CLAUSES OF MODERATION LAW TO BE TESTED

BAN PLACED TODAY ON JITNEY BARS; NO MORE BEER IS NOW BEING SOLD

Troubles of Liquor Control Board Just About Commenced

VICTORIA, June 15.—The first attempt of the British Columbia Liquor Control Board to enforce the "profit tax" on private importations of liquor into the province with the coming into effect today of the moderation law will be met with proceedings by an injunction to prevent the board from enforcing the tax. This was announced in this city yesterday by legal authorities who propose to contest the validity of the measure in this regard. Under the Profits Tax Act provision is made for the collection of an impost on all privately imported liquor amounting to the value of the liquor plus ten per cent. The board would have to pay the tax on it if it had been purchased under government sale with an extra ten per cent of profit added.

VANCOUVER, June 15.—The Great War Veterans' Association announced yesterday that they will continue the sale of beer and liquor control. The announcement was made after the board had been taken with Sir Charles Tupper and Captain Ian Mackenzie, M. L. A., as to the status of the Association under the Moderation Act.

IRELAND PUTS COMMONS INTO MUCH UPROAR

London, June 15.—Hamar Greenwood, secretary for Ireland, speaking in the House of Commons to criticism of the Irish Free State was constantly interrupted yesterday afternoon. The noisy members prompted the speaker of the House to order the labor member, Sir James MacDonnell, to leave the chamber. Sir James did call for three cheers for the assassins. Parliaments were freely exchanged between the opposing members and the discussion continued for some time.

EXPENDITURE FOR CAPITAL SHIPS

BREWERY MAN IS VISITING RUPERT

F. H. Worlock Arrived on the Prince Rupert Today—Brought 150 Barrels of Beer

F. H. Worlock, one of the directors of the Phoenix Brewing Co., of Victoria, arrived in this city this morning on the Prince Rupert. Mr. Worlock, who is one of the best known men in British Columbia, having been a resident in the province for nearly forty years of which most of the time has been spent in Victoria, has been associated with the Phoenix Brewing Co. for some years. The company is one of the oldest in the province, having been established in Victoria forty-five years ago. It has been supplying beer to British Columbia ever since, having an enviable reputation for the goods put out. As an instance of the length of time they have been in business, they supplied Seattle with beer before the latter city had a brewery of its own. Mr. Worlock, upon being interviewed this morning by the Daily News in regard to the operation of liquor control by the government, said that he thought the latter were making an honest attempt to do their best to deal with the difficult problem they had in hand. They had been handicapped lately by the fact of the premier being away, and had been compelled to put the act into force, really earlier than they had intended to. He thought that it was quite possible that at the fall session of the legislature some amendments might be introduced that would modify the present system. None of the breweries were being taken over by the government, but all of them would go on as usual manufacturing beer of pre-war strength and selling it to the government, as well as exporting it as before to their various customers out of the province. On the Prince Rupert this morning his company had 150 barrels pre-prohibition beer for the government to be sold in Prince Rupert and district.

RAILWAYS PREPARE FOR CO-ORDINATION

If Flavell Refuses Chairmanship Permanent Board Likely Hanna Will Get It.

OTTAWA, June 15.—Co-ordination of the Grand Trunk Railway with the Government-owned railways is not expected until after Premier Meighen's return in August. It had been intended to hurry on this process, but the Prime Minister's hurried departure for London made it necessary to defer this and other matters.

Sir Joseph Flavell, chairman of the Grand Trunk Board, is in Ottawa and the temporary board under him has begun the work of preparing for co-ordination. While there are two boards, one under President D. B. Hanna, and the other under Sir Joseph Flavell, the fact that Mr. Mitchell, vice-president of the Canadian National, is on both boards, will enable the arrangements to go ahead almost as well as though all were under one board, unless there is obstruction, which is not expected. Duplicate services will be eliminated as far as possible in consequence.

May Be Hanna.

The appointment of the permanent board will await the Premier's return, it is expected. If Sir Joseph finally refuses the position, President D. B. Hanna will probably carry on.

The Canadian National Act will be proclaimed when the Premier returns.

GILHULY TO GIVE MEDALS

Winning Juvenile League Team to Get Handsome Souvenirs.

Fred Gilhuly, the popular proprietor of Gil's Cigar Store, has again come to the fore in the athletic activities of the city, for W. J. Cash, manager of the Juvenile Baseball League, announced this morning that this valued supporter of sport had offered to put up eleven medals for the winning team in the Juvenile League series. "Gil" will thus again gain the admiration and thanks of the younger athletes in the city and his generous action will be heartily appreciated.

While making this announcement today Mr. Cash also stated that all future games of the Juvenile and Junior leagues are to be refereed by G. Laporte, the well known arbiter of the City League games.

FORMER POSTMASTER BACK IN PRINCE RUPERT

Mr. and Mrs. R. L. McIntosh Returned to City on Prince Rupert Today.

Mr. and Mrs. R. L. McIntosh were among the passengers arriving here on the Prince Rupert this morning from the south. There were a number of their old time friends and acquaintances at the wharf to welcome them back to the city. After going across to Victoria and Seattle, the Prince George will leave here Thursday, inaugurating her summer schedule to Prince Rupert and Stewart.

BOLSHEVIKS LOOK TO CONSTANTINOPLE

Russia Again Has Eyes on Gateway City Which Caused Crimean War.

CONSTANTINOPLE, June 15.—"We are marching to Constantinople," the new war song of the Bolsheviks, is considered here to be significant in connection with the Bolshevik propaganda, looking to the taking of the city.

All railways leading to the chief Black Sea ports are said to be undergoing repairs to prepare them for heavy traffic. Bela Kun, Bolshevik commissary in the Crimea, is said to be putting the Crimean ports in good condition, meantime arranging to get coal from the Dnieper basin and encouraging the peasants to increase their crops.

HUNT CUP RACE WON BY ILLUMINATOR AT ASCOT HEATH TODAY

ASCOT HEATH, June 15.—Illuminator, owned by E. Shortt, today won the Hunt Cup. Lord Londonderry's Clannairn was second and Hardy's Beaugard was third. Twenty horses ran.

RIOTING STILL GOES ON IN BELFAST STREETS

Boy and Girl Killed and Many are Injured in Spasmodic Outbursts.

BELFAST, June 15.—Rioting continues here intermittently on the public streets. Many have been injured in the last twenty-four hours and a man and a boy were killed.

All is Quiet in City Following Enforcement Of Liquor Control Act

Although last night will go hurdling down in history as one of the most momentous milestones to be reached in the history of British Columbia in general and Prince Rupert in particular, to wit, the closing of the near beer bars, there was little or nothing to report as regards unruliness or drunkenness at the police court this morning.

It is said that most of the proprietors and managers, towards midnight, turned the taps loose in the kegs and lined up the bar with bottles of the beverage and called on all and sundry to drink deeply and continuously, if so they wished, for it would be the last chance they would get and they had better make the most of it. Many doubtless took advantage of the offer.

A visit to all the hotel and jitney bars this morning found things slumbering and peaceful. It was noticed that only one of the hotel bars was still open on account of the fact of passage to the hotel and poolroom had to be made through it.

The various proprietors and managers seem quite cheerful and resigned.

What chiefly seems to puzzle the public generally is the fact that the measure has been put into force, and no alternative has yet been provided. On all sides it is asked, who is the liquor controller? Where is the warehouse? And most important of all, where is the liquor?

Today Anniversary of Magna Charta.

Today is Magna Charta Day, the anniversary of the first of a series of stately steppings of the English speaking nations on freedom's highway when the Great Charter was signed by King John of England at Runnymede on June 15, 1215, seven hundred and six years ago.

Symbolic of Freedom English-speaking Races.

The Anglo-Celtic nations are now, more than ever, united in their devotion to the ideals of justice and right in the guidance of human affairs as was set out in the Magna Charta and it has been proposed that its anniversary should be annually celebrated throughout the English speaking world and made the occasion of a rededication of the English speaking peoples in the great and lasting principles of liberty.

Churches Should Observe Anniversary.

The event should be celebrated in the churches this year and next Sunday it will form a brief part of the services in many of the great English speaking countries. With the widespread approval of statesmen and clergymen, editors and boards of trade, it would seem but the simple duty of the clergy to take a prominent part in the movement.

CENSUS TAKING WELL ADVANCED

Population of Prince Rupert Will Likely Be About 7,000.

John Flewin, census commissioner, is back at his desk in M. M. Stephens' office busily engaged on census matters. Mr. Flewin returned yesterday from a visit to the Skeena River and Anxox, where he had been in connection with his present duties. He reports that everything is running smoothly in regard to the big job he has on hand, and that he expects to be through himself and to have handed in the returns for Northern B.C. by August 1. In regard to the census of Kaion Island it appears that the population will reach nearly 7,000 an increase of seventy-five per cent over that taken in 1911. Considering the fact of the period of stagnation that took place during the five years of the war when, instead of increasing, the population dwindled down to below 4,000, this may be considered a very creditable showing.

By Sections. Showing returns of 950 and 750 respectively, sections 6 and 7 are practically finished. Section 1 and 5, so far, show a population of 1,400 each but are not completed yet. There are no returns from Section 8 so far, and Section 2 has not been started on yet.

Mr. Flewin states that his enumerators are having no difficulty with their work, the public generally entering into the spirit of the thing cheerfully and intelligently realizing the benefit to the country at large to be gained by proper statistics being obtained as to population and industries.

While it will take many months, of course, before the public will be in possession of all the information that it is being endeavored to assemble during the taking of the present census, Mr. Flewin is of the opinion that sufficient data will be available to make possible the government bringing forth the redistribution of electoral districts of the Dominion at the next session of parliament.

ESPERANZA MINE HAS BEEN SOLD

Pedro Salinas Sells Alice Arm Property to Edward Elge and Leaves for Spain.

Alice Arm, June 15.—The Esperanza Mine formerly owned by Pedro Salinas, has been sold to Mr. Edward Elge, for a considerable sum. Mr. Elge arriving in town on Thursday, and stated that he is going to start working the property at once. Work will commence on the big quartz ledge and will be extended later on. The property is situated one and one-half miles from Alice Arm, and over \$27,000 worth of ore has been taken out by the Salinas Bros. already.

Pedro Salinas has left for Spain, his home, and will not return. Baldemero Salinas, the other brother, has been missing for eighteen months and is believed to have been drowned at Prince Rupert.

Ten Years Ago in Prince Rupert

June 15, 1911. The trials of the 16 men in Vancouver, who were connected with the rioting here at the battle of Kelly's cut, have just been concluded. Ten of the accused were found guilty, the other six being acquitted. The jury were out twenty-one hours.

A. J. Prudhomme has finally succeeded in getting his license to sell liquor on the premises of the Savoy Hotel renewed, but as the renewal came too late to prevent him putting in an application for a renewal after July 5, it is possible that there may be further difficulties.

J. T. Donaldson is suing the city for damages for injuries received through falling off the sidewalk at Seventh Street and Second Avenue.

Many people read newspapers as much for their advertising columns as they do for news.

BROKE RECORD FOR DRINKING OF WINE

PARIS, June 15.—The world's wine drinking record has been broken. At a dinner offered by the Alsatian Wine Growers to the French Minister of Agriculture, 139 varieties of beverages were served.

There were 400 guests and they drank steadily for two hours, snatching only a mouthful of food at rare intervals, while a veritable army of waiters passed the cobwebbed bottles which were brought to the tables by means of a specially constructed toy railroad encircling the hall.

No casualties have been reported.

MUSICAL STORY WILL BE SHOWN AT WESTHOLME

"Humoresque," Adapter From Fanny Hurst's Book—Laughter and Pathos.

"Humoresque," the feature at the Westholme Theatre tonight is one of the really big pictures of the season. It cannot be described with justice to it in print for to appreciate it one must see it.

Fannie Hurst, one of America's leading short story writers, wrote the story from which "Humoresque" has been adapted. It first appeared in the Cosmopolitan Magazine and has had a great run since being put into print.

It has been given a remarkable production on the screen. Seldom do motion picture players "submerge" themselves so completely and with such rare sympathy into the characters they portray as has been done in "Humoresque." Alma Rubens is the featured player and she is supported by an excellent cast.

The picture is said to have more laughter than "Potash and Perlmutter," and more real pathos than "The Music Master." In any case, it is one of the best films that has been shown here for weeks.

PRINTING PRESSES MAY BE REPLACED BY SMALL MACHINES

Photography May Revolutionize Production of Magazines and Newspapers.

LONDON, June 15.—Suggestion that printing from type is likely to be superseded was made by William Gamble at the recent World's Congress of Printers held here in connection with the International Printing and Allied Trades exhibition to develop a photographic process to take the place of printing from type.

He predicted that the machines for printing by photographic process would hardly occupy more space than a typewriter nor be any more complicated.

He expressed the opinion that eventually the great printing presses in newspaper offices would give place to smaller, swift-running and comparatively noiseless machines which would turn out printed matter with almost the same facility as the moving picture operator reels off his film.

The important thing to remember is to buy from those who advertise in this paper. These merchants and manufacturers have faith and they are backing their faith with money to stimulate industry and prosperity.

Pioneering on the Shores of Francois and Ootsa
By the Editor.

The country around Francois and Ootsa lakes is said by many to be the garden of British Columbia. Much of the soil is a rich black loam and it is not heavily timbered, in fact there are open bits of prairie here and there which grow excellent native grass. I did not visit Ootsa Lake because the road was impassable for automobiles south of Grassy Plains. We drove as far as John Bostrom's place on the shore of Lake Tetalaska, and the country not only looked fertile but was extremely picturesque. We were told that Ootsa Lake farther south if so we can quite understand people going back as far as sixty miles from a railway station in order to secure some of the land.

John Bostrom has a fine house on a farm of 1,100 acres with about 200 head of cattle. He raises beef but like all other settlers in that part of the country thinks they should have a creamery and should all go in for dairying. It is essentially a dairying country.

Experimental Work.
One of the valuable additions to the Francois Lake settlement is Dr. Gaine, a veterinary surgeon, who was for nineteen years veterinarian to Nebraska Experimental Station. He has something over 300 acres sloping to the shore of the lake with 100 acres cleared and is doing a good deal of experimenting. He believes that clover crops can be grown there successfully and is trying it out. His son is a graduate of an agricultural college and together they are setting out to make a real home while farming scientifically.

There is a fine farming settlement along the shore of Francois Lake but nothing like what it will be very soon. The lake is something like sixty miles long and with an average width of two miles. There are also numerous other lakes, some fairly large and others very small, scattered over the country, adding to its beauty and utility.

Roads and Schools.
Caring for this large area of country, providing roads and bridges and school accommodation is a big order. People of the south cannot understand why so much money is needed in the north, but when they realize that many settlements are entirely cut off from the outside because even a light wagon cannot pass over the roads without being mired in bad weather, they should see the need of large road appropriations. There must also be larger representation in the legislature for the north so that the influence of this new country may be increased.

Presbyterian Hospital.
In the south the people expect the very finest hospital accommodation for their sick. Let me tell you how they manage in the north. On the fourth shore of Francois Lake is a log shanty that is used as a hospital. It is kept up by the Presbyterian Church of Canada through the efforts of the Women's Missionary Society. It is particularly for the benefit of women who find it impossible to secure necessary aid at the time of childbirth.

There is, however, a small men's ward. Over this institution Miss Kendry presides with Miss Brown and Miss Whitehead as assistants. They have a small boy to help them with the chores but nothing more. At this hospital it is impossible to secure a supply of new milk, the matron states, so evaporated milk has to be used. The hospital is on the shore of the lake, but the ladies have no boat nor any other means of conveyance in order that they may visit their neighbors. The hospital is seventeen miles from Burns Lake and they need badly a cow, a boat, and some poultry. They get plenty of reading matter but the difficulty is the lack of association with the neighbors. The distances are too great.

Mr. Williams, who was of our party, having been vice-president of the Prince Rupert hospital board, took a keen interest in this institution and as a result new life is likely to be put into the work. The hospital is badly needed, and it should not be starved.

PIONEERS OF BOTH PRINCE RUPERT AND VANCOUVER RECALLED

J. H. Ross, now editor of the Winchester (Ont.) Press and who started the first Vancouver daily paper some twenty-five years ago, recalling pioneer days in Vancouver last week mentioned among others F. W. Hart, now of this city and at that time a furniture dealer in Vancouver, and Thomas Dunn, the pioneer hardware merchant here who died in California some years ago.

FORMER RUPERT MAN KILLED IN JUNEAU

Joseph Kielwasser Thrown into Channel When Plank Breaks.

Joseph Kielwasser, who left this city about eight years ago and went to Juneau, lost his life at the Alaskan town last Thursday morning when a plank on which he was walking along the waterfront broke and he was thrown into the water unconscious, after having struck his head in falling. Kielwasser was 41 years of age and is survived by a wife and little son. He was a baker by trade.

ROTTEN EGGED OUT OF TOWN--SUES CITY

GREAT BEND, Kansas, June 2.—J. D. Tevis, of Salina, Kansas, today filed suits aggregating \$160,000 against three individuals and the City of Great Bend. It is claimed that he was "egged" out of town in an anti-non-Partisan League demonstration. Tevis was the manager of the League in Kansas.

VETERANS TO PLAY FINALS

Defeated Sons of England in First Dominion Day Series Played Last Evening.

The first game of the Dominion Day cup competition was played last night at the Acropolis Hill grounds and resulted in a victory for the Great War Veterans over the Sons of England by a score of 2 to 1. In spite of the slight drizzle there was a good crowd in attendance.

The Veterans had the advantage of playing down hill in the first half but play was quite evenly divided. The brand of football played in this half was not up to some recent displays and it seemed that neither side was able to settle down to real methodical soccer. Fanthorpe, in the Sons' goal, had more shots to hold than his opposite but the first real danger was when Farquhar out-paced the defence and, centering nicely, showed every sign of opening the scoring until he was cleared strongly by Stewart. At the other end clever handwork by Belsey and Wearmouth repelled a determined attack of the Vets. The Sons were, however, successful in getting the first score when H. Fanthorpe drove in a long, high shot. Almost immediately afterwards Albert Griggs made a near effort to equalize but his shot just topped the bar. Half time thus arrived with the Sons ahead, 1 to 0.

Veterans Score.

The first danger in the second half came when Hardy slipped past Wearmouth but only succeeded in forcing a corner. The equalizer came as a result of a long drop from Harding which Hardy put through from close range. Both sides now tried hard to get the upper hand but good, though sometimes fluky, defence kept the attacks at bay. Lamb and one good try which just went ast. It looked like the game would result in the usual draw until Eddie Griggs landed in the penalty area. Stewart took the kick and made one goal up in favor of the Vets. Subsequent play showed most pressure from the Sons but, though a number of corners were given against the Vets, their attack lacked the necessary punch that is required for goal getting.

How They Played.

Play throughout was collected in good spirit and the referee kept a careful eye on minor infringements. Both goal keepers kept their ends up well. The backs of each side played a hard game but the Sons' pair were not so steady as usual and Stewart and Ross, of the Vets, did their side better service. Eddie Griggs for the Sons, and Albert Griggs for the Veterans, were the best of the halves with Kelsey doing some strenuous work. Neither quintette of forwards did anything notable. Danny Main of the Veterans limping and with head banded looked like an advertisement for the Red Cross campaign.

As a result of this game the Veterans will enter the final for the Dominion Day Cup on July 4.

G. S. Russell was referee last night and J. N. Kelly and G. Grant were the linesmen.

The teams were:
G. W. V. A.—McLean, Ross and Stewart; Lumsden, A. Griggs and Davis; Fleming, Bollong, Harry, Main and Harding.
Sons of England—H. Fanthorpe; Darton and Wearmouth; Hamilton, Kelsey and E. Griggs; D. Fanthorpe, H. Fanthorpe, Tinker, Lamb and Farquhar.

On account of the condition of the wound over his left eye, Jack Dempsey, world's champion, was not able to resume training at his camp in Atlantic City today as had been expected. The only exercise the champion is now getting is light work that in no way can jar the wound and cause it to reopen. The public, during the enforced holiday, is being denied admittance to the training quarters. It is not expected that this period of idleness will affect the champion very seriously for the forthcoming fight. His supporters who think that he is overtraining are quite satisfied although they are worried somewhat over the wound which may possibly be not quite healed by July 2 when he steps in the ring opposite to Carpentier.

Although the sandy beach at the near end of the Salt Lake has only been ready for use by the children and non-swimmers for a couple of weeks, there were several empty bottles picked out of it on Sunday and some of these were broken. Careless people who throw bottles into this place deserve to be heartily rebuked. There is every opportunity to throw them into the deep waters of the lake but, instead of doing this, some people seem to prefer to throw them onto this shallow sandy beach where many little children wade every Sunday. If this practice is continued some child, one of these days, will step on one and will be badly cut and perhaps, the whole season's fun will have to be stopped as a result. Any person who is so forgetful as to throw bottles into this place is truly despicable and it would be no more than right if he was denied the use of the lake by the Swimming Club. If a person's own common sense does not prompt him against doing a thing like this others would be justified in giving him a lesson.

The Great Ferris wheel in Paris, a duplicate of the great attraction of the Chicago Exposition, erected near the Champs de Mars for the 1900 exposition, and long since condemned to destruction, now stands like a partially dislocated skeleton in midair, minus its cars and lacking a part of the huge rim. It is propped by a system of scaffolding that cost nearly \$50,000 and, after the expense of the demolisher of the equivalent of nearly \$100,000 more in labor and lumber, promises to remain indefinitely in its present partial dilapidation. The contractor who invested the large sums for dismantling it expected to make a profit out of the old steel, but finding no buyers is willing to stand his loss and let anyone else try.

The baseball team which will represent Prince Rupert against Ketchikan at the games on Dominion Day will be selected from among the following players:—Donohoe, Easson, V. Menzies, S. Hardy, Clementson, Deleourt and Coulter, of the Elks, and Gorkle, Shakespeare, Lane, Angerson, Corbier and Maloney, of the Sons of Canada.

BABE RUTH IS GOING SOME

NEW YORK, June 15.—Bye Ruth, the marvel slugger of the New York Americans, made his twenty-second and twenty-third home runs of the season yesterday afternoon in the game with the Detroit Tigers which was won by the Yankees, 9 to 6. This makes six home runs in four days for the big hitter, which is in itself a record unprecedented in big league baseball. This afternoon's game promises to come close to breaking attendance records with excited crowds anxious to see if the phenomenal batsman is going to repeat again. Even the veteran hitter Ty Cobb is fading into the same rank as the rest of the players of the two teams as Ruth glories in the admiration and acclaim of the fans.

BERT FINCH ON COMING BATTLE

Veteran Sport Writer Points Out Styles of Carpentier and Dempsey.

PRESENT CHAMPION IS HIS CHOICE FOR WINNER.

Bert Finch, a well known sports writer of Western Canada, arrived in Prince Rupert with the Vancouver Board of Trade excursion last week and is now spending a few days in the city before leaving for a tour of the district which will take him to Anxox, Terrace, Hazelton and other points along the line of the railway as far east as Prince George. Mr. Finch is considered quite an authority on matters concerning sport and among the many papers with which he has been engaged at various times are the Vancouver Sun, Vancouver Province and Calgary Herald.

Mr. Finch has written the following article for The News on the approaching Dempsey-Carpentier world's heavyweight championship bout which will prove interesting to the many fans about town:

"Carpentier's style of fighting is what most people in British Columbia want to know of, and I have been asked several times to put into print what I thought of the Frenchman's style and of his chances of winning.

Fights Like Cat.

"Carpentier's particular style of fighting is what is known as the cat style, as he always crouches low and apparently awkwardly and has a great spring. He is always poised on the ball of his foot to spring, deliver a blow and get away from his opponent before he is able to strike back.

"The Frenchman has a great kick in his right hand and is a snappy, flashy boxer. He has, however two bad faults which I noticed distinctly when he boxed Gunboat Smith at the Olympia, London, in July, 1914, just before the war commenced. He leaves himself open and a quick boxer who never misses an opening, will get in easily. He cannot stand punishment and showed this in his bouts with Klaus and Jeanette, for as soon as they started to hit him his manager, Descamps, threw in the sponge. At the fight with Gunboat Smith, the first blow that Carpentier received put him on his knees. There he stayed, his (Continued on Page Six.)

RUSSIA AND REPUBLICS

Twenty Divisions, Large and Small Have More or Less Autonomy.

RIGA, Latvia, June 15.—The Bolshevik government is rapidly dividing the old Russian Empire into a large number of tiny soviet republics, each having some autonomous authority. In addition to those ethnological units, such as Poland, Latvia, etc., which broke away from Russia on their own accord, there are now at least 20 so-called autonomous republics within the borders of the old Empire.

Ranging in size from little communes, including only a few thousand population, to the great district of the Ukraine, these "republics" occupy, it is estimated, more than one third of the area of the old Russia in Europe, while the various Siberian and Asiatic states occupy so much of the old Empire beyond the Urals and south of the Caucasus that very little of old Russia in Asia remains directly under control of Moscow on paper.

The complete text of the Bolshevik decree, granting "autonomy" to the republic of Turkestan, recently published in the Moscow Izvestia, shows, however, that at least in one of these republics, the autonomy is extremely limited. The decree reserves to the Central Government at Moscow all matters of foreign relations, foreign trade and military matters, in Turkestan.

COLIMA VOLCANO IS SHOWING SIGNS OF LIFE

MEXICO CITY, June 15.—Mexico has another smoking volcano. Colima, in the state of Jalisco is said to be showing signs of life, emitting much smoke and steam similar to its larger relative, Popocatepetl, which, for several months, has caused alarm in the state of Puebla because of its activity. Geologists who have examined both mountains declare there is small likelihood of either erupting.

face as pale as a sheet and with an agonized look on it.

How Smith Lost.

"I was near the Frenchman's corner and when Deschamps jumped into the ring while Eugene Cory was counting he deliberately disqualified his man but the referee completely lost his head and gave Carpentier the decision on a foul. The next day Cory tried hard to explain his position as both the Daily Mail and the Express had given Gunboat Smith the decision. The decision had however, been

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$15.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is not a leasehold.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 1 acre, before receiving Crown Grant.

Where pre-emptor in occupation not less than 1 year, and has made proportional improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$10 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 4 years, and improvements of \$10.00 per acre, including 1 acre cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 30 acres, may be leased as homestead; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 40 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 1 acre may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Release of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces during the time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retrospective.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 24, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enrollment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.
Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, including interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.
Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commission. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to 25 head.

given and could not be changed—Carpentier had won on a foul, the referee stating that Smith's glove had caught on the Frenchman's neck when the latter was down. If this was so, it was not intended and was caused by the force which Gunboat had put behind the blow causing him to swing completely around.

"Kearns is a very foxy manager, as both Morris Condon, an old friend of his here, and myself know. Descamps, however, is just as foxy and the forthcoming fight will be largely a battle of wits against wits.

Dempsey's Punch.
"Dempsey has a terrific punch. Take this last fight with Bill Brennan in the twelfth round he just delivered two punches and Bill crumbled right up. If it had not been for the pictures I doubt, very much, if Brennan would have lasted more than four rounds.

"Dempsey is fast and shifty and, in my opinion, is one of the best heavyweight champions that has ever held the belt. You say: 'Who has he beat?' He has fought all the white hopes who have offered to meet him and today he fears none. He has confidence, the best asset a boxer possess and you can rest assured that Dempsey will put up as good a fight on July 2 as when he met and defeated Willard, two years ago at Toledo.

Carpentier's Followers.
Carpentier will have a splendid bunch of followers. He has lived a good, clean life and has taken care of his mother and family and he is the idol of France, England and Belgium today as the fight approaches. Kings would not attract a greater attention than he does in these countries.

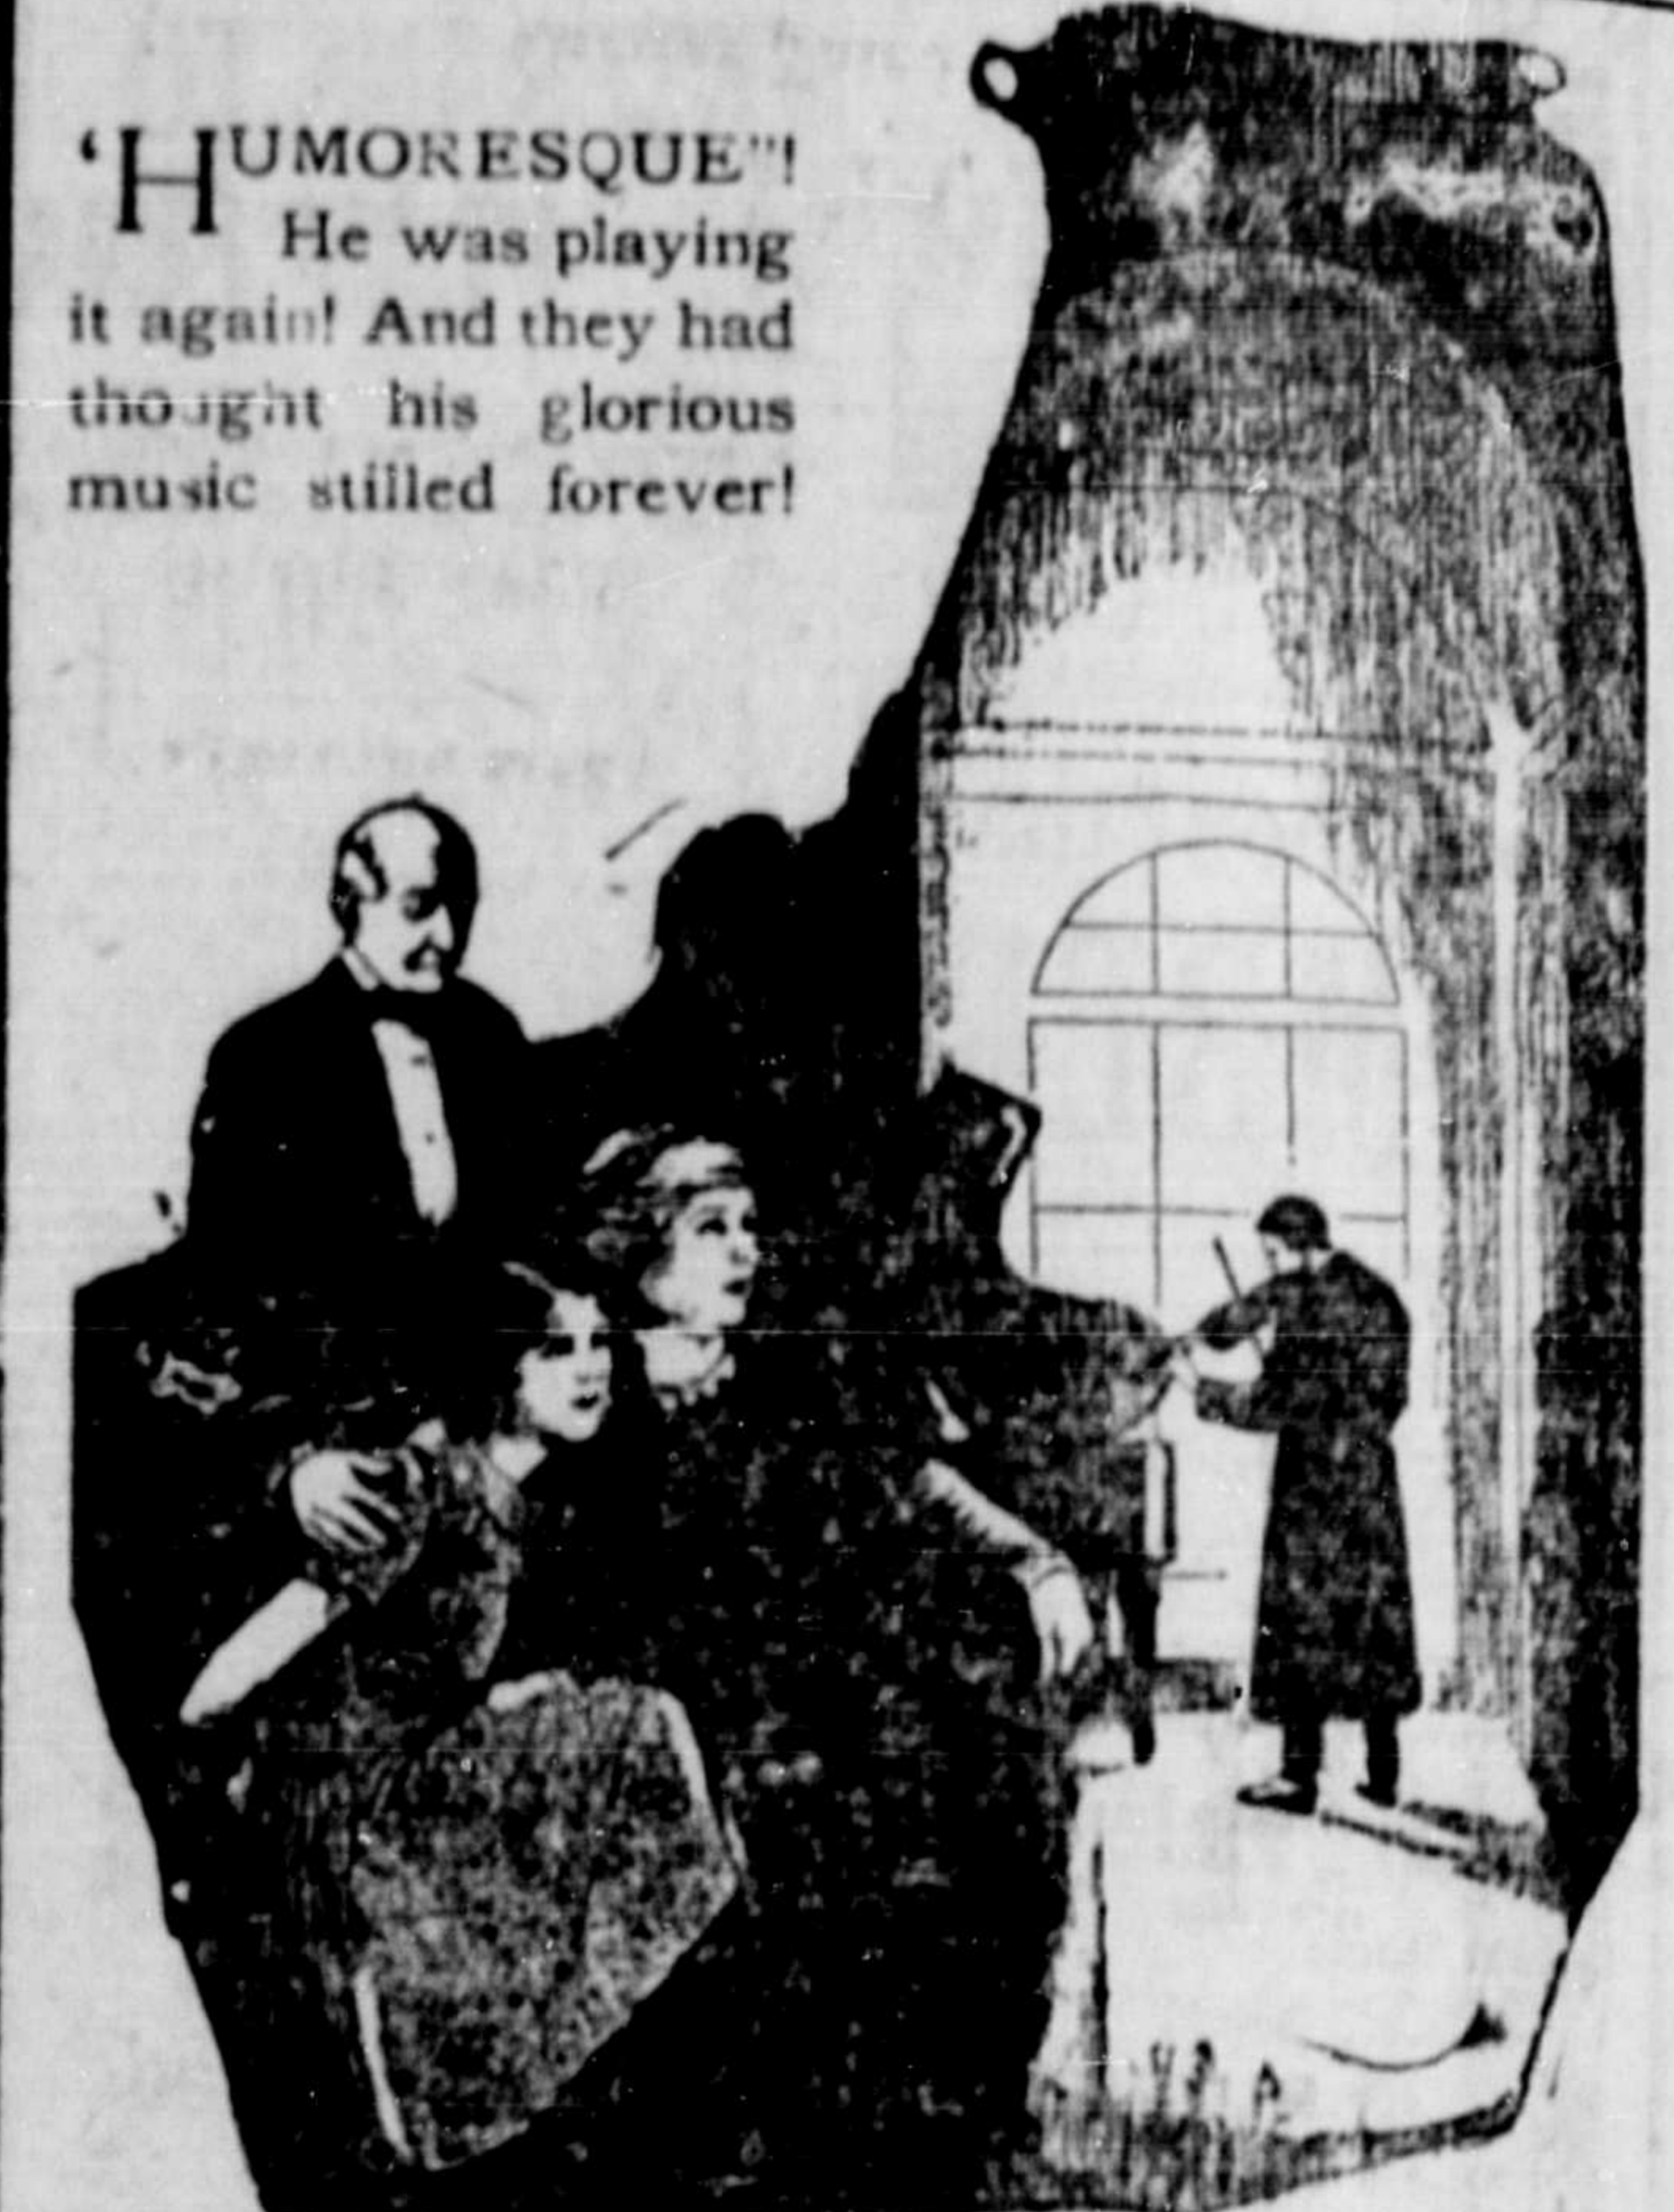

"Dempsey has also realized the good of taking care of himself and keeping away from the white light. His dad and mother are always his first thought after a bout and he immediately sends them a wire telling of the result. He will rise to be a worthy citizen of the United States.

Both Favorites.
"Carpentier is the popular man with the ex-soldiers of the army in Europe as a boxer for when he was in the French Army, as an aviator, he was always ready to teach an amateur to box, and would always enter a foot race, a wrestling match or any kind of sport. Dempsey on the other hand is a hot favorite in the States but all the money the Americans can put up on this fight will be covered with that from France and England.

"Personally, I think Dempsey will win the fight on July 2. Carpentier's two faults will prove his undoing. He will not cover up, Dempsey will get in at him and then the Frenchman will not be able to stand the punishment."

Newfoundland Finds Government Control Doesn't Pay.

ST. JOHNS, Nfld., June 14.—Abandonment of Government operation of the Newfoundland Railway system has been announced. The Railway Commission, consisting of three members appointed by the Cabinet and three by the Reid-Newfoundland Company, owners of the system, will be dissolved on June 30 and the railway will be returned to the company for operation.

The company sustained a loss of nearly \$1,400,000 in its operation of the system for the year ended in June, 1920, and it is estimated that the loss for the current year under Government control will be greater. Officials of the company declared that it was impossible to operate the railway under present conditions without substantial financial help from the colony, but made no announcement of future plans.
