stroyed completely cutting off Vancouver and the lower coast  
from railroad connection with the rest of the province,  
the damage amounting to several millions of dollars has been  
as a result of floods in this vicinity since Thursday.

Friday evening the greater part of the town of Britannia  
in Howe Sound was wiped out by floods and the Fraser

James Hunter went to the police yesterday and it had been decided to send out a search party today if the missing hunters had not returned last night. They tell of having made three unsuccessful attempts to return home during the week each time having to turn back. The trip was made in the Flora F., and there were a number of deer fell to their guns.

There was a banquet held in the St. Regis dining room on Saturday evening in honor of the members of the Great War Veterans' band. Twenty-nine were present and the affair proved highly enjoyable being quite informal. W. E. Denning, president of the Great War Veterans' Association, presided and among the guests present were: Col. G. W. Peck, V.C., M.P., George H. Munro, S. M. Newton, J. Mitchell, Ald. Kelly, Ald. Silversides, J. M. Campbell, T. Collart and the members of the band.

## Railway Situation

## Needs Redress.

The railway situation in Northern British Columbia needs redress and the only way we can get it is to elect a member who has no connection with the misfit government now in power. Everyone in the Skeena electoral district must be fully aware of the manner in which the railway affairs have been conducted. They know that everything has been done to kill business with this city and to turn it in the direction of Vancouver, and yet in spite of that there is more business done on this "branch line" than there is on the main line to Vancouver.

What we want is for this section of the railhead to be again changed into the main line and properly advertised as such. We want the people of the East properly educated as to where Prince Rupert is and what the port means in the system. We want the railway company to take a lively interest in the railway and in our affairs so that the business of the section and particularly of this port may be developed.

Independence<sup>a</sup>  
a Camouflage.

To get all this we must have a change of government and a supporter of Mackenzie King in this constituency. It is vital to this port and to the northern interior of this province that a government sympathetic to the railway be elected and that the member for this district be one who is sympathetic toward the Liberal leader. Colonel Peck, although he claims to be a Liberal, has never shown any tendency to work with Mackenzie King and other Liberals in the House of Commons. He voted consistently against the Liberals. He is brought out by the Tories of this place and is supported by them, although for the sake of appearances many of them are keeping themselves in the background.

The electors of Skeena riding are not deceived by the attempt to camouflage the issue. They know that Colonel Peck has been consistently a Conservative insofar as his record in the House of Commons is concerned. They know that he would have been given a senatorship had it not been that the Conservatives here said he was the only man who had a chance of winning the seat for them. This coming out as an independent is not deceiving most of the people. While the politicians think they are easy and can be flimflammed by any election cry, people are thinking for themselves, and reports received from different parts of the constituency indicate that they are going to vote for Stork on December 6.

There is plenty of time to think about the issue and to hear the candidates speak. They are both estimable men. No one can take exception to either. What we do take exception to is the political record of our late member, who voted consistently one way and now says he thinks another. To send such a man to Parliament is to put ourselves back in the same old place we have been so long.

Slap in Face,  
Then Ask Favors.

How can we ask Mackenzie King to help us clear up the railway situation if we elect a man to Parliament in opposition to the candidate who is pledged to support him? We first slap him in the face and then ask his aid. Such is the position in which we shall be placed if we do not elect Fred Stork to Parliament in December next. The thing to do is to line up behind him with all possible strength.

Sympathetic Tories  
of Eastern Canada.

Speaking at New Glasgow, Nova Scotia, Hon. J. M. B. Baxter, one of the Tory ring of the East, declared that he had travelled from Quebec to Prince Rupert on the National Transcontinental Railway and the most lively thing he saw was an Indian graveyard.

That is the sort of sympathy Prince Rupert gets from the crowd with which Colonel Peck has been associated and to whom he has given complete and whole-hearted support up to the time of declaring himself in the field for the suffrages of the Skeena electors as an independent.

If the railway is dead, the electors should ask who killed it?

WHARF BUILDING  
THIS DISTRICT

Sandspit Finished on Friday—  
Materials Arrive for Alice  
Arm.

The building of the new Dominion wharf at Sandspit, southern Queen Charlotte Islands, was completed last Friday by Macdonald, Watson & Withers, Victoria contractors. The skid pile driver and donkey engine which was used on the work will be taken south on the next steamer that can handle it. The work has taken about a month and Major Leslie has been inspector for the government while Abraham Watson has been the superintendent for the builders. The job consisted of building the wharf and the approach which is opposite Pallant's barn. The most of the piles used were creosoted, J. B. Lambert, district engineer, left on the Prince John on Saturday night to make a final inspection of the work. He will go on to Vancouver on the same vessel and, returning north, will examine the old wharf at Bella Bella Indian village, which the department plans on rebuilding.

## Alice Arm Wharf.

The creosoted material for the new wharf at Alice Arm which is being built by W. T. Muse, Prince Rupert contractor, arrived there by the Union steamer Chilliwack on Saturday. This includes the lumber and piles. Up to date the work here has consisted of drilling and blasting for the footings. The Prince Rupert divers has been engaged in this work.

Other work at Alice Arm includes the repairing of the float at Silver City across from Alice Arm.

The Kineolit wharf, also built by Contractor Muse, has been completed.

Tenders are being called by the department for an extension to the shed of the Stewart and for repairs to the Massett and Port Clements wharves.

Preparations Made to Commence  
Early and to Serve Supper  
Earlier Than Usual.

The Hallowe'en ball tonight in aid of the Hospital promises to be the great social event of the season. Everybody that dances will be there, and a good many who do not dance will go to see the crowd. It is the one event of the season which no one can afford to miss.

Mrs. Darton, president of the Ladies' Auxiliary, who has charge of the arrangements aided by the committee, announced this morning that the regular dance program will commence early and that a three piece orchestra will provide the music until the Westholme orchestra arrives.

Supper tickets will be given out in the order of arrival and those coming late will be late at supper. It is hoped to complete the first half of the program by about 11:30, when the first sitting of supper will take place. That will enable the supper to be finished in reasonable time.

Canada has a momentous decision to make.

In no previous election has there been a more vital, clean-cut issue affecting the future of every individual Canadian and indeed the future of the Country.

The people are asked to decide between Reasonable Protection and Free Trade, between continued Prosperity and economic Ruin.

Everyone should look the facts squarely in the face—free from partisan bias or class prejudice—for as YOU vote so must YOU accept the consequences of your vote.

On the one hand there is the unassailable truth that Canada has enjoyed PROSPERITY during the past half century, due entirely to its policy of upholding a reasonable protective tariff, and to the diligence and industry of its people.

In view of present world-wide conditions of Uncertainty, Unrest, and Unemployment—the inevitable aftermath of War—Protection is needed today more than ever before. In fact, Protection, coupled with unflinching courage by the People and a strong, stable Government is the only hope Canada has of emerging from the crisis with its strength and economic liberty unimpaired.

Under Free Trade the Canadian dollar would depreciate still more, Canadian industries would be driven to the United States, thousands of Canadian men and women would be deprived of their employment, and the Canadian farmer would lose his home market.

At this critical time Canada should vote for a leader who knows where he is going and why.

### Appetite Good, Gained 20 lbs.

Could Not Feel Better

From a nervous wreck this man was restored to health, strength and happiness.

He tells his own story in this letter.

Mr. Ralph A. Roberts, Loverne, Sask., writes:

"In 1917 I had lost all appetite, failed 25 pounds in weight, became very nervous and shay and in fact given up all hope of recovery. For some time I had suffered from constipation, which kept getting worse, until I was fast becoming a total wreck. Doctors and their drugs were sending me to my grave at the age of 39.

"Then I read about people being restored by Dr. Chase's Medicines and after three months use of Dr. Chase's Nerve Food and Kidney-Liver Pills I found that my bowels were restored to normal movement each day and the constipation was no more. I had a good appetite, had gained 20 pounds and could not feel better. I shall always be grateful for these benefits."

# STORK VISITS MINING CAMPS

Holds Successful Meetings at Alice Arm and Anyox and Gone to Interior.

Fred Stork, Liberal candidate for this constituency and F. G. Congdon of Vancouver paid a flying trip to Anyox and Alice Arm at the week end and held two meetings. It was midnight Friday when they arrived at Anyox and arrangements were made for a meeting there Saturday evening.

Proceeding to Alice Arm a meeting was held in the afternoon from 2 to 4 in the Alice Arm hotel and it was splendidly attended and very sympathetic. Mr. Stork outlined his policy and Mr. Congdon also spoke on a number of matters.

Returning to Anyox a meeting was held in the evening. There had been six inches of snow followed by a deluge of driving rain, yet in spite of that there was a good meeting and the candidate was enabled to show they why they should endorse a Liberal rather than an independent.

Mr. Stork and Mr. Congdon arrived in the city last night and left again this morning for the interior. They will hold meetings and visit various points.

### PECK NOT THE MAN.

Editor Daily News:

On account of his limited abilities as a speaker and logician Colonel Peck is unsuited for parliamentary work. As a rule a person approaches a subject like this with keen reluctance, but why should that be so? You don't employ a bricklayer who can't lay brick or a pipefitter who is unable to fit pipes, so why should you choose a man to represent you in Parliament who lacks the necessary qualifications.

During his term Colonel Peck introduced a bill for the establishment of returned men in the fisheries business. According to his statement he believed this a just and necessary measure and yet the Colonels withdrew the bill when opposition raised its head. To move a measure is only a preliminary, but to fight for same in the face of opposition tests a man's metal and determines his ability.

### No Support for Soldier.

While the war was on the men in the G. E. F. was paid \$1.10 per day, while those who stayed at home received from \$5.00 to \$10.00 per day for their services. Later on when the war clouds had cleared away the members of the G.W.V.A. decided to ask Parliament for an additional dollar a day for the time they had spent overseas. This matter was brought to the attention of parliament and pressed time after time. But did you ever hear of Colonel Peck, the representative of the returned men of Canada, as he styles himself, lifting up his voice in favor of this measure in or out of parliament. As an excuse for not considering this Bill the Government said that they were financially embarrassed. They were not so badly embarrassed, however, but that they could invest millions in a defunct railway and spend other millions in managing or mismanaging same.

## PORT CLEMENTS IS STRONG FOR FRED STORK

**PORT CLEMENTS**, Oct. 31.—Port Clements and Masset Inlet generally, will give a good majority for Fred Stork at the election. Colonel Peck was here last week and held a meeting and was given a good hearing. The audience was not convinced, however, that he would make the best representative for the district. Most of them will vote for Stork. After the meeting the comments of the crowd made it clear how they felt.

## "PEACEFUL VALLEY" IS FAMOUS STAGE PLAY

**Film Version Will Be Shown Tonight at Westholme Theatre.**

"Peaceful Valley," the well known Sol Smith Russell success, which has a record of 5,207 stage performances, has at last been transferred to the screen, with Charles Ray, the popular cinema star, playing the leading role in his favorite part of a "hick."

The production, which was adapted by Isabel Johnston from the stage play by Edward E. Kidder, will be the attraction at the Westholme Theatre tonight. Jerome Storm directed the production of "Peaceful Valley" and prominent in the cast supporting Charles Ray are Harry Myers, Lincoln Stedman, Walter Perkins, William Courtright, Vincent C. Hamilton, Jesse Herring, Ann May, Lydia Knott, Charlotte Pierce, Melba Lorraine and Ida Lewis.

"Peaceful Valley" was for years one of the most popular footlight attractions in America. Sol Smith Russell, playing the leading role, registered his greatest success in it. As a vehicle for Charles Ray, it is declared to be especially suitable and in it the young star is said to have done some of the greatest work of his screen career.

Ann May, the charming little motion picture actress, who has been Charles Ray's leading woman in many other pictures, has the chief feminine role in "Peaceful Valley."

C. G. MINNS, Manager.**IS TO INSPECT WORK ON SILVERADO MINE VIEW TO WINTER WORK**

H. D. Cameron who is in the north representing the Goughlan interests has gone north to Stewart to inspect the progress being made on the tramline and other development work at the Silverado mine. He says the bunk houses are all completed and the towers for the tram line are in and they are hoping to get the tram complete before the heavy snows make progress impossible. That will enable them to work all winter at the mine.

The Central Labor Council has given up the holding of regular weekly Saturday night dances. It was found that the small attendances did not justify them.
