Railway Presidents Being asked To Aid Government in Dealing with Pacific Great Eastern Ry.

VICTORIA, Nov. 29.—Premier John Oliver has advised a delegation of leading business men of the province that he has asked to ask the advice of President Beatty of the Canadian National Railway and President D. B. Hanna of the Canadian Pacific Railways to suggest names of men suitable to enquire into the whole Pacific Great Eastern situation and report to the government.

The business men have suggested that both the Premier and the leader of the opposition get together to select a committee of five to go into the Pacific Great Eastern situation and make recommendations as to the best way of handling it with a view to minimizing the losses of the road.

HOW SUPPORTS FRED STORK AT TERRACE

Kenney Presides at Gathering Which Filled Hall—Majority Assured.

TERRACE, Nov. 29.—The large campaign meeting held here took place last night when the press hall was filled to capacity. There were over 200 present, including a large number of ladies.

Chairman Kenney in opening his remarks first he was in doubt who to refer to. Through a returned address he was now convinced that the correct course was to support the Liberal government and the Liberal candidate.

Mr. Stork dealt with all the points which are now before the public and much enthusiasm was shown. Thomas McClymont gave an interesting address.

At the conclusion of the meeting a complimentary dance to the music of the orchestra was held, seventy couples taking part and dancing until midnight.

SURRENDER SAYS ULSTER

Not Enter an All-Ireland Parliament Under Present Conditions.

BELFAST, Nov. 29.—Sir James Craig, Premier of Ulster, told the House of Commons today that he had told Lloyd George that the British proposals for the settlement of the Irish question were "utterly impossible."

He said Ulster would not enter an All-Ireland Parliament under present conditions but was prepared to discuss other avenues to a settlement.

SERIALS WITHDRAWN FROM SOUTH AFRICA

Few Details Left for Instructional Purposes.

LONDON, Nov. 29.—The Union of South Africa defense force is withdrawing the military administration of the Cape Peninsula. The military troops have all been withdrawn with the exception of a few details left there for instructional purposes.

MILLION POPPIES WERE SOLD ARMISTICE DAY

OTTAWA, Nov. 29.—Over a million poppies were sold on Armistice Day in Canada by the Red Cross War Veterans. As a result they have \$90,000 for unemployed relief and another \$80,000 for the French Children's League.

BODY OF DOG RACER FOUND

Sitting Upright in Sled With String of Dogs Stretched Out Before Him.

THE PAS, Nov. 29.—The body of Walter Goyno, the famous American dog Derby racer who was drowned with his team of nine dogs in Moose Lake on November 13, has been found.

Looking through transparent ice, the searchers discovered the body within 22 feet from shore sitting upright in the sled with the nine racing dogs stretched out in a string in but eight feet depth.

The police believe that Goyno was going ahead at top speed for the shore in order to escape from the thin ice when he had a head-on collision through it and under the heavier ice. This made his escape impossible.

ZBYSZKO IS STILL CHAMP

Throws Strangler Lewis Twice Out of Three Times at New York.

NEW YORK, Nov. 29.—Stanislaus Zbyszko of Poland successfully defended the world's heavyweight wrestling championship last night by defeating Ed "Strangler" Lewis of Lexington winning two out of three falls.

Lewis won the first fall, a flying headlock in 17 minutes 31 seconds. The second fall went to the champion in 21 minutes, 26 seconds and the third in 14 minutes, 56 seconds.

NORMAN M'LELLAN DIED LAST NIGHT

Prospector and Carpenter Was Well Known Here and at Alice Arm.

The death occurred last night at 10 o'clock in the General Hospital of Norman McLellan, a well known prospector and carpenter of this district, aged 57. Mr. McLellan's demise was due to pneumonia.

Deceased was born at Durham, Ontario, and was brought up there. He came to British Columbia some twenty years ago and in Sandon worked with J. H. Thompson, the local hardware man. Later he came to the coast and has been in the north eight or nine years. He prospected and lived at Alice Arm for some time.

Mr. McLellan was a member of the local Carpenters' Union, that organization being in charge of the funeral.

Queer Queries of a Political Apathist

What is this Government that Colonel Peck has been so faithfully supporting doing for the unemployed?

If we are to judge the independent member by his record, does not his record show that he was at no time independent in the last Parliament?

Should we elect Colonel Peck to Parliament again, what assurance have we that he will do better than he did in the last Parliament, when he was a faithful and true supporter of the Meighen and Borden governments without any visible sign of independence?

Why is it Colonel Peck does not like answering questions?

Is it the Peck policy not to aid in giving relief to those who are unemployed?

Was the neglect of Prince Rupert by the Meighen Government part of the Peck independent policy?

What influence had the independent Peck policy on putting Prince Rupert at the end of a "stub" line?

If the independent candidate could aid us so little in railway matters in the past three years how much does he think he could aid us when sitting in the cold shades of opposition?

Why not elect Fred Stork when it is clear he could not do worse than his predecessor?

MORATORIUM FOR GERMANY

Matter Under Discussion in England Just Now, Says The Daily Mail.

LONDON, Nov. 29.—Rumors of the proposed moratorium for Germany has been revived by the Daily Mail, which says Sir John Balfour, British delegate on the reparations commission, has drafted a memorandum on the subject for the consideration of the cabinet.

Dr. Waller Rathenau, former German minister of reconstruction, and Dr. Walter Simon, former foreign minister, arrived in London today, and it is surmised the visit is in connection with the reparations question.

ENNIS, Ireland, Nov. 29.—One civilian was seriously wounded and several scratched in a clash between auxiliaries and civilians, when the latter attempted to move ammunition from the barracks.

EARL CRADDOCK WINS ONE FALL WRESTLING WITH KOTSONAROS

MADISON, Nov. 29.—Earl Craddock, the world's light heavyweight wrestling champion, defeated George Kotsonaros in a one fall match last night. The fall was secured after two hours, thirty-five minutes.

WASHINGTON, Nov. 29.—Admiral Kato, of the Japanese delegation to the armament conference, announces that Japan will demand a ratio of seventy per cent of the combined British and United States navies.

The Americans will not raise their allowance, which approximates sixty per cent. The matter comes before the conference shortly.

At the meeting of the conference yesterday it was agreed to remove the foreign postoffice systems from China if an efficient service is maintained by that country, and the French co-director general is to be allowed to confer with the Chinese authorities in regard to the matter.

WASHINGTON, Nov. 29.—The British arms conference delegation authorizes the statement that there is no intention on the part of the British Government to bring up the subject of international indebtedness at the conference.

FIRE WIPED OUT FLATS

MONTREAL, Nov. 29.—A disastrous fire this morning destroyed thirty flats on Teub Avenue, Rosemount, in this city. Many families are rendered homeless and one fireman is injured.

FISHING INCREASE

October of This Year Was Better Than Same Month Last Year.

OTTAWA, Nov. 29.—Canada's catch of sea fish for October amounted to 182,693 cwts., valued at \$1,165,121, a substantial increase over October, 1920.

In British Columbia there was sold 20,360 cwts of halibut, an increase of 3,000 cwts., and 118,576 cwts of salmon, an increase of 47,000 cwts.

BEER CLAUSE DELAYS HOUSE

Business Held Up by Opposition and Twenty-four Hour Session Is Threatened.

VICTORIA, Nov. 29.—The opposition claims the introduction of a beer clause into the Liquor Act for discussion of the Legislature breaks the agreement between the parties in the House by which the sessions were to conclude on Wednesday. The opposition blocked the estimates today so that only two passed.

The Government threatens to stage a 24-hour session if necessary in order to conclude the business on Wednesday.

H. G. Perry of Fort George asked if it was true that Dr. Baker had resigned his position as chairman of the Game Board. Attorney-General Ferris replied that he had had an intimation of Dr. Baker's desire to resign. Mr. Bowser said an intimation was not enough.

RESIGNATIONS ARE ACCEPTED

Westminster School Teachers All to Leave Except Six Result of Disputes.

NEW WESTMINSTER, Nov. 29.—The school board last night accepted the resignations of 87 teachers of the high school and public schools of the city. The resignations were tendered last week as a protest by the teachers against alleged unfair treatment in regard to salaries, etc. The resignations become effective December 31.

DOUGLAS WINS FAMOUS LIBEL

Collects Thousand Pounds Because Newspaper Said He was Dead.

LONDON, Nov. 29.—Lord Alfred Douglas, who sued the Evening News for damages in a libel suit here, has been awarded a thousand pounds. The newspaper published a premature obituary in which it alluded to incidents in Lord Douglas' career.

As a young man, Lord Douglas was a friend of Oscar Wilde, and it was mentioned in the obituary that degeneracy in the family was on the increase.

TAKING EVIDENCE AND ARGUMENT IN FISH CASE IS DONE

Judgment Was Reversed by Judge Young in County Court Yesterday Afternoon.

Hearing of evidence and argument of counsel in the fish boat Iris vs. Booth Fisheries Canadian Co. case, over the rejection of a cargo of fish, was finished in the county court before Judge Young yesterday afternoon and judgment has been reserved. B. O. Oughton, of Fisher & Oughton appeared for the plaintiff and Milton Gonzales, of Williams, Manson & Gonzales, represented the defendant company.

Power Proposals Investigated.

The superintendent of utilities has been under the instruction of the city council investigating the possibilities of increasing the power supply of the city by developing a tributary of the Shawatlans stream or by increasing the storage capacity of Woodworth Lake.

Power is one of the essentials of success for a new city. We want as much as possible at as low a rate as possible. Already we are using the whole or nearly the whole of the present supply.

It is for engineers to advise where we shall get our supply, and the council is taking the right method in investigating all possible sources. The difficulty with that method is that the time of the superintendent is being taken up with this outside work almost continuously and it must be difficult for him to at the same time keep the utilities running economically and efficiently and give them the proper oversight.

The local utilities are a pretty large order for one man to superintend. There is a lot of work to it. Those of us who are running much smaller businesses know how close superintendence is needed in order to get the best results.

P. G. E. Proving Continuous Drain.

The P. G. E. is proving a continuous drain on the finances of the province. Nobody realizes that better than John Oliver and the members of his cabinet.

The proposal that the Dominion Government should lift the load from the province is the most reasonable one suggested yet. It can hardly be expected that they will lift the whole burden of debt for the province must expect to be penalized for her hurry in railroad building.

This P. G. E. is being made a political football, but it must be remembered that it was initiated by a Conservative government and was left as a serious problem with which the present government must deal.

All British Columbians, except perhaps a few irresponsible politicians, would like to see this railway question settled. The way to help settle it satisfactorily is to elect Fred Stork for this constituency so that he may be able to add his influence to help lighten the load of the British Columbia taxpayers.

Trying to Shift Debts to Others.

We would all like to shift our debts on to someone else. We make mistakes and then we look for someone to help us. The province of British Columbia made a mistake of which the people approved and they must pay for it.

Victoria city also made a mistake. She ran into debt and then for several years refused to hold tax sales, with the result that her finances became somewhat involved. Then she turned to the Legislature for aid.

The Man in the Moon SAYS--

THE man who advocates a weak cause generally uses strong language.

WOMEN as traffic officers in New York should be a success especially if they are married women and have been in the habit of ordering their husbands around.

AN example of the entente cordiale between United States and Canada is found in the fact that the Americans were keen to get a recent shipment of 30,000 bottles of Canadian beer.

FANCY some of the independent organs in this city calling anything else rotten!

WHO are we going to vote for, says the man to his wife.

EVEN though the world has been made safe for democracy, it is just as necessary as ever to vote Liberal if things are to go right.

WLD other guides quail when they read about the one who was shot for a partridge?

ONE of the problems the man on the street has been propounding to the editor is: "Could a candidate possibly win an election with such a group around him as the independent Conservative candidate has and with such organs as the heavenly twins?"

IN one of the clubs in town it is said a sweepstake is being started to gamble on Stork's majority. The tickets run from five hundred to a thousand.

AS one poor misguided Tory remarked the other day. "It is not an election. It is a procession."

WHAT some people would like to know is, what leading Conservative gave \$150 to a good Liberal to place on Stork to protect his former bet.

COAL BUNKERS ARE DISCUSSED

City Council to Communicate with Alberta Government About Them.

"A new market for Alberta coal will be opened up if negotiations now under way between the provincial government and the Vancouver harbor commissioners carry out successfully. The latter are considering the construction of a floating dock in which coal will be stored from the mines of this province for bunkering steamers and other purposes, and the terms upon which they will undertake this enterprise are being arranged at the present time.

The foregoing despatch in the Calgary Herald caused Ald. Kelly to make inquiries at last night's council meeting as to what progress was being made in the matter of the establishment of coal bunkers by the Alberta government at this port.

Mayor Rochester said that he had heard nothing more since Howard Stutchbury, the Alberta trade commissioner, returned to Alberta some time ago. At that time he had practically assured him that the bunkers were to be built here.

The council passed a resolution requesting the mayor to communicate with the Alberta government on the matter.

RESOLUTION TURNED DOWN BY COUNCIL

Victoria's Demand to Legislature Filled Last Night—That City in Trouble.

The resolution submitted by the Victoria city council to the local council demanding the legislature to give better treatment to municipalities or else resign was filed at the meeting last night.

In moving that the resolution be filed, Ald. Dybhavn read a press report of a statement of Kenneth Duncan, independent member for Cowichan in the legislature, in which he stated that the city of Victoria was in no position to criticize the legislature with its finances in such a state as they were. Many figures given showed that that city was laboring under financial difficulties and that it was heavily in debt.

Ald. Berry seconded the motion regarding the improvement of the Union of B. C. Municipalities in following up its work. He suggested that the cost of membership be raised so that reports of its activities may be forthcoming for the cities.

Ten Years Ago in Prince Rupert

November 29, 1911.

The steamer Tees struck a rock in Kyuquot Sound this morning and fears are entertained for her safety.

The coroner's inquest over the body of John Crawford, who was killed when he fell over the embankment at the corner of Eighth Street and Second Avenue, disclosed yesterday that the deceased had been intoxicated. He is to be buried by Hayner Bros. at the city's expense, no relatives having been traced.

The Knights of Pythias elected standard bearers for the half-year last night as follows: G. C. W. W. Potter; V.E., H. M. Daggett; M. of W., R. W. Cameron; K. of R. and S., G. L. Stewart; M. of F., W. R. Love; M. of E. W. S. Robertson; M. at A., D. McLeod; I. G. D., H. McKenna; G. G., T. McLeod.

WRONGLY CATALOGUED.

The politician rushed past the official Gerberus into the editorial sanctum.

"What do you mean by insulting me as you did in last night's Clamor?"

"Just a minute," replied the editor. "Didn't the story appear as you gave it to us—namely, that you had resigned as City Treasurer?"

Alternative Plans for Developing of Power Woodworth or Shawatlans

T. C. Duncan, superintendent of city utilities, submitted a report to the city council last night regarding the development of the north fork of Shawatlans River and the further development of Shawatlans Lake with a view to increasing the city's power supply.

Dealing with the north fork of Shawatlans River, the report says: "I made a preliminary survey of the possible storage basin and found it so small that I did not spend much time or money on determining the exact pondage. However, from the elevations and measurements taken to estimate the area of the storage basin, it would appear that a dam 76 feet high and 326 feet on the crest would store 19,414,260 cu. ft. of water. This storage would supply a machine of 1000 horse power capacity (installed at a point about 800 feet below the junction of the two creeks) operating at 40 per cent load factor for eleven days.

If we did not anticipate the ultimate demand of the city to be greater than say 3,500 horsepower, we might be justified in undertaking this development but I am convinced that within a few years our demand will be double that and we have larger powers in the district which can be developed at a much lower figure per horsepower. I estimate the cost of installing a 1,000 horse power plant at the above mentioned location with remote control apparatus for operating from the present plant at \$24,000 for plant, labor and material. The carrying charges for the construction period, also the loss on the sale of the debentures, would bring this figure to over \$275,000 or \$275 per horsepower installed.

Woodworth Lake
In dealing with further development of Woodworth Lake, I figured on raising the dam 15 feet and I would recommend, if this work is undertaken to empty the lake and examine the dam thoroughly (making the necessary repairs and altering the valves and shape of entrance to pipes) before any work was done in connection with further development. I made a new survey of the present grade with a view to cutting out all sharp angles both horizontal and vertical. I find that it is possible to build a continuous wood stave pipe on the new grade without using specials.

"I am satisfied that we have sufficient water from the Woodworth Lake drainage area to permit of the further development of this scheme of 1000 horsepower. In considering this development I have located the new power house site about 800 feet below the junction of the two branches of Shawatlans River and I have figured on using approximately 800 feet of 45 inch steel pipe at present lying along the pipe line grade. For the 4000 feet from the dam to the north fork I propose using continuous wood stave pipe. I have also figured on installing remote control apparatus in this station to facilitate the operation from the existing plant instead of employing a staff of operators. I estimate the cost of installing a 1000 horse power plant at \$202,614. Adding to this the carrying charges for the

construction period, also the loss on sale of debentures, the cost will be over \$235,000 or \$235 per horse power installed.

Plans for Shutdown.
"In connection with this installation it will be necessary to arrange for the carrying of our city load during the enforced shutdown for repairs to the dam. Provided we could make the necessary arrangement with the dry dock we could install a plant in their power house to enable them to carry our city load at an approximate cost for plant and services of between \$15,000 and \$20,000. This equipment, of course to be used at any time for supplying the dry dock or buying power from them in the event of a breakdown of our line or plant."

CITY ROCK SCOW WAS SWEEP AWAY
Second One Tied Up at Wharf When Street Work Suspended—Contractor Wants Warning.
H. B. Babington, contractor for the bringing of Smith Island rock from the quarry to the city, reported at last night's council meeting that ice coming down the river had swept away the scow from the quarry. The continuation of the work might be thus impeded for the second loaded scow had been tied up here when the city had shut down the street work on account of the cold weather. The next time the city shuts down on the work, he requested that notice would be given. The communication was referred to the Board of Works.

In reply to a question by Ald. Parker, Mayor Rochester stated that the continuation of the work would now depend on the weather. As long as it was soft the work would continue but if it became cold it would be necessary to shut down during the spell.

TRAIL CLUB DEFEATS ELKS AT BILLIARDS

Five Games of Six Notted Trail Lead by 125 Points Last Evening—Sixth Tonight.

Five games of the billiard tournament between the Elks and the Trail Club were played last evening and the Trail is in the lead by a score of 914 to 739 in spite of the fact that they only won two of the five games. T. H. Pillsbury, playing for the Elks, made the highest break of the season so far when he ran 14. The sixth game of the tournament between E. A. Donohoe (Elks) and W. Blythe (Trail) will be played this evening at the Elks' home.

Following were last night's scores:

- W. Barbour (Trail), 200; A. Easson (Elks), 69.
- J. Shakespeare (Trail), 200; E. Green (Elks), 120.
- D. Brown (Trail), 172; J. H. Pillsbury (Elks), 200.
- J. Sudan (Trail), 151; C. Balagno (Elks), 200.
- J. Judge (Trail), 191; Bert McEvoy (Elks), 200.

ANOTHER COMIC OPERA HERE IN SPRING IS MUSICAL SOCIETY PLAN

General Meeting Held Last Night at Which Financial Statement Approved.

The Prince Rupert Musical Society decided at a general meeting last night that it would put on "H. M. S. Pinafore" in the early spring. This is the result of the recent success in the presentation of "Trial by Jury" at the Westholme Theatre, at which the finances of the society were once more placed on a sound basis and the foundation was laid for a reputation as musical entertainers.

"H. M. S. Pinafore" is another of Gilbert and Sullivan's attractive compositions. It is catchy and tuneful and should prove very popular.

At the meeting last night, at which W. E. Fisher, president of the society, presided, a good deal of enthusiasm was shown. The attendance was large and there was no doubt as to the desire to proceed with the preparation of another Gilbert and Sullivan work after the Christmas holidays.

The meeting was at the St.

The Elks and Sons of Canada will play their first official Senior League game this evening. The two meetings these teams have already had this season are not to be counted in the standing so tonight's game means the opening of the league as far as they are concerned. With their strength mustered, the Sons should be able to make matters more difficult for the Elks than they have done in the exhibition games. Clementson seems to be the tower of strength for the Elks but the Sons are confidently hoping that they will be able to hold him tonight. The two other games tonight will be the Boys' Junior match between the King Edwards and the Tiny Tims and the Intermediate fixture between the Elks and the Knights of Columbus. W. E. Willis will referee the Junior game, Joe Dell, the Intermediate and Les Scott, the Senior game.

The following is a record of scoring done in the Intermediate Basketball League so far this season: W. Mitchell (Colts), 25; E. MacIntosh, (Golds), 12; H. Frizzell (Colts), 9; D. Graham (S.O.C.), 8; F. Morrison (S.O.C.), 8; A. Astori (K. of G.), 7; Smith, (S.O.C.), 6; L. Astori (K. of G.), 5; W. F. Roberge, (K. of G.), 4; R. Davidson (Elks), 4; W. Gray (S.O.C.), 4; H. Ghelton (S.O.C.), 3; J. Mitchell (Colts), 3; Bazzell Jones (Elks), 2; Halverson (S.O.C.), W. D. Smith (Elks), 2; D. Farrell (K. of G.), 1.

Ladies' League—Miss S. Calderone (Maple Leafs), 22; Mrs. H. Mobley (Telephone Girls), 5; Miss Annie Kelly and Miss Leona Parker (Meteors), 4; Miss Louise Fisher (Maple Leafs), Miss L. Ross and Mrs. Sheenan (Telephone Girls), Miss A. Rorvick (Checkers), Miss M. A. Graham (Maple Leafs), Mrs. T. Moloney and Miss R. Moloney (Checkers), 2.

Junior Boys—G. Blythe (Dry Dock), 12; M. Budenich, (Tiny Tims), 1; F. Fraser (Dry Dock), A. Mitchell (King Edwards), 3; R. Jacobson (Dry Dock), B. Cavalier (King Edwards), 2; G. Glapp (Tiny Tims), 1.

The scoring records for the two Senior League exhibition games player as follows: G. C. Clementson (Elks), 26; A. A. Easson, (Elks), W. G. Anderson (S.O.C.), 16; W. R. Martin, (Elks), 6; L. V. Lane, (S.O.C.), 5; C. Dickenson (Elks), E. Smith, (Elks), V. Menzies (S.O.C.), J. Shakespear, (S.O.C.), 4; R. Priest, (Elks); H. Menzies, (S.O.C.), 2.

REBEKAH'S WHIST PARTY HELD LAST NIGHT IN ROOMS

There were thirteen tables at the Rebekah whist drive which was held in the Rand Block rooms last evening. An enjoyable evening was spent and refreshments were served before the gathering dispersed. Mrs. Frank Clapp and William Rothwell won the first prizes and consolation awards went to Mrs. F. Alexander and D. H. Morrison, the former having to put with Mrs. James Lee.

HEADS That Ache and Pain

It is hard to drag along with a head that aches and pains all the time. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

SURDOCK BLOOD BITTERS which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Dumour, Ont., writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Surdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

GRAIN SHIPMENTS LARGER THAN EVER CANADIAN NATIONAL

EDMONTON, Nov. 26.—Despite low prices, grain shipments from the west over the lines of the Canadian National railway have been at least one hundred per cent greater in bulk than during a similar period of 1920. The transportation of grain has been free and easy; there has been no rail congestion at any part of the Canadian National system in the west, the only hindrance recorded during the present season being that at the head of the lakes owing to elevator accumulation being overtaxed.

A. E. Warren, general manager of western lines for the Canadian National railway made the foregoing favorable announcement here. Mr. Warren, in company with W. G. Wanders, Canadian National general freight traffic manager, spent the day in the city, leaving for a trip into the south country to include the coal fields of the Drumheller valley.

Pointed in his declaration that the Canadian National had become sufficiently equipped to handle a great volume of business in the future, Mr. Warren made reference to the transportation of coal from the fuel areas around this city, from those to the west of this city and from the great Drumheller field.

Boosting Alberta Mines.

"We are prepared to handle all shipments you can give us this winter and then look for more; equipment will be available in every instance to give fast movement to all coal assignments no matter from which field," remarked the Canadian National western manager. He expressed the hope that the business of Alberta coal fields would continue to increase in volume. "There is nothing we would like to see better than your mines working to full capacity," he remarked.

CONCEITED DONKEY.

Fable: Once upon a time there was a citizen of a republic who didn't think he could handle matters better than the elected officials.—Baltimore Sun.

BETTER MILK

One of the finest dairy cattle in Canada is the Frasier. This is a well-known name. As you know, it is the milk as you know, is the only milk put up in this size and we feel that it is a small measure due to the large locations of our factories that so many fine herds are being developed between Holland and the Delta.

The high quality of Pacific Milk has made it the biggest business in the West.

ALL SPEECHES ARE MADE TWICE

Interpreter at Armament Conference Writes and Delivers Addresses in French.

CANADIANS TAKE PART.

WASHINGTON, Nov. 29.—Canadian Press.—Members of the various delegations at the Conference on the Limitation of Armaments and Far Eastern Problems, as well as the press correspondents who are gathered here from all quarters of the world have been struck with the speed with which the official communiqués of the various sessions, are issued and the accuracy of the reports of the proceedings of the open meetings of the conference.

The open sessions as a rule adjourn at about one o'clock. By 2:30 a complete report of the proceedings, including a verbatim transcript of all the speeches in the hands of every delegate and newspaperman accredited to the conference. This report is printed on a manifold machine, and is in English. There are copies in French for those who desire them.

Resembles Hansard.

The system employed is very similar to that by which the Hansard reports of the proceedings of the Canadian House of Commons are prepared. Expert stenographers, sitting at a special table in the conference room, take notes for stated intervals, transcribing their notes immediately upon being relieved by other shorthand men. The French speeches are taken by French shorthand men and are afterwards translated.

Credit for the excellent way in which the French portions of the report have been handled is due to a special staff of Canadian shorthand and translation experts who were brought from Montreal and Ottawa to handle this part of the work. They are Marcel Gahard, J. H. Mackay, Marcel Bernard and Miss F. Mackay. Several of them have worked on the Hansard staff at Ottawa, where they gained their experience in rapid transcription and translation work. The Canadians handle all of the French part of the sessions. A staff of seven U. S. stenographic experts look after the English end of the work.

One of the most interesting features of the routine of the conference proceedings is the remarkable work of Professor Camerlynek, for many years language specialist at the University of Paris, who is here in the capacity of chief interpreter. Professor Camerlynek is a rapid fire translator and something of an orator as well. He takes notes of all the English speeches in French shorthand. Immediately the speaker concludes he delivers the speech to the conference in French for the benefit of the delegates who understand only that language. The French speeches he also jots down and as soon as the speaker finishes he is ready with an excellent literal translation for the benefit of those who understand only English. In re-delivering the speeches in the reverse language he misses no single point of emphasis and even supplies graceful and eloquent gestures to fit the words. In fact, it has been remarked that Professor Camerlynek's eloquence exceeds that of the original speaker.

Professor Camerlynek's whole life has been devoted to the study of languages. He has been associated with the University of Paris for years. During the war he was at the front as interpreter between the British and French army officials.

Heart Would Beat like a TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S HEART AND NERVE PILLS

Mrs. Chadwick, Delhi, Ont., writes—"I had palpitation of the heart, and the heart exercise, such as going upstairs or up a hill, my heart would beat like a trip hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near.

"A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took 875 boxes, and now although in my 46th year I feel like a young girl, no dizziness or heart-thumping, and can walk miles without fatigue. At a time of my sickness I weighed 120 pounds, now I weigh 150."

Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

After the armistice he was interpreter for several commissions and later acted in the same capacity for the Allied Supreme Council and gained a wide experience in international discussions at Paris, London, Spa and Geneva.

CREDIT FOR DOCK.

Editor Daily News: I notice that the supporters of Colonel Peck say that he got the new dock for this port, and they take credit for this as for a good many other things such as fish cars that the Fisheries Association and others forced the railway to supply.

Now sir, we all want to be fair and give the Colonel a square deal but we have to pull him up when he takes credit for everything. This dock contract was let by W. P. Hinton, one of the friends of Prince Rupert, before the Government took over the railway to Grant Smith & Co. and Mazoffin and when the Borden-Meighan-Hanna group got hold of it they at once tried to cancel the contract. Mr. Mazoffin would not give up and threatened them with a lawsuit so they went on and built the dock but Colonel Peck didn't have anything to do with it. It was some of our friends that Colonel Peck says are enemies that got us that dock and I think the people of Prince Rupert should know it before they vote.

Fisheries Association.

There is a story told around town that I think is true that Colonel Peck sent word to the local Peck machine headed by Mr. Stewart. (Everything is done through the machine in the most approved political method) to say that he could not do any more about the fish cars. That was the time when the Fisheries Association showed the Government and head railway officials that they were all lying and made them come through or hide their heads in shame. This is one of the things Colonel Peck is said to have done. We must look at this question right and give all credit where credit is due but not, sir, hand out a lot of bouquets to those who never done the work and forget who our friends are here.

LOOKING FOR WAGES.

Editor Daily News: I have a complaint against the railway company that will show some of the electors how things are run. I was working for them as night watchman at Salsuis and quit work on the 23rd. I came in here the day after and up to this time I have not been able to get my pay. It so happens I have friends here, but if I had none I should be in a bad way to live without my wages. These are the sort of things that make men sore and ask for a change of Government.

PORT CEMENTS G. W. V. A. SAYS PECK FAVORED

Denies Truthfulness of Report Sent Out From There Recently.

The following telegram has been received at Colonel Peck's Campaign Committee Rooms:

"Peck's Campaign Committee, Prince Rupert, B. C. Please see that this is published. To the Daily News, Prince Rupert. We the Graham Island Branch of the G.W.V.A., have assembled in special meeting to examine the truthfulness of a letter from Port Clements printed in your paper, date October thirty-first, which in effect was Peck failed to convince the people of Port Clements of his meeting here that he was the right candidate to vote for and that Stark would poll a big majority of the votes on Masset Inlet. Our association is supporting Peck. Our membership is scattered over the entire northern island and we find that at Port Clements and Masset Inlet, the large majority of votes favor Peck; that the writer of the above referred to who had not the courage to disclose his name through the columns of your widely circulated paper, falsely represented the political feeling of our district in an apparent endeavor to harm Colonel Peck. We would appreciate space in your valuable paper to challenge this unknown spurious census reporter whose action is widely resented by voters here.

BLACK CHICKEN

Experimental Evolution Station at Cold Spring Harbor Produces Dark Skin.

NEW YORK, Nov. 29.—A chicken, black-skinned from downpicks to neck, has been developed at the Carnegie Institution's experimental evolution station at Cold Spring Harbor, L. I. The bird popped into the world while scientists were playing put and take with bromosomes, genetic plasmas whose change in number and shape is held responsible for racial coloring.

The dusky chick is not easily distinguishable from an ordinary white-skinned sister, for it is fully clothed in regulation feathers. By lifting these feathers, however, the skin is revealed jet black, warranted not to run.

COW BAY TO FORE AGAIN

Mayor Rochester and Ald. Kerr Want Specified Span Put in Crossing.

Cow Bay affairs are again causing concern to some of the city fathers. This time it is the level crossing construction that is the trouble and Ald. Kerr brought the matter up at the meeting last night. He reported that, instead of putting in a span as the city had specified when it had assented to the crossing being built, the government was going ahead with piles right across the bay. He thought the matter should be taken up at once.

Mayor Rochester reported that he had visited Cow Bay recently and had asked the foreman of the work where the span was. This official did not seem to know anything about the span, so the mayor went to Mr. Carruthers, the district engineer. Mr. Carruthers said he did not see where a span was necessary but if the mayor wanted it then it would be put in. Yesterday he had again inquired but had found that Mr. Carruthers was out of town. Mr. Anderson, however, had said that there was no span going in and that Mr. Carruthers had nothing to do with it. Therefore, the mayor had wired to Mr. Carruthers. Either the order for the span was going to be made or else he was going to take it up with the railway commission. He was now awaiting to hear from Mr. Carruthers.

Ald. Parker said that there possibly had been a misunderstanding between the mayor and Mr. Anderson. He understood that the piling would have to go in anyway to allow the pile driver to be taken across. Later it could be taken out.

DECORATIONS FOR SIBERIAN

Major Johnson Recognized by United States and Japan For Recent Services.

IS PICTURESQUE FIGURE.

NEW YORK, Nov. 29.—(By Canadian Press)—Former members of the Canadian Expeditionary Force (Siberia) will be interested to learn that Major Johnson has added two more decorations to the string he already possessed, the grand total now being twenty-four. Those who spent the winter of 1918-19 in Vladivostok will need no further identification of this officer, but for such as were more pleasantly located at that period it may be well to explain that Major Johnson, U.S.A., was "town major" of Vladivostok, and in charge of the international police force that maintained order in that somewhat disorderly town.

Vladivostok was filled at the time with assorted allies, running from the Kamut from Canadians to French colonial troops from Indo-China, but everybody knew Major Johnson. His police force included Canadians, Americans, Czechs and men of many other nationalities, assigned by their respective units. The major dominated them all and was recognized as the "master mind" of the force. More racial ructions were settled by Major Johnson with less bloodshed than most people realized, for they were settled quietly and without fuss. The concert of the nations in Vladivostok had enough discordant notes as it was, but without Johnson's activities the disorders would have been mighty plentiful.

Gets Imperial Order.

Dispatches from Manila just received here are to the effect that the valiant major has been presented in that city with the Distinguished Service Cross by the United States Government and the fourth class of the Imperial Order of the Meiji by Japan, both decorations for distinguished services at Vladivostok during the allied occupation in 1919 and 1920, while he was at the head of the international police force there.

The events for which Major Johnson was thus honored occurred months after the Canadian troops were withdrawn from Siberia, and, in fact, after the Kolchak armies had been shattered in the interior. In November, 1919, rebellion broke out in Vladivostok, and there was fierce fighting between rival factions, one Red, the other not so Red. Here is what the citation with the Distinguished Service Cross says of Major Johnson's action:

"For extraordinary heroism in action at Vladivostok, Siberia, on the night of November 17-18, 1919. On three successive occasions he went through a zone swept by the intense fire of contending factions to the railroad station and brought out non-combatants through the continuous fire from rifles and machine guns."

Major Johnson is a Russian by birth, and a soldier of fortune by inclination. He has fought under many flags and has received decorations from nearly every civilized country in the world. He was a brigadier general in the national guard of Hawaii when the United States entered the war, and he at once resigned his commission to enlist in the U. S. forces as a private.

Later he was commissioned as a major, and assigned to the 27th U. S. infantry, one of the two U. S. regiments that were sent to Siberia. The other was the 31st.

About a year ago the major resigned from the army, and he is now manager of a lumber company at Cadiz, Occidental Negros, in the Visayan group of the Philippine Islands.

Mrs. Johnson, whom the major had not seen for five years, arrived from the United States one hour before the ceremony at which the two decorations were presented to her husband.

MORE DEPUTIES ARE APPOINTED

Nearly all Appointments Are Made for Federal Contest to Be Held on Tuesday.

The appointments of returning officers for the federal election next Tuesday are nearly completed and C. V. Egan, election clerk, is now but awaiting word regarding the last of them from Jack Beatty who is acting as deputy down the coast in making appointments in outlying places. Mr. Beatty left some time ago on the launch "Wake" and it is understood he has been having difficulty on account of the heavy weather. On going into Kinsquid at the end of the week several windows in the pilot house of the launch were broken.

Following is a further list of deputy returning officers appointed:

Bella Bella—Raymond Gothe, Bella Coola—B. Brynildsen, Buckley Bay—R. H. Marloff, Cedarvale—A. S. Tordiffe, Tleil-Nai—Richardson, Jedway—Isaac Thompson, Lawn Hill—R. Husband, Little Canyon—B. Advance Polls.

Advance polls for railway employees, sailors and commercial travellers will be held at Pacific, Smithers, Endako and Prince Rupert in this riding on December 2, 3 and 5 between the hours of 7 and 10 in the evening. The officers for these polls are:

Pacific—T. H. McCubbin, Endako—C. J. Kelly, Smithers—Fred Gekleshaw.

Got No Sleep

Now the neuritis has gone, pains have ceased, the nervous system is restored and the writer has a grateful tribute to the medicine which made him

John Woodward, P.T.O., Ont., writes:

"I was a sufferer from neuritis for several years, and tried all the remedies, yet never seemed to get better. At last my nerves and system seemed to give way and I was not able to get any rest at night for pain, which mostly came in all parts of the body. My nerves would twitch till my body would seem to jerk right out of bed. Almost at the point of death, I decided I would get Dr. Chase's Nerve Food, which I believe is the best medicine I have ever used. TRADES AND LABOR COUNCIL REQUESTS RELIEF PROVISION

Dominion Government Assistance of No Benefit to City Declares Mayor Rochester.

A letter from the Trades and Labor Council calling upon the city to make provision at once for possible unemployment this winter was referred last night to the Board of Works for consideration and report.

Ald. Kerr said that unemployment was getting more acute every day. Ald. McNeill, who was absent, had told him that there were between 250 and 300 men daily unemployed in the city. Something would soon have to be done if things kept going the way they were now.

Mayor Rochester stated that he had been told by J. M. Campbell, provincial employment agent, that there were not as many unemployed this winter as last. Speaking of the assistance offered by the Dominion government, the mayor said that it would prove of no help whatsoever to this city. Hon. Gideon Robertson, minister of labor, in a circular, announced that all the assistance the cities would get would be one-third of the difference in cost of doing the work in the winter as against the summer. It could be seen that that would amount to nothing here. It looked as if the city was going to give relief work that it would have to pay for it entirely.

Ald. Parker, speaking for the finance committee, stated that there was still a few thousand dollars left in this year's estimates to be used in providing unemployment relief work.

TERRACE is a thrifty, growing town. The chances are good that oil will be struck in the immediate vicinity, as seepages have been found, much ground has been staked and a drilling outfit is on its way there. We offer for sale eighty acres of land, 1 1/2 miles from the town on a good road at \$12.50 per acre. This is your opportunity to participate in the enhanced real estate values that will surely follow the growth of Terrace.

PRINCE GEORGE
 The Liberals having made no nomination for this riding in the federal election, there are but two candidates, J. T. Robinson, Conservative and T. G. McBride, Farmer.

A. G. Hamilton, the pioneer trader of Fort George, was in the city last week on his way to Vancouver where he will spend the winter.

The Ladies' Aid of St. Michael's Church held a very successful bazaar in the Riss-Keifer Hall on Friday afternoon.

Mrs. William Blair and Mrs. Albert Johnson entertained a large number of Ladies at tea Wednesday afternoon at Mrs. Blair's home in South Fort George. There were about fifty ladies present. Mrs. T. W. Herne poured tea and the hostesses received the guests.

HAZELTON
 Duke Harris is in the hospital here suffering from pleurisy. He will be out in a few days.

The recent cold snap afforded excellent skating on the lake here.

The snowfall of the past few days has begun to melt, but the roads which had almost tied up vehicular traffic.

The first performance of the Hazelton Dramatic Club held recently was a great success and many attended. Those taking part were: J. Bosley, Miss Inez Smith, J. D. Galloway, J. K. Frost, A. A. Gannon, Miss M. Logan, Mrs. H. H. Little, Mrs. A. Leverett, Mrs. E. R. Cox, James Turnbull, A. A. Gannon, Miss M. Horbury and Miss M. Wattle.

WASTE OF ENERGY.
 An Arizona cotton grower, in discharging one of his negro hands, was lamenting his hard luck. "Cotton has gone to the dogs, this year, George—I'm a big loser."

"Yassah," returned the darky. "I reckon you is, boss."
 "And," went on the grower, "I'm out all the money I've paid out for wages and the grub on've eaten besides."
 "Yassah," agreed the darky. "I guess you is, white folks."
 "Well, confound you," growled the grower, "you don't seem to be worrying your head any!"
 "Ladwy," returned the darky, "Ain't a bit of use of me, an you both worrying about the same thing, is they?"—Judge.

NEWSPRINT PRODUCTION IS ON THE INCREASE

NEW YORK, Nov. 29.—Forty-four newsprint companies in the United States and Canada, comprising more than 90 per cent. of total, reporting to the Newsprint Service Bureau, for October had an output of 156,844 tons of paper. Shipments amounted to 165,365 tons. Production includes 1713 tons of hanging paper, usually classed with newsprint. October production was 13,372 tons (9 per cent.) increase over September output. Shipments increased 22,972 tons, or 16 per cent. There was one more working day in October than in September.

Production by United States mills, according to the bureau, during the first ten months of 1921 was 252,161 tons, or 24 per cent. less than the corresponding period of 1920. A strike which tied up some mills for more than two months early this year restricted the output.

Production of Canadian mills ten months of 1921 decreased 79,447 tons compared with 1920, a decline of 41 per cent. Combined decline in production, both countries, was 341,598, or 18 1/2 per cent., compared with 1920.

Total stocks at mills October 31, 1921, were 31,990 tons, equivalent to about four days' production. Stocks at the end of October were 8640 tons less than September 30.

BIRTH.
 There was born at the Vancouver General Hospital on November 26 to Mr. and Mrs. R. H. Chestnut, formerly of Prince Rupert, a son.

MINERAL ACT.
 Certificate of Improvements.
 NOTICE.
 Whereas No. 1 Mineral Claim, situate in the Skeena Mining Division of Prince Rupert, located on the Province Road Island, one mile and a half from Port Rupert, British Columbia.

Take notice that Mrs. Florence Howard, Free Miner's Certificate No. 147745, issued sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action under section 27, must be commenced before the expiration of such Certificate of Improvement.
 Dated this 17th day of November, 1921.

Sealed tenders superscribed "Tender for Steam Cruiser" will be received by the Honorable the Minister of Public Works up to 12 o'clock noon on the 30th day of November for the construction of a 55-ft. steam cruiser.

Delivery—New Westminster Wharf.
 Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works for a sum equivalent to ten per cent. (10%) of the amount of the tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for.

Responsibility of unsuccessful tenders will be returned to them upon the execution of the contract. Tenders will not be considered unless made out on the forms supplied, signed by the actual signature of the tenderer, and enclosed in the envelope furnished.
 Plans and specifications may be seen on and after November 14th, 1921, at the office of the Public Works Engineer, Victoria, New Westminster and the District Engineer, Court House, Prince Rupert.
 Intending tenderers can obtain from the undersigned one copy of plans and specifications by depositing \$10.00, which will be refunded on their return in good order. The lowest or any tender not necessarily accepted.
 (Signed) P. PHILLIP,
 Public Works Engineer.
