Strike On U.S. Railways Is Likely GREAT WAR VETERANS DO NOT SEEM TO FAVOR AMALGAMATION

Railroad Strike In States Set for Nov. 3 Is Not Expected To Spread to Canadian Roads

CHICAGO, Oct. 18.—Following the announcement of the first railroad workers that they would be called out on a strike, it became known yesterday that the second group of men would walk out, the time being set for November 3. The strike affects the New Haven, Hartford and Delaware railways. John Grunin, labor leader who led the outlaw strike last year, had two million dollars in the treasury and might indefinitely.

WASHINGTON, Oct. 18.—President Harding and other officials are studying the situation in connection with the strike of railwaymen in the United States. They are not sure some means will be found of averting the strike. General Hays declared the strike will be moved.

CHICAGO, Oct. 18.—The general railroad strike is a big downward blow to the wheat market. Seven cents a bushel was slashed from its

CHICAGO, Oct. 18.—A. Mosher, president of the Brotherhood of Railway Employees, said the United States would be a Canadian Lines.

CHICAGO, N. J., Oct. 18.—The crew of wealthy men who operated the "special" bringing them to New York during the strike are again ready to go it is announced.

CHICAGO, Oct. 18.—James H. Cross, vice-president of the United States, states that the strike will not extend to Canada.

VICTORIA CROSS AWARD FOR U. S. HERO

George and President Harding.

CHICAGO, Oct. 18.—King sent a message of appreciation to President Harding for the award of the Victoria Cross to the unknown British warrior at the battle of the Somme.

King asks that he be allowed to present the Victoria Cross to the unknown British warrior at the battle of the Somme.

SECRETARY VICTIM OF MURDER

CHICAGO, Oct. 18.—It is reported that M. Ronkiewicz, the secretary to the Polish Consulate in Moscow, has been murdered in that city.

HIGH RENTS.

CHICAGO, Oct. 18.—The high rents of several merchants are attributed to high rents. A business man's sign says: "We can't keep it up, so we quit." and another says: "We're selling and quitting. Too much rent." Five good-sized local merchants tell the same tale in their announcements.

HON. T. D. PATTULLO

Minister of Lands and member for this district. About to take up fight for balance of money to complete government buildings here and for Road to the Skeena River.

ASK LOANS FOR SOLDIERS

Dwellers in Cities Wish Same Treatment as Those on Farms.

PORT ARTHUR, Oct. 18.—At the G.W.V.A. convention today a resolution was passed petitioning the Government to amend the land settlement Act to enable veterans to borrow enough money to become owners of their homes in cities at the same rate and under the same conditions as farmer soldiers.

It was also decided to urge a conference of banking and financial powers of the country to consider the immediate extension of credits to business and government bodies in order to alleviate unemployment and favored state employment and insurance on the lines proposed by Lloyd George in Britain.

STEAMER VICTORIA STORMBOUND AFTER HAVING BEEN ASHORE

SEATTLE, Oct. 18.—The Alaska steamer Victoria is stormbound off Egg Island, Alaska, after grounding for twelve hours of Cape Nome. The vessel was unable to land her cargo at St. Michaels and has 400 passengers aboard.

LATE TELEGRAMS.

PARIS — Chancellor Wirth of Germany has announced to the Reichstag his intention of resigning after the decision of the Council of the League of Nations regarding Upper Silesia is received.

CHICAGO — Telegrams summoning the chiefs of the four big railway brotherhoods to conference with the United States Labor Board in an endeavor to forestall an actual walkout on U. S. railroads were despatched to the labor leaders today.

LONDON — It is officially announced by Lloyd George that Canada is to be represented at the disarmament conference by Sir Robert Borden. Australia, New Zealand, India, South Africa will also be represented. Lloyd George told the Commons that he also hoped to go to the conference as soon as the general situation made it possible.

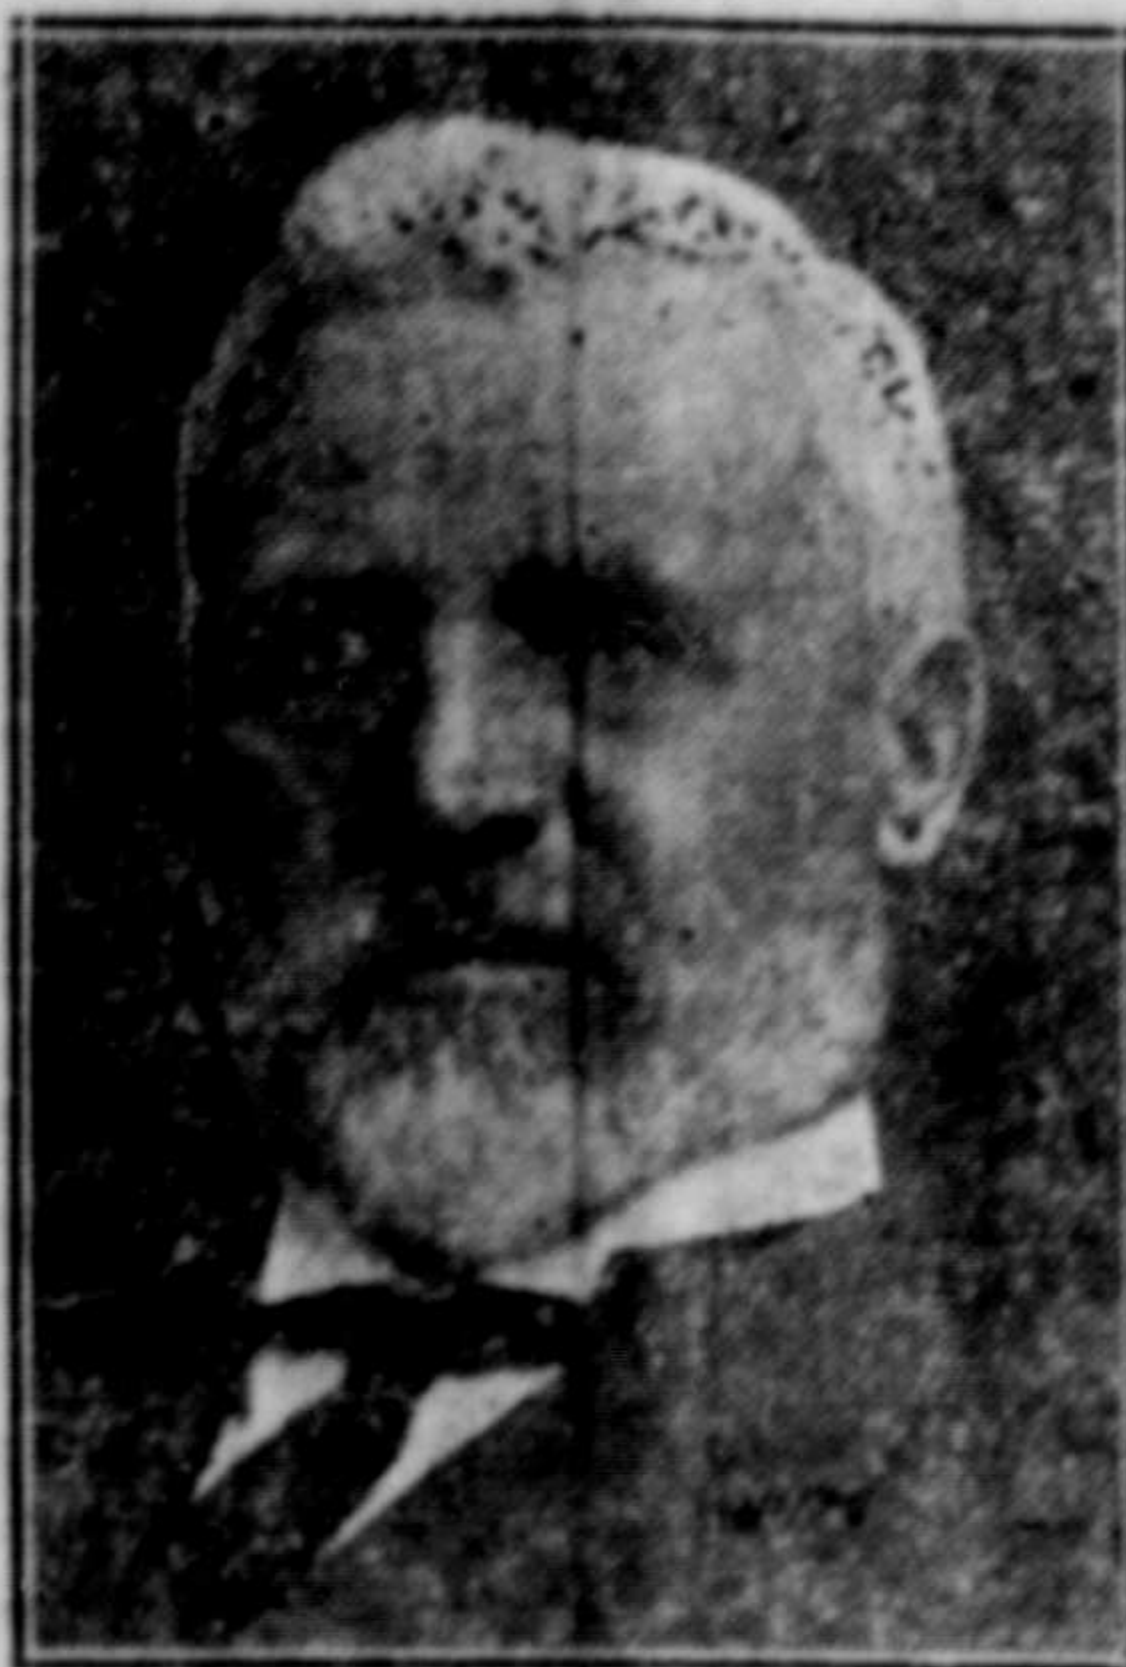

CORK — Work of destruction by the occupants of the Spike Island camp for interned prisoners began on Sunday. They became enraged because they were not permitted to attend mass, it is alleged. The trouble continues today. Buildings on the island known as Block B have been destroyed and Block A is pretty well demolished. Four prisoners have been badly wounded.

CANADA'S LUTHER BURBANK

"King of the prairie apple growers" and "father of horticulture in Manitoba" are only two of the titles awarded to A. P. Stevenson of Morden, Man., an expert agriculturist. Mr. Stevenson has been experimenting in fruit growing in Manitoba since he settled there in 1874. He has managed to overcome the severe Manitoba climate, and now is able to grow mammoth plums and grapes. He is experimenting with pears and cherries.

HON. JOHN OLIVER

British Columbia's Liberal Farmer Premier.

W. J. BOWSER, K.C.

Leader of Opposition in Legislature.

British Columbia G.W.V.A. Delegates Urge Amalgamate All Veterans Organizations

PORT ARTHUR, Oct. 18.—The British Columbia delegates to the Great War Veterans' convention asked that the first consideration in each day's business be the question of amalgamation of all the veterans' organizations. After much debate the British Columbians consented to permit the schedule to stand at Chairman Maxwell's discretion.

Ian Mackenzie of Vancouver opened the debate and Major Asquith of New Westminster supported him, declaring that members of the G. W. V. A. in British Columbia are seceding because the amalgamation issue was not brought to a head.

Chairman Maxwell urged that there were not sufficient representatives of other veteran bodies present to permit of proper negotiations at this time.

PROTEST AT B. C. RATES ON RAILWAY

Premier Oliver Says Violation B. N. A. Act and Retards Development.

VANCOUVER, Oct. 18.—Declaring the discrimination in railway freight rates against British Columbia was a distinct violation of the terms of the union by which British Columbia entered Confederation, Premier Oliver appealed to the Board of Railway Commissioners sitting yesterday to right the great wrong being done to the province.

"Development of the resources of the province has been retarded," the Premier said, "and the Pacific ports prevented from becoming the great grain outlets they should because of the high rates."

IRISH LORD GETS BIG COMPENSATION FOR DESTROYED HOME

LONDON, Oct. 18.—It is announced that the Athlone assizes have awarded Lord Castlemaine £101,000 compensation for the destruction of his residence, Moydrum Castle, by the Sinn Féiners on July 3.

MARK SLUMPS AGAIN.

LONDON, Oct. 18.—The German mark slumped another hundred points on the London exchange, being quoted at 650 to the pound sterling.

WHO WILL GET SENATORSHIP?

Question Being Asked By Everyone Here Today.

"Is there any news from Ottawa about the senatorship?" That is the question that was asked the Daily News and its representatives last night and this morning by fifty citizens of all political shades—Liberal, Conservative, Socialist and Independent. The question it appears has been engaging the attention of local political circles for the past twenty-four hours and it is possibly occasioned by the rumor that the B. C. senate appointment was to have been made yesterday.

The question, "What is Col. Peck going to do?" seems to have fallen back into this one, due, no doubt, to the belief held by many that the local member is slated for the ease and affluence of the Red Chamber.

No Announcement.

At any rate, there is no announcement forthcoming as to the Conservative plans in this riding, and while it is the only one in the province where the Conservatives have not made a nomination, local Conservatives seem to be playing the game: "Senatorship, senatorship, who's got the senatorship?"

The Vancouver World of recent date says H. S. Clements will be appointed to fill the vacant B. C. seat. Late this afternoon Colonel Peck, interviewed by The News, stated that he would make an announcement tomorrow as to his position.

LIBERALS ARE EXPECTED HERE

M. A. Macdonald and F. G. Condon Plan to Come About October 26.

M. A. Macdonald and F. G. Condon are setting out on a tour of British Columbia in the interests of the Liberal party, and will hold meetings at various points. They plan to come to Prince Rupert about October 26.

Both these men are good speakers. Mr. Macdonald is a candidate in Burrard for the Federal House and Mr. Condon is an old Yukoner and an excellent speaker.

IRISH CONFERENCE AT CRITICAL STAGE

Question of Ulster's Relation to Situation to Be Approached This Week.

LONDON, Oct. 18.—The conference between the Sinn Féin and the British Government is entering a critical stage as the question of Ulster's relation to the Irish situation is likely to be approached before the end of the week.

IMMIGRATION COMES MOSTLY FROM MOTHER COUNTRY, ANNOUNCED

OTTAWA, Oct. 18.—Figures just compiled indicate that immigrant arrivals from the British Isles for the past five months totalled 29,443 compared with 17,235 from the United States, and 11,736 from other countries for the same period.

HON. ALEX. MANSON

Speaker of the Legislature and Member for Omineca is again on the job at Victoria at opening of session today.

BURNED TO DEATH IN GAS EXPLOSION

VANCOUVER, Oct. 18.—John Daniel Sparrow, seven years of age, was burned to death in a gas boat explosion at Quarry Bay and the father, Capt. George Sparrow, was seriously burned.

REPORTED REVOLT.

BUCHARTEST, Oct. 18.—Ukrainian peasants are reported to have revolted against the Russian Soviets and one Bolshevik regiment is said to have mutinied.

CRERAR TELLS PRINCIPLES OF PROGRESSIVES

Supreme Issue is Whether Legislation of Future Shall Be for Few or Many.

WINNIPEG, Oct. 18.—Hon. T. A. Crerar, leader of the Progressive party, in an address to the "People of Canada" here said: "The tariff question is an issue and a very important issue in the forthcoming election campaign, but the supreme issue is whether or not the government is to be free or fettered and whether legislation of the future shall be for the few or for the many."

Mr. Crerar declared that the policy of the Progressives was based on the principle of developing the natural wealth of the country. The manufacturing industries would share in the expansion. "Our goal," he said, "is the ultimate elimination of the tariff, but the changes must be brought about gradually, giving the industries time to adjust."

CONFERENCE ON IRISH AFFAIRS

Two Hour Session Last Evening Adjourned Without Setting Date for Next.

LONDON, Oct. 18.—A two hour session of the conference of cabinet ministers and the Irish leaders adjourned without date last evening. The omission is due to engagements of Premier Lloyd George in connection with the reopening of Parliament today.

Large sized maps were brought into the conference room and this was taken to indicate that the position of Ulster was under discussion.

The Irishmen are remaining in London and it is presumed that negotiations are proceeding without serious hitch.

The reorganization of the Irish volunteers has been decided upon, says a Belfast despatch, which blames the British Government for its failure to interfere with the drilling of republican soldiers in Ireland.

CAMPBELL SUIT WAS DISMISSED

Jury in Court of Appeals Deliberates Three Hours and Favors Defendant, R. J. Cromie.

VANCOUVER, Oct. 18.—The suit brought by Charles Campbell to recover damages from R. J. Cromie, publisher, for alleged libelous articles in the Vancouver Sun was dismissed by the jury in the B. C. Court of Appeals after the case had been deliberated upon for three hours. They reached a verdict in favor of the defendant. The articles complained of were for alleged overpayment by the Liquor Board for the Campbell warehouse property.

NELSON MANAGER.

John Nelson, until recently managing director of the Vancouver World, has been appointed campaign manager for Brig. Gen. J. A. Clark, in his contest against M. A. Macdonald in the constituency of Burrard.

DAILY EDITION

Tuesday, October 18, 1921

Great North
Here to Yukon.

The great north country between the Grand Trunk Pacific Railway and the northern boundary of the province is a land of great promise and of some achievement. The Anyox mine and smelter is an example of what may be expected as the country develops. At Alice Arm there are a few mines and some splendid prospects. At Stewart a somewhat similar condition prevails. Atlin several working mines.

Everyone has heard of the great coal deposits of the Groundhog country, which will be developed in the near future, and beyond that are immense agricultural areas that will prove of great value in years to come. The land is largely undiscovered and very little prospected. The future has great things in store for it. Few people would even venture to guess at what the future of the country would be, and all this is in British Columbia. The attention of the Legislature will be drawn to this by the member for the district at the present session.

Getting Ready for
Christmas Buying.

It is perhaps a little early to be advising people to shop early, but even today it is time to be thinking about the coming Christmas. Some young men and women wish to remember the old folks across the seas, and in order to do that the presents must be sent away early. There is always a congestion during the rush season and it takes several weeks to reach Great Britain, and longer for some other countries.

Do not forget the old folks. They look forward with keen anticipation to hearing from the people on this side. The time to prepare is now, because when the time comes to send it is always possible that the stores have sold out of the goods required.

A good many women like to make things for Christmas presents. Anything on which the donor has put her own labor is always more highly appreciated than things which require no work. In any case, this is the time to remember, for two months will bring us within a few days of the festive season.

Women Will Vote
at Coming Election.

Women will vote at the coming election. They will be registered just the same as men if they are not already on the list, and they will be looked to for a verdict that is for the benefit of the country.

At the last Dominion election under the War Times Election Act, manipulated by Mr. Meighen, some women were allowed to vote and others were not. The coming election will be the first occasion on which the privilege has been general in a federal election. For that reason the outcome will be looked forward to with interest.

There is no reason why women should not vote as intelligently as men except perhaps that in the past they have not taken much interest in politics on account of their not being able to express themselves at the polls. This being changed, they will study the political conditions, delve into political history, brush themselves up on political economy and the science of government, and also read both sides of the arguments being advanced at the forthcoming campaign.

Difficulties of
Self-government.

The city of Alberni has approached the Provincial Government, through its mayor, and asked that the incorporation charter be cancelled and that the affairs of the municipality be once more managed by the Provincial Government direct. The inspector of municipalities will investigate and report. The request is backed by more than two-thirds of the property owners.

The difficulty is that half the lands of the municipality have been returned to the municipality at tax sales and the present tax rate is 40 mills on the dollar. The people own their own waterworks and lighting plant and these will have to be operated by private concerns if the Provincial Government agrees to administer their affairs.

The example of Alberni is one that must prove a warning to all municipalities to go carefully and see that they get full value for all expenditures. There is a tendency in all government-owned concerns to forget that they must be conducted on business lines. Value must be received for every dollar expended or the end is likely to be the same as that of Alberni.

Every city needs improvements and Prince Rupert must keep in line with other places. She must grade her streets and put in sewers, but she must also see that value is received every time. Businesses that are not well conducted fail and go out of existence. The same happens with cities. The future success of a city depends on having the expenditures kept well within the income and seeing that all work is done just as economically as it would be under contract.

HEALTH MESSAGE
TO THE WORLDTake "Fruit-a-tives" And
Make Yourself Well

"Fruit-a-tives", the marvelous medicine made from fruit juices and tonics, is the most beneficial medicinal agent that has ever been applied to mankind. Just as oranges, apples, figs and prunes are nature's own medicine, so "Fruit-a-tives"—made from these fruit juices—but concentrated and intensified—is the greatest Stomach and Liver Medicine, the greatest Kidney and Bladder Medicine—the greatest Blood Purifier—the greatest remedy for Headaches, Constipation, Indigestion, Nervousness and Bad Complexion—in the world. To be well, take "Fruit-a-tives".

SCHOOL LIBRARIES
AND THEIR USES ARE
BEING RECOGNIZED

In view of the interest being taken locally in the possibility of establishing school and public libraries, the following recommendation from the National Educational Association at Washington, is of interest:

1. All pupils in both elementary and secondary schools should have ready access to books to the end that they may be trained: (a) To love to read that which is worth while. (b) To supplement their school studies by the use of books other than textbooks. (c) To use reference books easily and effectively. (d) To use intelligently both the school library and the public library.

2. Every secondary school should have a trained librarian and every elementary school should have trained library service.

3. Trained librarians should have the same status as teachers or heads of departments of equal training and experience.

4. Every school that provides training for teachers should require a course in the use of books and libraries and a course on the best literature for children.

5. Every state should provide for the supervision of school libraries and for the certification of school librarians.

6. The public library should be recognized as a necessary part of public instruction and should be as liberally supported by tax as are the public schools, and for the same reasons.

7. The school system that does not make liberal provision for training in the use of libraries fails to do its full duty in the way of revealing to all future citizens the opportunity to know and to use resources of the public library as a means of education.

Ten Years Ago
in Prince Rupert

October 13, 1911

The Prince Rupert Dramatic Society had a meeting last night in the Grand Trunk Inn. Those present were: J. H. Thompson, L. Bullock Webster, Miss Johnstone, Miss Milligan, Capt. and Mrs. Roberson, Miss Drummond, Miss Ellett, Miss Mercer, E. H. Mortimer, F. S. Long, W. E. Williams, L. Crippen, C. T. Howard and J. Russell.

The members of the executive committee of the Society for the Prevention of Cruelty to Dumb Animals met last night in the police court to decide the prize winners in public school essay competitions. The awards were made as follows: Seniors—First, Edith Sing; second, Alex. Hunter; third, Ruth Kenny. Juniors—Katherine Pillsbury, Ethel Gray, third, Marjorie Sing and Bob Ritchie.

WHITE BEAR
PAYS VISIT TO
FARM HOUSECame to Back Door of McDonald's
Ranch at Pacific and Left
Unmolested.

A white bear, which is not often seen in this part of the country recently visited the McDonald ranch at Fiddler Creek near Pacific. The animal came to the back door of the farmhouse and calmly sat and watched Mrs. McDonald while she was going about her work. Mr. McDonald had no gun handy so the bear was allowed to go back to the woods unhurt.

Number Been Killed.

A number of white bears have been taken on the coast at different times and have been declared by Dr. Hornaday of New York and other students of natural history to be a different species from the black bear. They are of a creamy white and many specimens have been taken at Gribble Island a short distance down the coast. Very few have been seen on the mainland.

Some hunters maintain the white bear is simply an albino, but Frank Kermode, curator of the Provincial Museum at Victoria, showed to the satisfaction of American scientists that it was not that but a distinct species. It was accordingly named Ursus Kermodei or Kermode's bear and several specimens may be seen stuffed in the Provincial Museum and also at the Museum of Natural History at New York.

The bear in question has almost all the characteristics of the Black Bear. It is small and in no way related to the northern white bear.

PROGRESS ON
SILVERADOTwenty Two Men Working on
Tramline and in Mine—Very
Rich Ore.

James Anderson, who with J. J. Coughlan of Vancouver returned on Sunday from Stewart, where they have been in connection with their mine, the Silverado, says that work is proceeding there getting the mine ready for shipping. There are 22 men employed getting material up the hill for the tram road and also working at the mine. When everything is ready they will be able to shoot the ore right down the mountain to tide water and the transportation charges will be very low.

There is a vein eight to ten inches thick of grey copper and antimonial silver going about \$600 to the ton. This ore will be shipped to the silver refinery at San Francisco or to the smelter at Tacoma.

WILL CALL FOR PLANS
OF CITY WATERWORKS

Ald. Perry gave notice at last night's council meeting that he would bring in at the next meeting a motion calling for the preparation of charts showing existing connections in the city waterworks system. Such, he stated, being available would be of convenience to all and would eliminate expense in finding the connections where their location was not exactly known. The alderman also stated that he thought plans and inventories of all public works should be prepared.

The Great Breatheable Remedy

Peps

FOR
**COUGHS, SORE THROAT,
WINTER COLDS, BRONCHITIS**

TO treat the early symptoms of a cold or a chill
with Peps is to safeguard your throat and
chest—to nip trouble in the bud. Neglected Colds
on the other hand, lead to serious chest weakness
and those attacks of bronchitis and asthma so dreaded
by the old folk. Peps are

**THE UNIQUE BREATHEABLE
MEDICINE IN TABLET FORM.**

You simply dissolve Peps in the mouth and breathe
the chest-strengthening and healing vapours through
the throat and bronchial tubes, deep into the lungs.
In this way the sore inflamed membranes are quickly
soothed and healed, germs are destroyed, and irritation
and that "stopped-up" sensation quickly dispelled.

Ordinary medicated lozenges are useless for such troubles, whilst
trying to benefit the chest and lungs with druggery mixtures
swallowed into the stomach, is now recognized as the
mistaken and out-of-date method.

To shake off a cold or a chill quickly—deal with
it in the scientific direct way—get Peps today!

25c per box, all druggists and dealers or from P. H. Co.,
Dupont St., Toronto. TRIAL SAMPLE for 1c stamp.

Got No Sleep

But now the neuritis has gone, the pains have ceased, the nervous system is restored and the writer of this letter pays a grateful tribute to the medicine which made him well.

Mr. John Woodward, P.T.O., Lucan, Ont., writes:

"It gives me much pleasure to recommend Dr. Chase's medicine, especially the Nerve Food. I was a sufferer from neuritis for several years, and tried all kinds of remedies, yet never seemed to get any better. At last my nerves and whole system seemed to give way through not being able to get any rest or sleep at night for pain, which mostly used to take me in all parts of the limbs and feet. My nerves would twitch till my whole body would seem to jerk right up as I lay in bed. Almost at the point of despair, I decided I would get Dr. Chase's Nerve Food, which I did, and after taking twenty boxes I believe myself almost normal again. I also keep a box of Dr. Chase's Kidney-Liver Pills on hand, and for the past year I seem to enjoy my usual health."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmansson, Bates & Co., Limited, Toronto.

COAL BUNKERS ARE DISCUSSED

Ald. Kerr Suggests That Arrangements be made to Accommodate Domestic Dealers.

The matter of the establishment of coal bunkers here by the Alberta Government was discussed at the meeting of the city council last night, when Ald. Kerr expressed the opinion that arrangements should be made so that they could be used by local dealers in domestic coal.

Mayor Rochester stated that he did not know exactly where the bunkers were to be established and possibly they would not be accessible, anyway.

Ald. Dybbavn explained that Mr. Stutchbury had told him that these bunkers would have nothing to do with domestic coal but would be used for shipping purposes only. The two could not be combined.

Ald. Parker thought that such a suggestion as Ald. Kerr's would be unwise and might delay matters. There would have to be many classes of coal handled if the domestic business was gone into. These bunkers, he understood, were only to be used for coaling steamers.

The matter was left with the mayor to take up with Mr. Stutchbury.

MARRIED WOMEN IN TELEPHONE EXCHANGE

Letter on Subject Was Received by City Council Last Night From T. & L. Council.

A letter from the Trades and Labor Council protesting at the employment of married women by the city at the expense of single girls was read at the council meeting last night and was referred to the utilities committee.

Ald. Silversides, explaining for the committee, stated that as far as possible single girls were employed in the telephone department, but recently recourse was had to married women as there were no single girls who had the necessary experience.

The mayor further explained that some of the married women employed were supporting themselves and therefore might be classed as single.

COAL TENDERS

Received by City Council and Referred to Finance Committee.

Tenders for the supply of one carload of mine run coal for use in the City Hall were received by the City Council last night and were referred to the finance committee and purchasing agent with power to act. The tenders were as follows:

Prince Rupert Coal Co.—Lovett coal, \$8.50 per ton.

Consumers' Coal Co.—Foothills mine run, \$10.40; Foothills nut and pea, \$9.90; Cadomin, \$11.75.

A. E. Oakley—Basing Alberta coal, \$8.90.

Pacific Carriage—Victory coal, \$9.00; Alberta Standard, \$10.65.

Edson Coal Co.—Edson coal, \$9.90.

Albert & McCaffery—Alberta Standard, \$9.80; Mountain Park, \$11; Coalpur, \$9.50.

Phillipott & Evitt—Blackstone, \$9.40; Brule, \$10; Mountain Park, \$10.65.

The Man in the Moon SAYS—

BREAD is going down but not anything like as rapidly as cream puffs, roast beef and some of the other delicacies for which Prince Rupert is noted, not to mention halibut steak.

THE extreme of discomfort to a woman is wearing something which she knows is out of style.

THERE are several good sprinters in this city, but the man who keeps ahead of running expenses is more worthy of a medal than any one of them.

IT is all right to like to deal with bare facts, but a little clothes is sometimes more conventional.

WINDOW shopping is as unsatisfactory to a woman as drinking near beer was to some men during prohibition days.

They say I am
A lazy Man
But I am just
A working fan.

KITSUMKALUM LAKE CONCENTRATING MILL

Manager Hoar Tells Terrace People Will Soon Be Ready for Operating.

J. M. Hoar, manager of the Ross Mill at Kalum Lake, was in town this week and stated that everything will soon be in readiness for operation of the new mill, says the Terrace News.

Dr. G. T. Strand of Seattle and G. G. Wood of Minot, North Dakota, are financing the venture, with Mr. Hoar as manager. Mr. Wood visited the properties several weeks ago.

The Ross Mill is an entirely new process in the handling of ore for small properties. The outfit consists of a crusher, which breaks up the rock to a quarter-inch and it goes into the mill at that size. The grinding is accomplished by revolving balls, which pulverize the ore into fine powder and also has the property of polishing the gold particles so that they will form an amalgamation more easily. Water flows through the mill and carries off the gangue. The mercury chambers and amalgamating take place in the mill, and it is stated that the machine is capable of recovering 80 or 90 per cent. of the gold. The capacity is 15 to 20 tons of ore per 24 hours.

4000 Foot Elevation.

The mill site is on an elevation of 4000 feet and about five miles from the lake, so that operations can only be carried on until the snow prevents further work.

During the winter Mr. Hoar will do some development work on a silver-lead claim that he has secured.

When operations have been going on for a week or so definite information as to the value of the ore and the probable quantity will be given.

CAT TRAVELLED 41 MILES IN THREE MONTHS

MOOSEJAW, Sask., Oct. 15.—A tabby cat has found its way back to Moosejaw from Regina, a distance of 41 miles. The cat was being taken east by a girl. It escaped from the train at Regina station in July and landed back in Moosejaw this week.

NEW SCHOOL OPENED ALICE ARM YESTERDAY

Modern Structure With Living
Quarters Provided on Second
Floor for Teacher.

ALICE ARM, Oct. 18.—School
opened yesterday morning in
Alice Arm's new school building
and, with the throwing open of
its doors, the town advances a
notch from early mining camp
days and hangs out the shingle
of progress. The new building
bespeaks a faith in the perman-
ency of the camp as well as
showing civic pride and a com-
mendable public spirit on the part
of the citizens.

The erection of the new build-
ing was made a necessity owing
to the growing school needs of
the camp, doubly so by the in-
adequate accommodation of the
old building which has been
used for school purposes for the
past five years. School, here-
tofore, has been held in the An-
glican Church building, a small
structure erected many years
ago on the Indian Reserve as a
missionary outpost. The use of
the building was made through
the courtesy of the church
authorities.

Teacher's Living Quarters.

The new building, which is
located on one of the govern-
ment lots of the Riel townsite,
is a modern frame structure
built with a view to warmth,
light and teaching convenience.
The main building is 24 by 40
feet with a school room 23 by
29 feet. It is shingle-roofed
with an outside finish of clap-
board over sheathing. All in-
terior finishing, including coat
room, closets, etc., is in V-joint.
Overhead is a suite of three
rooms fitted up as living quar-
ters should the teachers desire
to live on the premises. They
will likely be taken full advan-
tage of for teachers in the past
have had difficulty in obtaining
suitable quarters in the town.

Cost Borne Jointly.

The cost of the building is
borne by the government and
local public subscription. A
unique feature as regards Alice
Arm in relation to the taxation
of its citizens for school pur-
poses lies in the fact that a
great many of the parents live
on the Indian Reserve and their
taxes are thus made not applic-
able to school purposes.

The teacher for the present
term is Miss Helen G. Boa, late
of the public schools of Mon-
treal.

Sport Chat

BILLIARD TOURNAMENT.

Local billiard players and en-
thusiasts are preparing for an-
other interclub tournament for
the Trail Club cup which is now
held by the team representing
the donors. There was so much
interest taken in the series last
winter that there is no doubt
another will be staged this sea-
son although no official plans
have yet been formulated. Paul
Aivazoff has already announced
that he will have a team for the
series representing the Prince
Rupert pool room and the teams
of last year, St. Andrew's, Great
War Veterans, Elks, Wanderers
and Sons of England, will also
be in again. It is expected.
Whether the Trail Club team
will follow the lead of other
sporting teams that have rep-
resented that club in the past
and blossom forth as "Sons of Can-
ada" yet remains to be seen.
Mr. Aivazoff has also signified
his intention of giving prizes for
the tournament.

PRINCE GEORGE RINK.

The Prince George Athletic
Association plans the building of
a covered-in skating rink at the
Fraser River town this winter.
On Thursday there is to be a
meeting of the shareholders of
the association to discuss ways
and means and the feasibility of
undertaking the project. Should
it be decided to go ahead with
the scheme a big publicity cam-
paign will be started to interest
every citizen of the community.
The association has written to
the provincial government in re-
gard to the selling or leasing of
a site in the centre of the city.
The suggestion for a rink was
first taken up by the Prince
George Citizen and the people,
realizing the need, have become
quite enthusiastic.

HOW DO THEY GET THAT WAY

According to John R. Sheri-
dan, an eminent American sport
writer, the Americans not only
won the war but baseball had a
good deal to do with beating
the Huns. The Yanks acted as
pinchhitters. There's what he
says: "The Allies fought bravely,
the British especially so, for
they were stupidly led. But they
struggled along, the Huns pack-
ed all the time, and no one cap-
able of making a telling hit un-
til the baseball-bred Americans
came to bat and put it over. For
two years the game was in such
a position that a good base hit
would have won at any time.
But it was not in the Allies until
the Americans came to bat."

POSITIONS OF TWO CITY OFFICIALS TO BE MADE INTO ONE

A report from the board of
works recommending that the po-
sitions of sewer foreman and
sanitary inspector be combined
was adopted by the council last
night and referred to the mayor
and city engineer for further in-
vestigation. The two men affected
are W. Sherman, who is the sewer
foreman, and W. R. Martin, the
sanitary inspector. In this con-
nection Ald. Perry gave notice of
motion that he would call at the
next meeting of the council for a
resumption of the sending of re-
ports to the City Council by the
sanitary inspector and the medi-
cal health officer.

SCOTTISH SOCIETY WHIST DRIVE AND DANCE LAST NIGHT

There were about 130 persons
present at the Whist Drive and
Dance given last night by the
St. Andrews Society in the club
rooms. There were twenty-
three tables of whist and the
first prize winners were Miss
E. A. Dennis and L. Arrol, con-
solation awards going to Mrs.
Moran and R. Gay.

Refreshments were served and
a dance followed. An orchestra
comprising Mrs. Gawthorn, R.
Arthur, Jr., and Howard White
provided the music. William M.
Brown was master of ceremonies
and A. Clapperton was on the
door.

This was the first of a series
of fortnightly entertainments
which are being put on by the
society.

HAZELTON

R. E. Loring, formerly Indian
agent here, left for Victoria last
Thursday. On the eve of his de-
parture he was tendered a com-
plimentary banquet at the Om-
ni-Sea Hotel where he was pre-
sented with an engraved gold
watch.

Al. Falconer, Angus Beaton
and Harry Bretzins have return-
ed from Kispix were they
staked oil claims for local peo-
ple. Angus Beaton left for Vic-
toria in connection with the
business.

Mr. and Mrs. William Gow
left last night for the East
where they will spend three
months holidaying.

Mr. and Mrs. C. W. Dunge-
left last week for Quamichan,
Vancouver Island, where they
will make their home.

BOXING PROMOTERS CHARGED WITH OFFENSE AGAINST STATE LAWS

WICHITA, Kansas, Oct. 18.—
Boxing officials and all promoters
connected with the Gilpin-
G'Dowd middleweight boxing
match scheduled for today were
yesterday charged with violating
the state boxing laws. Jess Wil-
lard, the referee, was included.

PROHIBITIONISTS TO GATHER IN VANCOUVER TUESDAY NEXT WEEK

VANCOUVER, Oct. 18.—The
annual Prohibition convention
will commence here on Tuesday
next and will continue through
the following day. Steps will be
taken at the gathering to coun-
teract the move to have hotel
keepers serve beer and light
wines in hotels.

Rev. M. A. Matthews of Seattle
will address the convention on
the working of prohibition in
the United States with a view to
offering the continuous propa-
ganda against prohibition in the
press of the country.

NOTICE

NOTICE IS HEREBY GIVEN that all
persons in charge of Private Bills
introduced at the coming Session of
the Legislative Assembly are requested
to submit copies of the same forthwith
to the Legislative Council at its office,
Parliament Buildings, Victoria, for
examination by him before the opening
of the Session and that the private
Bill will receive the sanction of
the Executive Government unless a copy
has been submitted and examined in
compliance with this Notice.

By order,
J. D. MacLEAN,
Provincial Secretary.

LEGISLATIVE ASSEMBLY.

Private Bills.
NOTICE is hereby given that the time
limited by the Act of the House for pre-
senting Petitions for Private Bills will
expire on Saturday, the 20th day of October,
1921. Private Bills must be presented on
or before Wednesday, the 21st day of
November, 1921. Reports from Standing
or Select Committees on Private Bills must
be made on or before Wednesday, the 15th
day of November, 1921.

JOHN KEEN,
Clerk, Legislative Assembly.

PRINCE RUPERT TIDES

Tuesday, October 18.
High—2:12 a.m., 20.4 feet.
14:05 p.m., 21.6 feet.
Low—7:58 a.m., 6.4 feet.
20:33 p.m., 3.6 feet.
Wednesday, October 19.
High—2:49 a.m., 19.9 feet.
14:38 p.m., 21.5 feet.
Low—8:31 a.m., 6.8 feet.
21:09 p.m., 3.8 feet.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

Many people read newspapers as much for their advertising columns as they do for news.

UNEMPLOYMENT NOT SERIOUS

Edmonton Has Few Out of Work, Says Head of Labor Bureau.

EDMONTON, Oct. 18.—No serious unemployment condition exists in the Edmonton district at the present time, according to reports received from Superintendent Paterson of the Alberta Government Labor Bureau.

"While we have not many jobs to offer, we are not receiving many applications for work," was the way in which Mr. Paterson described present circumstances. Close to 130 men are still unemployed, the majority of these being clerks, mechanics and men of similar calling who desired to get employment in the city.

For the most part, men who were sent out to work in the harvest fields are still employed and have not returned to the city. Men who came here from Vancouver in the hope of obtaining city employment have either accepted work on the farms or have returned to the coast.

What the situation will be in a month or six weeks from now the superintendent of the labor bureau would not care to hazard. He does not look for severe conditions, however, and is hopeful that the present winter will not

Popular and Reliable

10c CIGAR

Union Made in Vancouver
Since 1906

find unemployment any more acute than during previous winter seasons.

GOES TO GROCERY; MISSING A MONTH

NEW WESTMINSTER, Oct. 18.—Arnold V. Newton, aged 71, went to the grocery on an errand on the afternoon of September 12 and has not been home since. He was in his shirt sleeves and carried only a few dollars. Despite his advanced years, Mr. Newton was in robust health and able to ply his trade as a carpenter and saw-filer. A family friend says the old man was seen in Seattle recently and the police of that city are aiding the search.

Notice to Public

Owing to building alterations we have to move. We have till Wednesday noon to vacate the basement. This clearance sale will be a short one and full of real bargains. It will not pay us to move these goods to storage, so we are going to sell them at prices that will make it worth your while to get here early on Tuesday and buy a whole month's supply, as it will be at least thirty days before we will reopen.

PROTECTION FOR ALL PEOPLE OF CANADA TODAY

That is What is Needed Says Hon. Dr. King, Minister of Public Works.

VICTORIA, Oct. 18.—The Meighen forces were trying to blind the people as to the many important issues confronting the people of Canada today, said Hon. J. H. King, minister of public works, who addressed the annual meeting of the Victoria Liberal Association. The inability of Premier Meighen to run successful by-elections was sufficient indication of what the result would be at the forthcoming poll.

The Meighen Government was trying to keep the public eye fixed on the tariff question but that is not by any means all that confronts the country. Meighen says we are free traders, which he knows is not true. We believe in the tariff revision and the people of Canada will demand on December 6 next that there be a tariff revision. We do not want a tariff wall about the country. We must trade with other countries on a fair and equitable basis.

However, apart from the tariff we never hear anything about the railways or the 20,000 miles of railway taken over by the Meighen Government without authority from the people and the consequent annual loss of between eighty and one hundred millions of dollars.

Development of Resources.

As a new country the development of our resources is one of the most important. We need people to come here from the old country to help us open up our enormous reserves. Before 1896 our own people were actually leaving Canada. During Sir Wilfrid Laurier's regime this was changed, yet we are again today faced with the same problem and thousands of our young men have been forced to go across the border to earn a living. The only way to save Canada from its railway situation is to get people to come in and develop the resources of the country. But do we hear Mr. Meighen discussing any of these important matters? No.

"Mr. Meighen's tariff policy will be to protect a few industrial interests. What we want is protection for the whole people—not for a few small favored sections," declared Dr. King.

Tolmie Must Go.

The speaker referred in friendly terms to Hon. Dr. Tolmie, the Meighen candidate in Victoria. "But, the doctor's days as Minister of Agriculture are about over, because his position will go with the Meighen Government. We should have a representative at Ottawa who is in sympathy with the Government in power, and it is not boastful to say that it will be a Liberal Government when we consider the situation in Eastern Canada, where it is impossible for Mr. Meighen to succeed. You have seen members breaking away from the Government and forming all sorts of parties, which would certainly not be the case if conditions were satisfactory at Ottawa, concluded Dr. King.

LOW WHEAT PRICES HINDERING SHIPMENT

Eighty-four Thousand Bushels Sent Out of Peace River Country So Far.

EDMONTON, Oct. 18.—While 84,000 bushels of this year's wheat crop has been shipped out of the Peace River country over the lines of the Edmonton and British Columbia Railway, officials of the railway system declare that grain shipping generally has been considerably retarded on account of the present low prices being paid to the farmers for their product.

Seventy cars of grain have been shipped from the Peace River country since September 20 last, the last days of September having seen an exceptionally good movement on account of the fair price offered. Since that time, however, when the price began to fall the shipments have been intermittent and light.
