BRITISH GOVERNMENT TO MEET IRISH FACTIONS VIEW TO PEACE

Shipping to United Kingdom from This Port Is Declared To Be Immediate Possibility

That there was sufficient tonnage offering from this port for shipment to the United Kingdom to warrant the calling of a large vessel once a week was the substance of a statement made by W. Nicholls, controller of the Canadian Fish and Cold Storage Co., at the regular monthly meeting of the Prince Rupert Board of Trade held in the council chamber last night. Mr. Nicholls stated that he had gone carefully into the matter and had had a good deal of correspondence on it and had come to the conclusion that the business might be well gone after. He moved that the Board and Commerce Committee be kept up. This was seconded by C. Gibbons and carried unanimously.

DELEGATES TO CONVENTION OF LIBERALS

Those Attending Are Not Instructed by Local Association in regard to Attitude.

The Prince Rupert Liberal Association last night met and chose 23 delegates and twelve alternates to attend the Convention of Liberals of the Vancouver district to be held here on Tuesday, next, in the Pattullo Block. They were not instructed as to whether they should favor choosing a candidate or not, nor as to who should be the choice in case it was thought advisable to go ahead just now.

The business of the evening was quickly done and the meeting adjourned in about half an hour after being called to order by Vice-president McMillan. The following were chosen as delegates: W. E. Williams, Thomas McMillan, George W. Johnstone, E. H. Mortimer, F. G. Dawson, Fred Stark, Martin O'Rielly, James McNulty, F. H. Silversides, L. M. Palmer, Dr. W. T. Kergin, J. G. Sheen, S. E. Parker, John Dybban, V. Basson, William M. Brown, D. H. Morrison, John L. McIntosh, H. F. Pullen, Robert Gordon, Thomas Trotter, M. P. McGaffery, and Harvey Fraser.

IMMIGRATION INTO CANADA

Ten Thousand Come to Farm in Three Months According to Statistics.

OTTAWA, July 9.—On the first three months of the present fiscal year, 10,105 persons intending to find a place in Canada's rural life, came in through great ports. Of these, 6,761 were men, 1,875 were women and 1,469 were children.

Coming from the United States there were 5,158, whose destination was the farm, of these four thousand were men, 1,138 were women and 1,320 were children. The large number of women and children indicates that the whole families are migrating in many cases. Those three months are the big months for farm immigration.

The greatest number of farmers and farm laborers coming to Canada for any one year, was 12,821 via ocean ports in 1914-15 and 63,672 from the United States on the previous year. The smallest year of all for agricultural immigrants, via ocean ports, was in 1917-18, when 802 arrived, and from the United States 12,083 in 1915-16. Just how the northward trek from the United States seems on the decline.

BUILDERS HERE WILL BID FOR STATION WORK

Four or Five Local Contracting Firms Preparing to Submit Tenders.

Four or five local contracting firms are preparing to submit tenders to the Canadian National Railways for the erection of the new station here and have taken out specifications with a view to putting in bids. Besides the local firms, there will also be a number of tenders from outside contractors, it is believed. The date for the closing of the tenders will be July 25. Plans are now in the hands of the local president engineer. Similar to those which were submitted to the city council some weeks ago and which at that time were fully described. The plans have been approved by the board of railway commissioners and the work will commence immediately after the contract has been awarded which will likely be early next month.

TRYING TO SOLVE POSTAL DEFICIT IN GREAT BRITAIN

LONDON, July 9.—The postmaster-general has called upon the business men of Great Britain to aid him in solving the problem of how to operate the postal, telegraph and telephone services efficiently and without a deficit.

A council of business men has been appointed to assist in the management of the department. H. Gordon Setcliffe, the American merchant in London, is one of the 19 appointees. The others include bank directors, presidents of chambers of commerce, railroad managers and other leaders of industry. One is a newspaper proprietor, Viscount Burnham, of the London Daily Telegraph.

The postoffice department estimates for the current year show a deficit of £3,500,000. The postmaster-general had proposed to cover this by increasing the rates on the second-class mail, but now this project has been abandoned.

Has Monopoly. The question why the department should show a loss has been the subject of much debate in the newspapers. The department has a monopoly in the United Kingdom of the mails, telegraphs and telephone, thus making it the greatest business in the country. Yet, on a combined revenue of £70,000,000 a year it has been run at a loss. One writer has attributed the deficit to the doubling of the penny postage on letters which took place during the war and its retention since.

SONS OF ENGLAND.

All members are asked to meet at the K. of P. Hall Sunday, July 10, for the purpose of taking part in the L. O. L. church parade at the Presbyterian Church.

TWO DEATHS FROM HEAT IN MONTREAL

CALGARY, July 9.—The heat wave in most parts of Ontario and Quebec is broken by the rains and cooler weather prevails. There were two deaths in Montreal yesterday as the result of the heat.

De Valera and Lloyd George to Meet in London; Hostilities Are to Cease Preparatory to Peace

The recent elevation of Lord Curzon to the rank of Marquis is especially interesting to Americans, as Lady Curzon was Grace Hinds, daughter of the late United States Minister to Brazil. Her first husband was Alfred Duggan A. Smith, a wealthy American, who died four years before her marriage to Lord Curzon.

1,000 AIRPLANES FOR FRENCH GOVERNMENT

PARIS, July 9.—A fleet of 1,000 airplanes, suitable for war is proposed in a bill now before the Chamber of Deputies. It is planned to establish and operate these warcraft commercially so that the cost to the government would be little if any more than under its present policy.

The author of the measure, Deputy Paul Benazet, called attention to the large and expensive aviation personnel of the government "which consumes but does not produce."

Strongly advocating the creation of a great, protecting aerial force, M. Benazet, urged that the government create a corporation to operate commercially, transporting passengers and freight and establishing an postal routes, thus training aviators, developing aviation, cementing relations with the colonies and meantime keeping the fleet ready for immediate conversion to war purposes.

Glaude A. Heller, president of the Belmont-Surf Inlet Mines, arrived on the Prince George today from Philadelphia to visit the mines. The Belmont is here to take him south. Accompanying Mr. Heller is his daughter, Mr. Garry, geologist for the company, also arrived in the city this morning.

NOMINATION IN ALBERTA

Probable Lineup of the Parties When Papers Are All In.

CALGARY, July 9.—After nomination day on Monday provincial political "parties" will likely line up in the contest for the 61 seats in the Legislature with the parties represented as follows:

Government	51
Conservatives	12
United Farmers	39
Labor	11
Independents	28
Socialists	1

Total 145. The election takes place the following Monday.

SOLDIERS' CLUBS CANNOT PURCHASE BEER FROM STORE

VICTORIA, July 9.—Soldier clubs selling beer here to members can no longer obtain beer from the liquor board, they reported today. The attitude of the board is not to allow itself to be placed in the position of aiding soldiers clubs to break the liquor law by serving them with supply in large quantities.

LONDON, July 9.—De Valera has written Lloyd George accepting the latter's invitation to attend a conference in London with representatives of Northern Ireland and the British Government for the purpose of discussing the Irish situation with a view to arriving at a settlement of the points at dispute. Arrangements are being made for hostilities in Ireland to ease at noon on Monday next.

LONDON, July 9.—Lloyd George is authoritatively stated this afternoon to have accepted the proposal of De Valera and will meet the republican leader to discuss the basis of a formal conference. The meeting will probably take place next week.

The Government is subordinating all other problems of state to the question of securing an Irish peace. Earl Middleton, the Irish Unionist leader, reached here this morning from a conference with De Valera in Dublin and was immediately received in audience by the King.

The whole country this morning is seething with talk of the prospects of peace in Ireland. It is the absorbing topic of conversation.

Lord Middleton in an interview said the sentiment in Ireland is overwhelmingly in favor of a settlement and there is fervent hope it will be possible to arrive at a solution that will be permanent.

Cease All Attacks in Ireland.

Military patrols have been removed from Dublin streets and De Valera issued instructions to his supporters to cease all attacks upon civilians and discontinue military manoeuvres of all kinds.

Everywhere this morning there is an air of the greatest optimism specially in Downing Street and the Irish office where the belief is freely voiced that there is every reason to hope bloodshed in Ireland is nearing an end.

Discussed by Newspapers.

A few editorials which appeared in the morning papers welcome with one exception the Irish truce with the greatest cordiality and the hope is expressed that it may lead to permanent peace in Ireland.

The Times declared that once active hostilities ceased in Ireland, there was every reason to believe the whole atmosphere of that country would change and that the greatest menace to the settlement by negotiation would disappear.

The Morning Post complained of the "humiliation the rebels have inflicted on England" and said the British Government should "negotiate terms at the point of a loaded revolver."

OIL SHALES AT QUATSINO

B. W. Leeson, Customs Officer, Has Sent Them to Ottawa For Analysis.

VICTORIA, July 9.—The existence of oil at Quatsino Sound, at the north end of Vancouver Island, is reported by B. W. Leeson, customs officer at Quatsino, who is here.

Samples of oil shale have been sent to Ottawa for a Government analysis.

BODY WAS FOUND CLAYOQUOT BEACH

Believed F. G. Tibbs Swam Out to Recover Boat and Died From Exposure.

VICTORIA, July 9.—E. G. Tibbs of the Federal Lighthouse service, was found dead on the beach at Clayoquot. It is believed death resulted from exposure when Tibbs swam out to recover the boat which had gone adrift.

COMMISSIONER OF CIVIL SERVICE IS ON THE WAY HERE

VICTORIA, July 9.—W. H. McInnis, civil service commissioner, left here last night on a tour of inspection at Prince Rupert, Alton and other points in the north.

DOORN CITY WILL FORCE KAISER BILL

William Hohenzollern Refuses to Pay Taxes But Authorities Will Not Stand For It.

LONDON, July 9.—Former Emperor Wilhelm II is having difficulties with the municipal council at Doorn, Holland, over the question of paying local taxes. It is stated in despatches today that Wilhelm has refused to pay the taxes and that the council is taking steps to bring the pressure of the law on him to force payment.

REG'INED SPEECH RESULT OF THUNDER STORM YESTERDAY

MONTREAL, July 9.—C. Lavier, a Canadian army aviator of Tre-Gensburg, New York state, who has been totally dumb for the past nine months, suddenly regained his power of speech after hearing a particularly heavy clap of thunder during last night's storm. He was on the steamer going from Toronto military hospital to visit his sister here.

Should Encourage Shipping to Come.

The announcement made by J. W. Nicholls, controller at the cold storage plant, that a shipping firm might come here regularly if it could secure 500 tons of freight each trip, is a most interesting one and it is to be hoped the Trade and Commerce Committee of the Board of Trade will lose no time in taking up the matter with them. With the new dock almost finished and with the development of the business of the district, it would seem to be an easy matter to secure that much cargo. It might pay the city to put a good man on the job at once to arrange with fish packers, canners and others to make shipments by that route.

It might seem at first sight as if a shipping concern coming here would take much business away from the railroad. It must be remembered, however, that for the long haul much freight is being sent to Vancouver and transferred there, to the great disadvantage of local shippers and with damage to the goods. If the ships once commenced coming here they would be an encouragement to local business and some of them might carry shipments of lumber and thus help keep our mills going. With the starting of the pulp mill, another industry would provide freight for vessels for the east coast or the United Kingdom.

Let People Develop Country.

There is at Burns Lake a group of men who are anxious to drill for oil. They wish to spend their own money in putting down holes to test the country. They are finding it difficult to secure licenses, after having complied with all the necessary forms. It seems difficult to understand what the objection could be.

The people of Burns Lake are very much disturbed over the refusal to grant the licenses. It does seem queer that the possible industries of the country should be tied up when people are willing to take a chance by spending their money in development. There may be some good reason for refusing, but if there is, the people should be told. As it is they are feeling very sore with the provincial government. We want to develop all the coal and oil and other natural products that are in sight and the Government we fancy should be very diffident about taking any action which would retard such development.

Irish Settlement Seems Possible.

The people of the country are undoubtedly looking for great things from the coming conference between the Irish leaders and the British Government. Undoubtedly the Sinn Fein Irishmen feel very strongly or they would not take the chances they run every day of being shot or imprisoned. On the other hand the feeling is just as strong on the other side.

There was little hope of a settlement as long as the leaders refused to get together and talk things over. Now that they have agreed to this there is every hope of a settlement. People in this country all hope that strife in that country will cease and that from this time on Ireland will return to industrial pursuits as an outlet for their surplus energy.

When Will Dominion Election be Held?

A question which is agitating some of the people is when will a Dominion election be held? The Daily News has given an opinion that it will be in the late spring or summer of next year. Nothing has since happened to change that opinion. It is possible it may be earlier but not likely. The Meighen Government sees nothing to gain by haste and there is always the hope of something turning up which may aid them. At present the outlook is blue and it can hardly get worse whereas it may possibly improve. Meighen is a much more active man than his predecessor in office and he may count on starting the country with a line of policy that may touch the popular fancy. If he could but get a flag big enough and wave it widely enough, he might yet carry the day. The difficulty is to get the flag and the cause in which to wave it.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

159 Avenue Plus IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured."

At this time, a friend advised me to try "Fruit-a-tives" and I did so. After taking two boxes of "Fruit-a-tives", I was greatly relieved; and gradually this marvelous fruit medicine made me completely well.

My digestion and general health are splendid—all of which I owe to "Fruit-a-tives".

FARMERS TO RETAIN CO-OPERATIVE STORE

Northern Interior Association
Has Lost Money But Will
Not Be Dropped.

The Northern Interior Co-operative Association will retain its retail store at Prince Rupert, notwithstanding unfavorable results of a few months, a decision to that effect being arrived at when a motion was put to close the store at the semi-annual meeting held at Houston last Tuesday afternoon, says the Interior News.

Beck's Statement.

President Macgregor occupied the chair and after a few remarks called upon Manager Beck for a report of the business of the Association. Mr. Beck referred to the readjustments taking place in all lines of business and gave the unusual conditions prevailing as reason for the big falling off in business. Mr. Beck stated that the association had around fifty tons of beef in cold storage at Prince Rupert, and pointed out that the slow sale was sometimes due to the lack of fresh meat to work off with that in storage. This slow turning of stock was having a discouraging effect on the membership, who were compelled to wait some time for their money and consequently hesitated when it came to further shipments.

Committee Appointed.

The decreasing volume of business with the low commission rate charged for the handling of produce had made it impossible to carry the overhead charges on the business to the extent of the deficit of \$156 in five months and a committee was appointed to draw up some plan or re-organization of rates and general conduct of the business of the organization.

Mr. Beck gave some advice on the butchering and preparing of beef for the market, pointing out that the people on the coast were willing to buy Bulkley Valley products, but they demanded a standard to compete with the packing houses.

Milk Business.

Suggestions for going into the milk business and in connection with the far north hay trade were advanced, but difficulties in this connection were pointed out and it was decided to take no action for the present.

ALDER SPOKE TO THE BOARD OF TRADE AT ITS MEETING

Says Old Country Woolen Mills
Looking to Coast and Might
Be Brought Here.

As far as I can see Prince Rupert is doing as well as any other place I have visited during the present hard times," declared W. J. Alder, who visited the local Board of Trade at its regular monthly meeting last night. "There certainly is more building going on here in proportion to the population than at any other place."

Mr. Alder spoke on the possibility of an old Country woolen mill establishing on the coast and suggested that the local board go after this business for Prince Rupert. He understood that one firm had been in communication with the Victoria Board in regard to a site and had asked for a free water concession and also special allowances in regard to taxation. There was a lot of machinery idle in the Old Country at the present time and some of it might be brought to the Coast. Even if Prince Rupert only obtained a small plant it would be well worth having here.

WILL CELEBRATE BATTLE OF BOYNE

Orangemen to Hold Church Pa-
rade Sunday, Excursion on
Tuesday.

The Royal Orange Lodge will hold its annual celebration and church parade next week. The church parade will leave the K. of P. Hall, Sixth Street and the members, who will be joined by the Sons of England, will march to the Presbyterian Church, where Rev. Dr. Grant will address them.

The anniversary of the Battle of the Boyne will be celebrated in unusual style this year by means of an excursion to Port Simpson, the steamer Camdoun having been chartered for the purpose. It is expected that a great many will take advantage of the opportunity to visit the Indian village and mission.

USING PAJAMAS FOR SUMMER SUITS IN TURKISH CAPITAL

CONSTANTINOPLE, July 9.—American Red Cross and army pajamas are being converted into jaunty street clothes here by ingenious Russian refugee soldiers and civilians.

Hugh S. Bird, treasurer of the Red Cross, when here on a visit of inspection, saw a spick-and-span, monocled Russian officer, flourishing a cane and fanning himself with a straw hat, at the local Red Cross offices asking for some mail.

The officer looked so well put up that Mr. Bird stopped feeling sorry for the Russians for a moment, until he took a second look at his clothes. He then saw that the man had taken a suit of pajamas, sewed some shoulder strap braid on them, strapped his officer's belt about them and roiled up the bottoms to give a trouser effect. By taking off his hat, shoes, and belt the man was ready to go to bed.

Mr. Bird thought so well of the ingenuity of the man, who had defeated the hot weather that he gave orders for several thousand more pajamas to be distributed so no Russian need wear his heavy shabby winter clothes.

BOLSHEVIK PAPERS WORD PICTURES OF DISMAL CONDITION

REVAL, Esthonia, July 9.—Those who have the idea that Bolshevik newspapers printed in Russia say only rosy things about the country could quickly be disillusioned by perusal of the papers themselves. During the past four months, the principal Moscow and Petrograd newspapers have been startlingly frank about some of the conditions that Communism has produced.

The Moscow "Economic Life" not long ago wrote the following description of conditions on one of the Communist "model" farms.

"The farm presented a picture of complete desolation. For years there have been no repairs. Windows are broken, walls are falling in, and some of the buildings are in ruins. Workers live in terrible, dirty rooms, black from smoke. In one of the rooms there lives a calf, placed there by the foreman despite protests of women tenants.

No Vegetables. There are neither potatoes nor vegetables for the workers. In the summer no one has bothered to store them. People are starving, cattle are starving. In the farm there are 32 persons, of these six are officials."

The old program of the Bolshevik government called for an increase in the number of these "model" farms. The new program by which the peasants are given nine years tenure of their land, practically does away with them.

No less frank were more recent admissions in the Moscow newspapers about the economic state of Russian factories, some of which were shown to be producing less than five per cent of what they produced before the war.

TEX RICKARD'S HUGE JERSEY CITY ARENA WHERE THE WORLD'S HEAVYWEIGHT CHAMPIONSHIP BATTLE WAS FOUGHT LAST SATURDAY AFTERNOON

IN THIS PLACE GATHERED 90,000 BOXING FANS WHO PAID \$1,600,000 TO SEE JACK DEMPSEY, THE CHAMPION, KNOCK OUT GEORGES CARPENTIER, THE FRENCH CONTENDER, IN A LITTLE OVER THREE ROUNDS. WAS THE LARGEST ASSEMBLY THAT EVER WITNESSED A BOXING MATCH IN THE HISTORY OF THE SQUARED CIRCLE.

NEW AIR CRAFT IS LAST WORD

Splendid Fighting Machine Is British Built Ship.

LONDON, July 9.—Uncle Sam will soon become the possessor of the British-built R-38, the largest rigid airship yet constructed in any country and a craft that represents the very "last word" in "aerial dreadnaught" designing.

Trim and smart as the quarter-deck of an admiral's flagship, the R-38, soon to be designated officially by her new American name, ZR-2, is claimed to be the most formidable craft ever to "take the air."

She is expected to be capable of 5,000 miles' flight at full speed—70 miles per hour—or 6,500 miles at a "cruising speed" of 60 miles per hour.

Her Armament.

Her specifications call for an armament of 14 Lewis guns, a one-pound automatic gun, four bombs of 250 pounds and eight bombs of 230 pounds. The machine-guns are distributed at vantage points so that any form of attack, from land, sea or air, might effectively be combatted.

The ship's heavy armament serves as an index to her character. She is designed to serve, if occasion arises, as the general headquarters of a whole battle fleet, eyes, ears and, in emergency, an auxiliary "business end." From the compact, convenient "skipper's" cabin close up under her nose to the neat little machine-gunner's "nest" at the very tip of her stern, ZR-2's arrangement and construction spells efficiency and "strictly business."

Carry 65 Persons.

Without extensive alterations, ZR-2 could not accommodate comfortably a party of 65 persons as did the Italian-built, semi-rigid airship. But if a submarine were sighted, ZR-2 could maneuver into position, then the mere pressing of a button in the captain's control cabin would release a bomb, or a dozen bombs, if required, to "do in" the enemy undersea boat.

Fully Protected.

If enemy airplanes became bothersome during this procedure, they would not find, as was the case with the German Zeppelins, that there was an unprotected spot under the ZR-2's lower part aft where they could hover and pump machine-gun bullets into her gasoline tanks. To meet just such a contingency there is the stern machine-gun nest, one situated some fifty yards ahead on the under part of the ship, and one in each of four of the ship's engine cars, which are suspended at her sides.

JOHNNY WILSON TO FIGHT ROBINSON

Well Known Middleweight Will Defend His Title of World Champion.

BOSTON, July 9.—Johnny Wilson, middleweight champion of the world will defend his title against George Robinson of Cambridge in a ten round bout here on the night of July 15.

JACK JOHNSON IS OUT TODAY

Plans to Go Back Into Ring if Anyone Will Have Him.

LEAVENWORTH, July 8.—Jack Johnson, former heavy-weight champion pugilist of the world, was today released from the Federal Prison here after having served ten months of a year's sentence for violation of the Mann Act. He was let off on account of good conduct. After his long absence from the American prize ring while he was fleeing the authorities the big negro now plans to enter the game again if he can get a fight anywhere. Many parts of the country have refused to allow him to fight in their territories.

SCOTTISH FOOTBALL PLAYERS WILL REACH NEW YORK TOMORROW

NEW YORK, July 9.—Preparations are being made here to give the touring Scottish footballers a great reception on their arrival in New York tomorrow morning. Officials of the United States Football Association will meet their train and entertain the members of the party until they play their game in Jersey City which is scheduled for 3 o'clock.

AUSTRALIAN RUGBY TEAM IS LEAVING AT END OF MONTH

SYDNEY, N.S.W., July 9.—Australia's rugby team, which is to tour England, will leave here on July 28 for San Francisco, taking the train across the continent and thence across the Atlantic.

The team is expecting some strenuous tussles with the old country players.

RED SOX WERE BADLY BEATEN

Were Shut Out Last Night by Sens of Canada—Score 9 to 0.

The Red Sox were sadly outclassed by the Sens of Canada in last evening's City League baseball fixture, the score standing 9 to 0. The game only lasted seven innings, rain and darkness combining to make necessary the early closing. It made little difference, however, for the Red Sox field was decidedly out of form and moreover, suffered from the absence of some of the regular players.

Lidstone was in the box for the Sens and Rossiter pitched for the Sox. The pitchers were about on an even footing, Lidstone making ten strike outs to Rossiter's eight. The former, however, walked four men. The shutout of the Sox is attributed to poor fielding although the Sens of Canada made twelve hits to the Red Sox two. The winners made but one error that being chalked down to Farquhar while the losers made six, Harry Astori, four, and J. Mitchell, two. Curtin made the only two hits to the credit of the Red Sox.

Lineup and Score.

The teams lined up as follows:
Sons of Canada—Anderson, ss, Corkle, c; Lane, lf, Shakespeare, 2b, Scott, rf, Moloney, 1b, Robertson, cf, Farquhar, 3b, and Lidstone, p.

Red Sox—Mitchell, 3b, Curtiss, ss, Rossiter, p, Frizzell, c, Bazett Jones, 1b, H. Astori, 2b, Clarkton, cf, Clapp, rf, and Sherman, lf.

The score by innings was as follows:

	1	2	3	4	5	6	7	8	9	W.	L.	Pct.
Red Sox	0	0	0	0	0	0	0	0	0	0	0	0.000
Sons of Can.	0	0	1	0	6	0	2	0	9	9	0	1.000

The City League standing to date follows:

	W.	L.	Pct.
Sons of Canada	5	0	1.000
Elks	2	2	.500
Red Sox	0	5	.000

PLAYFELLOW SOLD FOR \$115,000.

Playfellow, full brother of Man o' War, who at one time was branded as a false alarm and cost only \$1,500, has been sold to the Hancocks Stable for \$115,000. He is now one of the lions of the turf.

Sport Chat

A substitute for the famous Police Gazette, which purported to deal with athletics but which is said to have degenerated into a retailer of questionable stories and lurid pictures of actresses, has appeared in Canada and is called "Sporting Blood." Some time ago the Police Gazette was barred from the Canadian mails and since then it has been rarely seen on this side of the border. Now "Sporting Blood" is to be bought on Canadian newsstands. It resembles the old Police Gazette somewhat in its makeup and it is also printed on the old familiar pink paper. So far, however, it does not seem to have gone quite so far along certain lines as the American journal did.

The six round bout between Lonnie McIntosh and Lloyd Madden at Kelchikan last Saturday resulted in the former obtaining the decision. Although McIntosh is a Ketchikan man, many of the fight fans at the Alaskan town felt that a draw decision would have been a fairer one. Madden was formerly lightweight champion of the Pacific Northwest and is considered a pretty fast boxer and the victory was quite a credit to McIntosh. A year ago Madden fought with Chet Neff and the bout resulted in a draw although many who witnessed it said that Neff was not entitled to such a decision being made.

The new Polo Grounds at Smithers, which was constructed this season, is now in operation and games are being played on it. The new ground fills a long felt need in Smithers and now the railway town has a ball yard of which it can be justly proud. It is located on the Lake Evelyn road not far from Smithers and is on an ideal flat site. It is very commodious and can be used for field sports as well as the usual football and baseball games. The athletes of Smithers are taking every advantage of it and even the visitors favor it as a place for their games.

AVOID ACCIDENTS WHEN SWIMMING OR OUT IN BOAT

Now that the summer season has arrived, boating and swimming accidents will naturally follow; a few words of warning may not be out of place just now. Persons who know no more about managing a boat or canoe than an airplane invite their friends without any hesitation to trust their lives to those amateur boatmen, therefore when danger arises from carelessness and ignorance or the folly of those who are in them, no one knows what to do, the fright increases the danger and the results may bring mourning to many homes.

Some of those regrettable accidents are due to that practical joker who insists on rocking the boat; others imagine they can walk around as if on the promenade deck of an ocean liner, while some, eager to show their ability with the oar or paddle, change seats, when the inevitable happens.

While a dip in the cool waters is always refreshing, prudence must be exercised or serious results may follow. Therefore the following hints should be borne in mind by those indulging:

Don't bathe within two hours after having eaten a heavy meal.
Don't take a prolonged swim when fatigued.
Don't bathe alone if subject to giddiness or faintness; or in secluded or unfrequented places.
Don't dive into water you don't know the depth of.
Don't get into a panic if you get cramp in either of the limbs; swim to shore with the unaffected ones. Cramp is more painful than dangerous.
Don't dive from a boat or canoe in a high wind; you may not be able to overtake it.

BEAUTIES AT ATLANTIC CITY TAKING UP BOXING.

Now that Dempsey is giving exhibitions at Atlantic City, many enthusiasts of the gentler sex have flocked there to see him perform. Dempsey usually takes a plunge into the deep every day, and the girls are not far behind him when it comes to bathing. These pretty bathers, in their Annette Kellermann suits, are giving an exhibition of what they have learned from the champion for the benefit of the camera man. It is well to say the "censor" passed on the bathing suits.

TERMS ANGLO-JAP ALLIANCE

Renewal of 1911 Provided for No Coercion Into War.

Great Britain and Japan first entered into alliance in 1902. The treaty signed in that year resulted from the joint action of Russia, France and Germany in depriving Japan of most of the fruits of her victory over China in the war of 1894-95 and from the subsequent Russian exploitations in the Far East. It bound the contracting powers to maintain the status quo of general peace in the extreme East and especially to maintain the independence and territorial integrity of Korea. In case either should, in defense of its interests, become involved in a war with a third power, the other was to maintain strict neutrality and to endeavor to prevent other powers from joining in hostilities against it. In case of attack by other powers the neutral party would be obliged to enter the war.

Britain Neutral.

Under this agreement Great Britain remained neutral in the Russo-Japanese War of 1904-05. On August 17, 1905, while the peace conferences were still in session at Portsmouth, the alliance was renewed. It was amended so as to apply to India. The neutrality provision was eliminated. Article 2 stipulated that "if, by reason of unprovoked or aggressive action, wherever arising on the part of any other power or powers, either contracting party shall be involved in war in defense of its territorial rights or special interests mentioned in the preamble (i.e., in the regions of eastern Asia and India), the other contracting party will at once come to assistance of it."

Defensive Treaty.

The treaty is thus defensive in character and leaves it open to the ally not first involved in the war, to decide whether the war was or was not due to unprovoked and aggressive action on the part of an outside belligerent. Italy exercised a similar judgment in 1911 under the terms of her defensive alliance with Germany and Austria-Hungary. The revised treaty also recognized Japan's paramount rights in Korea.

On June 13, 1911, the alliance was again renewed for a term of ten years. It was then modified by the insertion of this clause: "Should either high

contracting party conclude a treaty of general arbitration with a third power, it is agreed that nothing in this agreement shall entail upon such contracting party an obligation to go to war with the power with whom such treaty of arbitration is in force.

FAIR PRIZE LIST JUST OUT TODAY

The 1921 prize list for the Prince Rupert Exhibition which will be held September 13 to 17 was released from the hands of the printers this morning and its circulation will soon commence. The book contains 68 pages which includes the various classes and sections of exhibits and some attractive advertising matter. The Indian Section this year is not included in the regular prize list but has been printed as a separate pamphlet. The Fair Association may at a later date, supplement the present book with a pamphlet containing additions and any corrections that may be found necessary.

KETCHIKAN SHOWS POPULATION 5,419

Enumerators named by the city council some time ago to take the census of Ketchikan turned in their report last night, showing the population of Ketchikan to be 5,419 persons, says the Chronicle. The enumeration was accepted, approved and placed on file.

Based on the census, showing more than 5,000 residents, the Ketchikan members of the Elks lodge are now petitioning the grand lodge for a charter for a lodge in Ketchikan. The national convention of the Elks will be held in a few weeks in California and it is hoped that favorable action will be taken on the petition at that time.

BOUNTIFUL HARVEST IN PEACE RIVER

EDMONTON, July 9.—Prospects for a bountiful harvest in the Peace River country were never better according to visitors from the north who are in Edmonton today registered at the Macdonald hotel.

"Wheat is heading out" they say, "and oats and other cereals are making a progress seldom equalled in previous years."

The heavy rains that have been enjoyed in the Edmonton district have also blessed the Peace River country; and the weather also continues warm.

PREPARING FOR CONTEST IN ALBERTA

Three Parties Will Have Candidates in Field for Election July 18.

(By Canadian Press.) EDMONTON, July 9.—Alberta apparently has followed the example of Manitoba and has abandoned the old system of two-party politics. In the general election which is to be held on Monday, July 18, the political campaign which is being waged by the United Farmers of Alberta is a factor of much importance. There are 18 rural constituencies, and while many conventions are yet to be held, it is expected that the Farmers will have candidates in most of them. The Conservative party also is carrying on a brisk fight, and in many constituencies the government will be faced with two opponents. There are thirteen urban seats—five in Calgary, five in Edmonton, two in Medicine Hat and one in Lethbridge—making up the membership of the legislature, an increase of three over the last house which was elected on June 7, 1917. Calgary expects about twenty starters and the five with the largest votes will be elected. Edmonton will have almost as many. Liberals and Conservatives will run a full slate of five in each city and independents and labor nominees will swell the total.

Express Ideals. The United Farmers appear to be divided from the Stewart government by no broad issues and it is said to be probable that in some constituencies they will unite with the government on joint candidates. There is a formal provincial political organization designed to elect a U. F. A. government, but the local units themselves decide whether or not they will enter the lists. H. W. Wood, president of the United Farmers, himself will not be a candidate. The Farmers' movement in itself at this stage is described as being rather a spontaneous effort of the agricultural population to express at the polls their political ideals. It is an attempt to take over the duties and responsibilities of carrying on an administration.

The Leaders.

Hon. Charles Stewart, himself a farmer at Sedgewick, where he may be re-elected by acclamation, succeeded the late Hon. A. L. Sifton as premier on October 1917. In the legislature just dissolved he had 34 members out of the 58, the opposition of 24 comprising 18 Conservatives, two Soldiers and two Non-Partisan members; one U. F. A. member and one Labor. A. F. Ewing, Conservative leader, may seek election in Edmonton. The Conservative party is attacking the government's financial record and policies and its administration in general.

At least five women will be numbered among the several scores of candidates. Mrs. Nellie McClung, the well known writer, is a government candidate in Edmonton. Mrs. Langford, who is on the Liberal slate in Calgary, is a daughter of the late Prof. Burwash of Victoria

University and widow of the late Rev. Fred Dangford, at one time pastor of Central Methodist church in Calgary. She is chairman of the Calgary school board and active in women's work in the province. Mrs. Annie Gale, is expected to run as an independent candidate in Calgary. Mrs. Louise McKinney, former non-partisan member of the Legislature, has been nominated by the U. F. A. and Mrs. W. D. Ferris has been selected as one of the five Conservative candidates to contest the consolidated Edmonton riding.

Editor Declines.

W. M. Davidson, editor-in-chief of the Calgary Albertan and a member for that city in the last legislature, is not seeking re-election. At the Liberal nominating convention, when he declined to let his name stand, he gave his reasons. "I have not lost faith in new Liberalism," said Mr. Davidson. "It is because of my faith in it that I decline to be a candidate. I have more influence in advocating progressive views through my newspaper without being a member than I can by being a newspaper man and a member at the same time. Being a legislator interferes with my influence as an editor. Being a newspaper man interferes with my influence as a legislator. I can do better work for the cause in which I am most interested, as a newspaper man."

FRANCE TAKES ACTION AGAINST BOLSHEVISTS

PARIS, July 8.—The French government has taken the offensive against Bolshevik propaganda in educational institutions. Leon Mearaud, minister of public instruction, has issued a circular in which college professors and public school teachers are warned against the promulgation of extremist ideas in their work.

"Republican France," he says, "cannot look with indifference upon a propaganda that recommends violence and the suppression of universal suffrage, with the consequent annihilation of national representation and liberty."

It has been noticeable since the extremist agitation became active throughout France that the Communist forces were recruited principally among youths and young men from 15 to 25 years of age. Some have inferred from this fact that boys did not come out of the public school or college with healthy ideas of government.

Some of the most violent extremist agitators have been public school teachers.

PEACE RIVER GOLD RUSH

Interesting Account of How Men Went Mad with Gold Fever.

EDMONTON, July 9.—J. A. Baxter, rancher of the Peace River district, fifty miles down stream from Peace River town, gives an interesting account of the four day gold rush to the Cadotte river district, twenty-six miles down river, starting with Sunday June 5th.

He describes the gold rush incidentally started by Dr. Gauthier, as paralleling in excitement and amusement scenes anything that he has ever witnessed in the line of a mineral strike. That Peace River and district temporarily went mad for the few days, goes without question, states Mr. Baxter.

As Mr. Baxter's 200 acre ranch is located not far from the Cadotte stream he had occasion to return from Peace River town about the time the news of the supposed gold strike drifted in. Accordingly he left town on Saturday, June 4th, determined to see what truth there was in the story.

Together with a friend, he was on the ground of the alleged strike early Sunday morning about ten o'clock in the morning a flock of wild geese were observed by Mr. Baxter and his friend, flying in direction of the Cadotte river upstream territory. The geese had no sooner passed them than reports of shots came from the guns of parties approaching the claims from the Cadotte side. The geese circled and turned in direction of the Peace River, three or four miles distant. They had hardly disappeared from view when numerous other shots were heard from the Peace river side.

Big Rush of Seekers.

Mr. Baxter said to his companion: "If you came up here to stake claims you had better get busy because there will not be any left to stake by night. Those shots are from the van guard of an army of stakers." Baxter's prophecy proved true. Before nightfall Sunday the territory was covered with gold seekers and both banks of Cadotte river were staked for many miles. That was only the first day, the three following bringing in hundreds of other men anxious to claim a piece of the supposed new Eldorado.

Returning a day later to Peace River scenes there exceeded any stretch of imagination, stated Mr. Baxter. They were hardly an hour in the town before four young men rushed down the main street to the river bank carrying a long Peterboro canoe into which they had precipitously thrown, literally on the run from passing stores a scanty supply of provisions.

They never stopped that wild race at the river edge but diving the canoe in headlong, scrambled into it in wild excitement, leaving in direction of the Cadotte strike.

Many others left the same day via rowboats, old punts, gasoline boats and every kind of a craft that could be called into requisition. Some had ample supplies of provisions for several months while others left with the little they could carry in their pockets.

Monday of the strike excitement wrote out 774 powers of attorney during the day, obtaining for each legal document the real sum of four dollars. The succeeding three days he reaped in like amounts from people who were employing them to stake for them. Now that the strike has fizzled out he is credited with having made more out of the wild rush than any other individual in the town.

EXPECT AWARD IN GRAND TRUNK CASE IN NEAR FUTURE

OTTAWA, July 9.—Following the argument of counsel in the Grand Trunk case an early award by the arbitrators is expected here.

They have until August, but

a decision is expected this month. On points of law there may be an appeal and possibly this may be taken advantage of by the railway company on the ground of the board excluding evidence as to the value of physical assets. Nothing which has transpired suggests an appeal by the Government as any such procedure would have the effect of delaying payment of whatever amount it determined as the value of the common stock, but it will not cause delay otherwise as the Government is already in possession and control of the system.

Appointment of a new board or any changes in the management along with the formal merging of all the state-owned lines in one system will remain in abeyance till the Prime Minister returns.

ARRANGING REGULAR SERVICE FROM OCEAN FALLS TO CALIFORNIA

Pulp to be Shipped Regularly by Steamers of Canadian Government Merchant Marine.

C. W. Tourtelotte, assistant general agent for the Canadian Government Merchant Marine, was a passenger for Ocean Falls on the Prince George this week. He will conclude arrangements at that port for the inauguration of a regular service for the carrying of pulp from there to San Francisco. The Canadian River is now loading 600 tons for the California port and the Canadian Observer will be up next week for a similar cargo.

COAL AND OIL LAND RESERVE IS AGAIN UNDER DISCUSSION

A letter from Hon. William Sloan, minister of mines, regarding the lifting of reserves on the interior oil and coal fields stating that the matter would have his consideration, was received at the meeting of the Board of Trade last night. It was also reported that A. M. Manson had a resolution on this matter which would be brought in at an early meeting of the council. It was moved by E. G. Gibbons and seconded by J. H. Pillsbury that the matter be referred to the legislative committee for its immediate attention.

PASSENGER TRAIN CARRYING SOLDIERS BOMBED FROM BRIDGES

DUBLIN, July 9.—A passenger train carrying among others, soldiers from Dublin to Cork was attacked with bombs and blazing gasoline from the bridges as it passed beneath. The train escaped but several of the passengers were badly hurt. No soldiers were hurt.

Two ex-soldiers were found in County Limerick, the bodies being labelled with the word "spy."

The floor was good, the refreshments were delicious and the music by Art's Orchestra was all that could be desired. About 110 persons were in attendance. L. J. Marren was master of ceremonies, Mrs. E. S. Stillwell and George Gorkie were on the door and Mrs. Carrall was in charge of the catering.

SONS OF ENGLAND HONOR PRESIDENT WHO LEAVES CITY

Pleasant Gathering Last Night Does Honor to E. R. Tabrum.

E. R. Tabrum, the popular president of the Sons of England lodge, who tomorrow night leaves the city to enter business in Vancouver, was honored by the lodge last night and the occasion was one of much enjoyment although it was tinged with regret at the departure of such a popular member and citizen from Prince Rupert.

At the lodge meeting the presentation was made to Mr. Tabrum by Frank Salter, vice-president, of a handsome case of cigarette holders. Following the meeting the gathering of nearly 30 was entertained at the upstairs dining room of the St. Regis Cafe by George Richmond where a dainty and bounteous spread was provided. In the course of the affair speeches were made telling of Mr. Tabrum's popularity and expressing regret at his departure by Steve King, J. Day Bell, S. M. Newton, Harry Birch, George Hill and J. Unwin.

STRUGGLE BETWEEN BUYERS AND SELLERS

ROME, July 9.—The struggle between buyers and sellers still continues in Italy, as it goes to the heart of the Italian shopkeeper to reduce those prices which made his fortune since the war.

A large quantity of wool has been sent to Italy from Australia, and consequently the Italian woolen merchants find a difficulty in disposing of their goods, and fine woolen stuff can now be produced for \$10 a yard. The shopkeepers, however, refuse to sell this cheaper material until they have exhausted all the dearer but inferior quality cloth which they have in their shops, and continue calmly to charge from \$100 to \$200 for a suit of clothes.

Buy advertised goods and buy them from the local merchant who advertises.

RAILWAY TO PEACE RIVER IN SEPTEMBER

General Manager of E.D. and B. C. Railways Will Move This Year's Crop.

General Manager J. A. McGregor of the Edmonton, Dunvegan and British Columbia Railway, leaves Edmonton Wednesday for a trip of inspection over the northern railway system and on Tuesday expressed confidence that the twenty-five mile extension west of Peace River would be completed by September 30 at least.

That the E.D. and B.C. railway would be able to move the northern crop in record time this year was the prediction by the manager of the system previous to his departure on his tour of inspection.

The twenty-five mile extension, the reported, would be carried forward to completion with all possible speed. A car of steel, incidental to the construction of the line, moved forward on Tuesday afternoon and other steel, all of a high grade character, will be dispatched just as soon as grading operations are nearing completion.

Over one hundred men are now employed on the Peace River extension branch and grading operations are being carried on with a speed that presages an early completion. Ballasting will follow the grading and indications point to the completion of the Peace River extension in record time.

SMALLPOX AND OTHER INFECTIOUS DISEASES WORRYING EDMONTON

EDMONTON, July 9.—Three cases of smallpox were reported to the city health department on Monday, these being located in the Norwood district.

During the week ending June 30, there were 21 cases of diphtheria and 22 cases of scarlet fever and diphtheria.

Diphtheria appears to be on the increase, as the ward devoted to that disease at the isolation hospital is full and no more patients can be taken.

Two city cases have ended fatally, and also one case brought in from outside.

Dr. Park is now acting as deputy health officer and is dealing energetically with any complaints of garbage lying around or other nuisances.

OPPOSES INDECENT DRESS AND DANCING

Rev. Francis E. Clark Urges
Christian Endeavorers Against
Tainted Practices.

NEW YORK, July 8.—An appeal to Christian Endeavorers throughout the world to oppose Sabbath desecration, indecent dress, sensuous and promiscuous dancing and suggestive moving pictures was made by the Rev. Francis E. Clark, president at the Sixth World's Christian Endeavor convention here yesterday.

In outlining proposed activities for the coming year he said: "I should like to see a league of Endeavorers set themselves against indecent dress, sensu-

ous, promiscuous dancing and sensual and suggestive moving pictures, all of which are destroying the modesty and eating out the souls of millions of young people. Let not Christian Endeavor be tainted by practices that lead to conformity with the world, the flesh and the devil.

"The home is also our sphere of action. We are all children or parents or brothers or sisters. We belong to homes. Why should not family Christian Endeavor be a vital part of our program for the years to come? Many of us must establish or help sustain family prayers, at least breakfast table prayers, even in these busy days.

"The decline of family religion is a terrible menace to the Christianity of the future. The men and women of generations yet unborn will have reason to bless you if you stem the tide of worldliness in the home and establish there an altar to our God.

We cannot escape our relation to the community and the nation. Christian Endeavor must be patriotic but not partisan. It must take its place against the desecration of the Sabbath and of every high and holy thing. It must stand for temperance and purity. In other words, it must stand everywhere and always for Christian citizenship."

BOLSHEVIK NAME.

RIGA, Latvia, July 9.—The Nevsky Prospekt, the "Broadway" of Petrograd, has been rechristened by the Bolshevik government "25th of October Prospekt," that being the date, by the Russian calendar, in 1917 when the Soviets overthrew the Kerensky government. So it now becomes popularly known, in Russian, as "Oktobrie Prospekt."

NO HARMONY IN HOLY LAND BOLSHEVIKI

British High Commissioner Says
Bolshevik Will Be Expelled.

JERUSALEM, July 9.—Sir Herbert Samuel, the High Commissioner for Palestine at a recent festival, addressed a representative gathering here. In the course of his speech he expressed regret that harmony between the devotees of different creeds, which he earnestly desired to promote, had not yet been attained. He declared that Great Britain would never impose on the Palestinian people a policy contrary to their religious, political and economic interests.

Pernicious Doctrines.

Referring to immigration Sir Herbert said it must be definitely recognized that conditions did not admit of mass immigration. Among new arrivals, he added, there had been a number tainted with the "pernicious doctrines of Bolshevism." Those who are known to be Bolsheviks had been arrested and would be expelled with the exception of those liable to punishment for complicity in the disturbances at Jaffa. Immigration had been suspended pending a review of the situation.

Sir Herbert said he was anxious that the Palestinian people should be more closely associated with the administration of Great Britain, he assured his hearers, intended to make provision for the government of Palestine in an instrument which would be registered with the League of Nations. The interests of the non-Jewish population would be not only safeguarded by the mandate itself, but likewise in the instrument referred to, in which the future constitution of the country would be defined.

In conclusion Sir Herbert said: "I earnestly desired to see this land, the centre of sacred associations for hundreds of millions of men, inhabited by a people kindly and peaceable. Most earnestly do I desire to see it progressing in quietness and harmony toward a prosperous and noble future. Let the government and the people unite in their efforts for the sake of that ideal."

MANY DUELS ARE FOUGHT IN AUSTRIA

BUDAPEST, July 9.—The passion for duelling, which slumbered in Hungary during the war is breaking out with increased vehemence, according to a report of the Ministry of Home Affairs just made public. About 6,000 challenges to fight were recorded during the last six months, and in 350 cases the combat was fought without a serious result. There were three killings.

Trifling incidents have been the cause of some encounters. Treading on a man's foot in an over-crowded street car or calling a person a "fool" might impel two solemn-looking gentlemen in full dress and top-hat to call on you on behalf of the offended person requesting you to name your seconds.

Washed By Blood.

As a rule the conference leads to explanations, apologies and a protocol embodying these important facts to the satisfaction of all parties concerned. But when the insult is considered too gross or the offender too stubborn, the seconds rule that that only blood can wash the insult away and they fix the conditions of the next morning's encounter with light, or heavy swords, with bandages or without or with pistols. The combat then takes place in one of the fencing schools or, when fought with pistols, in some deserted meadow outside the town.

Political antagonists frequently change arguments for weapons and a heated debate in Parliament is generally followed by a couple of duels. Even ministers have to accept the challenge of an opposition member and it is still remembered that the late Count Stephen Tisza when prime minister fought nine duels with his political opponents.
