Local Liberals Agree With Leader Against Tolmie-Headed Union

Reduction in Provincial Administration Costs Urged—Delegates Named For Convention in Vancouver Next Week

The Prince Rupert Liberal Association, at a meeting last night in the Metropole Hall, unanimously adopted a resolution approving the stand taken by T. D. Pattullo, leader of the Opposition for British Columbia and member of the legislature for Prince Rupert, in declining to enter a union government for the province with Premier Tolmie as its head. Various matters of public interest were discussed by the meeting which was called primarily for the purpose of electing delegates to represent this riding at the provincial Liberal convention to be held next week in Vancouver. There was a large and enthusiastic attendance which was presided over by W. O. Fulton, president of the association.

City Saves \$1500 By Exchanging of Railway Securities

The city council last night adopted a report from the finance committee recommending the acceptance of an offer from McDermid, Miller & McDermid, Vancouver bond-dealers, to exchange \$10,000 Pacific Great Eastern bonds at 4 1/2% maturing in 1942 for \$10,000 Northern Pacific bonds at 4 1/2% maturing in 1950 and bonus of \$1500, both being guaranteed by the Province of British Columbia and both being redeemable at par of exchange both as to principal and interest.

By accepting the offer, Ald. Coltart, chairman of the finance committee, pointed out that there would be a saving of \$1500 for application to sinking fund.

Member for Vancouver Centre Describes Task Confronting Liberals

With Political Freedom Won, Economic Deliverance Must Now Be Achieved, He Declares—Tolmie Action Dubbed as "Unparalleled Constitutional Monstrosity"

VANCOUVER, Sept. 27.—"Money must be dethroned as a dictator and must resume its real place as a servant of humanity," declared Hon. Ian Mackenzie, M.P. for Vancouver Centre, in a luncheon address to the Laurier Club here yesterday in which he set forth his conception of the tasks confronting Liberalism in Canada. He declared in favor of the establishment of a national bank to separate national financial policy from the private business of lending money.

Mr. Mackenzie described the Liberal party as the centre forward party, avoiding the extremes of reaction and radicalism. "The nineteenth century battle for political freedom being won, we must now dedicate ourselves to the twentieth century problems of economic deliverance," he declared.

What he described as the proceeding of Dr. Tolmie in clinging to office for another year after proclaiming publicly that his government had lost the confidence of the people and that his ministers had lost their own confidence was declared by Capt. Mackenzie to be a "constitutional monstrosity unparalleled in British history."

Acrimonious Wrangle Between City Solicitor Jones and Ald. Casey

Insults Charged

Was All Over Opinion Regarding Working Out of Poll Tax

After a rather acrimonious wrangle between Ald. Casey and City Solicitor E. F. Jones, in the course of which each charged the other with constantly "insulting" him, a procedure which each felt was rapidly becoming intolerable and should cease, the city council last night laid on the table for two weeks an opinion of the city solicitor holding that the city had no legal grounds to accept work in lieu of cash payment of the \$5 poll tax which is required from those desirous of registering as householders on the civic voters' list.

The quarrel between Ald. Casey and Mr. Jones started when the former charged the solicitor with the habit of "renegeing" on his opinions.

Mr. Jones, asking the protection of the chair, was immediately on his feet and charged Ald. Casey with "deliberately insulting" him. Nor was it the only occasion that Ald. Casey had made such remarks, declared Mr. Jones, but he was doing it repeatedly. He thought, because he was an alderman, that he could say anything. "I think I have stood enough insults from Ald. Casey," declared the city solicitor.

Ald. Casey thought that, he too, had stood enough insults from Mr. Jones. (Continued on page four.)

PROGRAM OF WORK

New Undertakings For Coming Winter To Be Brought Before City Council by Board of Works

Ald. J. H. Pillsbury, chairman of the Board of Works, and City Engineer F. N. Good intimated to the city council at last night's council meeting that the program of road work to be carried on by relief labor as set out last fall was now nearing completion and that it would be necessary for the council to soon set out another program for the coming winter.

The matter was brought up when Ald. Black inquired if it was the intention of the Board of Works to surface Eighth Avenue from Conrad Street to Seal Cove School to make it more passable.

The city engineer informed the council that the rough grading of Eighth Avenue east of Conrad Street, Claude Street and Seventh Avenue, Donald Street and Alfred Street had been completed. Rough grading was now in progress on Alfred Street between Hays Cove Avenue and Tenth Avenue, Hays Cove Circle, Green Street, Summit Avenue, the east side of Hays Creek to the fishermen's floats, the elevator road and Vanarsdol Street was now under way.

SCRIP IS DISCUSSED

City Council Refers Requests of Unemployed in Regard to Relief to Finance Committee

Accompanying a letter from T. W. Murphy, secretary of the National Unemployed Workers' Association, in which request was made for the increasing of the relief allowance for children of the unemployed, providing them with clothing and free school books and the replacement of the present system of issuing grocery slips by the issuance of scrip negotiable at any store where the recipients desire, a delegation from that organization consisting of Mr. Murphy, Charles Chapman, T. Scully, W. Pawchuk and Mr. White waited upon the city council at its meeting last night.

The letter from the National Unemployed Workers' Association urged a relief allowance of \$3 per week for all children over the age of 16, \$1 a week for children under six, \$1.50 per week for children up to 10 years of age and \$2 per week for children up to 15 years. Clothing for all children under and above school age as well as free school books for children of unemployed was requested. In addition to making the request for issuance of scrip instead of grocery slips, the communication asked, in the event of the federal government deciding to pay half (Continued on Page Four)

CAUSES OF DIFFERENCE

Members of National Cabinet in Dispute Over Disarmament—Switches Rumored

LONDON, Sept. 27.—It was revealed in political quarters yesterday that the disarmament question, in addition to tariff differences, also figured as a factor in the National cabinet crisis which is expected to come to a head tomorrow with the resignations of Sir Herbert Samuel, Liberal Free Trade leader, and Viscount Snowden.

It is understood that Premier MacDonald will transfer Sir John Simon to the Home Office in succession to Sir Herbert Samuel and that Lord Londonderry will take over the foreign ministry.

EFFECT ON BOND PRICES
 Prior to the issue of the Kidd report British Columbia government bonds were selling better than the bonds of several other provinces. Since that time they have fallen off in their relative positions. A list just received from Toronto shows them quoted at a price to bring an interest return of \$5.84 only Manitoba being below them, the return on those being \$5.90. Alberta bonds bring investors \$5.78.

BAROMETER OF BUSINESS
 A report on the results of the Canadian National Exhibition at Toronto this year indicates that there was renewed interest by inquirers and that actual business was greater than for two previous seasons. While luxury lines were generally down, the interest in pianos and cosmetics was up. The chief increase was in agricultural implements, in while line 95% of exhibitors reported better business.

VALUE OF DOLLAR
 A Minneapolis firm reports as a result of investigations made by them that the dollar of 1926 will purchase today \$1.55 worth of goods. This is the lowest since 1917. Food costs are about the same as in 1913; clothing the same as in 1916 and rents are down to 1919 levels. This means that the salaried individual has his purchasing power increased by more than one-half since the depression commenced.

THE TOMATO
 The tomato was once only an ornament. The fruit was grown by the natives of Mexico since the earliest known times. They were then known as Xitomatoes or Zitotmates from which the present name is probably derived. The Italians were the first to discover its food value but many feared to eat the fruit because of its close relationship to the deadly nightshade. Today the tomato is recognized as one of the means of securing for the body minerals and vitamins, both necessary to health.

SCHMELING VICTOR OF WALKER BY TECHNICAL K. O.

Toy Bulldog Beaten Near Into Pulp Before Bout Was Called In Eighth of Fifteen Rounds

NEW YORK, Sept. 27.—Max Schmeling, the German former world's heavyweight champion, more than justified the confidence of his supporters at Madison Square Garden's Long Island Bowl last night by reducing Mickey Walker to a blinded and quivering pulp to end their scheduled fifteen round engagement in the eighth round by a technical knock-out. Walker's defeat was so decisive that even his manager, Jack Kearns, agreed with the action of the officials in mercifully calling the bout to a halt. Although he went down for the count of seven in the first round, Walker actually carried the fight to Schmeling in the fourth and fifth rounds. At the close of the fifth, Schmeling closed one of Walker's eyes with a long jolt to the head which had the Toy Bulldog reeling. Playing on Walker in the seventh and eighth with long range rights and lefts, the German effectively beat his short but stocky American opponent down. In the eighth, Schmeling closed Walker's other eye and put him down for the counts of six and nine before the referee awarded the technical knock-out decision. After the fight it was revealed that Walker was almost totally blinded and would have been unable to carry on in any case.

SOFTBALL AT HIGH SCHOOL

Tobey's Tigers Outclass Obata's Braves 17-6 in Hectic Struggle to Keep Out of Cellar

Gathering nine of their 17 runs in the first inning, the Tobey Tigers inflicted a severe defeat on the Obata Braves in High School softball yesterday afternoon. With two defeats and no wins, the Braves have now sole possession of the cellar. They were outclassed by the Tobey both in the field and at bat. Running the bases at their own pleasure, the Tigers made a home run, two triples and many doubles. They also made a double-play in the first inning. For the Tobey, Allen, Tobey and Forbes were best and, for the Braves, B. Tobey, Nakamoto, Fulton and Obata starred.

WORKERS' DEMANDS

List Presented to Council Two Weeks Ago Laid on Table For Another Fortnight

A set of five demands from the central council of employed and unemployed workers' unions of Prince Rupert in regard to relief matters and working conditions which was presented to the city council two weeks ago was further laid on the table for two weeks on coming up again at last night's council meeting.

Members of the council held the view that a number of the matters brought forward were more essentially problems to be dealt with by the federal government. On the motion of Ald. Macdonald, the list was laid on the table for a further two weeks.

The demands are in effect as follows:—The institution by the federal government of adequate unemployment insurance.

The setting up of a six-hour day and five-day week without reduction of pay.

Adequate relief allowances for the unemployed: \$8 per week for single persons; \$10 per week for married couples with \$2 per week for each child.

Payment of union wages on public relief projects.

An end to eviction of unemployed workers for non-payment of rent, and exemption from taxes and interest of unemployed workers' homes.

TRAINING FOR BOUT

Windle and Gurvich Both in Great Shape and Close Contest is Being Anticipated

Benny Windle and Nina Gurvich have completed preliminary training for their forthcoming bout at the Empress Arena and are commencing heavy work-outs. Both are in fine physical condition and the bout gives promise of being one of the closest pugilistic contests that has been seen here in some time.

As local fight fans know, whenever Nina enters the ring, there is plenty of action. Much the same may also be said of Windle.

Five excellent preliminary bouts have been lined up, particulars of which will be announced later.

The farmers and gardeners of Central British Columbia are making an effort to supply the Prince Rupert market with vegetables, fruit, potatoes, poultry and eggs and other products of the district.

Prince Rupert people are asked to encourage this movement by asking for Central British Columbia products whenever practicable. Co-operation in this matter encourages merchants who buy from farmers and if the farmers are prosperous it will be an encouragement for others to take up land and thus add to the buying power of the whole northern and central part of the province.

Householders can help by keeping this in mind

and asking merchants for Central B. C. products whenever possible.

CONFERENCE CRITICIZED

Ald. Casey Offers Motion to Council on Economic Matters—Laid on Table For Two Weeks

Ald. Casey placed before the city council last night a motion expressing regret at the failure of the recent Imperial economic conference at Ottawa to commit itself on the matter of stabilization of silver, commending the Dominion government for resuming trade relations with Soviet Russia and expressing the opinion that Imperial trade agreements would not solve the economic problems facing the world while the masses of the workers remained idle.

After a rather lengthy silence, Ald. Casey's motion was finally seconded by Ald. Rudderham so that it might come before the council for discussion. Ald. Rudderham stated that he was in approval with the resolution except for the clause dealing with stabilization of silver.

Ald. Casey held that the Imperial conference had done as little as it possibly could. The delegates had spent a lot of money, had a good time and had gone away with a few trade treaties which would do the world as a whole no good. The conference, indeed, had been a waste of time and money. What was needed in the world today were markets and these could only be provided by the masses of workers who were now starving and had nothing to do. The council was welcome to lay the motion on the table or revise it if it so wished, Ald. Casey said.

Ald. Macdonald thought it would be well if the members of the council were given two weeks to cogitate on the matter and he moved that it be laid on the table for that time. The motion to this effect was carried, each alderman to receive a copy of the motion in the meantime.

A recommendation from the city collector that the city solicitor be empowered to take the necessary steps towards recovering amounts due by persons with whom some difficulty was being experienced in the matter of collecting trade licence fees was adopted by the city council at last night's meeting.

SCRIPT IS DISCUSSED

the cost of relief work, that the city pay its portion in cash at the rate of \$4.60 per day.

In the course of their remarks, members of the delegation declared that children of the unemployed were already underfed and that, with winter approaching, it was essential, in the interests of their health, that they should be adequately clothed. The chief complaint of the delegation appeared to be that unemployed men with families were not receiving adequate relief allowance at present.

It was impossible for them to purchase enough food to preserve their strength and capacity to work. Communications which were read from the Canadian Brotherhood of Railway Employees, H. R. Hill, secretary; United Brotherhood of Carpenters and Joiners, and Northern British Columbia Fishermen's Association, J. Roberts, secretary, also urged the advisability of issuing negotiable scrip instead of grocery slips.

Views of Aldermen
Ald. McCutcheon expressed himself as being in favor of the scrip system so that the unemployed might have the privilege of buying in the cheapest markets.

Ald. Macdonald was also in favor of the system of scrip if it was practicable.

It was a matter which would have to be carefully investigated before a change could be made, Ald. Collart felt. If the recipients of grocery slips were not satisfied with the prices being charged by their grocers, they could always get redress by complaining at the relief office.

Ald. Casey saw no complications to prevent the change being made immediately. It would be just as easy for the city to redeem scrip as grocery slips.

Ald. Pillsbury thought the matter should go to the finance committee. There were many factors to be considered.

Ald. Black pointed out that it would be first necessary to arrange credits at the bank whereby scrip would be honored.

Mayor Orme added that, at present, grocery slips were being carried for a time by the grocers. Under the scrip system, it would be necessary to arrange for the bank to do this.

After further discussion, Ald. Collart and Ald. Pillsbury moved that the matter be referred to the finance committee. Ald. Casey moved that the system of scrip instead of grocery slips be approved but got no seconder. The motion carried with Ald. Casey dissenting.

City accounts for two weeks ending September 23 totalling \$6070.69 were passed for payment at last night's council meeting.

HAIR FLIES AT COUNCIL

(Continued from Page 1)

Jones. He then proceeded to resurrect a police court case of some years ago by which he sought to justify his valuation of Mr. Jones' opinions. It was a case in which Ald. Casey charged that, at the instance of Mr. Jones, a number of women had been fined \$50 each in police court for selling books without a licence, all the fines but one being later remitted with the agreement of Mr. Jones.

The fines had been remitted on the grounds of sympathy and not on his advice, Mr. Jones replied.

Not satisfied, Ald. Casey, later in the discussion, urged that the council get an "unbiased" outside opinion on the legality of work being given instead of cash in the payment of poll tax.

Again, the city solicitor claimed that Ald. Casey's remarks were unfair and appealed to the chair.

The mayor did not believe it was right for Ald. Casey, because an opinion did not suit his views, to suggest that it was biased.

The city solicitor thought that he was entitled to an apology from Ald. Casey for the remark.

The Opinion

In presenting his opinion, City Solicitor Jones quoted from the Municipal Act to the effect that no person was entitled to get his name on the voters' list unless he had paid the \$5 poll tax, property tax to that amount or over or was exempted. Nor could the point be covered under unemployment relief which was limited to food, clothing and shelter. There was no provision under the Act for the city to give money for the purpose.

Ald. Casey did not think the opinion of the solicitor covered the point. Actually, the city had the right to give work to anyone it liked and pay cash for same. In permitting householders who were unable to pay to work out the \$5 necessary to pay the poll tax, however, it could be done without any exchange of money or actual loss to the city.

Ald. Macdonald was in favor, if possible at all, of allowing householders to work out the poll tax.

Ald. Rudderham, who had brought the matter up originally two weeks ago, would like to see the request effected if there was any way of doing it.

Mayor Orme pointed out that the matter would have to be kept separate from relief.

Ald. Black felt the council should be very careful in the matter. There might be the danger of an election being upset if there were improper registration of voters.

This was possible, the city solicitor agreed.

If the council permitted poll tax to be worked out, it might just as well allow the land tax to be worked out too, Ald. Linzey thought. He thought the city solicitor's opinion should be accepted.

After the city solicitor pointed out that the council was actually seeking to evade the Act on the point, the dispute with Ald. Casey arose.

Later the discussion closed when Ald. Macdonald suggested that the opinion of the city solicitor be laid over for two weeks.

An amendment of Ald. McCutcheon that an outside opinion be sought was not seconded, other members of the council feeling that expenditure along this line was not justified.

Fred Clendenning, who will represent the Empire Shipping Co. in connection with the loading of the Dutch steamer Flensburg at the local elevator this week, and Mrs. Clendenning arrived in the city from Vancouver on the Catala this morning. Mrs. Clendenning was formerly Miss Lorna Tite, daughter of Mr. and Mrs. George D. Tite of this city.

BEAR LAKE DESCRIBED

Local Man Returns From Trip Into That District

There is nothing so very rich about the Bear Lake country according to Murdoch McKenzie who returned last week-end after a quick trip in there by way of Stuart Lake. He was away less than three weeks, having made the trip to get some samples from a group of claims owned locally. Assays on this have not proved very encouraging.

In the section of the country visited by Mr. McKenzie there was not much doing. Very few people were in there except natives. The activity is at the other end of the lake.

Mr. McKenzie tells about a native who wanted to rent him a little dugout canoe for ten dollars a day. He says so many people with money have been in there and have spent money so lavishly that the natives think everyone is a millionaire.
