GOVERNMENT SIGNS WALLACE SHIP CONTRACT

NEW LIQUOR LAW WILL HAVE TO BE ENFORCED, PREMIER OLIVER SAYS

Ship Contract is Finally Signed by the Government

Word Received Here that Only Thing in way of Recomencement of Work is Settlement of Difficulty between Marine Department and Creditors

word was received here yesterday by the representatives of Wallace Shipyard that their contract had been signed by the Government at Ottawa, but its provisions are not known yet. When the tentative arrangements were made here between Government representative and the company, it was announced that the contract was to be on a cost plus basis and it was assumed that is the basis on which the final arrangements were made.

Allan of the Wallace Company this morning announced the only thing now standing in the way of work commencing is the difficulty between the creditors and the Government. This is now being aired in the courts at Vancouver and which will further argued before Mr. Justice Murphy on Monday.

LAND IS IMPROVING

Report is Encouraging—Attempt to Run Train into Lake.

IN, Feb. 19.—It is officially announced that the tracks of the railway in County Donegal Wednesday diverted from permanent way into the lake at Casselgar and Gwee. The outrage was discovered to be a mishap occurred.

Official review of the situation in Ireland speaks of the reduced number of out-migration to the opinion that activity has reached its limit. Arrests and seizures are made daily and should be an improvement shortly.

ICE QUELL CHINESE MOB

Established Against Oriental Theatre for Refusal to Aid Famine Sufferers

YOLVER, Feb. 19.—Twenty men were required to defend the mob of Chinese last night attacking the patrons of the Oriental Theatre, against which it has been established that the alleged refusal of management to lend it in the name of the Chinese famine

serious casualties resulted in disturbance.

OUR PELKEY HAD SLEEPING SICKNESS

Yesterday; Was One of World's White Hopes in Boxing Game

DSOR, Feb. 19.—Arthur heavy-weight champion of Canada, once considered the foremost of the white for the world's title and as the man who accidentally killed Luther McCarthy in the Calgary a few years ago, from sleeping sickness, he was in Ford City.

DAY, 8 p.m., McIntyre Hall. Meeting of the Unemployed. The Alderman has been invited to speak. No collection

Raymond Murray, the ten-year-old juvenile ice-skating king of New York city and vicinity, who has been chosen as a member of the schoolboy team that will meet Mayor Thompson's Chicago schoolboys in a series of races to be held in Brooklyn, N. Y. Each city is to enter eighteen pupils to be divided into elementary, junior high, and senior high classes. The meet will take place in February.

BETTING FEVER GRIPS GERMANY

Immense Sums Being Wagered on Horse Races in That Country.

BERLIN, Feb. 19.—Gambling has become a rage not only in this city but throughout the larger centres of the country. Immense sums are being laid on the races, as much as \$100,000 being no uncommon sum to be put on the totalizer alone in a day and it is estimated that an equal amount is placed with bookmakers. People in every station of life are wagering their earnings.

DR. THOMPSON SAYS YUKON ROUTE SHORTEST WAY TO FORT NORMAN

OTTAWA, Feb. 19.—Dr. Alfred Thompson, M. P. for Yukon Territory, states that the shortest overland route in winter to the Fort Norman oil fields is by way of the Yukon. Passengers can go by boat or rail to Whitehorse at the end of the White Pass Railway on the Yukon River and thence to Fort Norman, about 750 miles on dog sleds. Only experienced travellers used to cold countries should try this route, he says.

DIED AT VANCOUVER

Henry Bollingbroke St. John was Engineer on C.P.R. for Many Years

VANCOUVER, Feb. 19.—Henry Bollingbroke St. John, formerly a civil engineer in the G.P.R.R. service of Montreal, died last night suddenly while reading a paper, aged 73 years.

Mr. Bollingbroke St. John saw much of the construction of the P.R.R. transcontinental line.

LEAVES TO TAKE AN AIR FORCE TRAINING

Lionel G. Brown First to Leave for Camp Borden From This City.

Lionel G. Brown, formerly employed at the shipyard, left this morning for Camp Borden to take a four-weeks' course in connection with the work of the Canadian Air Force. He is a man with previous experience, only such men being required. This is the first of several who are arranging with the local representative, Walter Hume, to take this training. They are all mechanics connected with the ground force.

COAST HOCKEY.

VICTORIA, Feb. 19.—Vancouver last night defeated the Victoria team at ice hockey by a score of 2 to 0.

Dance tonight and every Saturday night, 9 till 12 McIntyre Hall. Best music. Entrance 50c. Central Labor Council.

CHARLES EVANS HUGHES.

Chosen by President-elect Harding as Secretary of State for the United States.

Hughes Chosen Secretary Of State by President

Was Defeated Candidate for Presidency when Wilson was Elected; Was Governor of New York and Held Other Posts

ST. AUGUSTINE, Florida, Feb. 19.—Charles Evans Hughes of New York has been offered the position of Secretary of State in the United States cabinet, it is definitely announced by President-elect Harding, and has accepted. This is the first of President-elect Harding's cabinet appointments and is considered the highest position in the cabinet, coming next in presidential succession to the vice-presidency.

WASHINGTON, February 19.—The appointment of Justice Hughes to the state secretary comes as no surprise in official circles here. Mr. Hughes' name has been prominently mentioned

GOVERNMENT WINS SEAT IN ENGLAND

Candidate Supported by Lloyd George Returned by Handsome Majority.

CARDIGAN, Wales, Feb. 19.—Capt. Ernest Evans, coalition Liberal, who was supported by Premier Lloyd George, has been elected to the House of Commons over Llewelyn Williams, an independent Liberal, in the by-election here. Evans got 14,111 votes and Williams 10,521, giving a majority of 3,590.

JOINED LAW FIRM.

Following his defeat in the 1916 election when Woodrow Wilson was re-elected he became senior member of the firm of Hughes, Rounds, Sherman & Dwight, one of the largest law firms in the United States. He is still with this firm.

CARUSO CONVALESCENT.

NEW YORK, February 19.—A bulletin issued in regard to the condition of Caruso, the great tenor singer, said last night that he was convalescent and showing distinct improvement.

More Details of New Liquor Bill

Municipalities Will Have to Enforce Measure or Commissioners Will Do So; Uniform Prices Everywhere in Province

VICTORIA, February 19.—Further light was thrown on the liquor control bill when in the Legislature yesterday Premier Oliver discussed in committee some of the more salient features of the proposed government control.

Under the proposed new law municipalities will be obliged to enforce the law and in any municipality where the police are negligent the commissioners have power to enforce it, the cost of such enforcement to be charged against the municipality and deducted from the municipality's share of revenue from the sale of liquor.

It is not yet decided whether there will be a commission of one or three. The commission will have rather full control of most of the operations of the liquor department and be subject to removal for cause.

Uniform Price. There will be a uniform price for liquor all over the province, but the Premier did not state how many government stores would be established or where they would be located. Every town will not necessarily have a liquor vendor, but the price of the liquor will be the same, all express charges being paid by the commission.

Special conditions will be made governing the use of liquor by doctors, dentists, veterinary surgeons and manufacturers.

No Suggestions. The Government has been left to bring in the liquor control bill without suggestions either from the opposition or its own supporters, no members complying with the Premier's request that they forget politics and unreservedly offer suggestions.

The opinion is expressed that the Government supporters will voice their opinion of the bill when it is taken up by the Government members in caucus.

FINANCES ARE IN GOOD SHAPE

Revenue Exceeds Estimates for Past Year for First Nine Months

VICTORIA, Feb. 19.—While the Finance Department estimated its revenue for the year to be \$7,689,745, the actual receipts for the first nine months amounted to \$7,564,761, nearly the amount estimated for the whole year, according to a report of the treasury department.

While the estimated expenditures for the year were \$17,413,823, for the nine months there was but \$15,327,857 spent.

During nine months the province borrowed for capital expenditures \$7,882,775 including \$74,274 for district seven, including Omineca, Prince Rupert and Atlin and \$69,853 for district eight or Fort George constituency.

AWARD FOR BURNING.

CORK, Feb. 19.—The recorder of the city has awarded the owners of the Hunter Arcade £213,000 for the burning of their premises on the night of December 11. The claim was for £405,000.

Ten Years to Return
To Normal Prosperity.

None but a person writing for so much a word would attempt to prove the probability of an early return to war-time, pre-war time, or the immediate post-war time prosperity we have just left behind, says G. H. Carlisle, general manager of the Goodyear Tire and Rubber Co. of Canada.

The economic history of other great wars proves the futility of such a hope. Dating from the armistice, a ten-year period will probably be required to effect a complete return to normal prosperity. Given that time without further great eruptions to annoy us, the world will doubtless enter upon another long cycle of peace and progress. Peace in the truest sense of the word, in that it will include industrial peace, in which all classes of men and women will have composed their differences, reached a clever understanding of the problems of one another, and settled down to the job of building their prosperity by working in common for the prosperity of the state.

Conditions in our own country will improve faster than average world conditions, to be sure. Proof of that improvement is already at hand. There is a quickening in many lines of industry, especially the automobile industry. The conservative buying period which our people have inflicted on themselves for several months past is over. Great economies were undoubtedly effected by this conservation of wages and savings. Besides being a natural reaction from a brief period of violent spending, it is a clear manifestation of the underlying soundness, caution, and clear thinking qualifications of our Canadian democracy. A people who can "put on the brakes," so to speak, as Canadians have done in the last few months, who can show their capacity for such a great measure of self discipline, can ultimately take care of themselves in world competition. And in our ability to compete in the markets of the world lies Canada's greatest opportunity.

Norwegians
Did Their Part.

In the Norwegian Exporters Journal of recent date is an article which shows some of the things that Norway and her people suffered as a result of the late war and of the losses consequent on her continuing to carry goods for the allies. The neutral ships it points out were exposed to even greater risks than those of the allies because they could not hit back. The article gives instances of vessels that were subjected to gunfire, of lifeboats left on the ocean without any help, of men and women who died from exposure and other causes. Not merely sympathy but practical help was given the allies by that country. The fact has been recognized through the columns of the London Times and in other British publications.

Coupon Book in
Liquor Control.

The American-Scandinavian Review in a recent number has an interesting article on Controlling Alcohol in Sweden which is well worthy of perusal by anyone interested in the liquor question. For those purchasing liquor to be consumed outside of restaurants, a coupon book is supplied and these coupons are good for purchases as long as they last and as long as the owner behaves himself. If he is found guilty of an infraction of the law or has been the recipient of public charity, he is refused a coupon or the one he holds is cancelled. Private profit is eliminated and all proceeds go to the state treasury.

Naval Squadron
On This Coast.

The naval squadron is expected to arrive at Esquimalt soon and there will be time enough spent on the coast for a visit to Prince Rupert and other points of interest. Probably they will come here for they will see an entirely different town here to any along the coast in British Columbia. We should be glad to have them come and show them something of Prince Rupert hospitality.

MR. GASPAR DUBORD

SELLS HAIR TO
HELP COUNTRYEnglish Girl Tries to Set Example
of Patriotism, but Others
Fail to Follow

LONDON, Feb. 18.—An English girl has just set an example of patriotism to her sisters of this or other countries by cutting off and selling her hair and giving the proceeds to the government to relieve its financial situation. The girl's name has not been made public.

Her letter announcing her sacrifice as received at a government office reads:

"To help, though even in a small way, the country in the present financial difficulties, I have had my hair cut off and have sold it... With the money thus obtained I have bought War Savings Certificates which I have destroyed. The money is thus a direct gift to the country. If this could be published, perhaps many other girls would do as I have done and thousands of people would be encouraged to give up something that would benefit the country financially."

The letter was published, but imitators of the writer's example have not been heard. A reason may be found in a recent decree of hairdressers that "bobbed" locks are no longer fashionable.

LONDON POLICE USE
MOTOR VEHICLES IN
DETECTION OF CRIME

LONDON, Feb. 15.—The year 1920 was remarkable for the great progress made by the Metropolitan Police in methods of preventing and detecting crime of every description. General Horwood, the commissioner, is a firm believer in the importance of motor-vehicles as an aid to the police, and it is in this direction that the improvements have been largely carried out.

Uniform and detective superintendents have now their own automobiles in which they can rapidly get from one point to another of their large districts.

Motor-cycle side cars are kept at various police stations for the use of officers in case of emergency and divisional detective inspectors have their motorcycles and side-cars to drive to the scene of a crime or to visit outlying stations.

London's Mounties

The mounted police, too, under Colonel Laurie, have been reorganized, their equipment improved and the men mounted on some of the finest horses in the country. Under the new organization a large body of mounted police can be concentrated in any part of London within half an hour.

The effect of these improvements has been seen in the extraordinary number of clever captures that have been made of burglars, pickpockets and other criminals. The flying squads of detectives attached to New Scotland Yard, working independently under the "Big Four" detectives, have done well in rounding up housebreakers and breaking up gangs of thieves who infest tube stations, trains and omnibuses.

Ten Years Ago
in Prince Rupert

February 19, 1911
The city electric lighting plant at Cow Bay is now in operation, having been turned on for the first time yesterday.

The Longshoremen's Association gave a social in the Industrial Hall last night. W. A. Denning was the chairman. Hoek Dennis gave some coon songs and among the speakers were G. B. Casey and W. H. Montgomery.

Dr. and Mrs. N. M. McNeill have returned from their honeymoon in California and have taken up residence in the Clapp block.

BRINGING UP FATHER

Turkish Conference Is To Commence on Monday

Question of Sovereignty Will Be Up for Discussion;
Ottomans Desire Defensive Army which
Will Be Considered

LONDON, February 19.—The conference of the British Prime Minister, David Lloyd George, Premier Briand of France, and Foreign Minister Sforza of Italy with representatives of Greece and Turkey, which is to open here Monday, February 21, has for its object the settlement of important near eastern questions growing out of the Treaty of Sevres. In point of world interest and perplexity it is expected to rank with the now historic conferences of Hythe, Brussels and San Remo.

One of the most interesting features of the gathering will be the meeting face to face of the delegates representing the new Greek government under King Constantine with former Greek Premier Venizelos for the first time since Venizelos withdrew from Greece after the defeat of his ministry in the elections and the recall of the King.

This overturn in Greek affairs was an important factor in influencing the Allies to call the conference.

One of the most difficult issues confronting the delegates will be the disposition of the port of Smyrna and the semi-circle of adjacent territory on the Aegean Sea, 100 kilometres long and 100 kilometres broad which, under the terms of the treaty, were placed under the sovereignty of Greece.

Turkish Demands

Since the signing of the treaty of Sevres, however, Turkey has demanded the abrogation of Greek rights in Smyrna as well as autonomy for Thrace. Thrace was given outright to Greece. The demand for autonomy in Thrace is made by the Turks despite the renunciation of the Ottoman government of its sovereignty over Turkey in Europe outside of Constantinople, as well as its control over eight or more islands in the Aegean Sea.

Internal Disputes

Plans for holding the conference were complicated by disputes which arose both in Turkey and Greece as to the delegations to represent these countries. The Rhallish ministry in Greece fell and a new Premier, M. Kalogeropoulos, was chosen. He is expected to head the Greek commission.

Eleutherios Venizelos, former Premier of Greece, now in London, is expected to be an unofficial envoy to the conference as it was while he was premier that Thrace and Smyrna were given to the Greeks. He is on friendly relations with the Allies, while the attitude of the Allies towards the new Greek Premier has not been defined.

Would Stand Pat

Venizelos has declared that "the possibility of restoring in any degree whatever the blasting rule of the Turk by revision of the treaty is incredible."

Turkey's representation at the conference was complicated by the fact that the Ottoman government headed by the Sultan controls only small territory in the vicinity of Constantinople, the Bosphorus and the Sea of Marmora, while Anatolia, the greater part of Turkey in Asia, is controlled by Mustapha Kemal Pasha, the leader of the Nationalist revolt which followed the Treaty of Sevres.

Both Represented

Tewlik Pasha, the Turkish Grand Vizier, heads the delegation that will represent the Ottoman government of Constantinople. Kemal Pasha, who at first declared he would not do so unless the Allies withdrew from Turkey and waived their indemnity claims, also consented later to send representatives to the meeting.

E. Armstrong, charged with using obscene language, appeared in the police court this morning to answer to the charge, but proved so cantankerous that he was sent back to the cells by Magistrate McMordie and will come up again on Monday.

Lots in new Townsite of Oliver will be offered at the same time.

For full details and general information apply to

G. R. NADEN,

Deputy Minister of Lands, Victoria, B.C.

EXTRAORDINARY SCHOOL GRANTS

Amount of \$33,200 Approved by Council for Various Work Proposed by Board.

PROVIDES FOR SCHOOL IN SECTION TWO

Extraordinary estimates for school expenditure for the year 1921 amounting to \$33,200 were submitted by the school board last night at a special meeting of the city council and were approved on motion of Alderman Dibbahn, seconded by Alderman Perry. Trustees W. T. Kergin, L. W. Patmore, Mrs. E. V. Ling, Thomas McMeekin and J. C. McLennan were all present at the meeting.

The estimates submitted include \$3,500 for the erection of a single room school in Section 2 for small children; the older ones continuing to come into the city. The site for the building, which will be such as can be added to, has not yet been selected.

Furnishings.

The furniture and equipment for the new Hays Cove school, reduced somewhat by the decision to use some old equipment from temporary quarters, has been reduced to \$10,000 while the furniture and equipment for the new commercial classes amounts to \$1,500. A sum of \$2,000 has been granted for roads and walks at the new school including a roadway around it and \$1,000 is set aside for sewerage connection. The usual estimate for the upkeep of old grounds of \$2,000 was also passed.

School Grounds.

The question of the improvement of grounds at the Hays Cove school has been left to the city council who will take up the question when they are finished with the present plan of making a public playground at the corner of Sixth Avenue and McBride St.

PETER OF SERBIA IS VERY FEEBLE

PARIS, Feb. 16.—King Peter of Serbia, now 79 years old, is very feeble, according to reports reaching Paris from Belgrade. He is totally deaf and spends all his time in bed or in an invalid's wheel-chair. Only the Crown Prince and Princess Helene, his widowed daughter, whose husband was killed by the Bolsheviks, are permitted to see him.

While the paralysis which has affected the old monarch's right side for the last two years has improved somewhat, he is unable to walk. He has lost steadily in weight and energy since coming from his retreat in Phaleron, Greece, a year ago and has ceased to participate in the affairs of state.

He is living in a little stone house outside the city of Belgrade. His only companions are his physician and a personal servant.

NEW BUILDING INSPECTOR IS RETURNED MAN

H. C. Landry Was Given Appointment on Second Ballot of City Council.

H. L. Landry was chosen new building inspector on the second ballot at the meeting of the city council last night.

Twelve applications for the position were received and a flurry arose between Alderman Dibbahn and Alderman Perry as to the method of procedure in making the selection. The former thought the applications should be referred to the board of works for report while the latter held that the appointment should be made by ballot. Finally the council went into committee of the whole with Ald. Perry in the chair but quickly resumed and the ballot was taken.

The Applications.
The applications were from F. J. Fuiler, F. Shaw, a returned soldier, H. D. Belknap, W. H. Shortridge, S. Doiron, H. O. Crewe, W. L. McIlravay, T. Ross Mackay, W. B. Tattersall, F. Salter, H. C. Bailey and H. L. Landry. On the first ballot there were three votes for Mr. Salter, three for Mr. Landry, one for Mr. Bailey and one for Mr. Shortridge. On the second ballot the vote stood: Salter 3 and Landry 5, and the latter was declared elected. Alderman Parker was not present, having left before the voting.

Soldier Overseas.
Mr. Landry, the new inspector, is a returned man and saw five years' service overseas. Before going over he was an engineer in the fisheries protection service and since his return has been engineer on the Walondo. He has had a good deal of experience in building work. One of the most important of his early duties in the new capacity will be to oversee the work on the new Morse Creek bridge.

CAUSE OF PLEURISY AND PNEUMONIA

Many Cases Develop Through Neglect of Common Colds.

"He started with just a little cold" is a very common statement when people allude to friends who are down with pleurisy or pneumonia. Every reader should bear this in mind and start treating even the commonest cold as soon as it appears.

The placing of Grip-Fix on the market has given every reader the means of conquering even a bad cold in a single night. This saves all the trouble and inconvenience entailed by the cold, as well as guards against the acute diseases which might follow.

Guard your health. Keep a box of Grip-Fix in the house. It is a safe and reliable remedy. In its capsule form it is convenient for taking, and acts more promptly.

The ingredients (full list printed on each box) are just what physicians generally use for colds. On sale by all druggists, 35c. per box.

The Man in the Moon Says—

RELATIONS are poor people that you are glad to be rid of, but relatives are well to do, important people with whom you like to visit.

THE Government representative at the shipyard is here again. If there is any more trouble he may butt in.

MARY Ellen, M.L., says she wants a watertight liquor bill. It is believed that most of the people in these parts take their liquor without water.

THE advantage of having plenty of cars in Prince Rupert is that the local firms have to supply Vancouver, Victoria and Seattle with halibut for their own consumption.

Some people object to taxes so much that they even refuse to tax their memories.

A woman has just as much right to chew gum as a man has to smoke. She also has a right to do both if she can raise the requisite number of iron men to keep the habit going.

A soldier of the legion Lay dying in Algiers While a thousand weeping women—

Watched through a flood of tears.

He murmured as his life blood ebbed

With each convulsive throbs: "Gee, I'm glad I left the army For this moving picture job."

Miss Eva Thomson of the Audit department, left for Vancouver on Thursday night with the other members of the staff to take up duties in the new office there.

**PRESIDENT TO PAY
A TAX OF \$18,000**

WASHINGTON, Feb. 19.—Warren G. Harding, as president of the United States, will receive something like \$18,000 less compensation from the government annually than Woodrow Wilson has received. The Treasury will pay Mr. Harding the same amount that it pays Mr. Wilson—\$75,000 annually—but internal revenue bureau officials say that Mr. Harding must return nearly one-fourth of this in income tax. President Wilson came into office before the enactment of the 1918 revenue laws, affecting the president and federal judges.

**Possess Good Health
By Looking after
THE BOWELS**

A free motion of the bowels, once or twice a day, should be the rule of every one, as half the ills of life are caused by allowing the bowels to get into a constipated condition.

When the bowels are allowed to become constipated, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

If you would escape constipation, sick and bilious headaches, heartburn, floating specks before the eyes, coated tongue, foul breath; the nasty irritating, bleeding, itching and protruding piles, you should keep your liver stirred up by the use of Milburn's Lax-Liver Pills.

These pills are purely vegetable, keep your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. H. Barrows, Endfield, N. S., writes:

"I was troubled with such headaches and constipation. One day a friend told me of Milburn's Lax-Liver Pills. I got two vials, and found they did me a world of good. I therefore have great faith in them."

Milburn's Lax-Liver Pills are 25¢ a vial, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SKATING GOOD

Number of Parties Were Out Last
Night and Local Ponds
Are Used.

There were several skating parties at the salt lake last evening and they reported the ice good and everything favorable to an enjoyable time.

There is a pond at Seal Gove that was used a good deal yesterday and many utilized the Morse Creek pond while the children skated on the hotel foundation and other pieces of suitable ice.

This afternoon there will be a good many parties out and tomorrow afternoon will be the big time if the present weather continues.

* IN THE LETTER BOX *

Editor Daily News:

You hear quite a lot of talk about unemployed men. What about the women? When the dry dock closed its doors it did so on both man and woman. What are these women doing and how are they existing?

Although there have been meetings called for the unemployed I think I am right in stating that only men have attended. Have we no unemployed women? If so, then Prince Rupert is thrice-blessed. I should like the Mayor to take up this question and call a meeting at the City Hall. It does not make any difference if the woman is paid a salary or wages, if she has not work she suffers the pangs of hunger and both classes of women need help and sympathy.

On the other hand if we have no unemployed women the meeting will not be called in vain, as it will show that the city is doing its best to look after the interest of all.
