NEW SHOW AT WESTHOLME

Athlon Company to Give Two Dramatic Features in Addition to Pictures

In addition to six reels of the latest feature pictures, the Athlon Company, who have made such a hit here, will be seen in a dramatization of Mary J. Holmes' widely read novel, "Tempest and Sunshine," with Miss Edie Johnson in the part of "Sunshine," the little girl who radiates gladness wherever she goes.

In addition the Athlon Company will present the thrilling play of prison life, "The Law and the Thief," which was written especially for them by Willis Sayre, dramatic critic of the Seattle Daily Times. This play portrays in a very vivid manner how a confirmed crook can be converted to the rule of law and order, all through a little child.

Added to all this excellent show will be heard Miss Dorothy Randall, who has justly earned the title of "Canada's Own Songbird," in her high class singing vaudeville act.

PRINCE RUPERT TIDES

Wednesday, May 18 High, 11:06 a.m., 18.2 feet. 23:17 p.m., 20.7 feet. Low, 5:16 a.m., 5.1 feet. 17:10 p.m., 6.0 feet. Thursday, May 19 High, 11:58 a.m., 18.8 feet. Low, 6:06 a.m., 3.9 feet. 17:59 p.m., 6.6 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps.

Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

COAST TRADERS OUT OF RUPERT

Recent Search for Escaped Prisoners Gives Local Police Some Ideas.

As a result of the recent close watch that has been made of craft passing in and out of the harbor in the search for E. Michelson, who escaped from the city lock-up on Saturday evening, the local police are evolving some theories as to the way "coast trading" of liquor between this port and Alaska is carried on.

The larger boats, it is believed, do not clear with liquor at all from this port. Instead they come here and place their orders and then, leaving the harbor, lie near some of the islands nearby and await delivery by smaller boats which are not required to clear.

There are several high powered boats in the trade, it is believed, and these develop a speed that make them nigh impossible to overtake. To successfully combat this illicit trade it would require patrol boats of high speed and fully armed.

DOING MORE WORK AT SWIMMING POOL

Volunteer Workers to Give Another Day to Improving Bathing Facilities for Children.

At a meeting of the swimming club held last night in the police club room at the city hall, it was decided to hold another working bee next Sunday morning to complete the work of cleaning out the swimming pool at the Salt Lakes where the children bathe so that when the sand is put in it will be in better condition than last year.

The Oh Baby will take the workers over at 9:30 Sunday morning and those willing to go are asked to notify E. R. Tabrum or Cyril Westaway beforehand so that provisions may be made for them.

More work is to be done to the approach to the float, and it is also proposed to blast out the stumps at the entrance to the lake below the dam, so that scow loads of sand may be taken right up to the dam on the high tide. A tag day is to be held on Saturday to raise funds with which to complete the work of improving the swimming pool, that being the most important work undertaken this year.

ALBERT HAD PREMIER ORE

Left for South This Morning with Ore, Lumber and Salmon

The steamer Prince Albert, which arrived from Stewart yesterday afternoon at 2:30 and left again this morning for the south, had on board 200 tons of ore from the Premier gold mine. This was loaded on the steamer by half a dozen men who have not joined in the strike which has now become almost general as far as the Premier is concerned. The steamer also brought south about fifty passengers, many of whom were strikers leaving the place. During the night before she left for the south the Albert loaded salmon at the Tucks Inlet cannery and also 60,000 feet of lumber from the Georgetown mill consigned for England.

TOURIST'S PARADISE.

Editor Daily News:—When thousands of people are looking around for a place in which to spend their summer holidays, the opportunity is afforded for rest, recreation and profit, with the accompanying pleasure of visiting some of the beauty spots in this northern country.

Innumerable islands are scattered along the Pacific within a few miles of Prince Rupert. There camping parties troll for the king salmon during the 24 hours of daylight, while their families may camp alongside some pleasant stream where the fresh and salt water bathing facilities are of the best.

For some years hundreds of trollers have been making a good living for some months, disposing of their catches to the packing boats sent out from Prince Rupert. All that is needed is a camping outfit, a supply of provisions and a boat. It matters little whether the boat is driven by man-power or by gasoline. With no wild animals on these islands and the fact that the beaches are of sand without danger from depth of water, the idea of giving children the advantage of an outing will be apparent.

On Graham Island. The months of June and July are long and the weather pleasant. There is no doubt about the catching of the huge salmon, which disport off the north end of Graham Island in large numbers. Wood and water for culinary purposes is in abundance. Why people will travel to Alaska to view glaciers and snow-clad hills is a mystery when we have so many attractive spots endowed by nature right at our own doors. Our inlets are almost land locked and extend many miles, almost cutting through the largest of the islands. We have sandy beaches on the sea coast that compare with Florida.

Hotels Needed. Should some large corporation erect hotels for summer visitors they will attract many seeking places where people may enjoy all that is lacking in the cities and towns. These comparatively unknown islands will be the future northern resort of the people of the Pacific, offering inducements that cannot be obtained in any other part of the world.

SONS AND VETS
DIVIDE HONORS

Good Goal Keeping by Davies, of Veterans, Saves Win by Sons of England

The first game in the Senior football league was played last night between the Great War Veterans' Association and the Sons of England and resulted in a goal draw. There was a good turnout of spectators.

The Sons won the toss and elected to defend the city goal. When the Veterans kicked off they showed signs of meaning business and started pressing immediately. The fans did not have long to wait for the first goal, for Ross made a long pass to left and the sons right back, hesitating to go out and clear, allowed Nicklin to send in a long shot which Waldorf only partly cleared and Harding fastening on scored for the Veterans. The Sons tried to settle down from this on, but there seemed to be little teamwork. The play after this ran fairly even, both sides missing chances, the most noticeable being a close range shot missed by Tinker for the Sons after the ball had been brought well up by Lambie.

Bombarded Goal

Playing on the down grade the Sons, in the second half, showed some flashes of their old time speed, but were up against a defence that was giving nothing away. Davies, in goal, making numerous saves. Except for an occasional breakaway by the Veterans, the game resolved itself into a bombardment of the Veterans' goal by the Sons. Several of the latter tried their luck and had goalkeeper Davies on the alert all the time, but it was just before the final whistle blew that Best Wearmouth got a beautiful long drive under the bar and equalized the score for the Sons, who had made all the play in the second half and would have won had it not been for the defence of the Vets.

Star Players

For the Veterans, Davies played a great game in goal, showing good judgment at all times. At back Ferre was, perhaps, a little better than Stewart, who never touched his last year's standard. Ross, at centre half, was the star of the team, playing a great game from start to finish. The weak spot in the team was, doubtless, the forward line with the exception of Nicklin, who was given little support.

Waldorf played none too safe a game in goal for the Sons of England and, with Darton, was partly responsible for the goal lost. Wearmouth, besides scoring the sole goal for the Sons, played a brilliant game and was the life of the team. Hay was the best of a fair half line, while the forwards all worked hard, but to little purpose.

The Line-Ups

Referee McCulloch was the arbiter and the teams were as follows:

Veterans—Davies; Stewart and Ferre; Lumsden, Ross and A. Craggs; Hook, Harding, Sloan, Schofield, Nicklin.

Sons of England—Waldorf; Darton and Wearmouth; Hay, H. B. Fanthorpe and E. Craggs; H. B. Fanthorpe, Westwood, Tinker, Lambie and Farquhar.

BENNY LEONARD TO FIGHT ON JULY 4TH

Guarantee of \$30,000 Given the Lightweight Champion to Meet Sailor Freedman.

CHICAGO, May 18.—Benny Leonard, lightweight champion boxer, is matched to fight Sailor Freedman at Chicago in ten rounds on July 4.

Floyd Fitzsimmons, fight promoter, has guaranteed Leonard \$30,000 and Freedman \$10,000 for the bout.

The Red Sox and the Elks will play baseball at the Aeropolis Grounds on Sunday afternoon. On Tuesday, Victoria Day, the Elks and Sons of Canada will meet in the first league series game.

Sport Chat

At the opening baseball game of the season held at the Victoria Stadium, yesterday afternoon, Ron, "Jack" Hart caught the first ball which was pitched by Hon. "Billie" Sloan. Instead of the game being played at 3:30 in the afternoon it was held at 5:15. Manager Rithel securing thus a much larger crowd for the opener. There was a good deal of enthusiasm and a big parade preceded the game. The directors of the Victoria baseball club this year are: President, Jack Rithel; A. G. Burdick, W. Winsby, Biggar-Stoffe Wilson, Mayor Porter and Hon. John Hart.

The following players will take part in the second round of the Wanderers' Club' billiard handicapped tournament: J. Howe vs. T. B. Hooper; J. A. Macdonald vs. W. S. Hog; G. P. Tinker vs. W. O. Fullon; G. S. Fitzmaurice vs. J. H. Hilditch; G. A. Hunter vs. W. H. Vickers; G. O. Shaw vs. A. Silver-sides; H. F. Wearmouth vs. Fred Stephens; A. A. Easson vs. C. L. Youngman; H. E. Parr vs. Morris Gordon.

C. C. Clementson, Prince Rupert's star baseball hitter, is taking over the personal management of Jack John's cigar store in which he has now become interested. The place will likely now become another sport centre with such a popular player as Clem around. The big hitter has cast his lot in with the Elks and is depending on him a good deal for their chances of success in the series which will shortly commence.

ANYOX BASEBALL SEASON OPENS WITH WIN MINE JUNIORS

ANYOX, May 18.—The baseball season opened here Saturday when the Mine Juniors beat the Beach Juniors, 7-4. The game, considering the fact that so far the boys have not any practice, was fast and most of the young fellows showed very good form.

In the first inning with two out, Oxley for the Mine got a three bagger and got home on a pass ball, scoring the first run. The Beach went out one, two, three.

In the second Anderson started with another three bagger, getting home on Farnell's hit. Swanson and McGill both got hits, Swanson getting home on McGill's. Ballentine got a two bagger and got home on Ras- teich's hit.

The pitchers each fanned three in a row in the third.

The mine rallied in the fourth and made two runs, McDonald and Anderson both coming in on a two-bagger by McGill, who was put out stealing third. Ballentine started the fourth for the Beach with another two-bagger, stealing third and getting home on a pass ball.

The sixth was short on both sides. Ballentine allowed one hit and McGill none.

In the seventh it looked as if the Beach were going to rally. They scored two runs (Rasleigh and C. Rounds. A sensational catch by Oxley in centre field stopped the rally. The Mine came back with two runs in the seventh. These were scored by McGill and Deane.

The teams were:
Beach—Moffatt, Harrington, Phippen, Lazarek, Ballentine, Rasleigh, Lazarek, Johnson.
Mine—Rowlands, Oxley, Hart, Macdonald, Anderson, Farnell, Swanson, McGill, Deane.

1 Pill a Laxative, 2 Pills a Cathartic, 3 Pills a Purgative, This is the Way Milburn's Laxa-Liver Pills Work.

You will never use any of the old griping, nauseating, sickening, purging pills, containing as they do alcohol and other drastic mineral ingredients, once you use Milburn's Laxa-Liver, a pill that is purely vegetable.

Owing to the great care used in producing the highest grade of drugs from which they are manufactured, they are as near perfect as it is possible to get a laxative remedy.

They work gently and effectively, without a gripe or pain. If you are troubled with constipation, flatulency, driven to distraction with sick headaches, if your tongue is coated, your breath bad, your complexion muddy, your eyes yellow, have floating specks before the eyes, jaundice, itching, bleeding or protruding piles, stir up your sluggish liver with a few doses of Milburn's Laxa-Liver Pills.

Mrs. Roy Mackie, Ottawa, Ont., writes:—"I desire to express my thanks for the relief I have had by using Milburn's Laxa-Liver Pills. I had been suffering for some time from constipation and had headaches. I tried all sorts of cures, which did me no good, until I was advised to try your pills. I got great relief after taking only a few doses."

Price 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. ADVT.

The Vancouver Trades and Labor Council sent out circulars to fraternal organizations in Vancouver and vicinity dealing with the unemployment question and the encouragement of aliens. While here he is taking up the matter with the G. W. V. A. and the Deep Sea Fishermen's Union with a view to getting action.

Mr. Bengough says that last year no less than 1,100 Orientals came to this country as immigrants without even paying the head tax and he thinks the time to stop further immigration of the same class is in its incipient stage.
