Twenty priests officiated.

BELFAST, Sept. 26.—One version of the origin of the latest rioting in Belfast was that the Unionist crowds threw a bomb into a grocery store on Milewater Road, which was hitherto outside the riot area. The Republican mob opposed the Unionists.

Military reinforcements, which arrived on Sunday, applied vigorous measures to quell the disturbance.

Two Harrys Are Operators

Mayor Rochester and Harry Davey Swapped Yarns at Victoria Recently.

Just a few days ago two men who topped telegraph keys in the same office years ago came together and talked of the olden times says a Victoria exchange. Mayor Harry Rochester, of Prince Rupert, and Harry Davey, telegraph operator in the Colonial office worked in the old C.P.R. office on Trounce Alley at the latter end of the last century. Mr. Rochester was on the Victoria end of the old Straits cable that ran from Clover Point to Port Townsend and over which went the U. S. business of the telegraph company. Mr. Davey looked after the Vancouver wire.

It was in 1890 that Mr. Rochester came to Victoria and went to work for the C.P.R. He had learned telegraphy back in Ottawa and had come out to Banff for his health, proceeding to the coast from there. After tapping a key here for some time he went to Port Townsend, then to San Francisco, and finally back to Ottawa, where he was confined to his bed with inflammatory rheumatism for several years.

Mr. Rochester came west again and worked for the Government Telegraph at Ashcroft. In 1907 he opened the first government telegraph at Prince Rupert, and later went into other business for himself, finally becoming proprietor of the Prince Rupert Hotel.

The other Harry saw Mr. Rochester last about ten years ago when wireless operator on the Steamer Quadra which used to call at Prince Rupert. Mr. Davey is acquainted with many of the oldtimers at Rupert.

The two Harrys mutually admire each other. Mr. Rochester claims his former colleague to be one of the finest operators that ever touched a key, and on the other hand Mr. Davey declares that the Mayor of Prince Rupert was a mighty good man on the end of a wire. "The old Port Townsend cable used to leak quite a bit, but Harry was the man to handle it," he asserts.

Squirrel Sold Well Saturday

Ten Per Cent Increase in That Fur Above Spring Prices.

NEW YORK, Sept. 26.—With a grand total of \$3,265,000 the annual fall auction in the Masonic Hall here came to a close Saturday. Raccoon and squirrel had all the better of it so far as bidding was concerned. Both brought very good prices which particularly showed the strength of squirrel. According to buyers comments the so-called fancy furs did especially well throughout the entire auction and the withdrawal of these pelts from the warehouses have been particularly active. This is taken here to present short stocks in the hands of the dealers and manufacturers and probably higher prices.

Compared with the average prices obtained at the April sale those received for the furs sold Saturday showed these percentages of change: Kolinsky, 25 off; German fitch, none; Russian fitch, none; Civet cat, higher; Nutria, 40 off; Persian lamb, 20 off; northern and southern wild cat 10 off; northern raccoon 10 above, southern wild cat, 35 above and squirrel 10 above. The next sale will be held here in January.

Alleged Beat Interned Men

Police Said to Have Called Men Irish Swine and Assaulted Them.

CORK, Sept. 26.—Republican Liaison officers state that British Constabulary waylaid a party of citizens on Saturday night and manhandled them while the women of the party fled in terror. A police patrol of five men were accosted on St. Patrick's bridge by a large patrol of British police who called them Irish swine and assaulted them with batons and revolvers, stabbing one man in the arm with a bayonet.

It is stated the Republicans of Cork City Council sent a statement to the Sinn Fein from the commandant at Spike Island in regard to alleged severity of treatment of the Sinn Feiners interned there. The soldiers are said to have beaten interned men with rifle butts and stabbed several because they insisted on singing songs in the houses at night.

The interned men refused to work next and the military authorities are said to have burned their huts. A list of 28 beatings are included in the statement.

DRILLING SIX NEW OIL WELLS

Fort Norman Lands Being Staked by Imperial Oil Co., Which is Also Buying.

EDMONTON, Sept. 26.—Drilling will be in full swing at six wells at Fort Norman this fall, according to Wada, the Japanese and W. C. Wilson, who is post manager for the Northern Trading Company at Fort Norman.

The arrival of the party has exploded the rumor that the Imperial Oil Company has struck another oil gusher on Bear Island. "It is absolutely impossible that the Imperial Oil gang should have struck oil since we left," said Wada.

The Imperial Oil Company has staked some 16 claims recently giving them 64 square miles, while they are staking still more and buying up every inch of property in the Fort Norman fields.

The Fort Norman Company is drilling on the Nicholson claim six miles from the Imperial No. 1, and about 45 miles from Fort Norman.

The Imperial Oil Company has removed its drilling outfit from Imperial No. 1 and are starting operations with this outfit on the Siman's claim on the opposite side of the river.

Bolshevik Vamped by Lovely Woman

Constance Talmadge Radiates Charming Personality in Picture Shown Tonight

Three Reds were in the cellar tackling ten-year-old bottled-in-bond, and one very vicious looking Red was in the library of the Stanhope mansion, revolver in hand, guarding the heir apparent to the Stanhope millions.

Jim Stanhope was writhing in his chair while a clock ticked at his feet. It was the ticking of the clock that annoyed him, because every tick of the clock brought Jimmy a pace nearer eternity.

As the ticking continued Jimmy had visions of wading across the Styx while a very ruddy devil leered at him. He was seeing red. Was there no way to stop the beastly thing? The husky Red towering above him, the very personification of labor's triumph over Capital, grinned maliciously.

Soulful Eyes.

Ah! A woman's step on the casement. Mr. Red turned to find himself looking into the soulful depths of a beautiful pair of eyes. Fair lips were smiling at him, while the young lady swathed in a gorgeous clinging kimono, gave him a very naughty Once Over.

Constance Talmadge as the young lady responsible for the fall of this Bolshevik radiates her charming personality in the role of Mary Blake—a born vamp, and a highly successful one at that—the heroine of the John Emerson-Amita Loos story "The Perfect Woman" which comes to the Westholme Theatre tonight.

Without advertisements, this paper would not be as interesting to you, because information about goods for sale in the stores is news—just that.

Music Is Not All Harmony

MONTREAL, Sept. 26.—Joseph Webber, president of the American Federation of Musicians, has refused permission to the British Revue Company for the admission to Canada of Conductor Culrick on a direct tour of the British Theatrical Company. The reason is that Culrick is not a member of the American Union.

Resentment is felt in London that Americans can interfere in strictly British affairs and the Canadian management has wired Culrick to come on. They are preparing to fight the right of the United States to interfere.

WORLD SERIES CHATTERBOX

Sport Patrons Expect 1921 Games Will Be About Most Exciting in History.

NEW YORK, Sept. 26.—Base fans throughout the land have started their annual chatter-box the speculative forerunner of every World's series, the post-season classic of the national pastime. Patrons of the sport are predicting one of the greatest series in history.

Big Attendance. An average of 25,749 persons attended each game in the seven-game series played last year between the Brooklyn Nationals and the Cleveland Americans. The American League team, led by the famous Tris Speaker, defeated Brooklyn 5 out of the 7 games. Three contests were played in Brooklyn and four in Cleveland.

The winners of the 1920 series follow:
First game, Cleveland 3 to 1.
Second game, Brooklyn 3 to 0.
Third game, Brooklyn 2 to 1.
Fourth game, Cleveland 5 to 1.
First game, Cleveland, 3 to 1.
Sixth game Cleveland, 1 to 0.
Seventh game, Cleveland, 3 to 0.

Stanley Coveleskie won three games for Cleveland, the first, fourth and seventh and gave two bases on balls in all of them. He allowed the Brooklyn batters five hits in the first game, one of which was a two-bagger by Zack Wheat. In the second game he also allowed the dodgers five hits, one a two-bagger by Griffith, the Brooklyn right gardener. The third was another five-hit game, with no extra base wallpops.

Wambugans' Triple Play. The most striking feature of the series was the triple play made by Wambugans, unassisted in the fifth game played at Cleveland on October 10. Wambugans, Cleveland second sacker, went through the series without an error. Olson had put 12 putouts and 20 assists; Kilduff, 15 putouts and 28 assists; Wambugans, 22 putouts and 17 assists. Sherrod Smith hurled two games for Brooklyn and allowed but one run in each, yet the Clevelanders beat him by that one lone tally in the sixth game at Cleveland.

Smith's Home Run. Elmer Smith, the Cleveland's right fielder sent the ball sailing over the right wall in the fifth game, at Cleveland, scoring three men ahead of him. All of those who crossed the pan before Smith had hit safely and Cleveland earned four runs in the first inning.

BARRING MAYFLOW FROM RACES EXPECTED

BOSTON, Sept. 24.—The action of the trustees of the North Atlantic Fishermen's trophy in barring the schooner Mayflower of this port from the proposed international championship races off Halifax, N. S. was no surprise to New England fishermen. The question whether the Mayflower, with the speed and lines of a yacht, would be accepted, has been discussed up and down the coast for months.

Fishermen back from the banks where she has plied the fisheries through the spring and summer have come back with word of sailing stunts that made the old salts of the fleet withhold entry of their vessels for the championship, conceding that the Mayflower was queen of the fleet.

Ball Games at Fair Smithers Thursday

The results of the baseball games at Smithers last Thursday resulted as follows:
Telkwa 10; Smithers, 8.
Kennedy's Golts, 11; Burns Lake, 7.

Football.
Telkwa 2; Smithers 1.
Telkwa is to play Hazelton tomorrow at Hazelton.

Harold K. Jefferson arrived from Butedale last night and left on this morning's train for Port Essington.

SONS OF CANADA LOST SATURDAY

Defeated by All Stars for First Time in Season—Score 3 to 1.

The Sons of Canada suffered their first defeat of the season at football on Saturday afternoon when an All Star aggregation from the Senior League beat them by a score of 3 to 1. The match was a listless one and quality of play was not up to that of the regular league games. The Stars put up the better football, the Sons not seeming to have their heart in winning. All the scoring was done in the first half.

The play in the first half was very good and the Stars showed some splendid combination. Bob Stewart, playing in the left position, being the star of the team. He excelled his showings in any other game of the year. The Stars made their first score through Sid Hardy and E. Warren scored for the Sons. The second goal came for the winners when H. Menzies miskicked into the opposing goal. The last score for the Stars was made by Fanthorpe. In the second half, the Sons switched the positions of their players. The Stars played eleven men to the ten of the Sons.

There was a good crowd of spectators, tickets having been sold in advance. R. Mercer was the referee and the linesmen were A. Clapperton and Frank Vickers. The teams lined up as follows:

Sons of Canada—Thompson; V. Menzies and H. Menzies; Mitchell and Shakespear; Clarke, E. Warren, Moffatt, Lane and S. Butters.
All Stars—Martin; J. Stewart and H. F. Wearmouth; Mansell, Fanthorpe and R. Stewart; S. Hardy, E. MacIntosh, Westwood, Wiggins and Fanthorpe.

Sport Chat

It is gratifying indeed, to learn that the churches are to take an active part in this winter's inside sport program in the city. Church clubs in the various leagues, junior and senior, girls and boys, will be welcome and they cannot help but have a good influence generally being conducted under such auspices. The Methodist and Presbyterian Churches may have basketball teams while the Baptist is to go in more for the strictly physical training end. Church athletic clubs and leagues have proved very successful in other cities and, with proper organization and enthusiasm, there is no reason why they should not be in Prince Rupert.

For the first time on the Pacific Ocean, the game of shipboard golf was last week introduced aboard the Admiral Silver State. It is played with a mechanical device and is calculated to keep devices of the famous outdoor sport in practice during long voyages to the Orient. In the centre of the main boat deck is anchored the apparatus to which is attached the golf ball to a strong wire. The ball is placed on a tee as in the regular game and the device registers the distance of the drive so that scores can be calculated. The interest displayed in the innovation promises to make the new game most popular and arrangements are being made to have it installed on other steamers.

A young lady writes to know if some good exercise to keep in trim during the winter can be suggested. Bedroom curling should prove interesting. Here is how it is played: Take an ordinary broom and after rolling a sheet or two of newspapers in a hard ball, toss on floor. Then proceed to manipulate the broom to and fro in front of and behind the paper ball. Give the ball a vigorous shove with the broom every now and then until a whole carpet has been gone over. A considerable quantity of dust will be collected in this game and this may be removed by an implement for the purpose known as a duster which mother should be trained to hand you at the end of the first chukker.

Sue Grand Trunk for \$20,000 for Causing Man's Death

EDMONTON, Sept. 26.—A damage action amounting to \$20,000 arising out of the circumstances surrounding the death of Stefan Madynski in the Grand Trunk Pacific Railway yards on August 30th, was filed in the supreme court offices Friday morning by Knott and Garteley, solicitors for the relatives of the deceased and the claim asserts that the company was responsible for the death which occurred.

Stefan Madynski was an employee of the company at the time of the accident, in the maintenance-of-way department, and working on a telephone pole when as a result of a fall death ensued on the date in question.

Amongst other things the company is charged with negligence in not providing a reasonable safe place for Madynski to work, compelling him to engage in work in which he had no previous experience and the employment of improper and dangerous methods.
