### No Report of Plane On Goodwill Flight From Tokyo to California

Hopped Off From Samushiro Beach Early Saturday Morning For Nome—Violent Storm Reported on Behring Sea Cause of Some Alarm

TOKYO, Sept. 24.—Saturday night passed with no trustworthy news for twelve hours from the Japanese goodwill plane in which three aviators are headed for Nome and San Francisco. The last authentic news of the plane was from Etorofu where the plane passed shortly after the take-off. Anxiety was increased by the report of the American freighter Northland of a violent storm in Behring Sea.

A radio message stating that the plane had passed Paramushiro Island, northernmost of the Kuriles and midway between Tokyo and Nome, was believed erroneous because of miscalculation by the master of a small steamer which relayed a message from the plane. The plane was also reported passing Nemuro at 4 p.m. but this was not confirmed.

### PIONEER EXPIRES

Mrs. Isaac Thompson Passed Away Last Evening in Prince Rupert General Hospital

Well known pioneer woman of many British Columbia frontier communities, Mrs. Sarah Thompson, widow of the late Isaac Thompson and for some twenty-four years a resident of the Queen Charlotte Islands, passed away at 9:30 last evening in the Prince Rupert General Hospital. She had been in failing health with heart trouble and complications for the past two months and three weeks ago her condition became such that it was necessary to bring her from Queen Charlotte City to the hospital here to receive treatment. The last two or three days she spent in a state of coma and her recovery was despaired of.

Born in Hamilton, Ont., 58 years ago, the late Mrs. Thompson came to British Columbia as a young girl and was in Vancouver before the Great Fire. Engaging in the hotel business for many years, she had lived successively in the Kootenay and Slokan districts, at Dawson, Yukon Territory, Fairbanks, Alaska, and Stewart. She was widely known among mining people of British Columbia.

About 1908, the late Mrs. Thompson went to the Queen Charlotte Islands, first living at Jedway and, since the death of her husband in March of last year, at Queen Charlotte City with her brother, A. J. Wilds, who was called to the city before her death.

Funeral arrangements are in the hands of the B. C. Undertakers and interment will take place tomorrow afternoon.

Mrs. Gandhi Released From Prison So She May Join Her Fanatical Husband

### IS WEAKENING

Agreement Between Hindu Castes May Prevent His Death

BOMBAY, India, Sept. 24.—Mrs. Gandhi, wife of Mahatma Gandhi, Indian Nationalist leader, has been released from jail so that she may be with her husband who is continuing his "death fast" at Poona jail.

Gandhi remained on his cot yesterday despite efforts of countrymen to persuade him to relax his intention to starve to death. The Mahatma, although taking no solid food, drinks copious amounts of water. He was reported today to be weakening and suffering from nausea with his voice growing fainter.

An agreement on the electoral question was reported to have been reached today between the Hindus and "untouchables" enabling the Mahatma to end his fast.

The Mahatma was lying prostrated on his cot when the terms of the agreement were communicated to him. He raised himself on his elbows and, with a weak smile, signified his assent.

The plan was to cable the compromise agreement to Premier Macdonald in England immediately in the hope that it might be accepted by the British government in time to persuade Gandhi to end his fast today.

### J. H. Thomas Pleads With Liberals Not To Quit Government Now

Sir Herbert Samuel Has Not Decided to Resign as Yet, London Hears—Agreement May Be Reached to Disagree

LONDON, Sept. 24.—A strong plea directed at Liberal ministers in the national government not to cause a cabinet split over difference in views concerning tariff agreements made at the Imperial economic conference in Ottawa was voiced by Rt. Hon. J. H. Thomas, Secretary for the Dominions, in an address yesterday at a luncheon in honor of Hon. W. Downie Stewart, minister of finance for New Zealand.

Meantime, it was stated last night in circles close to the cabinet that matters had not gone so far, as reported, that Sir Herbert Samuel, Home Secretary and died-hard Free Trader, had already decided to resign. The belief was held in official quarters that, on questions of tariff, as far as the Free Trade Liberals were concerned, there might be an agreement to disagree without involving resignations.

An official welcome to California was extended to Governor Roosevelt by Governor James Rolph Jr., Mayor Porter of Los Angeles, however, refused to participate in the reception here, claiming that Roosevelt had come as a "politician" and not in his capacity as governor. Of course, Mayor Porter is a Republican and a dry.

After a busy day here, Governor Roosevelt will leave at midnight tonight for Williams, Arizona, where Mrs. Roosevelt will join him.

## ALL SHOT TO PIECES

The Kidd report has been all shot to pieces by the Provincial Government, not one of its recommendations having been accepted by the administration with the exception of that for the abolition of parties and in that they have already failed. No government would dare to go to the country and suggest abolition of free education or the abolition of the B. C. University, the cutting off of services such as old age pensions, or abandoning aid to agriculture, mining or other industries.

We are glad to know that the Tolmie Government has the courage to come out and make its position clear on the report. Liberals do not need to do so. Their position is too well known in regard to these matters.

As we have said before, there is no doubt that economy is needed and efficiency in the public service is also a requirement that should be enforced. There is nothing new about that. All have been agreed in regard to it always. It is simply a matter of getting results for the money expended and that is only possible under an efficient administration.

We are now looking forward to improved conditions in Canada and particularly in British Columbia. It would be suicidal at such a time to throw up our hands and say we will do nothing to help. It is the duty of any administration that may be in power to foster industries whether it be mining or agriculture or any other. Our hope lies in developing all sections of the province so that our unemployed may find work at remunerative wages, our merchants find customers and our manufacturers make profits. We believe that the Tolmie Government would like to bring such a condition, just as the Liberals would like to do. Prosperity is what we all want. Having settled these points we can now carry on until Premier Tolmie decides to face the electors and ask for a renewal of the trust imposed in him. He must then expect to have his record scrutinized carefully and searchingly and be in a position to defend his administration.

## LETTERS MUST BE SIGNED

No newspaper of any standing will ever publish a letter which is not signed by the person who writes it. The signature may not be for publication but the editor must know from whom his communication comes, if only as a test of good faith.

Nearly every newspaper office receives letters which are not signed and they follow each other faithfully to the wastepaper basket. That is what happened to a letter received this morning in regard to married women working.

Where a letter may be construed as being of a more or less personal nature affecting the livelihood of individual members of a community, such as in the present case of married women who are working, it is better that the name of the writer should be published. If the name is not published, it looks like an attempt to shift the onus on to the newspaper. It is well that in a case like that everyone should know the name of the writer so that the value of the opinion may be properly rated.

## Big Sticker With Cubs

Pennant or no pennant, hitting the old pill at the 332 club is just so much duck soup for Rigg Stephenson of the Chicago Cubs. With the exception of 1925, he has batted .319 or better for the past eleven years. He will be one of the leaders of the Cubs' attack in the World Series next week.

## SOFTBALL AT HIGH SCHOOL

### Smith's Giants Have Close Victory Over Hanson's Senators

Yesterday's High School softball fixture was featured by heavy hitting, Giants beating Senators 10-9. There were five doubles, three triples and one home run, together with many singles. Neither pitcher was in usual form and both were hit very easily. Five runs crossed the plate for Smith's Giants in the second inning, while Hanson's Senators got their five in the fourth. In the last inning the score was 9 all. Smith collected his winning run with none out, while Hanson had been unable to get any across the home plate.

For the Giants, Gillis, Kishimoto, Smith, Nakamoto and Turgeon were best while Bussanich, Hanson, Arney and Santurbane starred for the Senators.

The teams were:  
**Giants**  
Gillis, ss.; Kishimoto, c.; Smith, p. (Capt.); Nakamoto, b.; T. Johnstone, 2b.; Naylor, r.s.; Obachina, 3b.; McCaffery, rf.; B. Cross, cf.; A. Turgeon, lf.

**Senators**  
Bussanich, lb.; Hanson, p. (Capt.); Arney, ss.; Christenson, c.; Santurbane, 3b.; W. Smith, lf.; Monroe, r.s.; Small, rf.; Davey, cf.; N. Allen, 2b.  
Umpire—W. Tobey and R. Tobey. Scorekeeper—S. Kanaya. The next game will take place at the High School on Monday afternoon.

## SPORT CHAT

Now that baseball and football have finished for the season, the thoughts of sports fans turn to basketball, the annual meeting of which will be held early next week. It is hoped that the players and fans will turn up and that a strong executive to carry the sport through the season will be elected. In times of depression, when money is scarce, ways and means will have to be found to keep the sport alive and the men who will be at the head of affairs will have plenty to occupy their spare time this winter. Every basketball fan should turn out and get behind the executive in its endeavor to keep this great winter pastime in the limelight.

The play-off for second half honors in the Canadian National Recreation Association Softball League will be tomorrow afternoon between the Station and Round House teams. In case the Station wins the play-off, another game will be staged immediately after the first game between the same teams for the season's honors. The Round House won in the first half so, if they are victorious in the first game tomorrow, no play-off will be necessary.

Tomorrow afternoon the Prince Rupert Badminton Club will hold its official opening for the season in the McIntyre Hall. This week, a willing and enthusiastic band of workers, under the president, George Mitchell, turned out and repaired, kalsomined and cleaned the hall, which now presents a more attractive appearance than ever. Judging by the interest displayed during this last week, there will be a good crowd ready for play, and it is confidently hoped that the two courts will be constantly in use during the coming season.

## DANCE WAS SUCCESSFUL

### Sum of \$100 Estimated to Have Been Raised as Result of Benefit Affair Last Night

The dance held last night in the Moose Hall for the benefit of Ernest Webster, Senior League football player, who sustained a broken leg near the close of the 1932 season, was a highly successful affair, indications being that about \$100 was realized as a result. There were about two hundred persons present. Dancing commenced at 9:30 p.m. and concluded at 2 a.m. Splendid music was furnished by Mrs. J. S. Black and her orchestra. Gillis Royer made a genial master of ceremonies.

At midnight delicious refreshments were served under the direction of Mr. and Mrs. Jack Preece and Mrs. Dickens. During the supper hour, pleasing guitar duets were played by Harry Smith and William Bozer.

William Barton and Robert Arthur presided at the door. Bert Morgan, president of the Football Association, acknowledged the generosity of the Moose Lodge, in donating the hall, Mrs. Black, in donating the orchestra's services, and Rose, Cowan & Latta in printing the tickets free of charge. All others who assisted in any way were also thanked.

## Support Farmers of Central B. C.

The farmers and gardeners of Central British Columbia are making an effort to supply the Prince Rupert market with vegetables, fruit, potatoes, poultry and eggs and other products of the district.

Prince Rupert people are asked to encourage this movement by asking for Central British Columbia products whenever practicable. Co-operation in this matter encourages merchants who buy from farmers and if the farmers are prosperous it will be an encouragement for others to take up land and thus add to the buying power of the whole northern and central part of the province.

Householders can help by keeping this in mind and asking merchants for Central B. C. products whenever possible.

"The prettiest dress at the picnic" everybody said

"I must tell you about going to a big, all-day picnic," writes a woman from Ontario. "I thought I couldn't go because I had nothing fit to wear and couldn't afford a new dress. The day before, the druggist showed me a wonderful new tint powder made by the people who make Diamond Dyes which I have often used in dyeing dark colors. These new Diamond Tints, he explained, are the same high quality as Diamond Dyes. The difference is they are for light shades and don't require boiling. I had a dress, left from last year, which faded and was so streaked and ugly I was ashamed to wear it. I decided to try Diamond Tints on it. I just dissolved the powder in the rinse water, and the dress came out the loveliest green! I got to the picnic after all and everybody said my dress was the prettiest one there, thanks to these new Diamond Tints."
