Taxation in B. C. is To Be Revised GOVERNMENT RAILWAY LOSS DOES NOT INCLUDE INTEREST ON TWO LINES

EDITORIAL

COURT HOUSE BIDS.
There is a pity that there are any unseemly haste in the provincial public works department in regard to the contract for the government buildings at Prince Rupert. If the department insists that tenders must be made by April 1, it will mean that contractors will be unable to compete for the work. It is understood that one or two are prepared to do so. It is all keen to have the buildings and also to have them out with expedition as King, but probably the Works Department is not informed to what extent the contractors are being handicapped. We are of the opinion that in the interests of the government as well as of the public, opportunity should be given to everyone to bid for the work. Dr. King will get in bad with this if he does not give chance on this work.

PERSON IS COMING HERE

Take up Matter of Water Concession with C. L.

VICTORIA, March 28.—John is leaving tonight for Prince Rupert where he expects to be roundly in connection with the granting of free for the proposed sulphate works at Prince Rupert. Mr. Emerson, who has been in Prince Rupert, has been in connection with the granting of free for the proposed sulphate works at Prince Rupert. Mr. Emerson, who has been in Prince Rupert, has been in connection with the granting of free for the proposed sulphate works at Prince Rupert.

OFFER REWARD

Arrest of Bomb Thrower Who Wrecked Theatre

AN, Mar. 27.—A reward of \$100 has been offered for the capture of the bomb thrower who wrecked the Diana Theatre last week. More than four have been made so far.

Revise System of Taxation In British Columbia with View to Aid Municipalities

VICTORIA, March 28.—The Provincial Government intends to revise the whole system of taxation in British Columbia and to make the proposed changes effective at the next session of the Legislature, Premier Oliver informed a delegation representing the Union of B. C. Municipalities.

The Government will continue the plan of allowing the municipalities half of all the liquor profits but realizes that this alone will be insufficient to cover the needs of the municipalities.

An investigation into the present financial system as it affects the province and municipalities will be made. This will cover the existing relations between municipal councils and school boards. The Government suggests in the meantime that in order to cover the present crisis in the affairs of the municipalities there be a levy of a semi-annual tax of 85 on all male adults irrespective of all other taxes.

Vancouver Island Asks Separation from Rest Of British Columbia

VICTORIA, March 28.—A resolution moved by Acting Mayor A. E. Todd and seconded by Alderman George Sangster will come before the city council tomorrow night asking for the separation of Vancouver Island from the rest of the province and the formation of a new province therefrom. If the resolution is passed it will be sent on to the Associated Boards of Trade of Vancouver Island for their approval.

Acting Mayor Todd is enthusiastic in regard to the proposal, which has been up before, but is now precipitated by the action of Colonel Peck at Ottawa in regard to the northern part of the province. Ald. Sangster would not comment on the move except to say "It will combat this thing of Cy Peck's." Following is the text of the resolution:

"Whereas, in the House of Commons at Ottawa, a resolution is reported to have been moved by Colonel G. Peck, V. C., M. P., to the effect that all that portion of British Columbia north of the 52nd parallel and including the Yukon Territory, shall be formed into a new and separate province; and whereas many of the citizens of Vancouver Island are of the opinion that Vancouver Island has been, and is being, unduly taxed to support mainland public

ROCK SLIDE DELAYS TRAIN

Immense Mass of Mountain Side Comes Down This Side of Terrace.

The west bound train did not arrive until this morning, having been delayed by a huge rockslide about ten miles this side of Terrace. The rock came down from the mountainside Saturday morning, covering the track for 200 feet and from fifteen to twenty feet deep. Gangs were immediately set to work to clear it away but it was six o'clock this morning before the train was able to pass.

This slide was one of the biggest on record on this line.

AMENDMENT TO THE PROVINCIAL LAND ACT

VICTORIA, March 26.—Hon. T. D. Pattullo, minister of lands, introduced an amendment to the Lands Act providing that when the right of a purchaser in any town or city lot has become forfeited, under a provincial land sale for taxes, or in land reverting to the Crown, or the resale of that land, the minister may fix the upset price at an amount sufficient to cover the value of any improvements made by the former purchaser and may, out of the money received on the resale, pay to the former purchaser the amount of the value of such improvements or such part thereof as he may deem proper.

HALIBUT PRICES.
KETCHIKAN, March 28.—H. G. Numan, manager of the New England Fish Co., who recently returned from a visit to Vancouver, says the price of halibut is going to be good this year.

MUCH FISH IS IN FOR SALE

Over Quarter Million Pounds was Offered This Morning But Much Left Over.

CAN SHORTAGE IS NOW ANNOYING FISHERMEN

Six carloads of halibut sold at the Fish Exchange today for shipment East and over 100,000 pounds is still holding over against refrigerator cars that are reported for arrival tomorrow night. On this morning's passenger train six cars arrived for American fish and these were quickly snapped up by the fish buyers and catches bought for the return journey. Five more cars are reported for arrival tomorrow night.

Urged on by the continued shortage of cars that they face when they come to this port and the resulting loss in both time and money they usually suffer, the fishermen are now proposing the sending of a monster protest to the government and railway authorities signed by every fisherman coming to Prince Rupert.

The fish buyers are also leaving trouble. In the endeavor to make the short supply of cars last as long as possible the companies have been filling the cars with as much fish as possible. Recently some cars have been sent out with as much as 28,000 pounds and last week one car load was protested from the express office with this amount of fish as being overloaded. The buyers have decided that it will be inadvisable to allot any more than 23,000 pounds to a car from now on.

The following was the list of boats offering for sale today:

Fortuna, 20,000 pounds; Hoidel, 7,000 pounds; Cape Spencer, 5,000 pounds; Reliance, 5,000 pounds; North Cape, 7,000 pounds; H. Giff, 7,000 pounds; Augusta, 22,000 pounds; Washington, 7,000 pounds; J. P. Todd, 11,000 pounds; Forward, 7,000 pounds; Adeline, 5,000 pounds; Kodiak, 28,000 pounds; Vesta, 7,000 pounds; Morengren, 10,000 pounds; Flatberg, 7,000 pounds; Bringsgold, 9,000 pounds; President, 16,000 pounds; Norma, 7,000 pounds; Shrub, 6,000 pounds; Cordelia, 1,000 pounds; Mayflower, 3,500 pounds; Ingrid H., 12,000 pounds; Murineag, 5,500 pounds; Dorreen, 10,500 pounds; Wales Island, 4,500 pounds; Westerner, 1,000 pounds.

The Scandia cleared on Saturday night for Seattle with 80,000 pounds.

FISHING BOAT VESTA WENT ASHORE WHEN RUDDER CHAIN BROKE

Repairs Were Made at Captain's Cove and Vessel Made Port Under Own Power.

The fishing boat Vesta, Captain John Olsen, met with difficulty while leaving Captain's Cove on Friday afternoon where she was taking bait and returned to port at 6:30 Saturday evening to undergo repairs at the Seal Cove Marine Ways.

The Vesta was on her way to the halibut banks and had just left Captain's Cove when her rudder chain parted and although her engines were reversed she hit the shore before she could be brought under control. Her bow was slightly damaged and her was run ashore where patches were made. She reached this port under her own power.

Hon. J. D. Reid Tells Of Railway Losses

Railway Report is Illuminating Document; Published Loss Does Not Include Interest on Transcontinental or Intercolonial

The full report of the minister of railways just to hand shows the total loss both from operation and fixed charges on the Canadian National system exclusive of the Grand Trunk Railway to be \$70,331,734.88. Of this the operating loss was \$26,708,456.23. Add to this the loss in operation of the G. T. P. and the total operating loss is \$36,842,970.17. The loss in operating the Great Northern was \$16,258,579.89.

Fixed charges on the G. T. P. amount to \$9,332,776.23 and on the Canadian Northern \$24,155,988.48. The grand total loss of over seventy millions does not take into consideration any interest or fixed charges on the Transcontinental or Intercolonial railways.

Out of every dollar earned there was paid 75c for operating wages, 20c for fuel, leaving 5c for all other requirements, which totalled 29c.

Undelivered Cars.

Dealing with the question of equipment, there is an item under the passenger department of 29 express refrigerators from the National Steel Car Co. and this passenger equipment, it is said, is not yet delivered, although the refrigerators are definitely promised during the month of May. It will be noted that the number is 29 and not 30.

Discussing freight rates, the report says: "We in the province of Ontario have for many years required, in fact used, lumber and timber grown and manufactured in British Columbia. Today this trade is cut off owing to high freight rates, thus injuring British Columbia and Ontario and our country as a whole.

"British Columbia requires the markets of the western provinces and even the eastern provinces for their products. It is impossible for British Columbia to grow and ship fruit and lumber at the present high rate of freight."

SIXTH GROUP IN MANITOBA

Farmer Party Fights, Part of It Deciding to Oppose Government

WINNIPEG, Mar. 28.—The formation of a sixth group in the Manitoba Legislature is the result of a split in the independent farmer party. The new party will probably be headed by C. A. Talbot and will oppose the Government.

CIVIL SERVANTS CUT.

OTTAWA, March 28.—A cut of 25 per cent in the bonus to be paid civil servants during the next fiscal year is announced.

WAGE REDUCTION

TACOMA, Mar. 28.—Union carpenters announce a voluntary reduction in wages from eight to seven dollars a day.

DAILY EDITION. Monday, March 28, 1921.

Lenin the Dreamer Ruler of Russia.

In his new book "Russia in the Shadows" H. G. Wells, the
Socialist English writer, tells of a visit to Lenin in the Kremlin,
in a chapter which he calls "The Dreamer of the Kremlin." He
tells how difficult it was to reach the man. "There was a great
pothole with passes and permits before we could get through
even the outer gates. And we were filtered and inspected through
five or six rooms of clerks and sentinels before we got into the
presence. This may be necessary for the personal security of
Lenin but it puts him out of reach of Russia, and what perhaps
is more serious, if there is to be an effective dictatorship, it puts
Russia out of his reach. If things must filter up to him, they
must also filter down, and they may undergo very considerable
changes in the process."

Admits Everything Is Experimental.

After telling of meeting the little man and the line of their
conversation Mr. Wells says: "In the days before 1918 all the
Marxist world thought of the social revolution as an end. The
workers of the world were to unite, overthrow capitalism and be
happy ever afterwards. But in 1918 the communists, to their
own surprise, found themselves in control of Russia and chal-
lenged to produce their millennium. They have a colorful excuse
for a delay in the production of a new and better social order
in their continuation of war conditions, in the blockade and so forth,
nevertheless it is clear that they begin to realize the tremendous
unpreparedness which the Marxist methods of thought involve.
At a hundred points—I have already put my finger on one or two
of them—they do not know what to do. But the commonplace
Communist simply loses his temper if you venture to doubt
whether everything is being done in precisely the best and most
intelligent way under the new regime. He is like a tetchy house-
wife who wants you to recognize that everything is in perfect
order in the middle of an eviction. He is like one of those now
forgotten suffragettes who used to promise us an earthly paradise
as soon as we escaped from the tyranny of man-made laws. Lenin,
on the other hand, whose frankness must at times leave
his disciples breathless, has recently stripped off the last pretence
that the Russian revolution is anything more than the inaugura-
tion of an age of limitless experiment. "Those who are engaged
in the formidable task of overcoming capitalism," he has recently
written, "must be prepared to try method after method until they
find the one which answers their purpose best."

Peasants Selfish and Illiterate.

Discussing something of his plans with Mr. Wells, Lenin is
reported to have said: "Even now all the agricultural production
of Russia is not peasant production. We have in places large-
scale agriculture. The Government is already running big estates
with workers instead of peasants, where conditions are favorable.
That can spread. It can be extended first to one province, then
to another. The peasants in the other provinces, selfish and
illiterate, will not know what is happening until their turn comes."

Vision of World Built Afresh.

In summing up his impressions, Mr. Wells says of Lenin:
"In him I realized that Communism could after all, in spite of
Marx, be enormously creative. After the tiresome class war
fantasies I had been encountering among the Communists, men
of formulae as sterile as flint; after numerous experiences of the
trained and empty conceit of the common Marxist devotee, this
amazing little man, with his frank admissions of the immensity
and complication of the project of Communism and his simple
concentration upon its realization was very refreshing. He at
least has a vision of a world changed over and planned and built
afresh."

RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble Since Taking "Fruit-a-tives"

103 CHURCH ST., MONTREAL.
"I was a great sufferer from Rheumatism for over 16 years. I consulted
specialists; took medicine; used
lotions; but nothing did me good.
Then I began to use "Fruit-a-tives",
and in 15 days the pain was easier
and the Rheumatism much better.
Gradually, "Fruit-a-tives" overcame
my Rheumatism; and now, for five
years, I have had no return of the
trouble. I cordially recommend this
fruit medicine to all sufferers."

SUITCASES TRUNKS HUSBANDS

Tents and Awnings
J. F. MAGUIRE
712 Second Ave., Prince Rupert

PRINCE RUPERT TIDES

Monday, March 28.
High, 4:14 a.m., 20.3 feet.
17:1 p.m., 17.9 feet.
Low, 10:11 a.m., 4.9 feet.
22:41 p.m., 8.2 feet.
Tuesday, March 29.
High, 4:56 a.m., 19.1 feet.
17:59 p.m., 16.7 feet.
Low, 11:31 a.m., 6.1 feet.
23:32 p.m., 9.4 feet.

The time used is Pacific Stan-
dard, for the 120th Meridian west.
It is counted from 0 to 24 hours
from midnight to midnight.

The table given is for Port
Simpson but the time for Prince
Rupert varies only a few minutes
on some days and on others is
the same. The range of the tide
may be computed as 5 per cent
greater at Prince Rupert than at
Port Simpson both at springs and
neaps. Therefore the rise in the
Prince Rupert harbor is slightly
greater than Port Simpson.

The height is in feet and tenths
of feet above the average level of
lower low water.

There's no more use in having
goods that nobody knows about
than in winking at a pretty girl
in the dark.

Sealed tenders will be received by the
District Forester at Victoria, B. C., not
later than noon on the 4th day of April,
1921, for the purchase of Licence X 3121
near Forster Island, to cut 350,000 board
feet of Cedar, Spruce and Hemlock.
One year will be allowed for removal
of timber.

EASTER SERVICES IN LOCAL CHURCHES

Special Music Suitable to the
Occasion and Easter
Decorations.

The Easter services in the
Church of England yesterday were
the best in history, both in point
of numbers and in the interest
taken. The building was filled to
overflowing both morning and
evening and there was a good
attendance at the children's ser-
vices in the afternoon which was
conducted by Mr. Healy. The
music was of excellent character
and was much enjoyed. There
were solos by Mrs. J. Barnsley,
Mrs. Ackroyd, A. Dalby and John
Davey and a quartette was sung
by Mrs. Ackroyd, Mrs. Cullin, John
Davey and A. Clapperton. The
organist, J. Austin, added much to
the effect of the service.

At St. Peter's, Seal Cove, there
was most encouraging attendance
and great interest taken in the
services. Mr. Grumble presided at
the organ.

Presbyterian.
There was special Easter music
at the Presbyterian Church yes-
terday and the pastor, Rev. Dr.
Grant, preached appropriate ser-
mons for the occasion. In the
evening Mrs. Hinton sang and Mr.
and Mrs. Tong took solo parts in
anthems. The choir is to be com-
plimented on its efforts. There
was a children's service in the
morning with special music by the
children's choir, this taking the
place of the usual Sunday School.
The church was beautifully
decorated with spring flowers.

Methodist.
At the Methodist Church the
Girls' Choir sang two anthems
most acceptably and solos were
given by Misses Catherine Irvine
and Gwen Morgan. In the eve-
ning Dr. C. E. Manning, secretary
of the missionary department of
the church with headquarters at
Toronto was the preacher.

TOOTHACHE DELAYED FILMING OF PLAY

"Mrs. Temple's Telegram" is the
Feature tonight at the
Westholme.

Stage patrons will recall "Mrs.
Temple's Telegram" as one of the
funniest farces ever produced,
and, it is declared, photoplay fans
will carry away delightful mem-
ories of the film version when it
is shown at the Westholme to-
night. But to Bryant Washburn,
who stars in the picture, it will
always bring back to his mind the
most appalling toothache in his
history.

Just before production started on
"Mrs. Temple's Telegram," the
tooth started "acting up." Mr.
Washburn had it pulled at once,
but it left its sting in the form of
a badly swollen jaw. When the
actor appeared in the office, you
first noticed that jaw, protruding
out even beyond his wide-brim-
med hat, so Mr. Washburn claims.
When Bryant reported for duty,
Director James Cruze threw up his
hands in dismay. Then he had a
bright idea.

"Let's write it into the scenario.
This prize jaw is too good to
miss," he suggested to Elmer
Harris, who adapted the picture.
"Not on your life," protested
Mr. Washburn. "This is no laugh-
ing matter, and I couldn't possibly
be funny on the screen with it."
So they compromised, and post-
poned starting the picture for
three days, until the really very
handsome Washburn face became
normal. That the recovery was
complete is manifested by the ex-
uberant spirits that Bryant shows
on the screen. Wanda Hawley is
the leading woman.

"SHORE ACRES" TONIGHT AT EMPRESS THEATRE

"Shore Acres," the immortal
stage play of New England life
that made James A. Herne famous
the world over, will be the feature
attraction at the Empress Theatre
tonight. This unusual feature is
a picturization of the celebrated
stage drama. It is a superb pic-
ture of rural life in a sleepy New
England village on the coast of
Maine, and introduces Alice Lake
as a star in her first starring
vehicle. The management assures
its patrons of unusual entertain-
ment in this extraordinary fea-
ture which is a faithful picture of
New England sea-coast life, tense
with stirring drama and tender
pathos.

a special meeting at Mrs. G. J.

BEWARE OF BRONCHITIS

Bronchitis is generally caused by

infecting a cold, or exposure to wet and

inclement weather. It begins with a

tightness across the chest, difficulty in

breathing, and a wheezing sound comes

from the lungs. There is a raising of

phlegm, especially the first thing in the

morning. This is at first white, but later

becomes of a greenish or yellowish color

and is occasionally streaked with blood.

On the first sign of bronchitis you should

check it immediately by using Dr. Wood's

Norway Pine Syrup, thereby prevent it

becoming chronic, and perhaps developing

into some more serious lung trouble.

Mrs. Alice Gilliam, 28-meid, Ontario,

writes:—"In December, 1919, I was very

sick with bronchitis, and had to stay in

the house all winter. One day I saw Dr.

Wood's Norway Pine Syrup advertised, so

I got a small bottle which helped me very

much; I then got a 60c. size, and it com-

pletely relieved me. I cannot praise Dr.

Wood's enough for what it did. Two

of my neighbors are now using it for

colds." 72

Don't accept a substitute for Dr. Wood's

Norway Pine Syrup; the genuine is put

up in a yellow wrapper; three pine trees

the trade mark; price 25c. and 60c.;

manufactured only by The T. Mumum Co.,

PILES

Advertising is often expensive,
but it is nothing like as expensive
as an empty store and idle
clerks. 72

Moving a mountain with a teaspoon

Moving a mountain with a teaspoon may be possible, but the
method is not to be recommended.

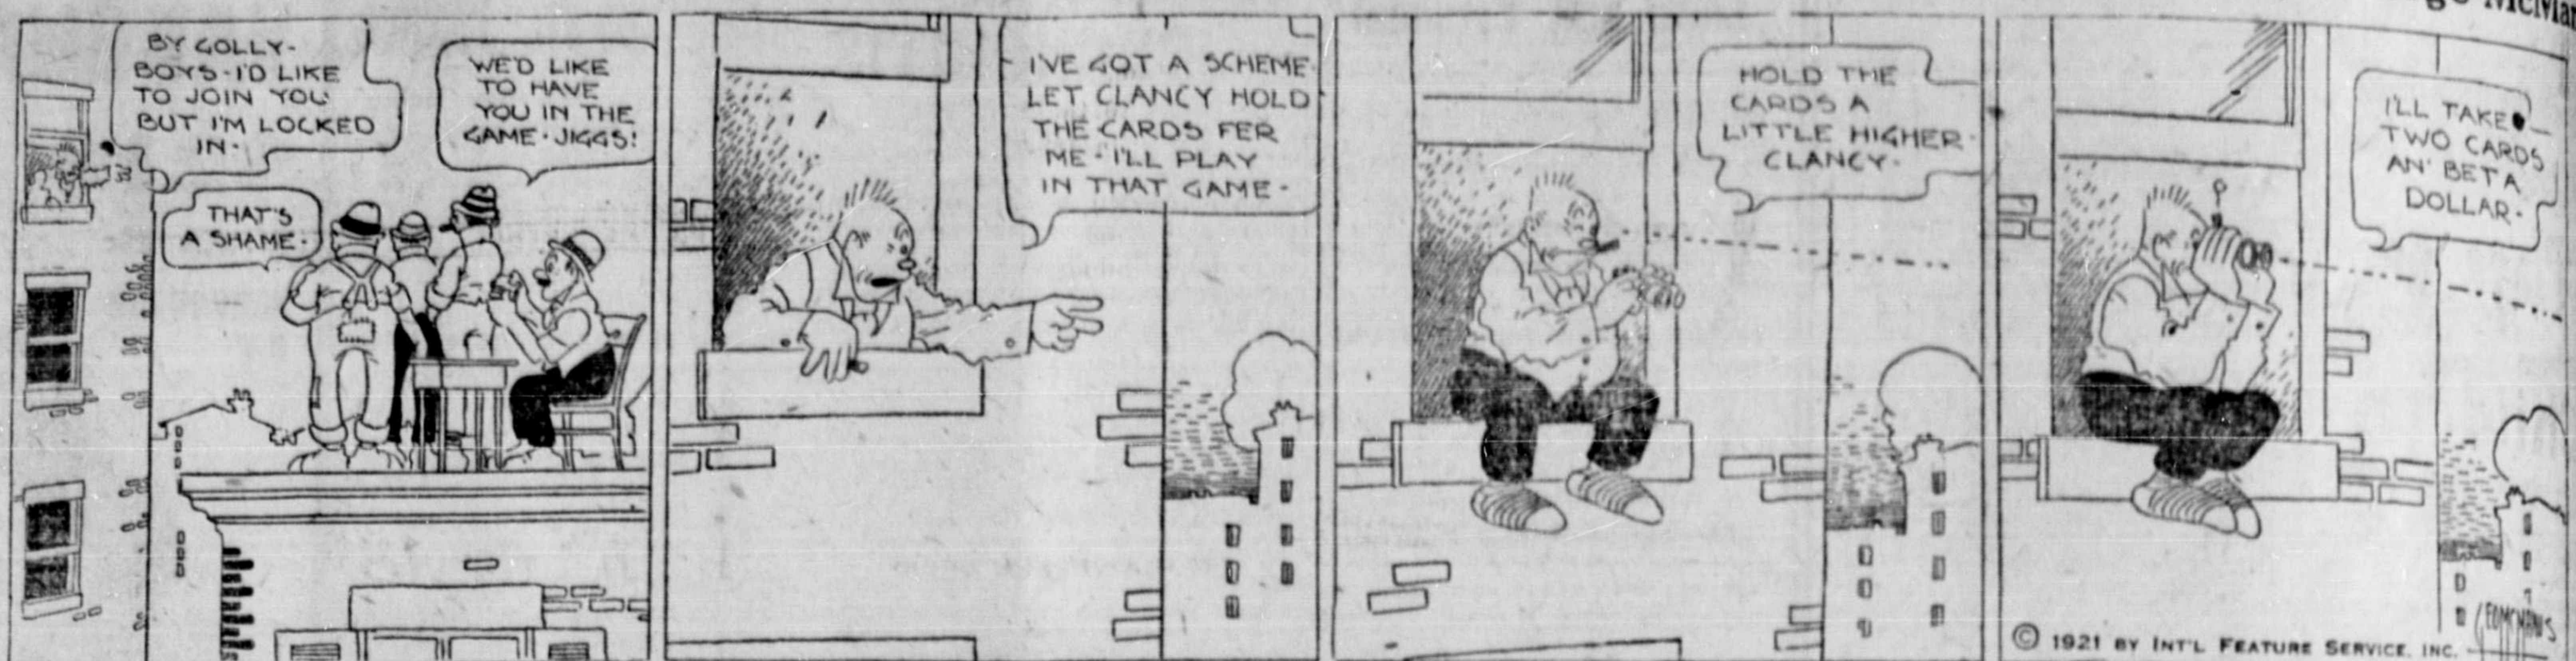

Establishing Provincial or Dominion-wide demand for one's goods
may be possible without newspaper advertising, but again the
method is not to be recommended. You can prove this for your-
self by asking the first twenty persons you meet such questions as:

What brand of collars do you wear?	What tobacco?
What kind of shaving soap do you use?	What razor?
What breakfast food?	What cigars?
What tea?	What mustard?
What cocoa?	What sugar?
What coffee?	What shoes?
What underwear?	What motor car?
What chewing gum?	What tires?
	What brand of anything?

Irrespective of location, the answers will reveal the names of
products advertised in daily newspapers. This condition is not
accidental. It is the result of ambition and vision and courage
—particularly courage—upon the part of the manufacturers.

DWELLINGS SCARCE IN NEW ZEALAND

Lack of Supplies Makes Cost of Building High in That Country

AUCKLAND, New Zealand, Mar. 26.—A shortage of building material is seriously affecting living conditions in New Zealand. Lack of adequate supplies of lumber, cement and builders' hardware is reported to be restricting construction of work in general and especially the erection of suitable homes.

The result is a great scarcity of dwellings and consequent high rents. There appears to be no immediate prospect of relieving the situation.

owing to the scarcity of supplies, contractors in general decline to offer bids for construction work on any other basis than that the owners should pay the cost price plus 10 per cent as contractors' commissions. This has been found unsatisfactory for the reason that it is in the interest of the contractor to make the building cost as much as possible and investors are fighting shy of building propositions, as the uncertainty regarding the probable total cost makes a fair return on the investment doubtful.

At a recent session of the New Zealand Building Congress a resolution was passed and sent to the government urging that customs duties on imported lumber be suspended for a certain period and that the railway rates on foreign lumber be the same as on local lumber. This is the question that has been under discussion for some time.

SPORT

The appearance of a certain young gentleman from the Grand Trunk Pacific offices in his athletic outfit on Saturday morning for his morning run was noticed by many aspiring athletes in the city. Some of them said it was a little too cold yet, but the most of them seem to think the idea a good one. Of course, there are very few who would be the first to do it, but now someone has started the sight will likely become usual. A run around Section 2 before breakfast every morning would be a great factor in getting in training for the summer's baseball or football season and would not be had exercise on general principles.

The McMorde Cup, which is the trophy for the billiard series now going on between the Prince Rupert and Wanderers Clubs, was donated in 1910 by S. P. McMorde for the billiard championship of the Wanderers Club. In 1910 it was first won by Joe Howe, in June 1911 it was won by J. H. Pillsbury and in December 1911 by Ed. Doyle. For many years it has been standing in the Wanderers Club. From present appearances it looks as if it might now go back to the Prince Rupert Club. The fifth of the series of six games for the trophy between the two clubs was played on Saturday. The date for the last has not yet been arranged.

The Moore Shield, the trophy for the bridge championship between the Prince Rupert and Wanderers Clubs, was put up by Captain D. M. Moore in 1910. It is a handsome shield and provision for six series is made on it. It was first won in 1911 by the Prince Rupert Club, but was brought to the Wanderers in 1912 and has since hung in the reading room of that club. The shield will be cherished by the winners not only because it signifies the bridge championship of the city, but on account of its now being a memory to one of the earliest bridge players in the city who gave his life so gallantly when leading his troops with Col. Peck in the early days of the war. Col. Peck and Captain Moore led the first Prince Rupert contingent from the Prince Rupert wharf that fall morning in 1914 to Flanders Fields where the latter fell. Some of the boys whom Don Moore led are now playing in the series for the trophy, among them being Percy Tinker, Bert Wearmouth, H. O. Crewe, Joe Hutchinson and Denny Allen.

PRINCE RUPERT CLUB HAD BILLIARD WIN

Defeated Wanderers in the Fifth McMorde Cup Tournament on Saturday Evening.

The Prince Rupert Club was victorious over the Wanderers at billiards on Saturday evening in the fifth of the tournaments for the McMorde Cup. The final score was 1151 to 939, each of the clubs winning three games, the wins of the Prince Rupert club, however, being the most decisive. In the entire series so far the Prince Rupert Club has 5,628 points and the Wanderers 5,110.

The following were Saturday night's scores:

G. P. Tinker (Wanderers) 200, A. T. Broderick (Prince Rupert) 198, J. Howe 200, J. H. Pillsbury 192, H. F. Wearmouth 63, J. W. Scott 200, Fred. Stephens 188, P. I. Palmer 200, R. H. Shockley 200, J. H. McMillin 161, W. J. Hemmings 88, S. P. McMorde 200.

COLLART SUGGESTS OPEN CAFE DRINKING

Writes Speaker Manson Making
Suggestions Regarding Bill

Theo. Collart has sent a letter to A. M. Manson, member for Omineca, regarding the liquor question and his idea of a possible solution. He says:

"Dear Mr. Manson—I have just read in the newspapers of your rousing appeal in the House of Parliament against allowing the sale of liquors in hotel rooms. Let me tell you that the reopening of the 'bars' as it existed in the old days not less than the sale of liquor in hotel rooms or 'secret drinking' as you so aptly called it, would be a calamity for the morale of our young manhood."

"Much I suggest, to you some ideas that in my mind would if not do away altogether with the 'drinking evil' at any rate relieve the acute situation created by the present conditions. As you said, in the old days men drank alone, but would these women really drink as they do if they had to do it in an open place where everybody could see them? Attorney General Farris suggested some sort of a system whereby government drinking places might be established. That is not the exact remedy. I do not believe people would like such places and patronize them. As a rule the people do not like too much government interference."

Wide Open

"Attorney General Farris also said that there was not any use trying to stop something which could not be stopped. Just as long as men can get whiskey to drink they will drink it, and he is quite right. The more you will try to stop it the less it will work. If whiskey was as cheap as water very likely nobody would want it. Make it easy to get, but in places where everyone will see what you are getting and at the same time have the young generation educated in the school against the evil effects of intemperance. My suggestion of wide open places where anyone can get a drink will do away also with Attorney General Farris' plan for the visitors and persons without homes and allow for the cutting out of drinks in hotel rooms. Now let me explain to you my suggestion as a new working system for the sale of liquor in public places in this country."

"First of all I would banish the bar entirely, just as well for soft drinks as for intoxicating drinks. I want places where the sun can shine, plenty of air be admitted, a cheerful looking place where a man can take his family and have a rest in sipping a drink among a crowd where he can give them a chance for some recreation other than cinema, etc., without losing his or her self-respect."

Respectable Cafe

"I am referring to open 'cafes'."

WATER NOTICE.

DIVERSION AND USE.

TAKE NOTICE that Alice Arm Mining and Development Company Limited, whose address is Head Office, Anxox, B. C., will apply for a license to take and use one cubic second of water out of an unnamed creek, also known as Silver Creek, which flows westerly and drains into Alice Arm, about head of Alice Arm at Dolly Varden Depot.

The water will be diverted from the stream at a point about Lot 17, Block 8, D.L. 1074, Alice Arm Township and will be used for domestic town supply and power purpose upon the townsite described as Lot 1074 and Lot 1074-A, Township of Alice Arm, B. C.

This notice was posted on the ground on the first day of March, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C., thirty days after the first appearance of this notice in a local newspaper.

Alice Arm Township, Cassiar Land District, ALICE ARM MINING AND DEVELOPMENT COMPANY LIMITED, Applicant.

By C. P. MacLeod, agent.

The date of the first publication of this notice is March 7, 1921.

NOTICE.

IN THE MATTER of an application for the issue of a fresh certificate of title to Lot 3, Block 12—Town of Terrace (Map 972). Satisfactory proof of the loss of the certificate of title covering the above lands having been produced, notice is hereby given that it is my intention to issue after the expiration of one month from the first publication hereof, a fresh certificate of title in the name of Alfred J. Morris, which certificate will be issued on 13th July 1921 and is numbered 6167-1.

LAND ACT.

NOTICE OF INTENTION TO APPLY TO PURCHASE LAND.

In Prince Rupert Land District, Recording District of Coast, Range 5, and situated on an island lying off the north coast of Forcher Island.

Take notice that I, Julius Hadland, of Prince Rupert, B. C., occupation carpenter, intend to apply for permission to purchase the following described lands:

creamy fudge

It melts in your mouth—so creamy and rich when made with

Borden's EAGLE BRAND Condensed Milk

as they are called on the continent in Europe. A "cafe" is quite a respectable place in which numerous little tables surrounded by chairs afford a place of rest, as well as a place to have a drink. Large plate glass windows allow anyone to see from the street the four corners of the "cafe," making it what I call a "real public place" and not "a concealed or secret public place," as the bar unfortunately used to be. Why be afraid of anyone seeing you sitting comfortably at a table with your wife or your friend and reading your paper or listening to the music or chatting away. There is no harm in that. There is no harm in drinking. The only harm comes from what you drink, and what woman would sit in a cafe and drink "whiskey"? Beer, coffee, tea, lemonade, etc., can be had in these "cafes" as well as strong drink and the self respect of people will safeguard them in a far greater degree against strong drinks, especially women, than any coercing laws.

No Treating

"This system does away to a great extent with the treating habit. It cuts out the promiscuousness of people drinking at the counter. A person sitting at a table with a friend can easily wave his hands to any acquaintance of his without having to get him into his conversation."

"The very fact that these public places are open to all eyes would make it very uncomfortable for anyone to get intoxicated. Moreover, stringent by-laws would have, of course, to regulate the management of such places, as I don't pretend that they would make altogether a place as wished for by the temperance fanatic, but between two evils one has to choose the lesser."

Under License

"These 'cafes' should be under licenses sufficiently high to derive a good income for the Government, but they should not be limited in number, as the bars used to be and thus create a monopoly. Let anyone wishing to run a clean place do so if he pays the fee and therefore impose a certain standard of conditions for the establishment, of such places as to size, ventilation, light, etc."

"Establish the monopoly of manufacture or sale of liquor by the Government to insure the sale of good liquors, control the retail prices and increase the government revenues. This would be the best way to stamp out the bootleggers and the clandestine manufacture of alcohol."

Test Beer

"Have an excise inspector to test beer and liquors sold and impose heavy fines and even imprisonment and loss of licenses in case of sale of unauthorized or adulterated drinks."

"Same penalty imposed upon the bartender as well as the proprietor for selling drink of any kind to anyone already intoxicated or for anyone found intoxicated on the premises. Fine and imprisonment upon anyone found guilty of being drunk and disorderly. Regulate the hours of business for these places. Sale of liquor forbidden to youths under 21, but this should not bar them from having some soft drinks in these places."

Not Effective

I am quite well aware that this system would not stamp out drunkenness entirely, but I am confident that it would be a step in the right direction and that it could be improved to a great degree by educational means."

"I am submitting this to you in an endeavor to do my little bit toward solving a problem which has baffled many a statesman and in the hope that it might perhaps help you in furnishing a solution to the arduous problem which now confronts the Government of the Province in this much vexed question."

"THEO. COLLART."

THOMAS EARL WAS LEADING FRUITGROWER

Died at Vancouver at Age of 92;
Came to the Province
in 1858.

VANCOUVER, March 28.—Thomas Earl, a leading fruit grower of British Columbia, died at his home here at the week end. He came to the province in 1858 and going into the Cariboo a few years later took up land at Lytton where he farmed and raised fruit. He is known as the father of horticulture in the province. He was born in New Jersey in 1829.

ST. LAWRENCE OPEN

MONTREAL, Mar. 28.—It is expected that the St. Lawrence River will be open for navigation early this week. It was partially clear of ice Saturday.

Ten Years Ago in Prince Rupert

March 28, 1911

Judge Young will leave for Hazelton to hold court as soon as navigation opens.

The grade of the Grand Trunk Pacific is now practically completed to 90 miles west of Edson.

The Tacoma Sun last week carried a double column picture of Mrs. John Hilditch, nee Miss Jeannette Shaffer, who is visiting at her home in Tacoma.

WATER NOTICE.

STORAGE.

TAKE NOTICE that Grady Consolidated Mining, Smelting & Power Co. Ltd., whose address is Anxox, B. C., will apply for a license for the storage of five million gallons of water out of the east branch of Hidden Creek which flows southerly and drains into Hidden Creek, about two-thirds of a mile from Grady Bay.

The storage-dam will be located 300 feet from the east boundary of lot 2224. The capacity of the reservoir to be created is about five million gallons, and it will flood several acres of land. The water will be diverted from the stream at the dam and will be used for mining and domestic purposes upon the mine described as lots 480, 481, 482, 483, 484 and 485, 1513, 1675 and 1677, 2219, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2229, 2230 and 2231. The license applied for is to supplement an application to take and use water as per water notice posted on lot June, 1920 (see water branch file 022030).

This notice was posted on the ground on the 23rd day of February, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

GRADY MINING, SMELTING & POWER CO. LTD., Applicant.

By William Young, agent.

The date of the first publication of this notice is the 26th day of February, 1921.

LAND ACT.

Notice of Intention to Apply to Purchase Land.

In Skeena Land District, Recording District of Coast, Range 5, and situated at head of Union Bay, adjoining lot 199.

Take notice that Norman R. Brodhurst, of Prince Rupert, occupation master mariner, intends to apply for permission to purchase the following described lands:— Commencing at a post planted on the south line of lot 199, thence east 20 chains; thence south 20 chains; thence west 20 chains to shore; thence along shore to post and containing forty acres, more or less.

NORMAN R. BRODHURST.

Dated January 26, 1921.

WATER NOTICE.

DIVERSION AND USE.

TAKE NOTICE that Alice Arm Mining and Development Company Limited, whose address is Head Office, Anxox, B. C., will apply for a license to take and use five cubic second feet of water out of an unnamed creek, also known as Falls Creek, which flows easterly and drains into Head of Alice Arm about 1.5 mile west northerly from Dolly Varden Depot.

The water will be diverted from the stream at a point one thousand feet north-westerly from the southeast corner of lot 3824, and will be used for domestic town supply and power purpose upon the townsite described as Lot 1074 and Lot 1074-A, Alice Arm Township.

This notice was posted on the ground on the first day of March, 1921.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C., thirty days after the first appearance of this notice in a local newspaper.

Alice Arm Township, Cassiar Land District, ALICE ARM MINING AND DEVELOPMENT COMPANY LIMITED, Applicant.

By C. P. MacLeod, agent.

The date of the first publication of this notice is March 7, 1921.

MARTIN O'REILLY

DIVISION OF THE PROVINCE

Matter Discussed at Victoria Week Before Last According to The Sun.

A special despatch from Victoria to the Vancouver Sun as far back as March 20 deals with the separating of northern B. C. from the south as follows:

A demand that the province of British Columbia be carved into two, and that a new province of Northern British Columbia be organized, is being seriously put forward in this city. According to reports from the north, the proposal has public approval behind it.

B. Brynildsen, plenipotentiary-extraordinary of the new movement, is now in the Capital, where he has been canvassing a number of members of the legislature in support of the movement, though so far with little encouragement from the southern members.

Mr. Brynildsen, who is a veteran resident of Bella Coola, where he is newspaper editor, hotel keeper, merchant and leading citizen, is armed with a big map of British Columbia, a mass of statistics and an invincible enthusiasm for the new cause.

May Take Five Years.

"Of course," he says, "we don't expect to get what we want this year. It may take five years, but it's bound to come. You can't hold the north back. It's going forward and increasing its population while some of the southern constituencies are losing theirs. There's bound to be a new province in the north and it will be the biggest and richest province when it does come."

The map which Mr. Brynildsen carries shows a line drawn easterly along the 51st parallel to the 125th meridian, thence north to the 52nd parallel and thence easterly to the Alberta boundary. The proposed new province takes in over two-thirds of the province so far as area is concerned.

"In all that area we have only four members out of a house of 47," says Mr. Brynildsen, referring to Atlin, Prince Rupert, Omineca and Fort George. "We contribute more than half of the wealth of the whole province and we only get a fifth of it back for development. The north is keeping the south. How can we expect the north to go ahead as fast as I should while it is governed from the south?"

HEARTBURN LIVER TROUBLE

When the liver becomes torpid and impaired, it cannot furnish sufficient bile to the bowels, thus causing them to become constipated.

The stomach is also affected. In the case of heartburn there is a gnawing and burning pain in the stomach, attended by disturbed appetite, caused by great acidity. Whenever too much food is taken, it is liable to ferment, and become extremely sour, vomiting often occurs; and what is thrown up, is sour and sometimes bitter.

Other liver trouble symptoms are pain under the right shoulder, yellowness of the skin, and eyes, itching specks before the eyes, coated tongue, bad taste in the morning, foul breath, water brash, jaundice, constipation, etc.

Keep your liver active by using Milburn's Laxa-Liver Pills and you will have no heartburn or other liver troubles. Being purely vegetable they do not gripe, weaken or sicken like the old-fashioned purgatives generally do.

Mrs. Mary Strone, Glasnevin, Sask., writes: "I have used Milburn's Laxa-Liver Pills, and they have cleared me of heartburn and liver trouble. I don't think they can be beaten by any other medicine, and I can highly recommend them."

Price 25¢ a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. Adv.

FAMOUS RACE ON WEDNESDAY

Oxford and Cambridge Annual Event on the Thames This Week.

LONDON, March 28.—(By Canadian Press).—The historic aquatic battle between Dark and Light Blues is renewed on Wednesday over the famous Putney to Mortlake course of about four miles and a half, and it is probable that Cambridge, after their easy victory last year, will be slight favorites over the Oxford crew. The race takes place at five o'clock in the afternoon, the time being governed by the flood tide, on which it is always rowed. Even when it is pulled off in the early morning hours, vast crowds turn out for this most sporting of all events on London tidewater, and given a fair day there is every prospect of a record number of spectators Wednesday afternoon.

The first contest between eight-oared crews representing the two universities took place at Henley-on-Thames in June, 1829, but the second race was not until 1836, being rowed upstream from Westminster to Putney. It was not always easy in those early days of boat racing for the university boat clubs to agree as to the conditions and time of the match, but since 1856 down to 1911 it was an annual event. There was no race in the war years, 1915-1919 inclusive, when the tradition and continuity of rowing at both uni-

versities naturally suffered severely. But rowing generally made such tremendous progress during last year that it is considered to have again reached the high level of its pre-war distinction, while public interest in the coming race has probably never been keener.

PRINCE GEORGE

The Prince George Board of Trade has taken issue with Premier John Oliver over disparaging remarks the premier is alleged to have made regarding the district served by the Pacific Great Eastern Railway.

Jack Wilson, son of Mr. and Mrs. P. E. Wilson, has returned to Prince George to spend the Easter vacation.

Charles Johnson, the manager of the Prince George Hotel, has returned from a trip to the coast.

Mr. and Mrs. W. P. Ozilys and son left last week for a visit to coast cities.

Mrs. Burbank, wife of Major Burbank, has been taken ill with an attack of scarlet fever.

Mrs. J. R. Johnson entertained a number of friends at dinner on Sunday evening. Musical numbers were given by Miss Young, Mrs. Raddick, Miss Ewart, Miss Johnson, Miss Rolston and Chas. Balagno.
