## Government's Vote of Confidence HARDING OFFICIALLY INAUGURATED AS PRESIDENT OF THE UNITED STATES

### Ottawa Government Sustained on Vote

Majority of 25 for Meighen against Mackenzie King on Motion of Want of Confidence; Other Amendments Dropped

OTTAWA, March 4.—The Meighen Government was sustained by a majority of 25 on the vote of want of confidence moved by Mackenzie King, Liberal leader, early this morning after a night session. There was a long drawn out debate and the number voting was not large—91 for and 116 against the government. The address in reply to the speech from the throne was carried without a division.

The vote on the Campbell amendment to King's amendment was 355, it being defeated without a voice being raised in favor. Neither the mover or the mover was in the chamber when the question was put.

**Will Hold On.**  
OTTAWA, March 4.—(Special.)—The Meighen Government is holding on to the idea which is becoming prevalent here every day in the present Government, see- ing in an appeal to the voters will hold on to office as long as possible, probably for a year yet. There will be no election in the summer and it is expected that the passing of the budget will be postponed until next spring. The election should come in the summer of 1922 or there- about.

**Tariff Issue.**  
The attitude of the Liberal Government to the tariff question is not clear and it is possible they will change the floor and vote with the Conservatives at that time. If so the tariff may be the outcome.

### Wilson Took Little Part in Ceremony

DR. ERNEST HALL, prominent Victoria physician and surgeon, elected police commissioner yesterday at B. C.'s capital.

### ANTI-MODERATIONISTS Meeting Held in Calgary to Discuss Situation.

CALGARY, March 4.—A meeting of the social service council was held here for the purpose of considering the position in view of the efforts to obtain signatures favoring a moderation law in the province. It was shown that the moderationists were not unanimous in regard to any particular policy.

### British Minister Suffers Defeat in By-Election

Labor Wins in Dudley, Strongly Supported by Lord Beaverbrook; Canadian Cattle Embargo Used Against Government Candidate

LONDON, March 4.—Sir Arthur Griffiths-Boscowan, the newly appointed minister of agriculture in the British Government, was defeated in the Dudley by-election by J. Wilson, a labor candidate.

The vote for the labor man was 10,244 and the coalition Liberal 9,968. The defeat of the Government ministerial candidate is attributed mainly to the controversy over the question of the embargo on Canadian cattle. This cry was used by the opposition who ascribed this cause for the high cost of meat in Britain. Lord Beaverbrook took an active part in the campaign against the Government candidate. Dudley is a large riding with a heavy working class vote.

### ALLAN SPEAKS WAGE QUESTION

Scale at Local Yard Governed by Government in Conformity with Southern Rates

As a result of the publicity given yesterday to the recommendation of operations at the dry dock and shipyards there was an unusually large crowd of men at the employment office gate this morning when work started for the day. Very few were taken on, however, owing to the fact that a great deal of preparatory work is necessary about the yards before a large force can be handled.

**Same Scale as Elsewhere.**  
Asked for a statement this morning in connection with the scale of wages to be paid locally, T. H. Allan, general superintendent, stated that the scale to be paid would be the same as that now prevailing for similar work in Vancouver.

"The scale in force is fixed by the Dominion Government," said Mr. Allan, "and is a condition of the contract under which the Wallace Company undertook the completion of the two ships now under construction. It is, in fact, the rate governing in all Canadian Pacific Coast shipyards."

"While the rates to be paid will be in some respects lower than those which prevailed here last year, as intimated in the Daily News some weeks ago, their uniformity with those of southern competitors places the Prince Rupert plant on an even competitive basis with her rivals."

**Officials Supervise.**  
The Department of Marine will have representatives at the plant from now until the completion of the contract. Their duties will be to keep a check for the government as the work progresses. Incidentally, these representatives will examine all pay lists and will insist that the scale laid down by the contract is maintained.

### CONSERVATIVES ARE PLEASED WITH LARGE GOVERNMENT MAJORITY

OTTAWA, March 4.—The Government majority of 25 in the first division of the House since the advent of Hon. Arthur Meighen to the position of Premier greatly pleases Government supporters, who consider they now have a mandate to carry on until the census figures are available and redistribution has been effected. They say they had not expected so large a majority.

WOODROW WILSON Who has been president of the United States for eight years but today passes forever from the realm of practical politics.

### Harding President of United States

Inauguration Ceremonies Simple to Conform with Wishes of New Incumbent of Office; Throngs of People

WASHINGTON, March 4.—Warren Gamaliel Harding was inaugurated President of the United States today with ceremonies almost as simple as those customarily attending the opening of a session of the Canadian Parliament at Ottawa.

Had Mr. Harding's personal wishes been adhered to strictly, the ceremonies would have been more simple, but the Congressional Inaugural Committee made some arrangements on its own account. These included a cavalry escort of four troops for the President in his ride from his hotel to the Capitol and thence to the White House.

This little cavalcade contrasted strangely with the great military and civil processions which have attended inaugurations for half a century or more.

Besides the cavalry escort, the Congressional Committee also had arranged to have several companies of marines at the Capitol as a guard of honor and for the presence of the United States Marine Band—"the President's Own"—which played the "Star Spangled Banner" immediately after Mr. Harding had taken the oath of office.

The very simplicity of the ceremonies on the east portico of the Capitol added to their impressiveness. Simple and impressive also were those in the Senate chamber, where Calvin Coolidge was sworn in by Vice President Marshall and where Mr. Coolidge in turn swore into office the new senators elected last November.

The day's ceremonies began with the formal calls on the President-elect and Vice-President-elect at the New Willard Hotel by the Congressional Committee headed by Senator Knox, of Penn-

### British Liberty Asked By Parson Member When Discussing Liquor Measure

Rev. Canon Hinchcliffe, Conservative Member for Victoria, Claims We Are Harking Back to Middle Ages

VICTORIA, March 4.—Rev. Canon Hinchcliffe, Conservative member for Victoria, continuing the debate on the moderation liquor bill yesterday in the Legislature, claimed that many improvements might be made to the measure, especially in regard to present undoubted infringements on the principles of British liberty.

The Canon stated that public opinion would have been more strongly back of the Government if it had seen fit to submit a skeleton of the bill at the time of the referendum. The secrecy of the Government prior to the introduction of the measure was a clear cause for public uncertainty and suspicion.

**British Liberty.**  
The speaker attacked the Government for alleged infringement of British liberty by giving the right to search premises and persons without a search warrant. He said this was harking back to the middle ages. A clause whereby a person is forced to give evidence which might incriminate him he condemned, saying that such a provision was on a par with German oppression in Belgium, a thing the Britisher looked on with disgust.

The member for Victoria urged a really independent board of commissioners to have charge of the administration of the act after it was passed and more consideration for the needs of the municipalities.

**Dick for Beer.**  
Major Dick Burde of Alberni moved the adjournment and will continue the debate. It is understood he will strongly advocate the inclusion of a "beer clause" along lines suggested by Ian Mackenzie of Vancouver.

### SMALL FISH SALE HERE TODAY WITH PRICES STILL LOW

There were only a few small boats in with their catches today and the prices obtained were low. The following were the sales: Augusta, 1,000; M. & F., 2,000; Marguerite, 5,000; Dolphin, 5,000; to the Royal Fish Co. at 40 cents and 6 cents.

Lillian M., 2,000, to the Royal Fish Co. at 8c and 5c. Evolution, 7,000; Convention, 8,000, Cold Storage at 8c and 5c.

### PECK WIRES Is Writing Full Particulars of Interview with Minister of Railways.

Mayor Rochester yesterday received a telegram from Col. Peck following the interview of the member with Hon. J. D. Reid, minister of railways, in which he says he has seen the telegram sent by the minister and is writing further particulars.

### M'SWINEY SENTENCED TO FIFTEEN YEARS

CORK, March 4.—John McSwiney, brother of the former Lord Mayor of Cork, was one of the men sentenced to fifteen years imprisonment for warring against crown forces.

### NOTICE OF APPEAL IN SHIPYARD

Government Gives Instructions to Commence Action This Afternoon.

**Special.**  
VANCOUVER, March 4.—Hodges stated in an interview this morning that yesterday's report from Prince Rupert that he would turn over equipment of the dry dock to the Government to enable them to complete the vessels was premature. Everything depended on the Government. Today is the last day on which the Government has the right of appeal against the recent judgment permitting the creditors to retain the equipment. If no appeal is lodged the yard would probably open on Saturday or the first of next week.

### AMENDMENT TO FORESTRY ACT

Conservation of Timber Supply is Feature of the Proposed Change in Law.

VICTORIA, March 4.—The policy of timber conservation to insure a perpetual supply of raw material for milling and pulp and paper manufacture are the features in an amendment to the Forestry Act brought down yesterday by Hon. T. D. Pattullo, minister of lands, under whose supervision the timber interests of the province come.

### POLICE COMMISSION AT VICTORIA WAS ELECTED YESTERDAY

VICTORIA, March 4.—In the election for police commission here yesterday Joe North and Dr. Ernest Hall were elected. North's plurality was 1,400 and that of Dr. Hall nearly 1,000. The former has the two-year term and the latter a one-year term.

**Garde Seems Very Optimistic.**

A. C. Garde, the mining engineer, who has been in Victoria and Vancouver for some time taking up the matter of the establishment of steel works in this neighborhood, is very optimistic regarding the possibilities. He says he is assured his proposal for the use of the limonite of Copper River is the best that has yet been made. They have taken the data to England where they will lay it before the mining men who are proposing embarking in the big venture.

Mr. Garde has all the information at his disposal. He has personal knowledge of the mineral deposits and the country where it is proposed to establish the industry. He is backed by the member for the district, Hon. T. D. Pattullo, and through him a site has been secured. The Provincial Government is encouraging the scheme by offering a bonus for the production of iron. All these things are in favor of the new industry being started. Possibly it may not come here, but with two such advocates for the district as Pattullo and Garde backed by the Honorable the speaker of the House and the other northern members, we have a good fighting chance to secure it for Prince Rupert.

**Always Working For the North.**

Mr. Garde is one of the most able and optimistic exponents of the north as a future industrial and mining country. He has worked here for many years and all his interests are in the district. He believes in the north, lives most of his time here and breathes the northern atmosphere wherever he goes. He exudes northern optimism and has been of great value in bringing to the attention of people in the southern part of the province and elsewhere, the rich natural resources of this country.

**Road From Here to Galloway Rapids.**

The first section of the Skeena River road to be built will probably be that leading from this city to Galloway Rapids not far from Zanardi Rapids. It is not difficult to construct and would pass the famous Butze Rapids where there is a natural fall which forms a wonderful cataract. It would be one of the sights for visitors during the spring tides.

There should be some collaboration between the city and provincial government over the matter of building this road. The government will commence its work at the city limits but it is hardly likely that they will commence a road which begins nowhere and ends nowhere. If one is built the other will have to be built also. It will be necessary to have the city end of the road to enable the workmen and material to get to the other part.

**Progress in Spite Of Discouragements.**

Prince Rupert was never better at this time of year than she is today. Naturally merchants are not getting big profits on their goods, for the day of the big profits is past. The price is dropping and often the store keepers sell at a loss. This cannot be remedied for there was a period when advances were made corresponding to the drop now in progress.

In spite of the many discouragements, there is a healthy optimism based on sound sense that will carry us along to a better condition. The north is developing fast. There are setbacks, but nothing permanent. The future looks rosy. The present might be worse than it is, and let the past go and forget it. Nothing can hold Prince Rupert back now she has a good start.

years ago an ulcer appeared on my ankle," writes Mrs. Jeffrey, of Methuen, Mass. "In spite of all the remedies I used, it spread to my knee, and developed into an open sore. I had medical treatment for twenty-five years, but only got temporary relief. The pain I suffered was terrible, and for years I was unable to leave the house."

"One day I saw in a newspaper an account of a bad ulcer having been cured by Zam-Buk. Although I was skeptical, now, of anything curing me—having tried so many remedies in vain—I decided to give Zam-Buk a trial. I applied the balm freely every day and to my delight the sore soon showed some improvement. Gradually the inflammation was drawn out, the pain was ended, and, after thirty years of suffering, I realized I was on the road to recovery. With perseverance, the awful sore was finally completely healed, and, although that was three years ago, there has not been the slightest trace of the ulcer returning."

Zam-Buk is the best remedy, also, for eczema, boils, pimples, blood-poisoning, piles, burns, scalds and cuts. All dealers, or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

**BALL TEAMS IN TRAINING**

National and American League Men Go to Various Camps

NEW YORK, Mar. 4.—Baseball players, veterans and rookies, representing sixteen major league clubs, will be training under the southern sun for the 1921 pennant races before the close of the present week. Already the migration of the National and American League squads is under way and some of the older stars have indulged in a week or two of preliminary work at the various mineral baths before undertaking the more strenuous training of the southland.

In the selection of the training camps, the various managers have shown the same wide difference of opinion regarding the choice of quarters that has prevailed in the past. Divided into states the list shows that Texas is favored by seven clubs; Louisiana named by four; Florida and Arkansas by two each and California one.

Nine of the clubs have selected sites different from those used in 1920, while seven will return to the same parks or quarters used 12 months ago for the conditioning of the players. Of the 16 clubs, the Chicago Nationals will be the only squad to return to the same camp for the third consecutive season; Pasadena, Calif., having the call.

The complete list of training camps for the 1921 season follows:  
**National League**  
 Boston—Galveston, Texas.

**WEDDING TOOK PLACE AT HOME OF BRIDE**

Miss Lillian Ambrose joined in Marriage to William Rothwell.

An interesting house wedding took place last night at "The Knoll," the residence of the bride's parents, Mr. and Mrs. Geo. Ambrose, Hays Cove Circle, when their daughter, Miss Lillian Ambrose, was married to William Rothwell.

Rev. Canon G. A. Rix conducted the ceremony in the presence of the relatives and quite a gathering of friends. The couple were unattended.

Following the marriage rites there was an informal supper and a dance was enjoyed. Mr. and Mrs. Rothwell will reside on Summit Avenue. Both bride and groom have been here for some years and are well known in Prince Rupert.

**Ten Years Ago in Prince Rupert**

March 4, 1911  
 Bill Miner, the B.C. bandit, has been sentenced to twenty years in Gauleville, Georgia, for train robbery.

G. M. Ross, charged with having liquor illegally in his possession and with assault on a police officer, was in police court this morning. On the former charge he was fined \$50.50 while the latter was withdrawn.

T. Bell and E. Rooney appeared in police court this morning charged with having liquor in possession and were remanded until tomorrow. The police are using them as witnesses in other liquor prosecutions.

Paul Alvazoff received a wire last night from Will Balasgno, the popular violinist, that he was leaving Toronto, where he was in the Allan Theatre for some months, and would be back again in Prince Rupert shortly.

For the fiscal year ending in 1920, Prince Rupert post-office ranks fifth in the province in gross postal revenue returns with a total of \$32,531.37. The larger post-offices in British Columbia were Nelson, \$37,111.36; New Westminster, \$53,519.81; Vancouver, \$26,141.73, and Victoria, \$252,451.08.

PILES Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit.

Nearly Crazy With Eczema

No rest day or night for those who are afflicted with that terrible skin disease, eczema, or as it is often called, salt rheum. With its unbearable burning, itching and torturing relief is gladly welcomed.

There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; no remedy that has done, or can do more for those who are almost driven to distraction with the terrible torture.

Apply it externally and it takes out the stinging, itching and burning, and promotes a healthy healing. Take it internally and it gets at the source of the disease in the blood—for eczema is a blood disease—and drives it out of the system.

Miss L. M. Boutlier, 29 Victoria Road, Halifax, N.S., writes:—'I have suffered for years from eczema. I could not rest day or night. I suffered great agony, and was nearly crazy with the itching and burning. I used all kinds of salves, but nothing seemed to help me. I saw Burdock Blood Bitters advertised, and was advised to try a bottle. I found great relief, and I really cannot recommend it highly enough for what it has done for me.'

Burdock Blood Bitters has been on the market for over forty years, and during that time has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Charles Durham and Roy Dyer were arrivals from Esk on last evening's train.

Otto Haakaramen, A. Maki and A. Johnson were each fined \$10 in the police court this morning for drunkenness.

St. Andrew's Ladies' Auxiliary whist drive, followed by short dance Tuesday evening next at 8 o'clock. Admission 50c. St. Andrew's Society members, Ladies' Auxiliary and friends invited.

The news of the death of Harry Swan, a well known railway contractor during construction days on the Grand Trunk Pacific Railway and also with the Dolly Varden Railway in 1918, has been received with regret in the city. Mr. Swan died at Vancouver last month.

There were eighteen tables of whist at the Rebekah's whist drive in the Rand Block last evening. The affair proved as enjoyable as ever. First prize winners were Mrs. J. Morrison and J. S. Smith, while the consolation awards went to Mrs. D. Baldwin and J. Griddings. Delightful refreshments were served before the guests dispersed.

MILD WEATHER IS CAUSED BY JAPANESE CURRENT ON PACIFIC

Professor Does Not Believe Moon Affects Climate nor Instincts of Birds.

TORONTO, March 4.—Canada's comparatively mild climate this winter has been due to the Kuro-siwo or Japanese current, which affects the climate of the Dominion, Sir Frederick Stupart, director of the meteorological observatory, Toronto, told an audience at Trinity college here Saturday afternoon in an address on "Weather and Weather Changes." Sir Frederick said that when the current in question was warmer than usual it set up disturbances of the atmosphere in the north which changed the course of the winds.

Sir Frederick said rain could not be produced by artificial means. The idea that the moon influenced the weather was a fallacy, he said, also the idea that birds or beasts could tell by instinct the kind of weather that was coming. Sir Frederick said he had little confidence in the Indian forecast of the weather.

Moving a mountain with a teaspoon

Moving a mountain with a teaspoon may be possible, but the method is not to be recommended. Establishing Provincial or Dominion-wide demand for one's goods may be possible without newspaper advertising, but again the method is not to be recommended.

- What brand of collars do you wear? What tobacco? What kind of shaving soap do you use? What cigars? What breakfast food? What mustard? What tea? What sugar? What cocoa? What shoes? What coffee? What motor car? What underwear? What tires? What chewing gum? What brand of anything?

Irrespective of location, the answers will reveal the names of products advertised in daily newspapers. This condition is not accidental. It is the result of ambition and vision and courage—particularly courage—upon the part of the manufacturers.

Daily newspaper advertising is not a venture to be undertaken lightly—but once started and persisted in, it will turn Dividends of Demand that no power on earth can forestall.

If you are not quite sure how to go about Daily Newspaper Advertising, write to us and we will advise you.

## PROBLEM FOR NEW CONGRESS

Much Work for New Administration and Republican Party Generally

WASHINGTON, Mar. 4.—The new President and Congress have much work to do. Here are some of the more important of the problems, international and domestic, facing the Harding Administration:

**International**

Peace with Germany. Final disposition of the treaties of Versailles and St. Germain. Decision as to the entry of the United States into an Association of Nations. International disarmament. The Japanese-California question. The Russian question, including trade with Soviet Russia. Recognition of Mexico. Negotiation of new treaties, diplomatic and commercial with Germany and Austria and with the new nations, Poland, Hungary and Czechoslovakia. Japanese occupation of Siberia. Treaty with Colombia. Disposition of the former German cables now held by the Allies. Recognition of the new Greek government and settlement of the status of the Greek loan. Loans to allied countries, including funding of the British and other debts to the United States. The Anglo-French world oil agreement of San Remo.

**Domestic**

Tax and tariff revision. Soldier bonus. Panama Canal tolls. Immigration control. General labor policy. Army and navy policies. Permanent merchant marine policy. Reorganization of government departments. Budget system. Civil service reform. Strengthening of prohibition laws.

## SOVIET ORDER TO FREE INDIA FROM ENGLISH OPPRESSORS

LONDON, March 4.—Information has recently been received of an "Order of the Day" which was issued on October 10 last year by the Chief Commissioner on the Turkestan front to a Red division ordered from Tashkent to the Pamir. The order runs as follows: "Comrades of the Pamir Division, you have been given a responsible task. The Soviet Republic sends you to garrison the posts on the Pamir on the frontiers of the friendly countries of Afghanistan and India. The Pamir tableland divides a revolutionary Russia from India, that with its 300,000,000 inhabitants is enslaved by a handful of Englishmen. "On this tableland you, the signallers of the revolution, must hoist the Red Flag of the army of liberation. May the peoples of India, who fight against their English oppressors, soon know that friendly help is not far off."

## EXPERIMENTAL AIR FLIGHTS TO LONDON

Series Being Carried Out From Brookland's Aerodrome to Parliament Houses.

LONDON, March 4.—The air ministry has begun a series of trial flights from Brookland's Aerodrome to Westminster with the object of ascertaining the practicability of establishing a station for hydroplanes or similar craft on the Thames in the heart of London. In the first flight the Viking, an amphibian, fled from Brooklands in fourteen minutes, circled the houses of parliament and alighted opposite the House of Commons terrace. One or two short flights over the river were also made to demonstrate the rapidly with which they could rise from the water. The average time taken to rise was nine seconds.

# GRAND CONCERT FOR HOSPITAL

Program Replete with Talented and Entertaining Numbers; Success Scored.

The grand vaudeville show put on in the Westholme Theatre last evening for the benefit of Prince Rupert General Hospital funds proved highly successful both from financial and artistic standpoints. As is always the case with affairs where the hospital is concerned, there was a large attendance and the program arranged presented many excellent numbers reflecting credit on local musical and dramatic circles.

Will Edmunds, under whose direction the production was arranged, is to be congratulated on the success attained in the affair which probably marks his last appearance on the local stage. During his stay of two years or more in the city he has become an immensely popular entertainer, and in his departure Prince Rupert will suffer a notable loss for he will be hard to replace.

The program was opened with the rendition of "Esmerelda" overture by the Westholme Orchestra comprised of Sam Brail, conductor, H. A. Price, F. W. Brown and H. C. Peyton. The orchestra also played a pleasing selection of Irish airs in the intermission and all the accompaniments.

**Vocal Soloists.**  
In solo roles on the program were H. B. Street, tenor, Mrs. H. Alston, contralto, and Mrs. Stanley Bennett soprano. There were humorous solos by Bob James, a new and talented performer; F. Moore, who is not heard often but is always appreciated; and Will Edmunds, whose numbers are as popular as they are well known. With southern melodies presented by a blackface quartette made up of Mrs. W. Ackroyd, Mrs. H. Paterson, H. Pattinson and George Wilson, the vocal end of the program was entertaining and well liked.

**Instrumental.**  
Besides the orchestral numbers the instrumental part of the program was just as creditable as the vocal part. Will Edmunds played a "cello solo" "Pastorale" responding to an encore with "The Rosary." "Commodore Polka" was rendered by H. C. Peyton as a cornet solo and F. W. Brown again demonstrated his skill on the xylophone with "The Frat," a solo which was energetically applauded.

**One-Act Farce.**  
The last number on the program was the presentation of the one-act farce "Freezing a Mother-in-law" by a five-person company under the direction of G. S. Fitzmaurice, who was also in the leading role. The playlet which centers itself around the differences of a terminant wife and a henpecked husband over the love affair of their pretty daughter brings about many humorous incidents and each member of the company did justice to the part. Mr. Watmuff, the henpecked husband, was played by G. S. Fitzmaurice, Mrs. Watmuff, the wife, by Miss Mills, Emily Watmuff, the daughter, by Miss Gladys Kemp, Walter Litherland, the suitor, I. W. Barron, and Ferdinand Swift, a gentleman adventurer, by A. J. Collison. The whole farce came off with snap and proved full of mirth to even the most serious minded of the audience.

The furnishings for the stage setting were kindly lent for the occasion by Geo. D. Tate, W. G. Barrie and Denny Allen.

## MANY MEMBERS OF CONGRESS RETIRE

Wave of Republicanism Swept Democratic Representatives from Public Life

WASHINGTON, Mar. 4.—One hundred and twenty-nine members of the House and Senate retired today to private life. Most of them went out in the back wash from the tidal wave which swept the republican party into full control of all the functions of government, but some few, Republicans as well as Democrats, elected not to run again for their seats.

One or two of the Republicans may become officials in the Harding administration; but the great majority will see public life no more for two years, at least, and many for a longer period, if ever.

## APPOINTMENTS FOR PRESIDENT TO MAKE

Combined Salaries Aggregate Over \$100,000,000 a Year; Number of Plums.

WASHINGTON, March 4.—Upwards of 50,000 appointments to public office carrying salaries aggregating more than \$100,000,000 a year are to be made by President Harding. Some of these were made today, many others will be announced during the next few months, while still others will be made as the terms of present Democratic office holders expire.

The first fruits from the shaking of the official "plum" tree were cabinet officers whose salaries are \$12,000 a year each. Others to come include nearly a dozen ambassadors whose salaries are \$17,500 each, many ministers at \$10,000 each, assistant secretaries, federal judges, attorneys and marshals, customs collectors, members of various government boards and commissions and postmasters by the thousands.

In contrast to the huge patronage roll of Mr. Harding are the appointive prerequisites of Vice-President Coolidge, whose immediate appointments comprise only his secretary, clerk, page boy and a private telegraph operator. Their salaries total \$7,700 a year. The Vice-President himself receives \$12,000.

## PEARL WHITE SEEN AT WESTHOLME TONIGHT

Famous Serial Star in First Big Feature, "The White Moll."

"The White Moll," a stirring story of life in New York's underworld, is Pearl White's first big production, she having heretofore devoted her screen work to serials.

The story deals with Rhoda, a girl crook of the slums, who, having seen the light in a startling miracle performed in St. Agnes' Church—where her father is killed trying to rob the poor box—determines to reform and labor to aid those in the underworld. As a settlement worker she becomes known by the crooks and gangsters as "The White Moll."

Her work has started to bear fruit. "The Sparrow," a notorious safe burglar who has served a long term in prison, is released. When "The Danger," leader of the gang, tempts the released convict to return to his unlawful trade, "The White Moll," who has been caring for his aged mother, steps in and wins the Sparrow's promise to go straight. But she incurs the enmity of the Danger, who determines to "frame" the Sparrow. Then begins a series of thrilling experiences which, it is said, make the picture one of the most fascinating and heart-appaling ever screened. It will be seen tonight at the Westholme.

## MARY MILES MINTER

Famous Movie Princess at the Empress Tonight.

Mary Miles Minter, one of the princesses of the movie world, is featured tonight at the Empress in "Nurse Marjorie." In this story she exhibits her wonderful power of mimicry. She assumes some of the ugliest and most outlandish figures seen anywhere. The picture is said to be one of the best in which she has yet appeared.

**HARDING PRESIDENT OF THE UNITED STATES**

(Continued from Page One.)

thronged with people from all parts of the United States anxious to catch a glimpse of the new and retiring presidents. There were no reviewing stands as in former years and most of the spectators were forced to stand along the broad seats in windows facing the avenue for which high prices were the rule.

At the Capitol the east plaza, with its standing room for thousands, was packed with a dense throng of people and the crowds overflowed but over the park spaces and avenues which converge there. Most of these thousands of people were able to hear the inaugural address as Mr. Harding's voice was carried out by means of sound-amplifying devices installed over the platform where he stood.

When the official party arrived at the Capitol it was escorted to a room off the Senate chamber and the Vice President and Mrs. Coolidge went to the Vice President's room to await the beginning of the ceremonies in the Senate chamber. President Wilson was in his room at the Capitol signing bills which had been passed during the closing hours of the Sixty-sixth Congress.

**Galleries Filled**

Senate galleries were filled long before this hour. Invited guests of the new President, Vice President, Speaker and Justices of the Supreme Court of the United States supplied with coveted cards of admission, were assigned to the east galleries, while other galleries were set aside for guests of Senators and Congressmen. In the diplomatic gallery, facing the Vice President's chair, the families of the diplomatic corps, representing some forty odd nations, were seated.

While the Senate was assembling for its special session, the first of the Sixty-seventh Congress, the diplomatic corps was assembling in the marble room, to be escorted into the Senate chamber. Gorgeous in the colors and gold of their court uniforms, the corps entered headed by its dean, the Ambassador of France, Jules J. Jusserand. Other ambassadors followed in the order of their length of service at

Was not safe to Leave her alone

Miss Eva P. Yalman, Krugersdorf, Ont., writes: "I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly ill with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, however I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicines and took several different kinds, but seemed to receive but little benefit from them. One day, noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and am almost relieved of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**NOTICE.**

IN THE MATTER OF Sections 134 and 135 of the Land Registry Act and in the matter of Lot Four (4), Block Thirty (30), Section One (1), City of Prince Rupert, (Map 423).

Proof of the breach of Covenants, and recovery and recovery of possession, by Edna Waldron, the registered owner of the above lot, under a lease granted by Charles E. 11 Smith Block PHONE 7 J. Lorne MacLaren, Manager

Washington, with His British Majesty's ambassador, the Rt. Hon. Sir Auckland Geddes, K.C.B., tenth in line. Following the ambassadors came the ministers of the smaller countries.

Next came the Chief Justice and the Associate Justices of the Supreme Court of the United States, in their sombre black silk gowns, moving slowly to seats in the front row facing the Vice President. Immediately after, the members of the House of Representatives filed in with Speaker Gillett at the head.

**Harding Enters**

President-elect Harding, escorted by the committee on arrangements, entered the chamber at the main door and was escorted to a seat on the right of the main aisle facing the rostrum. Vice President Coolidge was seated on the presiding officer's platform.

After a prayer by the chaplain, Vice President Marshall called the session of the Senate to order. As silence settled over the chamber Vice President Coolidge stood beside Mr. Marshall. Both men raised their right hands, Mr. Marshall slowly spoke the Vice President's oath, the new Vice President repeating his words, and afterward delivering his address.

While the new Senators were being sworn in the remainder of the party began moving out of the chamber toward the east portico of the Capitol. All of the party on the Senate floor and the guests in the galleries, by pre-arranged directions, moved along the rotunda in lines which converged at the main entrance and then out to the portico and steps. The guests were in their places before Mr. Harding appeared upon the speaker's stand, a small structure 30 feet square, built with iron girders and with a covered canopy above housing the sound-amplifying instruments. The whole was profusely decorated with flags and bunting.

Mr. Harding emerged from the Capitol entrance accompanied by the Chief Justice of the Supreme Court, Edward Douglas White, and the Congressional Committee. They all were seated on the platform.

**Sea of Humanity**

Then before a great sea of humanity, official and unofficial, invited and uninvited, Mr. Harding took his place at the left of Chief Justice White. With Bible in hand the Chief Justice stepped to the foot of the platform and Mr. Harding with upraised right hand slowly and solemnly repeated after the Chief Justice the oath of office as President, prescribed in the constitution. At the conclusion of the oath President Harding kissed the open Bible and the ceremony was over save for the delivery of the inaugural address of the new President.

Stepping toward the vast throng Mr. Harding then began his carefully prepared address outlining the policies of his administration.

**Cavalry Escort**

At the conclusion of the address the Senate returned to its chamber to resume its special session, while the new President to the cheers of the throng entered his automobile and with a cavalry escort moved through the Capitol grounds and slowly along Pennsylvania Avenue. Everywhere along this thoroughfare the masses of people on the sidewalks cheered themselves hoarse. The simple procession along the famous avenue moved slowly, the President bowing and raising his hat almost constantly through the mile ride.

Reaching the White House, the new President entered and found awaiting him there a large company, including his father, who had been one of the most interested spectators throughout the ceremonies.

The ceremonies this year, devoid of the long and tiresome inaugural parade, were looked on with much relief.

**Synopsis of Land Act Amendments**

Minimum price of first-class land reduced to 15¢ an acre; second-class to 10¢ an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least one acre before receiving Crown Grant.

Where pre-emptor in occupation not less than 2 years, and has made proportionate improvements, he may be granted intermediate certificate of improvement and residence maintained on Crown land.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$100 per annum and records same each year. Failure to make improvements provided statutory improvements made and residence maintained on Crown land.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 60 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased, conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Release of one-half of road, not exceeding half of purchase price, is made.

**PRE-EMPTORS' FREE GRANTS ACT.**

The scope of this Act is enlarged to include all persons joining in surveying with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 25, 1918.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 21, 1920.

**SUB-PURCHASERS OF CROWN LANDS.**

Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

**GRAZING.**

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner.

Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers' campers or travellers, up to ten head.
