DROWNING AT ANYOX

Further Particulars of Fatality Which Befel James Smith

ANYOX, Sept. 16.—About 6:30 on Monday evening of this week, James Smith, aged 53, was drowned at Anyox near the buildings east of the slaggie.

Deceased was on the gasboat "Alida," while his partner, J. E. (Deafy) Forsman, was busy unloading lumber from the gasboat to a rowboat and taking it ashore. Smith was observed to jump or fall off the gasboat into the water and Forsman promptly started towards him in the rowboat. When about a hundred and fifty feet from him, however, Smith went down and was not seen again.

The police were promptly notified and dragging operations commenced at once but, owing to a strong wind and rough sea, these were unsuccessful. They have been continued since.

Smith came to Anyox with Forsman about two weeks ago and they went fishing together. He was formerly a tent and sail-maker at Prince Rupert, conducting his own business. He was an ex-service man, having served in the 35th Battalion, Canadian Infantry, as quartermaster-sergeant.

Smith was well known in Prince Rupert, being an ex-president of the Prince Rupert branch of the Canadian Legion. For about three weeks prior to his death Smith was said to be in a very despondent mood. It is understood that he has a son in Prince Rupert.

The body has not yet been recovered.

Halibut Landings

Summary
American—102,500 pounds, 3c and 2c to 4.1c and 2c.
Canadian—None.

American
Senator, 30,000, refused 3c and 2c, left for Seattle.

VANCOUVER WHEAT

VANCOUVER, Sept. 16.—Wheat was quoted at 48c on the local exchange today.

Owing to a misunderstanding, it was stated yesterday afternoon that the Fleet Cafe on the local waterfront had been destroyed by fire Wednesday night. It was actually Solem's cafe across the road from the Fleet Cafe that was burned. Mr. Solem operated in the Fleet Cafe premises before they were taken over by H. A. Nelson who now conducts the business there.

Dutch Steamer Flensburg Coming on September 26 With British Ship Danwood Few Days Later and Maasburg Early in October, It Is Announced

Within the next five or six weeks three steamers will be here to load full cargoes of grain for export from the Alberta Wheat Pool's Prince Rupert elevator, according to word received by the Daily News last night. Two of the vessels will load for the United Kingdom or Continent while one cargo will go to the Orient. The dispatching of the three cargoes will about clear up wheat of last year's crop which has been stored in the local elevator and the house will then be ready to start taking in the new crop.

Urges Equality

Rt. Hon. Arthur Henderson, who would give Germany arms parity with other nations.

TO HOLD INQUEST

Circumstances Attending Death of Woman Believed to Be Dorothy Millette to Be Probed

SACRAMENTO, Cal., Sept. 16.—Inquest will be opened tonight over the body believed to be that of Miss Dorothy Millette, common-law wife of Paul Bern, moving picture executive, which was found in the Sacramento River near here on Wednesday. Miss Millette is believed to have taken her own life by jumping overboard from a river steamer bound from San Francisco to Sacramento after learning of Bern's suicide.

LASKY HAS RESIGNED

Vice-President of Paramount-Public Quits and Will Become Independent Producer

LOS ANGELES, Sept. 16.—Announcement was made yesterday of the resignation of Jesse L. Lasky as vice-president of the Paramount-Public Corporation with which moving picture concern he has been identified for 18 years. Breach of contract by the company is the reason given by Lasky for his resignation.

Lasky announced that he would continue in the moving picture business as an independent producer.

The first ship coming here to load is the Dutch steamer Flensburg which is due to arrive on or about September 26. She will be followed a few days later by the British steamer Danwood which will load for the Orient. Early in October the steamer Maasburg, another Dutch ship, will be here to load for the United Kingdom or Continent.

RESULTS OF PRIMARIES

Gellatly and Martin Nominates For Governor of Washington—Jones and Bone For Senator

SEATTLE, Sept. 16.—Nomination of Lieutenant-Governor John A. Gellatly as Republican candidate for governor of Washington at the November elections had long since been assured when 2127 out of 2682 precincts in the state gave Gellatly 96,980 votes as against 56,227 for Governor Roland H. Hartley, the present Canadian-born incumbent. The Democratic gubernatorial race, however, was not so decisive although Clarence B. Martin, mayor of Cheney, was conceded the victory with 56,132 votes as against 45,176 for William Pemberton and 43,107 for Louis Schwelienbach.

In the contest for lieutenant-governor, Judson Faulkner, on the Republican ticket, had 44,003 votes as against 31,296 for W. W. Connors, Vic Myers, Seattle orchestra leader, seemed sure of the Democratic nomination for lieutenant-governor with 21,362 votes as against 16,638 for his opponent, Wilson, and 15,620 for Smith.

For attorney-general on the Republican ticket Dunbar had 63,952 votes and Sharpe, 57,144 votes. On the Democratic ticket for this office Hamilton had 22,976 votes for a safe lead over two opponents.

For congressman of the first division, the vote on the Republican ticket stood: Miller, 22,836; Hoare, 16,651. On the Democratic ticket, Marion Zienchek had an easy lead with 17,430 votes.

For senator on the Republican ticket Wesley Jones had 95,433 votes and Beeler, 61,551 votes. On the Democratic ticket Homer T. Bone was an easy winner with 78,249 votes compared with 38,431 for Chadwick.

WEATHER REPORT

Dead Tree Point—Raining, light southeast wind; barometer, 29.92; temperature, 56; light swell.
Triple Island—Part cloudy, strong southeast wind; sea choppy.
Langara Island—Overcast, strong southwest wind; sea moderate.

Iowa Farmers Block City-Bound Produce

The Wom has toiled as far as farmers of Iowa are concerned. If city folks won't pay decent prices for produce they can go without, by heck. Strikers are shown stopping city-bound foodstuff.

WORKLESS INSURANCE APPROVED

HAMILTON, Sept. 16.—The Canadian Trades and Labor Congress, in annual convention here, reaffirmed its stand on a contributory unemployment insurance scheme today and voted in favor of a Dominion-wide meeting to be held at Ottawa to discuss the matter with the Dominion government.

EXAMINE CLAIMS

Prince Rupert Group on Moresby Island May Rival Pioneer as Gold Producer

SKIDEGATE, Sept. 16.—Two prominent mining engineers, one from Portland, Ore., and the other from San Francisco, are reported to be on their way to the Queen Charlotte Islands to make an examination of the Prince Rupert group of gold claims at Kootenay Harbor, Moresby Island.

These claims are owned by E. C. Stevens and associates of Skidegate and are believed by many to have a chance of giving the famous Pioneer a close run as a gold producer.

The claims contain free-milling gold and there are six claims in the group—the Victoria, Skidegate, Prince Rupert, Vancouver, Medford and Hazelton. Assays taken from the claims have run \$20, \$24, \$26 and \$180 per ton in gold.

Ill On Flagship

PORTLAND, Ore., Sept. 16.—The flagship West Virginia of the United States Navy is rushing at full steam back to her base at San Diego with Admiral Pringle seriously ill on board. Admiral Pringle's condition was such that it was impossible to remove him to a plane for the trip. The West Virginia had been on a cruise of the north coast.

Aluminum Being Sent to Soviet Republic Now in Exchange for Raw Oil

Tanker Steams Into Montreal Harbor With Nine Thousand Tons From Batum—Is Not Covered Under Embargo, Ottawa States

MONTREAL, Sept. 16.—Canadian aluminum products are going to Russia in exchange for Russian crude oil to be refined here and placed on the Canadian market. Officials of the Aluminum Company of Canada said today that they were "in effect but not literally" trading Canadian aluminum for Russian oil but ventured no further explanation.

On Wednesday the oil tanker Aase Maersk steamed into Montreal with nine thousand tons of crude oil from Batum on the Black Sea.

Oil Not Covered
OTTAWA, Sept. 16.—Russian oil is not one of the commodities which comes under the Canadian embargo, it is stated at the Department of National Revenue here.

SAFE IN MANSION

Hutchinson Party Guests of Greenland Governor Following Their Rescue

ANGMAGSALIK, Greenland, Sept. 16.—Col. George R. Hutchinson, his wife, two little daughters and four members of the crew of the big Sikorsky amphibian plane, which was wrecked on the coast south of here last Sunday while engaged in a projected flight across the Atlantic Ocean from New York to Edinburgh, are comfortably ensconced in the Greenland governor's mansion here following their rescue by the British trawler Lord Talbot which brought them here. They are awaiting transportation home by ship.

Captain Watson, skipper of the Lord Talbot, sighted flares early Tuesday morning which led to the rescue of the flying party shortly after dawn following a two-day search.

Life is for action, not for questioning.

DAMAGE IS EXTENSIVE

Roof Blown Off \$50,000 Roman Catholic Church at Peace River By Gale

EDMONTON, Sept. 16.—New reports of storm damage from the near-hurricane winds on Tuesday and Wednesday reached Edmonton today from the Peace River country as crippled communication lines were repaired. At Peace River the roof was torn from the \$50,000 Roman Catholic Church, small buildings were demolished and travel was blocked by trees blown across the highways.

PERSHING IS NOW 72

Former Commander-in-Chief of American Forces Celebrates Birthday

PARIS, Sept. 16.—Hale and hearty despite advancing years, General John J. Pershing, commander-in-chief of the American forces in the Great War, celebrated his seventy-second birthday Tuesday.

On Monday night General Pershing was tendered a complimentary dinner by American newspapermen including a number of former war correspondents.

WILL PAY SALARIES

Church Missionary Society to Replace Funds Which Were Depleted in Winnipeg

TORONTO, Sept. 16.—Payment of salaries to bishops and clergy of the five Church of England dioceses whose endowments have been depleted along with other funds entrusted to John A. Machray K.C. of Winnipeg has been decided upon by the Church Missionary Society. The stipends will be paid to the same extent as the endowments provided.

IS OPPOSED TO LEAGUE

American Legion Does Not Want United States to Join—Chicago For Next Convention

PORTLAND, Ore., Sept. 16.—The American Legion, in annual convention here, denounced the League of Nations and expressed opposition to any move on the part of the United States to join up.

The Legion also passed a resolution expressing opposition to any cancellation or reduction of war debts of European countries. Chicago was chosen as the venue for the 1933 convention.

As expected, resolutions were passed by large majorities demanding the repeal of the Eighteenth Amendment and immediate payment of veterans' cash bonuses.

The resolution demanding repeal of the Eighteenth Amendment passed 1144 to 133. That demanding immediate payment of bonuses carried 1167 to 109.

Another resolution which was passed by the convention censured Secretary of War Patrick J. Hurley for sending circular letters to the public under government frank justifying the participation of troops in the putting down of the recent bonus army riots in Washington.

The much-mooted resolution to censure President Hoover for permitting troops to be used in connection with the riots did not appear.

The convention closed last night.

Waterfront Melee; Three Men Jailed

As a result of a melee last night on the waterfront near the premises of the Pacific Salvage Co., Paul Brentzen, Ray Cook and Donald Matheson were haled into city police court before Magistrate McClymont this morning. Brentzen and Cook pleaded guilty to charges of drunkenness and were each fined \$25, with option of 14 days' imprisonment. Matheson was remanded until tomorrow on a charge of vagrancy.

ARMS EQUALITY FOR GERMANY URGED BY ARTHUR HENDERSON

LONDON, Sept. 16.—Rt. Hon. Arthur Henderson, president of the last world disarmament conference, in a public statement yesterday, urged that equality of arms with other nations be restored to Germany in compliance with the demand to this effect which that country is now making to the powers.

THE DAILY NEWS.
PRINCE RUPERT - BRITISH COLUMBIA
Published Every Afternoon, Except Sunday, by Prince Rupert Daily News, Limited, Third Avenue
H. F. PULLEN - - - Managing-Editor

DAILY EDITION Friday, Sept. 16, 1932

ONE OF THE DIFFICULTIES

Here's one of the difficulties in this program of reducing expenditures in British Columbia along the lines of the Kidd report. The Nelson News, just to hand, publishes a report of the meeting of the Nelson Board of Trade in which strong representations are made to the minister of public works and Premier Tolmie to continue the relief work on the Nelson-Balfour highway and the Wynndel-Creston road instead of putting the men on the dole. Colonel Lister is also to be importuned to use his influence to have the work continued. They say that the road work has been a benefit to the men employed and to the province of British Columbia. The letter sent to the Premier states that "it would be a very grave mistake to force the men on to the dole."

We have expressed a similar opinion here that it was a grave mistake forcing the men on to the dole instead of giving them employment on the highway and thus benefiting the province permanently instead of spending money and getting no return as has been done here.

CONSIDER UNITED STATES

While Canada is cutting down all expenditures, and doubtless rigid economy is necessary, the United States is just starting to work on a huge program of public works with a view to ending the depression by putting money into circulation. They take the view that more spending is needed instead of more saving. That's their viewpoint. Which is right?

COMMISSION ON TRANSPORTATION

Much speculation is rife in regard to the possible findings of the federal commission on transportation which will be presented to the government next week. It must be remembered that many reports of commissions have been filed without any action being taken on them and that, after the report is received, Parliament has to act before any of its recommendations become effective. This time it seems to be understood that the report of the commission is to precede governmental action but until the report is made public and the government makes a statement in regard to it, nothing is sure as to the outcome.

STEW IN OWN JUICE

Some years ago when W. J. Bowser was leader of the opposition at Victoria, J. W. deB. Farris, then attorney general, approached him with the suggestion that, as the Liquor Act being formulated was of great importance to the province and the best possible law was desired, the leader of the opposition should join with the government in making it as effective as possible. Mr. Bowser suggested to the Liberal leaders at that time that "they should stew in their own juice" or some such classic phrase. The Conservatives at that time absolutely refused to adopt the principle of both sides getting together and deciding on the best possible policy.

This is not being used now as an argument against non-partisan administration but simply to show that the group so keenly in favor of co-operation has taken just the opposite view when it suited their purpose.

The Letter Box

PRINCE GEORGE SCHOOLS

Editor, Daily News:—
In your issue of Sept. 8th there is an article headed "Mix-up at P. George" which contains more misinformation in less space than I had thought possible.

Miss Milligan is not teaching in the high school as one might infer from the article. Technically her salary was not reduced but the position of sub-principal, which she held, was abolished and she reverted to her original salary. She has not been removed to another school but is still in the same room she has been in for several years.

Our former high school principal did not protest his dismissal and he has not returned to the city. There are not two principals in the high school and we are not paying two salaries.

Almost every statement in that article was an error and so was the headline.

I would appreciate it if you would give this letter as much publicity as your article.

Yours truly

W. J. PITMAN,

Chairman Prince George School Board.

Editor, Daily News:—

As a member of the Prince George School Board I am naturally interested in the news items published in regard to this board's actions.

The misinformation given in your issue of the 8th inst. under the heading "Mix-Up at Prince George" is very well named but the mixing was not done by the Prince George School Board. Miss Milligan has been reinstated at a reduced salary but she has not been removed to another school. Mr. Scott, former principal of the High School, has not, to my knowledge, returned to this city and there is but one High School principal to whom we are paying one salary.

In other words there has been no "mix-up in regard to High Schools" in this city and I would be pleased if you would so advise your correspondent and the public.

R. A. HARLOW

Prince George, B. C.

Session of Pacific Coast Sub-Executive of Biological Board of Canada End Here

The Pacific Coast sub-executive meetings of the Biological Board of Canada concluded here yesterday afternoon after having been in session for two days at the Prince Rupert Fisheries Experimental Station.

Discussions at the meetings had largely to do with plans for future work at the local station and at the Biological Station at Departure Bay, Vancouver Island.

Dr. J. P. McMurrien of the Toronto University, chairman of the Biological Board of Canada; J. J. Cowie, Ottawa, secretary; Dr. A. H. Hutchinson, University of British Columbia, Vancouver, member of the board, and Dr. W. A. Clemens and Dr. R. E. Foerster, director and assistant director respectively of the Departure Bay station, sailed by the Prince Rupert last night on their return south after having been here to attend the meetings.

**COMPARISON
OF CANADIAN
AND ENGLISH**

Director of Fisheries Experimental Station Gives Impressions of Visit to Old Country

Canadians are a little more virile, a little quicker to seize the opportunity and a little more active and they seem to do a little more work than Englishmen but they do not necessarily accomplish more, according to D. B. Finn, director of the Fisheries Experimental Station at Prince Rupert, in giving his impressions of England as a result of his recent sojourn as a post-graduate student at Cambridge University, at the Rotary Club luncheon yesterday.

The difficulty with Canadians is that they have no time to think and often act before thinking, according to Mr. Finn. While Englishmen seem to be conservative and possibly inactive they are not really so. They are more accustomed to group discipline, obey the rules and what they achieve is of real value.

Speaking of his visit, Mr. Finn said he was in New York not very long ago and looking up at the Empire State building he could not but marvel at the wonderful achievements of the American builders. When later in England a few miles from Cambridge he looked down at the sleepy little town with the ancient buildings and beautiful trees, the former erected between the twelfth and fifteenth centuries and reeling as if they had grown there and were a part of the works of nature he came to the conclusion that modern civilization was not as unstable as he had thought. The people there seemed quite indifferent to the outside, calm and serene. No one was worrying about his revenue and none seemed to have any doubt as to the continuity of his work. Here was no hewing down of forests, building of new cities and developing new homes. All that had been done for them. Their energies were concentrated on other things.

Old Country Englishmen
Mr. Finn's impression of the Old Country Englishman was that he

was less given to great enthusiasm or to fits of depression such as were found in Canada. This seemed to affect their sense of values. More people in England had hobbies than in Canada and cuts in salaries did not worry them as it would here. If they could not ride in a car they enjoyed equally the opportunity of hiking. Canadians he thought set too high a value on wealth and did not have the world outlook.

Concluding, Mr. Finn said he considered that Canada had a tremendous future but the people could learn much from the English. The ultimate future depended a great deal on the sense of satisfactions of the people. He felt that while we may be proud of Canada and her achievements, whenever he wanted to get his feet on solid ground he would like to pay a visit to England again.
The luncheon was presided over by George A. Woodland and, among guests present, were visiting members of the Biological Board including the chairman, Professor J. P. McMurrin, J. J. Cowie, secretary; Professor A. H. Hutchinson of Vancouver, Dr. W. A. Clemens, director of the Biological Station at Departure Bay and Dr. R. E. Foerster, assistant director.

Arche Thompson will sail next week for Vancouver to resume his studies at the University of British Columbia after having spent the summer vacation here with his parents, Mr. and Mrs. James H. Thompson.

Miss Irene Mitchell, who has been spending the summer vacation here with her parents, Mr. and Mrs. John R. Mitchell, will return next week to Vancouver to resume her studies at the University of British Columbia.

Another enjoyable dance was held last night by the Canadian Labor Defence League in the League Hall on Second Avenue, a good sized crowd being in attendance. Music was furnished by members of the League and refreshments were served by the ladies.

VICTOR
 Bi-acoustic Radio

Most radical radio development since the advent of the all-electric set... a striking revelation in

TONE

brilliant... thrilling... human
 You must hear it to believe it!

VICTOR Bi-acoustic RADIO, Model R-22, complete with 12 tubes, \$189.50

Other Victor models range in price from \$69.50 up.

HERE'S radio that lives—that breathes—that pulses with realism, so human in tone that it enthalls both the trained and the untrained ear. The New Victor Bi-acoustic Radio, an improved super-heterodyne.

We invite you to hear it—to judge it for yourself. Any Victor dealer will be proud to show you the new Victor Bi-acoustic Radio. You will be amazed—thrilled—for you will hear radio finer than you have ever heard before.

Eight great advances... "B" amplification gives you the power for "thrill peaks" without loss through distortion. Extended musical range brings in two more octaves. Automatic tone compensators take out "tinniness"... new tone equalizers remove cabinet "boom".

Dual automatic volume control counteracts fading. A new dynamic speaker for the first time handles all frequencies at all volumes. Twelve new-type tubes make possible more power, greater fidelity, smoother performance. And new cabinets, executed in beautiful woods, are tuned acoustically to give you finer, truer tone. All these extra features combined give you twice the power, twice the range, twice the tone quality!

BEFORE YOU BUY ANY RADIO hear the new Victor Bi-acoustic Radio. Compare its power, its range, its tone with any other. Complete with tubes \$189.50. Easy terms.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letters should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

ORCHESTRA

FOR Your Dance orchestra phone Mrs. Black, Green 218. Snappy music! Prices reasonable. (tf)

Good Work at Station Here Says Visitor

The Prince Rupert Fisheries Experimental Station is doing great work, according to Professor J. P. McMurich, chairman of the Biological Board of Canada, who left last night following an official visit to Prince Rupert. The professor expressed the opinion that the board was fortunate in securing once more the services of D. B. Finn as director. He considered him better fitted than ever for the work since his two years at Cambridge University.

CHIMPANZEE LEARNS MORE QUICKLY THAN HUMAN

In a novel test made by an American expert between his own son, ten months old, and a chimpanzee, two months younger, the animal was more docile and easily taught. The human infant won only in learning to speak.

Secure Cash During Hard Times

The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opportunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.

Daily News Want Ads.

We strongly suggest that you meet the BERGER representative. It will pay you to visit this store during his visit.

J. G. SUTHERLAND - - - Prince Rupert, B.C.

OPPOSITE RUPERT HOTEL

District News

SKIDEGATE

A son was born at the Queen Charlotte City Hospital to Mr. and Mrs. Francis Richardson of Tiel. Both mother and son are doing splendidly.

Norman Fraser of Prince Rupert, a former pioneer resident of the Queen Charlotte Islands, arrived here a few days ago on the launch Ethelinda in company with Lyman Hinton and Roger Wright, the well known surveyors, to look over some gold properties on the Queen Charlotte Islands. Mr. Fraser's many friends on the Islands were delighted to see him back. He owns the well known Old Shift mine and has a splendid farm adjoining the mine at Copper Bay, Moresby Island.

SMITHERS

The Smithers and District Chamber of Commerce, at a meeting on Monday night, accepted a recommendation that no action be taken at the present time in the matter of organizing a marketing bureau within the organization. Don Sutherland, as head of the agricultural division of the chamber, suggested that the establishment of such a bureau be left to the farmers themselves. Although Prince Rupert did not appear anxious to handle Bulkley Valley potatoes on a large scale, there was already a strong market on the coast for poultry products of this district, Mr. Sutherland said.

The entire holdings here of the Grand Trunk Pacific Development Co. will be offered for sale at the annual tax sale here on September 30. Some 1500 lots are involved.

Leonard Turner, son of Mr. and Mrs. Grover Turner, formerly of Telkwa, is going strong as a jockey on Washington state tracks.

A son was born here last Friday to Lieut. Col. and Mrs. R. L. Gale.

The grouse season in this district opened yesterday. The grouse are very plentiful this season and local sportsmen are looking forward to taking big bags.

Mrs. R. J. Raabe and daughter, Mary, have returned to their home in Smithers after spending a brief holiday visiting with friends in Prince Rupert.

NEW HAZELTON

Several members of the Hazelton Golf Club have entered for the Northern British Columbia golf championship tournament which is to be played on the Smithers course on Sunday next.

VANDERHOOF CALF SHOW

Twenty-Two Fine Animals Are Exhibited By Junior Agriculturalists

VANDERHOOF, Sept. 16:—One of the most successful Junior Calf Club shows in the province this year was held last Saturday at Vanderhoof. Twenty-two high class Shorthorn heifer calves were paraded by the youthful owners before the veteran stockman, Tom Stewart of the Dominion Livestock Branch, Victoria, who made the awards. Mr. Stewart stated that the quality of the exhibits were the equal of any he had seen outside the large fairs. Crowds of adults watched the results of the judging with great interest. Mr. Stewart carefully explained each placing, outlining in detail the points to look for in a show animal and methods of exhibiting stock to advantage, making the judging a very interesting and educational program.

F. E. Durrant, manager of the Bank of Commerce, Vanderhoof, local organizer of the club, was highly pleased with the exceptionally large entry and interest in the club show. Dave Irving, Bert Mitchell and L. J. Preston, members of the committee of the Farmers' Institute in charge, agreed that their efforts in promoting the club were well repaid.

Don Sutherland, district agriculturist, Smithers, who acted as supervisor, is very optimistic over the results of the show and is already making plans for a calf show at Vanderhoof next year.

Excellent Quality

The excellent quality of the calves exhibited is an indication of the good type of breeding practices being followed in the Vanderhoof district and offers a challenge to other districts throughout the central interior of British Columbia by way of improving the quality of their commercial stock.

Many of the calves exhibited were purchased under the Dominion Government free freight policy and shipped into the district from Edmonton. Those bred locally, however, were able to offer real competition to the stock from outside the province. John Goldie's three children exhibited three home-bred heifers which are a credit to any farm or district.

Those supporting the club in giving prizes were the provincial department of agriculture, Victoria, the Vanderhoof Board of Trade, the Vanderhoof Farmers' Institute, P. Burns and Company, Prince Rupert, Vancouver Livestock Exchange and local business men of the town.

The awards were as follows: Senior Competition—First, Jean Rae; second, Jack O'Meara; third, Janet Goldie, fourth, Jean Goldie; fifth, John Goldie; sixth, Francis Rae; seventh, Ralph Andros; eighth,

"MA" WINS IN TEXAS

Governor Ross Stirling Defeated By Majority of 2798 in Texas Gubernatorial

AUSTIN, Texas, Sept. 16:—Final count in the Democratic gubernatorial primary for the state of Texas gave "Ma" Ferguson a majority of 2798 over Governor Ross Stirling. Stirling supporters moved yesterday to contest "Ma" Ferguson's election on the ground that there had been irregularities in voting with at least 20,000 illegal ballots.

Robert Margaret, ninth, Howard Clark, tenth, Walter Irving.

Additional competitors were Harry Schultz, Edna Irving, Jean Irving, William Mitchell, Meola Cameron, Harvey Reeves, Beverley Mitchell and Mary Gaen.

Junior Competition—First, Clifford Andros; second, Alex Mitchell; third, Grace Irving; fourth, Jack Andros.

Thoughts are wasted, unless turned into action.

SCIENCE FINDS NEW MERITS IN ALL-BRAN

Has "Bulk" and Vitamin B for Constipation, and Iron for Blood

In the past ten years millions have found Kellogg's ALL-BRAN the safe "cereal way" to overcome common constipation—with the headaches, backaches, loss of appetite and energy, that so often result.

Behind this success is the proved effectiveness of ALL-BRAN. Laboratory tests show ALL-BRAN brings two things needed to overcome common constipation: "Bulk" to exercise the intestines. Vitamin B to tone the intestinal tract. ALL-BRAN also contains twice as much blood-building iron, by weight, as beef liver.

The "bulk" in ALL-BRAN is much like the bulk in lettuce. Inside the body it forms a soft mass. Gently it clears the intestines of wastes.

How much more pleasant it is to use this delicious cereal than to abuse your system with pills and drugs—so often habit-forming.

Just eat two tablespoonfuls daily with milk or cream—sufficient to overcome most types of constipation—in serious cases, with every meal. If you have intestinal trouble not relieved this way, see your doctor.

Special cooking processes make ALL-BRAN finer, softer, more palatable. It is not habit-forming. Appetizing recipes on the red-and-green package. At all grocers. Made by Kellogg in London, Ontario.

United Church Tea and Sale Is Successful

A pleasant and successful tea and sale of home cooking was held yesterday afternoon by the Ladies' Aid of First United Church at the home of Mrs. Pat Partridge, Second Avenue West. Despite disagreeable weather conditions, many ladies called during the afternoon to lend their patronage to the affair.

The hostess was assisted in receiving the guests by Mrs. J. J. Payne, president of the Ladies' Aid. Presiding over the tea tables was Mrs. Pat Partridge of Ketchikan, Mrs. Thomas Silversides and Mrs. D. Santebane. Serviteurs were Mrs. Ralph Moore, Mrs. Roy Ingram, Miss Dorothy Styles and Miss Edith Thompson. Acting as cashier was Mrs. T. J. Shenton. Mrs. G. V. Wilkinson was in charge in the kitchen. Mrs. Lance Styles and Mrs. F. V.ickers had charge of the home cooking table.

STORY IS THRILLING

Picturization of "Riders of Purple Sage" is Coming Here This Week-End

"Riders of the Purple Sage," talking picture version of Zane Gray's famous novel of the same name, makes a suitable feature offering on the screen of the Capitol Theatre here for this week-end. The book was said to have been the most popular of Grey's numerous western thrillers and the picture is declared to be a fitting counterpart of the original story.

As for photography, the scenes in Arizona are said to be unequalled. Some great horsemanship is featured in the fast-moving action of the picture.

George O'Brien is good as the quick-shooting hero and Marguerite Churchill makes a very attractive damsel in distress. Noah Beery is a fittingly horrid villain. These are the leading members of a splendid cast which does ample justice to the vehicle in which they appear.

ROOSEVELT IN DENVER

Breach in Democratic Party Ranks in Colorado Healed as Result of Candidate's Visit

DENVER, Col., Sept. 16:—Governor Franklin D. Roosevelt, Democratic presidential candidate, spent yesterday in Denver in the course of his western campaign tour and, as a result of his visit, an open breach in party ranks arising out of the senatorial primary contest was reported last night to have been completely healed.

Governor Roosevelt will visit Cheyenne and Butte today.

Alex McRae returned to the city on last night's train from a brief trip to Terrace.

BULKLEY VALLEY COAL

IS A HIGH CARBON, NON-COKING, BITUMINOUS COAL.

That can be used to economical advantage in all styles of fire boxes. In your kitchen range try the nut-egg size and simply shake the bottom grate when a hot fire is desired. For heaters use single screened lump. In furnaces use single screened lump with a generous portion of fines added to hold a slow fire of banking over night. You will use no other fuel after becoming accustomed to—
