Great Coal Strike Is On In Britain

FIRST OF LOCAL BUILT STEAMERS TO BE LAUNCHED IN MIDDLE OF MAY

British Coal Miners Are All Out on Strike; Some Mines Flooded, Pumpmen Deserted

LONDON, April 1.—The coal mines of Britain are idle, 400,000 men went on strike at midnight as a protest against reduction of wages. The pump men struck, except in four mines in Yorkshire, one in Northumberland, one in Scotland and one in Wales. Elsewhere the mines are threatened with floods. Coal increased in price two shillings a ton today. Transport workers were tempted to strike in sympathy with the miners, and the employees of various Government departments were ordered to stand by for transport work if necessary. Police factories are forming a special police force to protect plants in an emergency. Other centres have several weeks' stock of coal on hand.

There is a million tons of coal on hand in Great Britain. Export orders. A flood of orders has been sent to Europe and others to the United States.

Pumpmen Return.

LONDON, April 2.—(2 p.m.)—The coal strike looks less serious. The pumpmen have returned to work to protect the mines from flooding. It is believed that the strike will not be long as the union is comparatively low.

Outbreak in Native Quarter at Manila; 3,000 Houses Destroyed

MANILA, April 2.—Fifteen thousand people are homeless here as the result of a fire which destroyed three thousand houses in the native quarter of the city. Two bodies have been found in the ruins. The financial loss is estimated at \$3,000,000.

TEN MEN LEFT HERE THIS MORNING FOR FORT NORMAN WELLS

Ten men left on this morning's train bound for the Fort Norman oil fields via Edmonton and Fort McMurray. They all came from outside points and were strangers in Prince Rupert and only one of them had ever been in the Fort Norman country before. Despite this they are all confident that wealth is in store for them in the Far North. Two of them were armed with certificates of land ownership in the oil belt; one of them for land that had been staked a couple of years ago before the strike was reported and the boom had commenced.

BIRTH

A daughter was born to Mr. and Mrs. Halbert Blackwell, of Seventh Avenue, at the General Hospital yesterday.

P.R. Takes Up Option on Stewart Short Line and Charter to the Interior

The P. R. has taken up an option on the Mackenzie short line from Stewart to Bear River in the news in an article in the Empire just to hand. The news says it is the intention of the line to the Groundhog fields. Some time ago it was announced that the C.P.R. had an option on the road and charter and it is now said the option is closed. If this is true, Stewart is destined to become a big shipping port for the coal from the Groundhog.

GREEKS PURSUED BY CAVALRY OF TURKISH FORCES

PARIS, April 2.—The Greek forces, which were driven out of Esaki Shahr, Asia Minor, by the Turkish counter attacks, is in full retreat. Turkish cavalry is pursuing.

TEN MISSING STEAMER CREW

Lists Carefully Checked Show Seven Passengers and Three of Crew Gone.

SEATTLE, April 2.—Seven passengers and three of the crew of the wrecked steamer Governor are missing after all the lists have been checked. Those missing are all Americans. The search goes on.

RETURN OF CHARLES PROVES A FIASCO

Army of 15,000 Men Cannot Be Found, It is Said.

PARIS, April 2.—The attempted return of Charles to the throne of Hungary is believed to be a failure. The army of 15,000 men which was supposed to be marching on Budapest cannot be found.

CRIME FOR WEEK

Ireland Not Exactly a Desirable Place to Live Yet.

DUBLIN, April 2.—The official bulletin of the total crime statistics for the week in Ireland gives five police killed, fourteen wounded, thirteen soldiers killed and fourteen wounded, nine civilians assassinated in twenty-two ambushes.

TROUBLE AT BELFAST

BELFAST, April 2.—Serious disorders occurred in Londonderry last night. Constable Higgins was shot and killed by assassins. Bombs were thrown and several soldiers wounded.

MURDER AND SUICIDE

SYRACUSE, April 2.—J. Herman Wharton, dean of the business department of Syracuse University, was shot and killed by Holmes Beckwith, a professor. The latter committed suicide.

AID FOR MUNICIPALITIES.

VICTORIA, April 2.—David Whiteside, member for New Westminster, proposes to urge further financial assistance to municipalities before the Legislature prorogues.

Thomas McClymont and J. C. Gavigan were last night elected to membership in the Prince Rupert Board of Trade.

GET LIQUOR MAY FIRST

Deputy Attorney-General is Likely to Be One of Commissioners.

VICTORIA, April 2.—It is announced that the Liquor Act will come into force on May 1. A. M. Johnson, deputy attorney-general, and J. H. Falconer, prohibition commissioner, will probably be the commissioners under the new act. The third commissioner will be a returned soldier.

SEARCH PARTIES ARE LOOKING FOR BODIES OF WRECK VICTIMS

SEATTLE, April 2.—Search parties left here today for the vicinity of the wreck of the steamer Governor in an effort to recover the bodies of the victims of the disaster. The tide of the search still stands. It is believed that all are drowned. Agents of the Bureau of Investigation of the Department of Justice are assisting and it is expected they will make a report on the disaster late today.

ESMONDE DENOUNCES BRITISH OFFICIALS

Irishman at Vancouver Addresses Private Meeting of Irish League.

VANCOUVER, April 2.—Esmonde addressed a private meeting of the Irish League here, urging organization in the cause of Ireland. He condemned the "drunken rascals" and "the murderous gang of the British administration in Ireland." Esmonde agreed not to address public meetings in his passage through Canada and last night's meeting was announced as that of a private club.

DEEPENING COW BAY

Col. Peck Asks for Survey and Wants to Know Attitude of Province.

A letter from Col. Peck stating that he had asked the minister of public works to prepare a survey of Cow Bay with a view to having it deepened was read at the meeting of the Board of Trade last night. Col. Peck also asked that the attitude of the provincial government on such action be ascertained.

CENSUS POSTPONED

Opposition in Ireland Causes Putting Off of Official Count; Bomb Discovered

DUBLIN, April 2.—The May census has been postponed on account of Sinn Fein opposition. A child was found with a bomb in the ruins of Roscarbery barracks which was wrecked yesterday. A policeman noticed that the pin was drawn and threw the bomb into the street where it exploded killing two people and wounding three.

H. M. Dagnott of this city has received word of the death of his niece, Mrs. J. Brown, at Grand Harbor, New Brunswick. Mrs. Brown was here last year on a trip to the north by way of this city.

Launching Canadian Scottish Will Take Place Middle May: Engined and Outfitted Here

FRENCH FIGHTING WITH THE TURKS

LONDON, April 2.—Twenty French soldiers are fighting with the Turks in Asia Minor, the Turkish Nationalist administration at Vancouver Addresses Franco-Turk agreement.

The "Canadian Scottish," the first vessel to be launched by the Wallace Shipyards, Ltd., from the Prince Rupert dry dock will glide down the ways and take the water about May 15 if delivery of materials is made without delay and weather conditions remain favorable at all. This was the announcement made by H. J. F. Turney, superintendent of the yard, to a Daily News representative this morning.

After the launching the ship will be outfitted and engined and the trials will be run in the harbor or at some nearby and convenient point where a measured mile may be set out. The vessel will sail under its steam away from this port and it is understood that the Canadian government would be very gratified if its first cargo could be loaded here.

The announcement of the changing of the name of the first ship from "Canadian Reaper" to "Canadian Scottish" was recently received at the Wallace office here in an official notification from Ottawa. As far as the second boat is concerned its name remains "Canadian Thrasher" for no word of change has been received.

At the present time there are 125 men employed in shipbuilding operations at the Hays Creek plant.

LEAVE FOR EUROPE

Among the passengers sailing for Europe recently on board the Imperator were Mr. and Mrs. George Sloane, who were recently married in Detroit at the home of the bride's sister, Mrs. William J. Gray. Mrs. Sloane was Miss Elizabeth Dodge, daughter of the late John F. Dodge, automobile manufacturer of Detroit. Mr. Sloane is a son of Mrs. Stanley T. Cozzens, of New York. He was graduated from Princeton in 1911 and is a member of the University and Princeton clubs. Mr. and Mrs. Sloane will remain abroad several months.

DAILY EDITION.  Saturday, April 2, 1921.

Eight Pages This Number.
 This is the first occasion since the present management has had the Daily News on which the paper has issued with eight pages. It is more or less of an experiment and will continue on Saturdays if the support of the community warrants it. Further than that, it may become a regular daily feature. All will depend upon the amount of advertising which offers.

The Daily News office is now equipped with facilities for publishing any reasonable size. It has modern linotype machines and press and is as well equipped as any newspaper office in the country outside of the big cities. This is for the benefit of the people of Prince Rupert who are able to get a better newspaper than they otherwise would have.

The publishers of the Daily News are anxious to give the people of the northern part of the province the best possible news service but publishing is expensive. Paper, in the form in which we have to buy it, costs ten cents a pound, the highest wages are paid to operatives, telegraph tolls are high, the lowest rate paid being about three quarters of a cent a word and by certain routes double that amount. These things all make it difficult to publish a newspaper, but happily we have received good support and through the co-operation of an excellent staff it has been possible to carry on, even under difficult conditions.

Efforts are made from time to time to secure a better service with nearby points. At some of them we have correspondents, but as it is impossible under existing conditions to pay for correspondence, interest is apt to lag. We consider that every community should have a correspondent for the newspaper circulating from the nearest city, for the advertising the community receives thereby. It is worth a good deal to any community to be continually figuring in the news columns.

Prospects Warrant Improvements.

The prospects for this city warrant some improvements. We look for a good deal of building here this season. In addition to the erection of the new government buildings, which in itself will be a great thing, and the prospect that the pulp mill will be established, there will be a good many buildings erected by residents and others. There are a number planned for Section Two and other parts of the city will receive their quota. Taken all in all the outlook is encouraging and we look for a good season.

Must Carry Out Moderation Provisions.

Now that the people have asked for a Moderation Liquor Bill and it has been finally passed by the Legislature of the province, the next thing to do is to see that its provisions are carried out. We have had enough law evasions in this province in the past. It was that which brought the prohibition measure into contempt and the same will happen with the Moderation Act if a similar condition is allowed to obtain. What we want here is strict law enforcement in regard to these things. To pass a law and then unite to evade its provisions is what causes so much discontent. There must be a wholesome respect for the laws of the country or it is impossible to carry on decently.

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMDEEE GARCEAU

32 Hickory St., Ottawa, Ont.
 "I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.
 I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.
 I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

 The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.
 The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.
 The height is in feet and tenths of feet above the average level of lower low water.

BURIED CITY DISCOVERED IN MEXICO

Must Have Had Population of 100,000 Four Thousand Years Ago

San Juan de Teotihuacan, Mexico, April 1.—Prospecting for the habitations of a lost race in virtually the same manner as miners dig for gold, federal employees here have just started to uncover the remains of a city of at least 100,000 inhabitants which flourished 4,000 years ago. Here and there over the confines of the buried city have been sunk shafts to find streets, houses and temples known to exist below the level of the mountain valley in which lies the little village of San Juan de Teotihuacan, the name of which means in the Aztec tongue "City of the Gods."

The Mexican government has appropriated funds for this work of excavation which is in charge of Manuel Gamio, director of anthropology of the department of agriculture. The government hopes eventually to make the spot one of the show places of Mexico.

Pyramids to Sun.

Dominating the area are the two pyramids, one to the Sun and the other to the Moon, which for centuries have defied the efforts of archeologists and historians to trace their origin. The pyramid to the Moon is still untouched, retaining an appearance by the lay eye of a huge mound of irregular shape, overgrown with grass and rubbish.

Senor Gamio says the city now under excavation at one time covered an area of 15 miles with a population of more than 100,000. Its builders are unknown to history but, Sr. Gamio believes they were a portion of an Indian tribe which wandered into Mexico from the north and, finding the valley fruitful and the climate salubrious, decided to settle.

STALLION STAKE FOR TROTTERING HORSES

CLEVELAND, April 2.—The American Association of Trotting Horse Breeders' championship stallion stake, valued at \$12,000, will be raced at the second Grand Circuit meeting at the North Randall track here the week of August 8. The association's Matron stake, worth \$9,000, will be contested at the Toledo Driving Club's Grand Circuit meeting the week of August 1. Secretary James Clark announced.

These stakes this season will be worth more than any futurities ever promoted by the association. Fifty-eight three-year-old trotters have qualified in the championship stake and sixty-five have been entered in the matron stake. The list of eligibles include practically every good three-year-old trotter in training.

TRADES AND LABOR REPRESENT WORKERS

So Says Frank LaFontune, President of Ottawa Council

OTTAWA, April 2.—In a statement issued here, Frank LaFontune, past president of the Ottawa Trades and Labor Council, Canadian organizer of the International United Leather Workers' Union and a prominent labor leader, commended the stand taken by Hon. Gideon Robertson, minister of labor on behalf of the government, in refusing to give representation to the National Catholic labor unions at the forthcoming conference of representatives of the building industry in Ottawa.

After stating that the international movement was not fighting any church or religion, and was anxious to co-operate with them all, Mr. LaFontune went on to say that the minister of labor had done a real service to all workers by making it plain that the government recognized the Trades and Labor Congress of Canada as the only body in Canada truly representative of workers of every religion.

OVER TWO HUNDRED MEN GIVEN WORK

Labor Bureau had Very Fair Report for Month of March

During the month of March there were 276 applications for work at the provincial labor bureau and there were 286 placements made. The applications for work do not include 209 held over from February many of whom found work elsewhere and whose names would also be duplicated. On the whole the figures for the month just past are very satisfactory and show that unemployment in the city at the present time is not a serious question.

The largest demand for men of course came from the dry dock where many were placed during the month, the preference being usually given to returned soldiers. There were men also sent to Anxox as miners, and also some loggers to the Queen Charlottes through the local office. In the course of the month of April it is expected that the Whalen and Kelly camps on Moresby Island will be working full blast again and word is expected soon as to the resumption of activity at the Buckley camps, Masset Inlet.

CHURCH COLLECTION FOR DESTITUTE GIRL

Precedent Set by Central Congregational Church of Winnipeg.

WINNIPEG, April 2.—Two brothers killed in the war, her fiancé killed eight days before the wedding, her own health ruined from nursing during the influenza epidemic as a result of which she was ordered to New Mexico while a bad lung regained its normal strength—these are the tragic occurrences in the life of a well-known girl revealed in a letter read by Rev. Geo. Loughton in Central Congregational church last Sunday morning.

Ignored by Business.
 The letter was addressed to Fred S. Hamilton, one of the officials of the church. "My name will mean nothing to you," she wrote, "but you ushered me to my pew many times during the time Rev. J. L. Gordon was pastor of the church. I could not be writing to you now, but two Winnipeg business men, for whom I worked and to whom I addressed letters, telling of my situation, have not replied to them and I felt sure that old Central would not treat me in this fashion."

Investigation showed that the circumstances in the case had only been lightly told. The Congregational minister in the church in that town visited the girl and found that she was nearly all gone and she was practically destitute.

It was also learned that this girl had been awarded a medal for having saved the life of a child when it was in danger of being run down by a railway locomotive.

"Central Congregational church exists for just such work as this," said Mr. Loughton, in announcing that the morning collection would be devoted to relieving the condition of this young woman. "We had another special collection in view for this morning but this case takes prior claim and Central church will look after this young woman so long as she remains where she is."

There's no more use in having goods that nobody knows about than in winking at a pretty girl in the dark.

SMITHERS

Resenthal and De Voin have installed the first automatic milking machine in the district at their farm near Smithers.

A very successful box social and concert was held at Driftwood School last Thursday when the school funds were benefitted to the extent of \$112. The program was carried out entirely by the children of the school under the guidance of Miss McDonald, the teacher.

The plant of the Smithers Lumber Co., a few miles west of town, was sold last week to Cunningham & Day, of Fort Fraser, who will remove it to that point.

In a short time the first rural mail delivery route in the central interior will be in operation when a service will be started between Smithers and Hazelton. Thirty-five boxes have already been contracted for by farmers on the route.

R. C. Mutch last week received the news of the death of his father at Camrose, Alta., while news of the death of his father at Parkerville, Man., also reached W. S. Henry on Sunday.

PRINCE GEORGE

A. A. Tisdale, assistant to the general manager of the C.N.R., visited here last week and announced that the new Prince George station would be a two storey frame structure built from special plans. Mr. Tisdale was accompanied by E. Crawford, superintendent of cars, who stated that the Prince Rupert car shortage was caused more by unusually large fish arrivals at the coast port than by actual shortage of cars.

William Balagno spent a few days here at the first of the week visiting with his brother, Charles, en route from Toronto to Prince Rupert.

Art Gagne, an old timer of this city, has returned from Edmonton where he has been starring on the Eskimo hockey septette in the Big Four League.

Mr. and Mrs. Harry Carlton have returned home after an extended trip which took them as far as New York. Mrs. Carlton will leave in a few days for The Dalles, Oregon, where her youngest daughter, Peggy, has been visiting with Mr. and Mrs. Jos. Steers.

NEW BANK BUILDING FOR BURNS LAKE

Royal to Erect Two Storey Structure Immediately at Interior Centre

The Royal Bank is asking tenders for the erection of a new bank building at Burns Lake to house their rapidly growing business at that interior centre. The new building will be of two storeys, the upper being used as a manager's residence. Work is to commence on it as soon as possible.

A letter from Theo. Collart was read at last night's meeting of the Board of Trade recommending that pictures be purchased by the board and sent to the B. C. House at London for the advertisement of the place. Mr. Collart said that he had visited there on his recent trip to the Old Country and noticed the lack of advertising of Prince Rupert. Mr. Collart would also send a habit there. The matter has been referred to the publicity committee, to which Mr. Collart has been added, for report.

LOCAL STUDENTS IN UNIVERSITY CONCERT

Miss Kathleen Grant was Principal in Musical Event of the Evening

Reporting the fifth annual concert of the University of B.C. Musical Society held in the Vancouver Hotel last Saturday night, the Vancouver World says: "The musical event of the evening was Miss Kathleen Grant's solo, 'May Morning' (Denza). Miss Grant is a young lady whose soprano voice is not yet fully developed or placed, but she sang as if she loved to sing, and has a beautiful, soft quality that gave very decided pleasure and her final note was as big and clear as one could wish. Miss Grant has a voice that, with good training, will become decidedly an asset in years to come. A A daintily rendered encore, 'I Love You,' was given in answer to an ovation. Miss Grant also starred in solo roles in other parts of the program."

James H. Mitchell, of this city, and H. C. Sing, son of Rev. C. R. Sing, former Methodist minister here, also took part in the program, being members of the double male quartette.

DOMINION AID EASTERN ROADS

Forty per cent Contributed to Cost of Building Highways

OTTAWA, April 2.—A definite pronouncement as to the nature of the surface finish of the new Ottawa-Preseott highway has been secured by Mr. Fripp, M.P. Answering a series of questions put by the senior member for Ottawa in the house of commons on Wednesday, Dr. Reid stated that an understanding had been reached with the Ontario government that the surface finish of the road would be either cement concrete or bituminous macadam.

The estimated cost of the Ottawa-Preseott highway, according to figures furnished by the highway department of the Ontario government, is \$1,790,879. Of this amount the Dominion government will contribute 40 per cent, which the minister thinks is a reasonable contribution. The first payment from the parliamentary appropriation was made under authority of an order-in-council of February 25, and amounted to \$74,320.31.

From further questions submitted by Mr. Fripp it appears that the minister of railways has approved "project statements" for 16 highways in Ontario which will receive federal grants. In addition to the Ottawa-Preseott road the following are included: Ottawa-Point Fortune, Prescott-Brockville, Brockville-Kingston, Kingston-Belleville, Belleville-Whitby, Yonge Street, Toronto-Brantford, Dundas Street, Toronto-Hamilton, Queenston Road, Hamilton-Stoney Creek, Stoney Creek-Queenston, Hamilton-Jarvis, Hamilton-Brantford, Brantford-Woodstock, Woodstock-Ingersoll, Ingersoll-London, London-St. Thomas and London-Stratford.

Advertising is often expensive, but it is nothing like as expensive as an empty store and idle clerks.

ODDITIES OF TURKISH LIFE

Many Queer Customs Related by Recent Sailor Visitor.

Constantinople, March 30.—There are many curious things in this ancient city of the Turk which are unknown to most people. It has remained for a sailor aboard the United States warship Scorpion to classify some of these oddities for the readers of Far Seas, the paper published by American blue-jackets in near eastern waters. "Just imagine," he writes, "lying up traffic on the main thoroughfare of a big city during the busiest hours of the day by driving a flock of sheep slowly down the street. But they do it over here."

Some other alleged strange things done by the Constantinopolitans he cites as follows: A street car passenger often bargains with the conductor about the price he will pay for a ride.

Must Marry Her

If a youth takes a girl to the movies once or twice her parents expect him to marry her.

Turkish saleswomen, even in the smallest shops, are required to understand or speak seven or eight languages.

Native men are accustomed to "rent" a pipe to smoke while they sip their afternoon tea.

A policeman, if he finds a pickpocket at work, may beat him almost insensible and then let his prisoner go.

Some Constantinople stores have signs in as many as eight languages over their doors.

A tourist may engage a boatman to row him for two miles for two or three cents.

Price of Gold

As American paper money in Turkey is worth 15 to 20 per cent more than Turkish gold, it is possible for one to buy a \$20 gold piece for 17 paper dollars.

Christmas is celebrated four times a year, once for each of the different religious calendars. A man walking along the

street often may be seen followed, five or ten paces in the rear, by a few of his wives.

A bootblack will give you a good shine for a cigarette.

COST OF MEN FOR UNITED STATES NAVY

WASHINGTON, April 1.—The high price of recruits for the United States army went down in common with other falling markets in 1920. It cost an average of \$86.75 each to get 138,040 men to the colors that year as compared with \$127 in 1913. In February, 1920, the cost was \$192.26 against \$42.79 in December of the same year.

"We Saw Your Letter In the Newspaper"

"YES." "And is that correct what is said about Dr. Chase's Nerve Food?"

"Yes, it is absolutely true."

"But why do you recommend it?" "For two very good reasons. First, because it fully restored my health and strength when I was weak, wornout and very greatly discouraged, and, second, because I believe it is a duty as well as a pleasure to let other women know about so superior a treatment."

"I never used Dr. Chase's Nerve Food, but I got interested in that Woman's Advertising Contest they had, and nearly every woman I

met seemed to be talking about it. Then I saw your letter, and knew you would tell me about it."

"Well, you know how weak and miserable I was for years in spite of all the doctors could do for me. I was nervous, irritable, restless and sleepless. Thought sometimes I would go out of my mind from worry and depressed spirits. I need not tell you how well I am now. You can see for yourself. There is the whole story, and all the credit is due to Dr. Chase's Nerve Food."

"I get your viewpoint now. It would be a sin and a shame if you did not tell others."

Narbethong Skipper Again After Marine D

The following is a copy of the letter being sent to Ministers of the Federal Government by Capt. Hoopes K. Freeman:

To the Minister of Justice and Members of Parliament,

Dear Sirs:—

I hereby charge G. C. Ballantyne, Minister of Marine and Fisheries, with malfeasance in that his subordinate, Mr. A. Farrow, did on November 6th, 1918, issue an order to the office to refuse my ship, the "Narbethong," a clearance, without first having poked me broken the law; without having first complied with the rules and regulations of the inspection service, Part VII, Section 2, Paragraph A and B. Further, that Mr. Ballantyne's my boat last fall did promise me the protection of our laws, and that we should all receive treatment.

Two boats are now being operated as passenger boats which are almost as large as the "Narbethong," and are not required to carry the equipment at present required of smaller the same waters. Two boats have been granted licenses since the "Narbethong" was stopped with less than was required of the "Narbethong."

The inspector had a right to have me fined if he could prove I had broken the law, no right to issue his order to stop the "Narbethong" without complying with his own first inspecting and condemning the "Narbethong," which was not done. Further, Mr. Ballantyne has inspected and passed the "Narbethong" during the past two years without complying with Part VII of the regulations. The "Narbethong" is allowed 20 passengers in all directions Stewart during the winter.

Further, the Marine and Fisheries Department has not even equipped its own boats with waders under the Minor Waters Act.

I have presented my case to the various branches of the Marine and Fisheries Department and to Mr. Ballantyne himself, and am still without license to operate my boat to Stewart. This business to Stewart was all mine and inasmuch as the officers have used their lawless manner to rob me of a business, which business is still legally mine and will be until the officers of the Marine and Fisheries Department comply with the laws of Canada, therefore submit that G. C. Ballantyne is unfaithful to our laws, and unfit for his high office inasmuch as the officers of his Department have robbed me, I am entitled to just compensation for the injury done me by his lawless subordinates.

Therefore I petition you that I be allowed to sue the Government for the sum of \$10,000 an honorable Court of Canada.

Please remember that no matter what I had done, your officers were not justified in using the law, and I further submit that it is a sad travesty of justice that Mr. Ballantyne and other members of your Cabinet should be making speeches advising our citizens to obey the law while the officers of our Government use their power to commit robbery.

I have obeyed the law, your officers have not.

HOOPES K. FREEMAN.

ETHER TREATMENT RESTORED SPEECH OF BRITISH AVIATOR

Boston, March 30.—Administration of ether to Ernest Young, former British aviator, under investigation as to his citizenship, brought back his lost power of speech. After being shot down behind the German lines Young

became speechless. He subsequently recovered the use of his tongue while in a prison camp. He tumbled from his bed here recently and physicians found that again he could not talk. Dr. Albert Murphy, attached to the medical staff at a Long Island institution, conceived the idea of ether treatment after he had learned some of Young's history. Young began to talk as soon as he came out of the ether.

SMALL YEAR IN CUSTOMS DUTY

Collections at Local Office Smaller Than for Four Years—Hard Times Responsible.

General depression all over the country has had the effect of forcing people to economize during the past fiscal year and with the falling off of the buying of foreign goods and paying heavy duties and sales taxes the customs collections have dropped during the year. Prince Rupert is no exception for during the fiscal year which ended March 31 there was but \$170,187.94 collected in import duties as compared to \$200,267.25 for the year ending March 31, 1920; \$278,211.40, 1919, and \$176,003.02, 1918. The use of domestic products in place of the imported ones may also have some bearing on the rather large decrease in collection of customs duties here, but depression of trade, no doubt, the main reason. For the year \$22,957.71 was also collected here in luxury taxes on imports.

Following is the report of the customs collections at this port month by month during the fiscal year just ended:

Month	Import Duties	Luxury Tax
April	818,793.08	8,000.00
May	4,547.61	—
June	8,955.32	914.42
July	35,599.08	1,833.21
August	44,353.52	981.72
Sept.	18,999.45	1,260.04
Oct.	9,164.79	579.83
Nov.	10,735.30	498.13
Dec.	9,639.95	1,048.53
Jan.	8,209.05	1,372.92
Feb.	13,351.73	751.85
March	18,778.06	10,617.34
Total	8170,187.94	822,957.71

Garage Gossip and Giggles

From Literary Digest "Topics of the Day."

Kisses, like grapes, bananas and trouble, usually come in bunches. After the first one the picking comes quite easy. When romantic Robert says goodnight to lovable Lucille they kiss and then linger longer for some more osculation. Truly, kisses come in oodles. At the birthday party, our young lovers carefully contrive to play "post office" and make ever so many "special deliveries." They stick together better than a stamp adheres to a letter. When young engaged couples attend our national indoor amusement, the motion picture, they, and all others in the audience, enjoy the kiss jokes in "Topics of the Day" films. After the wedding bells ring forth, kissing loses some of the "old time flavor" and wife and hubby practice economy. This reminds us of the following newspaper headline (that we read the other day)—"Says Wife Wouldn't Give Him One Kiss." Such stinginess seems hardly fair.

No Bonds Yet Placed and No Chance of Operating Mill This Year.

E. F. Duby, manager of the Prince Rupert Lumber Co., was asked this morning in regard to the progress of the pulp mill proposal. He said that he had received word from Vancouver that no sale of bonds had yet been made and that in order to finance the big concern under present conditions it would be necessary to offer investors every possible encouragement. People with money are looking carefully into all investments and in order to interest them it is necessary to show them that there is a real business proposition from which dividends can be obtained.

HIGH LIVING COSTS PREVENT MARRIAGE

BOSTON, April 1.—According to a report from the marriage license bureau most of the Boston women who marry today are between 27 and 33 years of age. Most of the bridegrooms are between 30 and 40. High living costs and the scarcity of houses have prevented early marriages, the report states.

NOW that the Moderation Bill is passed, there should be plenty of liquor for everybody and a little to spare.

THERE should be no more poverty stricken legislators since the indemnity has been raised.

WHY call it an indemnity? I should call it a bonus.

IN spite of the fact that legislation is so expensive some of our good citizens want to have more legislators.

WITH federal members getting \$7,000 a session, with occasional extra sessions, and with provincial legislators getting \$2,000 a session, it is about time to call a halt.

PEOPLE are wondering why Mr. Bowser is to get more money than Mr. Speaker. Possibly it is because the Government is anxious to retain the services of the leader of the opposition to keep the Conservatives from getting back to power.

WATER NOTICE.

TAKE NOTICE that Granby Consolidated Mining, Smelting & Power Co. Ltd., whose address is Anyox, B. C., will apply for a license for the storage of five million gallons of water out of the east branch of Hidden Creek which flows southerly and drains into Hidden Creek, about two-thirds of a mile from Granby Bay.

The storage dam will be located 300 feet from the east boundary of lot 2224. The capacity of the reservoir to be created is about five million gallons, and it will flood several acres of land. The water will be diverted from the stream at the dam and will be used for mining and domestic purposes upon the mine described as lots 480, 481, 482, 483, 484 and 485, 1518, 1675 and 1677, 2219, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2229, 2230 and 2231. The license applied for is to supplement an application to take and use water as per Water notice posted on 1st June, 1920 (see water branch file 022030).

This notice was posted on the ground on the 23rd day of February, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

**ROBINSON CRUSOE'S
 ISLAND AS HEALTH
 RESORT IN FUTURE**

VALPARAISO, March 31.—Juan Fernandez Island, 150 miles west of Valparaiso, widely regarded as the spot around which the story of Robinson Crusoe was written, is to be turned into a health resort according to present plans of the Chilean government.

The island is 13 miles long and four miles wide. Vegetation is abundant. Many kinds of fruits thrive there and the sea in the vicinity swarms with a species of codfish and quantities of seals, according to a recent visitor.

The actual original of De-foe's story of Crusoe was said to have been Alexander Selkirk, one of a crew of buccaneers, who quarreled with his skipper and was marooned at his own request on Juan Fernandez where he spent four lonely years. The grotto where Selkirk is supposed to have lived with his man Friday still is to be seen. A British warship visited the island in 1868 and members of the crew erected a tablet in memory of Selkirk.

Some years ago the Chilean government attempted to colonize the island and gave free passage to emigrants, but the scheme was a failure and the island now has only 200 inhabitants.

**Nearly Crazy
 With Eczema**

No rest day or night for those who are attacked with that terrible skin disease, eczema, or as it is often called, salt rheum.

With its unbearable burning, itching and torturing relief is gladly welcomed.

There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; no remedy that has done, or can do more for those who are almost driven to distraction with the terrible torture.

Apply it externally and it takes out the stinging, itching and burning, and promotes a healthy teatour.

Take it internally and it gets at the source of the disease in the blood, for eczema is a blood disease—and drives it out of the system.

Miss L. M. Boucher, 89 Victoria Road, Halifax, N.S., writes: "I have suffered for years from eczema. I could not rest day or night, I suffered great agony, and was nearly crazy with the itching and burning. I used all kinds of salves, but nothing seemed to help me. I saw Burdock Blood Bitters advertised, and was advised to try a bottle. I found great relief, and I really cannot recommend it highly enough for what it has done for me."

Burdock Blood Bitters has been on the market for over forty years, and during that time has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

**COMMERCIAL PLANE
 UNDER CONSTRUCTION**

Monoplane Will Carry Over a Ton and Seat Ten Comfortably.

The machine, a simplified type of commercial aeroplane, carrying a maximum load for any given horse-power, at a "cruising" or average speed of 100 miles an hour, which Captain de Havilland has in design, has now gone definitely into construction at the De Havilland aeroplane works at Edgewater, Middlesex, says the London Times.

The machine, a monoplane, which marks in several respects a new era in design, has been modified in the direction of greater power and weight-carrying capacity since the first brief description of it appeared in these columns. The engine originally chosen, developing 230 horse-power, has been superseded by one giving as much as 450 horse-power, and the machine generally has gained in its "performance."

In the hull built up of three-ply wood, there is to be an exceptionally large and roomy saloon, seating in comfort ten passengers. When employed as a goods carrier, the monoplane will carry a load of 2,300 lbs. It had been intended to have a fleet of these monoplanes in service between London and Paris this year.

DYNAMITE LABEL

**The Tragedy of the

No man appreciates the value of LIFE INSURANCE so much as the man who is not insured. The plight of the hordes of men in this unfortunate position must force you to realize the necessity of insurance.

If it is only \$1,000 policy to start with you ought to insure that much protection to your wife and kiddies. Now, Tomorrow may be too late.

This can be done in the Mutual Life Insurance Co. of Canada.

**THOUSANDS VISIT
 FRENCH UNKNOWN**

Slab Piled With Flowers by Shop Girls and Statesmen

Paris, March 30.—Flowers are brought by an unceasing pilgrimage of mourners and placed on the slab that marks the grave of the unidentified French soldier under the great Arch of Triumph that adorns the western part of the city.

The pile of flowers and wreaths is fed with fresh contributions from early morning until late at night. There seems no end to the little ceremonies by organizations held at the grave to honor the war dead. Little shop girls bring small bunches of violets that cost 50 centimes; statesmen passing through Paris place their great wreaths as tributes from their countries.

Thousands on Sundays

Since November 11, 1920, when the unknown soldier was placed under the arch, there has always been a group or crowd of mourners at the shrine of the dead. There has always been a large pile of flowers. On Sundays thousands stream there from the twelve avenue that converges at the Etoile, as the circular open space surrounding the arch is called, and there is a procession of people with bare heads passing by the mound of flowers.

Many teachers bring their classes and there is a movement afoot to arrange that in each of the public schools of Paris a small contribution shall be collected on a separate day in each school to buy flowers to be placed on the slab by a delegation of honor pupils, so that there may be such a tribute of the children of France to the war dead every day of the year.

**CAN SWEAR IN SEVEN
 LANGUAGES AT TIFLIS**

WASHINGTON, March 31.—Geographers suspect the ancients knew what they were doing when they named the capital of old Georgian Kingdom Tiflis. The word comes, according to the National Geographical Society, from a phrase meaning "Warm Town" and the review adds that the town produces seventy kinds of language, "the handsomest branch of the white race," particularly the women; is a great wine centre and much given to singing and dancing. Guides are useless in Tiflis, it says, unless they can "wheedle and swear in at least a dozen languages."
