FRANCE'S ATTITUDE BLOCKS SETTLEMENT SUBMARINE QUESTION

Hope For Agreement Tonnage Submarine Declared to Have Been Given up by Conference

WASHINGTON, Dec. 28.—The hope for an agreement to limit submarine tonnage is declared to have been abandoned today at the meeting of the arms conference naval committee. The demand by France for a minimum tonnage of 90,000 tons is declared by the delegates to have closed the door to any agreement, a compromise proposal having been rejected finally and completely by the French.

The British and Japanese delegates stated that the French stand on the matter of submarines compelled reserve action on tonnage ratio for auxiliary craft allowed their countries under the American plan.

ESKIMOS WILL BE EXTINCT

Man Who Spent Ten Years in the North Says Civilization Demoralizing.

TORONTO, Dec. 28.—Members of the Eskimo tribes, who total upwards of 5000 persons, will be extinct during the lifetime of persons now living, according to a prophecy made here by S. Sainsbury, who spent ten years in the Arctic regions of Baffin's Land and Hudson Bay. He declared the effect of civilization on the Eskimo was appalling, their health and stamina breaking completely down. The chief cause of their physical deterioration was the introduction of civilized foods, white flour being particularly disastrous in its ill effects.

CANDIDATES ENDORSED

George Rudderham, Rod McLeod, Geo. Kerr and M. J. McNeill Backed by T. A. L. Council.

The Trades and Labor Council held a meeting last night to discuss the municipal election and the policy candidates should follow. Owing to the cold and the holiday season there was an absence of some of the members. The municipal election and the policy candidates should pursue was fully debated.

Rod McLeod and Geo. Rudderham were endorsed as aldermanic candidates. Alderman Geo. Kerr and M. J. McNeill were also endorsed, and these four will be supported.

ANNUAL CONVENTION MANITOBA FARMERS

Miss A. McPhail, First Woman M. P., Will Be Among Speakers.

WINNIPEG, Dec. 28.—Arrangements for the annual convention of the United Farmers of Manitoba, to be held here January 11 to 13, the first ever held in Winnipeg, former ones always having been held in Brandon, are nearing completion. Limited accommodation in Brandon necessitated removing the meeting place to a larger centre. It is expected that from 800 to 1000 delegates and visitors will be present.

General problems facing the movement, organization, market-

ONLY CANADIAN M. P.

Miss Agnes McPhail, who has just been elected to the Canadian Parliament. During session the rules of etiquette will be reversed—the men will wear their hats and she will be bareheaded.

TO RECOMMEND SHIP SUBSIDIES

Doubtful, However, if President Harding's Plan Will Pass Congress.

WASHINGTON, Dec. 28.—President Harding's ship subsidy plan, although not fully worked out, will be ready to offer to Congress soon after the holidays. It will provide for heavy expenditure in direct subsidies.

Intense opposition is already developing in Congress and it is generally regarded as doubtful whether it can be forced through under pressure of the administration. The farming interests are lining up against it.

MOVEMENT BACK TO LAND IS GROWING

WINNIPEG, Dec. 28.—The "back to the land" movement seems to be on the increase judging from figures recently made public by George Batho, editor of agricultural publications for the provincial government, which show an increase of 8561 in the number of farmers in Manitoba during the past five years. Farmers in the province numbered 46,623 in 1916 and today there are 55,184.

JUDGMENT IN NAT BELL CASE DELAYED UNTIL THE NEW YEAR

LONDON, Dec. 28.—In the Privy Council judgment in the appeal in the Alberta liquor case of the King vs. Nat Bell will be delayed and will not be given before the middle of January at the earliest.

DAUGHTER OF JOHN D. ROCKEFELLER GETS DIVORCE FROM HUSBAND

CHICAGO, Dec. 28.—Mrs. Edith E. McCormick, daughter of John D. Rockefeller, was granted a divorce from Harold F. McCormick, president of the International Harvester Company, in the Superior Court here today.

TRAIN TIPS WHEN ROUNDING CORNER

Between Forty and Fifty Persons Injured on Detroit Railway.

DETROIT, Dec. 28.—Between forty and fifty persons were injured, some seriously, when a Detroit United Railway interurban train tipped on its side in rounding a curve on the outskirts of Lake Orion.

VETERAN GRAND TRUNK MAN DEAD

Lt.-Col. Robert Nelles Passed Away in Toronto.

TORONTO, Dec. 28.—Lieut.-Col. Robert Nelles, for 40 years in the service of the Grand Trunk Railway and for 60 years connected with the 37th Battalion Rifles, is dead.

candidate in Calgary. It is hoped also that the whole round dozen of Progressive candidates elected in the rural constituencies of Manitoba will be present and deliver brief addresses.

The United Farm Women of Manitoba will hold a one-day convention on January 10.

HE CUTS SINN FEIN KNOT.

Lord High Chancellor Birkenhead, who is said to have devised the form of the oath of allegiance which was accepted by the Irish Republicans at a moment when a peace breakdown seemed certain because Dublin envoys rejected Premier Lloyd George's formula for swearing loyalty to the King.

CANADA'S FISH PEACE PACT CATCH BIGGER IS FAVORED

Prince Rupert Had Great Majority of Halibut Landings. Sinn Feiners North Donegal Urge Dail Eireann Ratify It.

OTTAWA, Dec. 28.—The total catch of fish on both the Atlantic and Pacific coasts for the month of November totalled 487,542 cwt. valued at \$1,339,115 as against 382,206 cwt. worth \$1,155,192 landed in November last year.

The big increase in the herring catch on the Pacific was largely responsible for the higher figures.

The Pacific catch of halibut totalled 31,331 cwt. in November as against only 21,690 cwt. last year. The great majority of this fish was landed at Prince Rupert.

GREAT POWER PLANT OPENED

Immense Project at Niagara Falls Opened by Sir Adam Beck.

NIAGARA FALLS, Dec. 28.—The great additional Canadian Niagara power plant, which is to eventually generate nearly six hundred thousand horsepower for the people of Ontario and adjoining territory in the State of New York, was opened and dedicated yesterday.

This giant power plant construction has been under way since before the war. Already sixty-five million dollars has been spent on the work, and the completion will probably require a total of eighty millions. Sir Adam Beck, one of the chief promoters, officiated at the ceremony of the opening.

SHIPPING ON COAST OF CALIFORNIA IS GETTING BACK NORMAL

SAN FRANCISCO, Dec. 28.—Coastwise vessels, both passenger and freight, are getting back again to their normal schedule after the southeasterly storms that have been sweeping the coast during the last seven days. They commenced to abate on Monday afternoon.

KENTUCKY RIOTS

Three Killed and Two Wounded in Christmas Fights Between Clans.

LONDON, Kentucky, Dec. 28.—Three were killed and two were wounded in a battle between clans during the Christmas celebrations.

Little Sailing Vessel, Well Known Here, Had Fight With Storm Off California Coast

LOS ANGELES, Dec. 28.—The Canadian schooner Lady Mine from Vancouver has put in to this port after a terrible fight with a storm off the California coast while coming south from San Francisco. The little craft was entirely demasted by the fury of the tempest and her crew were forced to bale continuously while repairs were being effected to the storm-opened hatchway.

The Lady Mine is a well-known craft here. She was in service to small ports out of Prince Rupert a couple of years ago and at that time was in the command of Captain Smith a veteran Atlantic skipper. She gave up the business here and went to Vancouver where she engaged in service to California and Mexico ports. She was suspected for a while of being in the illicit transportation of liquor business.

SEAT FOUND FOR MEIGHEN

Premier, Who Was Defeated at Portage, Will Likely Run Grenville, Ontario.

OTTAWA, Dec. 28.—It is believed that Premier Meighen will be the Conservative candidate in Grenville riding, Ontario, where a by-election will be held on January 25. A. C. Casselman, the Conservative who was elected for Grenville at the recent election by a majority of 2,990, has signed to accept a salaried position under the crown.

BOTTOMLEY QUILTS EDITING JOHN BULL

LONDON, Dec. 28.—Horatio Bottomley has given up the editorship of John Bull, turning all his attention to two Sunday papers and private business.

FRIEDMAN-DUNDEE BOUT CALLED OFF

CHICAGO, Dec. 28.—Owing to an injury received by Friedman the bout between he and Dundee scheduled for January 16 has been called off.

WILL WED PRINCE OF WALES

NEGOTIATIONS BETWEEN THE LIBERALS AND THE PROGRESSIVES HAVING BROKEN DOWN, A CABINET OF LIBERAL FOLLOWERS WILL LIKELY BE FORMED IMMEDIATELY. IT IS NOW THOUGHT THAT THE PROGRESSIVES WILL ALLOW THE CONSERVATIVES TO ASSUME THE OFFICIAL POSITION AND THAT MEIGHEN WILL LEAD IT IF HE IS SUCCESSFUL IN BEING ELECTED IN GRENVILLE.

TONNAGE OF SHIPS DOWN

Less Vessels Were Built on Clyde River This Year.

LONDON, Dec. 28.—Three hundred and fourteen vessels were launched on the Clyde River this year. The tonnage shows a decrease of 155,000 tons from last year.

SIR JOHN HARE, ENGLISH PLAYER, DEATH ANNOUNCED

LONDON, Dec. 28.—The death of Sir John Hare, the noted English actor and manager, is announced today. He was 77 years of age.

Sir John Hare was a well-known English comedian and was a leading figure in the first performances of the Robertsonian comedies, in which he was associated with the Bancrofts. From 1875 to 1900 he was in management on his own account at the Court, St. James, Garrick and Globe theatres in London in succession. He was knighted in 1907.

The funeral of the late Silas Dawson will take place from the Presbyterian Church on Friday, December 30, at 2:30 p.m.

Lady Rachel Cavendish, youngest daughter of the Duke of Devonshire, whose engagement to the Prince of Wales, heir to the British throne, will be officially announced when the Prince returns from his trip to India, says a London cable. Lady Rachel is well known in the United States and Canada and is a favorite in social circles.

New Government in Safe Position.

Reports of the past few days from Ottawa have indicated that an alliance between the Liberals and Progressives in so far as the forming of a cabinet consisting of members from both sides is concerned is improbable. Yesterday's despatches bore this out even more conclusively. There is little room, however, for the suggestion that the Liberals will find themselves confronted with a crisis in the early life of the new administration, which in the course of a few days will be formally drawn up and duly sworn in. Any attempt at bringing about such a crisis when the House of Commons sits would naturally emanate in the ranks of the Conservative opposition under the leadership of Mr. Meighen, but it is unlikely that it would be able to muster sufficient support from the Progressives, who actually hold the balance of power, to bring about a defeat of the Government in a vote of the House. The Liberals and the Progressives alike were returned to parliament at the recent election as a protest against the Meighen Government, and it is hardly reasonable to expect that there would be such a contingency as the Progressives and the Conservatives linking up at an early date with sufficient strength to overpower the new Government.

Reports up to Present Unofficial.

It might be pointed out with pertinence that the despatches which have come through from Ottawa and have appeared in the press for the past few days and up to yesterday, at least, have not been of official nature. The exact definite results that may have come from the conferences of Mr. Mackenzie King and Mr. Greer have not been announced. All the reports that have been received in regard to them have been of an unofficial nature, although they may be taken as being fairly authentic, coming from persons who are intimate with the progress of affairs and are more or less in the confidence of the principals. Mr. Mackenzie King himself has already shown an attitude of reluctance in making anything public at the present time, and the first definite announcement that will likely come from him will be that he has selected his cabinet and announces its personnel.

Times Are Quiet for News and Business.

This is a time when one frequently observes a person pick up a newspaper and after scanning it cursorily drop it aside with the remark: "What's the matter with this paper anyway? There's nothing in it." After all, even though that may seem to be the case, still it is not the fault of the newspaper. It is simply because at this particular season there is not usually any very large work of public interest going on in the world. It is the holiday season and most of the legislative bodies the world over have either not commenced their business or are in recess. It is a slack time for news just as it is for business. It is the week when most minds are devoted to recreation and the more serious things of life are left over in the meantime.

Prince Rupert's Share Small.

The promise from Hon. T. D. Pattullo, member for Prince Rupert, to Mayor Rochester that the next remittance forthcoming from the Provincial Government to the municipality on account of the profits from the sale of liquor will be based on the 1921 census instead of on the 1911 basis, as was the remittance received yesterday, will set at rest a few remarks that were made when it was read that the present remittance to the city was based on a population of 4000 people. However, the 1911 census is the only official one to date that the Provincial Government has on which to base its accounts in this matter, so that explains why Prince Rupert has been placed this time in the same category as Fernie, Kamloops and Oak Bay, all places which it is known are really smaller than Prince Rupert. The next remittance will probably equalize or exceed those made to Chilliwack, Saanich, Esquimalt, Nelson and Nanaimo, which have received on the first allotment more money than Prince Rupert.

The Man in the Moon SAYS--

A WEALTHY owner of live stock recently had a valuable fox break her leg. A wooden leg was fixed on the animal, but the scheme did not work, too many splinters being discovered in the milk.

AN impossibility—trying to teach a rattlesnake the Ten Commandments.

A THANKLESS JOB—collecting the Poll Tax.

THE difference between a woman and a postage stamp is that one is a female and the other a mail fee.

ONE of the hardest things to deal with in this life is an old pack of cards.

THE folly of having something bad and advertising it as good is only equalled by the folly of having something good and not advertising it at all.

AMONG other questions to a class of small boys the teacher asked the question "What animal supplies you with clothing?" to which one bright little lad gave the answer "Father."

PADDLE your own canoe. Watching the other fellow won't carry you up stream very far.

CAMOUFLAGED—Some fishes fill themselves with air and float bottom up on the surface when attacked.

THE only nation that is powerless to aid the cause of the common people is assassination.

WHEN we remarked "get the Christmas spirit" we did not expect to find so many misinterpret our meaning.

THE difference between beef and turkey is quite a few cents a pound.

TRAVELLERS tell us that in Egypt the sun is so hot it will actually light tissue paper. Right here we have seen the Sunlight Soap.

MINERAL ACT.
 Certificate of Improvements.
 NOTICE.

Maybe No. 1 Mineral Claim, situate in the Skeena Mining Division of Prince Rupert District, located on Princess Royal Island, one mile and a half from Surf Inlet Postoffice.
 Take notice that I, Mrs. Florence Howard, Free Miner's Certificate No. 44234C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.
 And further take notice that action, under Section 37, must be commenced before the issuance of such Certificate of Improvement.
 Dated this 17th day of November, 1921.

HIGHER PASS MATRICULATION

Representatives of Eastern Schools of Learning Recommend Changes in Pass Requirements.

TORONTO, Dec. 28.—If an important proposal approved at the conference of university representatives can be put into effect, the standard of matriculation will show a material advance. After a discussion of several hours, it was unanimously decided by representatives from the University of Toronto, Queen's, McMaster and Western universities that the proposition advanced be laid before the government for consideration.

It is proposed to raise the standard in two ways: "By requiring honor matriculation, or by a higher standard in pass matriculation."

It is proposed regarding pass matriculation that the student shall have either four papers at 75 per cent, or six papers at 66 per cent, or if on two schedules he passes honor papers, he may get through, provided in every case he comes within the general pass standard.

The higher standard is counted upon by the universities to meet the problem caused by the rush to enter the universities that is over-taxing the accommodation.

ORDERS THAT FIRE ESCAPES BE PUT IN NEW PUBLIC SCHOOL

City Council to Ask Board of Trustees to Give This Matter Immediate Attention.

The report of the fire chief for the month of November was presented to the city council at the meeting last night. There had been nine calls during the month and the damage had been \$5238 which was fully covered by insurance. The expenses of the department had been \$1365.96.

Hydrants, fire alarm boxes and public buildings had been examined and all had been found in good shape with the exception of the Booth Memorial School where no fire escapes had yet been installed. The chief recommended that these should be put out at once. A report from the Utilities Committee recommending that the School Board be requested to install the fire escapes at once was adopted by the council.

WANT ADJUSTMENT COST OF WIRING

Fair Association feels that it is Not Fair for it to Pay Whole Cost Extra Wiring.

W. E. Thompson, of the Northern B. C. Agricultural Association, and Ben Self, of the Great Northwest Carnival Co., waited on the city council last night to request that the city relieve the association of part or all of the cost of heavy wire that has been put in from Fulton Street towards the Exhibition Building. Mr. Thompson explained that a year ago this wiring had been put in especially for the carnival grounds but it had since been put to general use. It was, therefore, felt that the fair association should not have to bear the entire cost.

Mr. Self explained the details, telling that the sum of \$104.35 was involved.

The matter was referred to the Utilities Committee with which Mr. Thompson and Mr. Self were asked to confer.

OFFERS TO TAKE CHARGE OF BUILDING INCINERATOR HERE

John Bell, incinerator builder of Nelson, has offered to come to Prince Rupert to take charge of the building of the proposed incinerator here, at a stipend of \$50 per day. His communication was referred by the city council last night to the Board of Works. Nothing can be done on the matter till the bylaw for the incinerator is ratified by the ratepayers. The bylaw was put through its final reading last night and will be voted upon at the same time as the municipal election on January 12.

Ten Years Ago in Prince Rupert

December 28, 1911.
 Captain Norman Broadhurst is up the Skeena River with the Rover at present. The launch will return soon with a couple of scows, weather permitting.

At 4 p. m. yesterday the C. P. R. steamer Beatrice made her welcome visit to Prince Rupert harbor after her unfortunate stranding. Her visit was more appreciated because she brought the heavy Christmas mail from the east and the Old Country. The Beatrice is unchanged by her spell on the repair slips, but has a new keel, stem and rudder posts. Her damage was all forward. The Beatrice pulled out last night for the Queen Charlotte Islands.

WHAT HAPPENED TO THE HAGGIS?

One Consigned to Savoy Hotel, London, Was Delivered to Laundry as Soap.

LONDON, Dec. 28.—The haggis which was specially ordered from Aberdeen for the great gathering of Scotsmen, on St. Andrew's Day, at the Savoy Hotel, duly arrived in London, despite the fog, but mysteriously disappeared after reaching its destination.

Inquiries were set afoot by the anxious management for over 500 guests had booked tables for the festival. A telegram was despatched as a safeguard to Aberdeen ordering a new supply in order not to disappoint the guests. A fresh supply was despatched forthwith, and every care taken to see that it reached its destination safely.

Inquiries regarding the lost haggis later disclosed the astonishing fact, after St. Andrew's Day, that it had been delivered to the hotel, but was inadvertently despatched to the Savoy Laundry at Clapham, the error arising through a servant mistaking the haggis for a consignment of soap.

The matter of installing street lights on Graham Avenue, Westview, was again brought up at the council meeting last night. The Utilities Committee assured Ald. McNeil, who brought the matter up, that this would be attended to at once. Materials were already on the ground.

The city council last night authorized that a hold back amounting to \$3575 on city work contract work be remitted to Capt. H. B. Babington, the contractor. The city solicitor was satisfied that the \$5,000 bond would be sufficient to ensure the rest of the contract that is not yet completed.

ANNOUNCEMENTS

I. O. D. E. New Year Dance, St. Andrew's Hall, Monday, January 2.

MOOTING DAM BELLE ISLE

Fur-clad Eskimos From Labrador Press This on Newfoundland Premier.

ST. JOHN'S, Nfld., Dec. 28.—Construction of the much-mooted dam across the Straits of Belle Isle which it is claimed would, by diverting the Arctic current, make the winter climate of Newfoundland and Eastern Canada as mild as that of Spain and enable ocean liners to sail up to Montreal the year round, was urged upon Prime Minister Sir Richard Squires by two fur-clad Eskimos from the Labrador, who arrived here recently. In their interview with Sir Richard they suggested the advisability of building the dam as a means of providing employment and requested that they be given positions as timekeepers, as they could be trusted to tell the time of day during the long Arctic nights. After paying their respects to the Prime Minister, the Eskimos took in the theatre and studied the costumes and near costumes of a musical comedy company, gleaming hints to help their better halves deck themselves for the Easter parade at Makovik. Later they were regally informed by the meteorological authorities that the Newfoundland Government would not undertake the much-mooted project, firstly, because it lacked the money, and secondly, because the idea that the diversion of the Arctic current would convert Canada and the Ancient Colony into a banana belt was as badly exploded as the celebrated Maury myth that the Gulf stream causes the British Isles to enjoy a mild climate.

So the Eskimos bought supplies for their tribes and took the boat for the north, expressing the hope that the Privy Council fell down on the job of settling the boundary dispute between Newfoundland, Labrador and Canada their services would be requisitioned.

Demers' Prize Drawings, Winning numbers: First prize, 154; second prize, 210; third prize 201.

Jahour Bros. Prize Drawing, First prize Number 5407, Third prize No. 4320 still unclaimed.

A. Bogunick, in the police court this morning, was charged with fighting. The case was dismissed.

In the police court this morning Alex. Boonoo was fined \$10 for shooting fire arms within the city limits.

B. L. Tingley arrived in the city yesterday from Port Clements and is registered at the Prince Rupert Hotel.

Charles Adams was charged with indecency in the police court this morning and the case was remanded until tomorrow.

Tit's Prize Drawing, First prize won by No. 3437, second prize by No. 4808, third prize No. 1707. The second prize was claimed by Miss Bowen. If the first and third prizes are still unclaimed in two weeks time, No. 1939 was the second drawing for first prize and 567 for third prize.

A letter of recommendation for E. J. Whitaker, the new city engineer, was received by the city council from the South Vancouver Board of Trade last night. The letter stated that Mr. Whitaker was "hard-working, conscientious, sober and painstaking and it was with great regret that South Vancouver had lost his services. He was an official with which any city should feel satisfied."

BEGINNINGS OF LONDON LORD MAYOR

The remarkable career is recalled by the demolition, at Girvan, a little Ayrshire coast town, of one of the few remaining old-fashioned thatched cottages, in order to clear a site for a new police station. It was in this building that Andrew Lusk, afterwards Lord Mayor of London, commenced business as a grocer in the early half of the last century. He was the son of a local farmer, and left Girvan for London, where he laid the foundation of his fortune—owing to a quarrel with his landlord over a broken window.

BRINGING UP FATHER

NEW CURE FOR TUBERCULOSIS

French Doctor Advocates Inhaling Dry Air and Lime Dust.

LONDON, Dec. 28.—Striking experiments with a view to the cure of tuberculosis were related by Dr. Coutieres before the Paris medical academy. Having noticed that men working in lime kilns never developed tuberculosis, Dr. Coutieres made tuberculosis patients breathe dry hot atmosphere saturated with quick lime dust, calcic powder, carbon anhydride, with the result that a large proportion of them were cured.

Another doctor acting upon the same reasoning has been carrying out these experiments with similar results.

It is believed this treatment can now be advocated as both a therapeutic and prophylactic measure.

CHEQUE ON ACCOUNT OF LIQUOR PROFITS RECEIVED BY CITY

The city council last night received a letter from the comptroller general of the province enclosing a cheque for \$2,352.94, Prince Rupert municipality's share in the profits under the Liquor Control Act based on a population of 1,000 people as in the 1911 census.

The mayor handed to the city clerk a letter from Hon. T. D. Pattullo, member for the district, which stated that the next allotment made to the municipality would be made on the basis of the 1921 census, returns for which it was expected would be in by that time.

The cheque received last night covers a period of three and a half months from June 15 to September 30. The Act provides that half of the money shall be used for hospital purposes.

MESSAGES TAKEN FROM SEA PLAY PART IN CLAIM FOR SHIPWRECK DAMAGES

NEW YORK, Dec. 28.—Messages cast up from the sea, believed to have been written by members of the crew of the freight steamship Frederick which was last heard of when she left Louisburg, N. S., on January 15, 1916 figured in a supreme court action brought by relatives of the missing men against officials of the Frederick Steamship Company. They seek to recover \$700,000 for lives that were lost. Charles W. Morse is among those involved in the suit. A bottle containing ten sheets of paper, each with a message signed by one of the crew, was found on one of the Turkey Islands, off the Scottish coast. All but one was written in Spanish and that was in English. It read: "We are sinking in mid-ocean and the captain has deserted us. There are ten men left behind. The steward of the ship, Faithfully yours, George Matthews."

The complaints in the action charge the vessel's owners and operators with conspiracy "for the purpose of making profits by purchasing the steamship Frederick, which at the time of the purchase was old, worn out and totally unfitted for use as an ocean-going vessel."

England exports two hundred tons of plum-pudding every year.

COUSIN OF FRED STORK IS DEAD

Account of Death Given to Toronto Globe—Well Known Easterner.

Edward Stork, cousin of Fred Stork of this city, member-elect for Skeena in the federal parliament, died on Sunday morning, December 18, at his residence, 15 Irene Avenue, Toronto.

Edward Stork, says the Toronto Globe, in telling of the death, was one of the early citizens of Brampton, Ontario. He was born in Brampton 69 years ago, the son of the late Christopher Stork. His grandfather, the late Richard Trueman, was Brampton's first druggist, and established 80 years ago a store that was later known as the Stork Drug Store. He was succeeded by Christopher Stork, and 18 years ago, the late Edward Stork took over the business. He sold out in 1916 to the late E. W. Boyle.

In earlier life Mr. Stork was an active Mason and was Past Master of Igny Lodge. He served in the Town Council, and was deeply interested in the municipal life of the town. A man of the most charitable tendencies, he was held in the highest esteem by citizens in every walk of life.

Brief illness.
He was a Liberal in politics, and a Methodist in religion, being a member of St. Paul's Methodist Church in Toronto. He moved to Toronto over a year ago. His death followed but a brief illness.

Two brothers, Dr. W. Stork, Toronto, Government Inspector, and Chas. M. Stork, Belleville, survive. F. Stork, member of Parliament for Skeena, B. C., and mentioned as a Cabinet possibility, is a cousin.

PARTY IN HONOR OF VISITORS HERE

Mrs. A. T. Parkin Entertained Last Night in Honor of Miss Gibbons and Miss Thomson.

A very enjoyable evening was spent at the home of Mr. and Mrs. A. T. Parkin, the occasion being a dance given in honor of Miss Gibbons, niece of Mr. Parkin, and Miss Eva Thomson. Dancing was enjoyed until the early hours, and Mrs. Gawthorn presided at the piano. Among the guests present were:

Mr. and Mrs. George Wilson, Mr. and Mrs. D. C. Stuart, Mr. and Mrs. David Thomson, Miss Georgina Hunter, Misses Godwin, Miss Hall, Miss Murray, Miss Rivet, Sydney Huntley, Percy Tinker, H. F. Wearmouth, Mr. Gleason, James Mitchell, Douglas Wallace, Miss Mercer and David Cochrane.

AMERICANS ADMIRE POLICE OF LONDON

LONDON, Dec. 28.—"Everyone who comes to London admires the City Police. On all hands in New York I hear expressions of admiration for your force," said Colonel Wood, who is in London as the representative of Colonel Wanamaker, special commissioner of the New York Police Reserve. Colonel Wood has come over to present, on behalf of his chief, silver cups to the Metropolitan Police, the City Police and the Special Constabulary. In the early days of the war a deputation came to London from New York to learn something of the organization of our police. The presentations are tokens of appreciation for the courteous way in which they were received. Sir William Not-Bower, Commissioner of the City Force, who accepted the cup on behalf of all ranks, said in reply, that the force recognized in the gift a feeling of comradeship and friendliness between the New York Police and our own force.

"Those grapes I vainly endeavored to reach are probably sour anyhow," remarked the fox. "Their sourness," commented Aesop, "wouldn't prevent you from making an interesting use of them if you have a good recipe."—Washington Star.

GERMANY'S TRADE IN TOYS BOOMING

BERLIN, Dec. 28.—That Germany's export toy trade is booming is a statement already made so often that little more can be said about it until the actual trade returns come in. One interesting question is the one concerning German thoroughness in gaining the taste of little girls and acting accordingly. The dolls destined for South America wear infinitely more gorgeous garments than those sent to England; different types of animals are bred in the different nurseries of the world. There is a vast increase this season in the manufacture of wooden toys, painted with the beautiful non-poisonous German colors which all British salesmen know they may thoroughly guarantee. The fashion in wooden toys came here from Russia, but there will be many many thousands of Russian wooden articles sold in London shops this year which have come from the very Socialist, exceedingly picturesque, but entirely German town of Sonneberg.

As regards the display in Berlin shop windows, all that can be said is that it more than equals pre-war days again and shows no sign of any lack of finding favor with the vast foreign floating population. There are enough fat geese to be seen in the shops, but the price is only suited to the pocket of restaurant keepers and the wealthy. The great goose shop at Eydtkuhnen on the East Prussian frontier—known at the time when thousands of the birds were driven in from Russia as the "goose station"—are empty.

SOLDIERS IN MENTAL ASYLUMS IDENTIFIED

LONDON, Dec. 28.—Official assurance has just been given that none of the soldiers in the mental asylums remains unidentified. Statements to the contrary were rife some time ago and again have obtained currency. These, it is stated, have caused entirely unnecessary anxiety to the relatives of some soldiers reported dead, especially in cases where the soldiers were first announced as missing.

Bohemia proposes to coin a small currency of glass.

COLONEL GEORGE HAM PUTS ONE OVER ON JUDGE K. M. LANDIS

NEW YORK, Dec. 28.—Two white headed men among the best known persons on the Continent, engaged in a story-telling contest about their ages during the meeting of the major league baseball clubs.

Said Judge K. M. Landis, baseball's supreme court: "I am 55 years old, but my doctors, after an exhaustive examination, have told me that I have the physical make-up of a boy of 34."

"But listen!" commanded Col. George Ham of Montreal, official of the Canadian Pacific Railway. "Listen! I am 75 years old, I have had more doctoring than any other man on the Continent, at least I have had more doctors than any man I know and they tell me that I am 120 years old. Who are your physicians anyway?"

Then Judge Landis sat down.

CHRISTMAS FESTIVITIES OF VALHALLA LODGE

Children and Adults Entertain Yesterday in Metropole Hall.

The annual Norwegian Christmas entertainment was held in the Metropole Hall yesterday afternoon and evening under the auspices of the Lodge Valhalla. The afternoon was devoted to the entertainment of the children. Each child present was the recipient of a suitable gift at the hands of Santa Claus, and the crowd of little folks spent a real merry time around the great tree.

In the evening the hall was crowded with adults who were entertained at card playing and dancing, refreshments being served during the evening. A three piece orchestra under the direction of Charles Palagino furnished the music. The success of the day was in a great measure due to the untiring effort of Andy Akerberg and the chairman of the committee, K. Halberg.

TERRACE

A children's evening was held at the Progress Hall last Friday, the occasion being the Christmas tree given by the Community Club. The hall was crowded to the doors. F. G. Bishop, president of the club, acted as chairman. A very fine program of music was rendered and it was heartily enjoyed and enjoyed by all. At the conclusion of the program Santa Claus emerged from the fireplace, amid the cheers of the children, and distributed his interesting cargo. The success of the Christmas tree is due in no small measure to the work of Andy Long and his committee.

A meeting is called for January 5 for the purpose of reorganizing the local branch of the Great War Veterans.

Mr. and Mrs. Geo. Keith are spending the Christmas holidays in Prince Rupert.

Mr. and Mrs. Boyer of Wainwright, Alberta, are visiting the town for a few days. Mr. Boyer is looking over various sections of the country along the G. T. P. with the idea of securing land.

DID NOT ADVOCATE MARRIAGE BUREAU

WINNIPEG, Dec. 28.—Mrs. Nellie L. McClung, novelist and M.L.A. of Edmonton, repudiated the report upon her arrival here from England that she had advocated an empire marriage office. "I was quoted quite incorrectly on the question of establishing a government matrimonial bureau to introduce English girls to Canadian men," Mrs. McClung said. "What I suggested was that the women's institutes in both Canada and England co-operate in the matter of introducing English girls to eligible Canadians seeking wives, but that the whole matter be conducted without publicity, the institutes merely filling the role of a kind friend," she explained.

"The best references on both sides would be required," Mrs. McClung added, "and as well the young people should have an opportunity to meet and get acquainted before the marriage was arranged finally."

Nervous Breakdown

The extreme depression and discouragement which comes over one at times is the most alarming symptom of nervous exhaustion.

This letter is a message of hope to all who find themselves in this unfortunate condition.

Mrs. Geo. T. Tingley, Albert, N.B., writes:—

"For years I was in a very nervous, run-down condition, was much depressed in spirits and suffered a great deal at times. The least noise would irritate me and at times I felt as though I certainly would go crazy. I consulted different doctors to no effect.

"A friend advised the use of Dr. Chase's Nerve Food and I can truly testify today to the great benefits received. There was a marked change before I had finished the second box and when I had used a dozen boxes my nerves were thoroughly restored and I was entirely relieved of those terrible feelings I used to have. I shall ever be ready to testify to the benefits of this wonderful medicine, feeling sure that it will give to others the quick and permanent relief it has given me."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmansons, Bates & Co., Ltd., Toronto.

Sport Chat

The Trail Club and Sons of England billiard players meet tonight in a regular fixture in the Trail Club Shield series. The Trail is all primed up for another clean sweep and all the members are confident that they shall make a clean six game win of it. The odds are certainly a long way in their favor but the other clubs are hoping that the Sons will take a few games so that the Trail standing may be reduced to make climbing to it a little easier. It looks, though that the Trail is going to be at the top of the list after the final of the first half next Wednesday when they meet with the Wanderers, the present holders of second position.

In the death of Harry (Slats) Welber, Prince Rupert loses one of its best and most enthusiastic sport supporters and organizers. During the past two years Slats did a great deal towards keeping baseball going here and he was one of the moving spirits in the splendid organization of the intermediates that now exists. It will be hard to fill his place and when another baseball season comes around he will be sorely missed. The loss to the bereaved family will be a great one and the sympathy of Slats' many admiring friends will go out to them in the hour of their deep sorrow.

Major League baseball owners in joint meeting last week in New York voted to re-establish the seven game world's series in effect for the last three years. American League club owners were unanimous for the change, while National League magnates voted 7 to 1 against it. Inasmuch as under a joint agreement each league has only one vote, Commissioner Landis, who is authorized to cast the deciding ballot in case of a tie, voted for the seven-game series. The Chicago Cubs, alone of the National League clubs, voted in favor of the shorter series.

OXFORD HOCKEYISTS DEFEAT SWISS TEAM

English Team Almost Entirely Composed of Players From Canada.

LONDON, Dec. 28.—The Oxford University ice hockey team, which is made up of Canadians all except one member, defeated the Swiss national team at Meurten by a score of 9 to nil.

BAPTIST XMAS TREE SUCCESSFUL AFFAIR

Great Entertainment Given by all Departments Sunday School Last Evening.

The annual Christmas entertainment was held in the Baptist church last evening, the church being crowded to the doors. The program comprised items by the various departments connected with the church. The Primary department, under the leadership of Mrs. Kendall, gave several numbers, among which was the piece entitled "How We Found Santa Claus." The approval of the rendering was shown by demands for encore which was given.

Little girls, dressed in white with candles burning, sang "Jesus Bids Us Shine" and this was much appreciated by the audience. A chorus by the Tuxis Boys, under the leadership of R. B. Lindsay, the title being "A Camp Song" was very creditably rendered.

Mrs. Nowell's class furnished the next item, which was another illuminated song "Holy Night." It was beautifully rendered by the little girl, Billy Lindsay, of A. L. Box's class, gave a reading, after which the Helping Hand Society, under the leadership of Miss Agnes Dawson, rendered a chorus which was heartily applauded. Other members of the Helping Hand Society rendered pianoforte selections and vocal duets.

The boys of the Trail Rangers, under the leadership of P. H. Lindsay rendered a chorus which was much enjoyed.

Women Workers.

The women workers, under the leadership of Rev. W. H. Redman, gave a most instructive portrayal of the five cups of the bible, and the Tuxis Boys also gave a very interesting depiction of the Intercession and Indian prayer. Both numbers were splendid.

Possibly the most interesting item was the presentation by the teachers of the Sunday School, through Mr. Redman, to P. H. Lindsay. He was given a beautiful clock, as a token of the esteem in which he is held by the teachers of the church for his services with them during the past eight years. Mr. Lindsay suitably replied.

Santa Claus Comes.

After this enjoyable little ceremony, Santa Claus made his appearance by stepping out from a life like ship right among the children, giving a small token to each child present. The Christmas tree was fitted up in the form of a boat on the platform. The boat had been built by Rev. W. H. Redman, and was completely outfitted even to the extent of wireless. This called for great admiration from everyone present. At the close of the entertainment three hearty cheers were given for the pastor, W. H. Redman and the singing of God Save the King brought a delightful and successful evening to a close.

WEST BOOKS BURNED FOR GERMAN YOUTH

BERLIN, Dec. 28.—Forty thousand volumes of detective, "Wild West" and Indian stories, which had been put in circulation here since the revolution, were piled and burned, as a feature of a campaign by the Association for the Protection of German Youths. The books were received from youths who had purchased them, and who received classical works in exchange.

 FIRE INSURANCE is a hobby of ours. We take keen pleasure in making sure that all policies are so written that they cover your property exactly as you intend. If you entrust your fire insurance to careless, inexperienced or ignorant agents you may find, when you come to collect your fire loss, that your policies are so worded that the insurance company is not liable and so will not pay the loss. Why take chances?

FOSSIL SKULL OF BONE CAVE

Said to Be New Species of Human Family Perhaps New Genus.
 LONDON, Dec. 28.—(By Canadian Press).—Considerable interest is being taken in the fossil skull of what is expected to prove to be the earliest type of man, discovered in the "Bone Cave" at Broken Hill Mine, Northern Rhodesia, Africa, and donated to the British Museum. Professor G. Elliott Smith, professor of anatomy in the University of London, after an examination of the skull, has informed The Times that "It is the skull of a most remarkable type of mankind quite new to science." The Professor adds: "In my opinion it is undoubtedly a new species of the human family, if not a new genus."
 Heretofore the Java skull has been the most primitive type of human remains that has been found and according to Professor Smith the African skull presents certain resemblances to it, especially in the general form of the great eyebrow ridges, the flatness of the skull and its broadness at the back. The Gibraltar skull, he says, is the most primitive found on the threshold of Europe, and the presumption is that this race came from Africa. It is quite possible, Professor Smith thinks, that this new skull may represent the ancestral form of this race in

With those who appreciate big value at 2 for 25¢, you'll say—Lavello cigars certainly satisfy.

Europe. The new skull, has great projection of the eyebrows, but the upper part of the face is flat, something like that of the ape.
Powerful Neck.
 One of the most striking things about the new skull is the enormous impression of the neck muscles at the back of it. The creature must have had a tremendously thick and powerful neck, Professor Smith says—very much more powerful than any other fossil skulls would suggest to have existed in the types of man they represent. "Another very remarkable feature of this new skull," the Professor states, "is that some of its teeth are affected with dental caries, a most surprising thing, for in modern man dental caries is a comparatively recent acquisition, and does not date long before the time of the Pyramids. This ancient man, however, suffered badly from toothache. I do not know of any other case earlier than the 1500-year-old age of dental caries existing in a human skull."
 The skull is in an extraordinarily good state of preservation. However, owing to blasting operations at the mines where it was found the lower jaw is missing.

FORD OFFERS BUY NAVIES OF WORLD

WASHINGTON, Dec. 28.—Henry Ford has sent to the United States Government an offer to buy "the navies of the world at junk (scrap-metal) prices."
 "I mean business," he said in an interview. "The governments may not think I could finance this undertaking, but I can. With acetylene torches and electricity I can cut these warships to pieces and make agricultural machinery and other useful things out of them."
 "I stand ready to buy every warship the United States and other powers may decide to scrap. I understand that many German warships were sunk. That was a crime."
 "If the diplomats mean business they will accept my offer. If the powers will sell me their fleets I will help them to solve their unemployment problems. Something must be done for the men whom smaller navies will throw out of employment."
 "If the ships are sold to me I will employ all the men in the world in turning fleets into tractors and other machinery which would benefit the world."

MUST BE ENGAGED FOR THIRTY DAYS

NEW YORK, Dec. 28.—Legislation by congress prohibiting marriages for 30 days after the announcement "so that it will be impossible for an actress to get the son of a rich man drunk and marry him before he gets sober," was recommended by Dr. Wilbur S. Crafts, head of the International Reform Bureau of Washington, in an address before a gathering of Methodist ministers.

HALF NEW MEMBERS FOR QUEBEC LAWYERS

MONTREAL, Dec. 28.—The joint group of lawyers and notaries alone forms slightly in excess of 50 per cent. of the entire list of members who were elected for Quebec in the recent election. The list is as follows: Lawyers, 28; merchants, 10; retired, 8; doctors, 6; lumbermen, 6; notaries, 5; journalists, 4; brokers, 2; agronomists, 2; manufacturers, 1; surveyors, 1; druggists, 1; farmers, 1.

OBSOLETE WARSHIPS MAY BE BROKEN UP IN GERMAN SHIPYARDS

LONDON, Dec. 28.—Comment is being made in shipping circles respecting reports that a number of obsolete British warships are to be broken up in foreign yards. According to one report 16 British ships of various descriptions are to be broken up in German yards.
 It is recognized that accommodation for the breaking up of large warships of deep draught in this country is necessarily limited, and the recent statement in parliament of the Civil Lord of the Admiralty has been noted. This was to the effect that owing to the large surplus of warships since the Armistice and "to the fact that the facilities for breaking up in this country are so fully occupied, a number of vessels have been sold for breaking up on the continent." At the same time it is felt that, in view of the large amount of labor employed in breaking up ships, every possibility of undertaking the work in this country ought to be considered before the dispatch of British vessels to foreign yards is permitted.
 The breaking up of battleships involves, as a rule, the cutting of the plates by means of the oxy-acetylene flame into pieces small enough to be inserted through the doors of blast furnaces. The maximum size of these pieces is generally 5 ft. 6 in. South Wales is a large consumer of scrap metal, especially in connection with the manufacture of tin plate so that it is a fact that the Dreadnought of today will probably form the basis of the receptacles of the canned goods of a few years hence.

Mrs. Halow's Milkman
 "The only milkman we know is the Pacific Milk can," Mrs. Halow says.
 They have used it for five years, occasionally trying a tin of something else, but she says one can is enough to prove that Pacific Milk is still the best and she orders another case.
