Wallaces Want To Retain Shipyard PROGRESSIVE POLITICAL PARTY OPENS CAMPAIGN AT BRANDON

Shipyard Gets Contracts Overhauling Vessels Since Rupert Drydock

Mr. Wallace, manager of the local shipyard, stated this morning that his firm was anxious to remain here and work up a shipbuilding, ship repairing and general engineering plant. He offered them to the Canadian National and they accepted. They are prepared to do any kind of work of a similar nature. The offer they made has been acknowledged but they have had no intimation as to whether they will be accepted.

Wallace Shipbuilding and Drydock Company Limited is anxious to keep the work here. They have just secured a contract to overhaul the tugboat "Huron" for the firm of Messrs. J. P. Suttie, the firm's successful bidders in the competition with other firms. The tugboat is owned by the United States and is a light house tender. It has its headquarters at Seattle.

It has been made known that the decision to build on the run for the tugboat has delayed matters. It is expected as soon as possible.

STARTING COW BAY CROSSING

Provincial Government Will Have Work Under Way Immediately.

The Provincial Government is to start at once on the work of putting in the level crossing at Cow Bay following permission having been granted recently by the Board of Railway Commissioners. J. P. Suttie, engineer, will arrive tonight from Quick to start the surveys. The work will be under way as soon as possible. It will likely be done on the contract basis.

FISHING BOY SCOUTS

A. W. Woods Puts Before Rotary Club.

The support of the Boy Scouts and the establishment of several troops here, A. W. Woods this morning addressed the Rotary Club for a few minutes. He said that the movement meant building up a healthy manhood, the foundation of a healthy nation and laid the foundation of a healthy manhood. It was good leaders whom the boys followed and who would be with them. Behind them was an executive body to act as an advisory body and also a committee of

REAR-END COLLISION IN LONG TUNNEL IN FRANCE LAST NIGHT

PARIS, Oct. 6.—Many persons were killed in the burning wreckage of a rear end collision of two suburban trains in a half mile tunnel leading to St. Lazaire station from which five bodies were taken. Twenty-six people were seriously injured and 53 slightly. The injured were recovered.

PARIS, Oct. 6.—(Later)—The death list in the tunnel disaster now stands at seventeen.

ATTACKED.

The British have been accused of imperialistic designs in Palestine, at the Zionists' Convention in Carlsbad. When a telegram of greetings was read from Sir Herbert Samuel, British Commissioner in Palestine, the minority in the congress attacked him for not defending Palestine sufficiently against Arabs, saying he was there as the representative of British imperialism. The picture shows Sir Herbert Samuel.

YANKEES WIN SECOND GAME

Repeated Yesterday's Performance Today and Won by 3 to 0.

ATTENDANCE RECORD WAS MADE YESTERDAY

NEW YORK, Oct. 6.—The New York Yankees repeated yesterday's performance today when they were again victorious, defeating the Giants in the second game of the World Series by a score of 3 to 0.

Nehf and Smith comprised the battery for the Nationals and Hoyt and Schang for the Americans. The Yankees made three hits and the Giants two but the latter were unable again to make the circuit even once. The Nationals made three errors. The Yankees made one run in the fourth and the other two in the eighth.

The Giants had primed their southpaw siege for today's battle with little Arthur Nehf in the box in the fray with the American League champions. They also held in reserve the big right hander, Fred Toney, to match their opponents if necessary. The Yankees used Hoyt with Shawey in reserve.

Smears Goose Eggs

The youngster, Waite Hoyt, came over from his home in Brooklyn and besmeared the Giants with his goose eggs while the Yankees walked off the field with the second game of the world series by a score of 3 to 0. The base running of the Yankees was again a feature. Bob Meusel stealing home in the eighth before the astonished gaze of John J. McEraw, the manager of the Giants. Babe Ruth, who had been passed in three of his four appearances at the plate, showed he could do something more than make home runs when he stole second and third in the fifth frame. Nehf pitched a good game for the Giants but his own error in the fourth and Frisbie's in the eighth made a hole in the National defence through which the American Leaguers pushed over the winning runs.

Yesterday's Game.

It was Carl Mays with one of his masterful exhibitions in the box who was largely responsible for the Yankees' victory yesterday. Mays had good support and the fielding behind him was of the best. Pretty work with the stick and clever running on bases also contributed largely to giving the Yanks the jump in the first all New York series ever played for world's baseball honors. Babe Ruth made no home runs but he did some timely hitting. He was fanned twice by Douglas who left the game in the eighth inning when Earl Smith, pinch hitter, went to bat for him. Barnes pitched the ninth inning for the Giants.

Attendance Record.

The official attendance yesterday was 30,293 and the gate receipts were \$103,963. This constitutes a new record. The players' share was \$53,022, the two clubs, \$35,348 and the National Commission, \$15,594.75.

Although Douglas was blamed for losing the game he struck out six men to Mays one.

The score by innings:

Yankees	0	0	0	1	0	0	2	0	—3
Giants	0	0	0	0	0	0	0	0	—0
Box Score									
	B.	H.	E.						
Yankees	3	3	0						
Giants	0	2	3

Unemployment Relief to be Similar to Last Winter in Methods Financing Work

OTTAWA, Oct. 6.—The Government's proposals for unemployment relief during the coming winter include an offer to bear a share of the cost of municipal work above the normal cost, provided an equal share of the excess is borne by the provincial and municipal governments.

Where work cannot be provided, the Federal Government will continue to bear one-third of the cost of municipal relief, the other two-thirds to be borne equally by the municipal and provincial governments.

Hon. Gideon Robertson, minister of labor, in issuing the statement, says unemployment relief must continue to be a municipal responsibility primarily and secondly provincial.

LABOR HAS BIG VICTORY

Wins by Majority of 4,000 in West Houghton Division of Lancashire.

LONDON, Oct. 6.—The by-election in the West Houghton division of Lancashire gives a majority of 4,000 to R. J. Davis, the labor candidate.

IRISH POLICE FIRE AND BREAK WINDOWS

Investigation Ordered into Allegations of Assault at Dumnaway.

CORK, Oct. 6.—Alleging that a shot was fired at them from a passing auto, the police at Dumnaway fired many shots in town breaking windows. Auxiliary forces are said to have entered houses and assaulted young men.

RE-ELECTED TO THE LEAGUE OF NATIONS

GENEVA, Oct. 6.—Four non-permanent members of the Council of the League of Nations, China, Belgium, Brazil and Spain were re-elected by the Assembly yesterday.

WAR VETERANS MAKE CHARGES

Inhuman Treatment of Disabled Soldiers Sent to Vancouver.

VICTORIA, Oct. 6.—The Great War Veterans' branch passed a resolution requesting the Dominion government to investigate the medical department of the soldiers' civil re-establishment in British Columbia. Charges were made at the meeting of inhuman treatment of disabled Victoria men sent to the Soldiers Civil Re-establishment, doctors at Vancouver for examination.

The Victoria organization went on record as opposed to the efforts of the provincial command to influence the branches against the principle of amalgamation with other veteran bodies.

JOHN REID NOMINATED

Was Chosen by Liberals of New Westminster on Third Ballot.

NEW WESTMINSTER, Oct. 6.—John Reid was nominated by the Liberals as candidate for this riding at the general election. The name of Joseph Martin, K.C. was also before the convention, which elected Reid on the third ballot.

Crerar Challenges Premier Meighen re. Campaign Funds

BRANDON, Oct. 6.—Hon. T. A. Crerar, leader of the Farmer party in the Dominion, opened his campaign before two crowded meetings here last night. He said the National Progressive movement was no longer a class movement but had gained the support of all classes. It would give sane government divorced from class legislation or interest.

Mr. Crerar said he saw the shadow of big business behind Premier Meighen and challenged him to disclose the source of his campaign funds.

Touching briefly on Premier Meighen's proposal for a grain pool, the speaker said it would be a political pool from first to last.

OWNERSHIP IS SUBJECT FOR ROTARY CLUB

Rev. G. G. Hacker Gives Interesting Address at Luncheon Today.

"Ownership" was the subject of the address by Rev. G. G. Hacker to the Rotary Club today. After referring to the fine work done by the Vancouver club in connection with the tubercular clinic, giving instances of the benefits it had been to the province, the speaker dilated at some length on the subject he had chosen. He said at present we were working under the Roman system of ownership which was to keep the other person out. Theoretically our system was pagan, but we were often better than the system.

Mr. Hacker told of the time when there was a famine in India. There was plenty of food in the country but there was no money with which to buy it. There was a case where the system of ownership was bad.

In this country the natives were owners of the land and they paid no taxes but they were able to keep others off. The Jews were not absolute owners of the land. Even our bodies we did not own, the speaker said. The body had to be treated properly, else extinction was the price paid.

INDUSTRIAL LIFE.

Turning to industrial ownership, Mr. Hacker advocated some system of joint ownership. He objected to the man who pretended to do a day's work and did not. There were also sins on the part of employers but when they got together they often found each was better than had been expected. If employers and employees would emphasize their agreements instead of their disagreements they would get on together better. He thought it was a duty of organized labor to see that every man did a fair day's work.

"The cure for ownership is more ownership," declared Mr. Hacker. He looked to partial ownership as one of the means of aiding in industrial disagreements. This was our own country. The patriotic poet said, "This is my own my native land." Our country was immense in size and in wealth. We grew the finest wheat, raised the finest apples, had the longest railways and were larger and better than other countries in many other respects. The prosperity as well as the debt of the country was ours. It was up to us

FLOODING OF STEAMER IS A MYSTERY

Nothing to Indicate How Canadian Importer Came Near Foundering off Coast.

VICTORIA, Oct. 6.—The cause of the flooding of the engine room of the S.S. Canadian Importer, which nearly caused the ship to founder, 600 miles off the Oregon coast, still remains a mystery. The vessel was examined on the drydock at Esquimalt and was found absolutely intact. The hull was staunch and the sea valves were in perfect working order.

PRINCE GEORGE TO RUN STILL

Saturday Boat Is Not to Be Taken Off Service as Was Previously Announced.

The steamer Prince George is not to be taken off the service this week by the Grand Trunk Pacific Coast Steamship Service as was announced last Saturday. It has been decided to keep the vessel on the Vancouver-Prince Rupert-Stewart service until further notice according to an announcement made this morning from Vancouver, leaving at 8 o'clock the same evening for Stewart and leaving for Vancouver on the return south at midnight on Sunday nights.

DAILY EDITION Thursday, October 6, 1921

Seems Too Much Like Passing the Buck.

It seems rather much like passing the buck for Seattle to send her unemployed on to British Columbia. There is nothing like being neighborly. We appreciate the American people and like to have them here, but not unemployed indigent at a time like this.

This is a time when we have to work out our own salvation. We are making an honest effort through our Provincial Government to care for the people who are out of work and out of funds. There is a little sum of two million dollars to be spent in finding work for them, but beyond that we cannot go, even to prove our neighborliness.

Does He Mean Higher Tariff or Not?

Premier Meighen at first came out in favor of higher tariffs and the urgency of getting the opinion of the people on the matter was so great that he could not wait a few weeks for the census returns, even though he had already waited years.

Both Liberals and Crearites admit that tariffs are necessary at the present time as a means of raising revenue. The great war drove the country into huge expenditures and the fixed charges amount to an immense sum, all of which has to be paid by the people through some method of taxation.

Good Price for Bonds of Province.

In spite of the ravages of the P. G. E., British Columbia bonds are still selling well. Yesterday's despatches told of the marketing of two million dollars' worth at a price very close to par, which will cost the province about six and a third per cent.

The money market, although often controlled to some extent by outside influences, is possibly the best criterion of the financial condition of the province. Speaking generally, the affairs are conducted on business lines. There may be some criticisms of administration, just as any private business might be also open to criticism, but in a general way the affairs of the province have been conducted on sound principles.

Who Would Have Nothing but Sunshine?

"Come where the sunshine beckons" exhorts the publicity enthusiast of California, who is trying to colonize the southland with retired Britishers of Victoria. "We have nothing but sunshine and blue skies."

That sounds pretty good, but British Columbia can do better than that. Here we, too, have sunshine, practically all the year round. And, for good measure, we are able to throw in pretty zephyrs, and glistening gems of rain, and pearly flakes of snow, and a benign sky that carries all the tints of the rainbow in a day, in everything.

CEREMONIES AT BOOTH SCHOOL

Nearly Four Hundred People Were in Attendance—Presentations Made.

There was a large attendance at the formal opening of the Sergeant William Booth School, Bays Cove Circle, yesterday afternoon and it is estimated that well on to 400 people were present. The various class rooms were opened for inspection and the visitors passed from one to the other. Many expressions of pleasure were made at the excellence of appointments in the new school and the good work that was being carried on there.

At recess, the pupils gathered in the auditorium and sang "O Canada" as an opening to the formal ceremonies. Dr. W. T. Kergin, chairman of the school board, was in charge and presented the Governor General's medal to Reid McLennan as well as entrance certificates to Martin J. Anderson, Hilda Beale, George G. Brochu, Dorothy Brown, Leona H. Parker, Alison E. Stephens, Alice W. Pillsbury, Alice E. Nelson, Paul C. Johnson, Frances Cross, George P. Edgar, Helge Essen, Elizabeth Groves, Elvin Johnson, Sam Joy, Angus Leines, Jack P. McMullin, Alex Mitchell, Norman Moorehouse, Annie Morrison, Richmond Mortimer, Wadeia Mussallem, Millicent Osborne, Rita Scherk, Norman Wilson, Harold P. Bell, Peter T. Black, Elizabeth V. Currie, Chester B. Clapp, Martin Hara, Howard B. Hibbard, Reuben Jacobsen, Hubert C. McDonald, M. Eileen Patmore, Thelma L. Smith, John W. Sutherland, John C. Stevens, David A. Tite, John Watts, Elgood E. Stephens, Reid L. McLennan, Gladys E. Nicholson and Russell J. Bulger. The gathering closed with the singing of "God Save the King." Mrs. E. V. Ling and J. C. McLennan, members of the School Board, were also present.

SOLOIST LAST NIGHT AT THE WESTHOLME

Miss Pullen Sang in Interval Between First and Second Shows.

There was not a vacant seat in the Westholme Theatre last night to see the picture "The Scuttlers" featuring William Farnum. The story was a very interesting one and it was well pictured. It will be repeated tonight.

Miss Dorritt Pullen of Victoria sang several songs between the first and second shows. She has a very good soprano voice and sings well. She was accorded a good reception, being recalled a second time. As this was her first appearance on a theatre stage she showed signs of nervousness which will be overcome by practice and experience.

The Man in the Moon SAYS—

HON. S. F. Tolmie is not on a political mission but he comes at a political time.

A WOMAN should be an ideal undertaker because she is good at laying out the men.

SHE also should prove a good member of Parliament because she is good at laying down the law.

SPEED is all right but a fast young man or woman may be counted out right at the beginning of the race.

IT is only of recent years that women have taken to raising chickens in the cities.

A RECENT visitor to Vancouver on his return stated that the only difference between the bathers he saw along English

Bay and our first parents was that Adam and Eve knew they were naked.

THERE would be fewer ladies' dresses hook down the back if men dared only decline the honor of fastening them.

SINGING while we dance is the latest thing in waltzes. Of course something had to be done to kill this dancing craze.

When David said "all men are liars" he must have been thinking of the man who said he liked to stay at home and help his wife clean house.

Aunt Jemima's Helpful Hints

Aunt Jemima will answer any questions sent in by readers of The Daily News.

Bride—You are mistaken, my dear. My recipe was for a mayonnaise, not for a "Marseilles." (2) Talcum powder does not mix well with hot cakes.

Mrs. Winkletip—La, la, how did you know Tuesday was my birthday? Yes, indeed, we had a lovely time at our house. The presents included a corkscrew, a corset cover, a recipe for home brew, a buzz saw, a corneop pipe and a safety razor.

Gertie—If the young man has stopped calling since your Pa quit making home brew, you should forget him. His affection was apparently not sincere.

Dear Aunt Jemima: My husband works in a store of this town and thinks so much of his

job that he dreams about it. We have been married only a short time. Sometimes, he tears the linen in his sleep and says: "Will there be anything else, ma'am?" It keeps me busy next day stitching up the tears. What shall I do?

Your loving little friend, MADGE. Ans.—Tell his boss, my love. It will show how earnest he is at his work. Maybe he will get his pay raised.

Ten Years Ago in Prince Rupert

October 6, 1911. City Engineer Davis and Ald. Hilditch have returned from a visit to the Woodworth Lake water and power site. Ald. Kerr is going out on Sunday. The contracts for the work will be let shortly.

A smoker is to be held in the Empress Theatre tonight in honor of the officers and crew of the Rainbow which is in port. Tomorrow night there will be a reception and dance in the Kaalen Island Club. The committee in charge of arrangements for the entertainment of the visitors comprises Ald. W. B. Clayton, A. J. Morris, George D. Tite, F. R. Benson, Major George E. Gibson, Fred Stork, F. G. Dawson, J. A. Kirkpatrick, H. Birch, S. P. McMordie, George Leek and J. H. Pillsbury.

City Solicitor Peters left this morning on the Prince Rupert for Victoria where he will prepare a bill to ratify the Grand Trunk Pacific assessment agreement.

FAREWELL PARTY FOR DAVE JAY WAS GIVEN LAST NIGHT IN MESS

Ten Couples Gathered to Honor Popular Young Banker Who Leaves for the South.

There was a delightful farewell party given at the famous Brimstone Lodge, the Bank of Montreal Mess, last night, in honor of Dave Jay, a popular member of the bank staff who leaves tonight for Vancouver to report to the superintendent for a new branch. Ten couples were present and the affair was very enjoyable although regrets were expressed that Mr. Jay was leaving the city. Dancing was the order and before the party broke up Mr. Jay expressed his thanks to the gathering for the honor that had been done him. He was sorry to leave Prince Rupert but hoped that some time he might be able to return and meet all his good friends again. Mrs. R. O. Jennings acted as chaperon and there were present: Miss Grace Tovey, Miss Dorothy Tovey, Miss Phyllis Jenks, Miss Madeline Nelson, Miss F. Fraser, Miss Hazel Ludgate, Miss Ethel Ludgate, Miss Marjorie Johnson, Miss Violet Cameron and Miss Gladys Kemp, D. A. Jay, Norris Pringle, Art Squires, E. Lister, C. W. Wilkinson, James Keir, H. E. WAR VETERANS' NEW OFFICERS

Semi-annual Meeting Held Last Evening in Club Rooms.

W. E. DENNING PRESIDENT; SEC'Y. CAMPBELL RESIGNS

The semi-annual meeting of the Great War Veterans' Association took place last night in the club rooms on Third Avenue. There was a good attendance and many important matters were taken up including the election of officers and the submitting of financial statements.

C. V. EVITT, auditor, presented the financial report for the half year. The funds were shown to be in a healthy condition. The report was ordered accepted and passed for the members' perusal.

Tablet Financing.

Letters from W. D. Vance, secretary of the School Board, and the Sons of England regarding the financing of the tablet in the Sergeant William Booth School was read and Thos. Collart was delegated to look into the matter. The Sons of England thanked the association for co-operation in supporting the selection of the name for the school.

Canteen business was discussed and was left to the new executive to act upon.

President J. H. Kelly, who presided, spoke of the Dominion convention to be held at Port Arthur on October 17. It would be an important gathering and such matters as unemployment and consolidation of the various veterans' bodies would be taken up. It was decided, however, on account of the great distance and the expense that would be involved, that no delegate be sent representing Prince Rupert.

Band Report.

W. H. Derry reported for the band. There was a good credit balance in favor of the organization and it was proposed to put on monthly concerts during the winter.

Before the election of officers took place, President Kelly stated that he did not intend to stand for re-election. He had been appointed zone representative of the provincial command and he felt that the work in the district would take up his time fully.

Officers Elected.

H. Phillipot, W. James and W. H. Derry were appointed scrutineers and the following officers were chosen for the ensuing half year:

Honorary President—L. Col. C. W. Peck, V.C., M.P.
Honorary Vice President—Major John McGregor, V.C.
President—W. E. Denning.
First Vice President—Dr. J. A. West.
Second Vice President—Theo. Collart.
Executive—S. L. Wartior, W. James, H. L. Landry, J. Mason and J. Bird.

President Speaks.

President Denning thanked the association for the honor which had been conferred upon him. He would do his best for the welfare of the association and hoped that he would receive full support from the officers and executive.

J. H. Kelly congratulated the new president and officers. He felt that a good slate had been chosen. He wanted to see the association entered in the Basketball League.

The resignation of J. M. Campbell as secretary was received and the appointment of a successor was left with the executive.

ALICE ARM MINE NEWS

Continuation of Work This Summer Brings Forth More Good Showings.

ALICE ARM, Oct. 6.—The past season has seen a continuation of mineral development work in the valleys and hills tributary to this town and several showings which have been uncovered have still further given proof of the wealth that lies in the district.

The Taylor Mining Co. are now working 12 or 14 men at the Dolly Varden mine. It is proposed to get out 3000 tons of ore from the new showing that was uncovered this year. The ore body measures about 100 by 20 feet and the mineral is similar to that in the older sections of the mine. It assays about 50 ounces in silver. The Dolly Varden Railway is not running now.

The Homestake Mining Co. is continuing operations on the property near the Dolly Varden.

Moose Mine.

Miles Donald and Don Morrison have spent the summer doing development work on the Moose Mine which is four miles beyond the Dolly Varden on Trout Creek. They have driven 186 feet of tunnel on the lower level and 66 feet on the higher. The ore is similar to that of the Dolly Varden but contains more grey copper. They have been prospecting to a width of 15 feet into mineral bearing quartz, picked samples of which have run 240 ounces in silver.

Development work continues on the Spaniard mine close to town. Two or three men are employed and there is some good ore in sight.

Copperfield Bonded.

William McLean has again bonded his David Copperfield mine, which is situated on the Dolly Varden Railroad just below the Dolly Varden itself.

John and Gus Strombeck are still working on the big showing they recently uncovered on the Torje. They do not expect to do much work during the winter.

Archie McPhail has driven 50 feet of cross-cut on the Last Chance mine which adjoins the Moose on Trout Creek.

In the Illiance River Valley, A. Hughes still is working two or three men on the Bellevue group.

PRESBYTERIANS TO HAVE BANQUET WITH VIEW STARTING CLUB

There was an informal meeting of the young men of the Presbyterian Church in the church hall last night, the object of which was to organize for athletic and social work during the winter season. No definite business was transacted but it was decided to hold a banquet next Wednesday night which will be open to the membership of the church generally. Officers will then be elected and the actual work of organization will be started.

SPECULATION RAMPANT IN RUSSIA'S CAPITAL

MOSCOW, Oct. 3.—Speculation is rampant in the capital of Soviet Russia. Wall Street, St. Francis Xavier Street or any other financial district in the world has not half as many "shoe-string operators" as this ancient city of the czars. The curbs are crowded each day with promoters trying to organize co-operative concerns from tea houses to automobile factories and the talk of money inside and outside the government has a capitalistic ring seldom heard in Russia before the Soviet government decided it was unable to handle all business.

Licenses for 897 shops and 5,482 market stalls or street wagons have been issued in Moscow since the opening of free trade. Market stalls pay from 1,000,000 to 1,500,000 rubles annually, according to location; bootblacks pay 300,000 rubles for their places of business, while shops pay 500,000 to 1,500,000 according to location and the proprietors must also keep the property in repair and clean the court yards and streets abutting their buildings. The government levies a tax of five per cent. in kind on concessionaires producing foodstuffs; eight per cent on chemical manufacturers and ten per cent on metal working firms. Twenty-six Moscow factories have been leased to private individuals out of 254 which the government has offered to concessionaires. These plants employ 1,700 men. The government has retained 315 factories employing 150,000 workers but it has assumed responsibility for feeding only 70,000. The industries retained are chiefly chemical, textile, metal, tanning, electrical and printing shops.

PASTOR'S FEE IS KISS; BUXOM BRIDE IS NEGRO

VANCOUVER, Oct. 4.—After completing the ceremony that linked Mr. and Mrs. Duncan F. Gates in wedlock, the groom apologetically presented the Rev. Vail-Stewart with one dollar with the explanation that they ran away from Seattle without much money. The buxom bride, however, did her "bit" by impressing a resounding kiss upon the cheek of the clergyman with the remark: "I'll sure never forget this kindness." The newlyweds were colored.

ALASKAN REGULATIONS FOR TRAPPING SEASON

Ban on Beaver and Marten Lifted by Bureau of Biological Survey.

JUNEAU, Oct. 6.—A complete new set of regulations for the protection of land fur-bearing animals in Alaska issued recently by the Bureau of Biological Survey, which became effective September 1, have just been made public.

May Be Temporary

There has been no open season for killing beavers since 1919 and none for marten since 1916. Prior to the time when closed seasons were established on these valuable fur-bearers the animals were reported as being rapidly exterminated.

"Why did the whale eat up Jonah?" "Because it was afraid it would be fined for food hoarding."

Sport Chat

The prospects for senior basketball in the city this winter are not very promising if Tuesday night's annual meeting may be taken as any indication.

A suggestion that has been made by W. E. Willisroft, the new president of the association, and one that has proved interesting and successful in other places is that the names of all prospective senior players be placed in a hat at another meeting and that new lineups be made for the winter.

The rounding up of all the players by the Sons of Canada and the Elks has just been a manifestation of club spirit. It has always existed here in a large degree and is not to be condemned.

Despite the situation as far as the seniors are concerned, it looks as if there will be as many 'ladies', intermediate and junior clubs in the field as ever this season.

OLD MAN ABANDONED BY HIS FOUR SONS

Vancouver Society Threatens Exposure Unless He is Supported.

VANCOUVER, Oct. 5.—"I am an outcast, aged and abandoned by my four sons who all have plenty." This is the amazing story told to the Vancouver Society for the Relief of the Worthy Poor by a venerable man whose name has been withheld.

The old gentleman claims he educated his boys and gave them a good start. One is a local tradesman, it is stated. Secretary Lind-Mason, of the society, states the sons explained their heartless conduct by claiming their father, who is 76, is eccentric and wanders from home at times.

PREDICTION OF IMPROVEMENT

Banker Thinks Countries of Europe Will Be Rehabilitated.

LOS ANGELES, Oct. 6.—Hope of Europe's complete economic reconstruction, judged by the lessons of history, was expressed here today by Alexander D. Noyes, financial editor of the New York Times, in an address before the convention of the American Bankers' Association.

"The country and its banking interests know now, and very much to their cost," said Mr. Noyes, "how completely the whole situation was misjudged in 1919, an illusion based on the assumption that there was not limit to the rise of prices and that an enormously increased trade with Europe, Asia and South America could be continued indefinitely on the basis of those and of a preposterous inflation of credit at American banks.

Mr. Noyes said that the vital question today is "the readjustment, the rehabilitation and the economic reconstruction of those half dozen European nations on whom fell the full shock and strain of four years conflict."

Despite the fact that Germany and Austria have been "notorious sinners" in their unprecedented paper currency inflation, indicating apparent economic chaos.

"It is a strange perversity which has blinded so many people to the fact that these very states of ours, now in the American union," declared the speaker, "were almost the first of all to try the paper experiment of Germany and Poland and to repudiate the paper when it had sunk to nothing.

Britain's Recovery.

A very notable change in 1921, Mr. Noyes said was when England took the first steps to gain control of its war-time currency notes. The minimum of £368,200,000 outstanding in December, 1920, he declared, had been reduced to £316,000,000 or nearly 15 percent.

sponge were passed over the paper obligations of revolutionary Russia—nominally valued now, I believe, in trillions—and if the present group of fanatics at Moscow were replaced by a sane and intelligent government, Russia would not be one of the great economic powers of the modern world."

Readjustment. Mr. Noyes said that the vital question today is "the readjustment, the rehabilitation and the economic reconstruction of those half dozen European nations on whom fell the full shock and strain of four years conflict."

He said that no more difficult and baffling problem has been presented in at least a century but that the restoration of national credit, the resumption of gold payments and the bringing of international exchange to a normal basis are possible of achievement.

DELAY IN RECEIVING LISTS OF OFFICERS AND ELECTION DATE

OTTAWA, Oct. 6.—Sir James Loughheed, acting premier, states that late developments made it possible that the date of election be not decided until the end of the week. But for the delay in securing complete lists of returning officers from the different provinces the date would have been announced on Tuesday.

BORDEN WILL NOT BE ELECTION CANDIDATE OWING TO ILL HEALTH

TORONTO, Oct. 6.—Sir Robert Borden announces he will not be a candidate at the forthcoming election. The condition of his health necessitates retirement from public life.

JOHN STOREY DEAD.

Sydney, Oct. 6.—John Storey, who in 1920 became Premier of New South Wales, is dead.

The National Independent Company's fishing schooner Scandia arrived in port yesterday afternoon with 55,000 pounds of halibut which she unloaded last night at the Sinclair Fisheries plant for shipment East. The Cape Spencer arrived this morning with 3000 pounds which has not yet been sold.

The fire department was called out at 2 o'clock this afternoon to the General Hospital where flames and smoke from a defective oil stove in the laboratory caused some alarm. There was no serious damage.

M. Sellness and J. St. Clair were fined \$50 each in the police court this morning for having liquor illegally in their possession.

SPENDING BIG SUM TO HEAD OFF UNEMPLOYED

VANCOUVER, Oct. 5.—"Keep away from Vancouver unless you want to either starve or work on the rockpile." Also: "Nothing doing in B. C. for jobless unless they have lived there six months preceding application for public aid." These are some of the statements now being issued broadcast over Prairie cities. The municipality of Vancouver has voted \$1,000 for publicity in the prairies, heading off an expected jobless horde. Committees are busy on plans to keep away unemployed strangers, while other committees are busy on plans for providing work and relief for resident unemployed. Every method is being adopted to "scare off prairie men. They will be refused aid, and drastic jail sentences will be meted out to vagrants, it is announced. The city is not concerned about unemployed in the province, but is devoting attention solely to the prairies.

CHEQUE FOR "40 BONES"; "BANK IS NOT BUTCHER"

VICTORIA, Oct. 4.—Blair Perkins won a bet of \$10 on the races here and did not notice how the cheque was made out until the teller told him the cheque could not be honored. "Better take it to a butcher," he suggested. Then Mr. Perkins saw that, although the figures were correct, the words said "Forty Bones."

NEW YORK HAS AN ELECTION

Will Choose Mayor on Saturday From Six Candidates.

NEW YORK, Oct. 6.—When Father Kickerbocker goes to the polls at the city election on Saturday, he will have an opportunity to vote for at least six candidates for mayor, though one of them is in prison.

The candidates are:
 Democratic—Mayor John F. Hylan.
 Republican—Cobden—Henry H. Curran.
 Socialist—Jacob Panken.
 Prohibition—George K. Hinds.
 Farmer-Labor—Jerome de Hunt.

Workers' League, (Communist)—Benjamin Gillow.
 Gillow, a former assemblyman, convicted of criminal anarchy, is serving a term at Sing Sing prison.

Preliminary skirmishes indicate that the main battle will be between Mayor Hylan, a candidate for re-election, and Henry H. Curran, President of the Borough of Manhattan, who won the spirited four-cornered primary race for the nomination by a plurality of more than 30,000 votes.

Seeks Re-election.

Mayor Hylan seeks re-election on the grounds that he has made good in his four years' term as chief executive; that he has been the friend of the people; has fought "big interests" and kept the traction fare down to five cents.

Mr. Curran, who has been in the city office for ten years, has not yet decided upon his platform in detail, but has indicated that he would follow the "five-minute" platform used in the primary campaign. The main issue, he believes, is that of conducting the city affairs on a business-like basis. He maintains Mayor Hylan's administration has been inefficient.

Mr. Curran and the mayor do not belong to the mutual admiration society. They have clashed frequently. When the annual police parade was held some months ago, Mr. Curran was not invited to the reviewing stand so he mounted a fire-hydrant and viewed the blue-coats as they marched by.

Republicans United.

The Republican workers have been busy applying salve to the wounds caused by the hot primary fight and apparently all is harmonious. The three defeated candidates recently dined with Mr. Curran and pledged their loyal support to him.

The city is normally Democratic. At the presidential election a year ago, however, President Harding polled 785,783 votes, and James M. Cox, democratic candidate for president, 344,131. The Socialist vote was 129,822, the Farmer-Labor party 13,275, and the Prohibitionists, 1,660.

Workers' League.

The new party in the field this fall is officially named The Workers' League of Greater New York, known as the Communists. Many of its workers formerly were associated with the Socialists.

Harry Whitsky, former executive secretary of the Communist party, who like Gillow, his running mate for mayor, was convicted of criminal anarchy, is a candidate for president of the Board of Aldermen.

Mrs. Rose Pastor Stokes, noted Socialist worker, is candidate for President of the Borough of Manhattan.

SAYS FULLER'S EARTH ABOUNDS IN PROVINCE

VANCOUVER, Oct. 5.—"We have discovered an enormous deposit of Fuller's earth in a northern section of British Columbia, and this will unquestionably form an important industry for this province."

This statement was made by Ralph O. Jessup, chemist and engineer, who returned from a visit north this week, and who leaves this week for New York. Mr. Jessup was accompanied by two associates who say they will raise ample capital to acquire and work the claims. The visitors decline to state just where the deposits were located. The announcement has been received with interest here.

SUES YOUNG WIFE FOR DIVORCE ON CRUELTY GROUNDS

VANCOUVER, Oct. 5.—Jason Burroughs, aged 49, is filing suit for divorce from his wife, aged 47, on grounds of cruelty, and he is asking damages from her parents on grounds of misrepresentation. The amount is "left to the honorable court."
 His plaint says he was encouraged to wed the girl after she had been in trouble, and to give her unborn child a name. Her parents, he says, are well-to-do. After the birth and death of her child one month following their marriage, states petitioner, she abused him and told him she was finished with him as she was only married for convenience. He also says she beat him frequently, threw domestic utensils at him, and blacked his eyes.

OFFICIALLY APPOINTED.

OTTAWA, Oct. 6.—R. F. Green and Hon. T. Crothers have been officially appointed to the Senate.
