Mackenzie Pleads for Soldiers' Beer

They Want Legislature to Approve Commissioners under new Act; Duncan Favors Another Method and No Prescriptions

VICTORIA, March 3.—Unless the returned soldier clubs are driven out of existence and the splendid work they have been doing on will be stopped, declared Capt. Ian Mackenzie, in a speech on the liquor bill in the Legislature yesterday. He was acting as a director of the Moderation League and representing practically all the returned soldiers' organizations in the province.

The returned soldier representatives visited the Parliament building today and presented all the members with a copy of the "beer clause," which they had inserted in the bill.

The clause proposes a special commission to authorize vendors to sell beer to returned soldiers.

Mr. Mackenzie, in his speech, said that the Moderation League is in favor of the proposed clause, but that it is not in favor of the proposed amendment.

He favored the question of appointment of three members to the commission, not five.

Mr. Duncanson of Cowichan, in a speech, said he thought the whole a good one. He was in favor of the nomination of the Moderation League parties and the Moderation League. He also urged the prohibition of prescriptions.

COCKER SPANIEL BEST DOG IN KENNEL CLUB SHOW.

Midkiff Seductive, a cocker spaniel that was crowned king over 1,800 dogs that took part in the Westminster Kennel Club Show in New York city. Dr. De Mund, after rendering his decision in favor of the spaniel, said: "They were two splendid dogs. I gave the cocker the prize over the Pekingese Phantom of Ashcroft because I consider that she is a better cocker spaniel than the Pekingese is a Pekingese."

SOVIET PUTS DOWN SERIOUS REVOLT IN RUSSIAN CITIES

LONDON, March 3.—The latest reports to the British Government indicate that Russian Soviet troops have suppressed the revolt in Petrograd and Moscow. A late report yesterday indicated that an overturn of the Soviet Government was possible, but there does not seem to have been much truth in that.

TWENTY PER CENT ARE IDLE

Shipbuilders Have No More Contracts in England, Says London Paper.

LONDON, March 3.—Almost twenty per cent of the shipbuilding berths in England are vacant and the shipbuilders have no contracts on hand, says the Morning Post. Twice as many orders have been cancelled as have been placed.

WALLACES LAUNCHING VESSEL AT VANCOUVER

Canadian Skirmisher will Take Water on St. Patrick's Day—Miss Langford Sponsor

NORTH VANCOUVER, Mar. 3.—St. Patrick's Day, March 17, has been chosen as the date for the launching of the steel freighter, Canadian Skirmisher, being built by Wallace's here for the Canadian Government merchant marine services.

Miss Dorothy Langford, charming Vancouver society girl and niece of F. W. Peters, C.P.R. superintendent, and who danced with the Prince of Wales during his visit here last summer, will sponsor the launching.

The Skirmisher is the sixth similar vessel built for the Canadian Government and completes the Wallace contract.

Steel Works Proposal Looks Very Good to Local Experts

A. C. Garde Tells J. C. Gavigan to Bring Message of Encouragement to People of Prince Rupert; Site Proposed is Near Port Edward

"Tell the people in Prince Rupert that everything looks favorable for the establishment of a smelter on Kaien Island near Prince Rupert," said A. C. Garde to J. C. Gavigan at Victoria a day or two ago. Mr. Gavigan was in Victoria, Vancouver and Seattle on a buying trip in connection with the Rupert Table Supply when he met Mr. Garde in Victoria fairly bubbling over with the apparent success of the smelter proposition which he had been taking up with the recently formed iron and steel company and also with the Government.

Mr. Garde said the Provincial Government had promised a suitable piece of land near Port Edward for a site and the whole scheme had been laid before the promoter of the steel enterprise with the result that they said it was the best proposal that had been made to them so far. They left on Saturday for England where the whole scheme will be laid before the old country capitalists who were mentioned at the time of incorporation of the company.

Provides Bonus. The Provincial Government, besides providing the site, has arranged for the company to secure the bonus provided by the Legislature at a previous session. This bonus is the attractive feature about the concern and makes it a commercial possibility.

Mr. Garde's proposal includes the taking of limonite ore from the big deposits at Copper River and possibly developing the Copper River coal field which has a good coking coal. Magnetite would be secured from one or more of the big deposits in the neighborhood, possibly Porcher Island.

The company that was incorporated last November is known as the Coast Range Steel Company, capitalized at \$15,000,000, with head office at Vancouver. The provisional directors at the time of incorporation included John D. Kearns, L. J. Landal, Ma-

joor Moore, A. T. Congdon and G. Stata of New York.

London engineers have been on the coast investigating the possibilities and it was announced in November that the investigations would take 90 days at least to complete. These have now been made and the engineers and promoters are on their way to England to lay their whole scheme before the principals. Some further investigations and tests will be necessary before any definite work can begin, and it is just possible that it may be decided to establish the works on Vancouver Island or the lower mainland, but Mr. Garde is confident that his proposal is better than any of the others and the engineers and promoters admit that it is the best they have yet received. Consequently he is very much enthused over the possibility of success.

MORGAN'S DOG TEAM WON DERBY

Delayed by Blizzards Time Took to Cover 200 Miles was Nearly Thirty-four Hours.

THE PAS, March 3.—G. B. Morgan's dog team won the dog Derby yesterday, the time taken to cover the two hundred miles with a sled was 32 hours, 50 minutes. The rest of the entries were far behind.

Blizzards were encountered on the trip, making the going very hard and uncertain.

Work Resumed in Local Shipyards

Whistle Blew This Morning for First Time in Months; Number of Men Being Put to Work

With the welcome blast of the whistle at 8 o'clock this morning, shipbuilding operations were again resumed at the local dry dock after the long tie up following the failure of the Newnan Erb contract. The new Wallace contract for the completion of the two Canadian Government merchant marine ships that have lain idle all winter is at last under way and men are being taken on today as they apply for work at the gates of the yard. Up to noon 75 men had been started and more are being taken on steadily. A start was made under instructions from J. A. Bull and J. B. Boudreau, representing the Dominion government, and final instructions from the head officials of the Wallace Shipyards at Vancouver are expected at any time.

Speaking to the News this morning, Hubert A. Wallace, director, stated that although things were now definitely started, work would have to be resumed slowly and it would be a few days before work was in full swing. The putting up of the power house and other details will await the receipt of further instructions from the Vancouver office.

LABOR LEADER IS BEATEN BY COALITION MAN

Ramsay Macdonald Defeated at Woolwich by Capt. George With Very Close Vote.

LONDON, March 3.—James Ramsay Macdonald, the labor leader, was defeated yesterday in an election for member of Parliament for the Woolwich constituency. His successful opponent was Captain George, a supporter of the Government of Premier Lloyd George, the majority being 316. The fight was a very close one, so close that it was impossible to tell what would be the result until the count was completed. The vote stood George 13,910, Macdonald 12,724.

PRINCE ALBERT REPAIRS DONE

Leaves for Stewart at Ten O'clock—This Evening—Fearful is Out

The Prince Albert was discharged from the local dry dock this morning, her annual overhaul now being complete. The Prince John was also at the dock transferring her cargo for Stewart to the Prince Albert. The latter vessel sailed at one o'clock for the island and the Albert goes tonight at ten o'clock to Stewart.

Extensive repairs to the tug Fearful, engaged in towing sand from McNicholl Creek to the new ocean dock are also complete and that vessel was also discharged.

Horrible Condition in Siberia is Described

Lieut.-Colonel Young, Red Cross Commissioner, Just to Canada after Two Years Spent in Country

VANCOUVER, March 3.—Describing conditions in Siberia as appalling, Lieut.-Col. Douglas Young, commissioner for the Red Cross Society in Russia, is here en route to Ottawa following two years' work in that country. Colonel Young declared that all Russians, irrespective of their political sympathies, acquired an immense respect for Canada. He recalled incidents which served to tell the horror which had overwhelmed Russia. On one of his journeys he brought relief to a train load of people, whom he found lying in tiers of three along the cars, reduced to such a condition through want of medicine and surgical appliances that they were operating on themselves and each other with kitchen knives without any anesthetics. Typhus was devastating Siberia, Colonel Young said, and glanders. If a man developed glanders he was shot because the disease was so infectious.

SOLID FIVE DO GOOD WORK

Bringing Resources of North Before People of Southern B.C.

VICTORIA, Mar. 3.—(Special by Mail)—More has been accomplished in the interests of the northern half of British Columbia through the work of the government's "Solid Five" in the present Legislature than is seen on the surface.

Concerted Effort

With the session scarcely "down to business," little of a constructive nature has been accomplished, but the northern members are working hard in the interest of their ridings.

Progress Loans

Agricultural development will receive greater support from the government than in the past, and the lands of the Skeena, Bulkley, Nechako and Fraser Valleys will be developed through government assistance.

land clearing, cultivation, the construction of buildings and the stocking of their holdings. This will be along the lines followed by the department in soldier settlement work and it is expected that plans will be completed with the opening of the spring season.

Out for Atlin.

Mr. Kerwin is fighting for the interests of Atlin with promise of success. His outlining of the resources and needs of that riding has resulted already in a decided display of interest.

Pressure to Bear.

The work of these members is well under way. Their success will depend largely upon the pressure they can bring to bear upon the ministers of the cabinet and the Premier, but certain it is, never before have the mines of Atlin, Omineca and Cariboo; the timber of Prince Rupert, and her fisheries; and the farmlands of the central plateau been so much in the public eye.

TEN YEARS HENCE

Reprinted from the Daily News of March 3, 1921

The Cow Bay question was discussed at length by the City Council last night and it was decided to hold tight to the riparian rights which it is claimed the city possesses.

Fish cars are expected to arrive in the very near future. It is reported that the Government is making strenuous efforts to secure construction of thirty in addition to those now in use.

The delegation at Ottawa report that they were shown plans of the new round house and station. These are most elaborate and complete.

There is talk of handing over the hotel site to the hospital to be raffled along with the post office site. Several dollars should be secured for a deserving institution by this means.

The Court House contract is let and work is about to proceed next week.

The Board of Trade had before it last night a new proposal in connection with the building of fish docks at Shawatlans Narrows. They will be laid before the Dominion representative for consideration along with a petition in regard to dredging Metlakatla bar.

The police commission at its regular meeting this morning decided to take a determined stand in regard to the repression of bootlegging and gambling.

Two proposals are being reported on by the Provincial engineer in regard to a road to the mouth of the Skeena River.

23:11 p. m., 17.6 feet.
Low, 3:58 a. m., 10.4 feet.
16:50 p. m., 6.8 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

BOILS SO BAD HAD TO GIVE UP WORK

From the days of Job, up to the present time, boils have been one of the afflictions of the human race.

All the poulticing and lancing you may do will not prevent them from breaking out again.

Boils are simply caused by the bad blood bursting out; and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters, which has been on the market for over forty years, is well known as the greatest blood medicine procurable.

It purifies the blood by removing every particle of foul matter from the system, and when this is done the boils vanish, and you should never be troubled again.

Mr. James Lacey, Newport Island, Que., writes:—I was troubled with boils on my back and neck, so bad that I was obliged to give up work. I tried several remedies, but got no relief. Finally I went to a doctor, and he treated me for several weeks, and all without benefit. At last a friend told me of Burdock Blood Bitters, so I decided to give it a trial. I got three bottles, but before I had taken two the boils were all gone. It is eight months now, and I have had no return of the old trouble, and have never felt so well.

RUPERT ROAD IS DISCUSSED

Engineer Carruthers Returns from Convention of District Officials at Victoria.

A. L. Carruthers, who returned
yesterday from Victoria, attended
while there the annual meeting of
district engineers of the province
at which Mr. Carruthers himself
read a paper on "The Weakness
of the Outside Organization."

There were a number of very
helpful papers and discussions in
regard to public works as it ap-
plied to the provincial department.
The engineers were entertained
by Dr. King, minister of public
works, at his residence and the
deputy minister and several mem-
bers of the Legislature were also
present.

While in the capital Mr. Car-
ruthers discussed with Hon. T. D.
Pattullo, Dr. King and the deputy
minister of public works, the
various public works proposals
for the district, including the con-
struction of a road from Prince
Rupert to Galloway Rapids on
Kalen Island. Nothing definite in
connection with this will be de-
cided until the estimates are
brought down. Mr. Carruthers
found both ministers keenly in-
terested in the road, the only dif-
ficulty being the problem of find-
ing the money for the work.

Mr. Carruthers mentions inci-
dentally that in the event of the
road being built it would be neces-
sary for the city to build a piece
of road connecting with it at the
end of Shawatlans Ave.

Moving a mountain with a teaspoon

Moving a mountain with a teaspoon may be possible, but the method is not to be recommended.

Establishing Provincial or Dominion-wide demand for one's goods may be possible without newspaper advertising, but again the method is not to be recommended. You can prove this for your- self by asking the first twenty persons you meet such questions as:

- | | |
|---------------------------------------|-------------------------|
| What brand of collars do you wear? | What tobacco? |
| What kind of shaving soap do you use? | What razor? |
| What breakfast food? | What cigars? |
| What tea? | What mustard? |
| What cocoa? | What sugar? |
| What coffee? | What shoes? |
| What underwear? | What motor car? |
| What chewing gum? | What tires? |
| | What brand of anything? |

Irrespective of location, the answers will reveal the names of products advertised in daily newspapers. This condition is not accidental. It is the result of ambition and vision and courage—particularly courage—upon the part of the manufacturers.

Daily newspaper advertising is not a venture to be undertaken lightly—but once started and persisted in, it will turn Dividends of Demand that no power on earth can forestall.

If you are not quite sure how to go about Daily Newspaper Advertising, write to us and we will advise you.

Causes of Pyorrhea

Pyorrhea is caused chiefly by irritation of some nature, such as tartar, which is probably the main cause. Fitting or loose fillings, badly fitting crowns, decayed teeth, too vigorous use of the toothbrush, or injury of some sort which carries infection down along the root of the tooth are other causes.

WATER NOTICE.

TAKE NOTICE that Granby Consolidated Mining, Smelting & Power Co. Ltd., whose address is Anxox, B. C., will apply for a licence for the storage of five million gallons of water out of the east branch of Hidden Creek which flows southerly and drains into Hidden creek, about two-thirds of a mile from Granby Bay.

The storage-dam will be located 200 feet from the east boundary of lot 2224. The capacity of the reservoir to be created is about five million gallons, and it will flood several acres of land. The water will be diverted from the stream at the dam and will be used for mining and domestic purposes upon the mine described as lots 480, 481, 482, 483, 484 and 485, 4243, 1675 and 1677, 2219, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2229, 2230 and 2231. The licence applied for is to supplement an application to take and use water as per water notice posted on 1st June, 1920 (see water branch file 022030).

This notice was posted on the ground on the 23rd day of February, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

ALICE LAKE STARS IN PARISIAN PLAY

"Body and Soul," a photoplay promising to be the most interesting of Alice Lake's appearances on the screen, will be seen at the Empress Theatre tonight.

Local motion picture theatre-goers have seen and liked Miss Lake in the comparatively few but more than comparatively successful pictures which have been hers since her sensational rocketing to popularity. As the fisher girl in "Should a Woman Tell?" and the not dissimilar but more ambitious role in Jas. A. Herne's "Shore Acres" her freshness of personality and strength of emotion placed her on an artistic plane which she achieved again as the rough diamond heroine of "The Mist Wife."

The Man in the Moon SAYS:-

THE delegates from the Union of B. C. Municipalities threatens to go before the bar. Is it any wonder Honest John wishes to abolish the bar.

ITS a sad tale, but they say a certain man in Prince Rupert got so far behind in his room rent he had to marry his landlord. That was many years ago, of course.

THE fortune teller was rather taken aback when the fair customer told her she wanted to know not so much about the future husband she would get but about the past of her present husband.

THERE are walnuts and hazelnuts and Brazil nuts and just plain, unvarnished, unmitigated nuts. The reference is to people living in Vancouver, of course.

IT was a brave man who undertook to kiss the wives of about thirty reputable citizens in one evening.

B. C. BEST SPOT ON CONTINENT

So Says Fred Stork, Who Returned Yesterday From Visit in South.

"I return from California convinced from what I have seen and read that British Columbia is the best spot on the continent with a better outlook than any other," said Fred Stork yesterday on his arrival home after four months' absence. Mr. Stork was looking in fine physical condition. He said he went away a sick man but returns fit and ready for anything. Mr. Stork said he found business conditions very quiet in the south. The readjustment was going on and the big centres were suffering. The exchange with Canada seemed to be injuring the United States more than it did Canada.

Most of the time Mr. Stork was away he spent in and around Los Angeles. He describes it as a city of apartment houses, hotels and movies. He attended a Canadian picnic about a month ago at Ocean Park at which there were 15,000 Canadians present. It was a wonderful event. He said it did him good to meet so many Canadians and among them many whom he had known in years past. Mr. Stork says it is good to be home again. While there are attractions in the south for a temporary sojourn, it is no place to live permanently and he is pleased to be back in Prince Rupert among his friends.

COMPLETE PROGRAM FOR VAUDEVILLE CONCERT TONIGHT

The complete program issued by the committee in charge of the hospital concert tonight shows in addition to the screaming one act farce in which G. S. Fitzmaurice, A. J. Collison, L. W. Barron, Miss Mills and Miss Gladys Kemp take part, there is a good selection of vocal and instrumental selections. The Aloha Quartette, the Alabama Coon Quartette, each appear twice and there are comic songs by Will Edmunds, F. Moore and Bob James; songs by Mrs. Bennett, Mrs. Alston and H. H. Street; cornet by H. G. Peyton; cello, Will Edmunds; xylophone by Professor Browne; and selections by the orchestra.

VANDERHOOF

Mrs. Lewis Johnson has gone to Edmonton to undergo an operation.

Mr. and Mrs. E. C. McGeachy entertained on Friday evening in honor of Mrs. Thompson who has returned to Vancouver.

On Friday evening Mr. and Mrs. Robert Reid entertained a number of old timers at a dance and whist drive. The winners were Mrs. Mitchell and George Outram.

Mrs. H. L. McKenny entertained the Social Card Club in the Vanderhoof Hotel on Tuesday. Among those in the prize class for the season are: Mrs. A. J. Richards, Mrs. Cecil Bartley, Mrs. H. L. McKenny, Mrs. E. A. Mitchell, Mrs. J. B. Arushaw, H. L. McKenny, A. J. Richards and G. Wilson.

Mrs. Henley entertained the members of the church choir at the home of Mrs. J. M. Johnston last Thursday. R. Telford, the leader, was presented with an ivory cased safety razor and fountain pen during the course of the evening.

TERRACE

A committee was appointed at the meeting of the Co-operative Association last week to investigate with a view to starting construction of a cannery here. Ground along the railway right of way can be rented for 20c a foot and it is proposed to secure a 100 foot site. The committee named consists of H. Frank, K. Olsen and A. Kerr.

It is reported here that the Remo sawmill is to open up this month.

As an investigation into the recent typhoid outbreak, samples of the water from Terrace wells have been sent to the Provincial Health Bureau at Victoria for analysis.

SURPRISE PARTY FOR MR. AND MRS. STORK

Half a Hundred Old Friends Gather at Their Home to Bid Them Welcome.

The home of Mr. and Mrs. Fred Stork was invaded last night by half a hundred of their old friends who gathered to bid them welcome home after their long holiday. It was a surprise party and a very jovial crowd. They immediately took possession of the house, and clearing the big living room, danced throughout the evening. Several tables of bridge entertained those who did not dance and there was always a group in the rustic smoking room with their feet stretched out to the inviting fire.

Buffet supper was served by the visitors at midnight and ex-Mayor McClymont on behalf of the visitors spoke a few words of welcome. Mr. Stork thanked them all and said the great pleasure in returning was to meet the old friends.

Those Present.

Among those present were Mr. and Mrs. McClymont, Mr. and Mrs. Fred Dawson, Mr. and Mrs. Cameron, Mr. and Mrs. Jas. Steen, Mr. and Mrs. Carmichael, Mr. and Mrs. Nelson, Mr. and Mrs. Starr, Mr. and Mrs. Dan Morrison, Dr. and Mrs. Grant, Mr. and Mrs. Nickerson, Mrs. Grieve, Mr. and Mrs. Miller, Messrs. TUG QUEEN IS SOLD TO VANCOUVER MAN

Deal is Made for Tug Engaged in the Car Ferry Service Out of This Port.

The tug Queen, which for a year has been engaged in towing the G. T. P. car barges between this port and Swanson Bay, has been purchased by J. H. Greer, of Vancouver, and will be used in general towage work out of the southern port. Captain Jensen recently took her south and she is at present at the B. C. Marine ways undergoing her annual inspection.

The G. T. P. had given up their charter of the Queen here before the deal was made. Another tug will be secured to carry on the car ferry service.

PUBLICITY ON FISH SITUATION

Copies of Trade Journal to be Placed on Desks of Members of Parliament.

At a special meeting of the joint fisheries committee from the Board of Trade, City Council and Fisheries Association held yesterday in the Board of Trade rooms a telegram of appreciation was sent F. S. Wallace for a comprehensive article on the Prince Rupert fish car condition published in the Canadian Fisherman and ordering a sufficient number of copies for one to be laid on the desk of each member of the Dominion Parliament, including the Premier and the members of the cabinet.

Another telegram was sent to Colonel Peck asking him to see that the copies were delivered and to place a personal card on each copy drawing special attention to the article. Mayor Rochester and President Williams of the Board of Trade each attended the meeting.

A CASE WHERE DOCTORS AGREE

Medical Science Practically Unanimous As to Treatment of Colds.

Doctors are practically unanimous that the drugs which should be used in the case of colds are aspirin, phenacetin, quinine, salol, caffeine citrate and camphor monobromate. This combination may safely be trusted in the treatment of colds or a case of grippe and the work it does is quick and effective.

Grip-Fix, a preparation now on sale at all drug stores, is a combination of just the ingredients advised by physicians for effective results. Grip-Fix has a record for relieving a cold in a night and even a case of grippe in forty-eight hours. With a box in the house, Grip-Fix is a full safeguard against any outbreak of colds. Be sure you get the genuine Grip-Fix with the formula printed on the box. It sells for 35c—a small price for a remedy so effective for colds. (Adv.)
