## Liberal Speakers Arrive In Rupert PAYMENT GERMAN REPARATIONS HAS ADVERSE EFFECT BRITAIN

### Stork is Pleased Political Outlook; Meeting To-night

Prince Rupert is an important industrial centre and the people here are pleased that they were keenly alive to the questions of the way they attended the meetings that were held there yesterday and Tuesday nights," declared Fred Stork, the Liberal candidate for the forthcoming federal election, who returned this morning from a highly successful campaign trip to the paper town of Bella Goula. Accompanying Mr. Stork to Prince Rupert were Mr. MacDonald, M.L.A., candidate for Burrard, and Fred T. Mackenzie, former Governor of the Yukon, who came north to see Mr. Stork and to see the people of Prince Rupert and to attend a meeting last night at the Empress theatre on behalf of Mr. Stork. The three were impressed with the outlook in Prince Rupert and the people here. They were evidently pleased with the results of the meeting in the Empress theatre. Tonight they will attend a meeting in the Empress theatre.

On Monday night Mr. Stork and his party visited the Ocean Falls people at the little theatre at Ocean Falls. There was a large gathering and the issues of the day were discussed from many points of view. A very representative group took place on the subject of the meeting. The meeting looked very promising for the Stork candidature. Mr. Stork, Mr. MacDonald and Mr. Mackenzie arrived and a meeting was held. The speakers had a fine hearing and the audience seemed to turn out in large numbers. Both the speakers and the audience were well represented. Mr. Stork also spoke at the meeting. Charles Cox was the main chairman. After the meeting the party left for Prince Rupert on the steamer. Mr. Stork, during the trip also visited Bella Goula and spoke at a meeting on Saturday. Here Mr. Stork was given splendid reception and he was well received. The meeting was held in the evening and Mr. Stork was highly pleased with the results of the meeting in the south.

### Reginald McKenna Urges Cancellation of Debts Owed Allies by Germany

CHICAGO, Oct. 26.—Reginald McKenna, ex-Chancellor of the British Exchequer, stated at a public dinner here that he believed the payment of German reparations was only possible by cheap German production with unfair competition for British exports and consequent unemployment in Britain. Mr. McKenna said he personally favored the cancelling of the debt of ten billion dollars Germany owes Britain and even the six billions owed by the Allies and Dominions to Britain, permitting the British people to produce wealth rather than take the dribble of wealth from Germany. The speaker suggested the same thing was true in a lesser degree of the ten billions Germany owes the United States.

### OPPOSITION HAS INNINGS

**Several Speakers Against Government in the Legislature Yesterday.**  
NO DISCRIMINATION AGAINST EX-SOLDIERS

VICTORIA, B. C., October 26.—The opposition speakers had their innings yesterday. Several spoke against the present Government policy. George Hanes, independent member for North Vancouver, demanded the resignation of Hon. T. D. Pattullo, minister of lands, charging that the minister had failed to enforce the regulations excluding Asiatics from lumber work on crown lands. He declared that the Pacific Great Eastern Railway had been camouflaged in order to make it appear a financial success. Samuel Guthrie, Socialist member for Newcastle, said the Government had failed properly to protect the interests of the workman and discriminated against the small wage-earners. Parnon Legislator.

Rev. Canon Hinchcliffe said the Government had failed to cope with unemployment and their failure to define a taxation policy was clearly at the root of the depressed finances of the workmen. He referred to the personal investigations he had made of conditions on the P. G. E., where he had found no discrimination against returned men as had been reported.

There were four or five local tenders and several from the outside as well. Colonel Peck, on being asked regarding the matter, said he knew the contract had been let, but he had not been advised as to who was the successful bidder. **Good News in**

**Regard to Shipyard.**

It is splendid news that no matter what happens the shipyard and drydock will not close down. The railway company has announced its intention of carrying on the repair and shipbuilding business. Competent men will be engaged and everything will go on as before. The Wallace Company has made a second offer to the Government and there seems a possibility that the company now operating here will be able to secure a lease. It is to be assumed that the railway company is not anxious to run the plant, but if there is not a suitable offer it will have to do so.

As between government ownership and private ownership, most people in the city would like to see the Wallace Company carry on. They seem to be an enterprising concern and they go out after business, and when they get it they give good satisfaction. That is their record. They are anxious to build up the business so that they may make a big thing of it. There is a possibility of the railway company doing the same thing, but precedent gives few examples of works carried out successfully under government control.

The satisfactory thing to know, however, is that the shipyard is not to be closed and that there is a likelihood of the business developing under some auspices, either the lessees or the railway company.

**Austrian Condition Very Unsatisfactory.**

The condition of affairs in Austria and Hungary and even in Germany are anything but satisfactory. How could it be otherwise after the war condition which affected them so adversely? The wonder is there has not been more trouble in those countries. If we in Canada and the United States are somewhat restless after the great upheaval, how must it be in countries where there have been constitutional changes and where many of those with wealth and power were deposed? Such a condition of unrest is bound to follow a great war.

**Reign of Charles Was Very Short.**

Three days ago Charles was proclaimed king of Hungary. Today he is in prison and his queen with him. Such is the fate of kings. It is a matter for congratulation to the people of Hungary that they were able so quickly to dispose of the rebellion.

What shall be done with Charles now they have him? He has caused hundreds if not thousands of deaths in Hungary by his rash act. The only safe way of dealing with such a man, after he had been given two previous chances to behave, is to let him share the fate of his misguided followers. As long as he is alive he will be a danger to the country. It perhaps may seem a little barbarous to advocate such a method, but it is the only effective one.

**Liberals to Have Good Majority.**

All signs seem to indicate that the Liberals under W. L. Mackenzie King will make a pretty good sweep of Canada from one end to the other. The Maritime Provinces will be almost solidly Liberal, Quebec will be Liberal, Ontario will send a number of Liberals, and there will be several from the prairies independent of the farmer group. In British Columbia it is safe to say we shall go at least fifty-fifty. That is a pretty safe prophecy made recently by one who is careful in his calculations. Others who have considered the matter have come to the conclusion that there will be a considerable Liberal majority. With this in view it is wise for Prince Rupert to fall in line.

**FIRST BREACH OF PROMISE CASE TO BE TRIED IN THIS CITY**

Case Will Come Before Court Next Month; Special Counsel Engaged.

The date has been set for hearing in a special court of the first breach of promise trial ever held in Prince Rupert. The court will sit on November 23. The parties implicated are local people, although the plaintiff has only been in town for the last few months. The defendant is very well known in town, where he has resided for several years, and strange to say, he is already a married man with a family. Counsel for the plaintiff will make his first appearance in a Prince Rupert court and has been working on the case for some considerable time. As the matter has not been placed before His Honor yet, the plaintiff's counsel considered that it is not yet sub-judice, and therefore has no hesitation in talking about the available evidence.

**Injured Client.**

When seen by a Daily News representative, he intimated that he intended to place his great reliance upon the personal appearance of his injured client and the sweet tones of her voice. Quoting an old song he said that "to see her was to love her" and he had no doubt that the jury would be impressed favorably by his client from the moment they set eyes on her. "The defendant is a snob" he continued "and a great snob, too."

The plaintiff's counsel intimated that he would cite precedent from the time of James the Second. The defendant had intimated that he was quite willing to marry the plaintiff, but being already married, under the law of the time of James II, he would be guilty of burglary. Counsel considered that he was giving nothing away in thus discussing the case publicly beforehand, as the defendant will conduct his own case.

**Legal Fireworks.**

An interesting display of legal fireworks is expected. As the public is already considerably interested in the case as well as in the interested parties, Court will be held in the Westholme Theatre on November 23 to give the community an opportunity of hearing the evidence, which will be well worth listening to, as both plaintiff and defendant, as well as judge and counsel are members of the Prince Rupert Musical Society.

**HOMESTAKE MINE IS CLOSED DOWN**

ALICE ARM, Oct. 26.—The Homestake mine closed down last week. The close down was earlier than the management had expected and was due to the exceptional early fall of snow at the Kitsault Glacier. The work done on the property this summer has been highly satisfactory. Ore was encountered in the No. 1 tunnel at a distance of 115 feet and ore was in sight when operations ceased, so that it is impossible to estimate the size of the ore body.

It is the intention of the Homestake Mining Co. to commence operations next spring about the first week in May and considerable development work will be undertaken then.

**SCHOOL BOARD FINANCES ARE NOT CORRECT**

Edmonton Secretary-treasurer is Arrested for Falsifying the Books.

EDMONTON, Oct. 26.—Following the suspension of W. D. Bradley as secretary of the Edmonton school board, information was laid by the board of trustees before Magistrate Primrose charging Mr. Bradley with false pretenses in connection with funds belonging to the city.

Chairman William Rae of the school board had very little to say in connection with the case. He admitted however that the school board had decided to proceed with the laying of definite charges against the suspended secretary-treasurer, and formal evidence has been placed in the hands of the Crown.

The charge against Bradley is "that on or about June 4, 1921, at the city of Edmonton, he did unlawfully, fraudulently and by false pretenses obtain from the Edmonton School District No. 7 of the Province of Alberta the sum of \$291 with intent to defraud and injure the said school district contrary to the provisions of the Criminal Code of Canada."

**Was Arrested.**

Following the information and complaint of the school board, a warrant was issued for the arrest of the accused, which was effected at 12 o'clock by Chief Detective Shaw of the city police force at the office of Bradley's lawyers, Walbridge & Rowwood. Bail was immediately arranged and the accused secured his liberty pending his arraignment in the police court. Accused's own security in the sum of \$500 cash was accepted as a sufficient bond.

**RELIEF WORK IS GOING ON**

Russian Famine Committee of This City Had Meeting Last Evening

There was a meeting of the Russian Famine Relief Committee in the McIntyre Hall last evening. Reports were received and J. Stevenson was appointed permanent chairman.

Telegrams from New York and Winnipeg establishing the local branch officially were read. A circular letter is to be issued and will be sent to all religious, fraternal and labor organizations in the city. Although the efforts of the local body have hardly commenced as yet it was reported that there was already \$134.75 on hand.

Delegates reported that the Longshoremen's Union, the Painters' Union, the Trades and Labor Council and the Carpenters' Union had been interviewed and that they had been given a favorable reception. All promised that they would do what they could towards raising funds and giving assistance generally. The Painters' Union had given a donation of \$10 and the Trades and Labor Council had been especially cordial.

The next meeting will be on Sunday evening when delegates from all societies in the city will be invited. A house to house canvass will be then arranged for and the work will be proceeded with at once in order to get funds off soon, as the months of November and December, it is felt, will be the worst in Russia. It was reported that the Winnipeg committee had already raised \$10,000 which was being forwarded to the Russian Red Cross Society.

### INDIANS FROM BABINE LAKE ARE DESTITUTE

Arrive at Burns Lake After Losing Everything at Camp Fire.

A big party of Indians arrived at Burns Lake from Babine on Saturday last in a destitute condition, owing to the destruction of their camp by fire while adult members were out attending to their nets. John Dennis, a well known Babine hunter was the heaviest loser while all the women of the party lost most of their wearing apparel. The camp was being established as winter headquarters, and they had laid in their supplies with foresight uncommon amongst the local Indians. This means that their loss is a serious matter, including as it does what money they had, their guns, snares, traps, moosehides, snowshoes, tents, blankets robes and in fact all the equipment of a well organized Indian hunting party.

The Indian Department was communicated with immediately but no instructions for their relief have yet been received, and John Dennis, with a stoicism taught by a knowledge of the speed with which the Indian Department usually acts simply says: "Maybe next year he send telegram."

The people of the town of Burns Lake quickly opened a subscription list which was responded to generously enough to prevent any immediate suffering and they hope that the Indian Department can cut the red tape and dispense with a few of the usual formalities, in order that these Indians may be outfitted in time to resume the fall hunt which means so much to them.

### SPOKANE LOST ONE PROPELLER BLADE

Injured Part Was Cut Off Under Water with Chisels in Carter Bay.

In connection with the recent accident to the steamer Spokane, particulars of which were published recently the Ketchikan Chronicle says:

After losing one blade of her propeller, the steamer Spokane drifted for two hours in the vicinity of Carter Bay, fifteen miles south of Swanson Bay, until the small Canadian steamer Gedrie towed her into Carter Bay.

The remaining part of the blade was cut off under water with chisels there before she got under way again, her speed reduced about one knot an hour from the loss of the blade, and arriving here 12 hours late.

A 2 per cent general average will be assessed on the invoice value of the freight by the underwriters and will be collected from the consignees.

### BUSINESS IMPROVING SAYS COMMERCIAL MAN

C. B. Gordon, of Winnipeg, representative of the Toronto Type Foundry Company, is in the city today looking up business among the print shops. He says he finds business improving everywhere in the East as well as the West. He did pretty good business at Edmonton and at other points along the line.

### The Man in the Moon SAYS—

NOW that the crisis is over in the Irish situation there is another crisis about due.

THERE is a proposal to send Ex-Emp. Charles to a lonely island. We would like to send him to the land of lost souls.

FIRE Chief McDonald is one of a thousand. That \$45 brought back from the southern cities at the close of his holiday was found money for the municipality.

CAPT. FREEMAN has taken three years to get a license for the Narbethong. If he is as long getting started on collecting that quarter of a million dollars, he will have to keep himself like the rest of us for a few days yet.

CHARLES found the people of Hungary were too hungry to want him so he flourished a gun and might have shot himself had not his wife, the former Empress spoiled his plans. The former Empress deserves the severest condemnation from all right minded men and women.

### ENTENTE BETWEEN LIBERAL AND FARMER

Report From Ottawa That Understanding Arrived At Between Parties.

OTTAWA, Oct. 26.—There are rumors of an arrangement between the Liberals and Progressives so that there shall be as little overlapping as possible in the matter of candidates, and that after the election which ever has the largest group in the House of Commons will form a government taking in the prominent leaders of the other group.

While the arrangement is a loose one and there will yet be some overlapping, the result assures the defeat of the Meighen Government and the establishment of an administration that will stand for moderate tariffs.

Sizing up the situation by provinces, it is clear that the Liberals will have the largest group and that Mackenzie King will be the next premier. If the arrangement is carried out, T. A. Greer will be his chief lieutenant.

### BOOTLEGGERS RAIDED PETERSBURG, ALASKA

PETERSBURG, Oct. 26.—Fred Handy, deputy United States marshal, made a whirlwind cleanup here by raiding four places in town suspected of having intoxicating liquors concealed on the premises. The raids were successful in that they netted three truckloads of evidence which is now reposing in the courthouse, and which consist of a lot of home brew which the government alleges was being sold.

The places searched were the buildings occupied by Antonio Gorda, J. S. Smith, the Arctic hotel and the Arctic club.

Warrants have been issued charging all owners of the places with having liquor in their possession, contrary to the Alaska bone dry law.

There has been a little snow on the bald pate of old Mount Morse for several days. This year the snow was later coming on the hilltops than usual.

ANOTHER RACE PROPOSED FOR FISHING BOATS

Americans Wish to Match Mayflower with Bluenose, the Canadian Winner.

BOSTON, Oct. 25.—An ocean race between Bluenose, the Canadian crack fishing schooner, which yesterday won the sailing championship of the North Atlantic and the Mayflower, sailing out of Boston, is being mooted here.

The Mayflower, after being nominated the American defender, was debarred from the international competition as not being within the required specifications.

Adjutant Kerr, of the Salvation Army, reached the city from Alaskan ports on the Princess Alice yesterday afternoon.

SPORT CHAT

Babe Ruth! Much has been written about him and there is much yet to write. But of all the stories of Ruth perhaps the most interesting developed this fall when the Yankees and the Indians were in a death grapple for the American League flag.

When Babe entered the Cleveland series and the two teams were in a deadlock for top honors the Babe realized full well that if his team won and eventually advanced to the World Series he would lose \$50,000 in cold coin.

All know that there is a rule in organized baseball that the members of a club participating in a World Series are barred from exhibitions, barnstorming trips, etc., during the period between seasons.

At the meeting of the Great War Veterans' Association last night it was decided to reopen the canteen although beer will not be sold.

BRANDING IRON IS FEATURE PICTURE

Dramatic Production to Be Seen Here Tonight in Thrilling Story.

The story of the "Branding Iron" at the Westholme Theatre tonight is truly dramatic. It deals with the life of a beautiful young girl, Joan, who is imprisoned in a cabin in the mountains of Wyoming.

Joan took refuge in a ranch house in the valley, where Pierre, a handsome rugged type of man, is attracted by her beauty, woods and marries her.

Pierre took the girl to the lonely little cabin on his ranch, where they lived and loved devotedly, until Joan's father, much the worse for liquor, appeared at the ranch one day, and warned Pierre that his wife was unfaithful to him, and whom he confessedly shot.

Young Preacher

Hollivell, among preacher, with a kindly interest in Joan, uttered by his sympathy for her after lack of education, interested the little mountain girl in good books, for which she manifested a keen delight.

Pierre, returning from the range was greeted by Joan who told him of her efforts to better her condition under the kindly influence of Hollivell.

Pierre, knowing the broader vision Joan would derive from her reading, and fearing the consequences, forbade her to see Hollivell again.

Awful Punishment

Joan saw Hollivell, and when Pierre again came back from his range, and discovered her disobedience, his anger rose until like a maddened animal, he tied her to the bed-post, and before her eyes heated a branding iron, exclaiming that he would brand her as he does his cattle, that everybody may know she is his property.

## IRISH GIRLS LIKE LONDON

Party of Sinn Feiners Enjoy Giddy Sights of World's Metropolis.

LONDON, Oct. 26.—When the Sinn Fein delegates had finished the day's work a few days ago they went out to see London. They left their hotel at nine o'clock, eight strong, three colleens and five protecting members of the publicity staff. Before dining they went to every cinema in town trying to see the film showing their arrival in London. Eventually they ran into a theatre where the showing of this film was just coming to a close, but the manager recognized them and ran the film over for them from the beginning.

### Among Bohemians.

The party then adjourned to the Cafe Royal, where bohemians from all walks of life gather to eat, drink and make merry. The Irish visitors were recognized as they entered and it was some time before the girls in the party dared to raise their eyes because of the heavy barrage of bold gazes directed at them by men seated among the ray women of twenty nationalities and all of them behaving in a manner such as these Irish girls had never seen or heard of.

One of the Irish girls said: "It was a wonderful experience to see all those bad people. At some of course, we'll never be taken to such a place again, but it was great."

### Lost in Tube.

On the way home one colleen became separated from the others in the Piccadilly underground station, so she got on the first train without a ticket and travelled five or six stations in the wrong direction. When a conductor asked her where she was going the girl replied: "I don't know. I have forgotten the name of my station, but sure an' it's no matter, for its fine whirlin' along on this train in the dark underground."

The conductor, however, soon found out the predicament the girl was in and put her on the right track. The country mice are still content to be country.

## WANT CURFEW IN VANCOUVER

More Rigid Application Suggested for Girls Under 18 and Boys 17.

VANCOUVER, Oct. 26.—Stirred by reports of a number of missing girls in several cities of the province, and seeking to end complaints of alleged juvenile discrepancies, a movement is discussed for rigid enforcement of the curfew law, by provincial regulations, and applicable to girls under 18 and boys under 17. From time to time, curfew laws have formed part of municipal ordinances, but they have been allowed to lapse at times. By the provisions of a law suggested for presentation through Mrs. Ralph Smith by a local association of parents, girls would not be allowed at dances or places of amusement without their parents or proper escort after 10 o'clock, and boys would not be allowed on the streets, either, after that hour, unless employed or in proper company. The same movement bids pool halls, although the law in that respect here is pretty thoroughly carried out. The co-operation of churches is being solicited.

The authorities say that, although an unusual number of missing girls have been reported lately, the number is nothing like the record reported in Puget Sound cities and other places across the border.
