ERECT COAL BUNKERS SOON

PLANS READY AND TRADE COMMISSIONER HERE MAKING ARRANGEMENTS

Plans for Coal Bunkers Are Already Prepared

Howard Stutchbury, Trade Commissioner for Alberta, Arrived to Complete Arrangements for Handling Product at This Port

Alberta Minister Says May Market 100,000 Tons

E. Warren, General Manager of Canadian National Western Lines Approves Scheme and Promises Co-operation

Coal bunkers here in the near future are now assured. Howard Stutchbury, trade commissioner for the Government of Alberta, here with plans and A. E. Warren, general manager of the Canadian National lines, has promised that the bunkers will be built.

The plans provide for bunkers near the "Y" at Morse Creek to handle 2,000 tons. This is, however, only preliminary to the larger scheme of the railway to provide bunkers for the trans-Pacific trade. In the present plans there are four conveyors to a chute and it is expected that the coal will be handled so as to supply here that the market will be almost unlimited. Already one third of the coal used in Prince Rupert comes from the Alberta coal field but this development means the inauguration of the bunkering and out-shipment business.

Waited on Warren. In company with Hon. J. L. Cote, minister of mines for Alberta, Mr. Stutchbury recently waited on Mr. Warren and laid the scheme before him. They received every encouragement and were assured that the railway company wanted the business and that the bunkers could be built. Later Mr. Warren gave an interview to the Edmonton Journal in this connection in which he said he was ready to cooperate in the building of bunkers and providing other facilities for handling the coal to this coast. Mr. Cote also expressed enthusiasm in regard to the new market being provided for Alberta and said he looked for an output of 100,000 tons by this time.

The articles published in the Edmonton Journal are as follows:
Mr. Warren's Interview.
 More business for northern Alberta coal mines in a market that has never been systematically developed but that has big possibilities, will follow from the adoption of a scheme now being worked out between the provincial government and the Canadian National railways. Prince Rupert and the North Pacific coast will benefit from the new market and coal from the mines west of Edmonton will likely be going there in the near future.

A. E. Warren, general manager of Canadian National western lines, is now in the city for the purpose of taking up the question with the government authorities. He came in from the east in his private car Tuesday night and will stay in the city for several days, his speculations being that before he leaves a working plan will be developed upon for submission to the office of the railways.

C. N. R. Will Co-operate.
 Mr. Warren tells the Journal that the government roads stand ready to co-operate to the fullest possible extent with the local government mines branch in its efforts to widen the market for Alberta coal. There is, he says, a potential field of considerable im-

portance at the coast, particularly in the bunkering of the smaller steamboats and trawlers along the coast and the fuel supply of numerous industries in northern British Columbia.

"It all depends very largely upon storage facilities at Prince Rupert," says the general manager. The C.N.R. has docks at that port, but at present it has no warehouse accommodation adequate for taking care of large coal shipments from Alberta. The scheme that is being taken up with the provincial government will involve the erection of storage sheds and the general improvement of bunkering facilities.

"Freight rates do not enter into the question materially, according to Mr. Warren. The market is waiting, and if the coal can be handled satisfactorily, as he believes it can, there will be good business to follow.

COLD STORAGE HAS TELEPHONE EXCHANGE

First Private Branch in City is Being Installed Today.

The first private telephone exchange branch of its kind in the city is being installed at the plant of the Canadian Fish and Cold Storage Co. and this morning the outfit was taken to Seal Cove by Superintendent T. C. Duncan.

The new exchange will have at least ten stations with a capacity for thirty and will connect the various departments at the Cold Storage plant from one central number on the city exchange. On calling the Cold Storage number from the city a private operator in the Cold Storage building will connect the subscriber with the department called. Any phone inside the plant will be able to speak to another department by simply calling the Cold Storage central and being connected without a call to the city central. The new exchange will likely be in operation by the end of the week. The work of installation is now going on.

Where the Naval Balloon Came Down

The United States navy balloon which had been missing with a crew of three officers, since it was found by the Canadian authorities at Moose Factory, Ontario, according to dispatches to the naval staff station at Rockaway Point.

According to the report, the three officers, Lieutenants Walter Hinton, veteran of the Transatlantic flight, Louis A. Koon and Stephen A. Farwell, are safe.

The three naval officers, were forced to make a landing between 14 up a heavy storm at Moose Factory on January 18 after being lost three days in the forests. They found refuge at a Hudson Bay trading post from which point they now are making the trip back to civilization.

AN UNEMPLOYED DEMONSTRATION

Sixty Who Call on Mayor Porter At Victoria Told to Saw Wood.

VICTORIA, Jan. 19.—Fear of disorders spread over the city hall yesterday when 60 unemployed men marched into the city council chamber and demanded that Mayor Porter appear and hear their pleas for work.

After Mayor Porter had explained that all jobless men could have work under the city's wood cutting scheme by which tools are found the men for sitting cordwood on the beach and they are paid by the cord according to the work they do, the gathering dispersed quickly, though little satisfied with the mayor's explanation.

JOLLY SOCIAL NIGHT AT ST. ANDREW'S ROOMS

Mr. and Mrs. Robert Davie and Miss Beatrice Killen Recipients of Presents.

Under the joint auspices of the St. Andrew's Society and the Ladies' Auxiliary a jolly whist drive and dance was last night held in the rooms of Second Ave.

The winners at whist were Mrs. S. D. Macdonald and T. Beattie, first prizes, and Mrs. Sandison and W. A. Paterson, who won the consolation awards.

Following the whist drive presentations were made to Mr. and Mrs. Robert Davie, who were recently married, and Miss Beatrice Killen, whose marriage to Thomas Ross, of Smithers, is to take place soon. The former were recipients of a handsome set of cut glass, while Miss Killen's gift was a cutlery set.

After the presentations refreshments were served and a dance followed.

F. G. Dawson returned last evening from a trip to Burns Lake.

BROTHERHOOD WANTS REPRESENTATION ON RAILWAY COMMISSION

OTTAWA, Jan. 19.—It is understood that representations are being made to the Government favoring the appointment of a railway brotherhood man to the vacancy on the Board of Railway Commissioners caused by the death of A. S. Goodeve, but no appointment is looked for in the immediate future.

DEMAND INQUIRY INTO COAL PRICE

Meeting of Women On a Thousand Strong Calls Government to Action.

VANCOUVER, Jan. 19.—A mass meeting of widows, wives and mothers of the Great War heroes has demanded the government to make an investigation into the high price of coal locally. The meeting was a thousand strong.

NO ORDER MADE FOR REDUCTION DISABILITY PAY

OTTAWA, Jan. 19.—The pension commissioners have issued a statement that no order was ever made by the medical board to reduce the disability allowance so that the increase in cash grants may, to some extent, be nullified. No such action was ever taken or even contemplated.

FISH SALES.

The Albatross, 47,000 pounds, and Daisy, 42,000 pounds, sold at the Fish Exchange this morning to the Canadian Fish and Cold Storage Co. at 17.3c and 6c. The Norma also sold 2,000 pounds to the Cold Storage at 16c and 6c.

Mrs. David Glennie returned to the city this morning after a visit south.

C.P.R. Petition for a Liability Limitation in Princess Sophia Wreck

SEATTLE, January 19.—The hearing of a petition from the Canadian Pacific Railway Co. for limitation of liability in connection with the wreck of the steamship Princess Sophia on October 25, 1918, began today before Federal Judge Neterer.

The petition deals with the cause of the wreck of the Princess Sophia resulting in the death of 200 people when the steamer foundered and consequent claims aggregating \$2,000,000.

The C. P. R. seeks to have its liability limited under the Admiralty Law to the amount paid in passenger fares and for freight carried on the trip in question and an amount which may be realized from the salvage of the wreck.

Allegations are made that the vessel was unseaworthy, that the crew was insufficient, and that there was negligence in operation of the vessel. All the allegations are denied by the petitioners.

BOAT IS NOT CALLED OFF

Tex Rickard Denies Report to that Effect—Arranged for July 2.

NEW YORK, January 19.—Tex Rickard, one of the promoters of the Dempsey-Carpentier heavyweight boxing championship bout, today denied the report published that the bout had been called off because the terms of the contract regarding deposits could not be carried out. Rickard declared that from here, the staff engaged in all the principals had posted their deposits and he expected to stage the fight on July 2.

BALFOUR HOTEL DISMANTLING HAS STOPPED

Speculation as to Whether Provincial Government Will Take Over for Tuberculosis.

NELSON, Jan. 19.—One day after shipping away four carloads of furniture and equipment from the former returned soldiers' sanitarium at Balfour, up the arm carried out, Rickard declared that from here, the staff engaged in all the principals had posted their deposits and he expected to stage the fight on July 2.

The information gives rise to speculation in connection with the recent report that the B. C. Anti-Tuberculosis Society, still owning the Tranquille Sanitarium near Kamloops, was urging the provincial government to take over and reopen Balfour as a permanent institution for tubercular incurables.

Balfour was formerly a Canadian Pacific summer resort hotel and situated beautifully at the mouth of the Kootenay River into Kootenay Lake, it has long been recognized as an excellent location for a tubercular hospital and was used in this connection as a veterans' hospital for some years.

EARL OF MINTO MARRIED TODAY

Miss Cook of Montreal is Canadian Lady Chosen by Son of Ex-Governor.

MONTREAL, January 19.—Miss Marion Cook of Montreal and Morrisburg, Ont., was married this afternoon to the Earl of Minto. A large and fashionable gathering of prominent people witnessed the ceremony in St. Patrick's Church hall.

COL. CLAYTON ARRIVES

Head of Canadian Dental Corps Returns to Former Home City.

Col. W. Barrett Clayton, of the Canadian Dental Corps with headquarters at Ottawa, reached the city on the Prince George this morning and will spend a few days in the city. Col. Clayton was one of the earliest dental practitioners in the city and early in the war left for overseas service where he was rapidly promoted and is now head of the Dental Corps of Canada. He is being heartily greeted by many friends in Prince Rupert.

FRUIT FARMING

Fishing Season Beginning Soon.
 While there has been some fishing here all winter, the larger boats bringing in catches with more or less regularity, the smaller boats are now again going into commission and the more daring skippers have already made for the Queen Charlottes where they expect to find halibut on the banks.

While it will be some time before halibut is coming in large quantities, it is well to make preparations. So far, none of the new cars ordered last summer by the Canadian National Railway have appeared here. We have been told that eighty are ordered, but until they arrive they do not benefit Prince Rupert or the railway. It is to be hoped for the sake of the fishermen, the city and the railway that this much-needed provision will be made so that the business may be kept in Canada instead of being sent away to Seattle.

British Boxers Beat the Yanks.
 It is curious that American professional boxers usually beat the British but British amateurs hold their own well. The record reported yesterday when four English boys won out at New York against four crack American amateurs, was one to be proud of. It shows that when the money urge is removed the British are there for the sport.

Will There Be Election Soon?
 In spite of what our Ottawa correspondent says, we do not think there will be an election in the near future. We see no signs of preparation for the event. Possibly Premier Meighen does not himself know whether there will be an appeal to the country or not. At any rate, while it is well to be prepared, we have had enough elections here to last a while and it is much better to think about business than politics. When the fight is on we, shall fight, but in the meantime let us get busy and do some real work.

Coal Bunkers For This Port.
 Howard Stutchbury, trade commissioner for Alberta, is again in the city in connection with the erection of coal bunkers. He is determined to go ahead with the scheme. Alberta wants to ship coal from this coast and they are going to do it. That is the way to talk business.

A. E. Warren, general manager of the Canadian National Western lines is in full accord with Mr. Stutchbury's ideas in regard to this matter. He is anxious for business for the road and he has promised that the bunkers will be built at once. The plans will have to come before the board of directors of the company and as soon as approved it is the understanding that the work will commence.

Fur Trade Back to Normal Condition.
 The fur trade is once more back to normal and ladies may purchase the much-coveted cold weather luxury at fifty per cent less than was charged a year ago. The reports of the fur sales in New York are attracting much attention here and give an idea what raw furs are worth to the trappers and dealers.

RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble Since Taking "Fruit-a-lives"
 108 Church St., Montreal.
 "I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicines; used lotions; but nothing did me good. Then I began to use "Fruit-a-lives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-lives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

 The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.
 The height is in feet and tenths of feet above the average level of lower low water.

IN READINESS FOR HERRING

Fredella in Charge of Capt. Skog - Will Leave Soon as Fish Sight'd.

Local fishermen are now waiting for the arrival of the herring. So far they are not reported in this neighborhood although they are said to have arrived at Skagway and also have been noticed a long way south of here.
 The Canadian Fish and Cold Storage Co. is preparing to pull away from 200 to 1,500 tons of herring this year, sufficient to supply the anticipated extra demand, which should result from the provision of sufficient refrigerator cars to handle the business.
 The fishing boat Fredella is all ready for the work. She will be in charge of Ole Skog, one of the finest seamen on the coast. The scows and tenders are also awaiting action. All have been overhauled and are ready for business.
 There is a certain amount of scouting going on in anticipation of the fish coming this way, the boats going as far south as Banks Island. Sometimes, however, the herring are first seen in the neighborhood of Port Simpson.

YOUTHFUL PRISONERS CHARGED WITH TRYING TO KILL CHINAMAN

EDMONTON, Jan. 18.—Guarded by two constables of the city police and accompanied by one of them in the prisoners' dock, John Findlay Holgate and Edward Sidney Ross appeared in the city police court on the charge of attempted murder of two Chinamen, Mah Chung and Mah Sang, by shooting at them with a loaded revolver through the window of their laundry, Whyte avenue west, January 7 last.
 The two youthful prisoners, who showed signs of the strain of the previous day's trial on the charge of robbery with violence of Chris Gahr, were charged jointly with the original offence, and received the arraignment without stir or emotion, leaving the defence of their case in the hands of their attorneys, H. H. Robertson, K. C., and H. H. Parloe, K. C. As the case is being taken as a preliminary hearing in the lower court, the prisoners were not asked to plead to the charge.
 The case was adjourned to give the lawyers time to prepare their cases.

VICTORIA PROPOSES LAND CREDIT SYSTEM

Would Give Purchasers of Property Five Years in which to Pay
 Victoria city has on hand a lot of vacant lots which it cannot sell. There seems to be a scarcity of cash in that city. In order to induce people to purchase, the city has decided to draw up a price list of lands for sale and offer them on time payments with 25 per cent down and the balance in five annual instalments.
 The city will pay five per cent discount for spot cash and will also pay five per cent commission to licensed real estate agents negotiating a sale. Five per cent may also be allowed to anyone erecting a building on the land within one year under conditions.

Those Washable Rugs—We Can Help You With Them

Is there anything that adds more to the cheerfulness of bedroom, bath or den than a well-kept washable rug?
 True, they are difficult to keep clean, these days when the youngsters are so much indoors, and most backbreaking to wash—unless you have tried our way.
 Ours is the labor-saving, efficient method. You simply make a roll of your rugs—then telephone us. We scour and rinse, and scour and rinse them again until much of their first freshness and color are restored.
 Or perhaps your blankets, comforters, curtains and pillows need washing. All these things that it is so difficult to wash in the home we make a specialty of. Our pure soft water, fleecy suds and superior drying enable us to handle this class of work in a way that no laundress can rival.
 Telephone, or mail us a card, and we will have our driver call.

PEPS

will promptly STOP Your CHILD'S COUGH

When a child starts coughing mother's duty is to give the little sufferer a Peps tablet, and thus prevent any weakening of the lungs. As the tablet dissolves in the child's mouth, the soothing medicinal fumes give off passively through the tender breathing passages straight to the lungs and bring immediate comfort and relief.

Peps contain no opium or other harmful drugs, and can be given to a child (either whole or crushed to a powder) with the assurance of absolute benefit.

One little Peps at night will clear the breathing passages and let the little one's sleep be unbroken by coughing fits. A Peps before starting for school in bad weather is also an invaluable safeguard for the children's throats and chests. All dealers, 50c. box.

KNIGHTS OF COLUMBUS TO HOLD DANCE FIRST FRIDAY IN FEBRUARY
Arrangements are now under way for the holding of an informal dance by the Knights of Columbus in St. Andrew's Hall on Friday evening, February 1. This dance, the first to be given by the K. of C's, will be invitational and invitations will be mailed in a few days. Refreshments will be served and Gray's orchestra will provide the music. A few special features will be introduced at this dance that will prove of interest.
Dancing will commence at 9:30 and the regular program will start at 10 o'clock. This event will be a big one and coming as it does prior to the opening of the Lenten season, it is expected to be patronized by the best people in the city.

ROLL OF HONOR
Publication Containing 50 Volumes Officially Published
LONDON, Jan. 19.—A series of 50 volumes containing the names of soldiers who died in the Great War is now being officially published. Except in the case of the smaller corps, a separate roll is devoted to each regiment.
These rolls of the dead have been compiled from information furnished to officers-in-charge of records through the official casualty lists; but it is expressly stated that nothing contained in them can be used in any representation which it may be desired to make on the subject of rank or decorations, or anything consequent upon any casualty. The price of most of the volumes varies from 2s. 6d. to 7s. 6d., but the volume containing the names of the R.F.A. and the R.F.C. will be published in 68 separate sections of 2s. 6d. each, and that of the London Regiment, Inns of Court O.T.C., and B.C. (Infantry) in 16 sections of 1s. each.
The first three volumes to be completed are those of the King's (Liverpool Regiment), the Devonshire Regiment and the Royal Inniskilling Fusiliers. A separate volume in two parts containing the names of the officers of the Old and New Armies and of the Territorial Force respectively, who died in the war, has been prepared.
There may be something you want. See the classified column

PLANNING FINE PRIVATE HOTEL

J. F. Maguire Promoting Erection of Exclusive Boarding House for Non-Housekeepers

A scheme is being promoted by J. F. Maguire, who organized the Terminal Investment Syndicate in 1909, for the erection of a fine big boarding house or family hotel at the corner of Second and Allin Avenues, Section 2. Plans are being prepared and estimates are being asked for. Some of the capital has been subscribed and many persons have signified their desire of being occupants of the new house which would be the finest of its kind in the city.

The lot, upon which Mr. Maguire has an option for the building, is a large triangular corner facing the new Morse Creek bridge. It measures 66 by 66 by 140 feet and will need but little surfacing to put it into shape. It is at the extreme east or city end of Section 2 and is but ten minutes walk from the post office.

Three Storeys
The proposed building will be of three storeys, triangular in shape, to cover the lot with the exception of a lawn in front and open air courts between the wings. There would be 40 or 50 bedrooms, a large dining room and social hall with large fireplace. Each floor would be amply provided with baths and lavatories. In the basement would be the janitor's quarters and, possibly, a billiard hall. The building would be steam heated and nearly all the rooms would face outward. It may be constructed of either frame or concrete.

Long Felt Need
The house would be conducted along the lines of a high class boarding house. There would be a staff of kitchen and housekeeping help and it would be something like a hotel, only more informal and exclusive. It would fill a long felt need in the city for a place where single people or small families could live and at moderate rates avoid the necessity of housekeeping.

The construction of the new house in Section 2 would be a direct result of the putting in of the new Morse Creek bridge which will bring it close to the business section of the city.

JACK JUDGE MAKES TRAIL WIN CLEAR

With Perfect Score by Trail Wanderers Now Forced to Second Place.

With Jack Judge winning the sixth billiard game of the Sons of England vs. Trail match by a score of 200 to 153 over Steve King, the Trail Club have made the first possible 1200 of the Trail Cup series and have also taken first place in the series by a substantial margin over the Wanderers. The highest break last evening was made by Jack Judge when he scored 32. The best break of the season, so far, was made by Col. McMorde when he made 37 points. The total for the Trail-Sons of England series now stands at 1,200 for the Trail and 995 for the Sons of England. Tonight the Wanderers play the Elks. Following is the billiard tour-

BOILS SO BAD HAD TO GIVE UP WORK

From the days of Job, up to the present time, boils have been one of the afflictions of the human race.

All the poisons and toxins you may do will not prevent them from breaking out again.

Boils are simply caused by the bad blood bursting out, and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters, which has been on the market for over forty years, is well known as the greatest blood medicine procurable. It purifies the blood by removing every particle of food matter from the system, and when this is done, the boils vanish, and will never be troubled again.

Mr. James Faneby, Newport Island, Que., writes: "I was troubled with boils on my back and neck, so bad that I was obliged to give up work. I tried several remedies, but got no relief. Finally I went to a doctor, and he treated me for several weeks, and all without benefit. At last a friend told me of Burdock Blood Bitters, so I decided to give it a trial. I got three bottles, but before I had taken two the boils were all gone. It is eight months now, and I have had no return of the old trouble, and have never felt so well."

B. B. B. is put up only by The T. Molarn Co. Limited, Toronto, Ont.

CARRUTHERS RETURNS HERE

Fishing Steamer that was Wrecked is Back After Being Rebuilt.

Spick and span in new paint and with a new ship flag flying from her foremast, the fishing steamer James Carruthers arrived in port yesterday. She brought north a cargo of supplies for the owners, the Canadian Fish and Cold Storage Co., Ltd., and was in command of Capt. Parsons.

The Carruthers, it will be remembered collided with the Surveyor a short distance north of here and was beached. Later she was raised and brought here and diked and then towed to Yarrow's plant at Esquimalt for repairs. Her new ship flag was particularly noticeable yesterday with the name "James Carruthers" on it, and the Canadian flag on the mizzen.

Raymond Hudson returned last night after a month's visit at Huttor Mills.

FOX FURS AT SPRING SALE

Good Prices Obtained at New York But 40 to 50 per cent Below Last Year.

NEW YORK, Jan. 19.—(Special)—The selling of furs took up most of the second day of the fur auction in the Masonic Hall here. Prices continued to show declines from those obtained at the annual spring sale last April.

The average prices brought by the furs sold today, as compared with the April averages, were from forty to sixty per cent lower. These were the actual percentage declines:

- Gray fox, 50 per cent.
- Blue fox, 40.
- White fox, 47 1/2.
- Groose fox, 45.
- Australian fox, 45.
- Silver fox, 50.
- Kolinsky, 55.
- Civet cat, 60.

Judged by current market values, however, the prices received today were considered good.

TIPPED CONDUCTOR TWENTY THOUSAND

Story of Loss of Cash and Reward for Finding it at Paris.

PARIS, Jan. 19.—Railwaymen here are telling a story of a passenger who lost £80,000 in a wallet, and of the magnificent reward of £1,000 (\$20,000) which they share between them.

One day last week a young American boarded the boat-train to Paris. He had the £80,000 in bills in a leather case. During the journey he put his precious packet in the rack. In the evening the train arrived at Paris just as it was getting dark. An industrious search failed to reveal the whereabouts of the wallet, and the traveller was obliged to give up the hunt, telling two conductors who were helping him that they would get a "good reward" if they brought it to him in the morning.

Contents intact. He was as good as his word. One of them found the wallet, with its contents intact, behind the cushions where it had slipped. At the hotel the scene was short and sweet. The owner of the find quickly counted out in front of the amazed eyes of the railwaymen 50,000 francs each, thanked them briefly, and returned to his business. Those lucky and honest men state that they are going to remain in their jobs. One is going to fix up a little business for his wife with the windfall. The other is making a present of it to his fiancée.

A few days ago another traveller lost \$100,000. But this one contented himself with a reward of five francs—two shillings at the present rate of exchange.

NEW LAWS FOR MANY STATES

Large Program Proposed; Legislation Asked for Sunday Games; Would Legalize Boxing

NEW YORK, Jan. 19.—Legislatures of 15 states and territories, most of which open their sessions this month, have before them formidable programs of tax reform, dry law enforcement, election redistribution in accordance with the 1920 census, soldier bonuses, public improvements, revision of constitutions, laws for husband-and-wife, industrial and suffrage legislation, state aid for farmers, boxing commissions, new financing, retrenchment by consolidation or abolition of state departments, anti-radicalism, automobile regulation, reorganization of state militias, relief for public utilities, amendment or repeal of primary laws, commission or "manager" plans for cities and counties, and pro and anti-blue law enactments.

Irrigation
California, with its ambitious \$750,000,000 state-wide irrigation project, leads the states in the matter of proposed public improvements and will ask the legislators to authorize a survey of the contemplated enterprise. Colorado has a big mountain tunnel in contemplation. West Virginia solons will be required to pass laws at the session opening January 15 providing for the expenditure of \$50,000,000 for building good roads, for which the people voted a bond issue at the recent election. Missouri also must provide \$60,000,000 road building legislation.

Establishment of a state constabulary, urged largely by farmers, and enactment of a bill legalizing boxing, in addition to a proposal to repeal her state primary law, held unconstitutional by the State Supreme Court.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$1 an acre; second-class to \$1.50 an acre.

Pre-emption now confined to surveyed lands only.
Records to be granted covering only land suitable for agricultural purposes and which is non-timber land.
Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but may be necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.
Where pre-emptor in occupation not less than 5 years, and has made proportional improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$100 per annum and records same each year. Failure to make improvements of record same will operate as forfeiture. This cannot be obtained in less than 5 years, and improvements of \$100 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homestead title to be obtained after fulfilling residential and improvement conditions.
For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.
Mill, factory or industrial sites on timber land not exceeding 640 acres may be purchased; conditions include payment of stumpage.
Natural bay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Release of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining in everying with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.
No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.
Provision for return of moneys accrued, due and been paid since August 6, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.
Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 21, 1920.

SUB-PURCHASERS OF CROWN LANDS.
Provision made for issuance of Crown Grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, or fulfillment of conditions of purchase, including taxes. Stock-owners may also do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.
Grazing Act, 1919, for systematic development of livestock industry provided for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for set-back campers or travellers, up to 100 head.

Against Blue Laws
Vermont "liberals" plan an attack on blue laws of the state insofar as they relate to observance of the Sabbath. An effort will be made, it is said, to modify the present statutes so as to permit amateur sports, particularly baseball on Sunday, where the sport is not commercialized. Local option such as exists in Massachusetts, enabling individual cities and towns to determine their own practice in the matter of Sunday games, will be sought. New Hampshire, Pennsylvania and South Dakota are also expected to discuss anti-blue laws. California, meanwhile, will argue the merits and demerits of a Sunday closing bill.

Reorganization of the state judiciary system and a constitutional amendment proposing that none but "American citizens, native or fully naturalized, be allowed the right of suffrage in Texas" will be before the law-making body at Austin, Tex., beginning January 11. Another Texas bill would exclude Orientals from acquiring land within the state. Kansas representatives will have bills before them providing state aid for highway construction and financial assistance to farmers in purchasing homes.

Capital Punishment
Capital punishment, as a result of legal discussion over the Cole-Grahamer murder case, will confront the Nebraska legislature and West Virginia will act on proposals to abolish private detective agencies. The first-named state also will consider amendments to laws relating to marriage in order to make non-support an extraditable offence. California legislators once again will be called upon to consider the act of 1919, which was designed to place a wife on an equality with her husband, and which was defeated last Fall.

Many states will be confronted with the problem of raising funds to pay soldiers' bonuses voted at the last election. South Dakota is pledged to obtain \$6,000,000; Montana legislators will vote on the question of a bonus for 40,000 ex-service men; Delaware lawmakers will take a similar vote; Connecticut must raise \$2,500,000 for soldier relief; New Hampshire, in addition to a bonus, may exempt veterans' property from taxation up to \$500 value; Iowa solons at the legislative session beginning January 10 also will consider a soldiers' bonus bill.

SHORT OF BREATH Could Hardly Walk Without Resting.

When you send a physician to be examined for any heart trouble one of the first questions he asks is: "Are you short of breath?"
Now, when the heart becomes affected there ensues a feeling of a choking sensation, a sensation of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness and a weak sinking, all gone feeling of oppression and anxiety.
On the first sign of the heart becoming weakened or the nerves uniting the Lumbi Heart and Nerve Pills are just the remedy you require. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.
Mr. Stephen Cooper, East Chford, N.S., writes:—I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Murrell's Heart and Nerve Pills and I felt better after taking them; three boxes made me quite well. I am now helping my son to work on the farm, and can truthfully say I feel like a different man.
