Sinn Fein Optimistic Of Settlement AUDITOR GENERAL OBJECTS TO PAYMENT OF CREDITORS CLAIMS

Peace Terms Are Considered by the British Cabinet

LONDON, August 13.—De Valera's answer to the proposals were considered at a meeting of the cabinet this morning. Lord Fitzalan and Hamar Greenwood attended. The closest secrecy is maintained officially regarding the contents of De Valera's reply, and some newspapers have expressed the belief that it was merely a step forward in the negotiations. Some other papers carried sensational reports that Sinn Fein viewed seriously the reply, regarding it as a rejection of British terms. They say that amnesty for all republicans arrested or interned, numbering six thousand in all, was demanded, as well as indemnity for losses occasioned by the warfare and amounting to some millions of pounds.

LONDON, Aug. 13.—(noon).—Official confirmation of reports that the British Government had offered Ireland Dominion status was given today when a letter made public at Lloyd George's residence written by General Smuts to de Valera just before Smuts left for South Africa.

DUBLIN, Aug. 13.—Optimism continues to prevail in Sinn Fein circles regarding peace. It is emphasized that negotiations have not been broken off and that Lloyd George's reply to the last letter of De Valera was not expected to mean a break.

LONDON, Aug. 13.—The unemployment situation is easing up somewhat in this country. Every week sees some improvement. The number out of work was lessened last week by 42,000.

LONDON, Aug. 13.—The up-employment situation is easing up somewhat in this country. Every week sees some improvement. The number out of work was lessened last week by 42,000.

LONDON, Aug. 13.—The up-employment situation is easing up somewhat in this country. Every week sees some improvement. The number out of work was lessened last week by 42,000.

LONDON, Aug. 13.—The up-employment situation is easing up somewhat in this country. Every week sees some improvement. The number out of work was lessened last week by 42,000.

O. B. U. NOT IN FAVOR

Brotherhood of Railway Car-men Endorse Eight-hour Day at Convention.

TORONTO, Aug. 13.—The suppression of the small minority who advocated One Big Union principles was accomplished without difficulty today at the convention of the Brotherhood of Railway Car-men.

The question of working hours was brought up and it was decided to endorse the eight-hour day with a 64-hour week. Some of the members wanted a six-hour day and some a four-hour day.

The convention decided to endorse the Farmer party politically.

BALLANTYNE RETURNS; NOT COMMISSIONER

OTTAWA, Aug. 13.—Hon. C. G. Ballantyne is en route home from England. He desires that he will succeed Sir George Perley as Canadian High Commissioner in London.

GREAT CANDLE IS BEING MADE

By Orphans as Memorial to Enrico Caruso, famous Tenor.

NEW YORK, Aug. 13.—An eighteen foot candle which can be burned every All Soul's Day for five thousand years is being made here as memorial to Enrico Caruso, the immortal tenor, by the inmates of the orphanage to which the great singer has contributed \$10,000 annually for many years. The candle weighs a thousand pounds and will burn continuously for thirteen years and seven months.

Britain Adopts Protection After Many Years of Free Trade Policy

LONDON, August 13.—The Safeguarding Industries Bill passed the House of Commons yesterday. This bill imposes a duty of 33 1-3 per cent. on scientific instruments, dyestuffs and chemicals. The bill further gives the Board of Trade power to impose a tariff on articles entering the country at a lower price than can be profitably manufactured in England. This is the first step toward a policy of tariff protection in England, and while it leaves untouched the food supply, even that may come under the scope of the bill later. It is a radical departure from the settled policy of thirty to forty years.

GEORGE ST., PRINCE GEORGE, WITH CITY HALL FACING NORTH

The civic business at Prince George is conducted in an artistic building surrounded by beautiful lawns looking down the main business street. It is an indication of the good taste of the citizens of that interior centre.

Prince Rupert Claims Are Thrown Out by Auditor of Canada's Public Accounts

VANCOUVER, August 13.—The solicitors of the Prince Rupert Drydock and Engineering Company have received an advice from the Auditor-General at Ottawa that he has refused to pass for payment the 50 per cent dividend authorized by the Dominion Government in favor of the company's creditors last month. The claims exceed half a million dollars.

The action of the Auditor-General is taken on the ground that the government, when the company first got into difficulty, repudiated all responsibility.

Creditors will continue to press the claims, which have been referred to the Justice Department. Receiver Hodges believes a satisfactory settlement may yet be reached.

ABANDONED SYSTEM OF SOCIALISM

Lenin Makes Taxes Payable in Money and Workmen Must Pay.

RIGA, August 13.—That Russia is moving toward the industrial and capitalistic system of the rest of the world is indicated by Lenin's latest decree ordering the revocation of free postal service and free rides on the railways and tramways and free use of the telegraphs by the workers as well as free grants of tools and household goods.

In future the government must have pay for everything furnished the workers. Taxes are henceforth payable in money.

LABOR MEMBER IS DISMISSED BECAUSE ATHEISTIC REMARKS

WINNIPEG, Aug. 13.—W. Baillie, labor member for Assiniboia in the Manitoba Legislature and teacher in the public schools was dismissed by the Board of Education because of remarks considered atheistic made by him at a labor church meeting.

PROFESSIONAL BALL IN THE SCALES

SASKATOON, Aug. 13.—The fate of the Western Canada baseball league will be decided tonight when representatives of Calgary, Edmonton, Winnipeg and Saskatoon clubs confer here.

New Farmer Government for Alberta Is Chosen; Verner Smith Formerly Lived Here

EDMONTON, August 13.—It is understood the new Farmer cabinet of Alberta will be as follows:

- Premier and Treasurer—Herbert Greenfield.
- Attorney-General—J. E. Brownlee, Calgary.
- Minister of Education—Perrin Baker of Medicine Hat.
- Agriculture—George Hoadley, Okotoks.
- Railways and Telephones—Verner W. Smith, Camrose.
- Works and Labor—Alex. Ross, Calgary.
- Municipalities and Health—D. G. Reed, Vermilion.
- Without Portfolio—Mrs. Irene Parly, Lacombe.

Verner W. Smith, who has been holding the position of Minister of Education since the completion of the cabinet by the new leader, handed his resignation to the Lieutenant-Governor yesterday.

Instead of retiring to his farm at Killam, which he left to become premier of Alberta, it is expected Mr. Stewart will go into business in Edmonton in partnership with A. J. McEwen, a member of his cabinet, who has ranches at Taber and Pincher Creek. Other ministers will return to their former callings. J. R. Boyle will practice law in Edmonton and C. R. Mitchell at Medicine Hat. Duncan Marshall will return to his farm at Olds, G. P. Smith to his newspaper at Camrose and Jean Gote to his profession as a civil engineer at Edmonton.

Verner Smith, a brother of J. A. Smith of this city, formerly lived in Prince Rupert and is well known among residents who have been here a few years.

DEATH OF WILLIAM BOOTH ACCIDENTAL

Coroner's Jury Commended Action of Rolf Walker and Huntley Tate on Thursday Afternoon.

That William Booth came to his death by being run over by a runaway team and that no blame was attached to anyone was the verdict brought in by the coroner's jury at the inquest over Thursday evening's accident held before Coroner J. R. McMullin this morning. Rolf Walker and Huntley Tate were commended for their actions in connection with the accident.

The witnesses were James Shedden, Rolf Walker, E. Gustafson, Huntley Tate, Frank Morris and Dr. L. W. Kergin. The jury comprised Harry Lipsell (foreman), A. Lipsin, W. J. Corley, James Hampton, J. G. Moody and George Hill.

WILL COMBAT ANY ATTEMPT TO MAKE RELIEF POLITICAL

Russian Envoy Declares if American Prisoners to Be Released, Others Should Also Leave.

RIGA, Aug. 13.—The Soviet Government will combat any attempt to interject political questions into the relief work for Russia by the Allies, declared Litvinoff, the Soviet envoy. He stated that if American prisoners are to be released other Americans should also leave Russia.

HYDRO-ELECTRIC PAYS 40 CENTS AN HOUR

Out of 10c an Hour But Still Higher Than States.

TORONTO, Aug. 13.—Labor on the Ontario Hydro-electric development is to receive 40c an hour, a 10c reduction, from Aug. 8, according to announcement made yesterday by the Provincial Hydro Commission to Organizer John A. Flett and representatives of the men. Thirty-five cents an hour was the figure originally contemplated by the commission, but upon Sir Adam Beck's suggestion, it is said, it was finally decided to grant another 5c an hour. Labor on the same class of work on the United States side is receiving 35c an hour.

OFFICIALS ARE CHARGED WITH MALFEASANCE

Victoria Police Commissioners Pay Penalty of Zeal by Appearing in Police Court.

VICTORIA, Aug. 13.—Police Commissioners Dr. Ernest Hall and Joseph North answering a charge of malfeasance, appeared in police court yesterday and reserved election. The specific charge was of "unlawfully procuring Chief of Police John Fry to disobey the statute in that he was to omit to prevent crime by allowing open gambling houses in the city." Fry was charged with omission. The preliminary hearing will take place on Tuesday of next week.

The prosecution arose out of the unusual activity of the police commissioners in the matter of enforcing the law and it followed the arrest of Charlie Bo, a Chinese merchant, on the charge of trying to bribe the chief through Commissioner North. The commissioners instructed Chief Fry to allow the gambling to continue for a short time until other houses opened, and then to make a raid on them all at the same time.

AN EMERGENCY COMMUNICATION

An Emergency Communication of Tyee Lodge, No. 66, A. F. & A. M. will be held in the Masonic Hall, Prince Rupert, B.C. on Sunday, August 14, at 1:15 p.m. for the purpose of holding Masonic Funeral Service for our late Brother John A. Sutherland. All members, and members of Tympsean Lodge, and sojourning brethren are earnestly requested to attend.

JOHN McRAE,
Secretary.

CANADIAN CROPS ARE IMPROVED. Bank of Montreal Report indicates Late Rains Helped Eastern Provinces. The Bank of Montreal crop report just issued indicates that the late rains helped the eastern provinces and everywhere were beneficial. It says: Prairie Provinces: Edmonton District - Wheat and oats promise good average crop. Hay lighter than usual. Plenty of moisture; no damage reported.

Lethbridge District - Heat of past two weeks will lower yield. Heavy rains south district and some hail. Little grain are profiting by rains and there is no danger of a feed shortage. Grain crop estimated at two-thirds of last year's crop. Regina District - Prospects average with continued favorable conditions except in extreme west where drought damage is heavy. Late wheat crop will suffer somewhat from rust and fly. Oats promising well. Saskatoon District - Good weather has made good crop growing conditions; heavy scattered hail losses. Wheat expected to average 15 bushels. Poor crops in certain districts but in immediate Saskatoon district conditions good. Oat crop and pasture good. Winnipeg District - Considerable damage has been done by heat and rust and crops are spotty. Somewhat better than average crop expected but oats and barley will be light. Harvesting has started and will be general throughout the west in from ten to fifteen days.

Province of Quebec. The hay crop except in the Abitibi and Lake St. John Districts was very light and in some Districts almost a failure. Recent rains have helped the growth of cereals. Crops generally will be below average; roots are in fair condition and grass pasture has benefited by the recent rains but more moisture still needed. Province of Ontario. Conditions in most districts are favorable for a good general yield. Harvesting is almost finished from three to four weeks earlier than usual. Fall wheat a good average crop on the whole. Other grains a fair yield; hay generally has been light but there will be no shortage of feed as an exceptionally large yield of hay will offset the shortage in oats and hay. Grass pasture and roots have been improved by recent rains. Apples light crop, small fruits, cherries, plums, pears, good. Tobacco and early tomatoes doing exceptionally well. Maritime Provinces. Reports from the Maritime Provinces indicate the prolonged drought has adversely affected all crops more especially in New Brunswick. Hay crop light, probably 50 per cent of an average. Cereals slightly below average. Roots and pasture have benefited by recent rains. Fruit prospects are average. In Prince Edwards Island hay is nearly an average crop. Cereals are ripening and harvest will be early. Roots rather below average. British Columbia. Weather generally hot and dry. Grains satisfactorily and cut-

ting has commenced. Good average crop expected. Roots continue satisfactory though Kootenay District reports lack of moisture. Tomatoes are commencing to move. Prospects excellent; hops promise 100 per cent yield. Apples now making first appearance and quality excellent. Other fruits making headway. One hundred per cent prospect in Okanagan.

NEW OFFICERS LABOR COUNCIL. Had Semi-Annual Meeting This Week and Discussed Matter of Pulp Plant.

At the meeting of the Trades and Labor Council held this week, officers for the ensuing term were installed and matters of general interest were taken up. The matter of the new pulp mill and the proposed agreement with the city was discussed and a committee was appointed to interview the city council with a view to an effort to make the new industry one for white men. They will ask for an explanation of the water and power concessions as some of the delegates were of the opinion that the proposed industry might mean a large expenditure for the citizens unless their interests were looked after by experienced men. The following were the new officers installed: President, J. J. Gillis. Vice President, J. R. Beatty. Secretary, A. E. Ellis. Treasurer, J. A. Curtis. Stenographer, T. Ross McKay. Sergeant at Arms, W. Wiggins.

The Man in the Moon SAYS-

THERE was general rejoicing in Prince Rupert among the workmen when it was announced recently that there was likely to be cheaper money. IN Quebec there is a lawsuit to find out who is entitled to run the French newspaper La Presse. In this city anybody could run a newspaper, at least the editor says so, and he ought to know. THE word "Honorable" was once used by a man when speaking of Jesse James. That was after he was quite sure the desperado was dead. The same title is often used for politicians.

PREMIER Greenfield of Alberta should have chosen Bob Edwards as Minister of Humor or minister of publicity or possibly fiber at large. MOST of the men who were labelled "Liberals" in Alberta and who have just resigned were farmers. Some of the new ministers in the former administration are not exactly farmers. It is all a matter of names.

PYTHIANS DO HONOR TO MEMBER LEAVING THE CITY FOR SOUTH. Presentation Was Made to Fred Shaw in Course of Social Last Evening.

To honor Fred Shaw, Sr., who is leaving shortly for Los Angeles to remain indefinitely, there was a gathering of fifty Knights of Pythias and Pythian Sisters in the Castle Hall last night. Though tinged with re-

at the departure of one of the most energetic and popular Knights, the affair was a pleasant one and cards and excellent refreshments were enjoyed. There were speeches by Harry M. Daggett, W. W. Wright, Jack Knight and F. W. Hart, and Mr. Shaw was presented by Mr. Daggett, on behalf of the lodges, with a Pythian Seal ring. He replied suitably, voicing the hope that he might eventually return to Prince Rupert.

The committee in charge of the affair comprised Mrs. D. McCulloch, Mrs. George Leek, Mrs. George Johnstone, H. M. Daggett, H. Blake, and George Johnstone. Captain A. Forsen arrived this morning from Vancouver to take temporary command of the Canadian Scottish which will make her dock trials and trial runs in the course of a few days.

Many people read newspapers as much for their advertising columns as they do for news.

The Good Eats Cafe, now under the management of Mr. George Merrill, has the following changes to announce to its patrons:

Coffee will be served free with all meal orders.

Merchants' lunch will be served at 40c from 12 to 2 p.m. daily.

Cafe will open at 7 a.m. and close at 2 a.m. midnight.

Russell McFraith, formerly timekeeper at the local dry dock and more recently bookkeeper for Rowe's Sheet Metal Works, sails this afternoon on the Princess Royal enroute for his home in Ontario. Next month he will enter Queen's University, Kingston, to take up the Arts course. Many friends he has made during his stay in the city will regret his departure.

In the Letter Box

SCHOOL NAME

Editor Daily News—

In regard to a name for the new school, I suggest the following: "Rochester" in honor of our present mayor, or "Devonshire" in honor of our ex-Governor General.

The latter may be appropriate as Alderman Perry hails from the county of Devonshire in England. As you will remember Alderman Perry was very active regarding this school building.

ERNEST UNWIN.

Church Notices

JUDGING VERSES IS NOT COMPLETE

Owing to the call of the Salt Lakes and other engagements, the judges of the verses in the outing competition have not completed their work and the winners cannot be published today. It is hoped to have them ready early in the coming week.

Mrs. J. M. Captain, of this city, returned on the Prince George today after having visited in the south.

J. P. Wheeler, of the Land Settlement Board, passed through the city this morning from boat to train enroute to Telkwa.

Guy Davis, of the Canadian Explosives Company, is in the city today having arrived from Vancouver on his way to Stewart.

R. Moncrieff, contractor, who is building the new Indian School at Fraser Lake, arrived in the city from Vancouver this morning.

Mrs. G. Davidson and son arrived from the south this morning to visit with her children, R. Davidson and Miss Davidson, of this city.

Mrs. Jack Knight and daughter, Miss Thelma Knight, returned this morning from a visit of some weeks in Vancouver and other southern cities.

Chow Chow, Chinese, of North Pacific, was fined \$200, or thirty days imprisonment, by Magistrate McMullin this morning for having had opium in his possession.

E. E. Harold, general agent of the Chicago and Great Western Railway, Seattle, is making the round trip to Stewart and other points on the Prince George this week.

Captain P. G. Groves and a party of sixteen longshoremen returned today from Ocean Falls where they loaded the Canadian Government steamer Canadian Observer with 1500 tons of paper for San Francisco and Los Angeles.

DELEGATES TO CALGARY GIVEN GREAT SENDOFF

Dance in Rink Last Night Proved Most Successful and Enjoyable.

In honor of the delegates to the Elks' convention at Calgary, who left the city on this morning's train, a highly successful informal dance was held in the Auditorium last night. There were over 350 persons in attendance and the affair was unanimously voted one of the most enjoyable dances ever held in Prince Rupert.

The hall was gaily decorated with the colors of the order and the music provided by the augmented Westholme was of a high order. Bounteous and delicious refreshments were served at the midnight hour by the Ladies of the Royal Purple. The committee in charge of this end comprised Mrs. Ben Self, Mrs. Jack Keefe and Mrs. Frank Dibb, who were assisted by "all good Elks."

Appreciated Reception.
Lionel Holby was master of ceremonies, W. E. Willisroff and Harry Lipsert were on the door, and Harry Mobley dispensed the punch and ice cream. The general committee consisted of Ralph Lepine, John Dybbian, Howard White, S. K. Shane, W. E. Thompson and H. F. Pullen.

In the course of the evening Alexander Peden, of Victoria, thanked the local Elks and Royal Purple Lodges for the splendid reception that had been accorded the Victoria and Anxox delegates during their stay in the city. If the spirit of enthusiasm that had been shown by the lodge was general among the citizens, Prince Rupert must necessarily become a great city and was assured of a bright future. This was backed up by all he had seen during his stay—even the weather.

Visited Points of Interest.
In the afternoon the visitors were taken to points of interest along the waterfront and visited the Canadian Fish and Gold Storage Company's plant and the Wallace Shipyards. These two industries made it clear to them why everyone in Prince Rupert was prosperous and community proud.

This morning the delegates left on the regular eastbound train for Calgary and the convention. The party leaving here comprised the following delegates: Mr. and Mrs. Alex Peden and Mrs. D. D. Spence and E. L. Stock, of Victoria; Charles Gray, of Anxox and Mr. and Mrs. Fred Gilhuly and Ralph Lepine, of Prince Rupert. They were given a rousing send-off as the train pulled out of the yards.

Prevent Forest Fires

Green Forests are an investment which gives big returns.

The shareholders include, directly or indirectly, every citizen in the Province.

Dividends are shared directly by every individual who resides in British Columbia.

Each tree is worthy of preservation, and means employment to someone, sooner or later.

No timber substitute has been found, but timber provides substitutes for many articles.

The Lumber trade is called the barometer of British Columbian prosperity.

Keep the mark set high; destruction of the Forests spells loss for everybody.

VERNMENT AND AVIATION

ary of Air Board Tells of Plans of the Canadian Executive.

AWA, Aug. 6.—(By Canadian Press)—Steps proposed by the government of Canada for the development of aviation in the Dominion are outlined in a report prepared by the Air Board, which has control of air flying in all parts of the Dominion.

The view of the Canadian government, says the report, is that commercial aviation for the present be beset and developed by private initiative and improvement, necessary, of ground stations, not however, including air-harbor serving centres. There is a probability that as time goes on, so that these may be required by the government to insure the provision of some of the services which would have the effect of local effort and thus rather than advance general development.

General Policy. The policy of the government, says the Air Board, for the development of civil flying, is as follows:

The regulation of civil aviation, the inspection and registration of machines, certification of pilots, and the inspection of air-harbor serving centres, on principles laid down by the International Air Convention.

The establishment of a branch under the Air Board, the services of which are placed at the disposal of pilots of air underlings.

The survey of air routes, provision on recognized routes of emergency landing where necessary, heathen centres along the routes.

The establishment of an air branch which consists of the carrying out of flying operations with biplane machines as directed for the various departments of government in relation to forests, fisheries, surveys, etc., and to experimental work.

The loan of airships and biplane equipment to private companies.

Subsidies Given. Canadian Government, it is pointed out, has not been to subsidize directly commercial air service. The only such subsidy that has been given has been that such service were not at present to be profitable in Canada, operated independently of existing railway and steamship companies. The railroads and steamship companies in Canada are large centres in Canada, efficient and an air service, if it involved the expense of expensive and auxiliary devices, has been thought to be unprofitable. Exploration and transportation companies, on the other hand, not only desire to establish air services. There is, however, an independent air operations in the settled and undeveloped parts of Canada in which communications are being established. Exploration and transportation services by air in these areas depend upon their timber, mining, and other enterprises, which are financed, and the assistance of the government and the Air Board operations.

DRYDOCKS HAVE A LITTLE RATE WAR

Undercutting Each Other in Matter of Charges in New York District.

NEW YORK, Aug. 10.—A rate war among the dry-docking plants in the New York district was precipitated June 7, when James Shewan & Sons, operating ten dry docks, announced a reduction in rates from 16 cents a gross ton to 5 cents a day. The same afternoon the Todd Shipyard Corporation with a total of twenty-three dry docks represented among its four subsidiaries announced that its rates, effective June 7, would be 5 cents for the first day on each registered gross ton and 5 cents for the following lay days. The pre-war rates for dry docking ships were 12 cents a registered gross ton for the first day and 10 cents a registered gross ton for the succeeding lay days. During the past two years a number of smaller companies have sprung up and until the slump in shipping became so severe managed to keep pretty busy. It is believed that the smaller yards could not make expenses at 5 cents a day, and that if the rate war continued for a long while, it probably would result in breaking some of the plants, whose financial position is not as secure as the large yards.

EDMONTON ENDORSES HIGHWAY TO COAST

Meeting at Alberta Capital Adopts Resolution Regarding Building Road.

EDMONTON, Aug. 9.—Endorsement of the Edmonton Automobile and Good Roads association petition for the construction of the Edmonton to Vancouver highway was given by the Edmonton Board of Trade at a well attended meeting of its members held in the Board of Trade premises. The meeting was given over almost entirely to the discussion of ways and means for highway betterment and the following resolution was adopted unanimously:

"Whereas in the opinion of this board the comparatively small amount required to convert the abandoned railway grades into a motor road, if the work be done without delay, would, in any event, be a wise expenditure and is now particularly timely owing to the necessity of providing work for the unemployed;

"And whereas the interest of the city of Edmonton in this matter is obvious and vital, but the province as a whole and all classes in it will also benefit greatly by the advertising derived from tourist traffic to the coast;

"Therefore be it resolved that the Edmonton board of trade and chamber of commerce heartily endorse the petition of the Edmonton Automobile and Good Roads Association, regarding the construction of the Edmonton to Vancouver Highway and would respectfully request the provincial government to give that petition early and favorable consideration."

Taking No Chances.

The street faker expressed disgust with the crowd of pickers standing around him. "Why," he exclaimed witheringly, "if you fellows aren't sports enough to offer me 50 cents for this bright, new dollar bill."

"I will," piped up a ragged urchin.

"All right," said the faker. "Hand over the 50 cents."

"Take it out of the buck and hand me the change," said the urchin, who wasn't taking any chances.—Boston Transcript.

HIGH GRADE STRIKE DOLLY VARDEN MINE

What promises to develop into a big strike of high grade ore was made at the Dolly Varden Mine last week, says the Alice Arm Herald. The strike was made on the surface, about 20 feet above the old workings, and is covered by a rock slide. The extent of the lead can not at present be ascertained on account of the large quantity of loose rock and the dirt covering it. Four men are at present busily engaged in clearing it off. Picked samples they assayed 67 ozs. in silver, which has been the highest obtained so far. Samples taken on a 4 ft. width have assayed 58 ozs. The ore is ruby silver and argenteite, with some galena.

Work on uncovering the lead will be proceeded with as rapidly as possible, and there is no doubt that the rattle of the miner's drill will again be heard at the Dolly Varden mine before the snow flies.

CRITICAL TIME IN U.S. TARIFF

Senator Advocates Closer Trade Relations with Canada.

WASHINGTON, Aug. 10.—(By Canadian Press)—Apprehension of serious curtailment of trade between the United States and Canada, to the serious detriment of both countries, is being more and more voiced in Washington as the new tariff bill advances toward enactment. It is an interesting fact that Canadians coming to Washington express this feeling and at the same time similar feeling is expressed by many in Congress.

The warning which Senator Nelson of Minnesota voiced in the Senate the other day that this is a critical time in tariff making and the tariff cannot be framed along old lines is expressive of what a growing number of Congressmen and officials believe. This is not saying that enactment of high rates will be prevented but it is indicative of the fact that the new bill, once it is enacted, is exposed to the prospect of an unfavorable reaction of public sentiment.

Senator Reed of Missouri, prominent on the democratic side of the Senate, has just had published in the Congressional Record a speech he made some time ago in which, among other things, he urged the importance of fostering trade with Canada. In connection with it he put into the Record tables showing the growth of trade between the two countries. Senator Reed said:

Best Customer of States.

"Mr. President, I wish to dwell for a moment upon the Canadian situation, because in my opinion it lies at the very basis of our foreign trade. Canada is today and has for years been the best customer of the United States.

"It will be found that if we go to 1913 as the year of normality, we exported to Canada in that year—in round numbers—products worth \$103,000,000, and imported products worth \$142,000,000. The balance of trade in our favor was \$261,000,000,000.

"In 1919 we exported to Canada \$731,000,000 worth of our products; we imported \$194,000,000 worth of products; and we had a balance of trade in our favor of \$239,000,000.

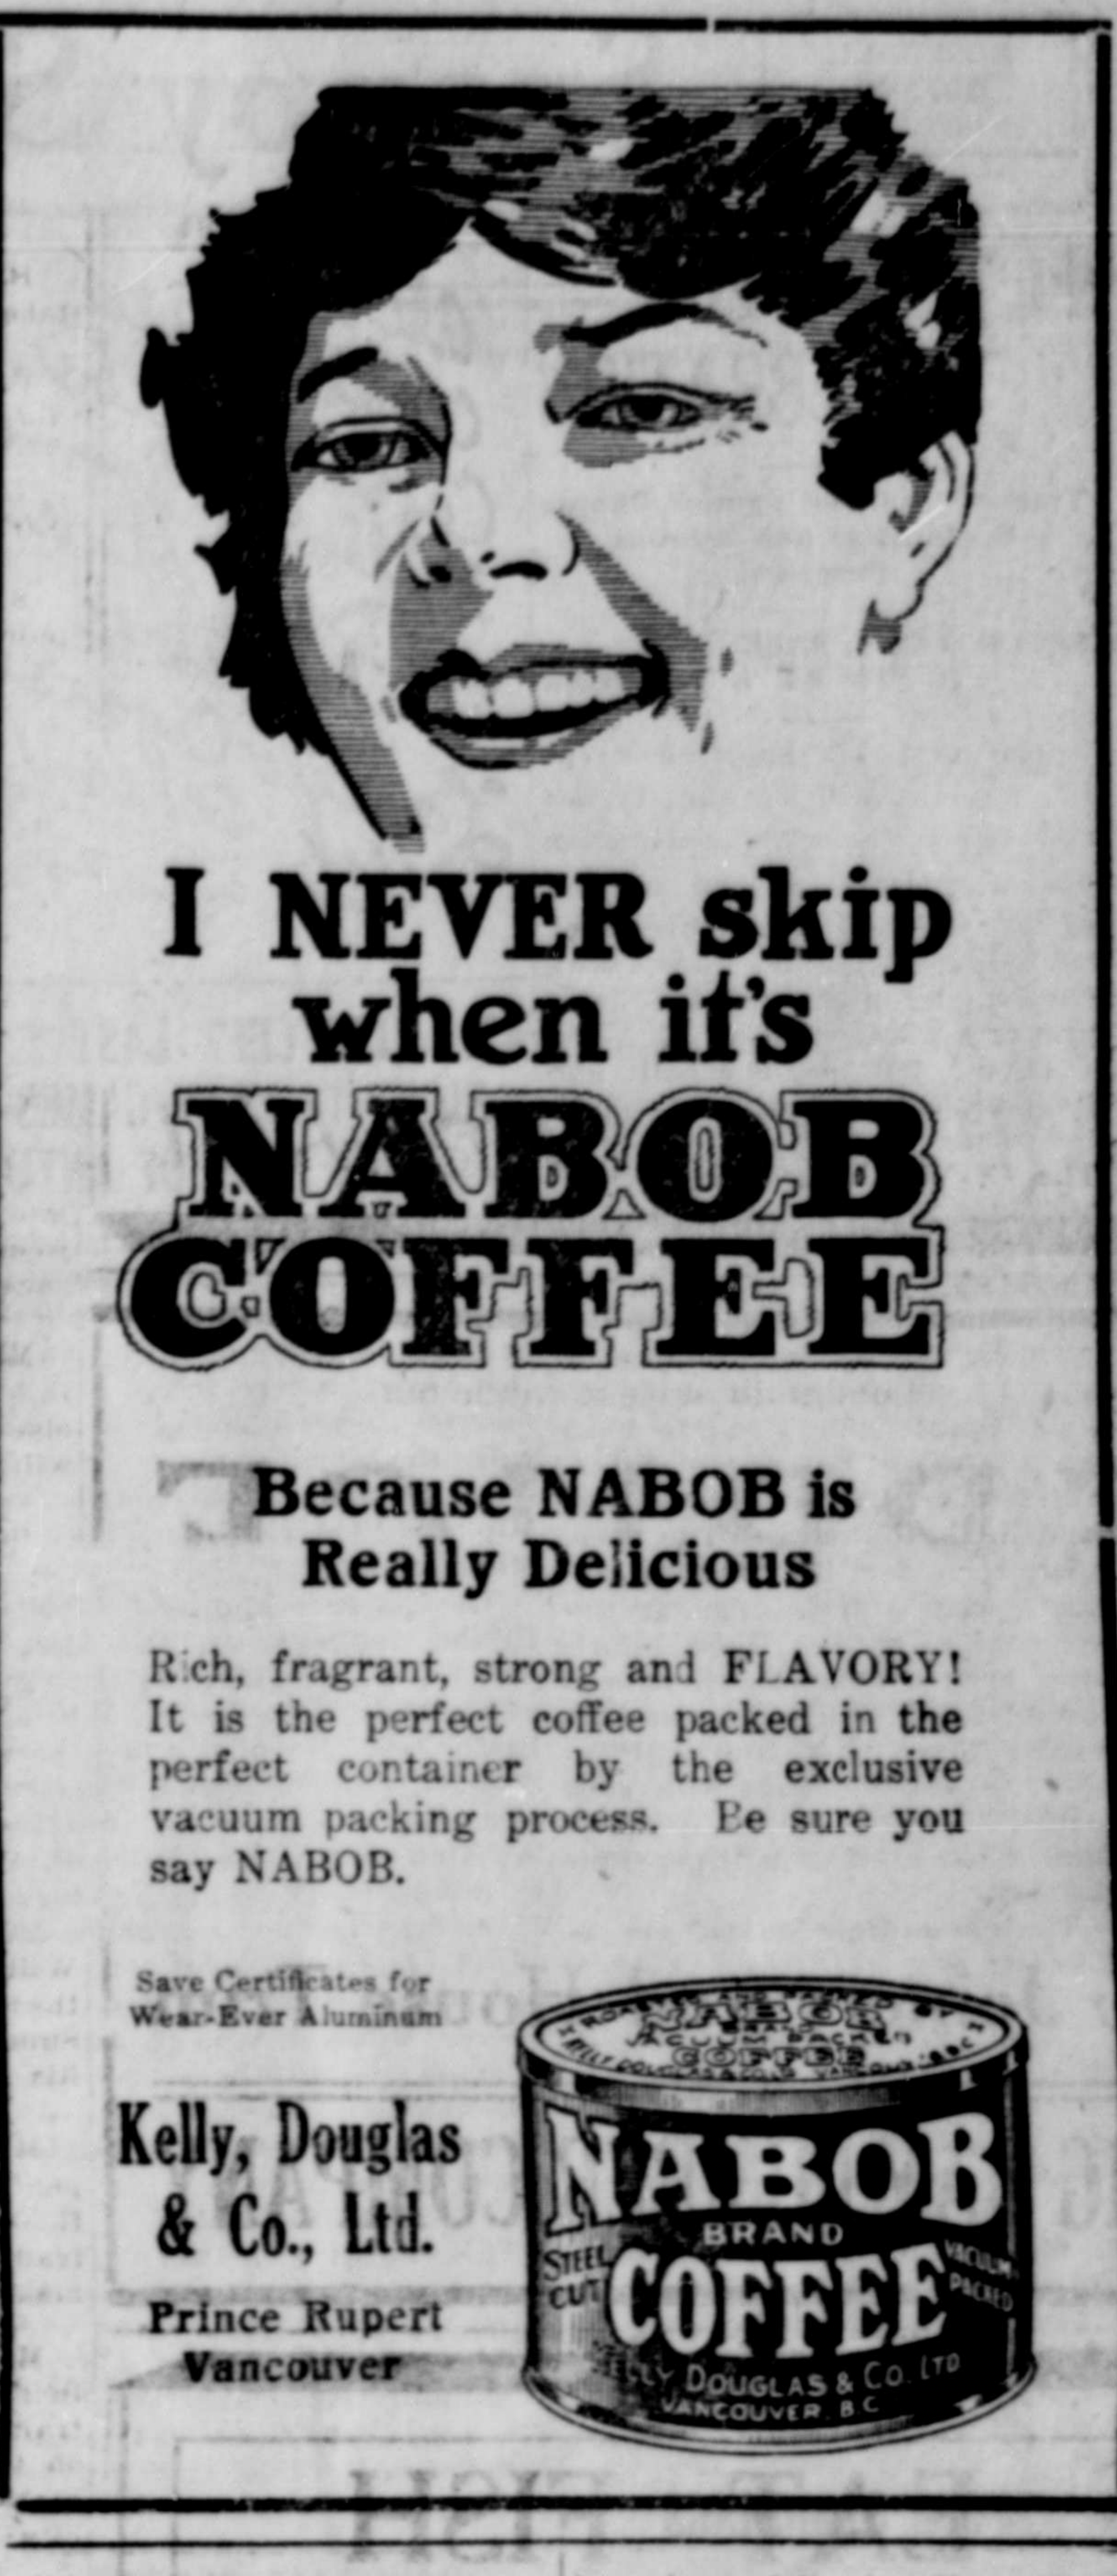

Same People, Same Soil.

"Now, let us stop a moment and ask why we should not trade with Canada. There is nothing between Canada and the United States but a red line drawn on the map. The soil of North Dakota and of all of our North-western states runs directly on into Canada. They have the same kind of soils there, speaking broadly, that we have in Northern United States. They have a population that is more like the population of the United States than has any other people of any land whatsoever. One may visit in Canada and be there a month and scarcely realize that he is outside the borders of the United States. The Canadians pay a little higher farm wages than we do in the United States. That is due to the fact that in a new country wages are higher than in a country thoroughly developed. The Canadians use the same kind of farm implements, and they buy them nearly all from us. They have the same language, the same school system, the same religion, the same hopes, the same code of morals, and the same high ambition and desire to succeed. They are so much like the people of the United States that I would they were a part of the United States, although I do not expect to see them so.

Shown by Map.

"If it be asked why Canadian wheat comes to Minneapolis and other great centres of the United States, I answer by asking, why does wheat go from North Dakota to Minneapolis? Both questions are answered by the map which I have had suspended from the wall of the Chamber. If Senators will look on that map and observe the heavy blue lines, they will see that the great trunk lines of railroad run from North Dakota down to Minneapolis. When a farmer wants to get his wheat to a mill, he puts it on a car that is going to the mill, and that is all there is to it.

"However, those same lines of

WITH THE ALPINE CLUB IN THE CANADIAN ROCKIES.

At this time of year members of the Alpine Club of Canada and other mountain climbers from all over the world gather at Banff, Alberta, to spend weeks in the mountain, wondrousland climbing tall peaks and camping under the stars. Hundreds of mountaineers in the United States and Canada are members of the Alpine Club of Canada, many of them well known scientists, educators and business men. Banff is the headquarters of the club, which has chosen Lake O'Hara, near Lake Louise, as its camping place this year. Director A. O. Wheeler of the Alpine Club probably knows more about the Canadian Rockies than any other man. He has climbed most of the big peaks and is official map maker for the Canadian Government.

This summer the general public not identified with the club has unusual opportunities to see the mountains. Twice a week, under the management of Mr. Wheeler, there are public walking or riding tours from Banff to Mount Assiniboine, about forty-five miles over the mountain trails. Each party is in charge of a competent guide, and the Alpine pack train carries the baggage. There are five camps between Banff and Assiniboine, so that even the tenderfoot can make the trip without hardship. At Banff, Lake Louise and elsewhere are real Swiss guides who aid mountaineers in climbing the highest peaks, as well as in exploring great glaciers and exploring mountain passes and lakes. Mount Assiniboine is

nearly 12,000 feet high and awe inspiring in its majestic beauty. Last year thirty-five members of the Alpine Club, including two women—Mrs. W. E. Stone of Lafayette, Ind., and Margaret Gold of Edmonton, Alberta—reached the top of the Canadian Matterhorn, as the great peak is called.

railroad cross the imaginary line between North Dakota and Canada and run into and tap the great wheat fields of Canada. The Canadian farmer, who is just across the line, puts his wheat in the same kind of cars on the same tracks that the North Dakota farmer does and sends it to Minneapolis, because it is where the cars run. The wheat seeks its natural outlet. Mr. President, it would be just as sensible to bar North Dakota wheat from Minneapolis as to bar Canadian wheat.

Milled in U. S.

"Some Canadian wheat, going over another great trunk line of road, reaches the Lake at Fort William and there, following the shortest line of travel, it is hauled over the Great Lakes and is milled in the United States, because it is a little shorter and a little better route to a market where the mill is located which is to turn it into flour than it is to carry the wheat clear across the Dominion of Canada to the eastern coast.

"Mr. President, when Canadian wheat, following the natural line of travel comes into the United States and is milled here, does it affect the American market to any material extent? The answer to that is that when Canadian wheat reaches the United States it finds a market which is already oversupplied. That oversupplied market, whether the Canadian wheat comes in or not, must relieve itself by shipments abroad. A large percentage of Canadian wheat must go from Canada, ultimately to be consumed in Great Britain and other European countries. Likewise there goes from American ports a steady stream of American wheat, which must be consumed in the identical countries where the Canadian wheat must find its ultimate markets. There the two wheats meet; they are sold in competition, and the prices in the markets of Liverpool and Berlin fix the prices of the Canadian wheat and of the American wheat.

Senator Reed took the position that the reports of Canadian wheat shipments to the United States in 1920 were overstated and that the effects of American wheat prices were greatly exaggerated.

CHECK YOUR Bowel Troubles

BY USING DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

When you are troubled with diarrhoea, dysentery, colic, cramps and pains in the stomach, cholera, cholera morbus, summer complaint, bloody fluxes, or any looseness of the bowels be sure and obtain a bottle of "Dr. Fowler's" and see how quickly it gives you relief. This wonderful remedy has been on the market for the past 76 years and we wish to warn you against accepting a substitute which may be dangerous to your health.

Mr. Samuel Buckler, Tatamagouche, N. S., writes:—"While visiting in Western Canada I had a severe attack of diarrhoea. After trying many proprietary medicines I got no relief, but kept getting worse. I was advised to take Dr. Fowler's Extract of Wild Strawberry, and I lost no time in doing so. I cannot hesitate in recommending it most highly, for when I had not yet taken half the bottle I was relieved. I must say that if 'Dr. Fowler's' is given a fair trial it will show its good qualities."

The price of the genuine is \$2.00 a bottle, put up only by The T. M. B. Co., Limited, Toronto, Ont.

His Only Ruth.

"My husband complains that I haven't a sense of humor," confided the Tired Woman, "so I make it a point to remember jokes and conundrums and spring them on him to rid myself of the stigma. Last night I tried it like this: 'Henry, what did Boaz say to Ruth when she entered his field?' The answer, of course, is 'Don't step on my corn.'"

"You'd think he had some knowledge of the Bible, wouldn't you? At least enough to make an intelligible guess. Instead he said: 'Ruth? What Boaz? That slob better keep off Babe Ruth, whoever he is. Had his nerve saying a word to the mighty Bambino, no matter what he was doing on the field.'"

"I tried again, but he was so deep in the sporting page I couldn't signal him."—New York Sun.

PLANNING FOR CELEBRATION

Trades and Labor Council Choose Committees and Discuss Program.

SPEED BOAT RACE TO BE A FEATURE

The next big sporting event in the city will be the Trades and Labor Council's celebration on Labor Day. At the meeting of the council held this week committees for the day were chosen and plans for the day's program were outlined.

There will be baseball and football games and field sports for men, women and children. The G. W. V. A. band will be hired for the occasion if possible and refreshment stands will be operated by returned men for the council.

Owing to lack of interest it may be necessary to drop the water sports events but to make up partly for this there will be a three or five mile road race held in the morning. The speed boat race for the Trades and Labor Cup will be run in the evening after the field sports have been concluded. Events at the Acropolis Hill will commence earlier than usual and will include several novelties with good prizes. A dance in the Auditorium in the evening will conclude the day.

The committees named are as follows:

Chairman, S. D. Macdonald. Secretary Treasurer, A. E. Ellis.

Finance Committee, J. J. Gillis and A. E. Ellis.

Sports Committee, H. Fraser, J. R. Beatty, W. E. Thompson, T. Merryfield, T. Ross McKay, L. Dewhurst and T. Parsons.

Advertising Committee—S. D. Macdonald and A. E. Ellis.

Dance Committee, J. R. Beatty, W. E. Thompson and E. Craggs.

ATHLETES LEFT LAST NIGHT TO PLAY GAMES WITH BOYS OF ANYOX

The Sons of Canada baseball and football teams and their supporters left at 8 o'clock last night on Oliver Besner's boat, Rosina B, for Anyox, where today and tomorrow they will engage in games with the smelter town players. Over twenty persons made the trip, and they will return early on Monday-morning.

The party comprised Charles Blythe, manager of the team; Harry Love, president of the Sons of Canada; J. R. Beatty, William Blythe, W. Jacobs and Robert Stewart; Sid Thompson, Vic Menzies, Harry Menzies, R. Erskine, W. Anderson, James Mitchell, D. F. Robinson, D. Swan, R. Clarke, J. Moffatt, Leslie Lane and Eddie Smith, football players; J. Corbier, Hugh Scott, T. Moloney and George Mitchell, who in addition to some of the others mentioned will make up the baseball team, George Corkie, the team's catcher, is already at Anyox.

Elks Financing.

This meeting between Prince Rupert and Anyox select baseball teams is being financed by Elks Lodge No. 47, of Anyox. The Community Club had first taken the matter up and had turned it down so the Elks made the necessary guarantee.

Sport Chat

The officials of the Baseball Association have just about given up hope of getting a star Prince Rupert team to Vancouver this season. No replies have come from the Commercial League in the southern city to the overtures of the local association so it is not likely that support there would be forthcoming. It is, however, possible yet that a Vancouver team may be brought North although nobody seems to be willing to accept the responsibility of making the big guarantee that would be necessary. The matter of sending a team to Ocean Falls and having the Prince George team come here is still in abeyance and no decisions have been made. The former invitation is looked upon with favor but, owing to the showing made by the Lucerne team recently, it is not likely Prince George will get much encouragement.

"Babe" Adams, leading pitcher for the fast going Pittsburg Pirates, who are now leading the National League race, has staged perhaps the greatest comeback ever seen in organized baseball. Twelve years ago in 1909, he pitched the Pirates to victory in the World's Series over Detroit, winning three games himself. Then came the day in later years when his arm weakened, seemingly, and he was sent back to the minor leagues—finally landing in a small Kansas circuit. But "Babe" wasn't through and finally the Pirates sent for him again and he is today pitching as well as ever.

Great are the preparations that are being made in Telkwa for the Barbeque which will be held on September 5, three weeks from next Monday. Committees are working early and late and the big crowds that attend will find their time well occupied. In the morning will be the stock sale at which will be seen buyers from all over the Central Interior. About noon, when everybody's thoughts will be running stomachward, there will be the dispensing of the barbecued beef. In the afternoon will be the baseball and football games and the horse races with several side-shows running. The big day will be rounded off with the usual dance at night for which new and special music is being arranged.

RACE HORSE SOLD

Sir Barton, Owned in Canada by J. K. Ross, Goes to Kentucky.

SARATOGA SPRINGS, Aug. 13.—Sir Barton, the famous race horse, has been sold by J. K. Ross of Montreal to a Kentucky syndicate. The price paid is not mentioned, but Ross recently refused \$100,000 for the animal.

GILHULY CUP TIE SCHEDULE

All Junior and Senior League Teams Are Entered in Series.

All seven teams in the Junior and Senior Football Leagues are to take part in the Gilhuly Cup ties which will start on August 16. In the first round the Merchants get the bye so will advance to the second round automatically. All cup tie games will commence at 6:30 on the dates set out.

The following is the schedule: August 16—Athletics vs. Dry Docks.

August 17—Sons of England vs. Great War Veterans.

August 22—Sons of Canada vs. Gallies.

In the second round the Sons of England or Gallies will play the Great War Veterans Association or the Sons of Canada and the Merchants will play the Athletics or the Dry Dock.

The Gilhuly Cup is at present held by the Gallies.

The Profiteers' Mistake.
By some strange oversight of the profiteers there is plenty of sugar and plenty of berries at the same time.—Youngstown Telegram.

TRIO OF BOXERS WHOSE PERFORMANCES HAVE BROUGHT THEM INTO THE LIMELIGHT.

TODD C. WOODWORTH, DARNELLE'S BACKER.

HENRY DARNELLE WHO IS BEING GROOMED FOR FIGHT WITH DEMPSEY

BOB MARTIN, WHO ROSE A NOTCH BY STOPPING MORAN

132 BULLSEYES WITHOUT A BREAK

WAKEFIELD, Mass., Aug. 13.—There was some wonderful shooting here yesterday, when Sergt. W. Jones established an alleged world's record, scoring 132 consecutive bullseyes in a 300-yard slow fire rifle match. The shooting has caused a sensation and Sergt. Jones is receiving general congratulations on his wonderful work.

ATHLETICS DEFEAT MERCHANTS IN FAST JUNIOR LEAGUE GAME

The Athletics defeated the Merchants by a score of 2 to 1 in the final game of the Junior Football League, schedule last night. All goals were made by the teams, playing down grade. Barron registering the first for the Merchants in the first half and the Athletics' two coming in the second half through Ralph Smith and George Hill. W. McCulloch was referee and the linesmen were McIntosh and A. Clapperton. The Athletics fielded nine men and the Merchants eight.

Following were the lineups: Athletics—H. Frizell, Eric Mackintosh, W. Allen, Hamilton, Malcolm Lamb, Eastman, George Hill, Ralph Smith and W. Mitchell. Merchants—Johnson, Harry Foote, W. Smith, R. Arthur, Jr., F. McKinnon, Hamilton, Barron, and E. Clapp.

The final league standing is as follows:

	P.	W.	L.	D.	Pts.
Dry Docks	8	7	1	0	11
Athletics	8	5	3	0	10
Merchants	8	0	8	0	0

POPULARITY OF SALT LAKES INCREASING

Many Go There in Evening as Well as Afternoons for Swimming.

The popularity of the Salt Lakes swimming pool is increasing. Those who have been attending, say that there are easily twice as many swimmers there every day as were seen there last year. Every evening there are a number in the water as well as afternoons. Sundays there is a marked increase.

The outlook is that tomorrow there will be a record attendance at the lakes as well as large crowds at Metlakatla, Tugwell Island and Shawatlans and other points.

The tides at Shawatlans are just right tomorrow and one of the passenger boats is plying there regularly all afternoon.

44TH HOME RUN

PHILADELPHIA, Aug. 13.—Babe Ruth hit his 44th home run. He is fourteen days ahead of last year's record.

Doublets.

She—Jack, I must have a complete set of new clothes! I'm sure the entire neighborhood knows my present wardrobe by heart!

He—Bet—er—wouldn't it be cheaper to move to a new neighborhood? —Passing Show (London).

AUSTRALIA WINS TENNIS

Seize Danish Champions in Davis Cup Singles, Making Clean Sweep.

CLEVELAND, Aug. 13.—Norman Peach of Australia won the first singles match in the Davis Cup tennis tournament between Australia and Denmark, defeating Eric Tegner in straight sets. J. Anderson, an Australian, defeated Ingsley of Denmark, in straight sets, giving Australia a clean sweep of the first day's singles.

KELOWNA OARSMEN WIN FIRST PRIZE

Vancouver Came Second in Fours and Nelson Was Third.

KELOWNA, Aug. 13.—Kelowna won the four oared races at the regatta in progress here. Vancouver was second and Nelson third.

JOCK HUTCHINSON IS BEATEN BY BRITISH PLAYERS IN STATES

BARTFORD, Conn., Aug. 13.—Abe Mitchell and George Duncan, Britishers, defeated Jock Hutchinson, of Chicago, winner of the British open championship, and Jack Stait, in a thirty-six hole golf exhibition played here.

FASTEST MAN IN NATIONAL LEAGUE.

FRANK FRISCH OF THE GIANTS, WHO LEADS THE NATIONAL LEAGUE IN BASE STEALING, HAS BEEN TERMED THE FASTEST MAN IN BASEBALL. HE IS HEADED FOR THE BASE STEALING CHAMPION OF THE MAJOR LEAGUES—AN HONOR THAT SURELY OUGHT TO BE HIS FRISCH—SO LEADS THE LEAGUE IN RUNS SCORED. HE IS CALLED THE FORDHAM FLASH AND WAS A NEWCOMER IN THE MAJORS LAST YEAR.

HIGHLANDERS WIN RIFLE

Made 97 Out of Possible in Shooting for Ontario Challengers.

ONTARIO CAPTURED THE PELATT

TORONTO, Aug. 13.—In final match of the Rifle Association, the 1922 Highlanders Toronto took the Gowanus bronze cup, setting a new 97 out of a possible 100 skirmishing competition. Ontario captured the provincial match for the Pelatt with a score of 419. The bronze second with 413 and itoba third with 391.

SAM LANGFORD BEAT LEE ANDRSON IN TEN-ROUND

OMAHA, Aug. 13.—Sam Langford got a decision over Anderson of Oakland, Calif. in a ten-round bout last night. The fight was a snappy one.

BASEBALL SCHEDULE

The schedule for the following: August 15—Sons of England vs. Elks. August 19—Red Sox vs. Sons of Canada. August 24—Elks vs. Sons of Canada. August 29—Elks vs. Sons of Canada. September 2—Sons of England vs. Red Sox. September 7—Red Sox vs. Sons of Canada.

SCHEDULE SECOND HALF OF JUNIOR BASEBALL LEAGUE

The schedule for the second half of the Junior Baseball League season has just been set out by W. J. Cash, manager, is as follows: August 18—Tiny Tims vs. Dry Docks. August 25—King Edwards vs. Tiny Tims. Sept. 1—Dry Docks vs. King Edwards. Sept. 8—Tiny Tims vs. Dry Docks. Sept. 22—Dry Docks vs. King Edwards.

The Materialist.

"What would you suggest for our literary club in regard to Mrs. Eludon?" "A good cook-book," suggested her brutal husband. City Journal.

SEEKS CHAMPIONSHIP ALL HER OWN.

Mrs. Hugh Strickland, wife of the world's champion broncho buster, who will defend his title at the famous Frontier Day cowboy sports at Cheyenne, Wyo., hopes to win the title of woman's champion by defeating Miss Lorena Trickey. Mrs. Strickland is shown above.

SAW MILLS ARE CLOSED

Very Few Now Working on Line
 Prince George to Edmonton.
 EDMONTON, Aug. 13.—Lum-
 bering operations appear to be
 at a low ebb in the district serv-
 ed by the G.T.P. from McEwain
 to Prince George, if the observa-
 tions of a correspondent who re-
 turned on Monday from the lat-
 ter point may be taken as a
 criterion. Mills large and
 small, erected at vantage points
 along the track, some with
 plants which at a conservative
 estimate must have had a capa-
 city of 200,000 feet a day and
 which must have cost hundreds
 of thousands of dollars worth of
 lumber stand idle.
 In some instances, notably at
 Hutton, 58 miles east of Prince
 George, the gigantic U.G.G. en-
 terprise has a large stock of
 finished material piled ready for
 shipment, but with the exception
 of a few hands employed in the
 planing department and a pres-
 umably-depleted office staff the
 place appears deserted. At most
 points along the line the mill
 buildings stand massive and
 silent, flanked by sheds, offices
 and houses of neat clean timber,
 but save for the toll-take saw-
 dust the mill might be taken
 by the uninitiated for an aban-
 doned commercial venture of any
 other kind.

To Look Young

is a valuable asset to
 women in business,
 social and private life.
 Nothing helps so much
 as a good digestion.
 Poor elimination causes
 one to look sickly and
 faded.

LEMIEUX AND THE MINISTER OF JUSTICE

Hon. Rodolphe Says He will
 Draw Attention of Governor
 General to Extravagance
 MONTREAL, Aug. 12.—Inter-
 viewed by Le Canada in con-
 nection with his refusal to testify
 before the royal commission
 called to enquire into charges
 made by him in parliament last
 June that the Park St. Charles
 Company of Quebec, were to be
 paid \$60,000 by the Quebec Har-
 bor Commission for land alleged
 to be worthless, Hon. Rodolphe
 Lemieux stated that he intended
 at the next session of parlia-
 ment to call for the abolition of
 the salary of Hon. C. J. Doherty,
 minister of justice on the ground
 that to obtain a credit of \$60,-
 000 in favor of the Park St.
 Charles company. He added that
 he had further resolved to avail
 himself of his privileges as privy
 councillor and representative of
 the people to draw the attention
 of the governor-general to the
 alleged extravagances which the
 minister of justice was encour-
 aging at the expense of the
 crown.

PRINCE GEORGE

Doherty Makes Denial.
 OTTAWA, Aug. 10.—An an-
 swer to statements alleged to
 have been made by Hon. Rodolphe
 Lemieux in an interview
 with a Montreal newspaper was
 made by Hon. C. J. Doherty, min-
 ister of justice, this morning.
 The minister denies the truth
 of the allegations attributed to
 Mr. Lemieux and expresses re-
 gret that the latter, finding it
 impossible to prove the charges
 of fraud made by him in the
 house of commons, "should seek
 to cover his retreat by reckless
 abuse of myself."

Ten Years Ago
 in Prince Rupert

August 13, 1911.
 The launch Wolverine, the
 first boat of heavy draught to
 navigate the Naas River Canyon,
 returned today to town. Her
 captain was H. Robinson, of the
 Rupert Marine Ironworks, and
 James Flynn and William Mc-
 Lean were passengers.
 At a meeting of the Prince
 Rupert Industrial Association
 held today it was decided to get
 out petitions asking the Minister
 of Justice to release the impris-
 oned strikers from jail. W. H.
 Montgomery presided over the
 meeting and the speakers were
 H. B. King and R. Gosden.
 F. G. Dawson has received of-
 ficial notification of his appoint-
 ment as returning officer in the
 forthcoming federal election.

SMITHERS

C. O. Gilmore, of the Grand
 Trunk Pacific Development Co.,
 is spending a few days here tak-
 ing inventory preparatory to the
 putting of lots on the market.
 Dairymen of the Nechako and
 Bulkley Valleys have decided to
 unite to form one big associa-
 tion for the operation of the
 creamery at Vanderhoof. A con-
 ference was held last week at
 Telkwa at which G. H. Outram
 and F. C. Borhaven, of Vander-
 hoof, spoke. F. M. Dockrill and
 F. G. Heal have been appointed
 as representatives of the cream-
 ery board of directors.
 Dr. Hankinson and Harry Gun-
 derman, roadmaster on the G.
 N. R., are building handsome
 residences on Broadway Avenue,
 west of Main.

TERRACE

L. R. Kenny, the local realty
 man, is receiving inquiries from
 far afield regarding prospects
 in Terrace. One recently came
 from Australia.
 Regular baseball games are
 played here and at Telkwa on
 Sundays. Last Sunday the Tel-
 kwaites beat the Smithereens at
 the Polo Grounds by a score 8
 to 5.

 17:13 p.m., 9.3 feet.

WEIGHING WITHOUT SCALES.

The resourcefulness of the
 Irish is shown in their method
 of weighing without scales. "To
 weigh a pig," said an Irishman
 the other day, "all ye have to
 do is to lay a plank across a
 sawhorse, place a big stone on
 one end of the plank and the
 pig on the other, then shift the
 plank until the two things bal-
 ance. Then ye guess the weight
 of the stone and ye have the
 weight of the pig."—Boston Tran-
 script.

POLITICAL HINT.

"I suppose when all women
 vote the party managers will
 have to put handsome men on
 their tickets for candidates.
 She—What makes you think
 women will demand handsome
 men to vote for when you look
 at the kind the most of them mar-
 ry?"—Baltimore American.

A COWARDLY VEGETABLE.

"Yes, I was hit with a cowardly
 tomato," declared the disap-
 pointed actor.
 "What in heaven's name is
 that?" demanded the second ac-
 tor.
 "You know—one that hits you
 and then runs."—Open Road.

"CHEATER REFORMED" EMPRESS THEATRE

"The Cheater Reformed" is the title of the picture starring popular William Russell which begins an engagement at the Empress Theatre tonight. Don't imagine that the title gives away the story. It doesn't. No mere title could do that. Before the audience can catch its breath after the main title is exposed on the screen it finds itself in the midst of the most delicious sort of dramatic entertainment. Imagine a crook taking advantage of his own brother's death to assume the brother's position as rector of a fashionable church, and no one suspecting the fraud—not even the clergyman's widow. That is something to think about.

That's what Russell does in "The Cheater Reformed," and to his dual role makes a picture that you won't forget in a hurry.

A Mild Tooter. "Dick" Aubrey's latest is a Swede story he picked up while travelling in Wisconsin.

Old Auler, a yokel, visiting in town one day, asked a restaurant proprietor:

"Got any squirrel whiskey?" "No," said the restaurant man, "but I can slip you a little Old Crow."

"Aye don't want to fly," said the Swede, "aye just want to yump around a little bit."—Youngstown Telegram.

SKENA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS.

Take notice that I intend to apply to the Chief Commissioner of Lands for a license to prospect for natural gas and petroleum over 640 acres of land as follows:

Commencing at a post planted at the southwest corner of Section 24, Tp. 9, Graham Island, marked A. A. M.'s S. W. C. thence north 80 chains, east 80 chains, south 80 chains, west 80 chains to point of commencement.

Located May 22nd, 1921. A. A. McPHAIL, Locator. A. J. Gordon, Agent.

FORT NORMAN NEWS BUDGET

150,000 Acres of Oil Claims Filed by Imperial Oil Company.

EDMONTON, Aug. 12.—The Imperial Oil Company has staked in the neighborhood of sixteen oil claims in the Fort Norman district this season.

The Imperial Oil Company has not yet struck oil on its Bear Island claim but has its apparatus all in readiness for drilling operations.

There is no cannibalism in the north country among the Indian populace. Indians generally especially after the paying of the treaty money, are in a fairly prosperous condition.

Conditions around Fort Norman are greatly improved. The town itself has taken on a cosmopolitan atmosphere, and there are more white people in the district than in any previous year. There is lots of money and lots of provisions.

The Fort Norman Oil Company is one of the best bets in the North. The company put down its drill, forty-five miles down stream from Fort Norman in the record time of two weeks, and is now drilling.

The Imperial Oil Company is now transferring its drills from No. 1 well at Fort Norman to Zieman's claim across the river and by this time should be carrying on drilling operations.

In the neighborhood of 150,000 acres of oil claims have been filed in the Fort Norman Oil district by the Imperial Oil Company.

Such are some of the outstanding items of interest brought to "the inside" by one hundred or more northern men who have reached Edmonton via the Northern Transportation and other systems of boats and the trails of the Alberta and Great Waterways.

Handicapped. Johnny—The camel can go eight days without water. Freddy—So could I if ma would let me—Harper's Bazar.

CAPTAIN M'GREGOR ARRIVES VANCOUVER

Tells People There of Ice Shortage That Made Trip There Necessary.

Says the Vancouver Province just to hand:

"One of the most decorated war veterans of Canada came into Vancouver Harbor on Sunday with a cargo of fish on his gasboat Malanute, all the way from the northern British Columbia banks. He was Captain McGregor, V. C., M. C., D. C. M. with bar, M. M., of Prince Rupert. When the business of killing huns and doing hair-raising deeds of bravery came to an end Captain McGregor returned to Prince Rupert, invested money as part owner in the Malanute, and went to sea to work on his own ship as a member of the crew. The shortage of ice at Prince Rupert, which has been very serious during the past week, forced him to hurry down to Vancouver with his catch, as it was impossible to dispose of the fish at the north port. He sold the catch at the New England Fish Company warehouse.

The fish situation at the northern port is reported by wire as being still in bad shape on account of the shortage of ice. The supply is secured from the railway company and from two plantations at Ketchikan. These have been unable to meet the requirements of the fishing boats. On Saturday last one company alone had to throw away between 2000 and 3000 fish because of the lack of ice, and it is said other companies suffered losses of the same kind. There were about 60 fish-boats in harbor at Prince Rupert on Sunday, all anxious to get away to the fishing, but there was only enough ice for six."

HON. CHARLES MURPHY AND FARMER PARTY

OSGOODE, August 11.—Hon. Charles Murphy, who was the principal speaker at the farmers picnic here having alluded to matters of personal interest to his constituents dwell at length upon the relations between the Liberal party and the Farmers.

He pointed out that because of satisfaction with Liberal policy and administration, there had never been a Farmers' party in Canada while the Liberals were in power, and that Farmers' parties had entered the political field only when the Conservatives held office. In addition to these facts, he reminded his hearers that the Laurier government had gone down to defeat in an effort to give the farmers the benefit of the reciprocity arrangement with the United States for which the farmers had asked and that from 1911 to 1917—a period of six years, during which there were no farmers as such in the House of Commons—the battle of the farmers had been fought by the Liberal party and by the Liberal party alone. Hence, with the appearance of a Farmers' organization there ought to be co-operation between it and the Liberal party everywhere. In large measure that co-operation had been brought about in parliament, and it should be extended throughout the country.

STAR DRIVES TRUCKS

Wallace Reid Breezy as Ever in "What's Your Hurry?"

The hare and tortoise of the automobile world—the racing car and the truck—figure prominently in "What's Your Hurry?" Wallace Reid's latest picture, which will be shown at the Westholme Theatre tonight.

The star has the role of a racing driver in love with the daughter of a motor truck manufacturer. The latter does not approve of Wallie as a prospective son-in-law. To get into the old man's good graces, Wallie deserts racing to act as publicity man for trucks. But he only succeeds in getting "in bad" and it is not until he risks his life to bring a cordon of trucks to plug the breach in a bursting dam that he is able to win the girl of his choice.

Proverb Revised. "When you notice the number of people who have automobiles aren't you amazed?" "I am indeed. How true the old saying that one half the world doesn't know how the other half flies?"—Boston Transcript.
