Republicans New Peace Proposal SALE OF STEWART MINE TO J. J. COUGHLAN IS JUST CONCLUDED

Will Fight if Necessary but Would Rather Negotiate on Government by Consent

LONDON, August 26.—The British Government's peace proposals were laid before the Dail Eireann, which rejected them easily, but is willing to negotiate on the principle of consent by the consent of the governed," De Valera says in a letter to Lloyd George. The letter proposes that Britain and appointed representatives with plenary powers to negotiate on this principle.

"We have not sought war, nor do we seek war, but if war be imposed on us we must defend ourselves and shall do so," says De Valera's letter. "We long to end the conflict between England and Ireland," he adds.

Aug. 25.—(p.m.)—The British Government's peace proposals, Lord Lieutenant Bland, has been summoned to London to a cabinet meeting.

Aug. 26.—The British Government's peace proposals were laid before the Dail Eireann, which rejected them easily, but is willing to negotiate on the principle of consent by the consent of the governed," De Valera says in a letter to Lloyd George. The letter proposes that Britain and appointed representatives with plenary powers to negotiate on this principle.

The letter proposes that Britain and appointed representatives with plenary powers to negotiate on this principle.

EXCLUSION OF ORIENTALS

Merchants in Convention Demand Drastic Resolution.

VANCOUVER, Aug. 26.—The exclusion of Orientals from the province means of combatting the menace on the Pacific coast was urged by George W. Gough, of British Columbia, at a retail merchant's convention which adopted his resolution and asked that the attorney general be instructed to ascertain preparatory to approaching the Dominion government demanding drastic action.

Isabelle Cre, circuit manager of Chautauque, reached the city last evening from Calgary. She will make Prince Rupert headquarters during the Western circuit.

Labor Congress Deals with Strikes and Picketing and Other Subjects of Interest

WINNIPEG, August 26.—The Trades and Labor Congress of Canada in session here yesterday adopted a resolution asking the Dominion government to establish the permanent supremacy of the law in labor disputes on government contracts and industries financially assisted by the government. The convention endorsed President Moore's opposition to councils which do not recognize organized labor. Brother of Tom Mooney presented the case for the labor law now in a Californian jail, and asked for funds to fight it. The congress disapproved the use of mounted police or armed men in labor disputes, and voted \$1000 for sending of a delegation to the British Labor Congress next year. It defended peace-picketing in strikes, demanding the removal of the law against

BYLAW VOTE SEPTEMBER 21

Two Money Bylaws and Paper Company Agreement Are to Come Up.

On September 21 the ratepayers of the city will be called to the polls to vote on three by-laws for which the city council seeks endorsement.

The first will be the \$3500 by-law for the Section 2 School. The building is about finished and will be ready for occupancy when school resumes sessions in a fortnight.

A \$75,000 money bylaw for water extensions will also be presented. This work is now in progress in various parts of the city including Sections 1, 2, 5 and 7. If the by-law passes the cost will be spread over twenty years but if it is turned down the entire cost will have to be paid out of one year's general revenue thus increasing the taxation.

The water supply agreement between the Prince Rupert Pulp and Paper Co. and the city, which has already been drawn up, will be the third question for the ratepayers to decide. The company will be given by the contract 3000 U. S. gallons of water which constitutes overflow from the system which is now going to waste. The agreement provides that the company will guarantee to keep the city reservoir full to overflowing at all times by means of the pumps which it will install. In case of fire the company supply will be shut off and its pumps will be commissioned for the supply. The agreement will cost the city nothing and will improve the water supply greatly.

MANY FISH VESSELS SOLD THIS MORNING

Price Was Low for 180,000 lbs. Offering—Little Over 5c.

One hundred and eighty thousand pounds of halibut sold at the Fish Exchange this morning at low prices which did not exceed 8.1c for first class fish.

The arrivals and sales were as follows:

- Hi Gill, 6000 pounds and Convention, 18,000 pounds, sold to the Booth Fisheries Canadian Co., at 8c and 4c.
- Annie May, 1000 pounds; Saturday, 7000 pounds; Rose McGoy, 3000 pounds, and Ongred H., 12,000 pounds, sold to the Atlin Fisheries at 8c and 4c.
- Adeline, 5000 pounds and Res-titution, 20,000 pounds, sold to the Booth Fisheries Canadian Co., at 8.1c and 4c.
- J. P. Todd, 13,000 pounds, Lumen, 8000 pounds; Fairway, 17,000 pounds; S, and S, 7,000 pounds; Wave, 9,000 pounds; Cedric, 14,000 pounds, sold to the Canadian Fish and Cold Storage Co., at 7c and 4c.
- Bartolome, 9000 pounds and White Star, 12,000 pounds, sold to the Pacific Fisheries at 7.2c and 4c.
- Fisher, 10,000 pounds, and Hippo, 11,000 pounds, sold to the Royal Fish Co., at 7.7c and 4c.

DOG SHOW'S LARGEST AND SMALLEST RIBBON WINNERS.

A vivid illustration of the comparative sizes between White Stars Heligate Vick, the largest dog in the Long Branch (N. J.) dog show, and Little Vamp, the smallest dog exhibited. White Stars Heligate Vick is owned by Mrs. Amzi J. Dodd of Long Branch, and Little Vamp is the pride of Mrs. Charles Williams of Whitestone, L. I. Both were prize winners in their respective classes.

Canadian Importer Will Not be Lost; Now Awaits Tow to Esquimalt Yards

VANCOUVER, August 26.—The Canadian Government Merchant Marine freighter Canadian Importer is not sunk. Reports came here to that effect last night and were today confirmed.

The vessel is in distress off the mouth of the Columbia River and No. 2 hold is filled with water to a depth of 17 feet owing to a leak from an unknown cause.

Captain Bissette and his entire crew, with the exception of Second Officer A. Laird of Melbourne, Third Officer J. W. Wall of North Vancouver and nine men who put off in a lifeboat, are still aboard the Importer.

Captain Bissette refused the assistance of the steamer Cordova to tow the steamer and is awaiting the arrival of the Canadian Winner tomorrow. This vessel will tow the Importer to Esquimalt.

The search for the men in the lifeboat, who have been adrift for a week, is being continued by the Canadian Observer en route from San Francisco to Vancouver after having unloaded a cargo of Ocean Falls paper.

PORTLAND, Aug. 25.—(8 p. m.)—The steamer Importer of the Canadian Government Merchant Marine, which has been disabled at sea since last Friday, 600 miles off the Oregon coast, is still afloat and is in no danger according to a radio message received from the rescue ship Cordova.

According to the message which was signed by the master of the Cordova, Capt. Westerland, the Importer has seventeen feet of water in number 2 hold and the engine room, and her wireless is out of commission.

John the Finn's Mine Sold Vancouver People

J. J. Coughlan and Others Purchase Property at Stewart which was Discovered Last Season

STEWART, Aug. 26.—Late Thursday afternoon a deal which had been pending for some days was closed whereby J. J. Coughlan and associates of Vancouver purchased under a working bond the Silverado Mining Property from the owners, John Haasti and J. W. Stewart and associates of Stewart," says the Portland Canal News today.

"According to the agreement a substantial cash payment was made and a further payment is to be made in December of this year. The balance to be spread in equal payments over the remainder of the two years which is the lifetime of the bond. In addition to his the purchasers are to start work immediately.

Their plans are to build at once a light tram from the showings which are at an elevation of about 4200 feet down to the 2200 foot level and from this point a trail will be built to the water on the canal. The construction of permanent camps in order to enable actual mining and necessary development work to be carried on throughout the winter is also included in the program.

The Silverado lies on the west side of Portland Canal opposite the mouth of Bear River and the town of Stewart, the showings being at an elevation of about 4200 feet and only 6000 feet from deep water on the Canal. There are twelve tons of ore sacked on the dump valued at from three hundred and fifty to four hundred dollars per ton. Assays of from eleven hundred to thirteen hundred ounces of silver per ton are common on this property. There are eleven showings on the seven claims of the property.

R. L. Clothier of Stewart is to take charge of the work which is to start at once.

Found When Hunting.

The Silverado, which is known as John the Finn's mine was discovered by Haasti, generally known here as John the Finn, late last summer when hunting for gold. He was following one of the animals when he saw the glint of the ore and at once forgot his hunting and started in pursuit of gold. He staked claims and proceeded to Stewart where Mr. Stewart was interested in the property and more claims were at once staked. Other properties on the same mountain have been staked this year. The face of the mine overlooks the town.

CHARGED WITH LIQUOR SELLING

Two Vancouver Firms Prosecuted and Cases Come up on August 30.

VANCOUVER, August 26.—Six charges against the Gold Seal Liquor Co. and seven against the Western Canada Liquor Co. of illegal sale of liquor will bring into the police court the question of the right of private liquor companies to import liquor for sale.

The summonses are returnable August 30. It is expected the cases will be long drawn out, and they are almost certain to go through the higher courts.

COURT HOUSE FRAME IS UP

Pouring Cement Was Completed Last Evening for Roof and Structure.

The cement frame, including the concrete roof, of the new court house is complete. J. H. McNeil, who is in charge of the work, reported that last night at 7 o'clock the last of the work was done and now the other outside and inside finishings will be carried on rapidly in order to get as much as possible complete before the bad weather commences. The granite base is already partly laid and the work is being pushed forward with vigor.

Among the visitors who were here in an official capacity at the trial runs of the Canadian Scotia and who returned south last night were Captain Eddie, R. R. Neild, A. Wallace and Bert Manthrop.

WARRIOR LAID TO REST WITH GREAT HONOR

Funeral of Sir Sam Hughes Took Place Today at Lindsay, Ontario.

LINDSAY, Aug. 26.—Attended by the country's most prominent statesmanship, fraternity and other aspects of life, and carried and guarded by six stalwart soldiers and many others, the remains of General Sir Sam Hughes, M. P., Canada's war minister during the early days of the great conflict, were borne to their last resting place here this morning.

A special train from Ottawa brought Sir Arthur Meighen and other statesmen of all political shades. Business in the city was suspended. After the service in the armory the casket was borne to Riverside cemetery.

NOVA SCOTIA SHIP DESTROYED BY FIRE

Scotia Burned at Drumhead, Nova Scotia, This Morning.

HALIFAX, Aug. 26.—The coastal steamer Scotia was totally destroyed by fire at Drumhead this morning. The Scotia was a steamer of 376 tons gross and belonged to the Halifax and Canso Steamship Company. She was 138 feet long and 26 feet beam. She was built at Mahone Bay in 1907 and registered at Halifax.

Bud Wren, charged with vagrancy in the police court this morning, guilty and was let out on a suspended sentence with the understanding that he leave the city.

DAILY EDITION

Friday, August 26, 1921.

Railway and Boat Schedules.

On several occasions The Daily News has mentioned what it considered the advantage to be gained from a longer stopover here for passengers coming from the south and bound east over the railway. Most of these passengers would like to have time to drive around the city and possibly do a little shopping before proceeding east. The advantage to wholesalers by the same arrangement had not occurred to us.

The interview with Alex. Greenwood elsewhere seems to be conclusive evidence in favor of a change in that respect. It would not seem advisable to arrange for the train to leave later than at present scheduled, but it might well arrive earlier, as far as a layman can see.

It has always been found that the railway officials try to arrange the schedule in the best interests of the public, as long as it also serves the purposes of the company and does not put them to more expense. Doubtless they would welcome suggestions for improvement, and this seems to be a case where an improvement might be made.

To change the southbound routing might be more difficult. The passengers are here plenty long enough, only in the winter it is dark when they arrive and dark when they leave. It would be difficult to change this, perhaps, without upsetting the whole schedule of the company.

Everyone Hopes Peaceful Solution.

Everyone hopes for a peaceful solution of the Irish question. As long as negotiations continue there is hope of permanent peace, and the longer they last the less danger of the country again being plunged into war. Everything seems hopeful, and it is noticeable here, at any rate, that the average man does not seem to take seriously the thought of a return to the unhappy state of warfare which has existed in that country for some time.

How Port Angeles Benefits From Mill.

Port Angeles, the little city across the Straits of Juan de Fuca from Vancouver Island, almost opposite Victoria, was visited a few days ago by the Kiwanis Club representatives from other cities for the purpose of presenting the charter to a newly formed club at that point.

Three years ago Port Angeles was a mere village with unpaved streets and with a sleepy air. Today it has awakened, has two miles of paved streets and, as one of the Kiwanis visitors describes it, "there are some live wires over there." The same authority says that the prosperity comes from two new industries recently established at that point, boxboard and paper mills.

It is just possible that we may be able to learn something from Port Angeles. There is a concern trying to establish a pulp mill here as a precursor to a larger paper mill. It seems as if some few of the people here are opposed to in any way helping on the establishment of this industry. We are asked to give our spare water, just the water we do not need for ourselves, and there is objection even to that. It is difficult to follow the course of reasoning which would put so small a stumbling block in the way of the establishment of an industry which promises so much for the city. If they had asked for a large bonus, for free sites or for absolute freedom from taxation as such industries often do, the objection could be understood. The difficulty with the pulp and paper company seems to be that they have asked so little that people are suspicious.

Building a City Interesting Work.

We are all more or less engaged in building a city. We are laying the foundation for a community that will follow us and that will benefit from what we do or will suffer from our action or lack of action. New buildings are going up, some of them permanent in character and a credit to the city; others are not so permanent and will not remain in the heart of the city very long. Eventually we shall have to erect fireproof buildings only and those of a modern type. Now we seem glad to get anything.

Advantage of Building For the Future.

There is a distinct advantage in erecting fireproof buildings. In the first place the insurance rate will be so much less that it will practically pay the difference in cost between the temporary building and the permanent one. To the person who carries a good deal of his own insurance the concrete building is the only safeguard he has against the negligence of his neighbors. Concrete is the building material of the future. Lumber will always be required, especially for inside work and for residences, but for business blocks material of a permanent and fireproof character will have to be used eventually on all new structures.

HOW BUSINESS IS BEING HURT

Local Wholesaler Thinks Brief Connection Means Loss to City.

Business of the city is suffering greatly on account of the close connection made between the Grand Trunk Pacific steamers and the eastbound trains at this port on Wednesday and Saturday mornings, declares Alex. Greenwood, local manager for A. P. Slade & Co., the wholesale fruit and produce dealers. He recently joined the Prince Rupert Board of Trade and intends to bring the question up at an early meeting.
Mr. Greenwood says that the matter affects business of the city in several ways and is felt by wholesalers and retailers alike. As far as wholesalers are concerned, his own firm probably suffers more than any of the others. This is because it handles perishables largely. Local wholesalers are put in unfair competition for Eastern business with Vancouver firms. They depend on the supply from the south and, on account of the better handling, most of it is shipped by the G.T.P. steamers here.

Cannot Fill Orders.
It is explained that the first of the cargo to be unloaded from the ships on arrival here at 10:30 in the mornings is the through express and baggage. Fruit consigned to local houses comes next. From this fruit it may be desired to fill orders for such places up the line as Terrace, Smithers, Hazelton, Telkwa, Fort Fraser, Burns Lake and many other points, but it is almost impossible to get it on the train from the boat in three quarters of an hour. Thus up-river merchants, under present conditions, can do almost as well by ordering direct from Vancouver. To say the least, it is very unsatisfactory for local wholesalers to have to send short shipments to customers up river because they cannot get the goods from the connecting boat.

The remedy for it in Mr. Greenwood's mind should be easy. There is apparently no reason why the steamers could not be brought here earlier in the morning, say 8 o'clock at the latest. Then it would be possible for the local wholesalers to ship goods on the train of the same day and the consignments to up-river would be in better shape after having passed through the local houses where the produce would be sorted, than it would be by coming all the way from Vancouver.

Business with Tourists.
Another benefit to the city by a longer period between arrival of boats and departure of trains would be the trade that would be done by local retail merchants in all lines of business with tourists and through passengers. Fruit stores, clothing stores, restaurants and others would benefit. The tourists would also have an opportunity of seeing the city which they certainly do not get at present when they have to rush to catch the train.

Still another hardship is worked on local merchants by the late arrival of the Wednesday steamer, on account of the fact that that afternoon is the weekly half holiday. Neither retailers or wholesalers have an opportunity of getting their perishables properly on the market that day. A good deal of business is lost by both through consequent losses to fruits and vegetables.

Mr. Greenwood declares that he is surprised that the matter has not been taken up before here, where there are so many stores and an active Board of Trade. It is indeed working a hardship on business and the yearly losses, if estimated, would come to a large figure.

The Man in the Moon SAYS—

NOTHING small about Sir Joseph Flavelle and his railway scheme. Three-quarters of a billion is all the money he asks to set the Canadian national system on its feet.
"BACK to the land," says Rev. H. R. Grant, D. D. "That is where heaven is."

IF the Canadian Government steamers continue to sink at the present rate, there will have to be a new shipbuilding program and Prince Rupert yards should get a share of the work.
JUDGING from the history of the English and Scottish in Prince Rupert, there should be keen competition on the seas between the Canadian English and the Canadian Scottish.

THE United States was rather slow in going to war and now she is just as slow about making peace. That comes of having a Senate.
NOTHING slow about the Canadian Scottish, either steamer or people.

PRINCE RUPERT TIDES

Friday, August 26.
High—6:37 a.m., 15.5 feet.
18:41 p.m., 18.1 feet.
Low—0:18 a.m., 6.5 feet.
12:15 p.m., 8.3 feet.
The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.
The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.
The height is in feet and tenths of feet above the average level of lower low water.

FIRST DAY CHAUTAUQUA

Captain Stanley Nelson Dancey, Author, Lecturer and Newspaper Man, Brings His Message to the People

MISS AMY SHAW WAS MARRIED TO NORMAN ROBINSON LAST NIGHT

Ceremony Took Place at Baptist Church Followed by Supper at Home.

The marriage of Miss Amy Shaw, youngest daughter of Mr. and Mrs. Fred. Shaw, McBride Street, to Norman Robinson, only son of Mr. and Mrs. Robinson, Thurlow Street, Vancouver, took place in the Baptist Church at 8 o'clock last evening. Rev. W. W. Wright officiating. The bride was gowned in white satin and georgette with white picture hat and carried a bouquet of pink and white roses. She was attended by two bridesmaids, Miss Ruby Casey and Miss Marie Michaeloff who both wore pink taffeta dresses and black picture hats. The bride was given away by her brother-in-law, Jack Judge, and George Alger, acted as groomsmen.

The groom's present to the bride was a beautiful string of pearls, to the bridesmaids wrist watches and to the best man a gold watch chain.

Following the ceremony, a wedding supper was served at the home of the bride's parents. Those present were: Mr. and Mrs. Jack Judge, Mr. and Mrs. Bert McEvoy, Mrs. L. Kendall, Mrs. Joy, Miss Dalby, Miss Ruby Casey, Miss Marie Michaeloff, Miss Joy, Miss Krieksky, Miss Jess McIlravy, Mrs. F. Shaw, W. W. Weight, Mr. Davey, G. Alger and F. Sharp.

There were many gifts among which was a handsome case of community silver, the gift of the parents of the bride. A beautiful four layer wedding cake was made by the bride's mother and decorated by the St. Regis Cafe.

Mr. and Mrs. Robinson left on the midnight steamer to spend their honeymoon in Southern cities. Returning here in about a month they will take up their residence on Borden Street. The bride is a well-known young lady of this city and has grown up here, being latterly on the staff of H. S. Wallace & Co. The groom is a sheet metal worker in the employ of Steen & Longwill. Many friends will extend their best wishes.

BRINGS OPIUM INTO JAIL AND IS CAUGHT BY POLICE OFFICER

Ching Fook appeared in the police court this morning charged with having opium in his possession, and pleading guilty, was fined \$200 with the option of six months imprisonment.

Fook was caught red handed with the goods by Constable Logan in the police station yesterday afternoon. At 4:20 he came to the jail to see Yey Hor, who was sentenced to six months for a similar offence on Wednesday. He stated that he was going to give Hor some tobacco and cigarette papers. Constable Logan kept close watch on the two men and caught Fook handing the other two packages of prepared opium.

W. Golder charged under the Vagrancy Act with supporting himself from gambling, was found guilty in the police court this morning and fined \$50 with the option of sixty days imprisonment.

Fruit Trees Loaded Down Plums Like Swarms of Bees at Terrace Says Dr. Grant

"I never go to Terrace without feeling the possibilities of wonderful development that are in store for the valley," said Dr. H. R. Grant in addressing the Rotary Club yesterday afternoon. "I am told that the mining prospects are very good, that the petroleum prospects are at least fifty-fifty; but of the basic industry, farming and fruit-growing, I know that the prospects are wonderful. There has not been much done yet and very few of the people there understand much about orcharding, but in spite of that the trees are loaded down with fruit, and clusters of plums are there like swarms of bees on the boughs. The bush fruits are astonishing, and I am getting photographs made that will show people everywhere what can be done."

Dr. Grant has recently returned from spending five weeks on his fruit plot at Terrace and he said that the oftener he went the better he liked the place. If more people went they would realize the possibilities and it would work out well for both the district and the visitors.

Happier Than Rupert.
The speaker said he thought the people of Terrace were happier than those in Prince Rupert. He never heard there comments on the possibility of a bad winter. They all had sufficient spuds, cabbages and carrots and other necessities and with a few groceries they could all pull through. They had the spirit of happiness within themselves.

The Okanagan valley had realized its possibilities in fruit growing, and the Kootenay, which was formerly devoted to mining, had turned to orcharding and agriculture and had made good. This district also would develop equally as well. The place was admirably suited to those who were tired of the whirl of city life and had in itself an element of strength which was most attractive.

BEARS BROKE INTO HOUSES

Two Raids Made By Bruin on Dawson-Whitehorse Winter Trail.

DAWSON, Aug. 26.—A letter received here from Jack Gray, who is in charge of the Dawson-Whitehorse winter trail roadhouses, including the Braeburn and the Nordenskiold, on the southern end of the route, states that bear recently broke into the two houses and did much damage. Both houses had been barricaded against the bears for the summer by placing heavy board coverings over each window. The bears succeeded in ripping the boards from the windows, and breaking through them.

At Braeburn, one persistent member of the bruin family went through a small window and, once in, he proceeded to smash things generally. He broke all the panes of glass in the house from the inside, smashed up the furniture, tore open the supplies which had been left, and made the place look like a bomb had exploded there.

FAMOUS STORY SHOWN IN PICTURE TONIGHT

"The Inside of the Cup" Big Feature at Westholme Theatre Tonight.

To those who have never seen the interior of a big department store in New York, several scenes of "The Inside of the Cup," the new picture which will be shown at the Westholme Theatre tonight, will be of more than average interest.

In the film version of Winston Churchill's story Kate Marey, one of the principal characters, is a salesgirl in a metropolitan store. Although innocent of crime, she is accused of the theft of a handbag and discharged. She sinks into the depths and is later reclaimed and finds happiness in the love of the son of the man who had been the cause of her undoing.

To make this scene perfect in every detail Director Capellani arranged with the head of a great uptown department store in New York for the use of his basement after business hours. Great electric lights were installed and the entire company brought to the store where, in the presence of a picked audience, the various scenes leading up to Kate's degradation were filmed.

"The Inside of the Cup" is a powerful Paramount picture, said to be one of the best produced in many months. The roles are in competent hands, the leading man being William P. Carleton and the leading woman Edith Hallor.

Country Humor.
"Pretty hot, farmer," remarked a vacationist to an old fellow on a blazing day in July.
"Yes," was the reply. "If it wasn't for one thing I'd say we wuz goin' to have a thaw."
"And what's that?"
"Thar ain't nothin' froze, by gosh."—Boston Transcript.

The next City League baseball game will be on Monday night when the Elks and Sons of Canada again go to battle. This is the last regular league fixture but there are, besides it, two more games between the two teams which have been postponed. Both the Elks and the Sons have been having quite a rest and it is some time since there has been a game so it is expected that the players will be in good form and a close exciting match may be looked for. If the Sons of Canada win they will have the championship and the Nickerson Shield clinched for the Elks must win every one of the three remaining games to secure the city leadership. The Sons of Canada have by far the best chance but the Elks are not admitting defeat until it comes.

On Tuesday night Alex Greenwood, the local dog fancier, received from Vancouver another prize dog. This was "Ruminantly Refrain" a pretty little female Scotch terrier which he purchased last year while on holidays in England from A. G. Sowley, Hórnsdene, Hurstpierpoint, Sussex. She is six years old and he paid \$300 for her. She is the winner of twenty first prizes in hottest competition in the Old Country where prizes are more difficult to obtain than in Canada. "Ruminantly Refrain" won at such shows as the Midland Counties Terrier Association, Ladies' Kennel Association, Leicester and Birmingham. Mr. Greenwood is going to send this bitch to the New Westminster Exhibition next month in company with "Bradford Surprise," a female Airedale terrier which has been raised in Prince Rupert ex an imported female.

CALLIES ARE ELIMINATED

Put Up Great Game Last Night But Luck Was Not With Them—Score 3 to 2.

The Sons of Canada defeated the Callies in the Giffuly Cup replay last night by a score of three goals to two. The game was keenly contested from start to finish and was easily the best match of the series. There was a good crowd of spectators who were enthusiastic indeed.

The Sons, possibly, had the best of the play in the first half scoring early through Moffat, but it was not long before Bob Stuart got the equalizer. After a long spell of even play, the Sons forced a corner taken by Lane and Moffat headed past Martin which again put the Sons in the lead. At the other end the Callies forced a couple of corners but with no result. The Sons again took up the attack and just, at the call of half time, were awarded a penalty which Swan converted, the first half ending with the score three to one.

Effort to Save.
It was early evident in the second half that the Callies were going to make a great effort to save the game, for within the first fifteen minutes they had forced half a dozen corners and kept continually pressing in on Thompson. They were unable to score, however. Twice the cross bar saved Thompson and once he misjudged the ball completely only to see Kinghorn miss an open goal. Seldom did the Sons cross out of their own half and then it was only to be driven back. Finally the Callies did score but it was by the penalty route, Kinghorn beating Thompson. Excitement by this time was getting to a fever heat and it looked like a draw but the Sons defence was taking no chances and continually cleared. The Sons made one dangerous attack on Martin, and Swan almost did the trick but the ball was finally cleared and the Callies again took up the attack. Even with the aid of many well taken corners they were unable to get the equalizer and had finally to retire beaten by three goals to two.

The following were the teams: Sons of Canada—Thompson; V. Menzies and H. Menzies; Anderson, Shakespeare, and Mitchell; Robinson, Swan, Moffat, Clarke and Lane.
Callies—Martin; J. Stewart and Willisroff; Abbot, Murray, and Campbell; S. Stuart, R. Stuart, Kinghorn, Currie and Sellars.
G. S. Russell was referee and S. L. Warrior and A. Clappertou were on the lines.
The next game between the Sons of Canada and the Sons of England will be played on Tuesday evening.

JAPAN WON THE TENNIS SINGLES

NEWPORT, Aug. 25.—(p.m.)—Japan won the first two singles in the matches of the Davis Cup tennis finals against the Australians to determine who will meet the American defenders next week. Shimidzu defeated Anderson, 6-4, 7-5, 6-4 and Kumagae defeated Hawkes 3-6, 2-6, 8-6, 6-2, 6-3.

WHO ARE CHAMPION PLAYERS OF NORTH?

Anyox Takes Exception to Prince Rupert's Claim That They Are It.

The question of which baseball team is the champion of the north, is interesting the people of Anyox. This morning the following letter in regard to it was received:
Anyox, B. C., Aug. 25, 1921
The Sporting Editor, Daily News, Prince Rupert.
In the sport columns of your paper of August 23, I note where the Prince Rupert baseball team, "Champions of the North" are figuring on making a trip to Vancouver and Victoria to play for the provincial championship. Mr. Editor, I would like to know where the Prince Rupert ball team got the idea that they were the champions of the north, when they have not managed to beat Anyox in the last two sea-

sons. Of five games played they have not won one, so why not get the right title before looking for further laurels.
Yours very truly,
FRED BROWN.

POLICE MAGISTRATE EXPRESSES CONTEMPT

Sentences J. M. Nelson to Six Months and Says Wishes It Were More.

"Words cannot express the contempt in which such men as you must be held by every right-minded citizen," said Magistrate McMorde in the police court this morning when sentencing J. M. Nelson who yesterday pleaded guilty to the charge of vagrancy and supporting himself from the avails of prostitution. "I only regret that the penalty is not much more severe. I sentence you to six months with hard labor at Okalla Prison Farm, the maximum punishment under the Act."

BIRTHS.

A son was born to Mr. and Mrs. William Stone, of Fifth Avenue East, at the General Hospital yesterday.

There was born yesterday at the General Hospital to Mr. and Mrs. George Rudderham, of Eighth Avenue West, a son.

Mayor Rochester issued last night for Port Alberni where he will attend the convention of the Union of B. C. Municipalities and the Good Roads League. He will also take up other city business in Vancouver and Victoria.

Constables Davis and Thornthwaite, of the Royal Canadian Mounted Police, went south last night accompanying four Chinese prisoners who will do time in Okalla Prison.
Mrs. J. Cant, of North Vancouver, who has been visiting here some time returned south last night. She was accompanied by her son.

CANCELLATION OF RESERVE.

Notice is hereby given that the reserve against the acquisition of Coal under the "Coal and Petroleum Act" established by notice dated 11th of February, 1920, and published in the British Columbia Gazette on the 12th of February, 1920, is cancelled, except in so far as the same relates to the following areas:
1. All the lands lying within the boundaries of the drainage areas of the Skeena River above and including Ouzi Creek, the East Fork and the West Arm of the Little Klappen River, and the Spatsizi River, above and including Klunayet and Indian Creeks.
2. All that portion of Vancouver Island lying easterly of the following described boundaries:
Commencing at a point on the West Coast of the Island at the mouth of Muir Creek, thence following the western boundary of the Esquimalt and Nanaimo Railway Belt to the southeasterly corner of the Strathcona Park Reserve, thence west following the south boundary of the said reserve to its westerly boundary of the said reserve to the watershed of Nimpkish River, thence north westerly along the westerly boundary of the watershed of said Nimpkish River, Nimpkish Lake and Kogah River to the south boundary of Sayward and Rupert Districts to the westerly boundary of the watershed of Nimpkish River, thence north westerly along the south boundaries of Townships 3, 4 and 10 to Marble Bay, thence north westerly along the centre line of Marble Bay and the West Arm of Quatsino Sound to the mouth of Spruce Creek, thence along Spruce Creek to the east boundary of Township 27, Rupert District, thence north along the east boundary of said Township 27 to the northeast corner thereof, thence west along the north boundary of Township 27, Rupert District, to the Pacific Ocean, and including all the foreshore and lands covered by water adjacent to the East Coast of Vancouver Island, together with all islands lying between the Mainland of the Province south of the boundary of Township 27, Rupert District, and all the lands within the boundaries of the Districts of Oiler, Goldstream, Nechako, Esquimalt, Victoria, Lake and North and South Saanich, Sooke and Highland.
The cancellation of this reserve shall not take effect and staking for coal shall not be lawful until notice of such cancellation is published for sixty (60) days in the British Columbia Gazette and in a newspaper published or circulating in each of the Land Registration Districts of the Province of B. C.
This notice shall in no wise affect the reserve against the acquisition of Coal, Petroleum and Natural Gas in the Peace River District, established by notice in the British Columbia Gazette on the 27th of March, 1919, which reserve is still in force and effect.
G. B. NADEN,
Deputy Minister of Lands,
Department of Lands,
Victoria, B. C.,
July 30th, 1921.

THIRTY-FIVE HEAD OF CATTLE PASSED THROUGH FOR MAYO

On her trip north this week, the C.P.R. steamer Princess Royal had on board 35 head of beef cattle consigned for Mayo, Yukon Territory. The stock was in charge of Harry Bointon, an old employee of P. Burns & Co., which company is sending it in to the Guggenheims, who are now operating in the camp. The animals will be taken from Skagway to White Horse by the White Pass Railway and will then be driven overland to Mayo.

The steamer is expected back tomorrow.

VANDERHOOF

T. Mitchell and family have moved to their new home on Stuart Street.

Miss Edna Burdett is spending the week end with her sister, Mrs. Fitzpatrick on her farm in the Lakes district.

The flag pole was raised in front of the new school on Victoria Street Wednesday.

Mrs. J. F. McCormack, Nurse Todd, Miss F. Day, and J. Hoskins from Vanderhoof are camping at Stuart Lake.

Mrs. Randall, Mr. and Mrs. Taylor and daughter Lucy from Prince George are visitors at Stuart Lake.

L. W. Stone of Vancouver, who has been visiting his son Dr. W. R. Stone, has gone to Vancouver, travelling by way of Prince George. He was accompanied by Dr. and Mrs. W. R. Stone as far as Prince George.

SIX HUNDRED CLAIMS STAKED MAYO DISTRICT

Galena Hill and Keno Hill Favored Section of Silver Camp.

DAWSON, Aug. 26.—The mail received yesterday by the mining recorder at Dawson brought 55 more applications for claims staked in the Mayo district. This makes approximately 600 claims in that area applied for this season, raising the total mineral locations now alive in the Mayo area to 1,500. The greater number of these claims are on Keno Hill, and most of the others on hills adjacent to Keno. Quartz Recorder Gillespie and others of the gold office are busy receiving and filing the applications and diagrams and issuing grants.

Yesterday the applications received over the past two-thirds are for locations made on Galena Hill. Something like fifty claims have been staked there. A few staked last fall and others since the snow went off this spring.

New Find.
Arrivals yesterday from Mayo brought word that the first stakings on Galena this spring were on the Duncan Creek side, but that since the middle of this month a new find has attracted attention on the westerly or Galena Creek side, toward the McQueen valley. About thirty men are said to be joined in a stampede over the hill from Duncan Creek

Popular and Reliable

10c CIGAR

Union Made in Vancouver Since 1906

and Keno City between July 17 and 20, and to have staked, and others were reported going over to stake at the time the last advices were received from there. Ed. Elwell, old time Hunker Creek miner, who arrived on the Nasutin yesterday, was one of the stampedeers and stakers. He says the trail from Keno City over to the point where the more recent staking began was about four miles long, and through the timber and brush. The discovery, he states, is on the face of a bluff on what is known as Porcupine Creek, which enters Galena Creek three miles above the old Silver King mine.

HUGE PROBLEMS BEFORE PEOPLE

Montreal Gazette in Urging an Immediate Election Refers to Them.

The old Conservative paper the Montreal Gazette is out for an immediate election. It says: "Failure to reorganize the cabinet is the chief cause of the present undesirable condition. The electorate know that at least one-third of the present cabinet want appointments. Delay in cabinet reorganization necessitated postponement of an appeal to the electorate when the people were more favorably inclined to the new leadership. A strong contributory cause to the government's position has been the precedence given to world, European and Imperial affairs when our domestic problems are of such magnitude as to demand the undivided attention of our government."

National Tragedy.
"No government was ever confronted with greater domestic problems. Our foreign trade has decreased at an alarming rate; our revenue is only maintained by increasing the burden of direct taxation; our national railways are a national tragedy, and unemployment is so serious that it alone would call for the undivided attention of even stronger statesmen than are at present in office or in parliament. It needs a strong government to handle the present situation. The Prime Minister cannot deal with these problems with so many of his colleagues seeking refuge. He must secure public confidence in his administration by bringing to it more vigor, more stability and more intensity of purpose. It has been urged by many that this can only be done by an immediate cabinet reorganization and an appeal to the electorate. It is urged by others that a redistribution must precede a general election, but this is held only by those who do not want a general election this year.

Should Be Consulted.
"The main and outstanding reason advanced for an immediate election is that stability and strong action cannot be obtained under present conditions and that under such circumstances the people should be consulted."

BAYLEY'S DEFENCE AGAINST ATHEISM

In defending himself against charges of Atheism brought by the St. Boniface school Board, W. D. Bayley, labor member of the Manitoba Legislature, said: "My viewpoint is that the idea of a transcendent personality, apart from the world, directing it in absentee landlord fashion and ruling as an autocrat, is out of date. I prefer the idea of an 'immanent principle' that is, God in and through all experiences and relationships."

Unborn tomorrows and dead yesterdays! Why forget about them. Today is everything. Advertise—now!
