Another Premier Mine Suit is Filed

PREPARATIONS FOR CRIMES BEING MADE BY GERMANY UNDER PEACE TREATY

Patrick Daly Sues the Owners of Premier Mine for Nearly \$2,000,000, Fifth Interest

Patrick Daly Agreed to Give Him Share and Directors Acquiesced in Bargain; Sold Half Interest for Million

SPOKANE, January 24.—Suit for \$1,960,000 was filed in the superior court here by Patrick Daly of Nelson, B. C., formerly superintendent of the Premier Mine at Stewart, B. C., against E. Neil, R. W. Woods, A. B. Trites, W. R. Wilson, of Fernie, present owners of the mine.
Daly says that Neil agreed to give him a fifth interest and this was approved by the board of directors.
Daly further declares that defendants received a million dollars from the American Smelting & Refining Co. for 51 per cent of the stock in the mine, in which he claims he is entitled to one fifth interest besides a like interest in the present value of the remaining 49 per cent, which he places at \$10,000,000.

INTERESTING WEDDING IN METHODIST CHURCH EARLY THIS MORNING

Popular Local Girl Becomes Bride of Railway Man—Will Make Home in Smithers.

A wedding of much interest took place this morning at 8:45 in the Methodist Church, Sixth Avenue West, when Miss Beatrice Helen Killin, the only daughter of Mr. and Mrs. Hugh Killin, 352 Eighth Avenue East, became the bride of Thomas Ross, of the engineering department of the Canadian National Railways at Smithers. Rev. T. H. Nuttall was the officiating clergyman.

The church had been specially decorated for the occasion and presented a pleasing appearance with the abundance of flowers with which it was adorned.

The bride was given away by her father and was attended by Miss Margaret Ryan. James Buchan was the groomsmen. Mrs. T. H. Nuttall presided at the pipe organ and played the Wedding March. There was a large gathering of well-wishing friends.

The bridal costume was a beautiful travelling suit of navy blue and white velvet hat and the bouquet was of pink and white roses. The bridesmaid also wore a navy blue suit with white satin hat and carried a bouquet of white and pink carnations.

Wedding Breakfast.

Following the ceremony a wedding breakfast was served in the Central Hotel. Besides the bride and bridegroom and the bride's parents the invited guests included Miss Margaret Ryan, Mrs. J. M. Fraser, Miss Isabel Kelly, Miss Nora Kenny, Miss A. Moncoeur, Mrs. James Simpson, Miss Florence Ryan, Roy Gilmour, Cecil Brown, James Kelly, William Kerr, George Delgarno and Jas. Buchan.

The toast to the bride was proposed by James Buchan and suitably responded to by the bridegroom. Each of the gentlemen guests spoke expressing the esteem in which the bride was held and her popularity. Songs were rendered by Mrs. James Simpson, J. N. Kelly, G. Brown and Peter Black. There was a telegram from Mr. and Mrs. W. H. Vickers and nunny congratulatory telephone calls. At the conclusion of the breakfast all joined in singing "Auld Lang Syne."

Mr. and Mrs. Ross are both well known in Prince Rupert and the best of wishes will follow them on their marriage. Mrs. Ross has grown up here from young girlhood, having come to Prince Rupert in the early days with her parents. Mr. Ross has railroaded here for many years and served in the Great War, having been awarded the D. C. M. after his discharge.

BIRTH.

MAY HAVE BEEN KILLED BY MOONSHINERS.

James F. Collins, Jr., a sixteen-year-old boy, disappeared December 18 while gunning in the Plainville Woods, north of New Bedford, Mass. He is supposed to be a victim of foul play at the hands of "moonshiners" who infested these woods up to the time large searching parties went out trying to find either Collins or his body. The New Bedford police have come around to the murder theory, and Friday night (December 31) several arrests were made in connection with the case—Antone Souza, a moonshiner, who followed the boy for fifteen minutes on the day of his disappearance, and Mrs. Emma Blair, who lived in a shack in the Plainville Woods. At the same time a warrant for the arrest of Joseph Laliberty was issued, a pair of bloody overalls having been found near the shack in the Plainville Woods by a searching party Friday. The case has attracted wide interest.

- Livestock, 369,167 head.
- Wool, 6,802,588 kilos.
- Rolling stock, 4,571.
- Trucks, 129,595.
- Auto trucks, 5,099.
- Fixed railway materials, 149,000 tons.
- Agricultural machinery, 431,005.

FURS REALIZE LARGE SUM AT NEW YORK SALE

Squirrel Sold Better Than Any Other Pelts, Showing Drop of 25 per cent.

NEW YORK, Jan. 24.—Squirrel was the star performer at the concluding session of the fur sale in the Masonic hall here Saturday. These pelts brought prices which surprised most of the buyers present and which showed the smallest average decline from spring sale levels of any of the important collections sold during the entire week.

The drop in squirrel was only 25 per cent. Raccoon, which declined forty per cent, came second in the interest of buyers today.

Compared with the average prices paid at the April sale of the New York Fur Auction Corporation here, Saturday's other offerings showed these percentage declines: Black bear, 25; brown bear, 35; polar bear, German and Russian fitch, 60; mole, 60; Nutria, 55, and ermine, 50.

Unofficial estimates of the grand total realized during the week place it at \$1,925,000.

REFUSES AID TO MILITARY

Premier Oliver Holds that Such Work is Purely Federal.

VICTORIA, Jan. 24.—Because the provincial government has not enough money to look after the public services that are purely provincial, a business government cannot make a grant for the support of military organizations in British Columbia, Premier Oliver announced. Aid was requested by a delegation which waited upon him asking for provincial aid toward one of the newly formed military organizations on the coast. The premier holds that fostering of these is purely a federal matter.

Important Conference at Paris Being Held Today

Representatives of Britain, France, Italy, Belgium and Japan Meet to Consider Important International Problems

PARIS, Jan. 24.—Representatives of Great Britain, France, Italy, Belgium, and Japan are here today holding a conference which seems second in importance to that preceding the signing of the Versailles treaty of peace. The principal figures are Premier Lloyd George and Aristide Briand.

Among the subjects to be discussed at the gathering are reparations, disarmament of Germany, enforcement of the peace treaty with Turkey or possible modifications of the same, the relief of Austria, and the general Russian situation.

FURTHER NEWS OF SUB. NOMINATION IN WEST PETERBORO

Disaster in the British Navy since Armistice and Worst in All Peace Time.

Five Candidates Expected to be in Field Made Vacant by Burnham's Resignation.

PETERBORO, Jan. 24.—The nomination is taking place today in the by-election for the Dominion Parliament in West Peterboro. The vacancy was occasioned by the resignation of J. H. Burnham, a former Conservative but who supported the Unionists during the war and reconstruction days. He claimed that now the war was over the Government should drop its pretense of unionism and declare themselves Conservative. He is now running as a straight Conservative.

Canners Urge Reciprocity in Buying Wine and Liquor

Would Sell British Columbia Natural Products in Exchange for Brandy and other Alcoholic Drinks

VANCOUVER, January 24.—Reciprocity in purchases was proposed to Premier Oliver this morning by a prominent delegation of salmon canners. It was suggested by them that an order in council be passed providing that all purchases under the Moderation Act be placed in countries prepared to purchase an equivalent amount of British Columbia's natural products.

The Premier seemed favorably impressed when it was pointed out to him that 750,000 cases of salmon were still on hand and the market was slack. It was urged that the government import direct from France, where large supplies of brandies, wines and liquors were on hand, and sell to that country in payment quantities of B. C. products.

JAPANESE SUICIDE AT PORT ESSINGTON

Word was received this morning from Port Essington by Chief Minty of the provincial police that a Japanese woman had taken poison and then hanged herself. Carbolic acid is mentioned as the poison taken and it is also said that a letter was found in her dress.

WILSON URGES PLEDGE NOT TO VIOLATE RUSSIA

Public and Solemn Engagement is Necessary, He Says, to Preserve Integrity of Territory.

WASHINGTON, January 24.—A public and solemn engagement among the great powers not to violate or permit violation of the territorial integrity of Russia is regarded by President Wilson as necessary to the pacification of America and the states bordering the former empire. His views are given in a note to President Byams of the League of Nations. He urges full co-operation among the principal powers.

SLIDES AT KWINITSA DELAYED PASSENGER TRAINS AT WEEK-END

Make Home Town An Attractive Place.

"Stick to your home town; make it so attractive to live in and do business in that your young men will stay in it and prosper with it," is the theme of an address delivered by Herbert Cuthbert, executive secretary of the Pacific Northwest Tourist Association. Mr. Cuthbert pointed out that the prosperity of the state depends upon the development and prosperity of the communities of the state, both urban and rural and that the state cannot prosper as it should when the business and the young people of the smaller communities are diverted to the larger communities of the state and the business and young men of the larger communities in turn are diverted to the greater cities of the United States.

Mr. Cuthbert advocates a movement to include each community in the Pacific Northwest, sponsored by its commercial organization, leading citizens and its newspapers to make their towns cleaner, more attractive and more up-to-date in appearance not only to hold its young people but also to attract settlers; to keep business at home and to enlarge the opportunity of its citizens for the enjoyment of life and of profitable business and employment.

Civic Pride is Most Desirable.

This is where we make our living and if Prince Rupert is good enough to induce us to stay here, it should be good enough to say a good word for whenever possible. It is desirable, not only to try to improve our home town, but also to take enough pride in it to be able to tell of its merits. If the city is not desirable as a place of residence, why remain here?

Prince Rupert is far preferable to many places as a residential city. As someone remarked recently, it is far superior to many a prairie town of its size, particularly in the class of people who reside here and in the activity of the inhabitants. We have in this city a class of people that for intellectual ability cannot be outclassed. The people here, speaking generally, have seen the best of everything, have heard the finest music, have met the best people and have lived much more largely than the average. There are few places of its size to equal it.

Shut in But Not Isolated.

We are shut in here, undoubtedly. It is impossible to take a drive beyond the confines of the city, but we can take a ride in a motor boat. While we are shut in, so far as roads are concerned, we meet a lot of people. Visitors come here from all over the world, attracted partly by the natural wealth of the country and partly by the scenic route. Statesmen stop off here, who would not think of stopping off at places the same size on the prairies or in Ontario. Being the industrial centre for the North Pacific coast we are important. Owing to the immensity of our production, compared with our population, we are known and recognized far and near.

Must Have Roads In Near Future.

We must have roads leading out of the city in the near future. We shall not long be content with the present condition. Indeed we are not content with it now. There is a wholesome discontent with the condition, which is constantly manifesting itself. This year we expect to see work commence on our government buildings. Next year we shall expect to see work commence on our roads. It is absolutely necessary that this city be connected with the district at the mouth of the Skeena river. It will not all be done at once but a beginning must be made soon. The surveys will take some time. Happily our member is fully alive to the need and will certainly do what he can to have the work done. We must not be content to allow him to play a lone hand, however. We must make our influence felt wherever possible and whenever possible, but in a reasonable way.

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEO GARCEAU
82 Hickory St., Ottawa, Ont.

"I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

TO ABROGATE MORATORIUM

Manitoba Legislature to Deal with War Measures at Coming Session

WINNIPEG, Jan. 22.—Amendments to the Moratorium and War Relief acts during the 1924 session of the legislature and return to normal peace conditions are under consideration by the government of Manitoba.

An act respecting contracts relating to lands or more commonly known as the Moratorium act, was passed by the legislature immediately following the outbreak of war, which provided that mortgages could not be foreclosed until an instalment of interest, taxes or insurance had been owing for more than a period of one year, or in cases where annual instalments set out in the agreement were left unpaid.

A tentative proposal is now before the government providing that the Moratorium act be amended to provide for the repayment of the principal of mortgages by instalments. The instalments would probably be 10 per cent, for the first year, 25 per cent, for the second and 50 per cent, for the third years.

The War Relief act provides that no action could be brought against a soldier for a period of one year after his discharge or one year after the close of the war. In 1919 an amendment was passed when a clause was inserted to the effect that no soldier should be subject to civil actions for at least one year after his discharge. Amendments for a return to more normal conditions are now being considered by the government.

The Man in the Moon SAYS--

JUDGING from appearances, it seems necessary for a woman to remove a good deal of her clothes in order to display her artistic talents.

IT is remarked that in Vancouver you can buy a thirty dollar suit for \$19.85 marked down from \$65.

THE only person who does not seem to object to the modern young woman, is the modern young man.

THE previous generation always seems to think that the coming generation is going to the demitition bowwows and exceeding the speed limit in making the trip.

YOU can bet your bottom dollar that Elsie, or whatever Eve called her youngest daughter, led Adam and his wife a Dickens of a time seeing that she was not too prone to flirt with the sons of Nod.

A MAN waits patiently for the right girl to turn up, but the girl goes gunning and carries home the game.

SWAPPING kisses may be all right for young people, but it is very vulgar if done in public and the party that tells is worthy of excommunication.

THE man who is always looking for an opening so that he may get on in life, should take courage from Jonah, who, when taking passage inside the whale, found the opening at the right time.

"CANADA for the Canadians" is a good motto as long as it is the "ganz" of Canadians of which the Man in the Moon is an honored member.

THE weather may be annoying sometimes, but do not blame the rest of the family for the discomfort.

SLUSH, slush, slush, in tramping through the snow, Slush, slush, slush, No matter where you go, The weather is bad; Everybody feels sad Or mad When tramping through the snow.

THERE are a lot of queer people in the world besides men and women and stool pigeons.

A LESSON THE GOVERNMENT PAID FOR.

Before 1914, Bond Brokers and Bankers were indifferent advertisers. Many who advertised regarded their expenditures as "sop," and thought they were doing publishers a favor.

Then came the Call for War Loans. On the advice of this Association, yet contrary to some Brokers' and Bankers' views, the advertising of these loans was made humanly interesting.

The results you are aware of.

But—here is the real point.

Nearly every Bond House and Bank in Canada is, today, aggressively advertising, and using all the interest and ingenuity at their command to attract business. They observed the power of newspaper advertising, when properly used, and have profited by the lesson.

The same thing is true of some manufacturers, who, noting the results of the Imperial Munitions Board newspaper advertising, have commenced to use the same force to introduce post-war products.

The Government paid for this lesson.

Have you considered profiting by it?

Advertising is not a matter of guesswork. It requires skill and knowledge and experience. It is not something to be lightly undertaken, but it can be undertaken with assurance of success if it is done properly.

If you have ever thought you would like to advertise if you could get proper advice on how to go about it, write to this Association. We will give you the benefit of our experience in starting you on the road to successful publicity

Another Epidemic of the Spanish Influenza

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after effect such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are run down, heart not just tired, nerves a little shaky, take a few boxes of Miltner's Heart and Nerve Pills and fortify your system against this terrible plague.

If you had the "flu" before and it left you with any bad after effect Miltner's Heart and Nerve Pills will bring you back to health and strength.

Mrs. C. C. Palmer, Keppel, Sask., writes:—"I wish to inform you of the great good Miltner's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds. I will always keep Heart and Nerve Pills in the house.

ELSINORE MUTINY SHOWN IN PICTURE

An Episode in Life of Jack London the Noted Author.

"The Mutiny of the Elsinore," the thrilling motion picture of adventure at sea showing at the Westholme Theatre tonight, reflects vividly some of the most exciting chapters in the adventurous career of its author, Jack London. For Jack London was not only a writer of adventure; he lived life as thoroughly, deeply and colorfully as his own heroes.

As a boy he was a professional sea pirate off the coast of California. At seventeen he shipped before the mast as an able seaman, visiting Japan and the Bering Sea. At sea he "spit brown and grow hair on his chest." He knew mutiny; he knew bloodshed. And he knew the call of the sea, which made him throw up everything at the height of his success to start on a cruise around the world in a 50-foot ketch.

But Jack London was as many-sided as his books. He was a rancher, trapper, seal hunter, Alaskan gold prospector, war correspondent, a writer of fiction singularly sweeping and filled with human color, an author of searching works on economic conditions, a heavy drinker himself and one of the most powerful advocates of prohibition in his great autobiographical story, "John Barleycorn," a self-made man, a man consumed with a burning desire to live life to its fullest.

Much of his own sea experience is contained in the fierce adventure of "The Mutiny of the Elsinore."

SAVES FISHERY BUSINESS FOR PRINCE RUPERT

Provincial Government Spends \$32,000 Providing Accommodation for Five Concerns.

WILL TURN WORK OVER IN THIRTY DAYS' TIME

The expenditure of \$32,000 about the provincial government wharf in the past two months has saved the fishing industry for Prince Rupert and now five companies have permanent locations there.

Some months ago the Booth, Atlin and Pacific fisheries were served with notices by the railway company that they would have to vacate their present locations at the west end of the Grand Trunk Pacific wharf on account of the extension that is being built. These companies appealed to the provincial government and placed the issue plainly before them. The government would either have to provide accommodation for them or else they would have to move to some port such as Port Edward. It was decided by the government that provision would be made for them and action was at once taken.

Different Jobs.

First a contract was let for the extension of the wharf by filling in the cove between the Royal Fisheries plant and the Akerberg-Thomson machine shop at a cost of \$17,000. The buildings were then provided for the accommodation of the Atlin and Pacific Fisheries at a cost of \$6,250 and inside alterations are being made for the accommodation of the Booth Fisheries and the M. M. & R. Fisheries costing \$6,000. Besides these expenditures, \$2,000 was spent for the extension of sheds on the east end and \$1,000 in general repairs.

These various operations have kept about 20 local men busy for the past couple of months using local equipment and in about thirty days it is planned to have the work completed ready to be turned over to the various fish concerns.

Companies' Work.

With the giving of the premises to the companies the work is not finished, however, it will take these concerns possibly a couple of months to get the places ready for their work. The government merely provides the rough buildings with the roof on. Then comes the work of finishing and equipping which the companies themselves take care of. To go on with business machinery has to be installed and four ice houses will have to be installed. The expenditure of the fish firms will likely amount to another \$10,000.

The government is about finished with its improvements to the wharf. Any further work to be done will depend on the allowing to a level crossing at Cow Bay to provide an open road to the dock.

Horrible Cruelties of Japanese in Korea is Told by Missionaries

Men Shot Down in Number without any form of Trial and Villages Burned; Christians Wiped Out

TOKIO, Jan. 22.—Charges that the Japanese troops sent into the Chinese district of Chientao, a Manchurian community just over the Korean border, indiscriminately shot hundreds of the villagers without semblance of trial, burned villages, schools, churches and crops, are made public by Canadian missionaries stationed in Manchuria and Korea.

Replying to these charges, Lieutenant-Colonel Hata, of the Japanese Imperial staff, at the Japanese War Office, stated that the Japanese soldiers had burned churches and schools only after evidence had been obtained that they were being used as centers of intrigue by Korean malecontents.

To Investigate

The Japanese government has sent to Chientao a commission to investigate the conduct of the troops. This body is headed by Colonel Mizumachi, formerly military attaché at Washington.

One of the missionaries, Dr. S. H. Martin, of Newfoundland, a physician attached to the Canadian Presbyterian Mission at Yongjung, who visited the village of Norahawie on October 31, two days after the Japanese went through that district, states: "The facts recorded below apply to the whole district of Kando or Chientao in the southern part of the provinces of Kirin, China."

Japan, under the strongest protest from China has sent over 45,000 men into this part of China with the seeming intention of wiping out of existence, if possible, the whole Christian community, especially all young men.

Burning and Shooting

"Village after village is daily being methodically burned and the young men shot, so that at present we have a ring of villages surrounding the city that have suffered from fire or wholesale murder or both. The following facts are absolutely accurate:

"At daybreak a complete cordon of Japanese infantry surrounded the main Christian village of Norahawie and, starting from the top of the valley, set fire to the immense stacks of unthreshed millet, barley and straw and then ordered the occupants of the house outside. In each case as the father or son stepped forth, he was shot at on sight, and as he fell on his face, perhaps only half dead, great piles of burning straw were thrown on top of him.

Some Blood Marks

"I was shown the blood marks on the ground caused by the bayonets thrusts inflicted on the men as they strove to rise from the flames, in spite of the fact that they had been three times shot at close range. The bodies were soon charred beyond all recognition. The mothers, wives and even the children were forced spectators of this treatment of all the grown males of the village.

Houses were fired and soon the whole country was full of smoke, which was plainly visible from this town. The Japanese soldiers then spread out and burned the houses of Christian believers in other villages all down the valley to the main road. Then they returned home to celebrate the Emperor's birthday.

Women Wailing

"As we approached the nearby villages we found only women and children and some white-haired men. The women with young babies on their backs were wailing up and down wailing.

"I photographed ruins of 19 buildings, among which were old men tearing their hair and crying while mothers and daughters were recovering bodies or unburned treasures from the burning ruins. So many women were crying and I was so angry at what I had seen that I could not hold my camera steady enough to take a time exposure.

"We have names and accurate reports of 32 villages where murder and fire have been used. One village has had as many as 145 inhabitants killed. Houses have been burned with women and children in them. At Sonung-tung 14 were stood up in front of a large grave, then shot and their bodies destroyed with burning wood and oil. This is typical."

Shot and Burned

The Rev. W. H. Foote, Canadian Presbyterian missionary at Yongjung, names several villages in which the homes, schools or churches of Christian natives were burned and says that in one of them 25 people were shot and the bodies burned. These cases he declares are "absolutely authentic," the premises having been inspected by four missionaries and a customs official.

Quoting Koreans as his authority, he says that 23 persons were shot and seven burned to death in their own houses at Cheng San; that 80 were shot at Un Tong Ja and that these were all Christian villages.

"The soldiers and commanding officer who go to these places," asserted Mr. Foote, "as a general thing have no conversation whatever with the people, but do their diabolical deeds and pass on. Ku Sei Tong is the only place where any reason was given to the people at all for the action. A Korean accompanied the soldiers and told the people that the officer said he

had evidence that the owner of the house had collected money for Korean patriotic purposes. If only the offenders suffered, even the Koreans would not seriously object; but it is because the perfectly innocent and helpless are done to death without even an opportunity to say a word in their own behalf that the injustice and hardship appears."

Actions of Soldiers

Describing the actions of the Japanese soldiers at Kan Chang, Rev. Mr. Foote said that the young men of the village were "herded in front of a Korean house and without even a form of examination, shot down, 25 in all. They the bodies were heaped together in two piles and covered with wood and burned. While the fuel was being placed on them, some of the wounded still were able to rise, but were bayoneted to the ground and met their fate in the flames.

"I know these people well," Mr. Foote continued. "They live in an out-of-the-way glen. The land was not fertile and firewood is scarce. They were a quiet, hard-working people who struggled hard to make a living. Their church and school, their Bible and hymn books, their Sunday worship, and, above all, their Saviour, were their joy. They were not patriotic soldiers and disapproved of the church taking part in politics."

Five Executed

Miss Emma M. Palethorpe, of Ontario, a member of the Canadian Presbyterian mission at Yongjung, tells in her statement of the execution of five men from the village of Suchilgo who, she says, were led by the Japanese soldiers to the top of a hill about three miles from Yongjung and there put to death.

"In the top of the hill," she declares, "there is quite a large hollow not visible from the road or village. The victims were made to sit at the bottom of this, where they were slashed at with swords. It is reported by an eyewitness that two swords were broken and then the awful work was finished with bayonets. Then the loose earth was pulled down from the sides of the hollow to cover the mutilated bodies."

Villages Burned

In answering inquiries at the Japanese War Office, Lieutenant Colonel Hata told the Associated Press correspondent that the number of Japanese troops employed in the Chientao affair was 5,000 not 15,000. Villages had been burned, he said, but only in cases where the majority of inhabitants were known to be in league with the outlaws.

Referring to the charge that an organized attempt was made "to wipe out the whole Christian community," Colonel Hata said that it was possible that a majority of those who had been executed were Christians, but they were not punished for their religion, but for banditry and rebellion. No charge was made against the missionaries.

Colonel Hata, while admitting that harsh measures had been adopted, said bad conditions had existed in that district for a long time owing to the unchecked activities of Chinese bandits, Korean outlaws and Russian Bolsheviks. He said he was confident that the Japanese soldiers had not been guilty of the barbarities with which they had been charged.

PROSPEROUS TOWN REDUCED TO THREE

KETCHIKAN, Jan. 24.—Tumbling down and falling to ruin, the town of Hadley, once a flourishing mining community of five hundred, now houses but three inhabitants, according to report brought here by five Ketchikan men who returned from a business trip to the old town yesterday.

Scores of oldtimers in Ketchikan once participated in the activities of the once prosperous and live community. It is now dead, the board streets collapsing, and many of the houses gradually tumbling to ruin.

The large fifty thousand dollar hotel still stands; the store is now being torn down by "Hank" Roselle and Arthur Propp, the present owners. With Lou Crane, who has been at Hadley for some time tearing down the building, and G. A. Richards and Jess Finck, they returned here a few days ago.

PRESCRIPTION OF GREAT HERBALIST

No remedy ever offered in British Columbia has attracted more genuine interest than that shown in Wonder Health Restorer handled in Prince Rupert by the Prince Rupert Drug Co.

This remedy is in a class by itself in that it is really the private prescription of one of the world's greatest herbalists, a native of Scotland. This man spent his life in the search of herb juices such as would correct organic complaints and restore health. He succeeded to such a degree that the fame of his preparation spread far beyond his personal touch and today this remedy, prepared according to his exact formula, is now offered all over the world. That it is doing untold good is attested by thousands who have tried it and found relief.

If you, or any of your friends, are suffering from Asthma, Rheumatism, Stomach troubles, Kidney Complaints, Nerve diseases, Piles, Skin affections, etc., call at the Prince Rupert Drug Co. and ask about Wonder Health Restorer. It is nothing but the juices of herbs but its work has declared it to be one of the most potent and effective remedies in the world.

Was Suffering from INDIGESTION

No Fear of Pains Now

Indigestion is one of the worst forms of stomach trouble, and many people suffer terribly after every meal they eat. The rising and souring of the food, pain in the stomach, heartburn, water brash, belching of wind, vomiting shortly after eating, etc., are some of the symptoms.

There is no need for any person to be troubled with indigestion, dyspepsia or any other stomach trouble if they would only take Burdock Blood Bitters, which contains a combination of nature's roots, herbs, saps and berries, a combination that cannot help but put the stomach right.

Mr. B. H. Collins, Marlin, N. B., writes: "I was with the overseas forces for four years and two months, and in October, 1916, I was unfortunate enough to be wounded and taken prisoner. I was a prisoner for 2 1/2 years, and the food they gave us was not good, at times, and after a few months I found I was suffering from indigestion. When I came home in July, 1919, I was nearly a wreck. I was told to use Burdock Blood Bitters. I did so and found great relief, and can now eat without fear of pain and sickness. I would recommend B. B. B. to all who suffer from indigestion."

Burdock Blood Bitters has been on the market for over forty years, and during that time has made a reputation second to none for relieving all stomach troubles. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Adv.

A Laundry Service Within Every Woman's Means

It is here for you in this Family Service we offer. What is most disagreeable on washday? Isn't it the mussiness of wash water; the steam of boilers and tubs, the lifting and hauling?

And it's of that we relieve you—at a cost truly moderate.

We take your family bundle, wash it sweetly clean in soothingly soft waters and billowy, glistening suds; and rinse it many times in more water sparklingly pure.

Next we daintily iron the flat pieces; the things like bath towels we dry softly and fluffily—they need no ironing; and other pieces that require it we starch and make ready for you to iron in your own home.

In a word, we do all the toilsome, mussy work of washday, and leave for you only the milder, pleasanter task of ironing the lighter pieces.

It's a truly economical service within the means of every woman—we're sure you'll like it immensely.

Telephone, we'll welcome an opportunity to tell you more about it.
