Stockbreeders' Association.

#### Playgrounds Are Still Very Live Issue.

The matter of playgrounds was discussed briefly at the meeting of the School Board last night and the feeling seemed to be strong for a school ground. That is the opinion of the Daily News. We would all like to see the Acropolis Hill rock removed and if this can be done, the result will be decidedly beneficial. The ball players and others really need this improvement. We respectfully suggest, however, that the first duty is to the school children and the largest number of these will be served by the improvement of Hays Cove Circle. The chief objection to building the school at Hays Cove was the lack of playgrounds. Now that the school is placed there it is absolutely necessary to provide grounds for the hundreds of children who will attend next fall.

#### Boards of Trade In Convention.

The annual convention of the Associated Boards of Trade has been dealing with a number of subjects of interest to other than business people. It has passed a number of resolutions, some of which are very interesting. It advocates among other things the establishment of a chair of commerce at the University of B. C. This is an indication that the convention considers commercial life should be a scientific calling on a par with agriculture or mineralogy. The establishment of such a chair would be setting the seal of confidence on commercial life and giving it a standing in the province.

#### Eberts Fishery Commission.

The Board of Trade convention wants the finding of the Eberts fishery commission made public. The habit of hiding the findings of a commission which is contrary to the views of the Government is not in the best interests of the country. Judge Eberts was in this case appointed to make some investigations regarding the fisheries on Vancouver Island. He took several months of his valuable time making inquiries and then the report is pigeon-holed and access to it is refused the public who paid Judge Eberts for his work, and in whose interest he was supposed to be making the inquiry. There is a fishy odor accompanying such action.

#### School Trustees and Municipal Councils.

There is often friction between municipal councils and school trustees over the relative rights of each body. The law provides that the school board shall decide what money it requires and that the municipal councils shall find the money. The councils often feel that they are not treated fairly in this matter. They have the odium of levying the taxes while the trustees have the pleasure of spending. In this city there have been strained relations from time to time. If the trustees levied their own tax and people knew exactly that they were paying for the schools, there would be greater satisfaction and in some cases a greater desire on the part of trustees to keep down expenses. We do not think too much has been spent on the schools here. It is rather the other way. Education is one thing that cannot be neglected. At the same time the practical education of a clean town of good roads and of library and other establishments is just as important as the education given in the schools.

### WHEN Cold Gets into a Cut

it's smarting painful. Unless you happen to have Zam-Buk handy, the edges harden and get torn open further in the course of work. Then "infection" gets into the broken tissue. Zam-Buk prevents this danger of festering and blood-poison. Applied to any cut, wound, burn or scald, Zam-Buk provides a perfect antiseptic shield for the damaged tissue. It protects your injury against infection—ensures clean speedy healing.

James F. Warren, of Kennewick, Ont., writes:—"Mine was a severe cut with a rusty knife. It happened when I couldn't get my hand properly bound up. Cold and frost got into the injury and the hand went stiff and inflamed. When I got home I had the place well bathed, then applied Zam-Buk. It was wonderfully soothing and I used Zam-Buk regularly until all pain and swelling was gone. The cut, though deep and severe, soon thoroughly healed."

Also invaluable for eczema, ulcers, ringworm, abscesses, piles, "chaps," burns, scalds, and obstinate wounds.

## HOUSE OPENS AT OTTAWA ON MONDAY

Speech from Throne will be Read in Senate Chamber Again

#### TARIFF REVISION TO BE DEALT WITH

OTTAWA, Feb. 11.—(Canadian Press)—Parliament opens on Monday with all the pomp and circumstance of pre-war days. Last year, owing to the condition of the Senate Chamber, the House of Commons was utilized for the opening ceremony. This session the Speech from the Throne will be read in the Senate chamber itself, members of the House standing meanwhile at the bar. Since prorogation, much work has been done in the new Parliament buildings. With the exception of furnishings, the Commons chamber has been completed. The temporary ceiling has given place to decorations of gold leaf and blue. The Hall of Fame is in an unfinished condition, with the exception of the end near the library entrance; and in the Senate a good deal of elaborate carving and other decorative work remains to be done. Yet with all the drawbacks of an unfinished building, the ceremony promises to lack nothing in display.

#### Shuffle of Seats

The first of the Meighen administration, the session will have features of peculiar interest. Some familiar figures will no longer be in their accustomed places. Sir Robert Borden, who led the House through the years of war, will move from his old place near the head of the table and sit opposite the speaker. Rt. Hon. Arthur Meighen will occupy the Prime Minister's chair. Hon. N. W. Rowell who sat on Sir Robert's left will also move down the House. Hon. Martin Burrell has left the parliamentary arena and his seat will probably be occupied by Hon. Rupert Wigmore. Rt. Hon. A. L. Sifton has succumbed to the illness from which he suffered so long. Since last session, also, Lieut. Col. McLeod who sat on the Government side and Joseph Gladu who supported the Opposition have passed on to the majority. There will, too, be three new faces—the successful candidates in Yale, B.C., East Elgin and West Peterboro.

#### Tariff Revision

The tariff revision will be paramount among Government business to be submitted during the session. The Government proposals in this regard are not expected to be drastic. They will be based essentially on the protection and encouragement of home industries; the securing of adequate revenues; development of inter-Imperial trade and of Canadian national resources. Since last session, a committee of Cabinet, headed by Sir Henry Drayton, Minister of Finance, has toured the country and collected evidence. The committee has since been busy in preparing its recommendations for the Cabinet. The Government will eventually make its proposals known to the House in the budget speech.

With the whole tariff thus thrown into the arena, the budget debate may be expected this year to be long and result probably in some close divisions. Throughout the session, in fact, there is likelihood of keen fighting.

Those Nasty Little Pimples That come on the Face Are Caused by Bad Blood

Many an otherwise beautiful and attractive face is sadly marred by the unsightly pimples and various other skin troubles, caused wholly by bad blood. Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost, and the possessor of the "pimple face" rendered unhappy for years. Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends. There is an effective remedy for these facial defects and that is Burdock Blood Bitters, the old reliable medicine that has been on the market for over 40 years. It drives out all the impurities from the blood, and leaves the complexion clear and healthy. Mrs. James Williams, Waterford, Ont., writes: "My face was covered with pimples for nearly a year. I used different kinds of remedies to get rid of them and finally thought there was no relief. A friend dropped in one day and told me I should try Burdock Blood Bitters. I did so and used three bottles, and found the pimples were all disappearing from my face, and now I have a clear complexion again."

B. B. B. is manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

## NO MORE GAMBLING IN SOUTHERN CHINA

BEIJING, Feb. 11.—Gambling is being severely discouraged in Canton, according to consular dispatches from there. General Chen Chiung-ming, acting civil governor of Kwangtung, has issued regulations making it an offence punishable by death or 20 to 2 years imprisonment to engage in gambling as a profession, to maintain a gambling house or to protect the maintenance of such a place.

## PROPERTY OWNERS ON COMOX AVENUE

List of Those Who are Interested in That Section Submitted to Police Commission.

A list of the owners, agreement holders and occupiers of Comox Avenue property, prepared and certified correct by Sergeant William Adams, was submitted last night to the police commission. A list of suspected houses nearby was also appended.

There was considerable discussion on the report and it was pointed out that the principal owners of improved property on Comox Avenue were Chinamen and one in particular was mentioned, Chen Ying. In many cases rents, which are considered excessive by the police commission, were being charged.

"Some of the owners who pose under the mask of respectability are worse than pimps," stated Commissioner Macdonald. "It does not smell good to me of any resident of this city buying property in that section during the last eleven years. I would favor the taking of any action possible that would show we resent it. It is not the girls that I want to get after, but it is those who are renting them property at such rates. I think we could get assistance from them in proving our cases and I would favor the pushing of this matter to the limit."

The report has been submitted to the city solicitor with a view to taking legal action against owners.

### The Owners

The report shows that the present owners of improved property on Comox Avenue are Joachim Pompono, L. Ross, Maude Camozzi, Caroline Barry, Bertha Berthier, Gladys Tomaseck, Annie Hall, Lee Loo, Estate of Bertha Berthier, Peontine Bowler, Marie Romano, Anais Tillett, Alec Austin, Blanche Hart, Matt Videck, Eva M. Ward, Mah Jack Moon. Some of these live in the houses and others lease them. One or two are unoccupied.

Those who still hold the title, but who have sold under agreement of sale are Arais Tillett, 2, Elhel Mah Bon Quen, Chen Ying and Mah Noey, 2, Hong Lee Tong, Chen Yeng, 3, Jacob C. Monka, Alec Austin, Wong Tow and Wong Too.

### Agreements of Sale

Those who have purchased under agreement of sale are Hilda Gilbert, Ruby Gordon, Hilda L. Woods, Babe McDonald, Hanna Fernington, Della Edwards, Blanche Miller and Peggy White, Josephine Rosseau, May Brown, Margaret Small, Marie Thomas, Rose Martin and Blanche Moore.

A list of owners of suspected houses on 8th Avenue adjoining was also submitted.

## CANNOT INTERFERE WITH LIQUOR EXPORT

A letter was received by the police commission last evening from Williams, Manson & Gonzales, solicitors, pointing out that according to statute there should be no interference on the part of the police with shipments of liquor leaving local bonded warehouses consigned to points outside the province. The letter was ordered filed, the mayor stating that he had been advised by the city solicitor that the view taken by the legal firm was correct.

### SEIZED ARMS

LONDON, Feb. 11.—The police yesterday seized in a west end house in Berlin 45 machine guns, 50,000 rounds of cartridges and a number of carbines, belonging to a secret organization.

## KERGIN CHAIRMAN

Dr. W. T. Kergin Presides Over Board of School Trustees—Members Welcomed.

At the first meeting of the Board of School Trustees for the year, Dr. W. T. Kergin was again chosen chairman. On taking his seat he welcomed to the board the new trustees, Mrs. Ling and Thomas McMeekin, remarking that this was one of the public bodies that served without pay and in which there was no suspicion of graft. They were not, however, free from troubles.

Dr. Kergin said he was glad to see again on the board L. W. Patmore, who had done faithful work in the past. He hoped they would have a good year in the interest of the schools.

## The Man in the Moon SAYS—

THE headlines yesterday said "Beatrice is ashore." Let her stay there. The only thing of interest to Beatrice is whether or not she is on the rocks or is her hat on straight.

THERE is just one official receiver and every creditor wishes he were it.

WHAT everybody was arguing about yesterday was whether the Government was it or the creditors were it or the receiver was it or which of the ding busted lot were it and where Wallace and the people of Prince Rupert come off in the shipyard dispute.

ACCORDING to report, the Government told Hodges they were going to seize the shipyard and keep it and all therein and Hodges beat the telegram which was sent to Prince Rupert ordering Captain Saunders to get busy.

OPINION is divided in Prince Rupert as to the right and the wrong of the shipyard tiff. Those who are creditors think the Government is wrong and those who are not creditors think the creditors are wrong, because if the food creditors would only do without their money, everything would go on lovely.

USERS of eggs are asked to examine them and, if they have a yellowish complexion, reject them for they are probably Chinese.

## ANNUAL REPORT OF POLICE CHIEF

**Drunkenness Was Much on Increase in 1920—Collections Were \$18,413.50.**

According to the annual report of the chief of police for 1920 submitted to the police commission last night there was \$18,413.50 collected by the city police in fines and other revenue during the year. There was a total of 659 cases in the police court resulting in 603 convictions. During the year drunkenness was much on the increase and there were 305 cases as against 147 in 1919. There were 107 cases under the B. C. Prohibition Act, 35 opium and drug cases, 20 cases of theft with 11 convictions, mainly juvenile, one forgery, and 5 charges under the Municipal Act.

For the month of January there were 48 cases, 38 convictions and a total of \$1,249.50 collected in fines. The most serious case was that of theft from the person which is proceeding still. There were 7 cases under the Prohibition Act and 5 cases of common larceny. Bread and coal weights were found correct.

## HIGH SCHOOL AT KING EDWARD

**New Building Will House Lower School Classes After Holidays.**

While nothing definite was decided, it was evident from the expressions of opinion, both of the members of the school board and of the principals of the schools, that the high school will be located in the King Edward School after the opening of the new building, the public school classes occupying the Hays Cove building. The matter was informally discussed last night preparatory to the passing of the estimates for the year in order to have the requirements on what buildings would be used.

The domestic science room will also be at Hays Cove and improved paraphernalia will be secured for this department. Miss Marcellus, the domestic science instructor, attended last night to explain what was needed.

## PATRICK M'GINNIS CASE IS UP AGAIN

**Sworn Statements are Received From Physician and Nurse at Hospital.**

The Patrick McGinnis death was further investigated at the police commission meeting last night and sworn statements from Miss Jean Macey, nurse, and Dr. J. P. Cade were received. The Fishermen's Union also had a large amount of information suggesting that the deceased had not been treated in the best manner by the police when he had been picked up. Commissioner Macdonald expressed the opinion that he did not want to see the Fishermen's Union enter into a legal action which would cost them a lot of money and which they were bound to lose. The matter has been left with the mayor with a view to keeping it out of court.

## SCHOOL BOARD URGE GRADING GROUNDS

**Most of Trustees Anxious to Have Hays Cove Circle Improved.**

The matter of playgrounds was discussed by the school board last night and the opinion strongly expressed by some of the members that any improvements along that line this year should be made at Hays Cove Circle. It was intimated that delegations would meet the City Council in regard to this.

Trustee Patinore pointed out that while the removal of the rock at Aeropolis Hill would be an advantage to the baseball players, the main idea of the movement for playgrounds was to serve the children and this could best be done by grading the school grounds at Hays Cove Circle.

## PREPARING FOR BIG HUDSON BAY RACE

**Possibly Fifteen Dog Teams Will Start On March 1 from La Pas.**

THE PAS, Man., Feb. 9.—The north country has gone completely "doggy," and every musher wants to drive a team in the forthcoming Hudson's Bay Dog Derby to be held here March 1. Nine entries are assured and there is a possibility of fifteen contestants facing the starter.

So far the teams and the number of dogs are: G. R. Baneroff, owner; Theo. Dupas, driver, 7 dogs. C. B. Morgan, owner; Billy Winterton, driver, 9 or 11 dogs. Walter Goyno, owner and driver, 13 dogs. Larry McKay, owner and driver, 9 dogs. Sam Pranteau, owner and driver, 7 dogs. S. Bjorkman, Winnipeg, owner and driver (no information). S. Stewart, owner, driver not named, 11 dogs. Balesse Campbell, owner and driver, 7 dogs.

Leonard Seppala, the great Alaskan driver, and his team of 17 dogs, and Mrs. E. H. Harriman, with a string of 15 malamutes, are indicated as possible entries. Local men are talking of three other teams from further north that are laying back to size up the situation before making a move.

The chief of police has been instructed by the police commission to call for tenders for uniforms to those members of the staff who need them.

## WILLIAM FARNUM AT WESTHOLME THEATRE

**Film to be Shown Tonight is to Be "The Joyous Troublemakers."**

Of all the roles William Farnum has played—and he has been an actor from the age of 15—none has fitted him better than his latest, that of Will Steele in the new William Fox production, "The Joyous Troublemakers," which is to be shown at the Westholme Theatre tonight.

This is saying a great deal, for Mr. Farnum has created many roles that are written in stage history. For five years he played the principal character in the epoch-making drama, "Ben Hur." For two years he was leading man with Olga Nethersole. He was long a successful stage star. And all this happened before he began his tremendous series of screen successes.

Mr. Farnum is a member of a great stage family. He was born at Boston, the son of an actor, and after a brief experience as a musician joined his father's stock company. Thus he began the brilliant career of which his performance in "The Joyous Troublemakers," according to advance reports, is at the peak.

## MAY ALLISON GLAD TO PLAY IN DRAMA

In "The Cheater," May Allison's newest Metro production, being shown at the Empress Theatre tonight, this beautiful star believes she has been given her greatest opportunity since she entered motion pictures.

"It gives me the chance that I have wanted for so long," said Miss Allison. "That is, to play straight drama. I have been so successful hitherto in comedies that I had begun to fear that I should be condemned to play them for the remainder of my career."

"Then along came 'The Cheater' with its splendid leading role of Lily Meany, the vulgar singer who almost becomes a saint through the regenerating influence of the man she loves."

## CHILDREN WAITING TO ENTER SCHOOLS

**From Eight to Ten Little Folks Kept Out of Borden St.**

There are from eight to ten little children awaiting admission to Borden Street School, according to a report of Principal Macdonald to the school board last night. It has been customary to admit children at the beginning of February, and this was done at King Edward School, but there is no room for them at Borden Street until after the new Hays Cove school is opened.

The matter came up on the reading of a letter from Olaf Hansen inquiring why his boy could not be admitted.

Dr. Kergin said that receiving classes were formed once a year only in many cities. This course will possibly be adopted here, Trustee Mrs. Ling strongly favoring it.

It was decided to notify the parents of small children that it was impossible to take them until after the summer holidays when the new school would be ready for occupation.

**PRICES WILL GO LOWER YET SAYS THE ROYAL BANK**

It is generally conceded that in the case of Canada the limit of the fall in prices has not yet been recorded by our index number, says the Royal Bank monthly report. By the decline that has taken place in the United States, two-thirds of the rise in commodity prices that occurred between August, 1914, and February, 1920, has been wiped out. In England, about two-fifths of the rise has been cancelled; in France, about one-quarter; in Canada, thirty per cent.

Price reductions have been made recently by many Canadian manufacturers and wholesale merchants. In the textile industry, stocks in some cases have been written down to the extent of 33 1-3 per cent; in dry goods generally the cut has been appreciable. Spring orders are often being filled according to the new prices, even when they have been booked at the old scale.

It can be seen that the fall has been drastic; in fact, it constitutes a record in this respect. Many basic commodities are now selling at prices which must be considered extremely moderate. Periods of reaction do not come and go in a day, but such factors as the low selling prices we have just mentioned are encouraging, and even more encouraging is the way in which our industries have stood the preliminary test.

J. T. Burns has returned to Hyder after an absence of seven months, during which time he visited the Mackenzie oil region and prospected for placer gold on the Liard River.

A delegation consisting of Dale L. Pitt, J. Mellor, H. G. Bennett, A. E. Young, P. S. Jack and H. W. M. Rolston waited on Col. Peck, M.P., on his recent visit here. They asked for extension to the new Stewart wharf.

Miss Kate Ryan has been made a complimentary member of the Stewart Citizens' Association.

**One Great Essential To a Woman's Health Is Her Nerves**

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. It is it wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N. S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. Advt.

**CHARLES IN EXILE CLINGS TO ROYALTY**

VIENNA, Feb. 11.—The former Emperor Charles of Austria-Hungary, now in exile in Switzerland, clings to his title of royalty, though he is now a ruler without a country.

Acknowledging a message of greeting from a former Hungarian minister in Budapest, Charles' secretary replied that "His Apostolic Majesty" reciprocated the expressions of goodwill "both in his own name and in that of the Queen."
