Further confidence was voted in Mr. Pattullo and the convention handed him "a free mandate to choose his associates in government, men of character, ability and standing having regard solely to the public interest."

The resolution declared that Liberalism "is a believer in union in the full meaning of the term—not a union of discords but a union of all classes and all creeds who can join together on common ground of fair play, equity and justice."

The delegates also felt that no redistribution should be effected unless all parties had an opportunity to sit on a committee which would take the matter in hand.

Elaborating on a resolution which declared that cabinet offices should be kept at a minimum, Mr. Pattullo said that in his opinion seven or eight ministers were sufficient.

Another resolution recommended that "a measure of state health insurance should be made effective at the soonest possible date."

Federal members of the party in British Columbia, including Olof Hanson, M.P. for Skeena, were praised for their work at Ottawa.

Another resolution which was adopted by the convention asked for a general and effective review of the whole educational problem.

Gott is reported to have left a note near the body saying that he was going to exterminate himself.

Farey was fifty years of age and is survived by a widow.

Thirty-Seven Persons Now Believed to Have Lost Lives in California Cloudburst

BAKERSFIELD, Cal., Oct. 4:—It is believed here that probably 37 persons lost their lives as a result of the cloudburst which drove a 40-foot wall of water through Tehachapi Pass, forty miles from here, last Friday night. Seven bodies were recovered over the week-end and are lying in mortuaries here.

Many of those who lost their lives were on board a Southern Pacific freight train which was caught in the pass and swept from the tracks, the engine being embedded deep in the river mud and debris while two cars were carried a distance of two miles down the river. A number of itinerants were believed to be riding on the train and it is thought there may be some twenty bodies still unfound in the river bottom. Some will probably never be identified. Total damage as a result of the cloudburst may reach \$2,000,000. Southern Pacific officials estimate \$500,000 damage to roadbed and rolling stock.

League Fears That It May Be Too Late After Japan's Action

GENEVA, Oct. 4:—The report of the Lytton commission on Manchurian affairs was praised in League of Nations quarters yesterday as being a highly "admirable and thoroughly judicious document" although it was feared that much of its effect might have been lost through its publication since the recognition of the new state of Manchukuo by Japan.

LONDON, Oct. 4:—Downing Street was reticent yesterday in regard to the report of the Lytton commission on Manchuria. It was accepted, however, that Great Britain would doubtless back up the League of Nations in endeavoring to enforce the recommendations of the commission.

WASHINGTON, D.C., Oct. 4:—Although official Washington was silent yesterday on the report of the Lytton commission, general gratification was expressed at the refusal of the commission to tolerate or condone treaty violations. The main principles of the report will, doubtless, be accepted by the United States.

Mrs. Hutchinson added that her two little daughters were more timid in the traffic of New York streets than they were in the air.

DUBLIN, Oct. 4:—The Irish Free State government announces that President Eamonn de Valera will go to London tomorrow to resume conversations with Rt. Hon. James H. EDITORIAL ODDITIES

After damming both Premier Tolmie and T. D. Pattullo and declaring that British Columbia would have a government by neither of them, the Vancouver Province decides that a coalition of the two undesirable leaders would be acceptable to the people and strongly urges the Premier to approach the leader of the Liberals and try to arrange for a joint control. The newspaper pointed with pride and joy to the work done in Britain under the National Government which was a coalition of Conservative, Labor and Liberal. That was only a few weeks ago. Now here is what they say in their issue of Thursday:

"Under the circumstances, the National Government of Great Britain could hardly be a stable government. It stood not on one firm base, but on three legs of varying length and firmness, and as the legs wobbled, the government swayed. Now, the two weak legs have cracked and the structure will have to be braced up."

In other words what the Province newspaper advocated in the way of a government for British Columbia was an unstable wobbly affair that could not last. Later it would have rejoiced when the Pattullo section of it was driven out just as it seems to do in regard to the situation in Britain.

People who do not recognize that "capital" is a god to be worshipped and that "profits" are more important than men are doubtless watching the developments with great interest. They must smile as they watch the eccentric gyrations of the Vancouver newspaper. They are refusing to be swayed according to its changing moods and will express themselves very clearly at the polls when they are given an opportunity.

SOFTBALL AT HIGH SCHOOL

Morgan Pirates Shut-Out Moxley Cubs in Yesterday's Encounter

By defeating the Moxley Cubs 2 to 0 yesterday, the Morgan Pirates gained exclusive possession of first place in the High School Softball League. The Cubs are still in second place just behind the Pirates. Playing errorless ball the Pirates collected one run in second and one in the fourth innings. Only three players of Moxley's team reached first base because of the perfect fielding on the part of the Pirates. Ten players reached first for the Pirates but they were unable to get more than two across the plate. The game was fast and exciting, probably one of the best played at the school. The teams were evenly matched and the score itself indicates the closeness of the play. D. Morrison, as catcher, J. Morrison, at short-stop, and Blake, at first, played good, errorless ball for the Cubs while T. Nahanoto, at first, Morgan, at short-stop, Campbell, as catcher, and Morrison, in the field, played well for the Pirates.

Moxley pitched for the Cubs and was touched for four hits including a homer by Emmerson. Kanava gave wonderful support in the field.

Teams: Cubs—D. Morrison, c.; J. Morrison, ss.; Blake, 1b.; Moxley, p. (capt.); Cameron, 2b.; Greer, 3b.; Worfold, 4b.; Cramp, 5b.; Shrub-sall, rf.; Peachy, of. Pirates—T. Nahanoto, 1b.; Lind-say, 3b.; Kanava, p.; Morgan, ss. (Capt.); Campbell, c.; Emmerson, cf.; Fisher, 2b.; Palmer, 3b.; Gume, rf.; Dominato, ss. Umpires—O. Hanson and W. Smith. Scorekeeper—E. Man in the Moon

That gas gusher in Alberta is probably just a scheme on the part of that province to keep up with the advocates of coalition in British Columbia.

When asked who was the gentleman with her at the Capitol the other night a local lady is said to have replied: "That was no gentleman, that was my husband."

Making his 87th P. G. E. announcement at the week-end, Premier Tolmie said he hoped to soon relieve the taxpayers of the country of the P. G. E. burden. As long as it is not just a shifting of burden from one foot to the other, the people will be pleased.

Now that the local improvement taxes are paid (or left unpaid) we can all turn our attention to preparing for the Christmas celebrations.

RAISE FOR M'CARTHY

Yankee Pilot Gets Contract For Three Years at \$50,000 Per-Ruth to Manage Red Sox

NEW YORK, Oct. 4:—Undoubtedly as a sequel to his successful piloting of the New York Yankees through the 1932 American League season and the World Series came the announcement last night on the return here from Chicago of Col. Jacob Ruppert, owner of the Yankees, that Manager Joe McCarthy was to be given a new contract for three years at \$50,000 per year salary. Baseball fans recall that it was only two years ago that McCarthy was dismissed as pilot of the Chicago Cubs, the team which his Yankees so unmercifully routed in this year's World Series.

It was also disclosed that this would probably be Babe Ruth's last year as a member of the New York Yankees and an active player, the Bambino, who has been slowing up rather rapidly this year, being slated to go to the Boston Red Sox as manager. The Yankees were given a great reception on their return home.

Fish Shippers Are Disturbed

Shippers of halibut from Prince Rupert are much disturbed over the arrangements made by the railway for handling their product. They say that no schedule could well be arranged which would be worse for their business than the one now in force. The train leaves too early in the morning to ship that day's fish and even special trains cannot always connect with other trains going east. They say that an evening train out of Prince Rupert would carry the same day's fish and make good connections at Jasper.

PRESIDENT'S BIG ORDER

Will Endeavor to Offset in Single Speech Effects of Roosevelt Campaign Tour

DES MOINES, Iowa, Oct. 4.—Straw votes taken by papers and magazines show the Corn Belt, of which this is the centre, normally strongly Republican, to be leaning definitely today toward the Democratic side in federal politics and, particularly, the presidential campaign. To start the tide flowing in the opposite direction will be the immense task which President Herbert Hoover will attempt tonight when, in a single speech here, the chief executive will endeavor to answer and offset the whirlwind campaign conducted in the west during the past three weeks by Governor Franklin D. Roosevelt of New York, the Democratic candidate.

Republican managers concede that the impression which President Hoover makes at Des Moines tonight will have much to do with how the Middle West and West vote on November 8. The situation in this territory is admittedly serious as far as the Republican cause is concerned.

Support Farmers of Central B. C.

The farmers and gardeners of Central British Columbia are making an effort to supply the Prince Rupert market with vegetables, fruit, potatoes, poultry and eggs and other products of the district.

Prince Rupert people are asked to encourage this movement by asking for Central British Columbia products whenever practicable. Co-operation in this matter encourages merchants who buy from farmers and if the farmers are prosperous it will be an encouragement for others to take up land and thus add to the buying power of the whole northern and central part of the province.

Householders can help by keeping this in mind

and asking merchants for Central B. C. products whenever possible.
