REDISTRIBUTION BEING CONSIDERED MAHATMA GANDHI STARTS "FAST UNTO DEATH" IN PRISON

Hindu Leader Spurns Freedom Offered Him By Govt. of Britain

Is Technically Free Man Although He Refuses to Leave Jail—Not Likely That Effort Will Be Made to Remove Him

POONA, India, Sept. 20.—Mahatma Gandhi, leader of the Hindu Nationalist Congress civil disobedience movement against the British government, at noon today began the "fast unto death" which he announced last week as a protest against the settlement by the British government of the Indian communal elections problem. As he started his self-imposed starvation regime, he was technically a free man. The government this morning let down the bars of his prison cell at Yeroda jail where he has been a prisoner since late in January but Mahatma spurned the proffered freedom. He said he would not leave the jail unless he were forcibly removed and indications were that the government would not remove him.

GANDHI IS OBSTINATE

Refuses to Quit Prison on "Humiliating Terms" of British Government

BOMBAY, India, Sept. 20.—Mahatma Gandhi, fanatical leader of the Indian Nationalists, preparing to start a hunger strike today in protest at the Indian electoral policy of the British government, refused to accept release from prison last night on the "humiliating terms" offered by the government. Gandhi has been serving a prison term in connection with his civil disobedience campaign and the government decided to release him from jail before he started the hunger strike.

OAT CROP IS GREAT

Mayor Orme Back From Delightful Holiday Trip to Central Interior

There is an excellent stand of oats in the Lakes District this fall, states Mayor Cyril H. Orme, who is back from a week's holiday trip to the interior. Although a good deal of the oat crop is not yet ripe, it is hoped to save the most of it from the frost by stooking. His Worship spent a good deal of time in the interior motoring through the Lakes and Bulkley Valley districts. It was a most enjoyable sort of holiday, he declares.

GRAIN SHIP HERE TODAY

Norwegian Motorship Danwood Arrived This Morning After Uneventful Voyage From Vladivostok

To load a full cargo of grain for the Orient from the Alberta Wheat Pool's local elevator, the fine, big Norwegian motorship Danwood, Capt. E. Engelstad, arrived in port at 9:30 this morning from Vladivostok, Russia. Lining of the vessel has yet to be completed and, for that purpose, she is now moored at the ocean dock. On lining being completed, she will take her berth at the elevator to start loading grain.

Of 3764 tons register, the Danwood is almost a new ship, having been commissioned in March 1930 with Oslo as her port of registry. The vessel carries a crew of thirty-two men.

The voyage from Vladivostok, where the Danwood left September 3, was an uneventful one and was made more speedily than had been expected. The vessel was met at Triple Island by Capt. C. W. Wearmouth of Vancouver who piloted her into the harbor.

Before coming here, the Danwood delivered wheat cargo from Australia to Vladivostok.

The Canadian Trading Co. of Vancouver are agents for the Danwood with E. E. Kirchner as local representative.

IS VICTIM OF BULLET

Jack Renton, Aged 23, Believed to Have Been Shot By Another Hunter Near Essondale

VANCOUVER, Sept. 20.—While standing on the height of a bluff, his keen eyes searching for game, Jack Renton, aged 23, is believed to have been shot by another hunter, the identity of whom is at yet unknown.

Renton's body, with a broken neck and a bullet wound through the chest, was recovered yesterday from the rocks in a canyon three miles north of Essondale Mental Hospital. His rifle, which had not been fired, was at the top of the bluff.

Finding of the body ended a search by one hundred men. Renton had been missing since Saturday.

Government Is Planning to Reduce Legislature Seats By Twelve, It Is Understood

VICTORIA, Sept. 20.—Reduction of the number of seats in the Legislature from forty-eight to thirty-six is proposed in a redistribution scheme which has already been advanced by the government and which is now receiving close attention, it is learned on good authority. A new redistribution bill will be placed before the Legislature at its session next January, it is understood.

Conservative Leader In Quebec Resigns In Huff; Tory Disloyalty

Camilien Houde Declares It Was Impossible For Him to Overcome Opposition of Liberals as Well as That Within His Own Party

MONTREAL, Sept. 20.—Camilien Houde, former mayor of Montreal, today announced his resignation as leader of the Conservative party in the province of Quebec. "So long as we had only Liberals to combat the achievement of our aim was possible," Houde said, "but we are unable to defeat at one and the same time our Liberal foe as well as certain Conservatives. I reserve my right to unmask those whose underhanded disloyalty contributed to our defeat."

CHRISTMAS IN PEACE

The decision of Premier Tolmie to carry on until after the next session of the Legislature is probably the best thing for him although it may not be the best for British Columbia. He can hold on to office a little longer and there is always the possibility of something happening which might turn popular opinion in his favor once more. At any rate he seems to have decided to take the chance.

It is suggested in the south that the movement toward union government was made in order to placate one of the Vancouver newspapers and now that newspaper, after reviling him for months, would give him at least passive support.

Politics can take a rest until after the Christmas holiday and people will devote themselves to business during the fall months. If there is no election until after the spring session it may be April or May when the contest is held. In the meantime, if the majority of members of the Legislature remain loyal, there seems to be nothing the people can do.

Early next month the Liberals will hold a provincial convention at Vancouver and resolutions will be passed expressing loyalty to their leader and possibly outlining a legislative and administrative policy which Mr. Pattullo will be expected to carry out, if he secures a majority after the next election.

Conservatives will between now and spring try to mend their shattered fences and bring forward a policy that they expect will win the approval of the electorate. Possibly the union proposal may also be developed during that time. In any event the party has nothing to lose and as mentioned before, there is a possibility of something happening which would add to their prestige, although the sceptics say they do not see how such could be, with the present administrators in control.

TRADING IS VERY LIGHT

Issues Cracked From One-Half to a Point and a Half on New York Exchange Yesterday

NEW YORK, Sept. 20.—Yesterday was one of the quietest trading days in months on the New York Stock Exchange. Led by Steel Preferred, all issues broke late in the day with losses of from one-half to a point and a half. During the day 1,265,585 shares changed hands.

Hoped That Commander of Pacific Division May Not Have to Undergo Operation

SAN DIEGO, Sept. 20.—Hope was expressed here yesterday that Vice-Admiral Joe F. Pringle, commander-in-chief of the Pacific Division of the United States Battle Fleet, who was taken seriously ill last week while on a cruise up the North Pacific Coast, may be able to recover without undergoing an operation. Pringle was rushed here by the flagship last week and is now in naval hospital.

The Letter Box

UNIVERSITIES OF CANADA

Editor, Daily News:—The universities have received a lot of publicity recently for various reasons other than education. Therefore, the following statistics might be of interest:

Most of us fail to realize the extent of Canada's material investment in facilities for higher education.

There are twenty-three universities in the Dominion with assets, including endowments, lands, buildings and equipment, valued at \$107,300,000. Quebec universities lead in total assets of \$41,000,000, while Ontario has \$33,000,000. McGill leads all Canadian seats of learning, with assets amounting to \$30,000,000 as compared with \$15,000,000 for Toronto University—a difference which helps to explain the provincial totals already given.

More surprise will be felt at the number of students enrolled—Quebec, 15,700 students; Ontario, 14,157, and, of the less-populated provinces, Saskatchewan, 3,211 students.

The major universities furnish some interesting comparisons on student per capita cost. Toronto University last year spent \$2,800,000 on 9,267 students and employed a full time teaching staff of 712. During the same year, McGill, with 4,436 students and a full time teaching staff of 237, spent \$2,308,000, and the University of Montreal (with a large number of affiliated colleges) spent only \$353,600 on 10,776 students, with a teaching staff of 651.

The total enrolment of 72,152 students, one-third of whom were women, in Canadian universities and colleges indicates that the desire for knowledge is still a powerful lure. The fact that 2,300 of them were from other countries, including 1,556 from the United States, is a fair testimony to the excellence of the standards established.

But the fact that the services of 6,226 men and women teachers was required to instruct this small army—or about one instructor to twelve students, is bound to raise problems in proportion in the minds of the economically inclined.

CUBS NEAR TO PENNANT

Open Crucial Series With Pittsburgh Pirates Today and Have To Win But One Game

CHICAGO, Sept. 20.—The Chicago Cubs have but to win one game of a series of four with the Pittsburgh Pirates which opens at Wrigley Field here today in order to clinch the National League pennant for 1932 and the right to meet the New York Yankees, American League pennant winners, in the World Series on Wednesday of next week. The Cubs will wind up the season with a series against the lowly Cincinnati Reds so are virtually assured of the flag.

In one of two National League games played yesterday, the New York Giants were defeated by the Boston Braves and dropped into a tie with the world champion St. Louis Cardinals for sixth place.

Yesterday's Big League scores were as follows:

American League Philadelphia, 9; Chicago, 6. Boston, 5; Detroit, 4.

National League Boston, 6; New York, 3. Brooklyn, 3; Philadelphia, 5.

SOFTBALL STARTED

Moxley's Team Beats Obata's By Score of 10-6

The fall schedule of the Softball League at the High School opened yesterday with a game between the teams captained by Moxley and Obata, the former winning 10 to 6.

Owing to the great number of prelims in the High School this year six teams were formed with Moxley, Obata, Morgan, W. Tobey, C. Smith and Hanson as captains. The teams are well balanced so that keen competition is expected before the snow begins to fall.

The next game will be played today between Morgan's and Tobey's teams at 4:15 if weather permits.

Although the score of yesterday's game was large, the play was close and it was anybody's game until the last man was out. Moxley then found that he was holding the long end of the 10-6 score.

Moxley's team did not start off well and four men of Obata's team crossed the plate before any scoring was done by Moxley. After the third inning Moxley's team went on a hitting spree and collected altogether ten runs while Obata's team got only two.

The teams: D. Morrison, B. Cameron, J. Greer, B. Moxley (capt.), G. Blake, J. Morrison, B. Peachy, L. Crompt, B. Shrubbsall, H. Worstfold.

A. Davis, R. Emmelman, K. Nakamoto, O. Fulton, B. Tobey, K. Hirano, R. Fulton, I. Murray, N. McLeod, R. Obata (capt.).

The game was umpired ably by Olof Hanson and Ronnie Allen. E. Santurbane was scorer.

NEWARK WINNER

To Meet Minneapolis in Little World Series Opening on September 26

BALTIMORE, Md., Sept. 20.—The International League baseball schedule came to a close yesterday when Newark Bears defeated the Baltimore Orioles to win the pennant with the largest average recorded by any club in five years. The Bears won 109 games and lost 59.

The Little World Series will open on September 26 with Newark meeting Minneapolis, winner of the American Association pennant for 1932.

BILL STONE TAKES GYM

Monthly Cards to Be Staged—Windle and Gurvich in First Main Event

In answer to the many enquiries, W. F. Stone announced this morning that he had taken over the management of the gymnasium at the Empress Social Club and intends to stage monthly boxing bouts, starting October 13. On the first card Bennie Windle will meet Nina Gurvich in a six-round main event in addition to five other good preliminary bouts.

"I still have sufficient faith in the sporting fans of this city and believe that they will support the fighting game if they are given good cards at the right prices," says Mr. Stone. "I am not asking for charity or sympathy as I intend to give you your money's worth and more."

The Empress Arena has a seating capacity of 308 seats, 278 of which are rush seats which will sell for fifty cents. The balance of thirty seats will be ring-side and reserved at \$1.00.

There is a modern and complete gymnasium and also instruction from capable and efficient boxers and trainers. If there is any one interested in the fighting game, the instructors will be only too pleased to assist them.

"Theoretically, death may be postponed indefinitely," says a scientist. That sounds like some of those tire advertisements.

SPORT CHAT

The "boy wonders" are returning home. To a round of feasts and celebrations, many unsuccessful contestants in the Canadian National Exhibition's 15-mile marathon swim, at Toronto, are going back whence they came. And the hometowns are giving them all a great welcome. It's one of the features of Canada's greatest nautical spectacle, this return of Jones of Podunk or Sam Smith of Birds-Eye Centre. Each year, Tim, or Sam, or Joe, or Tom makes his appearance in the marathon. Just as regularly, he swims for hours and gets practically nowhere, so far as the prize money is concerned. Meanwhile anxious supporters back in the old home town follow his progress with tremendous interest.

On the day of the big swim, news associations are swamped with requests from the home town newspapers. "Please rush standing Jim Jones in marathon," "appreciate special coverage Sam Smith," please flash final standing Tom Brown," that is how the messages run.

On the waterfront, reporters receive these messages. Fast boats slide around the various legs of the course, and field glasses sweep the distances, looking for Jim, Tom, Sam or Joe. In 90 percent of the cases, the lost ones are still plugging along, hoping against hope the leaders will be removed from the water, thus giving them a chance to finish in the money.

But the hometown laddie has little chance. Although nearly 200 entered this year's swim, not more than 50 were conceded a real chance to finish: among the first six. The better-trained, more experienced swimmers have the marathon fairly well sewed up. When it is all over, the hometown boy returns. In most cases he is given practically a civic reception. Often his supporters provide him with a consolation prize to make up for the time lost and his gallant effort. And Jim, Tom, Joe or Sam have something to talk about until the next year's swim rolls along.

Archie Thompson will sail by Princes Louise tomorrow afternoon to resume his studies at the University of British Columbia after having spent the summer vacation here with his parents, Mr. and Mrs. James H. Thompson.

Miss Jessie Marie De Both makes her delicious Apple Dumplings with Magic Baking Powder

When a young housewife asks me what baking powder she should use, I say "Magic Baking Powder." Miss De Both, director of the famous De Both Home Makers' Cooking Schools, gives me this advice: Use the best—that is pure, uniform and invariably dependable. You can't use second-rate baking powder and expect first-rate results. My experience with Magic has been particularly happy. I find that it never varies—that it is consistently reliable. And I know it is pure, and free from harmful ingredients. Statements by other well-known dietary authorities give wholehearted support to Miss De Both's statement. In fact, the majority of dietitians and dietary teachers throughout Canada recommend Magic exclusively.

Apple Dumplings.
 1 quart flour 1 1/2 cups milk
 2 teaspoons Magic Baking Powder Sugar
 1/2 teaspoon salt Apples
 2 tablespoons butter Cinnamon

Sift into a bowl flour, baking powder and salt. Rub in the butter. Add cold milk to make soft dough. Turn out on to a floured board and roll into a sheet. Cut in squares. Peel and core the apples. Place an apple on each square of dough. Fill the core with a small piece of butter, sugar and a little cinnamon. Fold the dough over, taking care that there are no openings, as the steam inside dumpling cooks the apple while dough is baking. Brush dumplings with a little cream, and place in greased pans. Bake in moderate oven at 400° F. about 40 minutes. Serve with cream or hard sauce.

The BEST way to stop CONSTIPATION

Nothing like Fruit-a-tives
 "I was a very bad way with constipation. My stomach was off-colour and I kept having headaches. I tried everything but I had no success. I had severe pain in my joints and muscles. The general effect was very depressing. Indeed, I felt so wretched that I was about to give up work. George Harris, manager of the B.C. Packers cannery at Mill Bay on the Naas River, which has completed the season's packing operations, was a passenger aboard the Catala today going through to Vancouver where he will spend the winter.

Mr. and Mrs. J. P. Scarlett and family, who arrived a few days ago from Stewart, left on yesterday's train for Prince George whence they will proceed to Barkerville to which point Mr. Scarlett has been transferred as government agent. Mr. Scarlett's successor at Stewart is H. W. Dodd, who recently arrived from Telegraph Creek.

Mr. and Mrs. Geo. McColl of Cassidy, Vancouver Island, were passengers aboard the Catala today returning south after a visit to Port Simpson where Mr. McColl has been negotiating with R. Boyd Young for the purchase of his business. Mr. McColl was in the grocery business in Prince Rupert years ago and was later at Anyox and Cassidy, having been in charge of the Granby store at the latter point for many years.

HEADACHE

Here's Quick Relief

A lot of things can cause a headache or other pain, but there is one thing that will always give you relief! Just take a tablet or two of Aspirin. Your suffering ceases. Relief comes instantly, regardless of what may have been making your head throb with pain. Aspirin is harmless—cannot depress the heart. So there's no use waiting for a headache to "wear off." It is useless to endure pain of any kind when you can get Aspirin. It is a blessing to women who suffer regular systemic pain; to men who must work on, in spite of eye-strain, fatigue or neuralgia.

SEQUEL TO BURGLARY

Mrs. Svea Thompson Appears in Police Court Charged With Having Stolen Dress

As a sequel to the breaking and entering of Jabours Limited store on the night of May 15, 1931, when entry was made by a skylight and the dial sawn off the safe as well as a quantity of goods taken, Mrs. Svea Thompson appeared before Magistrate McClymont in city police court this morning on a charge of having stolen goods in her possession. The goods referred to is a dress which is alleged to have been one of those taken at the time the store was burglarized.

After the charge was read, the case was adjourned for eight days. City Solicitor E. F. Jones appeared as prosecutor while W. O. Fulton acted as counsel for accused.

Placer Group on Hixon Creek Attracting Attention
—Developments in Germanson Creek Country
—Bob Creek Attracts Attention

With the assistance of a crew of students from the University of Manitoba, Al Nani, Hawaiian geologist, is engaged at present in the development of some rich placer leases on Hixon Creek in the Cariboo district south of Fort George. The Hawaiian, who is very enthusiastic about the possibilities of gold production in that district, is also a third owner in the old Hixon Creek lode location in which

Rapid developments are now taking place in connection with the R. C. McCorkell mining properties in the Germanson Lake country. Water is running along eight miles of flume and splendid work is being accomplished.

Bob Creek, which enters Buck River some nine miles from its confluence with the Bulkley River, is again coming to the fore as a gold producer. For years the creek has been worked in a desultory manner, at times producing a considerable amount of fine gold, but never in paying quantities, the supposition being that the run of gold had eroded from the gold-bearing porphyry of the upper canyon. Near the mouth of the creek Jim Macdonald has located a small pay streak of fairly coarse gold, turned the creek with a small wing dam and has his sluice boxes in readiness to clean up a winter's grubstake. Further up the creek Mike Fenton, George Smith and Charlie Kelly have given their attention to the porphyry dikes and, by a considerable amount of work, have proven that the gold is not only in the decomposed matter but also in the solid rock. They plan on interesting sufficient capital to instal a small stamp mill to feed which they have an enormous tonnage in sight. The property is easily accessible by motor car and it was visited last week by Douglas Lay and also by R. W. Wilson and Alex Chisholm.

BACK FROM KETCHIKAN

Ten Local Rotarians Had Enjoyable Trip to "First City" of Alaska

Ten local Rotarians returned to town at 1:15 this morning aboard the Pacific Salvage Co.'s service boat Salvage Princess from Ketchikan where they paid a fraternal visit to the club at that point. The trip was a highly enjoyable one and the Ketchikan Rotarians extended themselves in entertaining their visitors. The feature of the entertainment program at the "First City" was a luncheon yesterday for which a special program of speeches and music had been arranged. During the day a visit was paid to the Ketchikan radio broadcasting station where most of the local men were given the opportunity of speaking over the air. Points of interest in Ketchikan were also shown to the visitors.

Leaving here at noon Sunday, the Salvage Princess was at Ketchikan at 10:15 that night. On the return trip, the party left Ketchikan at 3 o'clock yesterday afternoon, arriving here at 1:15 this morning.

Members of the local club making the trip were G. A. Woodland, president; Capt. W. P. Armour, G. H. Munro, Col. J. W. Nicholls, G. A. Bryant, S. C. Thomson, John Dybhavn, G. E. Gulick, W. L. Coates and W. M. Blackstock.

Support Farmers of Central B. C.

The farmers and gardeners of Central British Columbia are making an effort to supply the Prince Rupert market with vegetables, fruit, potatoes, poultry and eggs and other products of the district.

Prince Rupert people are asked to encourage this movement by asking for Central British Columbia products whenever practicable. Co-operation in this matter encourages merchants who buy from farmers and if the farmers are prosperous it will be an encouragement for others to take up land and thus add to the buying power of the whole northern and central part of the province.

Householders can help by keeping this in mind

and asking merchants for Central B. C. products whenever possible.
