Northcliffe Becomes Stormy Petrel

ARREST OF IRISH MILITARY COMMANDER ORDERED BY BRITISH

Northcliffe, Storm Centre of British Politics, Denies Responsible for Interview

LONDON, July 30.—The Foreign Office is not surprised that Lord Northcliffe cancelled the invitations to Lord Northcliffe following the breach between the Northcliffe press and the Foreign Office, but the latter denies it influenced Geddes' course of action.

WASHINGTON, July 30.—Lord Northcliffe left last night attending a private dinner at which Sir Auckland Geddes was the host of the proposed guests who had been called to the dinner by the Foreign Office. The usual courtesies to distinguished guests were not extended at the dinner.

Northcliffe personally King George denying that he was responsible for the interview given by Lord Northcliffe to the Times, and Northcliffe's position on the tour. This is said to have credited King George with radical views, which were denied in the House of Commons yesterday.

MEIGHEN IS SATISFIED

Is Impressed with Possibilities of Forthcoming Disarmament Conference.

LONDON, July 30.—Premier Meighen, before sailing on the Carmania today, stated that he was satisfied with the progress made by the conference. The questions most affecting Canada are now settled. He was impressed with the fair disposition of British statesmen toward Dominion questions.

While the conference of premiers has been important Mr. Meighen is impressed with the possibilities of the disarmament conference and says it is the most important of all the conferences.

HAIL DAMAGES PRAIRIE CROP

Fields Laid Flat at Portage La Prairie and Trees Uprooted.

PORTAGE LA PRAIRIE, July 30.—Many of the farmers of the Portage plains are sadly disappointed over their expected big crop. A tremendous hail-storm swept through the district laying the fields of grain flat and uprooting trees. Enormous crop damage is reported. So huge were the hailstones that one farmer had his head cut open by them.

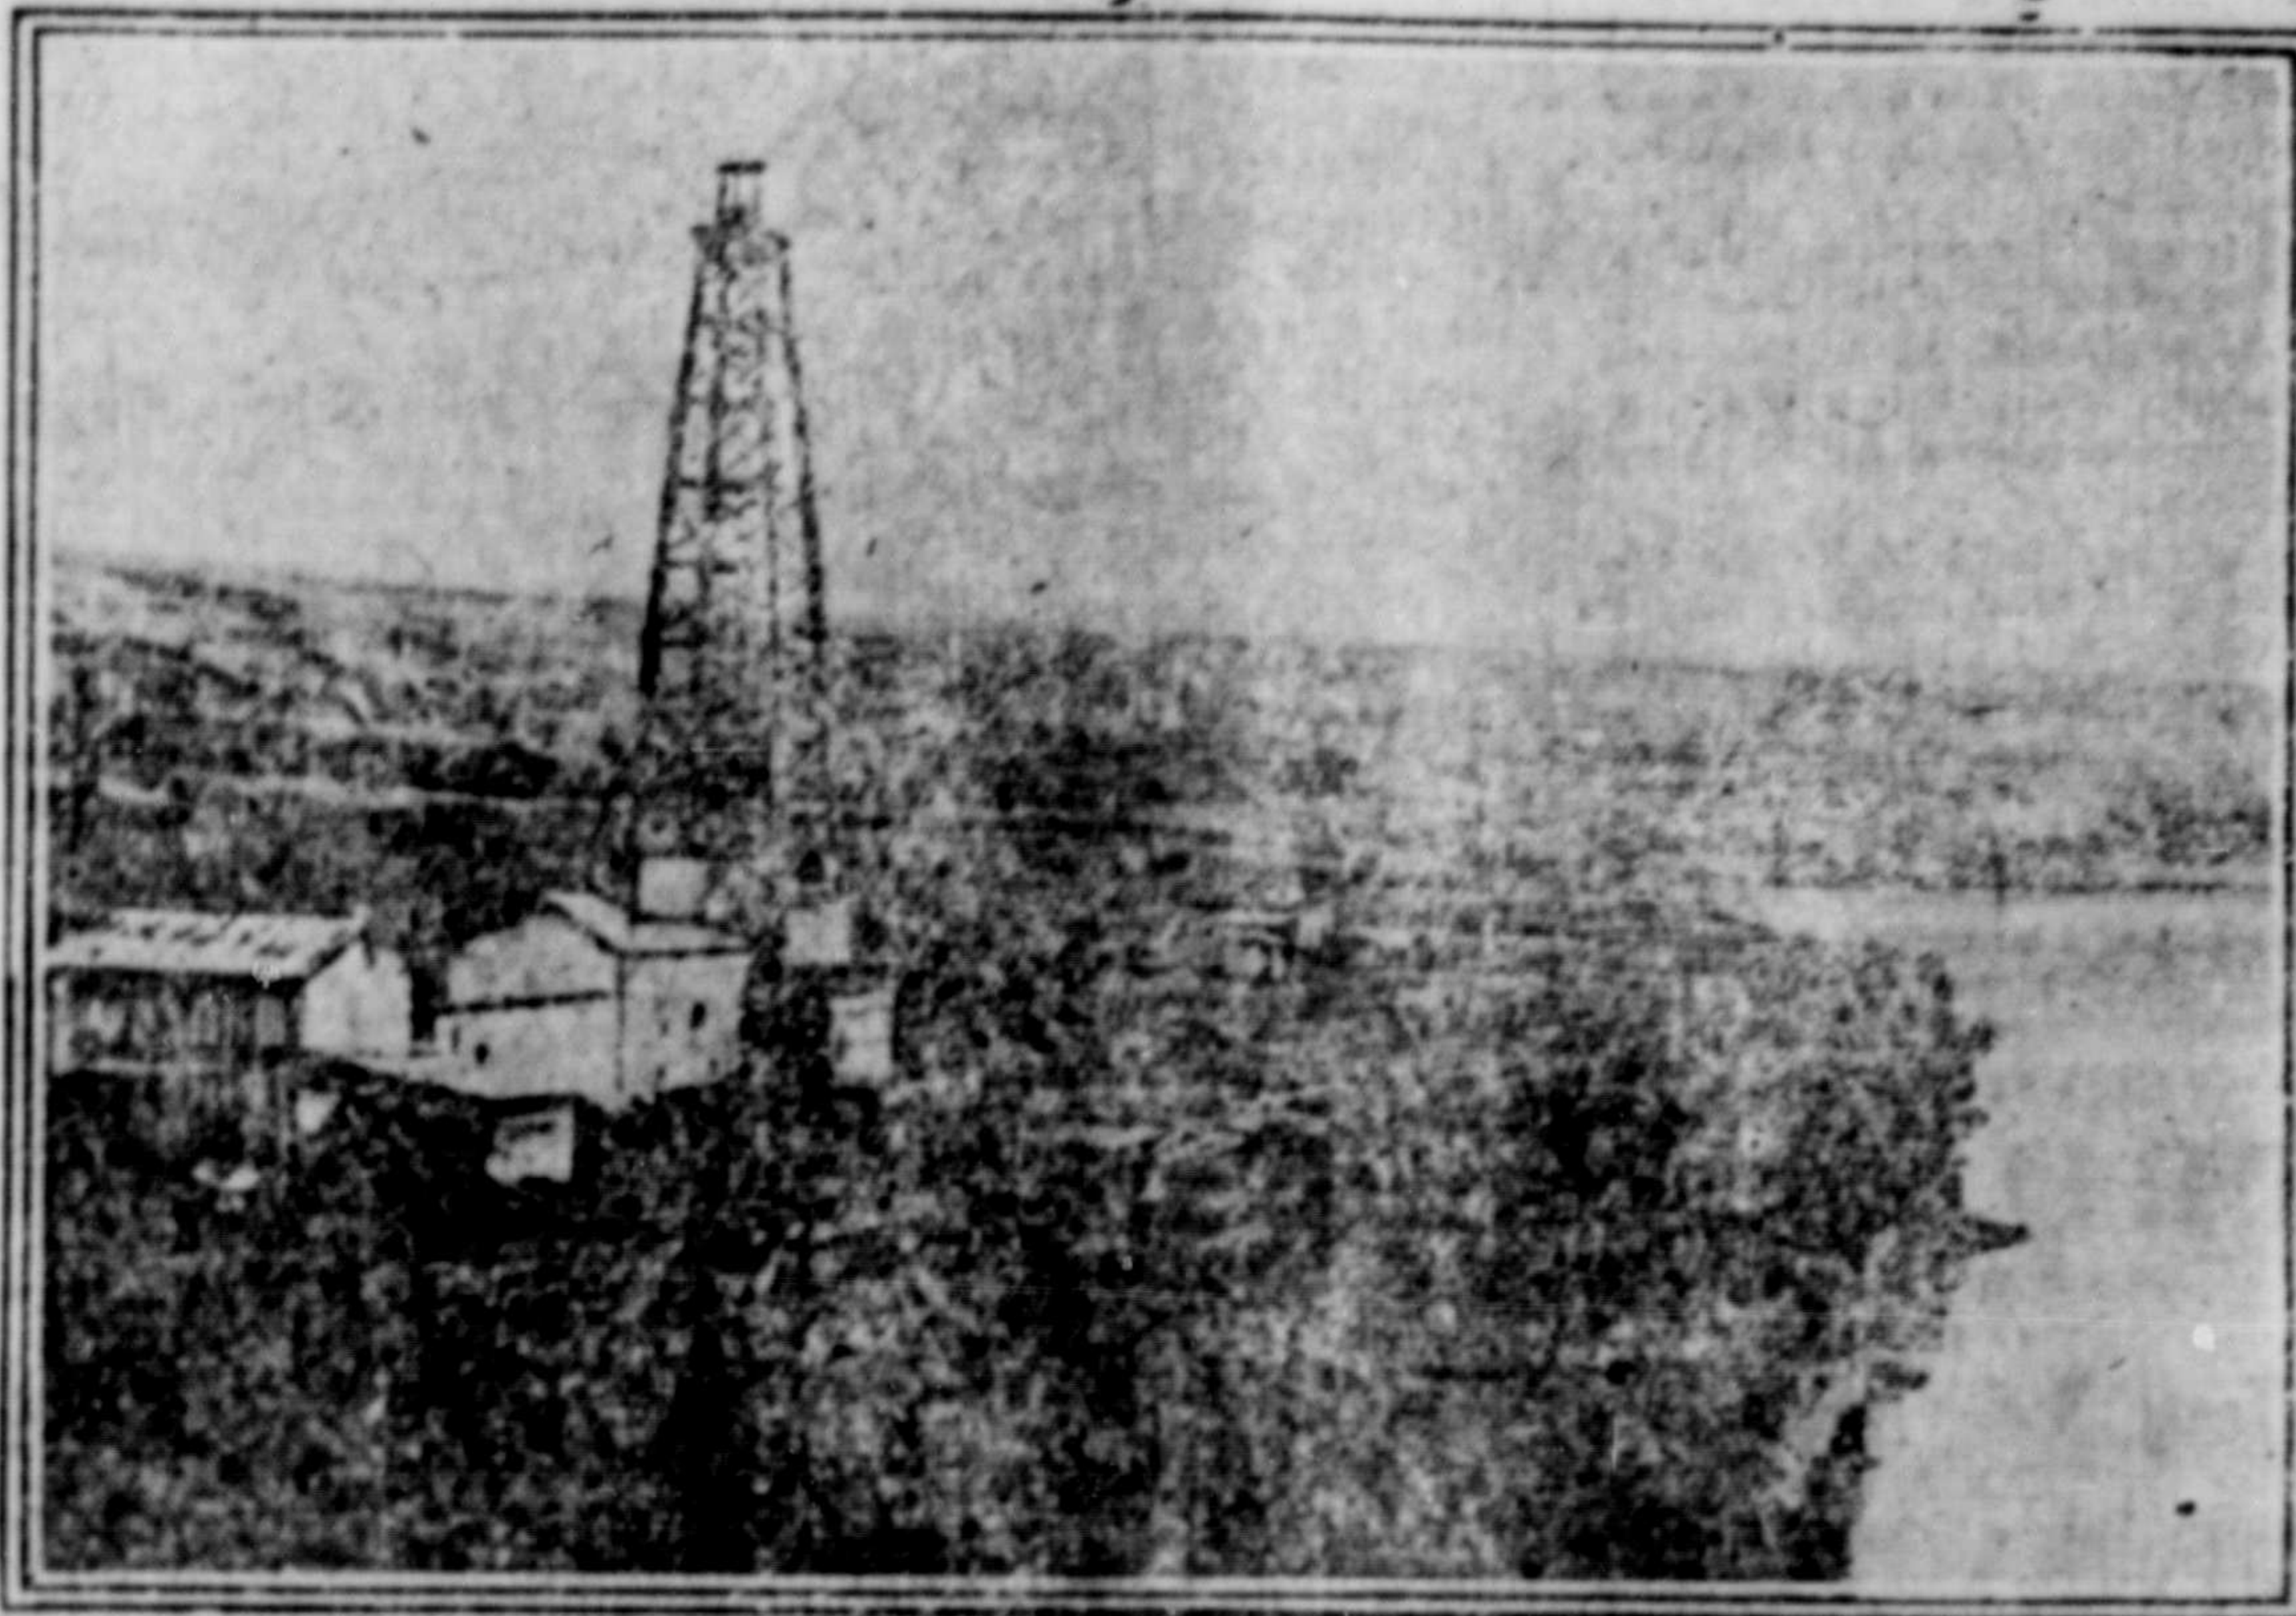

NEIL'S HARBOR ALSO BURNED

Fire Which Destroyed Newhaven N. S., Spread to Adjoining Place.

HALIFAX, July 30.—Neil's Harbor, Nova Scotia, was abandoned to the flames when the forest fire, which destroyed Newhaven yesterday spread. There were no casualties but many hundreds are homeless and the property damage is great. There were many hairbreadth escapes when the people fled to the sea and were picked up along the shore by boats.

On Wednesday, August 3, at 9:30 p.m., the Elks will close their Flag Day with an invitation dance in the Auditorium. Invitations to be had from the Secretary.

WHERE OIL HAS BEEN FOUND IN CANADA.

Oil derrick at Peace River, Alberta, Canada, where oil has been found in large quantities and where many millions of dollars have been spent in further search. Facts disclose great handicaps. Airplanes are helping to solve the problems of vast distances in the trackless, frozen regions. The Canadian Government, eager to interest American capital, may modify its laws regarding oil well drilling and shipping.

Evidence Taken Here in August Seems to Clear Metzdorf Murder Charge

Edward G. Metzdorf, who appeared in the Vancouver Police Court yesterday morning charged with the murder of Mrs. Alma Sampson at the Castle Hotel on August 17 last year, was in Prince Rupert on the day after the murder and likely on the day itself, according to evidence of S. A. Corley at the trial of Kenny McKay for liquor selling in the local police court on August 31. This was established today when the records of the trial in The Daily News were examined and Corley was found to have sworn as follows: "Garuso was on shift on Friday night. I remember this, for on August 17, Zarelli and I dissolved partnership and on the next day Slim (Metzdorf) quit." In the same trial Metzdorf testified to having quit the Royal Bar on August 18.

Order Issued for Arrest of Military Commander in Ireland Over Irregularity

DUBLIN, July 30.—The master of the rolls has issued writs calling for the arrest of General Sir Neville Macready, British military commander in Ireland, and Major-General Sir Edward Strickland, Munster commander, because of the trial of Thomas Egan having been said to be irregular and the habeas corpus writ rejected.

Both generals are in England, and it is impossible to say whether the arrests will be attempted.

STATEMENT OF THE KING DISCUSSED

Causes Sensation in England and All Newspapers Give It Prominence.

LONDON, July 30.—The sensational and unprecedented incident of a British Sovereign repudiating to Parliament through the Prime Minister, statements attributed to him in a newspaper interview, is given the greatest prominence in the entire British press this morning. In political circles people are unable to talk of anything else.

The statement gets away from the old position that King could do no wrong and that Parliament is subject to him. It makes the King subject to Parliament. The only excuse for such action is in the unusually critical condition of affairs in Ireland, where any rash statement may interfere with the negotiations toward a settlement which are now going on.

TRAIN HELD UP FOUR BANDITS

Rifled the Mail Car, Wounded Mail Clerk and Escaped.

PITTSBURG, July 30.—The Manhattan Limited, the premier train of the Pennsylvania lines between New York and Chicago was today held up by four bandits at Cassandra, who wounded a mail clerk, rifled the mail car and then escaped.

MANY ASSIGNMENTS OF BUSINESS FIRMS

OTTAWA, July 30.—There are notifications of assignments under the Bankruptcy Act of 44 business firms in this week's issue of the Canada Gazette.

Great Preparations for Flag Day Event Wednesday Next

The Elks' Flag and Field Day next Wednesday gives promise of being one of the biggest events for children that has been held in the history of the city. For weeks the committees have been busy making preparations and now as the event approaches it appears that their efforts would be crowned with success. They have, at least, succeeded in arousing a good deal of enthusiasm already both among the children and adults and they are going to have a splendid program to offer, a most complete and varied one, which should prove interesting and full of fun for both old and young.

Whether his name is on the committee lists or not, every Elk in Prince Rupert is supposed to be working towards the success of the big day and, indeed, the most of them are doing so. The day's program will commence at 1 o'clock with a parade from the Westholme Theatre to the Acropolis Grounds. It will be headed by the Great War Veterans' Band, and all the kiddies in town are asked to take part. At this juncture of affairs, perhaps the most important and significant event of the entire proceedings will take place. This will be the salute to the flag which will be raised while the band plays "The Maple Leaf Forever." Every girl and boy will stand at attention and silently pay their respects to the ensign and then join in the singing of the Canadian anthem. Short speeches will be delivered by Rev. Dr. H. R. Grant, Canon G. A. Rix, Bishop Bunoz, Major George J. Crosby, Mayor Rochester, Judge Young and Chief Vickers.

FRANCE AGREES WITH BRITAIN

Withdraws Demand That Troops Be Sent to Silesia Prior to Meeting.

LONDON, July 30.—The tension between Great Britain and France over the procedure to be followed in settling the Silesian problem, has been materially lessened. France will withhold the demand for immediate despatch of troops to Silesia, providing England agrees to associate herself with France in a demand on Germany to permit the passage of a division of troops to Silesia if the Supreme Council decides reinforcements are necessary. Britain has expressed her willingness to this.

AERIAL PATROL OF SOUTH COAST

Scouting Tour of Three to Four Hundred Miles Every Sunday.

VICTORIA, July 30.—To protect the timber of Vancouver Island and along the coast from fires, the government has instituted an aerial week-end provincial fire patrol. The forest service seaplane from Vancouver will make a scouting tour of the whole coast every Sunday. The patrol will cover an area on the mainland and island about 300 to 400 miles long.

GOVERNOR ACCEPTS G.W.V.A. MEMBERSHIP

OTTAWA, July 30.—General Sir Julian Byng, the new Governor General, has cabled his acceptance of honorary membership in the G.W.V.A.

ROADS WINTER WOULD BUILD BIG HIGHWAY

Plans to Employ 150,000 Men for Worst of Slack Season.

TRENTON, July 30.—Stating that the coming winter is likely to be the worst since the war, the Federal Government has announced that it will employ 150,000 men for the worst of the slack season.

AWA TALK ON POLITICS

Activities Following Return of Meighen Are Discussed.

AWA, July 30.—With the return of Premier Meighen about next week, it is expected that many questions will be decided upon. Among these to be discussed will be the setting of dates for the elections at West York and Prince Rupert. His return will also be the talk of dissolution of the cabinet, which it is understood will be one of the matters decided by the cabinet on the return.

On Wednesday, August 3, at 9:30 p.m., the Elks will close their Flag Day with an invitation dance in the Auditorium. Invitations to be had from the Secretary.

ITALY JOINS BRITAIN ON SILESIAN QUESTION

ROME, July 30.—The Italian Parliament decided to adhere to the British viewpoint of not sending reinforcements to Silesia until after meeting the Supreme Council. France demands the sending of immediate reinforcements.

AVIATOR LANDED ON PEAK OF MONT BLANC

CHAMONIX, Switzerland, July 30.—Mont Blanc, the highest summit of the Alps, was conquered today by Aviator Durafour a Swiss flier, who effected a landing on a peak 15,782 feet above sea level.

CHANGE IN ALBERTA WILL REQUIRE TIME

EDMONTON, July 29.—It will be the middle of August before the United Farmers of Alberta take over the reins of government in this Province, according to opinions expressed by the retiring Liberal Cabinet members meeting here.
It was stated that there was considerable departmental business remaining to be closed up. The heads of the various departments think it will be another three weeks at least before they are ready to turn over the work to their successors.
It is expected this interval will suit the Farmers also, as it will enable them to complete the work of organization without undue rush.

PROTECT FISH NORTH PACIFIC

Alaskan Grand Jury Deals with Question in Their Report.

ANCHORAGE, July 30.—The grand jury at the close of the session of the court here brought a report dealing with a number of subjects and mentioned particularly the protection of the fish.

We find the fishing industry the most important one in the state of Alaska, and is becoming rapidly depleted and much of what is left is being absorbed by foreign enterprises. The importance of this supply of valuable food to the United States and the need of the industry for maintenance of the population of Southeastern Alaska demand that immediate action be taken for the conservation of the supply of fish and for the protection of the industry to the Alaskan fishing fleet and to American enterprises. We therefore recommend: (1) the prompt passage of a bill regulating the taking of salmon whereby all the near spawning streams absolutely prohibited and only admitted fishing season should be followed by a system of posting closures to all the streams. (2) the sufficient salmon entering streams for spawning purposes.

kets of the United States for products taken from the waters adjacent to and within convenient reach of American shores should be used for the maintenance of the American Fishing Fleet, for the development of American enterprise and for the building of American homes on American soil.

CLEAN UP STREET OF MANY FAKIRS

BERLIN, July 30.—"The Street of Many Fakirs"—the section of the Friedrichstrasse between Unter den Linden and Koch streets—may soon lose the right to its exotic title, won by virtue of the varied and questionable commerce which thrives upon its sidewalks and crossings for an agitation has been started to "clean it up."

Every article from jumping jacks to fine Oriental rugs may be purchased from the vendors who infest the street, eternally crying their wares.

The chief complaint against the character of the street, however, is that thieves use it continually as a clearing place to market their "hauls." Not infrequently a ragged, unemployed man will offer most expensive imported fabrics for sale, to add bolt lots, at ridiculous figures. Much of this stuff, the police feel certain has been stolen, but it is difficult to fix the crime on the street vendor.

Notions of the various dishonest habits find their chief source of supply on this street.

WEST INDIES OPPOSE BEING TRADED TO U. S.

PLYMOUTH, Eng., July 29.—The people of the West Indies are wholly opposed to any suggestion that the islands should be ceded to the United States as part payment of Great Britain's war debt, according to Sir Gilbert Carter, who has just returned from the islands.

Sir Gilbert, who has been successively governor of the Bahamas, Barbados and Trinidad and whose wife is the daughter of the late Francis Parker of Boston, Mass., admitted that the interests of the West Indies are largely American; "but if I know anything of the temperament of the people of Barbados, they would resist a cession to the bitter end," he said.

Sir Gilbert added that since the opening of the Panama Canal, Barbados has become one of the great health resorts of the world, where visitors from both North and South America congregate.

PRESCRIPTIONS FEWER IN SASKATCHEWAN

Month of June Shows Great Falling off in Number Granted.

SASKATOON, July 30.—The prescription business and growing less or else debtors of Saskatchewan are becoming very strict for the monthly report of the Saskatchewan Liquor Commission for June shows a falling off in the number of "permits" granted. The average number of prescriptions written during this time was 18, and only seven physicians wrote over 100, a fairly wide range. The report also indicates that the supply of liquor on hand is not decreasing as rapidly as was expected owing to the fact that the export business to the United States has not reached the proportions that were considered possible.

Ten seizures were made during June and the number of convictions obtained for offences under the act was thirty with fines totalling \$5,000 compared with \$1,965 in May.

CO-OPERATIVE PLAN MARKETING POTATOES

CALGARY, July 30.—A co-operative marketing scheme for the disposal of this year's Alberta potato crop about a system in use by Michigan and Minnesota growers will likely be tried out this season. J. H. Dave, commissioner of marketing for the department of agriculture, recently returned from a trip to Michigan, Ontario and Ontario points during which he investigated the methods for handling, grading and shipping of potatoes.

It is proposed to start in a small way, the "United Provinces" agriculture workers (through the Common Producers' Association), the first of the kind to be organized in the province. The scheme will involve the establishment of a central station at each of the principal potato growing areas, where the potatoes will be graded and packed. The station will be operated by the growers themselves, subject to regulation by the provincial government.

GAS BEING OBTAINED FROM OLD OAK LOGS

LONDON, July 29.—"Sawdust" from old oak logs is now being converted successfully to the inhabitants of Stevens in Sussex. Other towns are rapidly following suit. It is claimed that this wood gas has practically the same heating and lighting properties as coal gas and its use means a saving of more than half a dollar per 1000 cubic feet to the consumer.

The Stevens gas works have threatened with closing owing to the prohibitive price of oil. About 15 a ton the production of wood gas has been tried as an experiment, with the result that wood gas has been found to be a definite asset as an illuminant until the price of oil comes down.

At Birmingham, old and new wood gas have been converted into wood gas with equally satisfactory results.

PRESENTS MAP

Alaska Recipient From Dominion Government of Relief Plaque For Museum.

HEAL, July 30.—A relief map of Southeastern Alaska, donated by the Canadian government to the Territorial Museum has been added to the collection of that institution and is now on display. The map was made in 1882 by surveyors who were working on the international boundary between the Territory and Canada.

The map is a massive one, divided into three sections, and made of plaster of paris colored in realistic colors. Starting at Dixon's Entrance, it shows the contours of the coast line as far north as Skagway, giving all the bays, inlets and streams. Altitudes are shown by comparative elevations of the glacier of paris and glacial deposits. By what one would decide was actual ice.

CHECK YOUR Bowel Troubles

BY USING DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

When you are troubled with diarrhoea, constipation, colic, cramps and pain in the stomach, chest, nerves, headache, nervousness, indigestion, bloating, or any ailment of the bowels be sure and obtain a bottle of "Dr. Fowler's" and see how quickly it gives you relief. This wonderful remedy has been on the market for the past 24 years and we wish to warn you against accepting a substitute which may be dangerous to your health.

Dr. Samuel Fowler, Tottenville, N. Y., writes: "While visiting in Western Canada, I had a severe attack of diarrhoea. After trying many proprietary medicines, I was relieved, but kept getting worse. I was advised to take Dr. Fowler's Extract of Wild Strawberry, and I lost the time in doing so. I cannot hesitate in recommending it most highly, for when I had not yet taken half a bottle I was restored. I need say that if 'Dr. Fowler's' is given a fair trial it will show its good qualities." The price of the genuine is 50c a bottle, put out only by The T. McBurn Co., Limited, Toronto, Ont.

ELECTION TO BE DISCUSSED

One of First Matters for Premier Meighen to Decide Will Be Possible Appeal to People.

NOT EXPECTED THAT ELECTION THIS YEAR

OTTAWA, July 30.—One of the first questions to be discussed on the return of the premier is the question of a dissolution of parliament and a general election this fall or another session. There is a noticeable change of feeling in some quarters heretofore favorable to the idea of deferring the appeal to the people till next year, and although perhaps the more predominant sentiment is still supporting another session of parliament, dissolution is not to be dismissed as a thing wholly improbable. When the matter is discussed in the full cabinet this latter course will not be devoid of advocates.

Want Another Session. The great bulk of influence, however, will be against an election. Members of parliament generally want another session of sure thing and another four thousand indemnity is not un-naturally preferred to the uncertainties of an election or even of securing renomination when cross-currents in many places, are tending to submerge the old lines.

Likewise it is believed the influence of business interests will be against an election as likely to produce uncertainty in trade and it is felt that, if any cryout is necessary, the by-elections will furnish ample opportunity.

Session Difficult

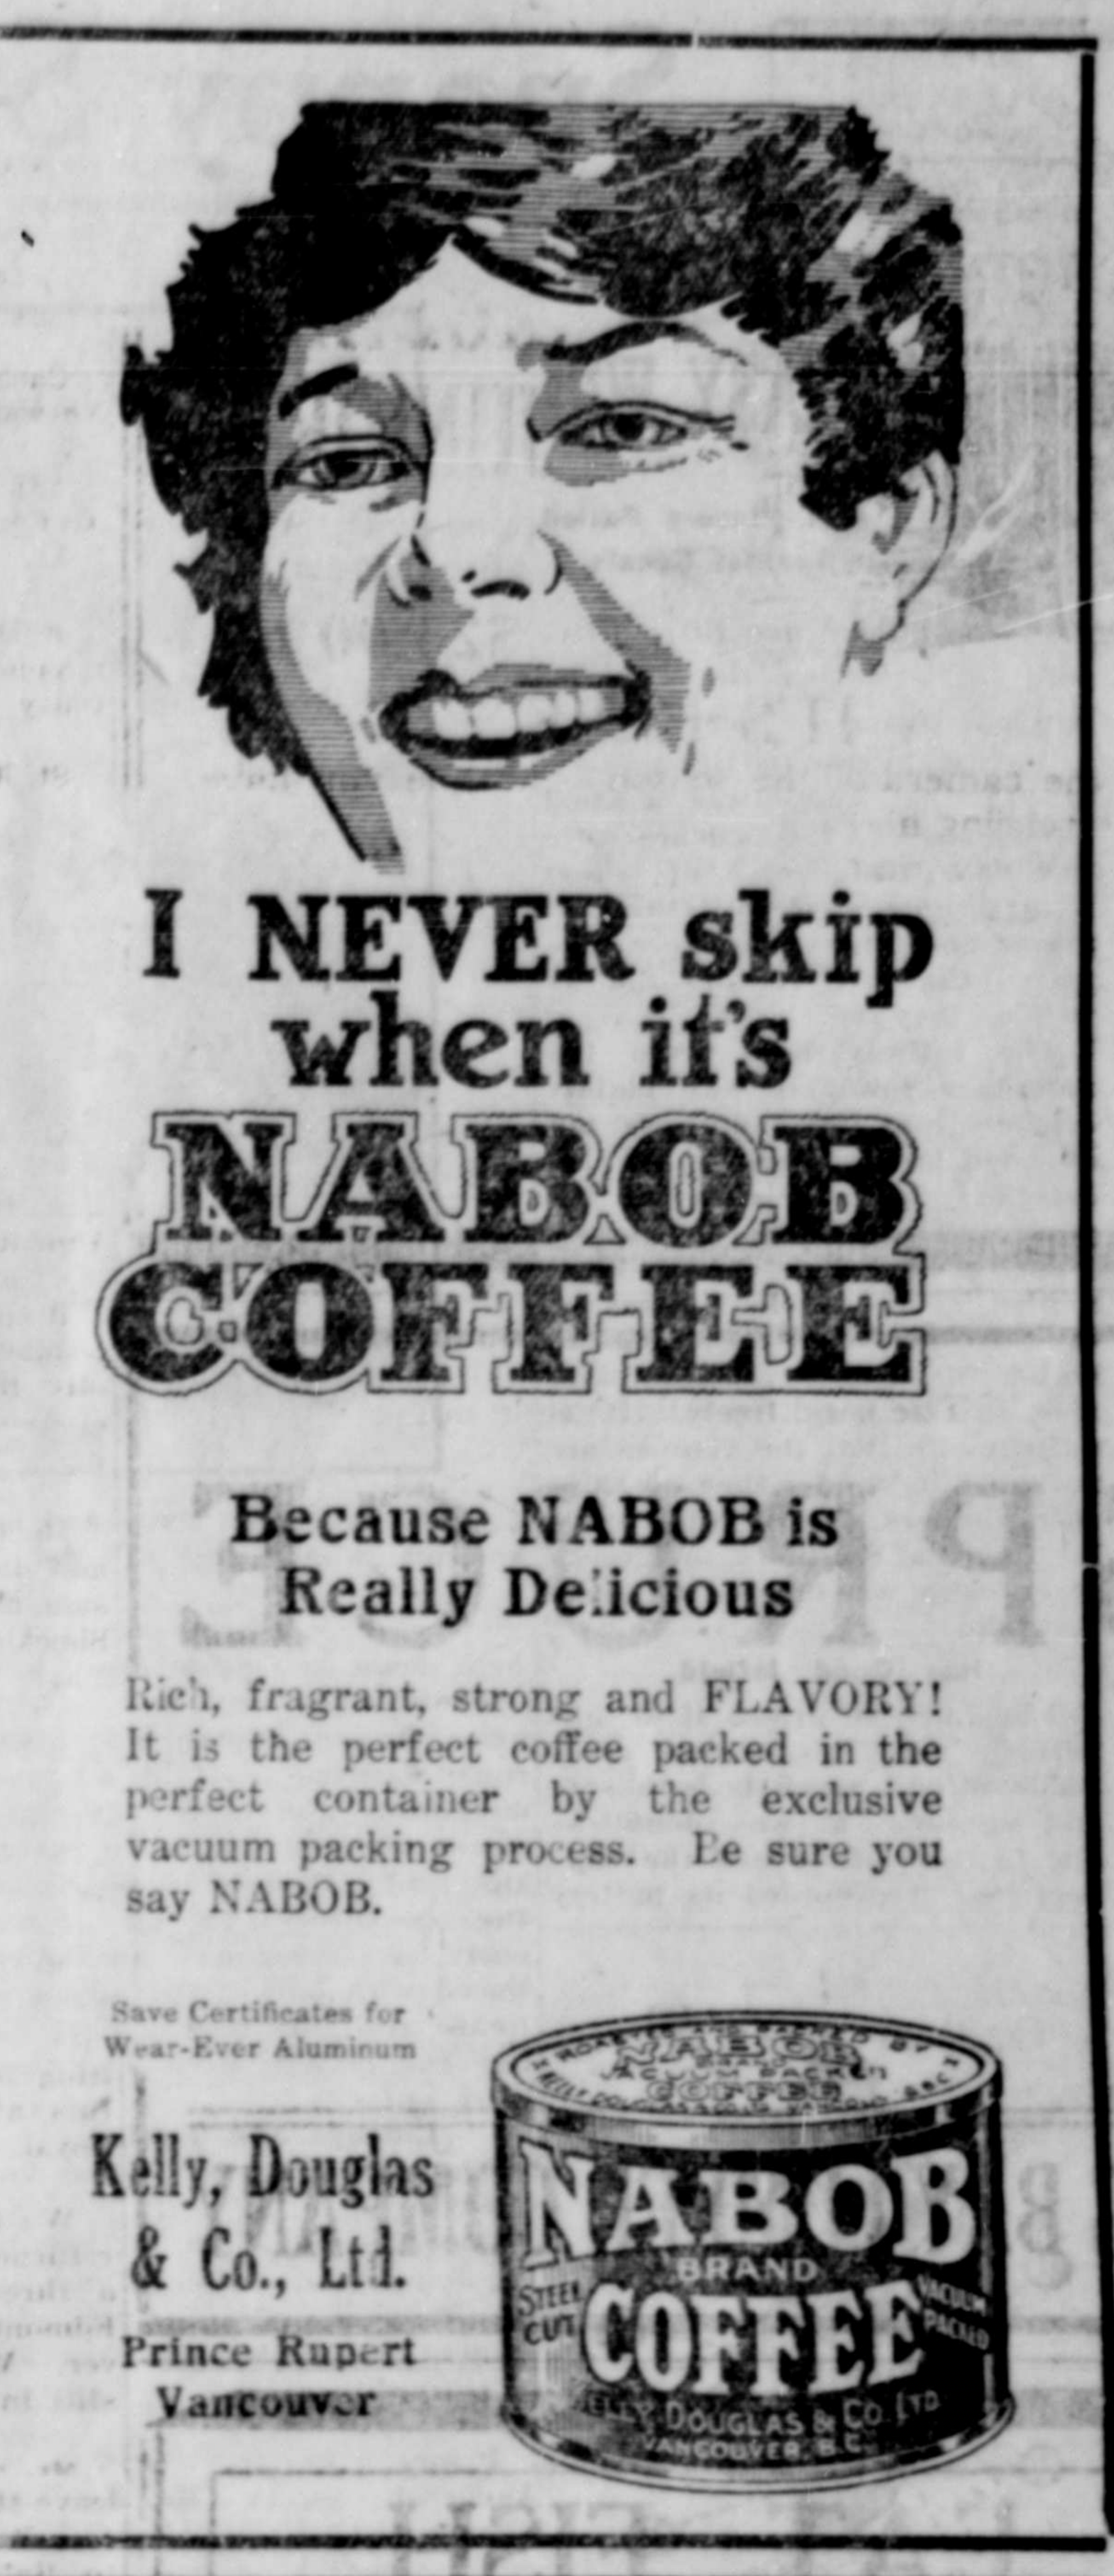

On the other hand, the cumulative effect of by-elections already held is not very helpful, and if others should be advised to the government the next session of parliament would be difficult. The situation would be different of an election next year were not a constitutional necessity and, if with a year, or so to go on, the government could be expected to ride out any political gale that is now blowing. With a union party, including some at least who will be catering to the agrarian vote next year, the influence of another session will not be for the greatest stability.

The pros and cons of the whole situation will be fully discussed as the first thing when Mr. Meighen gets back and a definite decision is looked for within such time as is necessary to make the necessary soundings.

FILMS FOR INDIA ARE STRICTLY CENSORED

Nothing Which Would Lower the Prestige of the Whites Race Allowed There.

The need for caution in the kind of film which is sent from this country and the United States for exhibition in India is emphasized in the report of the Calcutta Board of Censors on the working of the Kinematograph Act in Bengal. From April to December of last year the Board examined 4,256 films, refused certificates to 14, and

caused alterations to be made in 19. The Board explain that in their work they have kept four principles steadily in view—moral, racial, religious and political—and add that it must be remembered that in 99 per cent of the films shown in India the characters are all white people. There is a white hero, a white heroine, a white evil woman, and a white villain. This is obviously unfortunate for India, but quite irremediable. In most films, the villain and the evil woman are shown carrying on successfully through the greater part of the film, and this does not tend to uplift the prestige of the British race in India, while at the same time it is questionable whether the dissemination of evil in the last few minutes is sufficient so far as a half-educated audience is concerned, to teach the good moral which is intended. Propaganda. The Board also emphasize the difficulty that is often experienced in certifying the propa-

PRINCE RUPERT HAD EASY WIN

Lucerne Baseball Players Failed to Stand Up Against Locals.

Prince Rupert had little difficulty in defeating the Lucerne baseball team in last night's game which resulted in a score of 8 to 3. There was a good attendance and the benches were full with fans, some of whom were disappointed with the ball played and others who were surprised that the visitors did as well as they did.

The railway boys from the mountain town, it was plainly evident from the game, are not as good ball players as the locals in any department of the game. Their main deficiency, however, is in the box and neither of the pitchers, Gray or C. Garrison, had anything to bother the home team who were able to hit both freely. It is unfortunate that the visitors are not able to field either of their star pitchers, Nolan, who broke his finger at Smithers, or Chuck-luck, who was unable to make the trip.

Has Good Infield.

The Lucerne team, if it has nothing else, has a very creditable infield which is both safe and speedy. It was doubtless due to this infield and the support that it accorded its battery

CECIL CALHOUN, OF LUCERNE Must have wondered last night if he was a catcher or a shock absorber.

held down and made many hits. From the very first inning, when Prince Rupert made four runs, Lucerne was at no time dangerous and never came anywhere near equalizing or taking the lead. In fact to nearly all the spectators, the game was early a foregone conclusion. Faced with one of the strongest fields available in the city, the Lucerne players early had their work cut out.

BRITISH VARSITY ATHLETES WHO MET FIELD STARS OF EASTERN UNIVERSITIES.

The seventeen track and field stars from Oxford and Cambridge Universities aboard the S. S. Olympic, which brought them to America, where they suffered defeat competing against combinations from Harvard and Yale. They made a better showing this week with Cornell and Princeton.

held down and made many hits. From the very first inning, when Prince Rupert made four runs, Lucerne was at no time dangerous and never came anywhere near equalizing or taking the lead. In fact to nearly all the spectators, the game was early a foregone conclusion. Faced with one of the strongest fields available in the city, the Lucerne players early had their work cut out.

Lineups and Scoring.

The teams lined up as follows:
Lucerne—McLellan, cf; Speare, lb; Johnson, c; Gray, p; and Th. T. Garrison, ss; L. Guile, 2b; Pement, lf; Calhoun, e and 3b; C. Garrison, cf and p; Taverna, rf.

Prince Rupert—Hardy, cf; Anderson, ss; V. Menzies, 3b; Clementson, lf; Day, p; Lane, cf; Eason, 2b; Corkie, c; and Maloney, lb.
Parrington was umpire of balls and strikes and Sid Winsky handled the base line decisions. The score by innings follows:
1 2 3 4 5 6 7 8 9
Lucerne .0 0 0 1 0 2 0 0 0—3
Prince R. 4 0 2 1 0 0 0 1—8

Parents! We trust that you will keep this date of ours in view. Bring your kiddies and enjoy the fun. The Elks' Flag Day is for everyone. Remember you were kiddies once. 178

SUCH A DETERMINED AIR Whether in the box or at the bat, Jess Gray, Lucerne pitcher, at least looks threatening.

WESTMINSTER TAKES FOURTH

Defeats Vancouver Again in Minto Cup Lacrosse Series.

VANCOUVER, July 30.—The Minto Cup contests in the local lacrosse series are becoming somewhat monotonous. Yesterday New Westminster won the fourth consecutive match against the Vancouver Terminus, the score on this occasion being five to three. The games have all been well contested, but the general opinion seems to be that the best team won.

HUNTING BIG BEARS ON ALASKAN COAST

JUNEAU, July 30.—From the Malay Peninsula to King Cove on the Alaska Peninsula, to hunt brown bear, is the trip made by Theodore R. Hubback, retired rubber planter and big game hunter, who is in the city. Mr. Hubback arrived on the gasboat Admiralty from Honmuh, having reached that place from King Cove on the Pacific Alaska Fisheries vessel Catherine D. He left Juneau on the Alameda to further continue his hunting in the Rainy Pass country in the interior of Alaska.

Mr. Hubback in company with W. T. Easley of New York, left Seattle on May 12 on the motor-boat Avul and were met at King Cove by H. Peel and Andre Simons, guides, and Mrs. Simons. They had a very successful hunt in that district, seeing at least 100 brown bears. They were after specimens that were large and had good hides and found that most that they saw were of only medium size and that their hides were rubbed. Mr. Hubback was forced to shoot one eight feet in length as it attacked his party. He also killed one that measures 10 1/2 feet from tip to tip. Mr. Easley got his legal bag of three big fellows and continued on his way to the South on the Catherine D.

Mr. and Mrs. L. Delmonico, of Shawatinns Lake, returned today from a trip to Vancouver and Victoria.

DIVIDE A DOLLAR BETWEEN TWO TEAMS

The "Committee of Ten," who now control local soccer, put in a very busy two hours last evening and did a lot of work in a most expeditious manner, says the Montreal Star. Perhaps the "sweetest" item was the complaint of the South Shore League against J. Prendergast, who refereed the semi-finals of the "Dunville Cup" last Saturday. The takings at the "gate" amounted to the enormous sum of \$6.80, and Prendergast claimed and was paid \$5.80, representing the fee and train fare. This left one dollar to be divided between the two teams. A little discussion took place as to how far the Board had jurisdiction, and it was eventually decided to send the letter to the Referees' Association, but it is difficult to understand how they can act in the matter, as Prendergast is not a member, and was only appointed by Secretary Wilson at the last moment. That is how this affair stands at present.

VANCOUVER MAN IS CANADIAN CHAMPION PROFESSIONAL GOLF

TORONTO, July 30.—Dave Black of Vancouver won the professional golf championship of Canada for the fourth successive year yesterday making 36 holes in 148.

Professors As Golfers.
One caddy asked another what sort of a player a certain University professor was.
"A champion duffer," said the other, "I wish he was as glib at the golf as they tell me he is at learn' the students. It takes brains to make a gowfer, and I'm thinkin' the professor has no' got his fair share."
"Andra" Kirkaldy.

The Prints of Peace.
"Some men," remarked the admirer of poetry, "go into politics with the idea of leaving foot prints on the sands of time."
"Some do," replied Senator Sorghum. "And others are lucky if they get out without having their thumb-prints taken."

ONTARIO JOCKEY CLUB MAKES BIG PROFITS AND MUCH DISCUSSED

TORONTO, July 30.—The Ontario Jockey Club has been under fire recently in connection with the matter of excess profits from betting. The present capitalization of the club is \$600,000 but the actual investment was only \$10,000. The club pays five percent on the present capitalization which it is shown is 300 per cent on the original real investment. The total profits from seventeen meetings was well over two and a quarter million dollars and the net profits from the same well over a million and a quarter.

Accusations have been made that the race managers are working hand in hand with disreputable betting characters and that the whole business is an unsavory one.

The controversy which has arisen between the Ontario Farmer Government and the Jockey Club is forming the topic of conversation for the people of Ontario, especially in sporting circles.

PRINCE RUPERT TIDES

Saturday, July 30.
High—9:41 a.m., 15.4 feet.
21:38 p.m., 19.4 feet.
Low—3:22 a.m., 6.3 feet.
15:02 p.m., 8.8 feet.
Sunday, July 31.
High—10:46 a.m., 16.4 feet.
22:38 p.m., 20.1 feet.
Low—4:29 a.m., 4.9 feet.
16:16 p.m., 8.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

BASEBALL AVERAGES

Lines and Clementson Lead Hitters; Sons of Canada, Fielders, Elks, Hitters.

Batting averages for individual players and fielding and hitting averages for the three teams in the City League have been compiled at Gil's Cigar Store. They show Lines, of the Red Sox, leading the list in batting although Clementson, with a larger number of at bats, comes a close second. The Elks lead in fielding. In designating the teams on which the players are lined up, (E) represents Elks, (C), Sons of Canada and (R) Red Sox.

The averages follow, only those with over 200 being recorded:

	AB.	R.	H.	Av.
Lines (R)	9	4	5	.555
Clementson (E)	28	13	15	.536

Sport Chat

A whisper only! One of the leading football authorities in town says that somebody is going to spring a surprise at the football meeting on Tuesday night and offer a reward in the form of medals or a cup for the Junior League footballers who have been playing all season and putting up mighty good ball with no concrete trophy in sight. Who this generously inclined person or persons may be is not disclosed, but after Tuesday night it is likely that Juniors will have some official prize to work for. Come on you Dry Docs and Athletics! forward to battle!

The Sons of Canada had several chances for winning the Senior League football championship and the advantage before Thursday night's game was decidedly in their favor, but the best chance was the game with the Veterans and they successfully availed themselves of it. Had they lost that game, the chances would have not been so bright because the Gallies seem to have a tremendous amount of confidence that they will be able to defeat the Great War Veterans in the two remaining matches and take second place in the league. In fact the Scots seem now to be a pretty safe bet for that position when it is taken into consideration that they only need to win one game to do so and one tie score will place them on even footing with the Sons of England. They are in better form now than they have been at any stage of the season and it is unfortunate for them that the come-back which now seems so apparent had not come earlier in the season. The first Gallies-War Veterans will be on Wednesday night, the second, likely next Saturday afternoon.

The next number on the local football program will be the Gilbilly Cup tie series. The Football Association having de-game dropping out. If there is an odd number of entries there will be a bye. The teams will first be matched by drawing from a hat and there will likely

EASTERN ADVERTISING AGENTS OPEN BRANCH OFFICE IN VANCOUVER

The growth of east and west trade in Canada has synchronized largely with the growth of the volume and quality of advertising in the western centres.

That national trade, to be really valuable as a factor in building the nation, should be reciprocal as between east and west is an axiom in Canada. McConnell & Ferguson, Limited, a national organization for the development of markets by advertising, are putting this principle into practice by extending the scope of their organization to the Pacific Coast.

After a six weeks survey of Western conditions J. E. McConnell, president of the company recently opened a branch of his company in Vancouver.

Extend Markets.

Hitherto Winnipeg has been the farthest Western point of any of the national agencies, but Mr. McConnell came to the conclusion that a branch of their organization in Vancouver could assist very materially in extending the markets of eastern manufacturers and, at the same time, aid in developing eastern markets. For British Columbia products, such as fish-canned goods, fruit, lumber, etc., which British Columbia is in a position to produce in enormous quantities. The east needs the trade of British Columbia, the richest per capita of all the provinces, and British Columbia needs the markets of the East.

W. H. Carswell, a man of ripe experience both in Eastern and Western Canada, has been placed in charge of the Vancouver office. Mr. Carswell was for many years associated with newspapers in Toronto and Montreal, and has been in the advertising business in Vancouver for thirteen years.

McConnell & Ferguson now have offices in London, Toronto, Montreal, Winnipeg and Vancouver.

TO TELKWA FOR THE BARBECUE

Preliminary Plans Made for Excursion to Interior for Labor Day.

The Council of the Board of Trade, C. H. Orme, presiding, met in the Police Court room at the City Hall yesterday afternoon to discuss the question of an excursion to Telkwa for the Barbecue on Labor Day. Everyone was agreed that it was highly desirable the excursion should be run if possible, but the difficulty was a matter of costs. The railway company will not undertake it without a definite guarantee of \$3.75 a mile in addition to a charge for the dining car.

Matter of Cost.
The plan that appealed most strongly to the members of the Board was to have a special train leave here at Midnight Saturday and stopping at Hazelton, and Smithers, between which two places Sunday would be spent, Telkwa would be reached Monday morning and the day spent there until midnight when the return train would leave, arriving at Prince Rupert at 10 o'clock Tuesday morning.

The cost for this outing including sleeping accommodation and meals on the train would amount to approximately \$39 each, giving three nights in the Pullman and seven meals. To make the excursion possible 150 tickets would have to be sold at this price at least.

To Canvass City.
The people of Telkwa are very anxious that Prince Rupert people shall come and a good many Prince Rupert people are anxious to take advantage of the occasion to meet the people of the interior. The Secretary of the Board of Trade is going to make a canvass of the business men and others to find out how many would be likely to go and will report back to the committee before any definite steps are taken.

RED TERRORISTS NOT CRIMINALS

Slightly Degenerate But Not of Usual Degraded Type Says Scientist.

BUDAPEST, July 29.—Hungarian phrenologists who have made a careful study of the skulls of thirty notorious red terrorists sentenced and hanged after the fall of Communism in this country have just reported that "Bolshevik terrorists, though exhibiting signs of abnormality, seem not to belong to the type of born degenerate criminals."

All the thirty were members of Bela Kun's fearful bodyguard called the "Lenine-boys." All were found guilty of numerous murders and robberies and examined in their lifetime by the same doctors when under trial.

"The skulls," runs the report, "are characterized by an exceptionally low forehead, deep eye-caves, big mouth, sharp protruding jaws, deficient dentition. When compared with the skulls of notorious common murderers preserved in the museum of the police they show the signs of degeneracy in a much less degree."

Leader Was Worst.
"The only exception is Joseph Csorny, the leader of the group, whose skull is easily first among the worst and most deformed specimens of human degeneration. When examined during his trial the savage cruel look of his small evasive eyes startled even the professional doctors of the police. Small wonder that the Bolshevik dictator of Hungary, Bela Kun, felt afraid of the man and never met the chief of his devoted bodyguard without nervously slipping a revolver into his pocket.

"The medical board holds the view that the Bolshevik terrorists, though undoubtedly degenerate individuals, would under ordinary circumstances never have committed murder. But their resistance to crime was much weaker than that of the civilized type and when the solid body of law and morality was shaking with revolutionary fever their half-slumbering ferocious instincts roused up and they killed with the savage passion of the neolithic man."

ASK ARBITRATION RAILWAYMEN'S WAGE REDUCTION SCHEME

OTTAWA, July 29.—The executive of the Canadian Brotherhood of Railway Employees is demanding from the Railways that the proposed reduction of wages on the Canadian lines be a subject for arbitration and this has been refused. The reasons given by the men why there should be arbitration are as follows:

(1)—Proposals for wage reductions in Canada were based on the findings of the United States railroad labor board, resultant upon investigation of conditions in that country. Conditions here are not the same, and so the question should be decided after a survey of Canadian conditions.

(2)—The proposed reductions will entail the greatest hardship upon those least able to bear it since employees receiving from \$75 to \$125 a month are to be reduced 25 to 30 per cent, while those earning \$175 and more are to be reduced from 5 to 7 per cent.

(3)—The only reason given by railway officials is the economic situation. However, no proposal is made to reduce the salaries of executive officials.

(4)—The federal government through the department of labor has declared the minimum amount upon which a family of five can subsist in Canada to be \$1,781.52. The proposed reduction will mean that over 60 per cent of the government owned railways will earn from \$700 to \$1,500 a year.

(5)—Wage reductions are not warranted if based upon the present cost of living. While food prices declined considerably during the past three or four months, they are again on the up-grade; also that reductions in food have been more than offset by rises in rents, fuel and lighting.

SMITHERS

Frank Perry, a prospector who has been spending many months in the North country, was in town on Monday to record thirty-two gold-aluminum claims which he has staked in on Ruby Creek, a tributary of Findlay River, in the extreme North of Omineca district.

J. C. Herza was in Smithers at the first of the week and announced that a syndicate headed by Thomas Rae intends taking up a big development policy on the Dehagure Group, in the Babines, including the establishment of a concentrator and other works.

A. F. Dunn has been granted a transfer from the provincial assessors' office here to a similar post in Prince Rupert and will be leaving for there shortly.

PIONEER CARPENTER WEDDED LAST NIGHT

Mrs. Grace McLean Comes From Glasgow to Marry John McKechnie, of this City.

The wedding took place last night at 7:30 at the home, Sixth Avenue West, of Mrs. Grace McLean, of Glasgow, and John McKechnie, of this city. Rev. Geo. J. Hacker performing the ceremony. The bride and groom were supported by Mr. and Mrs. James Irvine and Thomas McMeekin was also a witness.

Mr. McKechnie is an old timer of this city and has resided here for nearly twelve years with the exception of the time that he was engaged in service overseas. He is a carpenter by trade and is at present working at the Hays Cove School building. The bride arrived on Thursday evening's train having come all the way from Glasgow, Scotland.

The couple will take up their residence in the apartment on Sixth Avenue West, formerly occupied by Mr. and Mrs. C. W. Embleton.

The Man in the Moon SAYS—

Flashes of Sanity.

Our City has a payroll....
To make our streets look well.

PRINCE GEORGE

A. E. Warren, general manager of the Canadian National Railway, paid a visit to this city last Tuesday afternoon. He announced that work on the station building would commence as soon as the contract had been let.

Mrs. Mary Ellen Smith, M.L.A., is paying a visit here to her son, Richard Smith. She went to Sandako and Vanderhoof.

G. C. Sinclair of the employment service of Canada, is expecting to send quite a number of men from here for the harvest on the prairies.

Mr. and Mrs. J. H. Johnson, who left here a few days ago on their Franklin car, are reported to be making good time on their long drive to Spokane.

Rev. Samuel Politzer arrives here today to take up his duties as rector of St. Michael's Church succeeding Rev. Wilberforce Cooper, who goes to St. James Church, Vancouver.

Constable R. B. Cousins, of Prince Rupert, has been appointed to the local mounted police detachment in place of Constable Arthur Thorndwaite, who is transferred to Prince Rupert.

PARENTS SUE EDMONTON FOR DEATH OF SON

Damages Amounting to \$10,000 and Expenses Are Asked of Court.

EDMONTON, July 29.—Civil action has been commenced in the Supreme Court here for the recovery of \$10,000 from the city of Edmonton by Thomas and Mary Dolighan in connection with the death of their son Tod, who on January 26, 1921, was instantly killed by a passing fire engine, part of the fire-fighting apparatus of the city.

On the date in question the fire brigade was proceeding to a fire and travelling along Jasper Avenue when young Dolighan attempted to cross 107th Street. He was struck and instantly killed.

In the claim for damages the plaintiffs allege that the fire engine was travelling at an excessive rate of speed and that there was no attempt to turn aside to avoid the accident. They claim \$300 funeral expenses, \$75 to \$100 monthly loss of wages from the time of the accident till the settlement of the claim by the city, the costs of the case and \$10,000 general damages.

COATLESS CAMPAIGN.

ROME, July 29.—A take-off-your-coat experiment for the hot summer months has succeeded in very high aristocratic circles in Rome. The "coatless" campaign was carried so far that in one of the smartest balls given by the select society the men appeared in white flannel.

FISH MARKET AFFECTED BY NEW TARIFF

Commissioner of Fisheries Says No Thinkers Found Will Not Hurt.

VICTORIA, July 30.—Salmon and halibut export trade of British Columbia will be hit temporarily by the new United States tariff according to information gathered here by the Hon. William Sloan, Commissioner of Fisheries.

As long as United States cities are in the market for supplies of fish, however, the Canadian exporter will find a good market despite the higher tariff. If Mr. Sloan said. He explained that there may be a short period during which the British Columbia fishery trade will have to shut itself to the new conditions. Then it will go on with business as usual.

British Columbia fisheries will be affected most by the general imposition of one cent a pound on all fresh frozen or iced fish, Mr. Sloan said. This will affect the coast trade in salmon and halibut. The duty, however, he explained, is also applicable to salmon for canning as well as for other fish. This will result in all fish caught in British Columbia waters being canned in this Province and to that extent will be a stimulus to the canning industry.

Herring and tuna, whether for packing or not are specifically exempted from the duty.

Canned Salmon. Canned salmon, which formerly had to pay a duty of 15 per cent, will now have to pay 25 per cent. This same duty rate will apply to pickled, smoked or salmon otherwise prepared or preserved. The American fishery interests asked for a duty of 30 per cent on salmon.

Green salted codfish in bulk will pay 1 1/2 cents a pound duty, and dry-cured codfish and stockfish a duty of 1 1/2 cents a pound. This is not aimed at Canadian competition, but at competition from the Orient which American fishery men claim, has been ruinous for several years.

Herring. To protect the Alaska herring industry a duty of 1 1/2 cents a pound has been granted on salted herring, the duty to be paid on the gross weight of barrels and tins.

To encourage the crab industry in Alaska, a duty of 25 per cent has been fixed.

TERRACE

J. E. Forsman, of Anxox, is spending several weeks here with his brother, Ed. Forsman, Lakelse Lake, recuperating from the effects of a serious accident he sustained at the smelter town some time ago.

A dance was given in Progress Hall on Wednesday evening in honor of the visiting Luce base ball team.

Black currants and cherries are now being brought into the local stores by the farmers. New potatoes have been on sale for some weeks.

H. T. Dudley, president of the United Hotels, Limited, with a chain of sixteen hotels in United States and Canada, was a visitor to Terrace last week from Niagara Falls.

Carrying queer instruments and sinking off when anyone approaches, there are many mysterious visitors in the Kiskunakum Lake district this summer. The mineral wealth of the district is attracting attention and it is rumored that, before long, big development plans will be announced.

The settlers of the Lakelse Valley have gone on record as opposing the establishment of a separate Farmers' Institute.

There was born on Wednesday to Mr. and Mrs. George Dover, a daughter.

Without advertisement, this paper would not be as interesting to you, because information about goods for sale in the stores is news—just that.
