### NATIONAL LEAGUE WINS GAME AGAINST NEW YORK AMERICANS

#### Yankees Cinch Sixth Baseball Game of Series Making Tie

NEW YORK, Oct. 11.—Victory perched on the bats of the Yankees when the Yankee pitchers caved in and the American League team was engulfed in an eight to five defeat. Over 35,000 fans were present at the game, which evened up the world series, each team having won three up.

The Yankees pitched a mystical spell over the Yankees, ten of whom were struck out at the plate.

The Yankees were the best in every department of the game. They struck out the Yankees started off brilliantly in the first inning, scoring three runs and taking the lead in the second with two runs. They collapsed then and were held at the mercy of the Yankees for the rest of the game.

The Yankees made thirteen hits, seven of which were singles. Two errorless plays against the Yankees.

Runs: Yankees 8, Americans 5.

Errors: Yankees 0, Americans 2.

Outs: Yankees 10, Americans 8.

Umpires: R. H. E. 8 13 0  
5 7 2

The Brooklyn youngster is the Yankees' hero of the hour.

#### N. B. VOTED BONE DRY

Another Eastern Province  
Declares Against Importation  
of Liquor.

ST. JOHN, N. B., Oct. 11.—New Brunswick voted two to one in favor of bone dry prohibition against the continued importation privilege. All counties with the exception of two supported complete prohibition and even the cities went dry. Only one-third of the voters went to the polls.

FREDERICTON, Oct. 11.—The vote for the bone dry law in this province yesterday was as follows: for, 38,500; against, 15,000.

#### CANADIAN SCOTTISH ON WAY AUSTRALIA

Big Canadian Government Merchant Marine Freighter Reported Estevan Last Night.

The Canadian Scottish was reported last night from Estevan wireless station to be 175 miles off Tatoosh at 8 o'clock bound from Vancouver to Australia on her maiden voyage. The vessel sailed from Vancouver on Sunday.

#### IMMENSE SUM FOR BASEBALL PLAYERS FROM GATE MONEY

NEW YORK, Oct. 11.—The world series baseball players will share the biggest fund ever when the sum of \$292,522 is divided among them. No share of the balance of the games goes to the players under the usual arrangement after the fifth game.

#### EXPLAINS WHY CANNOT ACCEPT A NOMINATION

H. G. Perry of Prince George writes Letter to Secretary Liberal Association.

H. G. Perry, member for Prince George in the Provincial legislature has decided not to accept the nomination for the riding of Cariboo for which he recently received the nomination. His letter to the secretary of the Liberal Association follows:

While deeply appreciating the high honor the Liberals of Cariboo have conferred upon me in unanimously offering me the federal nomination, I sincerely regret finding it necessary to maintain the position which I early explained to the convention and must therefore regretfully decline the honor at this time.

My reasons are, as explained to the convention when declining to permit my name to go before it—

First—That I was elected by the people of Fort George constituency in opposition to them in the Provincial Legislature, and there are many serious matters affecting my constituency which I am determined to have satisfactorily dealt with by the government, and

Secondly—I find that it would be legally necessary for me to resign my seat in the Legislature before being nominated, and morally necessary because I could not be fulfilling my duties in the Legislature while campaigning in Cariboo.

Third—As a Liberal member, I considered it my duty to explain the wishes of the Cariboo Federal Liberal convention to the Hon. John Oliver as the official leader of the Liberal party in this province, and I believe, from his conversation, that my acceptance of the nomination at this time would be wrongly construed as an attack upon the Provincial Government.

Further: Knowing the size of the constituency of Cariboo, I am not in the financial position to conduct such a costly campaign as such a large and scattered territory would entail.

I regret to find the press reports wrongly made it appear that the delegates' request for me to accept nomination was an actual nomination.

Again expressing my deep appreciation of the unmerited honor the delegates so generously wished to bestow upon me, and assuring you of my loyal support to the cause of Liberalism and to the candidate chosen, I am, faithfully yours,

HARRY G. PERRY.

#### BELLA BELLA IS STILL PACKING COHOE SALMON

Is Only Cannery in District That Has Not Closed Up—Will Follow Suit Soon.

The only salmon cannery still operating in District No. 2, is the Gosse-Millard plant at East Bella Bella according to a statement made this morning by J. T. C. Williams, inspector of fisheries. This cannery is still packing cohoes, the run of chums being over. It will only be running a short time longer it is expected. All other canneries have finished for the season.

#### ARRESTED FOR SPREADING SEDITION IN INDIA.

The All Brothers, who are working for independence and a republican form of government in India, have just been arrested by the British Government for seditious speeches and attempts to spread ideas of mutiny in the Indian section of the British army in India. Shaikat Ali is on the left and Mahomed Ali on the right of the photograph. Their mother is in the centre. During the world war the two brothers were interned by the British Government. They were finally approached by British officials, who promised them their release on condition that the brothers would refrain from further participation in India's political controversies. Upon hearing of the proposal the venerable mother of Shaikat and Mahomed vowed that she would stab her two sons to the heart if they consented to the bargain. Needless to say, the brothers served their time of internment.

#### IRISH CONFERENCE HOLDING SESSIONS IN LONDON TODAY

LONDON, Oct. 11.—The conference of representatives of the British Government and Sinn Fein met this morning in the cabinet room, Downing Street. After the session, which lasted until 1 o'clock, the conference adjourned till 4.

#### GREEKS WIN ON NEW LINE

Stern Battle With Turkish Nationalists Being Waged East of Brusa.

ATHENS, Oct. 11.—The Greeks and Turkish Nationalist forces are now engaged in stern warfare along a new front in Asia Minor extending northward almost directly east of Brusa. On the southern end of this line, says an official statement, the Greeks have won a complete victory, driving the Nationalists from the field and inflicting heavy losses upon them.

#### FORT NORMAN OIL WILL GO TO VANCOUVER

Must Be More Producing Wells Before Pipe Line Would Pay.

VANCOUVER, Oct. 11.—Fort Norman oil will be brought to Vancouver for refining, state Imperial Oil Co. officials, who are visiting here, but further resources of the Fort Norman district must supplement the supply from well number one which is capable of producing 800 barrels a day, before the cost of a pipe line would be justified.

#### APPEAL AGAINST ARBITRATION OF GRAND TRUNK RY.

#### Half Million Dollars Would Be Cost of Power Project at Thulme River it is Estimated

Utilities Superintendent Ordered to Make Report on North Fork of Shawatlangs Creek for Auxiliary Power

The city superintendent of utilities last night presented to the council a report on the examination and surveys which he has made during the summer on the Thulme River power project in accordance with instructions issued last spring. Three men had been engaged on the work, but it had been found impossible to make any extensive surveys with the sum of \$2000 that had been provided to cover the expense of carrying out the examination.

The examinations had been made with two objects in view: first, modification of the costs of power house and dam; second, to determine the cheapest and best transmission line.

The total cost of the power house and transmission line and setting the plant would be \$457,000. This would provide a 4,000 horse power plant and the cost per horse power of getting the power to the city would be \$137.50 per horse power. Overhead expenses could be covered with \$10 a horse power.

The report proposed a 40 foot dam with a spillway. Here a reconstruction of \$80,000 would be made on the original estimate. A different transmission line had been laid out which would cost \$18,000 less than the original proposal. It would be 20 miles long and about 4 miles of the present line to Shawatlangs Lake could be used.

**Sell Shawatlangs Plant.**  
The report suggested the disposal of the present Shawatlangs plant to the Prince Rupert Pulp and Paper Co. and also the selling of the steam plant. Arrangements for an auxiliary plant could be made with the dry dock.

Ald. Dybhavn moved that the report be laid on the table and instructions be given to the superintendent of utilities to ascertain possibilities of the further development of the north fork of Shawatlangs creek. This was seconded by Ald. Frizzell.

**Shawatlangs Creek.**  
In speaking to his motion, Ald. Dybhavn read from reports made by Consulting Engineer Thompson, of Seattle, and Col. W. Mahlon Davis, then city engineer, in 1914. The reports stated that forty percent of the flow of Shawatlangs Creek was from the north fork. This could be diverted into Woodworth Lake, said Ald. Dybhavn, and would increase the flow over the dam. At the present time there was an overflow at Woodworth Lake which the hitching up of the north fork, might provide a much cheaper proposition than Thulme River and one which would possibly fill the need.

Ald. Perry stated that it was only at certain seasons there was a surplus at Woodworth Lake now. Ald. Dybhavn said that this could be remedied by raising the dam and thus providing a bigger reserve of water behind it.

**Must Be Tested.**  
Ald. Kerr felt that money would be well spent in ascertaining the capabilities of the north fork of Shawatlangs Creek. The Thulme River project and the flow there would have to be watched for several years in any case.

**RETURNING OFFICER.**  
VICTORIA, Oct. 11.—George Tuscombe of Vancouver has been appointed returning officer for the Comox-Alberni electoral district.

#### EFFORT GET ARIZONIAN IN LOCAL YARDS

Dominion Government Asked to Reduce Dock Dues at Esquimalt.

VICTORIA, Oct. 11.—The Dominion Government department of marine will be asked to reduce the drydock dues for the Hawaiian steamer Arizonian recently disabled in order to permit British Columbia repair yards to bid for the work.

The Victoria Chamber of Commerce supports the request of Varrows along this line. The Esquimalt dues are said to be higher than those south of the boundary.

H. J. F. Turney of the Wallace Shipbuilding and Drydock Co., Ltd. said they did not yet know whether they would be bidding on the Arizonian repairs until they knew just how big a job it was. If it was a big job they would try to get it here.

#### WILL BUILD NEW DRYDOCK

Coughlan and Wallace Make Arrangements and Company is Incorporated.

VICTORIA, Oct. 11.—Negotiations are reported complete between Coughlans, Wallace and the Dominion Government for a drydock on Burrard Inlet and the Burrard Drydock Company has been incorporated for the purpose of carrying out the project.

J. J. Coughlan is expected back from Ottawa in a few days, probably by way of Prince Rupert. The drydock will cost about \$2,500,000.

#### TWO CANDIDATES HAVE WITHDRAWN, ONE COMOX AND ONE IN CARIBOO

T. G. McBride of Stump Lake has withdrawn as nominee of the farmers in the Cariboo constituency on the plea that the convention which nominated him was not representative.

A similar condition obtains in the Comox-Alberni constituency where William Marchant was nominated by the Liberals. The Comox people have demanded a new convention because they were not represented. This it is said will be held.

#### OSTOK GUNBOAT USED OF FIRING IN BRITISH STEAMER

OSAKA, Japan, Oct. 11.—A report that the Vladivostok gunboat Batavia fired on the British steamer Baltimore, which is acting as a transport for supplies to the Soviet coast, is being investigated. Both vessels are in port today.

#### Russia Becoming Capitalistic.

The efforts of the communists to communize Russia seem to have failed. The despatch yesterday telling of the establishment of a state bank for the purpose of extending credit facilities with a view to developing industries is in itself an evidence that Lenin is finding himself forced to capitalism. As a commune he would have been cut off from the trade of the world, and doubtless he found the people of the country opposed to the idea, especially the peasants. As long as the peasants were getting free land they were satisfied, but when it came to dividing up the product of the land with others they could not agree. Taking was pleasant but giving was different. As a matter of fact Lenin's philosophy is centuries ahead of the age. He had to deal with an ignorant people and as long as he offered them advantages they were with him. On the other hand the very essence of communism or socialism is self-sacrifice, and that is something few of us have yet learned in spite of the teachings of two thousand years.

#### Shall We Say England or Britain?

Yesterday The Daily News published a picture of the three sons of King George in Scottish national dress. Above it was an inscription "The King of England's Three Sons in Kilts," and of course exception was taken to the use of the word England in this connection. The inscription was a part of the engraving and was the one in use in New York. So it is in almost every country of the world "England" is used to personify the United Kingdom of England, Ireland and Scotland, or the islands of Great Britain and Ireland. There is no word which includes the three countries, or four if we mention Wales as a separate entity. What we need is a name.

During the war it was noticed that the statesmen of European countries invariably spoke of England as meaning the British Empire. Here in order to mollify the Scottish people we use the name Britain, but that excludes Ireland. However, Britain is the best word available and it is the most widely used in Canada except in the French communities, where they still use England.

In shipping parlance United Kingdom or U. K. is always used to indicate the destination of ships which may call at any of the ports of Scotland, Ireland or England.

#### Famine in Russia is Extending.

The famine area in Russia is extending, according to telegraphic reports received yesterday. The need of the people is very great. There is, however, a reluctance on the part of the people here to donate money for relief owing to the lack of any official means of sending it and making sure that it is properly applied. It should not be the work of any private concern to make collections for a purpose such as that. It should be done either through the Red Cross or through some relief commission that would guarantee to the public the proper expenditure of the funds. This is not meant to in any way depreciate the efforts of any who have been raising money for relief purposes, but so many funds of a similar nature have gone astray in the past that there should be proper assurances given that the funds are being applied in a legitimate manner. Canadians will sympathize with the ignorant people of Russia who had to go through the throes of a rebellion in order to rid themselves of czarism and who now find themselves enmeshed in another form of autocracy, less efficient in many respects than the former. It is part of the struggle for self-government which must come through education and experience and in which outsiders can help little. Eventually the people of Russia will find themselves and will develop very fast, for they are a virile race. All they need is opportunity. Now that they have had a rude awakening, we may expect to see great developments with a gradual working out of an equitable form of government. Lenin is adapting himself gradually to the conditions which he finds and is sloughing off much of his idealism and getting down to practical politics. He must, however, give up the idea of interfering with the internal affairs of other nations. This is something of which he complains in others and until he carries it out himself he cannot expect any co-operation.

### Nervous Breakdown

The extreme depression and discouragement which comes over one at times is the most alarming symptom of nervous exhaustion.

This letter is a message of hope to all who find themselves in this unfortunate condition.

Mrs. Geo. T. Tingley, Albert, N.B., writes:—

"For years I was in a very nervous, run-down condition, was much depressed in spirits and suffered a great deal at times. The least noise would irritate me and at times I felt as though I certainly would go crazy. I consulted different doctors to no effect.

"A friend advised the use of Dr. Chase's Nerve Food and I can truly testify today to the great benefits received. There was a marked change before I had finished the second box and when I had used a dozen boxes my nerves were thoroughly restored and I was entirely relieved of those terrible feelings I used to have. I shall ever be ready to testify to the benefits of this wonderful medicine, feeling sure that it will give to others the quick and permanent relief it has given me."

### BRIDGE PARTY FOR DAUGHTERS EMPIRE BUILDING FUND HELD

Mrs. Hooper and Mrs. Greer Hostesses Last Evening—Nine Tables.

The second of the Imperial Order Daughter of the Empire bridge parties for the building fund was given last evening by Mrs. J. Greer and Mrs. T. B. Hooper at the home of the former. There were nine tables and the prize winner was Mrs. E. F. Doby. Refreshments were served before the party broke up.

Those present were: Mrs. R. Blaine, Mrs. M. P. McGaffery; Mrs. S. P. McMorris, Mrs. E. F. Doby, Mrs. C. E. Starr, Mrs. A. M. Manson, Mrs. A. Haynes, Mrs. W. O. Fulton, Mrs. L. W. Kergin, Mrs. W. ### RELIEF MONEYS MAY BE USED THIS YEAR FOR PERMANENT WORK

The federal government is going to allow moneys granted to municipalities for relief work this winter to be used in permanent work instead of temporary as was the case last winter, according to a reply made by Mayor Rochester to an inquiry from Ald. Kerr on the subject at last night's council meeting. The mayor also stated that he had taken the matter up with Hon. Gideon Robertson, federal minister of labor, and the plan that had been adopted by the government was practically in accordance with the suggestions made by him.

The opening up of Seventh Street was mentioned by Ald. Kerr as a work that might be done with the relief moneys.

Many people read newspapers as much for their advertising columns as they do for news.

### FIRE CHIEFS HAD REUNION

Chief McDonald Met Old Team Mates of 1899 at Victoria Convention.

Six fire chiefs from various parts of British Columbia, Nevada and Montana, who served together on the Rossland fire department in 1899, met and had a reunion at the convention of Pacific Coast Fire Chiefs which was held last week in Victoria.

They were: Charles Collins, chief of the fire department in Ananconda, Montana.

Dan H. McDonald, chief of the fire department, Prince Rupert.

Frank Raymer, chief of the fire department, Point Grey.

Frank Boyd, chief of the fire department, Nelson.

Joseph Martin, chief of the fire department, Anxox.

Charles Asken, chief of the fire department, Tonopah, Nevada.

In 1899 all six were firemen at the same time at Rossland and it is quite a coincidence that all should now be chiefs and should have met again. It speaks well for the department at Rossland but anyone who has been at the Kootenay mining town will know that a fireman has to be a real man there on account of the situation and conditions of that place where one has to be almost a human fly to climb up some of the side streets.

The Rossland fire department in 1899 sent a hose team to the convention of Pacific Coast Fire chiefs held in New Westminster that year. The team, which comprised all six men mentioned, won all first prizes and lowered world's record for hose races. Dan Guthrie, who died recently in Nelson, was chief of the Rossland department at that time. Chief Collins, Chief Raymer and Chief Martin were at one time chiefs of the Rossland department. Chief McDonald was assistant chief at the time of his appointment as assistant chief to the Prince Rupert department in 1911, and Chiefs Asken and Boyd were firemen.

Chief Cappy Smart, of Calgary, who was chairman of the judges of the 1899 races, was also at the recent Victoria Convention. He is one of Western Canada's pioneer fire chiefs and started thirty years ago with a hand hose reel and a lot of Scotch pep. He is today chief of the most modern and thoroughly equipped fire departments on the American continent.

Another pioneer who was present at the Victoria convention was Fred A. Wood who has installed fire alarm systems from Mexico to Alaska.

### CITY CARTAGE WORK TO BE DIVIDED UP

Council Adopts Report to This Effect Following Complaint Laid by J. Breden.

As a result of a complaint recently laid by J. Breden, treasurer, regarding the fair division of the city cartage work, the city council last night adopted a report of the Board of Works recommending that in the future the work be divided up among the different cartage companies in proportion to the number of cars operated.

Cartage accounts of the city from the first of the year to August 30 were also presented for the consideration of the council. They were as follows: Pacific Cartage, \$1,207; Lindsay Cartage, \$743; Breden Transfer, \$420.50; Rapid Transfer, \$245.75; Sheidon Transfer, \$151; General Bus Co., \$88.10; J. G. Weston, \$57.55; Wakefield Cartage, \$44; Prince Rupert Transfer, \$16.50; Cody's transfer, \$12.50; Cole's Transfer, \$2; Hyde Transfer, \$1.

## HARD WINTER FOR INDIANS

### W. E. Collison Returns from Fortnight's Visit into the Naas River District.

### COUNCIL IS ELECTED

W. E. Collison, Indian agent for the Naas River district, has returned from a fortnight's visit into the country coming under his jurisdiction. He was up the river a considerable distance and visited Gittlakdamiks, Lakalzap, Gwinaha, Aiyansh, Kincolith and the cannery settlements. Indian councils were elected and other general business looked after preparatory to the closing in of the winter season.

Mr. Collison reports that the Indians have been hard hit on account of the poor fishing season and money is not very plentiful among them. At the present time many of them are digging their gardens and taking the crops of potatoes and other vegetables. Others are out hunting and trapping. The winter is going to be a hard one for many.

### A Wet Trip.

The trip was rather a wet one and Mr. Collison said that he experienced storms there at the same times as they were here. There was a lot of rain in the vicinity of Aiyansh.

The following Indian councils were elected, Mr. Collison having charge of the vote taking.

### Gittlakdamiks.

Chief Councillor—James Smyth.

Councillors—Charles Morven, George Robinson, Isaac Wright, John Davies, Amos Gosling.

### Lakalzap.

Chief Councillor—Leonard Douglas.

Councillors—Arthur Calder, Sam McKay, L. Moody, Peter Calder, Arthur Nelson and Sam Gray.

### At Gwinaha.

At Gwinaha a board of three to manage affairs of the village through the winter was appointed. It is as follows: Samuel Pollard, Weshaks, Paul Zalu and John Moore.

Village officers, including fire chiefs, chief constables and superintendents of electric light plants, were also chosen at each place.

The election of Kincolith will take place later.

**RESOLUTION IS NOW RESCINDED**

Mayor Sends Back Motion Passed Last Week—Report on Public Works Coming.

The resolution passed last week by the city council putting W. James in charge of all city street work and making Malcolm McLeod storekeeper for tools was sent back to the council last night by the mayor with the recommendation that it be rescinded and, after discussion in committee, it was decided to take this course.

In explanation of his action, the mayor stated that the present was a very inopportune time to take this step. There was no shop for the tools anyway and the foreman had refused to take over the new duties. Now that the surfacing work downtown was commencing it would be inadvisable to make changes.

**Been Mismanaged.**

Ald. Kerr explained that, as mover of the resolution, he had felt that there would be a general improvement of city street work with the adoption of the plan. Things had been mismanaged by the public works department since the first of the year. Once there had been four bosses on the grading work on Sixth Avenue and there was little to show for work that had been done on Eleventh Avenue. If Mr. James did not wish to take the position that would be all well and good.

Ald. Kelly said that Ald. Kerr's resolution last week had been a bombshell to the other members of the Board of Works. The matter had been discussed by the Board of Works but he had not been expecting that it would be acted upon at present. It would be unfair to Mr. James to ask him to take on all the city street work when he had been brought here to do macadamizing. It would have been better advised to have had the matter come through the Board of Works.

**Who to Blame.**

Ald. McNeill said that he would not like to admit, if he was chairman of the Board of Works, that there had been four shift bosses on a six or eight man gang. He would feel that he ought to be kicked out if he did make such an admission.

Mayor Rochester stated that he had just found out that Mr. McLeod had been blamed for the recent affair on Eighth Avenue when loads of lumber had been taken there for redecking without authority. He had found, however, that Mr. McLeod had not been to blame but had been acting on orders. He was going to go to the bottom of the matter and find who was to blame. He was of the opinion that Mr. McLeod had been blamed unfairly for a number of things.

**Should Be Storekeeper.**

Ald. Parker felt that he should support any recommendations made by the chairman of the Board of Works in the interest of economy. As far as Mr. McLeod was concerned he had found him most conscientious and thought he would make a good storekeeper. There should have been such long ago to look after the city's tools.

Ald. Silversides felt that the action taken last week would be unfair to Mr. James. He asked the mayor if he would bring in a report on the whole situation, and was answered affirmatively. The resolution was then rescinded and the matter referred to the Board of Works for further consideration and report.

**FIRE DEPARTMENT  
ASKS TWO PLATOON  
SYSTEM BE ADOPTED**

**Matter Is Left Over with Favorable Recommendation for 1922 Council.**

The two platoon system for the local fire department was again brought up at the council meeting last night when a petition asking for permission to take the matter up with the Fire Committee was received from the firemen. The petition pointed out that the system had been adopted by 500 cities of the United States and Canada and was in use in six British Columbia cities. It would be an improvement on the present system and would give the firemen spare time. The chief had claimed that it could be adopted here with the addition of one man to the force. There would be four men on ten hour shifts and three fourteen hours at night. The shifts would change weekly and all men would be on call if needed without extra pay.

Ald. Parker asked if the proposal would meet with the approval of the underwriters. Ald. Perry replied that the addition of one more man would meet this end.

It was decided to leave the matter with a favorable recommendation for the consideration of the 1922 council.

Old John J. McGraw, part owner and manager of the Giants National League baseball club, is sometimes called the "bone-head" of baseball on account of a number of errors, and the most of them only human, that he has made. But anybody who really believes that McGraw is a bone-head might just as well forget it for it certainly is not the case. If they say he is not gifted with second sight or something like that they might be a little nearer the case but they cannot say much more against him. Perhaps one reason for any criticism that may be levelled against McGraw is that he has been managing the Giants and has been in the public eye for such a long time. But did you ever notice that any man who is before the public for any length of time usually is criticized more than he is praised? His errors, however, unavoidable they may have been, are emphasized while his many good points and successes are generally lost sight of. And another thing about John J.'s mistakes, they weren't discovered till history had added several years to developments and had upset the most natural conclusions.

One of the things that McGraw must be very much put out about now is the performance of Waite Hoyt, the Yankee's star twirler, who has already accounted for two of the World Series against the Giants. McGraw had this lad on his line-up some years ago and let him go to the Boston Red Sox, from which team he was acquired by the Yankees. Hoyt never showed up much till late in this season and is just another phenomenon of the many that appear in the ranks of professional baseball. He has been a surprise package for nobody expected he would perform as he has done.

The winter activities of the Prince Rupert Fraternal Whist League commence tonight when the first of the ladies' games will be played. In the four years of its history the Whist League has gradually grown and is today providing good recreation for many during the long winter months. The games are interesting to a large number of people besides the players themselves. The Dybhavn Cup, emblematic of the city whist championship, is a perpetual-challenge trophy and can only be held only for a year by the winners. It was presented in 1917 by John Dybhavn, the president of the League.

The holders of the Dybhavn Cup for the four years have been as follows: 1917-1918, Valhalla; 1918-19, Knights of Pythias; 1919-20, Sons of Canada; 1920-21, Knights of Columbus. The following were the teams participating each year: 1917-18, Odd Fellows, Valhall, Sons of Canada, Sons of England and Knights of Pythias; 1918-19, Odd Fellows, Valhalla, Sons of Canada, Sons of England, Knights of Pythias and St. Andrews; 1919-20, Valhalla, Sons of England, Sons of Canada, Knights of Pythias, Oddfellows and St. Andrews; 1920-21, Knights of Columbus, Elks, Valhalla, Sons of England, Sons of Canada, Knights of Pythias, Oddfellows, St. Andrews, Great War Veterans and Orange Lodge. The men's team for this year are Sons of England, St. Andrew, Elks, Sons of Canada, Valhalla, Knights of Columbus, Knights of Pythias and Oddfellows. The ladies' teams admitted for the first time are: Valhalla, St. Andrews, Daughters and Maids of England, Rebekahs, Pythian Sisters and Royal Purple.

**GARDEN ISLAND CEMETERY.**

Editor Daily News:  
I would like to call your attention to one of the jokes in "The Man in the Moon" in Saturday's issue of the Daily News. You may not be aware that Garden Island is the cemetery of the early days and therefore is sacred to many a pioneer citizen of Prince Rupert, as it is the last resting place of their loved ones.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

### TO WHOM IT MAY CONCERN.

The partnership between Jas. Adkins and Herbert Wait in the Adkins & Wait Logging Company was dissolved as at October 10. All accounts against the partnership will be paid by Jas. Adkins, who will continue in the logging business on his own behalf.

### Specialist Said ECZEMA Was Incurable

—but he reckoned without Zam-Buk

Writing from Sweetwater, Tenn., U.S. Capt. Oscar V. Petty, says:—"For four years I had an obstinate dry eczema. My skin peeled off, and disfiguring spots of the eruption appeared on my face and head. A well known skin specialist said the eruption could not be cured, but friends out in Maine got me to try some Zam-Buk. To my great delight, I soon saw an improvement: The peeling skin stopped within a week. At the time I started with Zam-Buk the eczema had spread all over my body, so that it took reasonable perseverance for the balm to be thoroughly effective. However I am delighted to inform you, that now, by the use of Zam-Buk, my skin has been restored to normal healthy condition. "I have a friend who also suffered from a similar distressing skin affection. In his case too, within a few days Zam-Buk was acting splendidly. He tells me that Zam-Buk beats anything he has ever known."

Zam-Buk cannot be equaled for ulcers, boils, abscesses, piles, ringworm, poisoned wounds, and all sorts, wounds and sprains. Price per bottle, 45¢. Retailers \$1.00. FOR TRIAL SAMPLE mention paper and send to postage to Zam-Buk Co. Toronto.

### PRINCE GEORGE NOW TYING UP

Will Be Withdrawn From Stewart Service on Sunday Evening to Undergo Overhaul.

On the return from her trip to Stewart next Sunday evening, the Prince George will be withdrawn from service for annual overhaul at the Wallace Shipyards here, according to an announcement made this morning by G. F. Johnston, C.N.R. city ticket agent.

The vessel will arrive, as usual on Saturday morning from Vancouver and will go north to Stewart the same evening being taken off when she returns.

There will be no sailing to Stewart on the following week, the first one after this week being the Prince John on Wednesday, October 26. The service will be kept up by this steamer fortnightly thereafter connecting with the Wednesday steamer from the south.

Tomorrow the Prince John will sail for all points on Massett Inlet and on Saturday will go to all points on the Southern Queen Charlotte Islands. This service will also be maintained fortnightly.

The Prince Albert will remain in her general freighting service as at present.

### BABE RUTH IS OUT WITH ARM BADLY INJURED

Doctor Orders Him Not to Play Again During World Series.

### WAITE HOYT'S PITCHING

Friesch Did Remarkable Stick Work for Giants, Holding High Mark.

NEW YORK, Oct. 10.—Babe Ruth is out of the world baseball series. Injury to his arm will prevent him from playing further, the doctor orders. With the series three to two in favor of the Yankees, Huggins the team manager declared they had got back their fighting spirit and

The Bambino is a heavy hitter. He hurt himself stealing bases.

predicted they would land the world championship.

### Three Heroes.

It was Ruth's bunt that mad the opening for the Yanks victory and his services in the remaining games will be greatly missed. Fewster takes his place. With the slugger Ruth and Meusel the sturdy Waite Hoyt completed the triumvirate of yesterday's victorious baseball heroes. He allowed ten hits, four more than Seft and six of them evenly distributed among the first three innings but except for the first, which started with an error by McNally, the young Brooklyn righthander surmounted all obstacles. Unspotted support helped him over the bumps of the second and third innings.

### Sparkling Giants.

The Giants, despite their setback, were not without sparkling accomplishments. Friesch kept up remarkable stick work, holding the high series mark of 500 by touching Hoyt for twinges in four appearances at the plate.

### OLIVER PLEASED AT LOYALTY OF MEMBERS

Only M. A. Macdonald Has Accepted Nomination for Federal Honors.

VANCOUVER, Oct. 11.—Premier Oliver is elated over the loyalty shown by members of his government in determining to stand by the administration in spite of the invitations to enter the federal arena in the forthcoming election on December 6. Only one sitting member, M. A. Macdonald, of Vancouver, has entered the wider field and his loss is offset by the nomination of Dr. W. O. Rose, in Nelson. The latter will carry the Conservative-Unionist banner in West Kootenay, replacing Hon. R. F. Green, who has been appointed to the senate. This leaves the balance even, and with many contentious issues facing the provincial House during the fall session the government will retain its majority.

### PRINCE GEORGE

The old timers are to give a farewell banquet on Wednesday night in honor of R. E. Loring, former Indian agent, who leaves on Thursday for Victoria.

There was a meeting of the dramatic club last week and it was decided to stage the first play in November. The officers chosen were as follows: President, Rev. Hodson; vice president, James Turnbull; secretary, Jack Frost; director, A. A. Gannon; executive officers, Miss Horan, Mrs. Galloway and Miss Horbury; selection committee, A. A. Gannon, Mrs. Galloway and J. K. Frost.

A carload of concentrates was shipped from the Silver Standard mine to the Trail smelter last week.

W. R. Reid, of Hyder, reached here last week to pay a visit.

Grouse and rabbits are as plentiful as ever in this district this fall.

H. Bergman, of the Swedish consulate, Victoria, has been making a trip with Olof Hansen and arrived at New Hazelton last week to visit with S. Bergman.

The Kispix Valley is now spoken of as a possible oil field. Last week Al. Falconer and Henry Bretzin went out to locate claims.

Game Warden R. W. Franklin and Constable Carr, of Burns Lake, have returned from a trip into the Whitesail Lake country.

There was a surprise party of ladies of the Women's Auxiliary of St. Peter's church on Mrs. George Dugate last Tuesday evening. Mrs. Dugate, who is leaving shortly for the coast, was presented with a beautiful silk handbag.

### NEW HAZELTON

Thirty cars and a locomotive arrived here on Saturday afternoon for the work of tracklaying on the Pacific Great Eastern Railway south of here. Gangs of men are already busy preparing the roadbed for the steel.

A. C. McMillan, of Kamloops, is here campaigning for the selection of J. T. Robinson as Conservative nominee at the convention to be held on Saturday at Kamloops.

C. A. Pyne has returned from a tour of inspection of the province in connection with his insurance work.

The local Conservatives will have a convention on Wednesday to select delegates for the nominating convention to be held in Kamloops on Saturday. W. P. Ogilvie, it is understood,

is the choice of local Conservatives and F. J. Fulton, J. T. Robinson, Kamloops, and J. A. Anderson, of Quesnel, are also likely choices.

### Made in B.C. means Something

One of the best ways that we know of to find out what users of Pacific Milk actually think is from their letters to us. It is really surprising how many say one of the reasons they like Pacific Milk better than any other is because they know it is the only milk now put up in British Columbia, and they believe in home industry first.
