Liberal Leader is Not Informed of Policies In Tolmie Invitation

"Not in Public Interest" For Him to Enter Union—Tells What He Would Do If Called Upon to Form Government—Present Atmosphere Not Healthy

VICTORIA, Sept. 14:—"I do not believe that the public interest would be best served by my agreeing to do so," T. D. Pattullo, provincial Liberal leader, stated in a letter written to Premier S. F. Tolmie in reply to the latter's invitation to the Liberal leader to become a member of a union government. Mr. Pattullo further stated in his letter that he had not been informed as to what new policies or administrative measures the Premier has in mind which could not already have been put into effect with his present large majority in the Legislature. But even without this information, Mr. Pattullo said, his (Mr. Pattullo's) and the Premier's viewpoints had been at almost complete variance during the present administration and it was not reasonable to suppose that these differences could be suddenly reconciled.

PLAN OF MAHATMA

Decides to Starve to Death Because He Does Not Like Way Electoral Situation Handled

LONDON, Sept. 14:—Mahatma Gandhi's intention to starve himself to death by a hunger strike which he plans to begin on September 20 unless the Hindus are granted the franchise was revealed by the publication Monday night of correspondence between Gandhi, Premier J. Ramsay MacDonald and Sir Samuel Hoare, Secretary for India.

Gandhi's decision resulted from his objections to the government's plan to provide a modified form of separate electorates for the untouchable caste.

It appears probable that the government will release Gandhi when he commences his hunger strike.

PASSING OF FRANK WARD

Well Known Island Resident Dies After Lengthy Illness—Daughter Here

MASSETT, Sept. 14:—A well known and respected resident of Graham Island, Frank Ward, died at Massett in his sixtieth year. Mr. Ward had been in ill-health for over a year and, while his death did not come as a surprise, yet it saddened the community. The sympathy of everyone is extended to his widow and children.

Mr. Ward and family came to Graham Island in 1924 and built themselves a commodious rustic home which they called Sangun Grang, near Sangun River. The five children all married and moved away but Mr. Ward stayed on at his ranch until taken suddenly ill in June, 1931, when he was removed to Massett and taken care of by his wife until time of death.

Mr. Ward was born in Bradford, England, and came to Canada in 1904, settling first on the prairies. Later the family moved to Juneau, Alaska, where, for ten years, Mr. Ward was head of the drafting department of the Alaska Gastineau Mining Co. When the mines finally closed Mr. Ward felt the urge to establish himself once again on British soil and came to B. C. Those knowing him can testify to his unflinching kindness of heart and his care to injure no one in life, whether great or small. Few words of personal commendation ever passed his lips. Though offered high positions with his old company in Utah and Peru, Mr. Ward preferred to stay in his new and last home.

Besides Mrs. Frank Ward of Massett, the deceased leaves to mourn his loss three daughters, Mrs. George Hill of Prince Rupert, Mrs. Frank Edney of Hoquiam, Wash. and Mrs. J. P. S. Burton, of Massett and two sons, Patrick Ward of Pouce Coupe and Fred Ward of Port Clements. A brother of the deceased, Alfred Ward, lives at Auckland, N.Z.

The funeral service was conducted by Rev. R. P. Graham. Mrs. E. Pongs was at the organ. After singing of hymns, concluding with "Abide With Me," the funeral party proceeded to the North Beach Cemetery, where interment was made. Pallbearers were Angus Cameron, J. Carlson, W. Currie, R. Evans, W. Singer and Dr. J. Cecil Dunn.

Flowers were sent by Mr. and Mrs. Chas. Smith, E. Walters, Mr. and Mrs. J. J. Sutherland, Mrs. Jas. Martin, Mr. and Mrs. Bridden, Mr. and Mrs. H. Carpenter, Mrs. E. H. Simpson and family, Mrs. M. Burton and others.

DAILY EDITION Wednesday, Sept. 14, 1932

THE BUREAUCRATIC MIND

The mind of the bureaucrat is worthy of study, especially at a time when an election is in sight. The bureaucrat believes that he is ordained from on high to share with a few others all the wealth of the world and that the rest of mankind were created for his sole use and benefit. He is a worthy successor to the old time kings who thought they ruled by divine right.

We have all been through a difficult time. Some businessmen have gone to the wall but most of them have saved enough from the wreck to start again. Others have struggled hard and denied themselves in order to keep going and pay their way. Wage earners and salaried people have found their stipends cut considerably and their burdens increased through increased taxation. Others have been less fortunate yet and have found themselves left without resources and have been dependent on municipal or provincial dole.

With this condition obtaining a movement is made to cut salaries and wages still further and to let more employees out of their jobs so that the taxes may be lightened and the provincial government be enabled to balance its budget. This would add to the number of unemployed and be the cause of suffering to hundreds of people so that the larger taxpayers may benefit.

Economy is necessary. All are agreed as to that. The budget must be balanced but not by throwing more people on the dole. What is necessary today is an administrator who knows his business, who has courage and ability and whose administration will command confidence in the industrial and financial world. As we see it, there is only one man for the job and he is the logical successor to the group now in charge of affairs. He has experience, ability and courage.

The difficulty is that this man is not favored by the bureaucrats. He is too strong a man for them to handle. The contest now in sight is between those who cater to the bureaucrats and those who believe in giving every man an equal chance irrespective of his social standing, wealth, original nationality or political affiliation.

Man in the Moon

Premier Tolmie's new "union" gives promise of turning out to be a "liop."

The invitation to Duff Pattullo seems to have been an afterthought.

We think that Simon Fraser would have liked to have got along without Thomas Dufferin.

Anyway, there are unmistakable signs of an election.

Otherwise, why this very tempting P. G. E. deal all of a sudden?

We thought the government would have had to pay them to take the P. G. E. away rather than get money for it.

There is a "black smoke" somewhere in this woodpile.

Even Mahatma Gandhi is getting restless again and that reminds us it is a week or so since we had heard from him.

If Premier MacDonald would take our suggestion, he would take the Mahatma at his word.

With all due respect, the going might be easier if he did make the "supreme sacrifice."

But we think he would get too hungry to do it after all.

And India would still be safe for democracy and Hindus.

Ottawa session, P. G. E. provincial election, "union" government, Gandhi—lots to talk about these fall days.

BUSINESS IS ASKED

Larger Measure of Support Being Sought By Canadian National Employees Here

A circular letter which has been sent by a committee representing employees of the Canadian National Railways to various public and semi-public bodies in the city bespeaking from merchants and the public generally an even larger measure of support in the way of passenger and freight business for Canadian National Railways and Steamships was read at last night's school board meeting and, on motion of Trustees Brooksbank and Schubert, was sympathetically received and filed.

The letter pointed out a number of reasons why the Canadian National was more entitled to local business than its competitors. The Canadian National was giving equal, if not better, service. In addition, it maintained, even during the present depression, some 200 families whose income was spent here. Further, the company paid some \$100,000 per year in local taxes.

An increase in business might have the effect of even more employees being put to work here.

Signatories of the letter were F. A. Rogers, R. T. J. Rose, R. Yates, Frank Derry, J. A. Teng, James Simpson and S. V. Cox, representing employees of various branches of the railway company.

and the company was divided into four patrols in charge of Misses Freda Mussallem, Betty Ellison, Eileen Yates and Jean McLean. The Rangers were divided into two patrols with Misses Muriel Brewerton and Edith Brewerton as leaders. Both these girls have their first-class badges.

Plans for the forthcoming winter's work were discussed and the meeting ended with playing of games.

FINE FILM SEEN HERE

Tallulah Bankhead, Gary Cooper and Charles Laughton Starred in "Devil and the Deep"

Drama, torrid romance and thrilling action have been mingled to make "Devil and the Deep," mid-week feature offering on the screen of the Capitol Theatre here, one of the finest pictures in recent months. It is an excellent demodrama distinguished by three stellar performances by Tallulah Bankhead, the glamorous new star, the ever-popular Gary Cooper and Charles Laughton, English actor.

The film begins in a North African seaport and moves swiftly through growing dramatic action to a terrifying climax aboard a sinking submarine. The story follows the strange machinations of a submarine commander's insane jealousy of his young wife which leads to near-tragedy when the man goes completely mad and attempts to wreck the submarine with himself, his wife and his wife's lover aboard.

Miss Bankhead is glamorously beautiful in the role of the wife in which she is said to give by far the best performance of her career to date. Gary Cooper is responsible for a fine portrayal of the young lieutenant who loves the wife of his commander. The outstanding performance of the film, however, is contributed by Charles Laughton, an English actor, whose portrait of the crazed submarine commander is his first screen creation. Laughton is being hailed as a worthy successor to Lon Chaney, famous character actor, on the silver sheet.

As the weekly revival feature for tonight in addition to the full regular program, the management of the local theatre is bringing back "Children of Dreams," a musical picture featuring Margaret Schilling, the talented German actress, which was very popular on the first run here.

Charles Bocking, president and managing director of the Granby Consolidated Mining, Smelting & Power Co., is a passenger aboard the Prince Rupert today going through to pay one of his periodical visits of inspection to the plant at Anyox.

The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opportunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.
