FRANCE PREPARING TO GIVE GERMANY BIG JOLT IF NO SETTLEMENT MAY 1

German Soldiers in Upper Silesia Ready for Action

PRINCE RUPERT, April 11.—Despatches from the allied commission in Upper Silesia declare that a complete German military organization with a full battalion in each district has been discovered. There are twenty battalions with a full equipment of machine guns ready for action. It is understood in well informed circles that France will, alone or with the allies, take radical action against Germany such as will impress the German people as they have not been impressed since the armistice, if assurances regarding reparations payment are not forthcoming by May 1.

ASSIZES DATE SET FOR EARLY JUNE

Holmes Murder Case is Only One of Any Importance Yet Listed Here

The date for the criminal and civil assizes here has been set for June 2 according to the provincial gazette.

At the present time it appears that there would be a light docket. The main case will be that of Rex vs. Holmes, charged with the murder of a man named Booth at Thurston Harbor. Alex. Manson, of Williams, Manson & Gonzales, will appear in the defence.

Harry Ross, who elected jury trial on charges of jail breaking and theft some months ago and is now doing time in Okalla, will also come up at the assizes.

No civil cases have yet been set for the session, although there are some entered.

The Prince George assizes will be held on June 14, the presiding judge going from here to that town.

NEW DEVICE MAKES IT POSSIBLE TO DROP MILES FROM SKY.

Major W. S. Schaffter, Jr., equipped with two parachutes, and illustrations showing how he uses them.

Simple apparatus devised to protect flyers, a medium of performing sensational stunts.

The pictures show how army aviators make parachute jumps safely. Note the two men flying on the top plane with parachute packs awaiting the signal to let go. In one of the circles the parachute is seen open; about 1,000 feet from the ground a second parachute is used, lessening the speed of the descent. The lone figure in the centre is Major W. S. Schaffter, Jr., equipped with two parachutes. Arrows point to the releasing rings, which must be pulled to open the parachute. A ton-mile drop was recently accomplished, two parachutes being used.

SHIPFITTER FOUND DEAD

Discovery of Death Made by Room Mate Yesterday Morning— Was Married Man.

Edward Dunn, a shipfitter at the Wallace shipyards, was found dead in bed at 7 o'clock yesterday morning by his room mate, W. Kelly, in room 39 at the dry dock commissary. Death had preceded the discovery by some hours for, when the deceased was found he was cold and rigid. His hands were crossed over his breast.

Dunn was seen about midnight by a man named Garden. He had evidently retired shortly afterwards and it was only when Kelly was getting up for breakfast that the death was discovered. Dunn was deaf and sometimes failed to hear the breakfast bell so Kelly called him. Failing to hear a reply he went to the bed and started to shake the deceased, when he felt his hand was ice cold.

The police were notified and Sergeant Bailey despatched to the scene. Dr. Cade, on examination, announced death to have been from natural causes.

Dunn was about fifty years of age and is survived by a wife in Vancouver who has been notified. He came to Prince Rupert on March 21.

ANTI-GAMBLING CAMPAIGN BY THE AMERICAN LEAGUE

CHICAGO, April 11.—The American League will conduct a continuous campaign against gambling, President Johnson announces. Each umpire will serve as a special investigator, carefully studying every game.

LONDON, April 11.—The miners have yielded to the demand of Premier Lloyd George that the first thing to be decided in regard to the strike is the return to work of the pumpmen in order that the mines may be kept free from water and not be ruined. As a result of this concession, the big strike, which threatened to carry with it a general sympathetic strike of transport workers and railwaymen, seems now to be in a fair way toward settlement by negotiation.

Four mine owners and the same number of striking employees conferred this morning in regard to the possibility of a settlement. They adjourned at noon to meet again this afternoon.

DAILY EDITION. Monday, April 11, 1921.

Toronto Financiers Hear of Prince Rupert.

The Financial Post has an editorial note referring to the lack of fish cars in Prince Rupert. This paper is published in Toronto and is devoted to financial affairs. It tries to take an impartial view of things.

Progress Slow But It is Certain.

Progress in the building up of the city is slow but it is going on steadily. The new school adds much to the appearance of stability in the city and the court house will be another important landmark.

No Recent News Regarding Bunkers.

While there is no news in regard to the possibility of securing coal bunkers for Prince Rupert, the matter has not been dropped. Efforts are being made to get the Dominion Government to act, but the revelations in regard to railway losses are having the effect of preventing the Government from looking with favor on new work.

Colonel Peck is Being Criticized.

Colonel Peck is being very severely criticized by many people in this city for continuing to support the Government contrary to the wishes of the vast majority of his constituents. It is pointed out that if the Government went to the country today it would not get the support of more than ten per cent of the people of Prince Rupert and district.

Those who criticize the Colonel say that he can spend his time dealing with the trivial subject of tipping, when on every side the Dominion Government is putting the screws on Prince Rupert and that without protest from the Federal member, they say they do not see how he can expect any support at the next election when he is consistently voting to keep in power the worst enemies Prince Rupert ever had.

Everyone recognizes the splendid services of the Colonel in the war and because of his fine work there, people have been diffident in saying anything which would seem like opposition to his political career. The time has now come, however, when those who are not for us are against us, Colonel Peck cannot continue to run with the hare and hunt with the hounds.

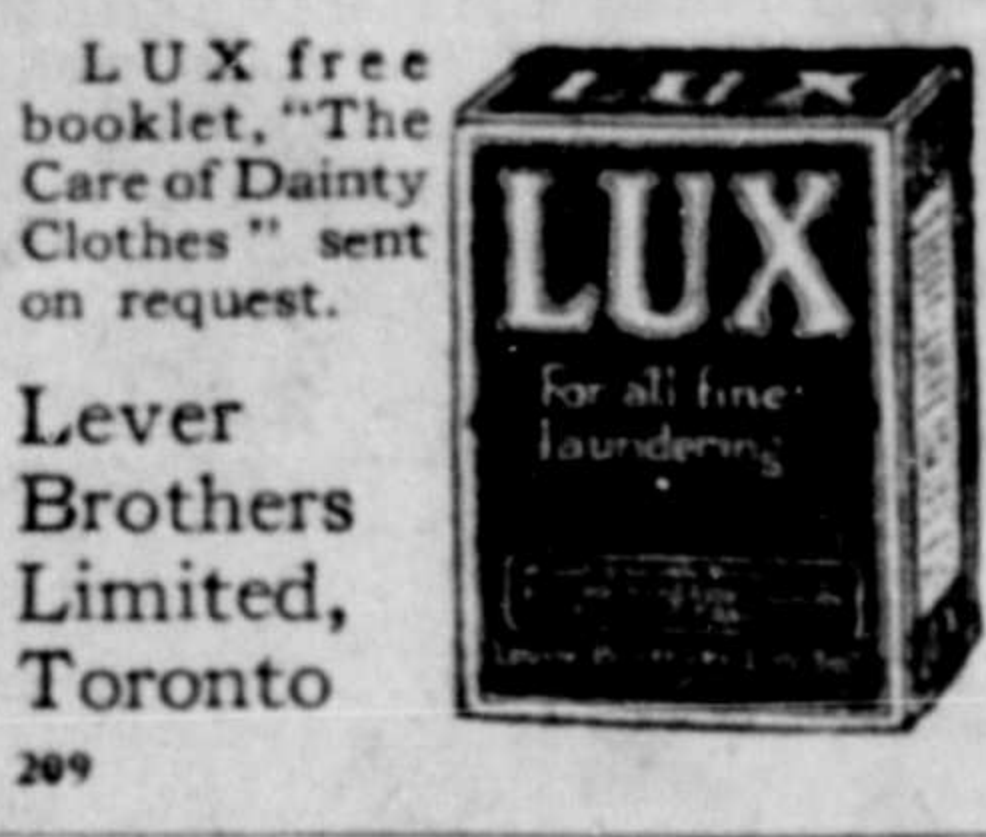

The News has on more than one occasion protested actions of the Provincial Government in its dealings with this city during the present session. Now it takes occasion to lay before the community this complaint of the treatment they are getting from their Federal member. We do not think the Colonel can justify his support of a railway policy such as that just made public, of a fish car policy, of the policy of boosting the Canadian Northern at the expense of the G. T. P. and of Prince Rupert, and of a good many other actions of the present Dominion Government.

OBJECTION TO MILITARY NAMES

Workmen Threaten Strike in Germany if Custom Continues

BERLIN, April 11.—Workmen engaged in construction of ships in several German seaports have petitioned the German government to abandon the policy of naming new ships after famous generals in the war or men who won renown for military service before the war.

It was this feeling which caused workmen recently to stop the launching of the 12,000-ton ship "Tirpitz," named after the German admiral. Protest also was made against the launching of the "Ludendorff" and the "Hindenburg," although the former Field Marshal von Hindenburg still enjoys some popularity with the union workmen employed in the sea trades.

The dockworkers and shipyard workers' unions generally are bitterly anti-militarist and take advantage of every opportunity to demonstrate their allegiance to the principle of democratic government. They have frequently delayed shipbuilding operations or stopped them altogether by strikes involving "political questions."

HEARTBURN LIVER TROUBLE

When the liver becomes torpid and inflamed, it cannot furnish sufficient bile to the bowels, thus causing them to become constipated.

The stomach is also affected. In the case of heartburn there is a gnawing and burning pain in the stomach, attended by disturbed appetite, caused by great acidity. Whenever too much food is taken, it is liable to ferment, and become extremely sour, vomiting often occurs, and what is thrown up, is sour and sometimes bitter.

Other liver trouble symptoms are pain under the right shoulder, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, foul breath, water brash, jaundice, constipation, etc.

Keep your liver active by using Milburn's Laxa-Liver Pills and you will have no heartburn or other liver troubles. Being purely vegetable they do not grip, weaken or sicken like the old-fashioned purgatives generally do.

Mrs. Mary Strone, Glasnevin, Sask., writes:—"I have used Milburn's Laxa-Liver Pills, and they have cleared me of heartburn and liver trouble. I don't think they can be beaten by any other medicine, and I can heartily recommend them."

ADDRESS BY INDIAN AGENT ON HISTORY OF INDIAN TRIBES

Dealt With Subject in Three Periods: Exploration, Trading and Missionary.

There was a good attendance in the McIntyre Hall last evening to hear the interesting address given by Ald. C. C. Perry, Indian agent, "Early Days on the North Pacific." The lecture was of a historical nature and dealt with the Indians under three periods, exploration, trading and missionary.

Commencing with a brief description of Indian customs and conditions before the white men came, the story of the British and Spanish explorations and the rendezvous at Nootka Sound was told. Then came the fur trading which, Mr. Perry stated, had been over-exploited with the result that it had practically been discontinued.

Up to this period the Indians had heard little of Christianity and there were hostilities between the whites and the natives and also fierce feuds between the various tribes. With the coming of the missionaries they had learned the ways of civilization and peace. Their barbaric customs had also disappeared. The ultimate destiny of the Indians would be absorption into the white race, predicted the speaker.

Following the lecture there was a lot of discussion and many questions were asked, answers for which were readily given. S. V. Cox was chairman of the meeting.

ENTHUSIASM IN SPORT SHOWING

There Was Great Array of Prospective Athletes at Acropolis Grounds at Week-end.

Between Saturday afternoon and Sunday over three hundred athletes visited the Acropolis grounds for practice and this is claimed by those who have been interested in local sports since the earliest days to be the biggest number ever assembled for this purpose in the city.

There is great enthusiasm being displayed and there is a better array of prospects in sight for both football and baseball this season than there has ever been before. A great season is being predicted for Prince Rupert this year.

Tonight there will be a meeting of baseball enthusiasts to organize for the year. This will take place in the Sons of Canada hall. On Wednesday night the annual meeting of the Football Association will be held in the City Hall.

On Saturday afternoon there was a pickup game between the Callies and a bunch of youngsters, under Malcolm Lamb, going under the name of the Prince Rupert Athletes. The former were easily winners. The Junior, Intermediate and Senior baseballers also had practices over the week-end.

ENGLAND LEADS IN RUGBY FOOTBALL

France Takes Second Place as Result of Defeating Ireland Saturday.

PARIS, April 11.—In an international rugby football game played here on Saturday, France defeated Ireland by twenty points to ten.

This victory puts France second in the series, with Wales third. England comes first, having won all four matches.

JACK DEMPSEY HAS JUST COMPLETED THEATRICAL CONTRACT

SEATTLE, April 11.—Jack Dempsey, champion heavyweight boxer of the world, completed his theatrical contract Saturday night and left for the east to go into training for his big battle with Georges Carpentier on July 2.

Sport Chat

An organization known as the Wallace Shipyard Athletic Club has been organized at the dry dock to handle the athletic and entertainment affairs of the employees at the plant. It is one of the purposes of this club to arrange and enter teams for the various lines of sport in the city and baseball and football are coming under special consideration at the present time. There is a lot of athletic talent at the yard, but enthusiasm seems to be mainly along the lines of baseball. There are, at the same time, a number of likely football players, but these are among the older men.

The club also proposes to stage weekly entertainments at the boarding house. Boxing matches will be a feature of these entertainments and if the ones to follow are as successful and enjoyable as the one put on Friday night the Club bids well to be highly justified in its organization and work. There is also a good deal of musical talent among the shipbuilders and the efforts of the organizers to turn the recreation of its members into the lines of clean sport and healthy entertainment are worthy of high commendation.

The indoor baseball ghost might just as well be buried now. Fans had hoped to see at least a game or so before the winter season had closed, but there seems to have been some inexplicable hitch and the indoor baseballers have fallen down. Whose fault it is seems hard to ascertain, but, anyway, if the old adage "anticipation is better than realization" is true, then everybody ought to be satisfied. We looked forward to seeing an indoor game, but that apparently is as far as we are going to get this time.

A great many parties were out fishing yesterday but no large catches have been reported. Shawatlans Lake was visited by several and others went to Lost Lake, although at the latter place no fish were caught. McNicholl Creek seems to have given better sport, for a number of nice trout were taken there. For some days past good catches have been reported from McNicholl.

PRINCE RUPERT CLUB CLINCH BILLIARD CUP

Wanderers Are Now Unable to Overcome Lead in Series—Played Saturday Night.

Any faint hopes that the Wanderers Club may have had of winning the McMorde billiard cup from the Prince Rupert were put at rest on Saturday night when the latter club, in four games out of the six of the last tournament obtained 764 points to the Wanderers' 681. With but two games to play further and the total score to date standing 6462 to 5794, the Wanderers thus have no chance in winning the series.

The individual scores on Saturday night were:
Fred Stephens (Wanderers), 200; Joe Scott, Jr., (Prince Rupert), 181.
Joe Howe, 200; P. I. Palmer, 183.
C. L. Youngman, 131; J. H. Pillsbury, 200.
G. P. Tinker, 150; S. P. McMorde, 200.

The games between S. King and E. A. Wakefield and R. B. Shockey and J. E. McMullin were postponed.

CURE FOR THE BLUES IS "OH LADY LADY!"

Musical Comedy Made into Film
Picture to be Shown To-
night

A "sure cure for the blues"; a
"laughing lozange"; "a capsule of
comicality"—any one of these
terms might well be applied to
"Oh Lady Lady," the new comedy
drama which opens at the West-
home Theatre tonight.

The vivacious Miss Bebe
Daniels scores a real hit in the
leading role of this musical
comedy in its new film form.
Deliciously amusing is her inter-
pretation of the gawky country
girl who, grown into a famous
actress, most unwittingly causes
consternation in the heart of a
one-time lover who senses breach
of promise suits, jail, etc. It can
be imagined that Walter Hiers in
the latter role carries the laughs
along in the uproarious manner
always expected of this very
popular and returned young man.

ETHEL CLAYTON AT EMPRESS THEATRE

Ethel Clayton's latest picture,
"The Thirteenth Commandment,"
will be shown at the Empress
Theatre tonight. The story was
adapted from Rupert Hughes'
magazine serial and novel of the
same name. Daphne Kip, the
central figure, is a girl in a
middle western city who has al-
ways been given all she wanted by
a father who is hardly qualified
financially to give it. She be-
comes engaged to a young New
Yorker, who, from the money he
spends on her, is apparently very
rich. On her trip to the metro-
polis to purchase her trousseau,
she discovers that Winborn, her
fiance, is really a poor man, but
her father, is going into debt
to satisfy her unreasonable de-
mands.

As if to confirm this impression,
she comes upon her newly married
brother and his extravagant wife,
Leila, in a row over money
matters. She determines no longer
to be a parasite, breaks her en-
gagement, and, after an unsuccess-
ful experience on the stage,
starts a little shop that makes her
financially independent.

STAG PARTY TO JAP INLET

Visit Made to North End of
Porcher Island by the
Launch Marla.

Yesterday a small stag party
visited Jap Inlet to see the let-
ting pound which has been es-
tablished there by the N. M. & B.
Fish Co., managed by Wilfrid
McDonald. They were taken in
George Bryant's fine launch Marla
with Joe Howe as pilot.

Leo Waugh got up the party
and proved an excellent host and
also a most capable cook, in the
manner in which he was able to
dish up smoking Boston beans
and fried Terrace eggs proving
indisputably that he was a past
master at the art. Lunch was
served on board at the inlet.

Capt. McGregor of the fishing
boat "N. M. & B. Number 1," and
his crew were also entertained
after dinner. The Captain showed
that while he may be an excel-
lent fisherman and heroic sol-
dier, he was not an expert at
baseball.

Pilot Howe gave the party a
number of thrills by seeing how
close he could drive the launch
to sunken logs, but there were
no casualties and the party ar-
rived home safely in time for
dinner.

It was found that the herring
pound contained something like
175 tons of bait and that while
there was no run on just at that
time another was expected in the
near future. The pound is made
of nets anchored to the bottom
and keeping the herring alive.

Those on the party were Leo
Waugh, Wilfrid McDonald, Geo.
McDonald, George Bryant and
Jimmie, Joe Howe, H. F. Pullen,
Harry McLeod, E. Urwin and
Jennings.

The Man in the Moon SAYS:—

SEATTLE has been having a
pretty ankle contest and the
prudes of the city have been up
in arms over it.

If there is anything more im-
modest about an ankle than
about a face, I should like to
know it. For my own part I like
to see a pretty ankle.

POSSIBLY the protest came
from those whose ankles were
not shapely enough to admit
them to the contest.

THE advantage of an ankle
exhibit over a pretty girl exhibit
is that the ankle does not pre-
sent such good opportunities for
makeup as does the face.

MANY stenographers and other
lady employees, it is said, have
been chosen because of their
pretty faces. Now one of the
qualifications in Seattle will
probably be a pretty ankle.

THE Dempsey-Carpentier press
agent is doing good work. There
is scarcely a day but a story in
regard to the proposed big fight
comes over the wire and the
newspapers pay for it.

R. J. GROMIE, publisher of the
Sun, complains to the Govern-
ment because he has to pay six
and a half cents a pound for his
newsprint. Yet the publisher of
the Prince Rupert Daily News
says he has to pay over ten cents
a pound.

Barber: "Your hair is getting
gray, sir."
Customer: "Well, I'm not sur-
prised. Hurry up!"

PROPOSED NEW PLAY GROUNDS

Suggested Site is Corner of Mc-
Bride and Sixth Avenue.

It has been suggested that a
football ground be made at the
corner of McBride and Sixth
Street large enough to accom-
modate any of the big games.

The city is at present clearing
one of the corners for a play-
ground for the youngsters. It
has been well drained and level-
led and will soon be first rate
for the purpose. It is not, how-
ever, large enough for the grown-
ups to use. The proposal is to
make it four times as large by
clearing the other corners and
then divert McBride Street to
make it go around the play-
ground. With both McBride and
Sixth Avenues over ninety feet
wide, the playground would be
large enough to use for matches
of any kind, and it would be free
from rocks so that football,
either rugby or association, could
be played there with safety. It
may not be so suitable for base-
ball because of the possible dan-
ger of the ball being struck be-
yond the grounds into the sur-
rounding houses.

U.S. CONGRESS AND CANADA

Number of Bills Relating to This Country Up At Special Session.

WASHINGTON, April 11.—A number of measures of interest to Canada are slated to come before the special session of Congress called by President Harding for April 11. In the list are the emergency tariff bill of unhappy memory and the bill to restrict immigration to the United States. Both of these bills were passed at the last session of Congress and both were vetoed by Mr. Wilson, among his final official acts as President.

Emergency Tariff
The emergency tariff measure, known as the Fordney bill, was designed to place so high a tariff on farm products entering the United States that such products would be virtually excluded altogether. The view taken by its promoters, or rather the view announced by them, was that this would be an effectual measure of protection for the farmers of the United States. Opponents of the bill, and their name was legion, declared that the measure would never become law, but was merely a political dodge to enlist the sympathy of the agricultural population for the new Republican

BEWARE OF BRONCHITIS

Bronchitis is generally caused by neglecting a cold, or exposure to wet and inclement weather. It begins with a tightness across the chest, difficulty in breathing, and a wheezing sound comes from the lungs. There is a raising of phlegm, especially the first thing in the morning. This is at first white, but later becomes of a greenish or yellowish color and is occasionally streaked with blood.

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, thereby prevent it becoming chronic, and perhaps developing into some more serious lung trouble.
Mrs. Bruce Galtman, Sheffield, Ontario, writes:—In December, 1919, I was very sick with bronchitis, and had to stay in the house all winter. One day I saw Dr. Wood's Norway Pine Syrup advertised, so I got a small bottle which helped me very much. I then got a six size, and it completely relieved me. I cannot praise Dr. Wood's enough for what it did. Two of my neighbors are now using it for colds.

Don't accept a substitute for Dr. Wood's Norway Pine Syrup; the genuine is put up in a yellow wrapper, three pine trees the trade mark; price 35c. and 60c.; manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Young Bill
In its new incarnation the bill will be known as the Young bill, being named after Representative Young, Republican, North Dakota, chairman of the sub-committee which is to present it. Despite a flood of requests from senators, representatives, business concerns and farmers' organizations for elimination of some clauses and addition of others, the measure is to be presented to Congress exactly as it stood when it finally passed early in March only to be vetoed by President Wilson.

One of the many requests for new features in the bill came from the flour millers of the United States, who asked for a compensatory duty on flour. The Underwood law imposed a duty of ten cents a bushel on wheat and the compensatory duty on flour was 45 cents a barrel, being ten cents a bushel on the four and one half bushels necessary to make a barrel of flour. In this case the millers asked for a special duty on flour that would meet the duty paid on a sufficient number of bushels of wheat to make a barrel of flour.

Anti-Dumping.
It has been agreed upon by the leaders of the Congress, and approved by President Harding, that anti-dumping legislation will be brought in early in the special session. It is possible that the anti-dumping bill will be incorporated in the emergency tariff measure and that the operation of the latter will be restricted to

a period of six months, within which time it is expected that permanent tariff legislation will have been completed.

The immigration bill that was vetoed by President Wilson just at the close of his consulship will be brought in at the special session in the same form as formerly passed by Congress. Republican leaders have announced. It will provide for limitation of immigration into the United States on a percentage basis, and there is little likelihood that the plan for absolute cessation of immigration for a certain period will be revived.

American Valuation.
Tariff matters will play a large part in the work of the session, in addition to the features already mentioned. Hearings on the permanent tariff will be carried on, and there is a measure in prospect for adopting American valuation as a basis of customs duties on imported products. Tax revision, a live issue at the present time, will be undertaken, although the form it will assume has not as yet been determined. The old movement to adopt a budget system of financing government expenditures is to be revived.

General Measures.
Bills of general public interest that will await a chance to sail through include those for the re-appointment of the house membership, packer control, protection of maternity and infancy, soldier relief, education, release, reorganization of government departments. Some effort is expected to amend the Volstead law in the hope of making it more drastic.

Those familiar with the legislative program as mapped out say the calendar will not be cleared by late summer, at which time they are counting on a recess or adjournment until December.

MAITLAND DIES.
VANCOUVER, April 11.—R. R. Maitland, barrister, formerly a clergyman of this city, died this forenoon after a long illness. Death was caused by cancer.

George Manson, charged with vagrancy, appeared in police court this morning and was remanded until tomorrow.

G. Yamashita died at the General Hospital on Saturday. Deceased came from Dominion Cannery.
