PROMINENT JUDGE DIES

Hon. Frank Egerton Hodgins of Toronto Had Distinguished Legal Career

TORONTO, Sept. 19:-Hon. Frank Egerton Hodgins, judge of the Ontario Supreme Court, member of the First Appellate Court and judge of the Admiralty Court, died here yesterday in his seventy-ninth year.

Before his appointment to the bench Mr. Justice Hodgins was one of the most successful of Toronto barristers. As head of the firm of Hodgins, Heighington and Bastedo he enjoyed a large practice and his opinion was sought in many important cases.

He was born in Toronto in 1854, a son of the late J. G. Hodgins, LL.D. and a nephew of the late Mr. Justice Hodgins, Master-in-Ordinary at Osgoode Hall. Upper Canada College and Trinity University contributed to his education. He was given the honorary degree of Bachelor of Civil Law by the latter institution in 1904. In 1879 he was called to the bar and in 1902 was made

King's Counsel. From 1890 to 1896 he acted as legal agent for the Dominion Government in Toronto. As counsel for the Ontario government he took part in the licence investigation held in 1907. At one time he was solicitor for the Toronto Board of Education. The esteem in which he was held by his fellow lawyers is shown by the fact that he was elected, first as a Bencher of the Law Society and later as President of the Ontario Bar Association.

Active Anglican

An Anglican in religious denomination, his activity in church affairs was almost as prominent as his professional career. He was at one time chairman of the Anglican Committee of the Laymen's Missionary Movement. In 1906 he was chairman of the executive committee for a revised hymnal for the Anglican Church.

He married Miss Anna Macklem in 1880. She died 16 years later and in 1899 he married Miss Blanche Kootenay Farmer Lockart. He had four daughters.

His favorite recreation was crossing the Atlantic and he visited the Old Country nearly every year. He belonged to the Toronto, the Toronto Golf and the Ontario Jockey Clubs.

WILL PRESENT COALITION PLANS TO LEGIS-LATURE AFTER WHICH MINISTERS WILL BE ASKED TO RESIGN PRIOR TO ELECTION EARLY NEXT YEAR.

VICTORIA, Sept. 19:-Premier S. F. Tolmie issued a statement Saturday evening in which he declared his purpose of carrying on with his present cabinet to clean up pending matters. Owing to the delay which would be caused to public business if he were to reorganize his cabinet now and call for an election, Premier Tolmie explained that he had decided not to proceed with his union government plans for the time being. However, at a session of the Legislature early in January, the proposed reforms would be presented and, following the session, all cabinet ministers would be asked for their resignations and a new government would be formed of the proposed union nature following which there would be an election.

After the election, the Premier said that he would be prepared to agree to the leadership being determined by the newly elected members should the proposed union government be successful at the polls.

The Premier advocated a reduction in the size of the cabinet from eleven to eight members and a reduction in the membership of the Legislature compatible with proper representation of the whole people.

In his cup presentation address, Ald. Macdonald complimented the president and officers for the success of the 1932 season. He inquiged in some interesting reminiscences in regard to football history in Prince Rupert, recalling how the first soccer had been played here on Second Avenue between Sixth and Seventh Streets, later on the Court House field and at the dry dock grounds and, eventually, on Acropolis Hill. In the early days, there had been splendid football played here and great enthusiasm. In later years, the sport had begun to lag but, of late, there had been a great revival of the game. For

The Classified Ads.

Many people have something in the house they

would like to sell which could be turned into money

if they knew of a customer. Try a classified adver-

tisement. Most people read the classifieds. For

about fifty cents you can let them know about it

and it may prove a profitable transaction.

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opoprtunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.

"Guilty as Charged," a murder story with a comedy twist to it, opens at the Capitol Theatre here tonight with Victor McLaglen and Edmund Lowe in the stellar roles. It is an adaptation of a successful stage play which enjoyed a long run on Broadway last season. The picture has only within recent weeks been released from the big

Lowe and McLaglen, battling pals of previous pictures such as "What Price Glory?" and "The Cock-Eyed World," have similar types of roles in this film although they are not in the army this time. Lowe is cast as a police reporter and McLaglen as a detective.

The picture opens with the murder of a woman. The audience sees the crime and the man who commits it but Lowe and McLaglen, who are called in the case, do not. The many bungles they make, before finally straightening matters up, produce many comedy situations.

Popular Richard Arlen plays the part of a young man who, as a result of circumstantial evidence, faces the prospect of death by hanging. Charming Adrienne Ames has the leading feminine role.

Support Farmers of Central B. C.

The farmers and gardeners of Central British Columbia are making an effort to supply the Prince Rupert market with vegetables, fruit, potatoes, poultry and eggs and other products of the district.

· Prince Rupert people are asked to encourage this movement by asking for Central British Columbia products whenever practicable. Co-operation in this matter encourages merchants who buy from farmers and if the farmers are prosperous it will be an encouragement for others to take up land and thus add to the buying power of the whole northern and central part of the province.

Householders can help by keeping this in mind

and asking merchants for Central B. C. products whenever possible.
