Liberals Swept Whole Of Dominion

MACKENZIE KING WILL HAVE WORKING MAJORITY OVER ALL

Latest Returns Give Liberals 120 out of 235 With Yukon Yet to Hear From in Final

OTTAWA, Dec. 7.—By decisive majorities the Meighen government was defeated by the Liberals yesterday and the ministry will resign. The Liberals have the largest group in the next House, holding a clear majority over all parties combined.

In the provinces of Prince Edward Island, Nova Scotia and Quebec they swept every seat and made inroads into Ontario and the West.

The new National Progressive party, while it stands second in the next House, did not secure its expected support east of the Great Lakes. In the maritime provinces it merely retained its sitting seat of Victoria and Carleton in New Brunswick. In Ontario, instead of sweeping the rural ridings, its victories totalled 10 seats. The chief strength of the Progressive movement lay in the prairie provinces which gave it birth. In the next House, however, to judge from the returns available, the Progressives will form the official opposition, displacing the Conservatives.

Ministers Defeated.

The Government has retained not more than a third of the seats held at dissolution. The prime minister was defeated in his own constituency and with him were defeated eight members of his administration. The defeated members were: Meighen, prime minister; L. P. Normand, president of the council; R. Lapointe, secretary of state; L. G. Belley, postmaster general; A. Fauteux, solicitor general; C. C. Ballantyne, minister of marine and fisheries; E. K. Spinney, minister without portfolio and Geo. Wilson, minister without portfolio. Five of these, Normand, Monty, Belley, Fauteaux and Wilson have been members of the cabinet only since the third week in September when Meighen reorganized his ministry in preparation for the fight.

The Prime Minister and Wilson were beaten by Progressives, others were beaten by Liberals.

New Cabinet.

Mackenzie King, who on the resignation of Premier Meighen will be called upon to form an administration, last night was showered with congratulations. Among his followers are men like Hon. G. P. Graham, and E. N. Macdonald, once prominent in public life but who had no seat in the last Parliament. Already the air is agog with rumors of the personnel of his new cabinet.

Woman Elected

One woman was elected, Miss MacPhail, a progressive candidate in South Grey, Ontario. She will be the first woman to sit in the Canadian House of Commons. Among familiar faces missing in the next House will be Dr. Michael Clark, who left Laurier on the issue of conscription and was returned to the last Parliament as a Unionist. Subsequently he rejoined the Liberals and contested Mackenzie, Sask., as a Liberal. By the irony of circumstances he went down to defeat under the Progressive sweep of the prairie Provinces.

British Columbia.

VANCOUVER, Dec. 7.—Conservatives were elected in Vancouver Centre, Burrard, Vancouver South, Victoria, Yale, New Westminster and Nanaimo.

Liberals are probably elected in East Kootenay, Westminster district and Skeena.

Farmer-Labor - Progressive in Cariboo, West Kootenay, Comox-Alberni. While the returns are incomplete, it is not expected there will be any change in the final results.

The lists appended are only approximately correct and are not final.

Saskatchewan.

Saskatchewan results are yet very incomplete, only two of the sixteen seats having made final reports.

Prince Albert—Andrew Knox (Progressive).

Regina—Hon. W. Motherwell Liberal, majority 1300.

Prince Edward Island.

All four seats in Prince Edward Island returned Liberals:

King's—J. J. Hughes.
Prince—A. E. McLean.
Queen's—J. E. Sinclair and D. A. McKinnon.

Nova Scotia.

In Nova Scotia sixteen Liberals were returned. Thirteen Conservatives were successful there in 1917 so the province shows practically a complete turnover. Two cabinet ministers, E. K. Spinney, Yarmouth, and Clarke, and F. B. McCurdy, Colchester, were defeated.

Antigonish and Guysboro—E. C. Isaacs, Liberal, 2010.

Cape Breton North and Victoria—D. D. McKenzie.

Cape Breton South and Richmond—W. F. Carroll and G. W. Kyte.

Colchester—H. Putnam, majority 1300.

Cumberland—H. J. Logan, majority 1096.

Digby and Annapolis—Dr. L. J. Lovett, majority 2250.

Halifax—Hon. A. K. McLean and Dr. E. Blackadder.

Hants—L. H. Martell, majority 100.

Inverness—A. W. Chisholm.

King's—E. Robinson.

Lunenburg—William Duff.

Pictou—E. M. McDonald, majority 3500.

Shelburne and Queens—Hon. W. S. Fielding.

Yarmouth and Clare—P. L. Hatfield.

New Brunswick.

Gloucester—O. Turgeon (Liberal), majority 300.

Kent—A. T. Leger (Liberal).

St. John City and Counties—Hon. J. B. M. Baxter and Dr. M. McLean (Conservatives).

Westmoreland—A. B. Copp, Liberal, majority 1000.

York-Sunbury—R. B. Hanson, Conservative, majority, 800.

Quebec.

Quebec returned a solid block of Liberals in its sixty-five seats. Four cabinet ministers, Hon. Rudolf Monty, secretary of state, Beauharnois, Hon. C. C. Ballantyne, minister of marine and fisheries, St. Lawrence, Hon. L. G. Belley, postmaster general, Charlevoix Montgomery, and Dr. L. G. Normand, president of the privy council, Three Rivers, were all defeated.

Argenteuil—P. R. McGibbon, Liberal.

Bagot—J. E. Marcile.

Beauce—Hon. S. S. Beland, majority 7000.

Beauharnois—L. J. Papineau.

Bellechasse—C. A. Fournier, majority 2250.

Berthier—T. Gervais.

Bonaventure—Hon. C. Marcil.

Brome—A. R. McMaster.

Chambly-Vercheres—J. Archambault.

Champlain—A. L. Desaulniers, majority 2900.

Charlevoix-Montgomery — P. F. Casgrain.

Chateauguay-Huntingdon — J. Robb, majority 400.

Chicoutimi and Saguency—E. Savard.

Compton—A. B. Hunt.

Dorchester — Lucien Cannon, majority 3275.

Drummond and Arthabaska—N. K. Lafiamme, majority 2500.

Gaspe—Hon. R. Lemieux, majority 6000.

George Etiene Cartier—S. W. Jacobs, majority 2605.

Hochelaga—E. C. St. Pere.

Hull—J. E. Fontaine, majority 5733.

Jacques Cartier—D. A. Lafortune, majority 6000.

Joliette—J.J. Denis, majority 1500.

Kamouraska—A. Stein.

Labelle—H. A. Fortier.

Laprairie-Napierville—R. Lanctot, majority 1200.

L'Assomption-Montcalm—P. A. Seguin, majority 1500.

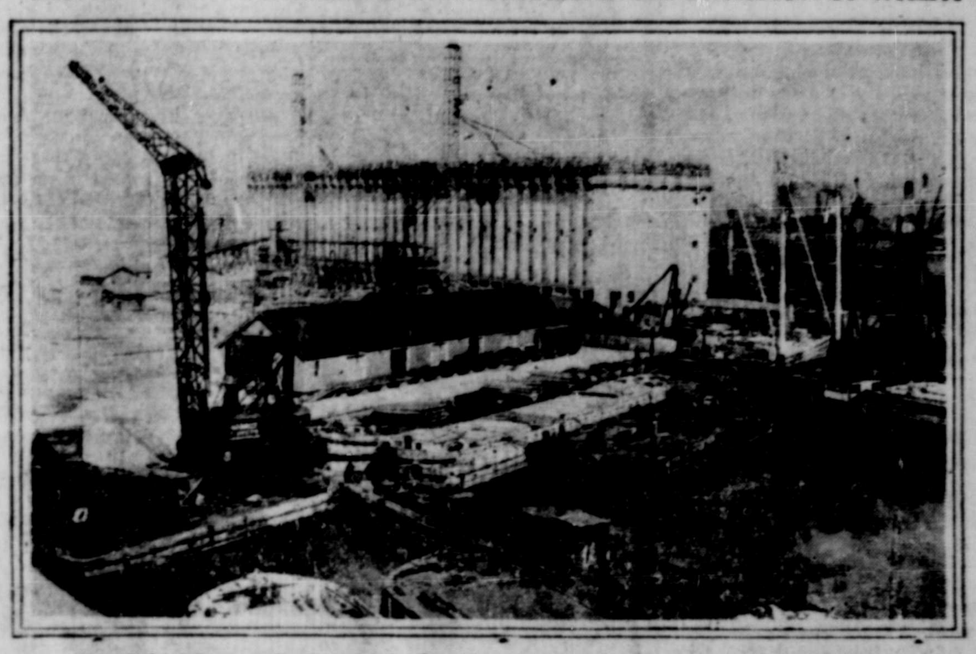
Leader of the Liberals, who swept the country yesterday.

RIGHT HON. ARTHUR MEIGHEN

Defeated at the polls yesterday in Portage la Prairie.

UNITED STATES COMPETING WITH CANADA IN EXPORTATION OF WHEAT



One of the largest grain elevators in the world is being erected by the State of New York at Gowanus Bay, in New York harbor, to handle the enormous shipments of wheat coming via the Barge Canal. The canal, connecting with the Great Lakes, is handling more grain shipments than heretofore deemed possible. The excessive rates charged by the railroads for shipping the wheat from the fields in the Western producing territory to Eastern markets for foreign transportation caused the growers to find a cheaper way of shipment. The canals were turned to and have proven successful. This inland waterway is already a keen competitor with the Canadian chain of canals. The picture shows the first of several grain elevators to be built.

Great Britain, U. S., Japan and France Get Together on Tentative Agreement.

WASHINGTON, Dec. 7.—A tentative proposal for an agreement between Britain, the United States, France and Japan to replace the Anglo-Japanese alliance has been cabled to London as well as to Tokio as a result of the last meeting of the arms conference here.

TURK VIZIER ASSASSINATED

ROME, Dec. 7.—The former Turkish Grand Vizer Said Ali Pasha was fatally shot while taking a walk. He was rushed to the hospital but was dead by the time he arrived there. His assailant escaped.

COLONEL PECK SPOKE TO GATHERING LAST NIGHT IN HIS ROOMS

Following the counting of the local election ballots and as the returns were coming in from the outside, Colonel Peck's supporters rallied in the committee rooms and excitement was tense. Up till a late hour hope was still expressed that the independent candidate would still be elected. Col. Peck addressed the meeting in an optimistic and cheery vein and showed that he was still in good trim, although exhausted after the long and hard campaign.

FRED STORK IS LEADING BY 122

Number of Polling Places to Hear From But No Change Anticipated.

The election of Fred Stork, Liberal candidate in Skeena riding, seems assured for 45 polls reported to 2 o'clock today out of the total of 82 give a majority of 122 votes. Bella Bella, Atlin, Lakelse Valley, Premier Mine Alice Arm, Surf Inlet Beach, Wadhams and Wistaria are the largest polls yet to be heard from and it is considered unlikely by both sides that this present majority will be overcome.

The following polls have reported their returns:

DAILY EDITION Wednesday, Dec. 7, 1921.

Great Victory Won Yesterday.

No matter how the local situation looks, the election was a great victory for Liberalism. Mackenzie King and his followers swept the East, and according to the morning despatches should have a majority all over the Dominion. At any rate, there were a number of Progressives elected who were backed by the Liberals and who went in because of the support of the Liberal organization. Such was the case in Comox-Atlin, where the Liberals withdrew their candidate, William Marchant, in order to unite on an opposition candidate who would represent all groups. Neill, who is expected to be elected there, is a Liberal, and in many other constituencies there is a similar condition.

The change of Government should mean a change of policy both throughout the country and locally.

Irish Agreement Very Welcome.

The treaty of peace with Ireland, whereby the Emerald Isle is to become a nation with Dominion status, is a constitutional document formulated from the blood of Irish and British patriots and it is to be sincerely hoped it will stand and its provisions be carried out so that in future there may be no more friction between Ireland and Britain. There will be sure to be difficulties in working out the details of the new constitution, but if both sides are anxious to carry on without any renewal of bad feeling it should be a success. Much depends now on the attitude of Ulster. It is useless to prophesy in regard to Irish affairs, for the Celtic mind works in a way all its own, but there now seems to be a great probability that bygones will be bygones and that from now on if not always harmony will prevail.

Victory Bonds Are Going Up.

Rising prices have characterized the Victory Bond market during November, and transactions have been on a larger scale. The strength displayed is not unexpected. Declining commodity prices and slower business lessen the demand for investment capital and lower the rate of interest which such capital commands. It follows that good securities, which assure to the holder a certain fixed return each year, must appreciate in value. As time goes on, and prices decline, the annual interest payments have a constantly increasing purchasing power in terms of goods.

The 1937 tax-free bonds, which guarantee a good return for some sixteen years, naturally command the highest price. No one can tell what will happen to interest rates during that time, but it is unlikely that a yield of nearly 5½ per cent. from a first-class tax-free government obligation will ever seem disappointing. The 1924 and 1934 issues are not tax-exempt, and usually sell at a few points below the other maturities.

It is understood that moderately large amounts of Victory Bonds have been going to investors in the United States. The premium on United States funds makes it possible for these buyers to obtain the 1933 issue, for example, at about $92 for each one hundred dollar bond. The investment holds out speculative possibilities, since the return of Canadian funds to par in New York would involve a considerable appreciation in the value of each bond in terms of United States funds. In the case of the issue we have just mentioned, this exchange movement has twelve years in which to take place.

Dollar Wheat In Chicago.

On November 3, for the first time since 1915, "dollar wheat" was quoted in Chicago. The significance of this quotation has changed entirely in the last decade. Whereas in pre-war days it indicated a "bull" market, it represents now one of the lowest points of the recent decline. In Winnipeg the cash price for No. 1 Northern wheat has been as low as 81.04⅝ per bushel. For the farmers the results of this year's crop will in most cases be unsatisfactory, and this is bound to have an effect on business in the East.

The Northwestern Miller of Minneapolis, in the course of an editorial on the Fordney tariff, points out the fact that, although the duties imposed have served to check direct importations of any quantity of Canadian wheat into the United States, the domestic price for wheat in the latter country has none the less been determined by competition in the world's markets, and the tariff has not helped the farmers out of their difficulties.

The Ladies' Aid of the New Hazelton Church will hold their annual bazaar on Friday. Mrs. Willoughby Batten and Miss C. M. Coddard are in charge of the program.

* * *

Fred W. Swain, insurance agent, passed away at the Hazelton Hospital last week. The funeral took place on Saturday, Rev Mr. Hewitt conducting the service.

* * *

Mrs. C. V. Smith returned on Wednesday from an extended trip south. Her health is much improved.

* * *

Mr. and Mrs. Gibson and their son, Jack, left last week for California where they will make their future home.

* * *

The annual bazaar under the auspices of the Women's Auxiliary and the Ladies' Aid held last week was a big success. Few articles offered for sale were left over. The Hazelton Dramatic Society presented a sketch "The Rich Miss Poor" in which Miss Bligh, Miss Smith, A. A. Connon, Jack Bosley and Jack Frost took part. Mrs. Tomlinson, of Kispiox, was accorded much applause after her recitation.

DAUGHTERS AND MAIDS OF ENGLAND ENJOY THE HOSPITALITY OF SISTERS

The Pythian Sisters entertained the Daughters and Maids of England on Monday night at a whist drive and social at which a most enjoyable time was spent. Refreshments were served at the conclusion of the tournament and afterwards there was vocal music, songs being sung by Harry Fletcher and Miss Morgan and Mrs. Norman Robinson.

The winners of the prizes were: first ladies', Mrs. Bennett; consolation, Mrs. Shenton; first gentlemen's, Joe Howe; consolation, Sid Hamblin.

BIRTH OF MAN WAS IN AFRICA

Skull Discoered Like That of Ape Man Not Unlike the Gibraltar Skull.

LONDON, Dec. 7.—Scientists say the Darwinian theory that Africa may have been the original home of the human race has received partial corroboration from the discovery just made in Northern Rhodesia of a fossilized skull which gives a new orientation to the early history of primitive man.

The skull, which is complete save for the lower jaw, resembles that of the ape man (pithecanthropus erectus) discovered in Java in 1892, which has been regarded as the most primitive human skull known until now. The Java skull, however, lacked a face. In this respect the Rhodesian fossil reveals a type curiously similar to what is known as the Gibraltar skull.

Moreover a collar bone, a leg bone and part of a hip bone believed to belong to the skull have also been unearthed, and these may enable anatomists to reconstruct the main parts of the whole Rhodesian sekeleton.

In Bone Cave.

The scene of the discovery was the "bone cave" of the Broken Hill mine, already famous for the beauty of its stalactites and stalagmites and for the remarkable fact that the lime of which they were originally composed have been largely replaced by phosphates of zinc and lead.

It was the commercial value of these formations that led to the transformation of this cave into one of the strangest mines ever worked.

The floor consisted of a mass of fossilized remains of lions, elephants, leopards, rhinoceri, hippopotami, antelopes, birds, bats and small mammals. Hundreds of tons of these animal remains had been removed, but no trace of man was discovered until a depth of 60 below water level was reached, when the bones described were found surrounded by soft friable lead conglomerate.

MRS. TINGLEY PASSES AWAY

Died at Port Clements Yesterday —Formerly Resided Here.

PORT CLEMENTS, Dec. 7.—The death occurred here yesterday of Mrs. M. E. Tingley, formerly of Prince Rupert, after a long illness. The body is being sent to Prince Rupert on the steamer Prince Albert and will then be forwarded to Victoria for burial.

The late Mrs. Tingley formerly lived in Victoria and moved to Prince Rupert when her daughter, Miss Laura Tingley, was appointed on the staff of the city schools. About a year and a half ago they moved to Port Clements.

Twilo sons and three daughters live at Port Clements, Miss Laura Tingley and Eli and Bert Tingley.

BRINGING UP FATHER

BERBER TRIBES CURIOUS PEOPLE

Odd Marriage Ceremonies and Habits of People Fighting Against Spaniards.

MELILLA, Morocco, Dec. 7.—The customs of the two Berber tribes whose territory has just been reoccupied by Spanish troops as a result of their victories are very interesting.

These tribes are known as the Beni-Buyahi and Beni-Bufrur, including the settlements of Segangan and Zeulan, extending to Monte Arruit, Tistutin, Batel and Garet.

According to the best information they number 16,000 of whom about 5000 are males of fighting age. In the last 15 years their number has been reduced from about 40,000 of both sexes by inter-tribal fighting and migration because of bad harvests.

Nomad Tribes.

The tribes are divided into nine factions all of which quarrel frequently among themselves, a practice common to the Berber stock from which they descend. They became mixed with the Arab invaders in the seventh century.

They are nomads who settle temporarily in places where the pasturage is plentiful, for they possess large numbers of camels, sheep and cattle. They live under large tents, which they pitch in circles, thus forming an aduar, or settlement. The tents are made of sheep's wool mixed with camel or goats' hair for the more wealthy among the tribesmen, while the poorer members of the tribes must content themselves with grass-fibre.

The men are of changeful mood, at times seeking adventure in rapine and at other times indulging in prolonged periods of laziness.

Polygamy Prevails.

Polygamy prevails among them in proportion to their means of providing sustenance for the women. These poor creatures in every part of Morocco lead the most miserable lives. They look after the cattle, grind the grain, make the bread, churn the butter, hew the wood, draw the water, which often has to be carried long distances, shear the sheep and goats, card and weave the wool and hair as well as the grass fibre, do all the ploughing and sowing, and generally are treated by their lordly husbands even worse than the animals to whom they are yoked for field-work.

Their only consolation is in eating. They consume four meals daily, at which they drink great quantities of weak tea, and before they retire for the night devour large quantities of alcuzcuz—balls composed of flour water and honey.

They are very careful with the cattle and never forget to put them to pasture facing away from the sun so that they will not lose their sight through the brightness.

Festivities.

Among the chief festivities are those connected with births and the giving of names, which occurs eight days after birth, when the father sacrifices a sheep and sprinkling the blood, pronounces the names to be given to the child in the name of Allah.

At 20 years of age, it is customary to marry. A young man then announces to his father his desire to wed a certain young woman. The father communicates with the father of the chosen bride and sends his brothers to sacrifice a sheep in front of his tent, at the same time appealing to the father to give his daughter in marriage to their nephew.

If the father consents, the price of the young woman and the dowry she is to bring with her is agreed upon. The day of the ceremony is settled, the bride knowing nothing about it.

Wedding Day.

When the wedding day arrives, the parents of the bridegroom go in procession to the tent of the bride's father, to whom they bring the half of the price to be paid for the bride, receiving in return therefor the half of the bride's dowry. The men fire three rifle shots and the women shout with joy.

The couple, although the ceremoney is yet incomplete, go to their future tent together. The real wedding ensues the following day when the bride is taken in procession on the back of a camel, covered with silks and followed by her body-slave if she is wealthy enough to posses one, to the tent of the bridegroom, where she is welcomed by his parents and the remainder of the price and dowry changes hands. The wedding is completed to the accompaniment of much feasting.

A bride who proves unfaithful may be sent back to her father's tent dressed in sackcloth.

GERMANS IN CHINA ACTIVE

Gradually Getting Back Business Lost During the Great War.

LONDON, Dec. 7.—The Germans are gradually returning to China and picking up the threads of their former business: not trading for the present under their own names, but in partnership with Chinese, says a report on the commercial situation of China by H. H. Fox, commercial counsellor of the British Legation in Pekin.

German dyes and paints, drugs, needles, metals and sundries are beginning to appear on the Shanghai market, the report goes on, and it is stated that several important orders for machinery and electric plants have recently been booked by German firms.

There is no doubt, the report says, that the Germans, assisted by the comparative cheapness of their products, will gradually recover the share they held in China's foreign trade before the war, but the process will be slow, as they have lost valuable connections; the business organizations they had so laboriously built up have been shattered, and they have suffered a serious loss of prestige in the eyes of the Chinese.

FRENCH FURS

PARIS, Dec. 7.—For the three years of 1918, 1919 and 1920 enormous profits were realized in the French fur trade, but the rise in prices seems to have passed its highest point this year.

A Hudson Bay otter cloak which cost 12,000 francs in April, 1920, can now be bought for 5000. Rabbit skins, which had reached fancy prices, have now returned to the normal of before the war. Astrakhan and skunks are now only twice their pre-war prices, and blue and white fox from three to four times.

Siberian sables and Peruvian chinchillas alone continue to increase in price, both being rare and much in demand. A sable cloak which cost 80,000 francs in 1913-14 would cost today 500,000.

KING TO FORM GOVERNMENT

Complete List Yet Available of Winning Candidates in East and Majorities.

OTTAWA, Dec. 7.—With a clear majority over the combined strength of Conservatives and Progressives, the Liberal party under Mackenzie King will form a new government, while the former administration will be reduced to the position of a third party in the House, the position formerly occupied by the Progressives, who now assume the position of the official opposition.

Strength shown by the Liberals, especially in Nova Scotia, Prince Edward Island and New Brunswick, was one of the outstanding features of the fight. The clean sweep of the Quebec constituencies was a record.

Speculation is already rife as to the composition of the incoming cabinet. The exact date of Meighen's resignation is unknown, but it is expected this formality will not be long delayed.

Miss Agnes McPhail is the first woman elected to the House of Commons.

STORK NON-COMMITTAL AWAITING RESULTS OF ALL FINAL RETURNS

Fred Stork, interviewed this morning in regard to the result, said it was too early yet to say anything. While the figures available would seem to make it likely he would be elected, there was nothing at all sure yet. In the canneries of the south he expected to lose. There should be small majorities at Premier Mine, Alice Arm and some other points. Surf Inlet was an unknown quantity, and on the result there much depends.

LIVER TROUBLE

Bad Bilious Attacks

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach foul and sick, and bilious spells occur on account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel.

The only way to keep the liver active and working properly, and thus get rid of the nasty bilious attacks, is to keep the bowels regular by using

MILBURN'S LAXA-LIVER PILLS

They are purely vegetable, small and easy to take, work smoothly and gently, and there is nothing of the griping, weakening and sickening effects of the old-fashioned purgatives.

Mr. John S. Caron, Bonavon, Sask., writes:—"I was troubled with my liver, and had severe bilious attacks. A friend advised me to try Milburn's Laxa-Liver Pills, so I took two vials and I have had no more attacks."

MILBURN'S LAXA-LIVER PILLS

are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WANDERERS WINNERS BILLIARD TOURNEY

Shockley Defeated Wakefield in Final Played Last Evening by Score 200 to 175.

R. H. Shockley, of the Wanderers, defeated E. A. Wakefield, of the Elks, in the final game of the tournament between the two teams last night. The score was 200 to 175, the Wanderers thus winning the series by a total score of 1153 to 1047.

The standing of the clubs to date is as follows:

	Pl.	Pts.	Av.
Trail	2	2314	1157
Wanderers	3	3410	1137
Elks	3	3092	1031
St. Andrew's	2	2056	1028
G. W. V. A.	2	2003	1002
S. O. E.	2	1977	989

LADIES' WHIST

The Daughters of England and the Valhalla whist teams were successful in the ladies' whist games last night over the Rebekahs and the St. Andrew's Society respectively. The scores were 8 to 1 and 5 to 4.

The standing of the teams to date is as follows:

	P.	W.	L.	Pts
Valhalla	7	6	1	6
Royal Purple	5	3	2	3
Pythian Sisters	5	3	2	3
D. O. E.	7	3	4	3
Rebekahs	6	2	4	2
St. Andrew's	6	1	5	1

BASKETBALL LAST NIGHT

The Intermediate League basketball players played two games at the Exhibition Hall last evening, the Colts winning over the Elks by a score of 22 to 16 and the Sons of Canada defeating the Knights of Columbus by 36 to 20. The Maple Leafs and the Checkers, of the Ladies' League also played, the former winning an easy victory by 14 to 2. It being election night, there were not many persons in attendance.

The best game by far was that between the Colts and the Elks. There was good checking displayed and, up to four minutes of full time, the teams were tied at 16 all. The Colts came through at the last minute and scored eight goals which gave them the victory.

The scoring was as follows:

Colts—George Mitchell, W. Mitchell, 14; J. Mitchell, 2; R. Smith, H. Frizzell, 2; E. Macintosh for R. Smith, 4—22.

Elks—R. Davidson, W. D. Smith, 2; George Hill, 4; W. Davis, 4; S. Bazzell-Jones, 6—16.

Lee Dell was referee.

Sons of Canada Win.

The other Intermediate game was well contested but was not as interesting or exciting as the one between the Colts and the Elks.

The players and scoring:

Knights of Columbus—T. Moloney, L. Astori, 4; A. Astori, 3; Farrell, U. U. LaCasse, 8; H. Astori, for A. Astori, 5—15.

Sons of Canada—C. Blythe, 18; T. Halverson, 6; W. Gray, E. Smith, 8; B. Charlton, 2; F. Morrison for Halverson, 2—36.

Ladies' Game.

The only score made by the Checkers in the game with the Maple Leafs was due to the excitement of one of the latter players when she shot a goal in the opposing basket.

The line-up and scoring:

Miss S. Calderone, 8; Miss Margaret Graham, 6; Miss Lonie Fisher, Miss A. Stephens, Miss Myra Harvey—14.

Checkers — Mrs. T. Moloney, Mrs. D. Strachan, Miss R. Moloney, Miss Helen Hibbard and Mrs. G. Darrington.

Sport Chat

The annual meeting of the Smithers Athletic Club was held last week in the Interior News office at that town and the following officers were elected: Honorary president, Dr. C. H. Hankinson; president, James Kennedy; vice president, Ed. Eby; secretary, O. K. Lord; treasurer, Charles Reid; executive, F. Watson, W. S. Henry, L. S. McGill, J. E. Kirby and L. B. Warner. It was decided that each line of sport would also be represented so W. E. Doodson, manager of the Hockey team, was added to the executive.

The following appears in the Prince George Citizen:

"Lost—In the City of Prince Rupert, one shield emblematic of the baseball championship of Northern British Columbia, answers to the name of "Ben Self." When last heard of said shield was in process of manufacture following the defeat of the Prince Rupert team by the Prince George champions. Liberal reward will be paid by J. C. Pidgeon, of Prince George for information which will lead to recovery."

• • •

Commenting the Citizen says: "The foregoing is an echo of last summer's baseball games and more particularly of the series at Prince Rupert when the local boys cleaned up the best the coast could offer in the way of ball. By defeating Prince Rupert the team won the Ben Self shield. That is, they won the shield but they did not get it. There is some uncertainty in the mind of the local management whether the shield contest was a sudden death affair or whether the shield is required to be won for ten successive seasons to become the property of the victors. This, in the opinion of the local management would be no great task but it would be rather a long time to wait."

• • •

St. Louis, for the second year in succession, led the National League in club batting this season with a batting percentage of .308 that club making the most hits, 1635, the most total bases on hits, 2320, and the most two base hits, 260. Boston faced the most pitching going to bat 5385 times. New York scored the most runs, 840. Chicago made the most one base hits, 1226, and Pittsburg made the most two base hits, 404. Philadelphia leads in home runs, 88. Chicago led in sacrificing with 208 and New York had the most stolen bases, 137.

• • •

The 1921 season produced 67 shutouts, the clubs having scoreless defeats being as follows: Pittsburg, 11; Philadelphia, Chicago and Cincinnati, 11 apiece; Boston, 8; and New York, St. Louis and Brooklyn, 4 each. One tie game was played, this being on October 4, between Pittsburg and St. Louis. One protested game was played on May 28 between Pittsburg and Cincinnati. Two unusual incidents occurred during the season: In the game of May 27 at Pittsburg that club made 9 hits, playing against Cincinnati, each of the nine players in batting order getting a hit. On July 29 at St. Louis, the Cardinals, playing against Brooklyn, each went to the bat three times in order for a team total of 27 official times at bat. There were no sacrifice hits, no bases on balls nor hit batsmen made by the St. Louis Club.

SIX DAY BIKE GRIND PROMISES TO BE BIG EVENT THIS SEASON.

The annual six day bike race promises to be a big event this year. Although the race does not start until the first week in December, fifteen teams are already entered. Many veterans will try for the $10,000 prize being given by Tex Rickard. Among those entered are Jackie Clarke, who won his first six day race in 1909, and Alfred Grenda, former champion of Australia. Willie Coburn, winner of last year's classic, and Walter Rutt of Germany seem to be the leading combination and are favored to win the event.

ALASKA NEEDS CAPITAL, SAYS THE GOVERNOR

Scott C. Bone Delivers Interesting Address, in Which Bootlegging Is Mentioned.

"In my opinion the most urgent need of this great territory is a simplified system of government," declared Scott C. Bone in his address delivered under the auspices of the Civic Club of Ketchikan to a large audience in Red Men's hall, says the Ketchikan Chronicle.

"Under such a chaotic system of government as our present system, which is complicated in the extreme, no business concern could thrive; a newspaper would go on the rocks. In my report to Washington I am urging a simplified system of government. We cannot have an efficient system at long range. We can only make it efficient by giving greater voice to the people of Alaska and each should hold himself accountable for the enforcement of its laws. I have faith that congress will enact legislation so that Alaska can go ahead," the governor went on, speaking in a quiet, convincing way that held the attention of his hearers.

Give Encouragement.

"We need capital. We must invite capital to invest here. Opportunities are open to capitalists. We must have more people who will make permanent homes here and we must have capital in order to find employment for them. There has been a feeling current that our hand was raised against capital, and Alaska has paid a heavy punishment for that idea. Alaska will never be gobbled up by capitalists. Good government would make that impossible if the size of the territory did not render it so.

"I feel specially charged as governor of Alaska with the duty of seeing that the laws are enforced. I take this duty seriously and I would not evade it if I could. I assure you that the federal organization now being formed is composed of officers who believe in the enforcement of the law. District Attorney Shoup will co-operate with me and the federal officers for law enforcement to the finish. The same is true of the judges and marshals who are to be put to the test.

Enforce Law.

"As governor I think it my duty to recommend the dismissal of those who fail to enforce the law. A man who is remiss in this respect is not entitled to be on the payroll and will not be very long if I can exercise my authority to have him dismissed. It is, however, essential that the law enforcement officials have the whole-hearted support of all good citizens.

"The need of patrol service for all this coast is great. We cannot bring about enforcement of prohibition until adequate means are provided for the patrolment of these waters. I hope that congress will see the wisdom of providing it. It is a disgrace to the country that commercialized bootlegging should be openly carried on. I, as well as you, are not satisfied with present results.

Should Clean Up.

"More rigid work must be impressed upon the officials, which will get better results and make for a better community. We may, however, find comfort in the fact that Alaska is in no worse condition than sections of the greater country beyond us where equipment for enforcing laws far exceeds that given to alaska. There is also a big business side to this matter. Alaskan towns can afford to clean up."

Cough Nights

Terribly wearing on the system is the cough that comes at night and prevents sleep.

The constant coughing keeps the lungs and bronchial tubes in such an irritated and inflamed condition that they get no chance to heal.

You will find in

DR. WOOD'S NORWAY PINE SYRUP

a remedy without an equal, for soothing the lungs, loosening the phlegm, strengthening the breathing organs and fortifying them against pulmonary disease.

Mrs. John McKerney, Lower Montague, P. E. I., writes:—"About three years ago I caught a very bad cold accompanied by a sore throat and hoarseness, and was so hoarse you could hardly hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. Finally I saw Dr. Wood's Norway Pine Syrup advertised; got a bottle, and at once it gave me relief, and after using four my cough had all gone. Now I always keep 'Dr. Wood's' in the house, and shall recommend your remedy to others."

Price, 35c and 60c a bottle at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

OFFICIALS OF HOTEL COMPANY AT EDMONTON

Confirms Story Received by Daily News of Fine Building to Be Erected at Jasper.

A. E. Shaw of New York, head of the company which has made arrangements to erect a commodious hotel at the summer resort of Jasper Park, is in Edmonton today accompanied by F. D. Liverinore, of Jasper, says the Edmonton Bulletin. It is the intention of the company represented by Mr. Shaw to construct a building at Jasper that will cost in the neighborhood of half a million dollars, as well as a series of tea houses in various parts of the National playground.

It is understood that the company which Mr. Shaw represents has entered into an agreement with the Canadian National Railway whereby the railway company will give the hotel people support and co-operation in making the new hotel at Jasper a success. According to present proposals it is hoped that the new hostelry will be completed in readiness to accommodate tourists early next year.

In the Letter Box

SAYS EXAGGERATED.

Editor Daily News:

In your issue of November 30, you refer to a meeting held at Usk by Mr. Stork. You quote your representative as stating the number of persons to have been present to have been 40 of which 30 or 35 would vote for Stork.

The writer was there from the opening to finish. The total number of persons present was 20, of which some are not voters.

Judging by the absolute absence of other signs of enthusiasm, and also from my outside observations Mr. Stork had two votes for him in the gathering.

Is it quite impossible for a reporter to be truthful? and are all your News made up of the same proportion of falsehoods to truth?

I hardly ever see a report about Usk that does not contain the grossest kind of exaggerations and fabrications. As you see I endeavor to use parliamentary language, personally I should much prefer to call such reports by their true name, which is lies.

Will you, for the sake of truth give this space in your paper.

CONFIDENCE SHOWN IN PREMIER BRIAND BY CHAMBER OF DEPUTIES

PARIS, Dec. 7.—In the French senate votes of confidence in the policies of Premier Briand were passed, the votes standing 219 to 12. The policy of the Washington conference is not included by the agreement.

ARMY OFFICER IS REINSTATED

Training Schools Opened in Red Russia for Junior Officers.

RIGA, Latvia, Dec. 7.—The Russian army officer, stripped of most of his authority by Premier Kerensky at the very start of his regime in 1917, and persecuted in the early days of the Bolshevik rule as the personification of all that was to be despised in a "bourgeois" or aristocrat, is about to be restored to practically the same position he held before the revolution.

The authority of an army officer in the field has been recognized by the Bolsheviki during the past three years, and nowhere has discipline, at least on paper, been stricter than in the Red army, but, as a rule, officers did not find their work attractive. Their pay was not very much higher than that of the men, nor was there any great difference in their rations, while the responsibility was heavy.

If they came from the officer class, they were constantly under suspicion and surveillance by the Communist commissars, one of whom was attached to each separate military unit.

Must Be Difference.

Now the Soviet government has come out with an admission that officers and men cannot be treated alike and that in order to secure sufficient officers, they must be provided for on a much higher scale than the soldiers, and "it should be realized that the principle of equality is not acceptable."

From the very beginning of the Bolshevik regime, many officers of the army of the late Emperor Nicholas have served the Reds. Some were compelled to do so, others were attracted by the promise of food at the time civilians were starving, while still others, liberal-minded politically, volunteered, considering the Red army, after all, Russian to the core. Their numbers have been constantly increasing during the past year, due to Trotzky's insistence that the Russian army be as efficient as any other in the world, and also to the gradual progress made toward bettering their lot.

Junior Officers.

To supply the Red army with well-trained junior officers, the Bolsheviki have opened scores of training schools. The "Kursants" as these young officer aspirants are termed, are spick and span and as well set up as American West Point cadets. In addition to school training, they are given actual practice at every opportunity, being sent into the field as "shock troops" against counter-revolutionary or bandit lands in the Ukraine. They greatly distinguished themselves in March.

Headache

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such upbuilding treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expense to the nervous system and the general health.

Get the nerves right and the headaches will not return.

Mrs. W. J. Pearse, Nunn St., Cobourg, Ont., writes:

"My system became run-down and I suffered greatly with pain in my head. This was so severe that I would have to bind a cloth tightly about my head so that I could get my work done. A friend advised the use of Dr. Chase's Nerve Food, and after taking the first box I found quite an improvement in my condition. I continued using them until I had taken about seven boxes, and they strengthened and built up my system splendidly, completely relieving the pain in my head."

FRECKLED FACED KIDS ASPIRE TO MOVIE FAME.

Photo by Apeda.

Wesley Barry, famous "kid" movie star, whose success in the films has aroused the ambitions of scores of youths, who, like him, have freckled adorned countenances. There was a time when the beautiful girl was the chief aspirant to film fame. Times have changed, however, and now the freckled faced kid is supplanting the girl in an effort to reach stardom.

TERRACE is a thrifty, growing town. The chances are good that oil will be struck in the immediate vicinity, as seepages have been found, much ground has been staked and a drilling outfit is on its way there. We offer for sale eighty acres of land, 1½ miles from the town on a good road at $12.50 per acre. This is your opportunity to participate in the enhanced real estate values that will surely follow the growth of Terrace.

NEW CUNARDERS ARE TO BE FINE VESSELS

Will Ply to Various Ports in Great Britain in Spring.

In connection with the steamship service recently announced by the Cunard line to be given from Canada to Great Britain in the spring it is interesting to see what class of vessels are to be used. The following is a memorandum giving the information:

Antonia Launched March 11, 1921 from yards of Vickers, Ltd., Barrow & Furness, England. Dimensions 538 ft. long. Public rooms include drawing room, smoking room, veranda cafe, children's playroom. Four large public rooms for third class. One funnel oil burner. Speed 15 knots.

Andania, sister ship of Antonia, launched November 1, 1921 from the yard of Hawthorne Leslie, Newcastle-on-Tyne.

Ausonia, same type of steamer as above launched March 22, 1921 from the yards of Armstrong Whitworth Company, Newcastle-on-Tyne.

Albania, launched April 17, 1920, now in New York-Liverpool service. 540 feet long by 65 feet beam. Gross tonnage 13,000. Accommodation for 500 cabin. Dining room, social hall, lounge and smoking room. Speed 14 knots. One funnel oil burner.

Tyrrhenia, launched May 31 1921 from the yard of William Beardmore at Dalmuir on the Clyde. A sister ship of the Camerenia, 550 feet long by 70 foot beam. Gross tonnage 16,700. Speed 17 knots. Accommodation for 600 cabin and 1200 third class.

Andania and Antonia will provide a fortnightly service between Montreal and Liverpool. The Albania will sail from London via Southampton to Quebec and Montreal and eastbound from Montreal direct to London.

The Tyrrhenia and Ausonia will sail from London via Southampton and Cherbourg and eastbound from Montreal via Plymouth and Cherbourg to London.

These steamers will be followed very shortly by the Ascania, Alaunia and Aurania and they will augment the services indicated.

North and South.

It will be observed from the foregoing that the Cunard Line with their new fleet of Canadian service steamers will take care of both the North and South of England trade as well as cater for continental business both outward and inward. It is noted that several of the new steamers bear the names of former Canadian service ships all of which were lost on War service. The success of these vessels was indisputable and in designing the new ships, the company have had the advantage of experience already gained in addition to development that has taken place in naval architecture and engineering during the period since 1914.

To take care of the Canadian situation during the coming winter, it has been arranged for a call at Halifax of several of the large New York Service steamers.

REGINALD HERBERT WRIGHT, Applicant.
J. W. Connell, Agent.

Dated October 7, 1921.

J. R. Beatty, who took the ballot boxes for the election to points down the coast, returned yesterday afternoon from his mission. He reports making heavy weather with the "Wake" and encountered waves 30 feet high in Queen Charlotte Sound. The windows of the pilot house were broken in and the cabin was also shifted slightly. He was gone 28 days.
