TRADE WITH FARMERS OF THE INTERIOR IS BEING INITIATED IN THIS CITY

Delay of Drydock Settlement Owing to Faulty Wording of Order in Council, says Hodges

VANCOUVER, June 30.—W. E. Hodges, receiver for the Prince Rupert Dry Dock and Engineering Co., interviewed on his return from Ottawa, says that the creditors of the dry dock company, who expected early dividends would be paid on the strength of the order-in-council recently passed, may be subjected to delays and it may be some time before the payments are made. Mr. Hodges explains that the delay will be due to the unsatisfactory wording of the order-in-council which clearly says "in order to stop litigation it is advisable to pay creditors who supplied goods on accounts, which went into the construction of the ships, fifty cents on the dollar." At the same time the Government admits no liability to the creditors, payment being made gratuitously. The words: "which went into the construction of the ships," says Mr. Hodges, will preclude a certain class of creditors, for instance the Prince Rupert butcher who supplied \$8,000 worth of beef. As his merchandise did not go into the actual construction he will not receive a dividend under the present wording of the order.

Milk Business with Smithers Opened Up in Prince Rupert

An order has been placed with a group of farmers at Smithers by P. Burns & Co. for regular shipments of cream and milk to be delivered in this city three times a week. Recently a communication was received by the local firm from L. McGill, representing the farmers, asking if there was a market here for this product. Richard Moore, the local manager, at once got in touch with local customers and arranged for 50 gallons of milk and 50 gallons of cream to be delivered here as a starter. Mr. Moore offered the services of his company free of charge in order to co-operate with the farmers and try to open up a new line of business with this city. This is the first effort, so far as is known to supply milk and cream here from the interior.

MEIGHEN WILL GO TO BATTLEFIELDS

VICTORIA, June 29.—"It will cost the soldiers and other clubs a lot of money before they are through with it if, after being caught, they think they can safely continue to sell beer during the time their cases are before the court of appeal," said Attorney General J. W. deB. Farris yesterday. He stated that if the clubs continued to sell beer they would be subject to being apprehended, haled into court and fined every time they did it.

VALERA WILL NOT CONFER IN LONDON

LONDON, June 30.—Eamonn de Valera has declined the invitation of Premier Lloyd George to meet in conference in London with a view to settling the differences in Ireland. HEIRESS OF "BET A MILLION" GATES.

Some idea of the extent of the estate which, after she becomes of age, will be at the disposal of Miss Debra F. Angell of Lake Forest, Ill., niece of the late Mrs. John W. Gates and by marriage of the late John W. ("Bet a Million") Gates as well, is conveyed in papers on file before the Supreme Court in New York city. In the papers it is set forth that Miss Angell, whose engagement to C. Wilson Campbell, oil promoter of Los Angeles, Cal., was recently announced, is not yet nineteen years of age, but was eighteen years old on December 23 last. Also that, although she is a minor in New York State, where the bulk of her property is located, she is of age under the laws of Illinois.

Pullen Tells Rotarians That Co-Operation with Interior Necessary for City Business

If Prince Rupert is to do business with the interior country she must get to know the people and co-operate with them. Business is a matter of co-operation. The business that does not benefit both buyer and seller is immoral. We cannot live to ourselves and do it successfully. We want the people of the interior to come here to do business, so we must sometimes be willing to go there and take an interest in their problems and difficulties. That was the burden of the address given this afternoon to the Rotary Club by H. F. Pullen, who has just returned from visiting the interior and southern points.

Mr. Nattress expects, if the size of the shipments for the East warrant it, that several express refrigerator cars may be commissioned in the business. It will, however not affect the supply of cars locally to any extent. The Terrace shipments to the East will likely amount to 5000 crates which, at 1000 crates per car, will require five refrigerator cars. From Remo, it is expected, there will be between 1000 and 2000 crates removed. The Vancouver crop this season will be very light and possibly there will not be a carload.

PIONEER CLOTHIER ADOPTS CASH SYSTEM

The announcement made in another column by Martin O'Reilly of the adoption of a cash system of business is indicative of the trend of business affairs at the present time. This system is becoming more general all over the world in these days. Manufacturers are curtailing their credit terms and it is realized that by eliminating bad debts, it is thus possible for the merchant to sell for less. The cash buyer is the gainer as well as the merchant. By doing this, Martin O'Reilly hopes to be able to bring the price of clothing down to the level of pre-war days.

KETCHIKAN BOUT IS ATTRACTING SOME ATTENTION

KETCHIKAN, June 30.—The coming championship bout between McIntosh and Madden at Ketchikan on July 2 is being commented on by sporting writers in Pacific Coast papers.

The Seattle Star has a long article and the past performances of these two fast boys is being looked into with interest by the various sport writers.

Madden arrived in Ketchikan last week to establish training quarters and McIntosh has been at work for some time.

These boys fought a draw in Seattle and both are confident of winning in Ketchikan.

LOCAL BETTING GIVES ODDS TO DEMPSEY

Local betting on the big fight between Carpentier and Dempsey on Saturday seems to be in favor of the champion. Although there is a good deal of even money being placed, any odds that are being offered are on Dempsey.

A local cigar store has \$400 to offer at 10 to 7 on Dempsey. This seems to represent the feeling as far as local fans are concerned, although some 2 to 1 wagers have been laid.

Despite the fact that odds are against him, Carpentier is the general favorite and most people would like to see him carry the title if for no other than sentimental reasons.

Many fans are in the position of wanting to see Carpentier win, but are not willing to play their money on his chances.

LOCAL TENNIS PLAYERS TOURNAMENT AT ANYOX

Mrs. Hooper also went along, accompanying her husband.

Sport Chat

Jack Dempsey, world's heavy-weight boxing champion, and Georges Carpentier, French contender for the title will meet on Saturday afternoon in Tex Rickard's giant arena at Jersey City in a bout that never before has been equalled in world wide interest.

The greatest publicity campaign that ever was carried for a single sporting event has characterized this battle. Due to the international feature of it, interest has been keyed up to a pitch that never before attended such an event.

The names of Dempsey, Carpentier and Rickard, in the past few months, have practically become household words and when the great fighters enter the ring on Saturday the attention of the sporting world from South Africa to the Yukon will be riveted on them.

Both fighters have completed training and during the next forty-eight hours will but mark time. Trainers have finished their duties and all is in readiness. As the last few hours pass speculation becomes more tense, the supporters of either man appearing to bear a great degree of confidence.

However, the Dempsey supporters seem to be the surer. As far as the general public is concerned both Dempsey and Carpentier at the present time are more or less unknown quantities.

There is no doubt that they are two best heavy-weights in the world at the present time but how they are going to stack up against each other seems uncertain. Neither have met the same contestants for Dempsey has confined his rather rare public activities of the past few years to America while Carpentier has met only Europeans.

The only two battles that can be taken as in any measure indicating their abilities are Dempsey's with Brennan and Carpentier's with Beckett, but as both Beckett and Brennan were second raters one can judge little. True it is that Carpentier had little difficulty with Beckett while Dempsey did not make such a good showing with Brennan.

But Dempsey never fought Beckett and Carpentier never met Brennan so they cannot be compared that way. All that the general public seems to know is that Dempsey is a terrible mauler and has a great deal of elemental strength. On the other hand, Carpentier is the cleverer of the two and is a more skilful boxer.

In many respects the battle will be one of brawn against brain. If strength would win the fight there would be but one winner, Dempsey; if cunning and headwork were the requisite victory would certainly be Carpentier's.

It is not the general opinion that the battle will go the full scheduled time. Each fighter is going to watch for the opportunity from the minute he enters the ring and, when an opening is offered, he it even in the first minute of the first round, if it is going to be taken advantage of.

Neither Dempsey nor Carpentier are going to play to the spectators or to the moving pictures. Each will be out to win and that at the earliest possible moment. The fight will possibly be over before the sixth round and certainly will unless a great deal of defensive is employed on either side.

ANNUAL MEETING OF BUILDING CLUB

Prince Rupert Housing, Limited, Issued 23 Loans and Paid interest.

The annual meeting of the Prince Rupert Housing, Limited, was held on Tuesday evening, G. H. Orme, president, being in the chair.

A very satisfactory report of the business transacted during the year was presented by the secretary, G. W. Nickerson. The company was formed a little over two years ago with the object of providing a safe and paying investment for capital, at the same time directly benefitting all lines of business in the city by providing people, especially young married couples, with the opportunity of owning their own homes through the obtaining of building loans, which are repayable monthly.

The basis of the scheme is identical with that of the Soldiers' Settlement arrangement. With a working capital of only \$19,000, the company has issued 23 loans so far, four of which are fully paid up and the remaining 19 active, and in good standing. It was hoped at the time of the formation of the company that at least \$50,000 would have been subscribed, but on account of the fact that many of those promising to invest failed to do so and for various other reasons the amount of capital required to really cope with the demand for building loans has not been available. Last year the company paid a dividend of 7 per cent.

At the present time a large number of first class applicants, under the scheme, are awaiting an opportunity to build their own homes. The popularity of this method of obtaining a home, is evidenced by the fact of the

Failure to make improvements, or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvement and residence maintained on Crown grant land.

Unsurveyed areas, not exceeding 30 acres, may be leased as homestead, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 40 acres may be leased by one person or company.

MANITOBA TO RAISE REQUIREMENTS FOR TEACHERS' TRAINING

WINNIPEG, June 30.—Insisting on higher qualifications for public school teachers, a movement has been launched to raise the standard of education in Manitoba. There is no longer a shortage of teachers in the province, and it is now believed that the time is opportune to raise the standard. The proposition is to make the qualification higher and to increase the period of normal training.

Dr. Thornton, minister of education, was recently waited upon by a delegation from the Teachers' Federation regarding the extension of professional training for teachers. The teachers claim that the grade 12 academic training should be extended. Grade 11 is the present standard for Manitoba teachers, and normal training now consists of nine months. Dr. Thornton promised to give the request consideration.

VANCOUVER, June 30.—According to A. B. Buckworth, superintendent of the railway, crops along the Pacific Great Eastern Railway "never looked better." There were 24,000 assessed acres of fine agricultural land in the Pemberton district alone and at Pemberton he states he saw timothy waist high.

HOW FEELING ON FIGHT IS IN THE EAST

Dempsey Ruled Favorite by Experts - Frenchmen's Supporters Are Confident.

NEW YORK, June 30.—Jack Dempsey is ruled the favorite with 165 sportsmen out of 225 interviewed today as to the probable outcome of Saturday's match with Georges Carpentier. Fifty-eight predicted the French challenger would win while a few expected that the battle would go about even. The opinion is that if the bout goes five rounds, Carpentier will outbox the champion for the rest of the contest.

Wants Decision.
ATLANTIC CITY, June 30.—Dempsey wants the contest on Saturday to end decisively with either himself or Carpentier stretched on the flooring if possible before twelve pounds are fought so as to leave no room for argument. The champion completed training yesterday and will tomorrow leave for Jersey City where he will remain in seclusion for the rest of the time until he enters the arena.

Deschamps Confident.
MANHASSETT, June 30.—All members of Carpentier's training camp are confident that the Frenchman will be victorious in the battle with Dempsey on Saturday. They have expressed themselves to that effect and Manager Deschamps says, "Georges has never fooled me yet."

IRISH POLICE WILL HAVE BIG INCREASE
