CREDITORS VS. GOVERNMENT

REPRESENTATIVES OF DOMINION ARE FORBIDDEN TO ENTER THE SHIPYARD

Official Receiver Refuses Admission of Capt. Saunders to Local Shipyard

Refuses to Allow Government to Seize Material and continue Work on Ships Being Built there, until Settlement is Made with Creditors

Hodges Claims He Cannot Be Removed but by Court

Arrangements Made for Work on Ship Repair Work to Proceed at Drydock by Wallace Company, but Men Paid Off from Construction

There is war on between the Dominion Government and the creditors of the Prince Rupert Dry Dock and Engineering Co. K. Hodges, the receiver in bankruptcy, has locked the Government officials out of the shipyard, put on a double shift of watchmen, and refuses to allow anyone in the yard except by his express permission.

This action has been taken by the receiver because the Dominion Government claims the right to seize the large quantities of goods shipped by the creditors to the company on the strength of a government order. This material the government proposes to use without their own consent, and at the same time called on them to pay for it.

Mr. Hodges returned from Ottawa on Tuesday night, bearing the government's instructions to the receiver here, Captain Saunders, by something like two orders, the instructions of the government to Capt. Saunders to keep Mr. Hodges out of the yard and to seize all the material in the yard.

Mr. Hodges is now in possession of the shipyard, and says that nothing but an order from the court or superior court can dislodge him.

Receiver's Story. This morning by a Daily News representative, Mr. Hodges made the following statement: "As receiver for the ship construction company, I was called to Ottawa by the Department of the Interior and Fisheries for the purpose of arranging an agreement whereby the two ships now on the stocks could be completed by the Wallace Shipyard. The department also requested the Wallace

company to send a representative to Ottawa and at the same time called on their own overseer, H. A. Butt, to represent the company. "Prior to leaving for Ottawa, the department had already requested me to have a full inventory prepared of all material in the yard in order to facilitate a settlement with me as receiver for the ships. They also asked for a statement of the value of the fabricated material lying in the yard.

"Having received this request, I naturally imagined they were prepared to make an equitable settlement, but after many discussions at Ottawa the department advised me that they had referred the matter to their justice department.

"I subsequently had an interview with the representatives of the marine department and the deputy minister of justice, the latter of whom gave it as his opinion that the Bankruptcy Act did not affect the Crown and that the Crown was entitled to enter the premises, seize all the plant and material they found in the yard, and complete the ships without payment either to me as receiver, or to the unfortunate creditors who shipped the goods

prior to the bankruptcy proceedings.

"I hurried back to Prince Rupert and gave orders to the watchmen that no one be permitted to enter the yard except with a pass from myself or my assistant, C. Clark. Prior to this I had permitted the Dominion officials to enter as a matter of courtesy.

Government Looked Out.

"Shortly after these instructions had been issued, the agent of marine, Capt. Saunders, arrived at the works with instructions from the department to prevent me and all my representatives from entering the premises or taking any material or goods therefrom. As I was appointed receiver in bankruptcy under an order of the Supreme Court of B. C. on December 7 last, naturally I was in possession from the date of that order. The purpose of the court in making the order was to appoint a representative to protect the interests of the unsecured creditors and one of the first duties at all costs is to see that no one creditor gets an undue preference over another. For this reason I have decided not to allow a representative of the Dominion Government on the premises and from now on the only way any representative of the Government can obtain possession is by superior force or by getting an order from the same court through which the original appointment was made. This order would of necessity have to override the original order made in December last."

Men Laid Off. An arrangement has been made between T. Allen of the Wallace company and Mr. Hodges by which the latter has agreed to permit the Wallace men free access to the yard on Wallace's undertaking that they were to be used on repair work only and not to work on the completion of the contracts. This unfortunately necessitated the laying off of several men who cannot be taken back until the difficulties between the receiver and the Government are settled. Mr. Hodges is doing everything possible to allow the repair work to continue.

Reception at Ottawa. I subsequently had an interview with the representatives of the marine department and the deputy minister of justice, the latter of whom gave it as his opinion that the Bankruptcy Act did not affect the Crown and that the Crown was entitled to enter the premises, seize all the plant and material they found in the yard, and complete the ships without payment either to me as receiver, or to the unfortunate creditors who shipped the goods

prior to the bankruptcy proceedings.

"I hurried back to Prince Rupert and gave orders to the watchmen that no one be permitted to enter the yard except with a pass from myself or my assistant, C. Clark. Prior to this I had permitted the Dominion officials to enter as a matter of courtesy.

VANCOUVER, Feb. 10 (Special).—Professor J. A. Bancroft, of McGill University, succeeds E. E. Campbell as assistant manager of the Granby Consolidated Mining, Smelting and Power Co. at Anyox.

Professor Bancroft is head of the geology faculty at McGill and is a Dominion wide recognized mining authority. He assumes his new duties at the end of the university session.

FIRST STEP LIQUOR LAW

Motion Being Put to Legislature This Afternoon Prohibitory to Bill.

VICTORIA, Feb. 10.—The initial step in putting before the Legislature the Government control of liquor bill is being taken this afternoon, when a motion is being presented in committee of the whole calling for presentation to the Lieut.-Governor of an address praying that he cause to be placed before the Legislature a bill providing for government control and sale in sealed packages of spirituous and malt liquors.

ASSOCIATED BOARDS MEET

Resolutions are Passed Regarding Roads and Hospitals and Other Subjects.

VANCOUVER, Feb. 10.—The Associated Boards of Trade, in convention here, passed a resolution recommending that the cost of maintaining public hospitals over and above the income from voluntary and other sources be borne jointly by the provincial government and the district served. This was carried by the casting vote of the chairman.

A resolution was unanimously adopted taking the stand against freight rates discrimination in favor of the east against the west.

A permanent day for Thanksgiving was favored and also the linking up of all appropriate east and west roads with a view to bringing about an all-Canadian highway from Vancouver to Nova Scotia.

Beatrice Is Ashore on Lasqueti Island

Passengers Put Ashore and Princess Patricia is taking them Back to Vancouver; Algerine Ready to Proceed

VICTORIA, February 10.—A call to the salvage steamer Algerine was received early this morning which said the Canadian Pacific Coast steamer Princess Beatrice, bound for Prince Rupert, was ashore at Tucker Bay, Lasqueti Island, in Sabine Channel, Gulf of Georgia.

A statement was issued later by J. H. Taylor, superintendent, to the effect that the passengers had been put off on Jedidiah Island under circumstances yet unknown and the ship was making water.

The master of the steamer ran her for Jedidiah Island and thence to Tucker Bay, Lasqueti Island, where a settlement exists.

An investigation is being held to determine the extent of the damage. The Algerine is ready to proceed north.

Urges Development of Deep Sea Fisheries

Thomas McClymont Speaks of Possibilities of Herring Industry, Quoting What was Being Done in Scotland as an Example

"The fishing industry is indeed the lifeblood of this community," said Thomas McClymont in an address yesterday at the fish luncheon in the Hotel Central. "It is the centre around which everything else rotates. Five years ago there was no fishing done here to speak of. The railway created a new economic condition and the trade came here of its own volition."

In building up a place it was sometimes difficult to divine what industries should be developed, said the speaker. While fishing was not the only industry in Prince Rupert it was the most important. The salmon industry was pretty well developed.

While there was a setback in regard to sales, it may be said that on the whole the most was being made of this branch of the industry.

Speaking of halibut, Mr. McClymont said it was in everybody's mind. The halibut industry was operated, he thought, to its fullest extent. It had grown from nothing to a fleet of 400 boats and was of great aid to the community.

Living Example. The ex-mayor said he would advocate going after other species of fish. He referred to his experience in Scotland where a branch

CHINA OBJECTS TO OFFENSIVE LEGISLATION

Takes Particular Exception to Law Against White Girls Being Employed by Chinese.

MATTER CONSIDERED BY THE GOVERNMENT

VICTORIA, Feb. 10.—A diplomatic protest has been made by China against the British Columbia regulations prohibiting the employment of white girls in Chinese establishments, as a measure offensive to the Chinese.

Complaint was made by the British secretary of state for foreign affairs and forwarded to Ottawa and by the Ottawa government brought to the attention of the B. C. executive council.

Premier Oliver and his cabinet have the whole question under consideration.

AUDIT OFFICE TO VANCOUVER

P. W. Baldwin Has Received Order Removing Thirteen Employees Away From Here.

The Canadian National Railways audit office, which has been located here since April, 1918, will be moved next Thursday to Vancouver where the future head office will be located for this department. The moving of this office has been rumored for some time and P. W. Baldwin, local auditor, has recently received his instructions to this effect. The move will take a staff of thirteen, including Mr. Baldwin and T. C. Chalmers, his chief clerk, from here to Vancouver. The bank account is not being moved at the present time but all payments will be made through Vancouver and forwarded to the various departments for distribution.

Mr. Baldwin will be in charge of the new consolidated office. S. White and Miss E. L. Edmonds will leave for Vancouver one week later.

By this fresh fish all the year round.

Good Market.

There was a great market for herring, not only among the Slavonic races and Italians of Europe, but also among the Orientals, especially in China. He believed there were plenty of fish and there would be no difficulty in selling them. He suggested that the Fisheries Association and the Board of Trade should gather data in regard to this matter. It would be a good investment to spend some public money on it.

Mr. McClymont referred to the formation of a local company which was being partially financed by the Provincial Government. He wished them every success. If the concern was well managed he thought it was likely to succeed. Mention was also made of the cod fisheries of which nothing was made at present.

World Record Ski Jumps Are Made at Revelstoke

Annual Tournament Gives Railway Town International Reputation for Winter Sport; Immense Distance Covered by Athletes

REVELSTOKE, February 10.—Four world's ski jumping records were broken here yesterday afternoon at the annual ski jumping tournament.

Nels Nelson of Revelstoke broke his own record of 185 feet as an amateur, clearing 201 feet.

Harry Hall, of Detroit, broke the professional record by jumping 229 feet, an increase of 15 feet over that made by Anderson at Dillon, Colorado, last year.

Henry Hansen broke the world's professional record by jumping 221 1/2 feet and in going after the record just made by Hall jumped 225 feet but fell and injured his arm.

Haugen was unable to compete owing to a broken collarbone sustained two weeks ago at his home town in Minnesota. Hall received an extra purse for his achievement, presented by the local Club.

Arvid Nelsen, the world's boy champion, jumped 122 feet and 133 feet today, breaking the record made Tuesday of 120 feet.

Difficulties At Shipyard.

Unfortunate difficulties have arisen at the shipyard between the creditors represented by the receiver on the one hand and the Government on the other. It looks as if the Government was taking rather a high-handed stand in regard to it. They are taking advantage of the position in which they are placed and their action, if sustained, will undoubtedly work a hardship on the creditors. With any ordinary debtor, the property would be seized and sold. Why not the same apply here. The Government has no moral claim on the material in the shipyard seeing it has not been paid for. What their legal claim is we do not know.

It is greatly to be desired that a settlement be arrived at and that work may proceed at once. The present indications are not very hopeful, however, unless the Government changes its attitude and is willing to allow that the creditors have some rights in regard to the property.

South Africa is Sane.

The result of the election in South Africa has been watched here with a great deal of interest and the result, as far as known at present, is very satisfactory. The people as a whole are apparently anxious to remain a part of the British Empire. They have found that under the Union Jack they have better conditions than they could hope or expect if they were an independent republic dependent on their own resources only. Today they have great influence, whereas if they were alone without army or navy they would be without prestige in the world, an insignificant state such as might be found in South America.

Omineca Honored In Its Member.

The member for Omineca has been appointed speaker of the Legislature, an honored position, which will reflect credit on his constituency. Mr. Manson is well fitted to undertake the duties and his appointment should prove a popular one. None will be more pleased to hear of his success than his friends in Prince Rupert, who look on him as a young man of great political promise capable of rising to any position in the gift of the country.

Our Friend To the South.

Our neighbor and friend, the United States of America, is a country with which we naturally have much to do. We are good customers of theirs and we also sell to them occasionally. We have many United States citizens living in all our cities and a considerable part of our farming population is made up of people who came from that country. We depend upon the people of the States to purchase a good many of our municipal and provincial bonds and we also look to that country to finance our big business undertakings. We cannot afford to quarrel with them and they are equally bound up with us. It is to be hoped that the protest said to have been made in England against the attitude of a section of the U.S. press will bear some fruit, for there is an insidious propaganda going on which is bound to breed ill feeling.

16:13 p. m., 18.5 feet.
Low, 10:10 a. m., 6.1 feet.
22:48 p. m., 6.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

IMPROVEMENTS VARIOUS POINTS

Canadian National Management Has Built Stations, Engine Sheds and Other Facilities

CO-ORDINATION WORK IS NOW COMPLETED

In the review of the Canadian National Railways issued for the press it is shown that much progress has been made in improving the service in different parts of the line and in bringing the railway up to standard. During the year the co-ordination scheme with the Grand Trunk has been worked out and construction work is proceeding in a good many parts of the country. In all, 23 branch lines are under construction.

New stations, car sheds and other improvements have been put in on the western lines as follows:

In line with the management's policy of improving existing facilities on Western lines and making timely and prudent provision for the maintenance of the property in the best possible condition, considerable moneys were expended, as follows:

- Port Arthur, express building, Prince Arthur hotel—new dining room and alterations to barber shop, etc.
- Mission, car repair shop.
- Fort Frances, new five-stall engine house, new freight office.
- Rainy River, new ash pit.
- Hunter, 100 ton coal plant.
- Marchand, new station.
- Ste. Anne, new station.
- Transcona, extension to coach paint shop.
- West Yard, Fort Rouge, extension to Battery building; new concrete chimney, 210 feet high, new turntable, rebuilding transfer table foundation—concrete, re-building and extending warehouse.
- Winnipeg, alterations to express building.
- 8 section houses on Government line between Winnipeg and Fort William.
- Grand Beach, hotel, new bath house, new toilet building, extension to water supply, ice cream plant, fixing up athletic grounds.
- Russell, 100 ton coaling plant.
- Margo, 100 ton coaling plant.
- Kamsack, new turntable, new ash pit.
- Punnichy, 100 ton coaling plant.
- Melfort, 100 ton coaling plant.
- Humboldt, new turntable.
- Saskatoon, 15 stall engine house, boiler and machine shop, new turntable, store building, bank house, sand house, two ash-pits, carmen's work and material building, new express office and addition to express room.
- Prince Albert, 3 stall addition to engine house, addition to station building.
- Eaton, new 5 stall engine house, turntable tank and other terminal facilities.
- North Battleford, new track scales.
- Big Valley, new freight shed.
- Boston Bar, four workmen's cottages.
- Victoria, 5 stall engine house.

Had an Annoying Hacking Cough Got No Rest at Night

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue.
There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.
Mrs. E. J. Ross, Penhold, Alta, writes:—About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house.
"Dr. Wood's" is put up in a yellow wrapper; three pine threes the trade mark, price 35c and 65c a bottle. Manufactured only by The T. Millburn Co., Toronto, Ont. Adv.

FISH LUNCHEON GREAT SUCCESS

Large Attendance at Affair at Hotel Central Yesterday Afternoon

One of the best attended and most interesting luncheons ever held in Prince Rupert was that of yesterday at the Hotel Central for the purpose of celebrating Canada's Fish Day. There was a fine spread provided by Peter and Mrs. Black entirely of fish products and the tables were crowded, something near two hundred sitting down to the sumptuous banquet.
The address of the day was delivered by Thomas McClymont on the development of the local fishing industry. At the conclusion he was thanked on a motion proposed by John Dybhavn and seconded by George Frizzell.
Mayor Speaks
Mayor Rochester presided and spoke on the origin of Fish Day on the suggestion of Mr. Paulos of the Fisheries Association. He said the fisheries of the port meant everything to the businessmen. It was the staple product. It meant the same to Prince Rupert as the wheat crop did to the prairies. They ate, talked and thought fish. There had been difficulties in regard to transportation, but, through the efforts of Colonel Peck and others, this was being overcome. He then read a telegram from President Hanna denying that there was any intention of taking the big steamers off this route.
The luncheon opened with the singing of "Oh Canada" by a prominent fisherman, John Davie, everyone joining in the chorus, and closed with the National Anthem.

SAYS BAYVIEW HAS GOOD ORE SHOWING
L. Russell of Stewart Prophecies Considerable Activity at Mining Camp in Summer.
L. Russell, who is connected with the Bayview mining property and who is here en route south, says that there has been some good ore shown on this property. It is galena running from fifteen inches to four feet in width. There has not yet been enough work done there to thoroughly test the continuity of the ore veins, but as far as they have gone it looks as if the property was valuable, for the ore is rich. There are a large number of claims in the group which lies between the Bear River and the international boundary.
Mr. Russell thinks there will be a lot of activity at Stewart this coming year, not only on the Salmon and Bear rivers, but also on the Marmol.

CLOSE BILLIARD PLAY IN GAMES LAST NIGHT

St. Andrew's Defeated Sons of England at Billiards by a Narrow Margin.

The St. Andrew's Society won the billiard tournament with the Sons of England last night by the close score of 1053 to 1040, a score which, peculiarly, brings the losing team up in its standing for the series and takes the winning team down. Each team made three wins, the largest victory of the evening being that of H. F. Wearmouth, of the Sons, over H. Charlton, St. Andrew's.
The individual scores were:
G. P. Tinker (Sons of England), 200; R. Robertson (St. Andrew's), 178.
S. King, 200; S. D. Macdonald, 155.
H. McEvoy, 116; A. Kinghorn, 200.
H. F. Wearmouth, 200; H. Charlton, 124.
J. Lyons, 163; R. Davie, 200.
George Hill, 131; J. Brown, 200.

WHY NOT BE A SHREWD INVESTOR?

If you had purchased \$1,000 worth of French Bonds at this time last year and resold them in June, you would have realized \$1,000 profit. Had they been German Bonds you had traded in, your profit would have been \$2,000. Foreign exchange has already started a strong upward movement this year, and the shrewd investor is bound to make himself a good profit by buying and selling on short profits.

We keep our clients posted as to prices, which enables them to take advantage of the market. Our office is in close touch with active markets at all times and will repurchase these Bonds at any time at market.

Information regarding any of the following issues will be furnished on request. Telephone Black 85.

BEAR DISTURBS PEACE OF CITY

Furry Monster Picked Up by Police and Lodged in Cells

A real brown bear wandering at large on Graft Hill, Prince Rupert's high class residential section, was the shocking discovery that was reported to the police last evening and resulted in Bruin's arrest and confinement in the cells at the police station today.

The alarm was given in by the police by a hysterical feminine voice at midnight. The bear had been wandering about Fourth Avenue and had frightened strong men from venturing forth for their evening in the club, children were hiding in the closets in the last stages of terror and women were in speechless hysterics.

To Special Constable Schrieber falls the task of apprehending Brother Bear and restoring safety to the residents of Graft Hill. With wary steps and a full complement of armaments, the officer proceeds to the scene of alarm. For a while the furry monster is no where to be seen, but finally he is traced to an unoccupied shack.

In the Darkness

The door is opened and cautiously a peep is taken into the darkness within. A flashlight scans the inner depths, but nothing is seen. Presto! Woof! Beer! Grrr! Bearish articulation! Bang! goes the door and reinforcement is sought. A passerby is commended to the assistance and again the lonely shack is besieged. The bear is behind the door and the assistant hearing the sounds leaves post-haste, never more to be seen.

The officer finds that if the bear is to be captured it is to be single handed. He removes his belt and attempts to collar the animal, and after a battle in which the constable's trousers are mangled by the thrusts of the savage paws, Mr. Bear is brought under subjection and with much trouble is taken to the police station.

There he awaits his master. He is Patsy Mazzi's cub pet who is going to be a dancing bear when he grows up.

PERRY BOOSTS PRINCE GEORGE

Tells Legislature of Wonderful Riches of Peace River—An Empire.

VICTORIA, Feb. 10.—Both A. N. Mackenzie of Vancouver in moving, and H. C. Perry of Fort George in seconding the address in reply to the speech from the throne in the Legislature yesterday referred to the forthcoming liquor control bill.

The Fort George member gave as his opinion that the Government did not aim to make a profit out of the sale but would sell at as low a price as possible.

Speaking of his district he emphasized its richness and said: "There is an empire in the Peace River with its wealth of coal, oil and farm products that in ten years would liquidate the debt of the P. G. E. Railway and give sufficient tonnage to make it pay. There are 30,000,000 acres of land in the Peace River district, of which 10,000,000 acres can be classed as good land and would yield wheat from 30 to 50 bushels to the acre and oats 75 to 100 bushels.

"Oil seepages were abundant and the Imperial Oil Co. had staked big claims in B. C. recently. He urged assistance to get settlers.

The Man in the Moon SAYS—

AT the fish lunch yesterday ex-mayor McLymont, illustrating how the word "halibut" was in every persons mind here, told of a child who prayed at night, "Our Father which art in heaven, halibut be thy name."

"SHE is only a bootlegger's daughter, but I love her still," declares the thirsty one.

A MAN has to be married at least a week before he realizes that it is difficult for two to live as cheaply as one.

THE man who has no money is always willing to divide with anybody.

SOME people marry for love, others for money, and yet others there are who just want to get married.

SPEAKING of marrying for money, I know of several young men who would be willing to make a business deal of that kind, providing the lady is also a good locker, is amiable, kittenish and not of a jealous disposition.

ON search being made of a Scotchman's trunk by those responsible for the enforcement of the Prohibition Act in Manitoba, a corkscrew was found. The man was arrested.

The short man has much to be thankful for, when he is up to the ears in debt.

SOME people are so dishonest they can't look a potato in the eye.

AMONG the things that don't get a smoker anywhere is wondering how much of the cabbage leaf in his cigarette was bought by the manufacturer as tobacco.

THIS is a free country, but there is nothing quite so free as free gold. It can be found in the hills for the gathering.

PRESSION OF SOVIET RUSSIA

Deleaux Tells from Socialist Point of View What He Saw.

WHO DO NOT WORK NO FOOD UNDER REDS

The soviet system is going to Russia. There is nothing to offset it and there is no sufficient power to do it," declared W. W. Deleaux of Winnipeg, who recently visited Soviet Russia, and addressed a crowded audience in the hall last evening. His speech was treated from a favorable point of view, nevertheless interesting to all who listened. The meeting was presided over by J. H. Burroughs.

In his address, Mr. Deleaux told how he had been connected with the Winnipeg Soviet in a legal capacity he had been in and see for himself. He had some trouble in getting across the borders but had reached there by way of Estonia and had spent six weeks in Russia. In the country he had read in the press of the atrocities and existing in Russia but in Moscow he had seen the things that were as peaceful as any he had seen in. "Before I visited I would have thought he said it, but now I have no doubt in saying that the soviet press is a lying and distorted institution," Mr. Deleaux stated.

Green Wood Fuel.

Entering Russia the first thing noticed was that everything was new, the telegraph, the wire, the insulating material, the road bed was in the shape of the equipment was poor for Russia. The blockade from supplies in years and all her production has been war production. The supply had been cut off of locomotives and industries were using green wood fuel as they had done for years.

Peace expeditions had come into Russia had been used by the government. It was a thing that peace expeditions in the country had turned in favor of the Bolsheviks. They found that the peaceful people and could reason for fighting them.

Bolsheviks Discontented.

It is, of course, some dissatisfaction in Russia and this is among the Mensheviks, a made up of shopkeepers, business men and professional, the petty bourgeoisie. The Bolsheviks favor alliance outside capitalistic powers. They are an impracticable and have no plan. It is the discussion of these writers as Mrs. Snow-Bart Russell have been

rest of the parasites such as have either made scarce or have gone. Unless you work in you get nothing to eat and and selling is illegal. and white bread is not by the soviet and when Crawford, Bela Kun

and Freeman, the man without a country, and myself had wanted to have a feast one night we had to pay 2,000 rubles for half a pound of butter and 2,500 rubles for a loaf of white bread on the 'illegal market.'

Women Have to Work.

"No woman with more than two children in Russia has to work but all others have to. The story of the disruption of homes in Russia is a deliberate lie. Houses with many rooms have been shared up but this is because there were not enough for all. The small homes are never disturbed and no rent has to be paid. All land and houses belong to the state. Landlords have been wiped off the state.

Street Cars Free.

"A noticeable thing in Petrograd was that all the stores were running free and all motor cars have been requisitioned by the government for administration purposes. All liquor has been destroyed and there is perfect order in the cities. Policemen are hardly ever seen. "There is no foundation for the

canard of the nationalization of women. A person is at liberty to worship as he wishes, but the churches get no government support and the priests have no food tickets. Religion is termed the 'opium of the people.' Marriage is a civil ceremony and divorce is easy to obtain. There are no prostitutes and everybody works."

Proletariat Dictatorship.

"It was an utter chaos that led to the soviet rule in Russia and the general strike did not bring it on. There was a choice of proletariat dictatorship, military dictatorship or the old rule of the Czar to choose from. The workers simply took the government up in the economic crisis."

RETURNED FOR HIS SUITCASE

While He Jumped Aboard Steamer Santa Singh Claims Suitcase - as Taken.

Santa Singh, Hindu, who left for Vancouver last Thursday night, made a hasty return to the city yesterday morning. Santa alleges that he nearly missed the steamer last Thursday night and, indeed, had to jump from the wharf as the vessel was pulling out. He claims that he jumped without his suitcase, which contained considerable cash and a pass book, and that another Hindu made off with it as the boat was leaving. The city police are investigating and a warrant is out for the arrest of the suspect.

KELLY DOUGLAS TO ANSWER CHARGE OF SELLING INTOXICANT

Kelly Douglas, Limited, are the defendants in a charge of selling liquor in contravention of the B.C. Prohibition Act, which was adjourned in the police court this morning.

It is charged that the wholesale company sold a barrel of over proof beer to Peter Wesley.

Mrs. Louise Lewis arrived yesterday from Vancouver to take a position as milliner in Miss Barbeau's shop.

To Be Troubled With Constipation The Cause of Many Ills

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and these troublesome ills, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick.

In Milburn's Laxa-Liver Pills you will find just the remedy you require for this purpose. They are purely vegetable and do not gripe, weaken or sicken.

Mr. Jas. S. Harris, Box 934, Halifax, N.S., writes: "For two years I suffered with constipation, I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Laxa-Liver Pills, and even brought me a trial. I tried them without much faith, but I soon found they were doing me good, and after using the second trial I was relieved of my trouble."

Milburn's Laxa-Liver Pills are 25¢ a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

TAXI ROBBERY CASE BEFORE JUDGE YOUNG

Yesterday Afternoon and Today Spent in Taking Evidence on Both Sides.

The J. R. Rudland taxi robbery case was proceeded with before Judge Young in the county court yesterday afternoon and this morning when evidence for the prosecution and the defence was taken. The case was adjourned until this afternoon when further evidence will be heard.

J. Petrin, from whom the money is alleged to have been stolen, Dominick Mara, steward in the Citizen's Club, L. Lazzar, bartender in the Royal Hotel, and Constables McGilchey and Macdonald were the witnesses for the prosecution. E. Marshall, taxi driver, Dudley Tate, Joe West and the accused were the witnesses for the defence. The accused stated that he had only made one run on the night in question, that being to the Marine Ironworks with Joe West, who substantiated this statement. The bills which had been found in the glove of the accused had been placed there at Christmas time when he had changed them for smaller bills with J. Harris, a restaurant man, who is to be put on the stand this afternoon.

PHYSICIANS AGREE ON REMEDY FOR COLDS

Treatment Now Offered in Capsule Form for Home Use.

Physicians are generally agreed as to the treatment for colds or grippe. The ends sought are the allaying of the feverish condition, the relief of the muscular soreness and the keeping of the system open to carry off the systemic poisons generated by the cold.

In Grip-Fix, which can be obtained at any drug store, will be found in capsule form just these ingredients, viz.: Aspirin, Phenacetin, Quinine, Salol, Caffein, Citrate, Cascarin and Camphor Monobromate. The distributors have printed the full formula on each box and any person can submit the remedy to their family physician if desired.

Grip-Fix acts with remarkable promptness. Even a bad cold is relieved in a night, while it is but rarely that grippe is not conquered in 36 hours. Get a box today and have it in the house for emergencies.

On sale at all druggists, 35¢ per box.
