

DAIRYMEN TO

VANDERHOOF

Expected Meeting of Association on June 7 and 8 will be Important Event

VICTORIA, May 14.—The meeting of the Dairymen's Association at Vanderhoof this year promises to be a very important event. It is not so notable on account of the lectures to be delivered as because farmers in different parts of the province get opportunity to see the northern interior country and find out its capabilities from a dairying point of view.

The party will arrive at Prince Rupert Saturday, June 4, and go direct to Telkwa, from which

point they will drive through the Bulkley Valley, motorizing to Houston. The return trip will be by way of Prince George, the Fraser River, and home by way of the P.G.E. Following is the schedule:

Saturday, June 4.—Arrive Prince Rupert, train to Telkwa, arrive Telkwa.

Sunday, June 5.—Bulkley Valley.

Monday, June 6.—See district, motor to Houston.

Tuesday, June 7.—Early train for Fort Fraser, motor to Vanderhoof, see district.

Wednesday, June 8.—Dairy meeting, picnic lunch.

Thursday, June 9.—Early train for Prince George. Boat for Quesnel, car to Williams Lake, connections here according to state of river.

Friday, June 10.—Short motor to Williams Lake.

Saturday, June 11.—Return to Vancouver, via P.G.E.

**CIVIL SERVICE
AMENDMENT ACT**

New Laws Takes Powers from Civil Service Commission Giving Them to Government

The amendment to the civil service act on which there was a long debate in the House of Commons, and on which the Government was sustained by a majority of only fifteen, including the member for Skeena, is now to hand. According to the text of the measure it takes from the provisions of the Civil Service of all manual laborers no matter what their terms of employment; all postmen whose remuneration consists in whole or in part of a percentage on the receipts of the office; professional, scientific and technical officers employed for the performance of duties as such.

The bill takes from the Civil Service Commission much of its power in regard to appointments and places that power with the cabinet and also makes all actions of the commission subject to approval of the cabinet.

The change takes practically all the power away from the Civil Service Commission and hands it back to the Government where it formerly belonged and in the exercise of which there was so much scandal owing to the patronage system.

Many people read newspapers as much for their advertising columns as they do for news.

**HIGH HEEL SHOES
ARE ADVOCATED BY
EXPERT ON FEET**

LONDON, May 14.—The mothers who train their children to walk with toes pointed outward and counsel their little girls never to wear high heels when they grow up, have been told they were all wrong by Dr. W. H. Tretheway, orthopaedic surgeon, in an address at the Institute of Hygiene.

"To walk properly," he said, "the feet should be kept absolutely parallel. The quarter to six-inch attitude is one of the big mistakes of physical training. Three minutes, to 12 and three minutes past is what you want when standing."

A long stride is not good for the feet. A slow, short step is better, for it makes you rise on the toe.

"Never discourage a child who is turning his toes in unless he has an actual deformity of the foot. He is probably trying to cure himself of knock-knees or weak ankles."

Reasonably high heels are very excellent things, the surgeon said. Low heels are all right for children, or for adults with a perfect foot, but unfortunately no foot is perfect.

"I advise, unhesitatingly," he added, "the use of high-heels, I do not mean by that the silly three-and-a-half to four-inch Louis heel with its curved mechanical shape and inefficient support. The height of the heel for remedial purposes should not exceed two and a quarter inches and in house shoes should not be less than one and a quarter inches. In cases of overstrained feet, slippers must be avoided."

**A PLEASING STYLE FOR A
HOUSE DRESS**

Pattern 3560 is here portrayed. It is cut in 7 sizes: 34, 36, 38, 40, 42, 44 and 46 bust measure. A 38 inch size requires 5 1/2 yards of 36 inch material. The width of the skirt at the foot is two yards. The sleeve may in wrist or elbow length.

Gingham, chambray, percale, lawn, linen, repp, Indianhead, poplin and flannelette may be used for this design.

Men From Refugee Camps Supplied With Seed and Food.

NEW YORK, May 14.—Hundreds of thousands of famine sufferers who were concentrated in refugee camps in China during the winter have been compelled by authorities to return to their home provinces and attempt raising new crops this year.

This action was taken, according to cable advices received from Pekin by the China Famine Fund, because officials considered it necessary for the good of the entire population that efforts be made for a harvest this year throughout the famine area. As the camp refugees were generally well fed during recent months, they were picked to pass the summer months at their former homes.

Refugees who have already started the homeward journey were supplied with food and money by relief organizations. In many cases, the famine victims were given food for two weeks and funds to buy additional food for a month. Seed for planting was furnished in abundance.

Transportation was furnished free by the railroads.

**READ THE
ADVERTISEMENTS**

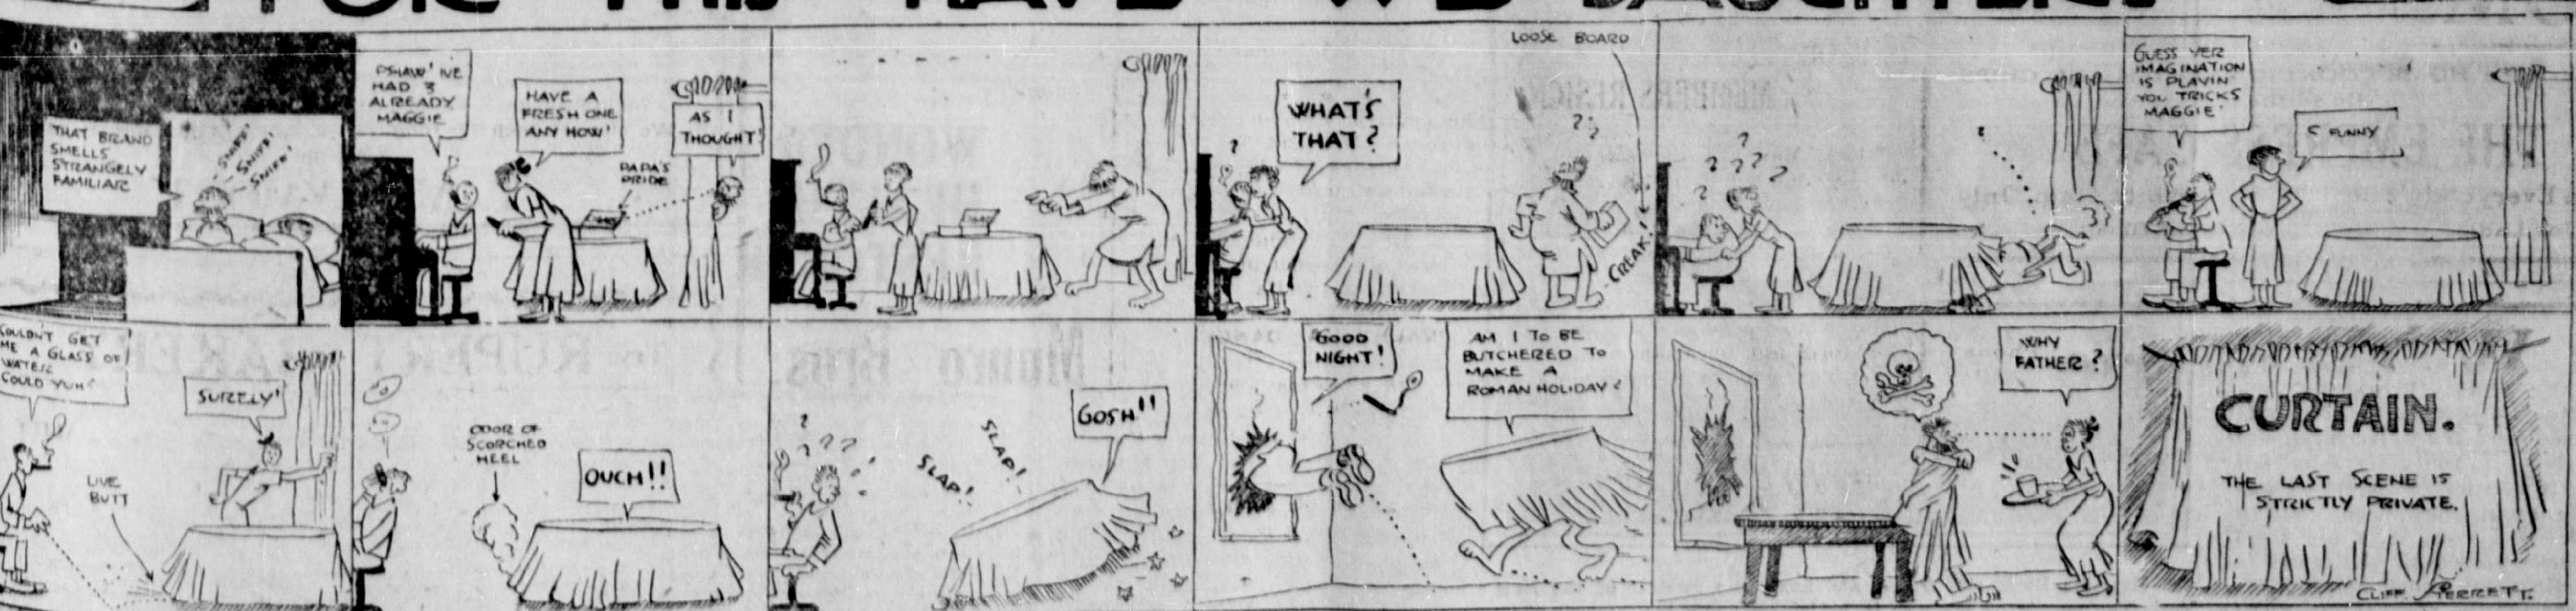

The publishers of this paper draw your attention to the advertising columns, and particularly to the advertisements of the local merchants.

These merchants have invested their money in goods to satisfy the needs and desires of us all.

Their enterprise is a distinct service to our community. For this reason we should buy from them to the best of our ability and in so far as our needs and judgment of value dictates.

Then, too, the general commodities advertised in our columns are worthy of consideration. It is desirable that readers should ask merchants to supply advertised goods wherever possible. By doing so the cycle of trade is kept alive and inter-community commerce stimulated. We repeat—read the advertisements.

PUBLIC GOLF COURSE OPENS IN TORONTO

Members Admitted on Payment of Ten Dollar Fee for Season

TORONTO, May 14.—The official opening of the Glen Stewart public golf course took place a few days ago. About 250 members and spectators were present. The entrance to the course is conveniently located at Stop 6 on the Kingston road, where President Connables had a staff of girls at work registering members according to their particular class. A precaution against intruders has been taken in the issuing of buttons to members. Buttons designate active and probationary members of Glen Stewart and Humber Valley courses, sustaining, probationary and executive members. The buttons which are about two inches in diameter are marked with serial numbers and without these buttons plainly visible no members will be allowed to play on the course.

Qualifying Grounds

The first six holes of the course on the Cox estate have been set as the qualifying grounds for entrance to the nine holes on the Ames estate. On this first course 20 is par and members must do better than 32 before being granted admission to the latter area.

All formalities were eliminated in the opening other than a brief address by President Connables and Mr. Ames. President Connables said that the course was for members and to be run by the members. "You have here the same thing for ten dollars that some people pay \$500 for," he said. Mr. Ames in a few brief remarks passed all the credit to Mr. Connables, and after three cheers for the speakers, the first foursome was under way.

Jimmie Melville on Approaching Battle

Ben Self and Jimmie Melville, formerly of the local Granite Trunk offices but now located in New York City, are planning to take in together the big show between Georges Carpenter and Jack Dempsey at Jersey City on July 2.

Mr. Melville writes to Mr. Self as follows:

"There is absolutely no doubt that by the day of the fight tickets will be selling at a considerable premium, as I have never in my life seen so much interest evinced by the men in the street in any sporting event as there appears to be in this classic. I assure you I would be delighted to accompany you as it will be an additional pleasure to have such an enthusiastic fan as a companion."

FRENCHMAN KO CHANCE

Ketchikan City Baseball League—Mr. Mohr, my employer this season, and, although the who has been an enthusiast for the coming salmon season looks right fan for over twenty years like a bad one, each club is named and has never missed a word after a different brand of that fish while soap in all that time, from namely Chum, Humpies, Socks, the flyweight to the heavyweight eyes and bodies. It was proposed division, says that Carpenter, is to give the pennant winning its opinion, won't have a chance team a ease of salmon, of the he has seen Carpenter in action variety that if represented, but as with Levinsky on this side, in that would give the Chum little with Beckett on the other,

meantime it was decided to abandon this for some more suitable incentive. A few people feel that the trophy, a gold watch will be given result will depend on just how as a prize to the individual having the highest fielding average Dempsey handles himself in the fight, that is, whether he will, as in all the rest of his fights with the exception of that with Brennan, fall right into his man, or whether he will attempt to box, as he did in the Brennan fight. I hear right in they are of the opinion that he will win quickly by a knockout; if he attempts to box, as he did with Brennan, Carpenter may get him. At all events, in my opinion, the fight will be well worth seeing."

The women's national indoor aquatic championships of 1921 now have passed into history, and it is interesting to note that all but one title have changed hands. The single exception is the 500 yard swimming championship, won by Miss Margaret Woodbridge of the Detroit, last year and defended successfully by her recently.

No doubt the shifting of crowns was due in some share to the absence in Australia of Miss Ethelde Bleibrey of the New York Women's A. S. A., 15-year-old winner of title honors in diving, displayed the finest form yet attained by a member of the sex in performing the twelve foot springboard. Miss Sybil Bauer of the Illinois A. Story of Macdonald's Cut Plug, the Tobacco with a Heart

Recent circulation and disapproval of an unfounded rumor to the effect that W. C. Macdonald, Reg'd., Inc., has been acquired by the Imperial Tobacco Co., reveals an industrial history which is perhaps the most remarkable in the chronicles of Canadian business. In these days of gigantic corporations (among such the Macdonald company is to be considered as one of the largest manufacturing enterprises in Canada), we seldom think of a "one-man business" otherwise than as a good prospect for the assignee; yet the Macdonald institution has always been, still is and will continue to be during the lifetime of its present owners, at any rate, a one-man business in the strictest sense of the term.

Millions of Dollars

The largest producers of plug tobaccos in this country, and now among the largest, too, of cut tobaccos, it employs an office staff of five persons! Modern business men, recalling personal experiences, may be inclined to scoff this statement, but it is none the less true. A business aggregating many millions of dollars annually is transacted by five office employees. This condition, presumably, is a survival of that form of efficiency for which that enigmatic, taciturn genius, the late Sir William Macdonald, was distinguished. In fact the spirit of the late founder still lingers large in the conduct of the company's affairs, making rumors of the sale of that which has his character for its foundation all the more ridiculous—as was instanced only the other day when, in reply to a veritable bombardment of queries, the owners were finally prevailed upon to make a statement regarding the sales
