Prince Rupert Customs and Excise District Gains Two Important Revenue Stations

Prince Rupert customs and excise district has been enlarged and now takes in the ports of Ocean Falls and George, according to word received by J. H. McLeod, the officer, yesterday by wire from the department at Ottawa, which has been under advisement for some time. Prince Rupert the third largest district in revenue in the province and the largest in area. Vancouver and Victoria are the largest in revenue. There will be much more responsibility in the new change for Mr. McLeod, the chief, whose jurisdiction is thus increased.

Boundaries of the district are along the 52nd parallel of north latitude from the coast to the 124th meridian of west longitude, north to a parallel midway between 53 and 54 N. L., to the Alberta boundary, the boundary to 59 degrees is then followed to the Canadian boundary and the Queen Charlotte Islands.

Ocean Falls, Nanaimo district and largest revenue producer in the survey of the office.

purpose of computation figures for some offices involved in the report are in progress for the year ending March 31.

Prince Rupert District	\$129,710.88
Prince Rupert City	150,215.09
Ocean Falls	137,260.09
George	53,584.50
Prince Rupert District	236,308.94
George	13,345.25

CY PECK WILL LAUNCH FIRST VESSEL

Accepted invitation to officiate when the "Canadian" is launched.

C. W. Peck, wife of L. L. Peck, M.P., will sponsor the launch of the "Canadian" shipyard here in the middle of next month. Peck was tendered the honor and word of her acceptance has just reached here.

WOULD PREVENT LIQUOR RUNNING TO UNITED STATES

REGINA, April 9.—The report of the Saskatchewan Liquor Commission says that plans are being arranged for co-operation between Canadian and United States authorities to circumvent the liquor running across the border.

BOXING BOUTS AT DRY DOCK

Four Three-Round Events Before Social Club Last Night

The first of what is to be a series of entertainments was given last night in the boarding house smoking room at the dry dock by the Wallace Dry Dock Social and Athletic Club, at which there were a number of three-round, two-minute boxing bouts and some vocal and instrumental music.

The main boxing bout of the evening was between A. Roy, 125 lbs., and T. Sherman, 120. It was evenly contested and at the finish the honors were declared even.

The other bouts were: W. Crossley, 90 lbs., vs. B. Lunquist, 100 lbs., draw; G. Howe, 107, vs. J. Galbraith, 107—draw.

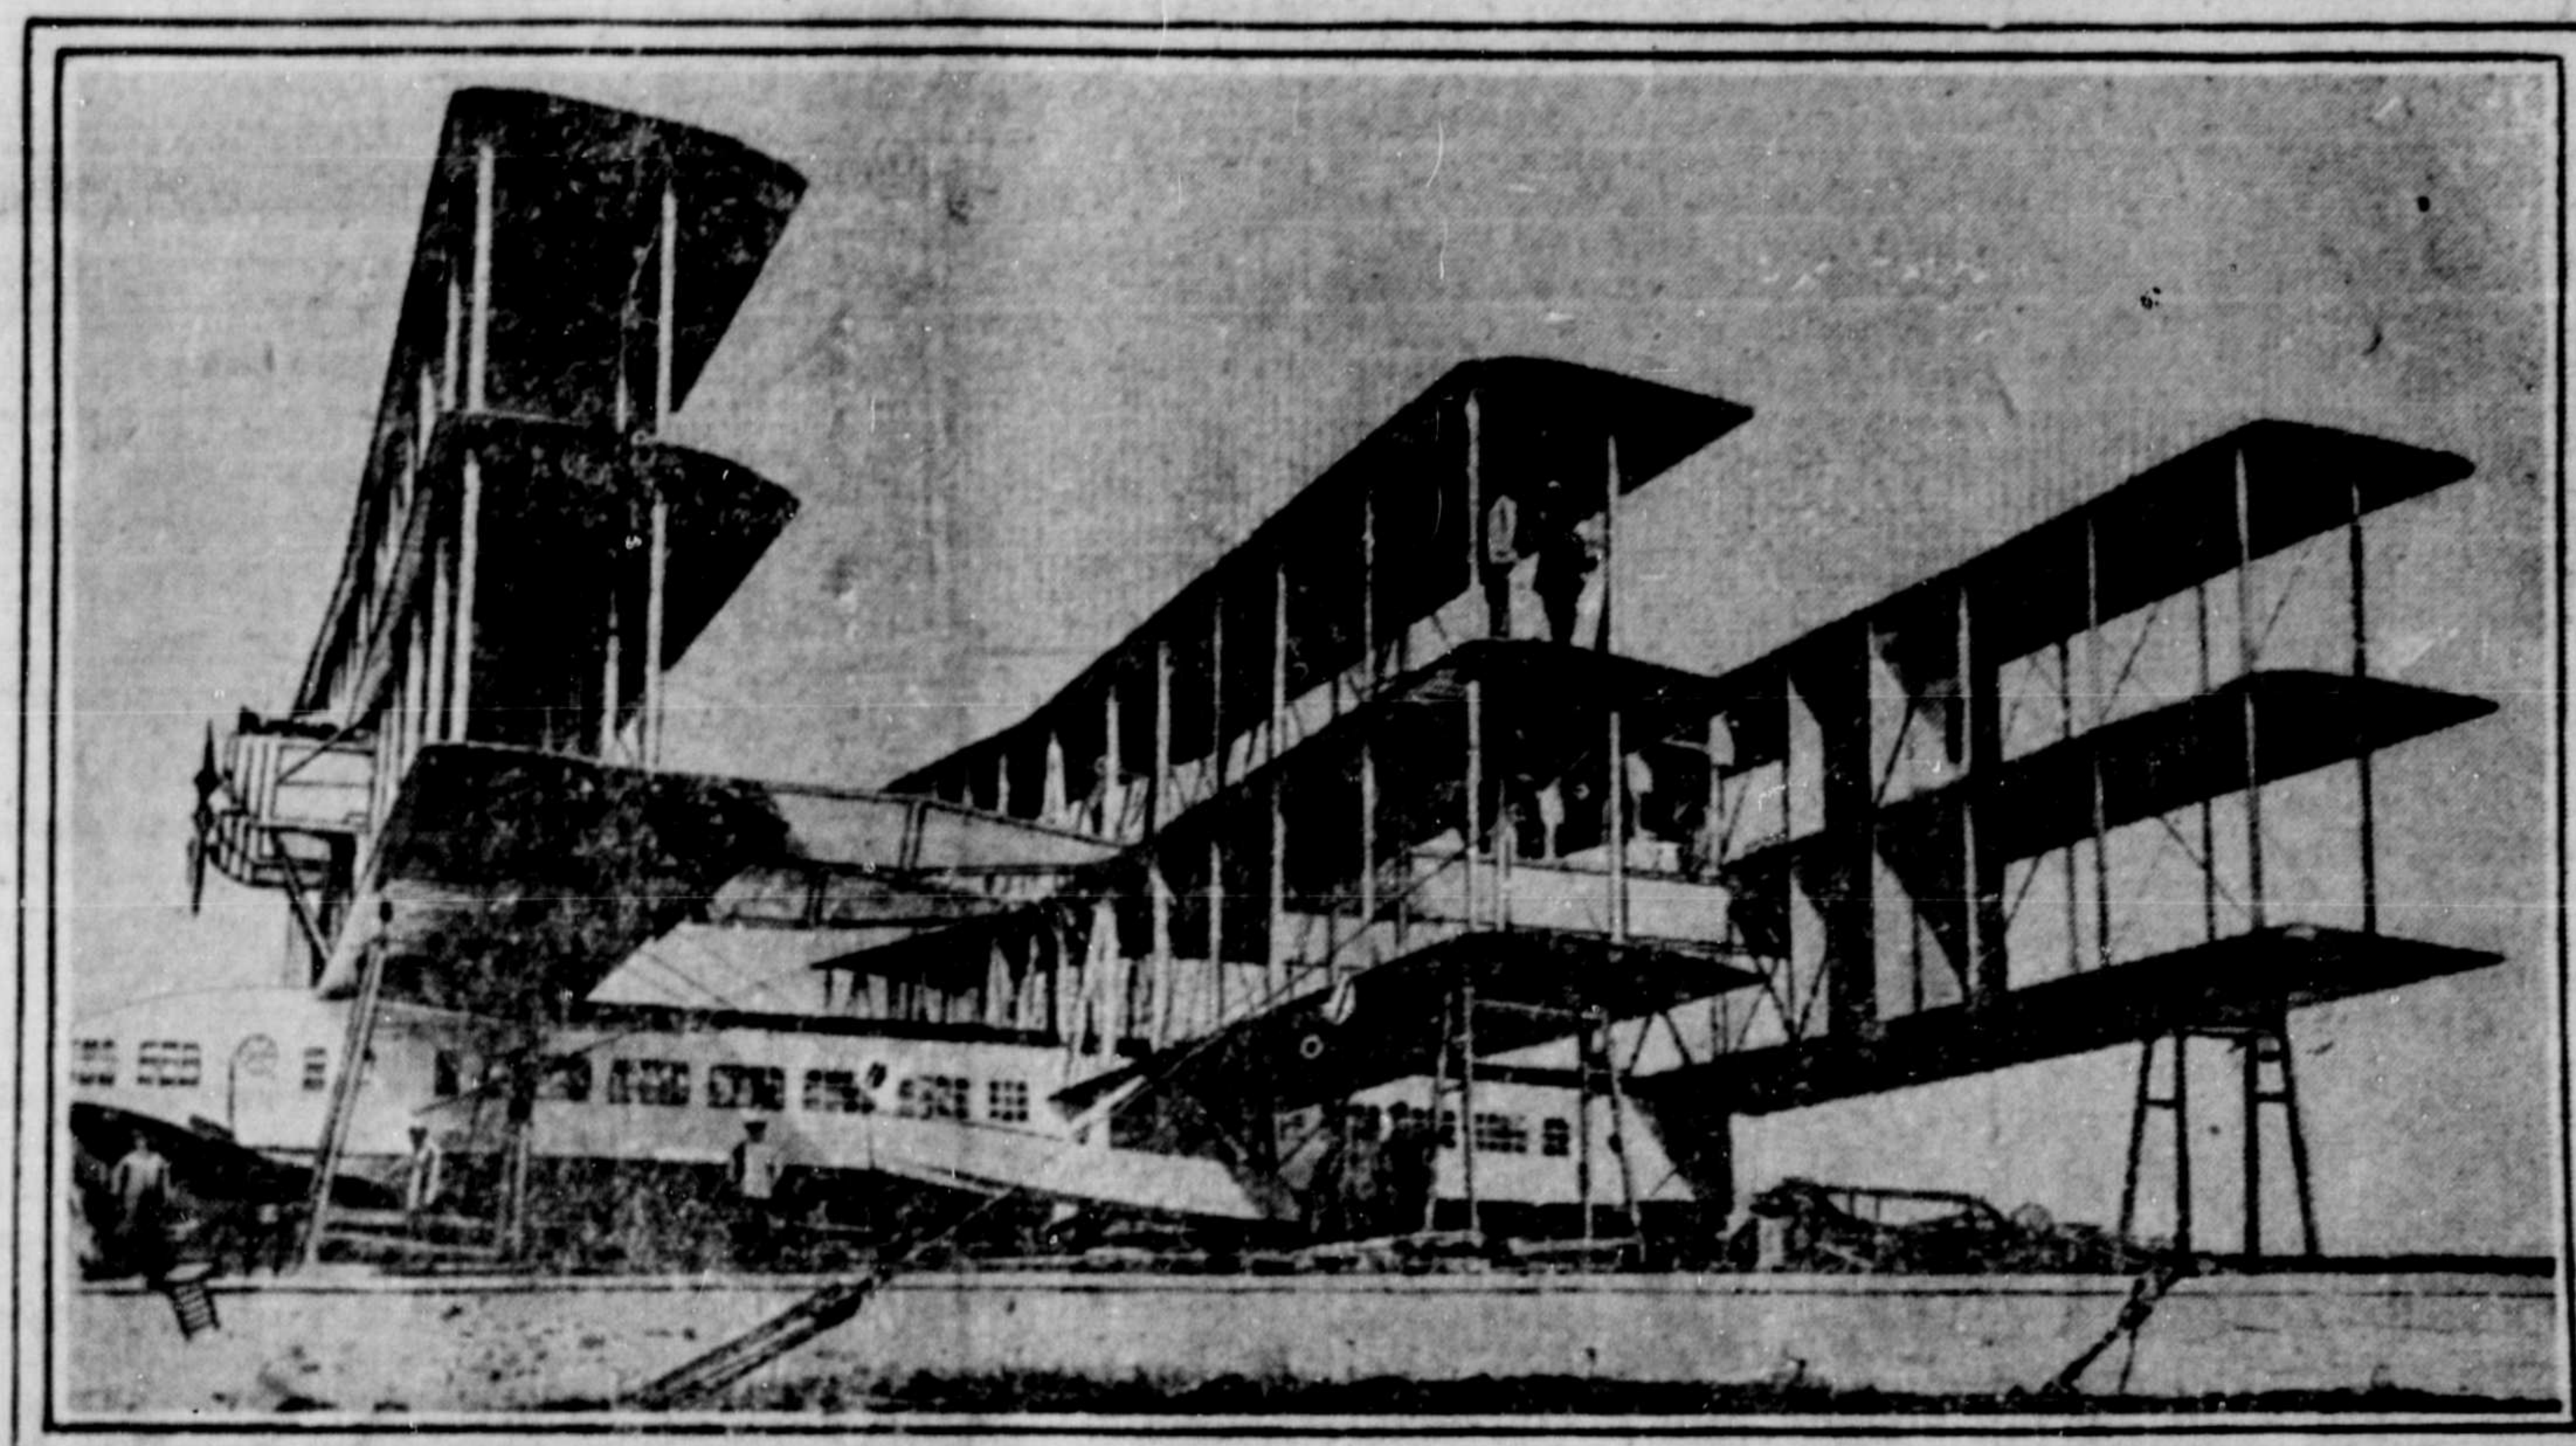

H. Gawthorne, 115, vs. T. Fraser, 130—draw. G. Hill was referee.

MISSING BALLOON IS PICKED UP AT PANAMA

No Trace of Crew when Airship Found Floating on Ocean

PANAMA CITY, April 9.—A naval balloon, which has been missing with a crew of five men since it left the Pensacola naval station on March 2, has been picked up in the Gulf. There was no trace of the unfortunate crew.

LARGEST AIRPLANE IN WORLD MAY BE HERE

A broadside view of Caproni's great flying boat, the Epocha, with eight Liberty motors, three sets of triplanes and cabin for 100 passengers, is the marvel of aeronautics. Some idea of the size of the gigantic craft may be gained from comparing the men on the ground with the machine and contrasting the size of the men on the centre plane of the midship set. The Epocha is the largest heavier-than-air machine. The photograph was sent especially from Italy, where the big machine is getting put in readiness for its proposed flight to America.

Volunteers Being Recruited To Carry on Transportation In Case Sympathetic Strike

LONDON, April 9.—The recruiting of volunteer workers and safety units has energetically begun by the Government today and other plans have been perfected to meet the threat of a widespread industrial tie-up on Tuesday growing out of the miners' strike and involving approximately two million workers.

There may be resistance to the call from the executive board of the triple alliance of miners, transportation men and railwaymen from the larger centres. From important locals of railwaymen comes word that the rank and file are challenging the right of the railwaymen's national executive to call a strike without taking a ballot of the members. The men claim they should not be stampeded into a sympathetic strike.

MEMBERS BEHAVED AT FINAL CELEBRATION

Did Not Break Furniture as Alleged by Labor and Women's Meetings.

VICTORIA, April 9.—Denial of charges made publicly at labor and women's meetings that \$1,000 damage was done to government property by members of the Legislature at a final celebration at the end of the session, was made yesterday by Premier Oliver in a statement issued by him. Investigation by officials show that there was no damage at all. Not a cent's worth of damage was done to either typewriters or furniture as alleged, the Sergeant at Arms informed the Premier.

NAVY BRIGADE IS MAKING TRIAL RUN

Sloop Hecate Taken Out for First Cruise About Harbor This Afternoon

Captain E. McCoskie, Commander G. V. Evitt and twenty-two of the boys of the Naval Brigade are making their first cruise this afternoon on the brigade sloop, Hecate. The run is in the form of a trial and will be about the harbor. The boys who are making the trip are limited to those with good attendance records.

ORGANIZATION OF NORTHERN REGIMENT

Lieut.-Col. J. H. McMullin, O. C., and Major Gibson, Adjutant.

There will be an organization meeting of the Northern B. C. Regiment on Monday evening. The regiment is still in a rather embryonic state and the only officers yet appointed are Lieut.-Col. J. H. McMullin, O. C., and Major George E. Gibson, adjutant.

OPERATION ON GOVERNOR

GOVERNOR W. C. NICHOL OPERATED ON YESTERDAY FOR ABDOMINAL DISORDER AND IS PROGRESSING VERY FAVORABLY.

GOVERNOR W. C. NICHOL, Lieut.-Governor W. C. Nichol was operated on yesterday for abdominal disorder and is progressing very favorably.

SUN YAT SEN IS ELECTED PRESIDENT NEW REPUBLIC CHINA, SAYS DESPATCH

Sun Yat Sen has been elected president of the Chinese new republic. That is the news received this morning here by the president of the local branch of the Chinese Nationalist League.

BOLSHEVIKI INTEND TO INVADE POLAND

Inhabitants are fleeing to the interior and feeling is intense.

STOCKHOLM, April 9.—The Bolsheviks intend invading Polish territory guaranteed under the treaty between Russia and Poland. The inhabitants are fleeing to the interior, and the feeling between Poland and Russia is tense.

MOVE DEPARTMENT

VANCOUVER, April 9.—The insurance department of the Provincial Government will probably be removed from Victoria to Vancouver shortly.

APPEAL AGAINST NEWSPRINT PRICES

Publisher of the Sun Asks Intervention of Premier Meighen

VANCOUVER, April 9.—An appeal to Premier Meighen to prevent allegedly excessive charges for newsprint was made yesterday by R. J. Cronie, publisher of the Sun. He declares that the price of six and a half cents a pound demanded by the mills is outrageous.

AUTOMOBILE ACCIDENT EARLY THIS MORNING

Car Badly Wrecked when Lumber Wagon was Hit on Eleventh Avenue

A rather serious automobile accident occurred early this morning on Eighth Avenue near Frederick Street, when a Prince Rupert Transfer truck struck a lumber wagon and was thrown into a ditch. Although the car is almost a total wreck and the lumber is strewn in all directions here, fortunately, no one hurt. The car was driven by Huntley Tate and was carrying one passenger.

SECTION TWO BRIDGE WILL BE DONE SOON

Two Weeks will See Structure Completed and Ready for Traffic

The Section Two bridge will be completed within the next fortnight and work is now going on with dispatch by Contractor E. H. Shockey. This morning the last pile was driven and the G.T.P. derrick is now under the bridge on the spur ready to put up the three 11 1/2 ton trusses for the span. The bridge has been decked up to where the trestle work has been completed with three inch lumber. The next work now will be the putting up of the braces for the trusses.

BIG FIGHT IN NEW JERSEY

Site of Big Sporting Event to be Atlantic City, Newark, or Jersey City.

NEW YORK, April 9.—Dempsey and Carpenter will battle for the world's heavyweight pugilistic championship within the state of New Jersey on Saturday, July 2. The exact location will be announced later but the selection of a site will be confined to either Atlantic City, Newark, or Jersey City, according to an announcement made today by Tex Rickard.

FAVOR ADOPTION OF DAYLIGHT SAVING

St. Andrew's Society Pass Resolution—Will Likely be Recommended to City Council

At the regular meeting of the St. Andrew's Society last night a resolution was passed favoring the adoption of daylight saving in the city to allow for the extra hour in the evening which will be of great advantage in the holding of sport events.

At the meeting of the Football Association on Tuesday evening this will be one of the matters taken up. It is understood that the measure will be recommended to the city council for adoption in the city. The railway company has announced that it will be used on the time tables this season.

THE DAILY NEWS

PRINCE RUPERT - BRITISH COLUMBIA

Published Every Afternoon, except Sunday, by The News Printing and Publishing Co., Third Avenue.

H. F. PULLEN, MANAGING EDITOR.

DAILY EDITION. Saturday, April 9, 1921.

Has There Been Political Camouflage?

Has there been political camouflage in connection with the Canadian National Railways and the Canadian Merchant Marine? The Government controls these businesses and refuses to allow details of management to be made public.

Get Together Is Good Policy.

This is a time when the North should stand as a unit. The people should get together. Unhappily we are hampered by distance and high costs of transportation, but there is no reason why there should not be much closer co-operation between the scattered communities of Northern British Columbia.

After the redistribution is passed we shall look for more members in the north. We want as many as possible, based not only on population but on the extent of territory to be covered.

We do not think a redistribution should be effected yet as every year will give the north an advantage. The Peace River is filling up this year and there will be more farmers come into the interior.

Effort to Secure Improved University.

The faculty and students of the University of B.C. have been sending out printed forms for friends of the university to sign and to be forwarded to the minister of education.

In order to gain your co-operation in procuring a more liberal government policy towards the advancement of the University of B.C., I beg to call your attention to the following facts:

1. The temporary buildings in which the students are obliged to take lectures are hopelessly inadequate. The class-rooms are often overcrowded, principally because there are not enough professors among whom the work may be divided.

2. The necessary equipment for a proper and efficient education is lacking in practically every department.

3. The University is without athletic facilities of any nature whatsoever. The students are obliged to depend upon the King Edward High School and Normal School for campus and gymnasium privileges, granted for only a few periods a week and at very inconvenient hours.

It would take several pages to describe in detail the inconveniences under which the students are working, and I feel that not only the students, but the parents and the provincial taxpayers, are being done an injustice, because it cannot be expected that our young men and women can be trained to the highest point of efficiency under such conditions.

If the present policy of the government be persisted in, it will lead to greater inefficiency, the loss of some of the best professors, and an undemocratic policy of limiting the number of students.

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

Mlle ANTOINETTE BOUCHER

917 Dorion St., Montreal.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health.

I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good.

I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored.

I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

Mlle ANTOINETTE BOUCHER.

PRINCE RUPERT TIDES

Saturday, April 9.

High, 1:50 a.m., 21.3 feet. 14:22 p.m., 20.1 feet. Low, 8:11 a.m., 3.3 feet. 20:15 p.m., 5.5 feet.

Sunday, April 10.

High, 2:24 a.m., 21.6 feet. 14:59 p.m., 19.7 feet. Low, 8:49 a.m., 3.1 feet. 20:51 p.m., 6 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

TENDERS WANTED.

Tenders will be received by the undersigned not later than April 20, 1921, for New Bank Building at Burns Lake, B. C. Plans and specifications may be seen at the Royal Bank of Canada, Prince Rupert, Telkwa, Burns Lake and Prince George, B. C.

Tenderers are requested to state the time required from date of signing contract to complete the work. Any further information required may be had from the Royal Bank of Canada, Burns Lake, B. C. The lowest or any tender not necessarily accepted.

THE ROYAL BANK OF CANADA, Burns Lake, B. C. Dated April 2, 1921.

LAND ACT.

Notice of Intention to apply to Lease Land.

In Range 5, Coast Land District, Recording District of Prince Rupert, and situate Middle Passage, 1 1/2 miles southwest of Oceanic Cannery, Smith Island, and 1 1/2 miles east north east of Geom Island Light. Take notice that I, Alfred E. Wright, of Prince Rupert, B. C., occupation land surveyor, intend to apply for permission to lease the following described lands:— Commencing at a post planted on the northwest end of a sand bar 1 1/2 miles S.W. of the southwest corner of Lot 19, Range 5, Coast District, thence around the entire sand bar, taking in all that part above Low Water Mark, and containing 40 acres, more or less.

ALFRED E. WRIGHT. Dated this 1st day of April A. D. 1921.

LAND ACT.

Notice of Intention to apply to Lease Land.

In Range 5, Coast Land District, Recording District of Prince Rupert, and situate in Middle Passage off the North West shore of Kennedy Island. Take notice that I, Alfred E. Wright, of Prince Rupert, B. C., occupation land surveyor, intend to apply for permission to lease the following described lands:— Commencing at a post planted on the east end of the Sand Bar known as "Base Sand" 40 chains west of the North East corner of Lot 528, Range 5, Coast District; thence around the entire Sand Bar, taking in all that part above Low Water Mark, and containing 200 acres, more or less.

ALFRED E. WRIGHT. Dated this 1st day of April A. D. 1921.

ANOTHER WAGE CUT AT ANYOX

General Reduction Wages 25c a Day with Accompanying Drop in Board of 5c

ANYOX, April 9.—There was a general cut of wages in the Granby smelter and mine here on March 31, but operations are still going on and the reduction of 25c a day was accepted by the employees with good grace. The drop in wages was accompanied by a reduction of 5c a day in board.

The workers at Anyox realize the seriousness of the situation, with copper at such a low level. The Granby Company is the only copper producing concern on the continent that is still carrying on operations in full swing.

STORY OF COLLEGE AND POLITICAL LIFE

David Graham Phillips' novel of college and political life, "The Cost," has been produced as a Paramount Arriavast picture and will be shown at the Empress tonight. Violet Henning, the pretty stage star who recently made her screen debut in the title role of "Everywoman," has the heroine's part.

The story centres around Pauline Gardne, a young girl who marries John Dumont, a rich youth of uncertain character, against the wishes of her parents while she is still in boarding school. Later she meets Hampden Scarborough, who falls in love with her. Her marriage is an unhappy one and Dumont soon starts an affair with another woman. As head of the Wooden Trust, Dumont has a candidate whom he is backing for governor of the state, Scarborough, the reform candidate, opposes him. In a crash in Wall Street, Dumont is on the verge of ruin. Pauline rushes to his aid with her reserve store of money, though she was about to bring suit for divorce. Dumont wins the fight, but the strain is too much and he dies. Pauline goes to Scarborough.

BETS HE'LL STRIKE OIL BEFORE JULY 1

Says the Interior News:

The recent oil strike within a mile of Burns Lake town-site bids fair to swamp the local hotels, as many prairie people are showing great interest. Donald M. Gerow, the discoverer, having interested several Eastern people, called in the services of John Gunderson, a well known coal and petroleum expert, who was so pleased with the indications that he immediately took an interest with the Gerow brothers, who have been prospecting and investigating the slowings for the past three years. Several old time prospectors and a good many new comers are camped in the adjoining hills, but everything possible is being done to prevent anything approaching a boom.

The locations already made are in a rolling country, lightly timbered with spruce and pine which has been destroyed by fire. The formations are chiefly conglomerates and shale, and in spots where the oil exuded an analysis by the expert pronounced it to be crude petroleum. Mr. Gerow expects to commence drilling immediately on his return and is betting that he will strike oil before July 1.

Ten Years Ago in Prince Rupert

April 9, 1911

Three million dollars worth of damage was done in a large fire in Tokyo, Japan, today. Over one hundred girls were injured, and five hundred shops are in ruins.

Earl Grey's Own Rifles paraded to church this morning and heard Rev. T. C. Des Barres deliver a sermon.

The dining float of V. W. Smith's railway construction camp at Seal Cove was destroyed by fire this morning.

Advertising is often expensive, but it is nothing like as expensive as an empty store and idle clerks.

McRae Bros.
2nd Street

MAKES FINE LARGE PHOTOS

New Enlarging Apparatus Installed by McRae Bros. is Latest Thing Out.

One of the attractions of Third Avenue today is the window of photographic enlargements of McRae Brothers and prominent among the enlargements is a fine picture of the fish boats at the old fish wharf.

The pictures have been made by the McRae Brothers with a new enlarging apparatus known as the Eastman Projection Printer. It is the very latest thing in making enlargements and is so accurate and works so rapidly that making an enlargement to any size becomes the easiest thing in the world.

The new machine focuses automatically. All that is necessary is to decide the size of picture needed and the machine does the work more accurately and better than any human being could do it.

The installing of this new machine makes it unnecessary to send away pictures to be enlarged, for McRae Brothers have adapted the Eastman scale of prices, exactly the same as that used in the city of Toronto. The machine is rather costly but it gives results and the old established firm is to be congratulated by a good many people on keeping right up to date in the shop in this particular line of work.

LOOK FOR LARGE SALMON PACK IN YAKUTAT CANNERY

JUNEAU, April 9.—There will be no curtailment in the output of the Yakutat cannery of Libby, McNeil & Libby, according to E. M. Exelson, United States Commissioner, of Yakutat, who has arrived in Juneau to spend two or three weeks. Mr. Exelson says the company is making plans to put up a larger pack than last year, which aggregated about 65,000 cases, chiefly red salmon.

The cannery tender Libby Maine, which recently landed the first crews and supplies at Yakutat, is now on its way to Seattle to load a similar cargo for the cannery at Kenai, after which it will return to the Sound and outfit for a trip to the Bristol Bay canneries of the company. Libby, McNeil & Libby will be one of the few Alaskan concerns preparing for a normal canning season. The plant at Taku Harbor is expected to put up its usual pack.

Mrs. John Maitland, wife of the engineering superintendent at the shipyards, and Mrs. James Maitland, wife of one of the draftsmen, arrived yesterday afternoon on the Princess Mary from Vancouver.

AMSTERDAM, April 8—A number of Dutch municipalities, including Amsterdam, are going into the importing business themselves in an effort to force down the cost of living and expose profiteering.

A year ago, some of the municipalities bought American shoes and put them on sale at a price much below that charged by the Dutch merchants.

Some months later they imported beef from the Argentine and put it on the market at about half the price charged for Dutch meat.

Coals to Newcastle

The latest move of the Amsterdam city council is to import into Holland, one of the greatest dairying countries in the world, butter from Denmark, which is to be sold at a price of 50 Dutch cents a kilogram below the quotations for Dutch butter of the same grade.

These municipal bodies, in which there are many socialists, believe that Dutch middlemen demand exorbitant profits and that this habit can only be broken when the people find they can buy imported commodities much cheaper than domestic even after freight and duty charges have been paid.

Dutch manufacturers have demanded of parliament a protective tariff, in addition to the ordinary five per cent duty charged on most commodities, but the government has declined to adopt a general policy along this line.

Had an Annoying Hacking Cough Got No Rest at Night

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and heating expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta, writes:—About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house.

"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark. Price 25c and 60c a bottle. Manufactured only by The T. Milburn Co., Toronto, Ont. AGENT

NATIONAL FISH CO. IS IN LIQUIDATION

Lavish Expenditures on Plant Result in Unsound Financial Position.

HALIFAX, April 9.—The assignment has been officially announced of the National Fish Co., Ltd. It has been known for some weeks that this company was in straitened circumstances and there were hopes that it would be able to tide over its troubles, but this was found to be impossible and the assignment has just been made. During the war, it was known that Mr. Boutilier, who is the principal in the company, was some \$300,000 to the good. But hard times have come to the fish business and the assets became so tied up that the demands for liquid returns could not be met. The company had put extraordinary amounts into plant and equipment. They built a large cold storage plant at the strait of Canso. Two steel trawlers were purchased in England and other amounts expended on capital account so that when the pinch came it was not possible to further finance the operations.

Assets and Liabilities.

The liabilities will probably amount to \$300,000. The assets are chiefly in the form of equipment which may not be readily realized upon. The bank is a creditor to the extent of about \$80,000, well secured. The Maritime Trust Corporation has a claim, but this is secured by a mortgage on one of the trawlers, on which they advanced \$50,000, the amount of \$20,000 having been paid off in the meantime.

FREE PASSAGE TO CANADA FOR 16,776

LONDON, April 9.—Up to January 31 the number of ex-service men and women and their dependents who have been accepted as approved settlers under the Overseas Settlement Scheme, and had received free passage vouchers, was as follows: Canada, 16,776; Australia, 12,912; New Zealand, 7,889; South Africa, 3,277; Newfoundland, 13; Rhodesia, 376; Kenya Colony and Protectorate, 526; and other parts of the Empire, 781. The majority have already proceeded overseas, except in the case of New Zealand, where the shipping situation is difficult.

The steamer Tees, Captain W. Boyce, reached port this morning from Vancouver with a full freight cargo, including a shipment of coal for Albert & McCaffery. She sails for the south again at six o'clock this evening carrying passengers and mail. 1f

A most enjoyable time was spent last evening at the home of Mr. and Mrs. Philip Metz, First Avenue, in honor of Miss Doris Gawthorne, the occasion being the young lady's fifteenth birthday. Refreshments were served and then the guests went to see the movies at the Empress Theatre. 1f

Owing to a typographical error in the report of the meeting of the school board, Mr. Patmore was made to say just the opposite of what actually occurred. He said he would rather pay the full cost of the college course than send his children to Vancouver. The report made him say he would rather pay and send them to Vancouver. 1f

GERMANS CAPTURE SPANISH MARKET

Quote Lower Prices and Get Business in Many Lines and Press Competitors to Wall

LONDON, April 7.—George White, an American, writing from Barcelona to the Daily Mail, says the Germans are making "a drive to secure the Spanish market in practically every line of industry" and says they are quoting prices irrespective of value in order to capture the market.

The writer gives several instances of the prices quoted by the Germans as compared with those quoted by firms of other countries. He cites the case where a big American firm offered a cement mill f.o.b. New York for \$110,000; the Germans bid on practically the same machine f.o.b. Hamburg for \$20,000 less.

The Germans, he says, are quoting cement delivered in any port in Spain at 100 pesetas which is about 20 percent below the standard price Spanish manufacturers ask. Tramway tickets they are offering at less than half the sum any of the local people can print them for and they guarantee delivery in four weeks as against three months.

The writer concludes that if the Germans continue their present program they are "going to drive many of the Spanish manufacturers to the wall."

NELSON CHOSEN AS NEXT CONVENTION CITY MINING MEN

PORTLAND, April 9.—The International Mining Conference has selected Nelson, B.C., as its next meeting place.

List your boats for sale with M. M. Stephens. 1f

REPORT OF C.P.R. COSTLY

Report Says Chicago Wage Added \$12,000,000 to Payrolls for Year.

CHICAGO, April 9.—The annual report of the Chicago and North Western Railway, which was presented to the shareholders in May, has been made public. It shows gross earnings for the year ending December 31, 1930, of \$11,319,300 and net earnings of \$3,123,011.60. After all expenses, including those of the pension fund contributed by the company, the net income for the year was \$2,587,771.77.

The expenses for the year were \$8,736,288.30, or 77 per cent of the gross earnings, and the net earnings were 23 per cent, as compared with 21.39 per cent and 23.12 per cent, respectively, in 1929. Gross earnings exceeded those of 1929 by \$2,289,000 and the net earnings by \$250,008. The large increase in working expenses is stated in the report as being due to the enforced application of what is known as the "Chicago wage" which added approximately \$12,000,000 to the payrolls for the year.

The report also shows that the railway's operating expenses, which are properly borne by the company, were \$8,736,288.30, or 77 per cent of the gross earnings, and the net earnings were 23 per cent, as compared with 21.39 per cent and 23.12 per cent, respectively, in 1929. Gross earnings exceeded those of 1929 by \$2,289,000 and the net earnings by \$250,008. The large increase in working expenses is stated in the report as being due to the enforced application of what is known as the "Chicago wage" which added approximately \$12,000,000 to the payrolls for the year.

NEW OIL TOWN NEAR SWANSEA

Great Prosperity Comes to District from Installation of Refinery

LONDON, April 9.—Renewed attention has just been called to the romantic story of the great industrial development in South Wales, a land of romance in industry, by the building of a new £7,000,000 "oil town" near Swansea, where vast oil refineries have been constructed.

The site of the new enterprise for the refining of oil brought there from the Persian Gulf is Skewen, between Neath and Swansea with homes for a population of 1,500 workers.

There within a boundary wall 15 miles in circumference a great oil company has built a new town, including stores, canteens, a post-office and, in fact, almost every adjunct for the comfort and convenience of the workers and their families who are to inhabit the place.

The undertaking is described as amongst the largest and most ambitious ever known even in South Wales where the great advances in industry have yielded more fortunes than in any part of the United Kingdom.

Magician's Wand
The town sprang into existence as if by a magician's wand on an arid waste, lying in a hollow basin surrounded by small hills. It is about 400 acres in extent and about five miles from Swansea. Towering tanks each capable of holding 1,000,000 gallons of oil now rear their heads above the village and at Swansea great docks and reservoirs have been constructed to receive the ships with their oil from the Persian Gulf and other oil-bearing regions of the Near East. As received, the oil will be pumped through pipes from Swansea through the new refining town and after refinement will be returned over the same route to Swansea for worldwide distribution.

This inaugurates an industry in South Wales which it is predicted will add new wealth to that already prosperous region.

SCOTCH HERRING INDUSTRY RESTRICTED

LONDON, April 9.—A joint committee, representing the Scotch and English herring industry, has drafted a plan under which this season's cure is not to exceed 900,000 barrels, of which Scotland will furnish about 500,000 barrels and England the remainder.

The catch will be restricted. When a Scotch steamer drifter has earned \$5,500 it will cease fishing. Scotch motor drifters will stop when their earnings reach \$1,150. At Yarmouth and Lowestoft steam drifters will discontinue fishing after earning \$6,500, and motor craft on earning \$5,000.

The project is dependent on a grant of \$2,875,000 being made by the government, failing which, it is declared by those who have devised it, "the industry must come crashing to an end and ruin and unemployment follow in the coast ports dependent on the herring fishery."

PIONEER HERE FOR 13 YEARS

Arthur Little has Weathered the Storms and is in Smooth Waters

There was a cool North wind swooping off Mount Moose bringing occasional flurries of snow on to what little there was of Prince Rupert thirteen years ago today when the old reliable Camosun warped into the small T dock and a man of middle height, middle-aged, thick of and cheerful countenance disembarked.

He carried no baggage, but under his arm there was a wad of Vancouver papers. He watched the ship's derrick remove three boxes containing apples, oranges and candies from the hold. With the assistance of a couple of long-shoremen he took these boxes to the wharf shed, opened them and Little's newstand was established.

Unbounded Optimism
There was Arthur Little's worldly wealth—a few oranges, apples, candies and newspapers. But he had something else and that was unbounded optimism and a cheery good nature. The optimism has not waned, and the good nature has endeared him to most every man, woman and child in Prince Rupert and he has been successful too.

The row of boxes shortly grew into a good sized stand on Centre Street and with the removal of quarters from railway reserve, Arthur Little moved up town to his present location on Third Avenue, later opening again at the waterfront in the steamship waiting room.

His Dank Roll
The bank roll, according to all reports, has also grown. The first May 21 that the "old man" was here, a canvasser came to him, and asked him for a donation towards a celebration and he put his hand in his pocket and drew out a \$5 bill—it was all the money he had. But there was a record day's business that celebration and there have been many good ones since, saying nothing of the dull ones, and on the bank roll at that counter he has the post-office and he will see where nickels have constantly dropped for a decade or more, until now, with opportunities well taken it is likely that almost any bank in the city would loan him his check well into the five figures.

Arthur Little has weathered the storms and has made good not only financially but socially. He has been the host for the village parliament for the past thirteen years, but if you notice he seldom takes the floor. However, he has sized the most of Rupert's citizens up, even if he did not hear everything that was said. If Arthur Little is prepared to recommend a man in this town that man must be all right.

And every body has a good word for Arthur Little, too. It is a mighty recent comer here who has not become acquainted with him and learned to like him. That cheery word and that readiness to do a favor has made him, perhaps, Prince Rupert's best liked man and if there was a popularity contest, Arthur Little would win it. "The industry must come crashing to an end and ruin and unemployment follow in the coast ports dependent on the herring fishery."

today and everyone hopes that it will be here another thirteen years, say, for what would Prince Rupert be without Arthur Little. There is no man or woman in the city we could so ill afford to lose and certainly no one would be more missed generally. So, Mr. Little, you have pushed through the tribulations of thirteen years, we wish you luck in many more to come.

CANADIAN NATIONAL PALATIAL OFFICES

Victoria is Lucky City to Secure Splendor of Equipment

The Canadian National Railways yesterday took possession of the new offices of the company at Government Street with the shifting of the freight officials from the former premises on Fort Street, says the Victoria Colonist. The process of gathering the various departments to the central location that has now been established will go ahead, and the passenger department will be installed in the splendidly-equipped new quarters as soon as possible.

The entire building has been taken over by the C.N.R., and the work of refitting and remodeling both upper and lower floors has been going on for some time. The termination of the old building is witnessing the installation of the Canadian National Railways into one of the most palatial office buildings in the city, outdoing in splendor and equipment, it is claimed, the premises of the company in every other coast city.

Two-color window cards take the eye quickly. See them at the News Job Department

Read the Advertisements.

The publishers of this paper draw your attention to the advertising columns, and particularly to the advertisements of the local merchants.

These merchants have invested their money in goods to satisfy the needs and desires of us all.

Their enterprise is a distinct service to our community. For this reason we should buy from them to the best of our ability and in so far as our needs and judgment of value dictates.

Then, too, the general commodities advertised in our columns are worthy of consideration. It is desirable that readers should ask merchants to supply advertised goods wherever possible. By doing so the cycle of trade is kept alive and inter-community commerce stimulated. We repeat—read the advertisements.

FAMOUS FOUR OARED SHELL

"Dunstan on Tyne" Has Been Model for All Rowing Racers.

PHILADELPHIA, April 9.—A four-oared shell, in which two world's rowing championships and a number of national championships were won, has just been presented to the Philadelphia Barge Club by Ellis F. Ward, former rowing coach of the University of Pennsylvania.

Built in 1869, the thin cedar craft had been in continuous use up until two years ago and is still in good condition and although a little narrow, has been used as a model by boat builders in this country for years. It is 12 feet long.

Originally the shell was built for an English crew, the Ben-forths, who rowed against the Paris crew of St. Johns, New Brunswick, for the world's championship. This was the first race in which the shell was used and the English crew won. The boat was named the "Dunstan-on-Tyne."

Shortly afterward the shell was purchased by the mayor of Pittsburgh as a souvenir.

Record Still Stands.

In 1871 another match race was arranged for the championship of the world, to be held at Saratoga Lake. Ellis Ward and his three brothers had gained the reputation of being the best American blade welders, but were without a shell. They ordered a new boat from Robert Jewett, of England, who built the "Dunstan-on-Tyne" but he disappointed them. Shortly afterward they received a telegram from the mayor of Pittsburgh offering to sell them the "Dunstan-on-Tyne." The Wards accepted. They found the boat narrow and hard to "set up," but they soon mastered it.

The race was rowed over a four-mile course, and the Wards won, setting a new record of 24 minutes, 40 seconds, which still stands. They defeated two English and three American crews.

SUMMARY OF OLYMPIC GAMES

Report Tells of Attendance at Various Events at Antwerp

ANTWERP, April 9.—The Olympic Games of 1920 were a success from both a financial and attendance standpoint according to a complete and detailed statement issued by the Belgium Olympic Executive Committee. The attendance and receipt figures attached to the report show that the keen interest displayed in the soccer football play helped greatly to lift the international competition across the line which divides failure and success.

While only 28,665 persons, all told, paid admission, other than holders of season ticket holders to the stadium, to witness the athletic games in which America triumphed, 63,612 persons paid to see the Olympic football games.

A total of 219,689 persons paid to see the Olympic games, including ice hockey, and all other sports, and, according to the committee, this number exceeded the attendance at Stockholm, and put the 1920 Olympiad on an attendance footing equal to that of most of its predecessors.

The detailed report, showing attendance at all Olympic events gives an interesting index to the sport preferences of Europeans:

Ice Hockey	6,946
Bicycle races	835
Artillery	28,665
Gymnastics	16,795
Lawn Tennis	7,524
Wrestling and Boxing	15,158
Rowing	6,617
Swimming	24,549
Football	63,612
Horsemanship	11,251
Polo	1,140

WORK OF CLEARING RIGHT OF WAY TO PREMIER UNDER WAY

STEWART, April 9.—The work of clearing the right of way for the air line between the Premier mine and the wharf is well under way. The machinery has not arrived but it is expected soon.

THE "BIG THREE" IN FRENCH BOXING CIRCLES

Left, Georges Carpentier, heavyweight champion of Europe; right, M. Deschamps, his manager; in the centre, a second and sparring partner.

NEW YORK IN FAVOR DEMPSEY

Although Carpentier Has a Good Following, American Still Holds Balance of Odds.

NEFF DOING WELL, WANTS COME NORTH

In the course of his recent tour, Ben Self, who returned to town on Thursday, visited Madison Square Garden, the big New York boxing headquarters. He found opinion there fairly evenly divided as to the outcome of the proposed Carpentier-Dempsey heavyweight battle. Of course Dempsey is the favored man and odds are placed on him about 6 to 1 but despite this Carpentier is steadily gaining favor. While in the big city Mr. Self saw Tex Rickard, the famous promoter, but was not speaking to him.

Several contests were witnessed by Mr. Self and he saw Tommy Gibbons, the brother of Mike, in action. He is somewhat heavier than his champion brother and in the fight in which he was seen he delivered a knockout.

Chet Neff Seen.

In California Mr. Self met Chet Neff, the lightweight, who spent several months here last summer and who became quite a favorite in local boxing circles. He had just returned to Los Angeles from St. Louis when seen. He is now sporting a big touring car and looks quite prosperous.

Although he is getting good receptions wherever he goes in the south, Chet feels that he would like to pay a visit here again and has written to Roi Barnes, his local backer, that he will come back if two or three contests can be arranged. He would make this his headquarters and would probably visit Alaskan cities and towns on the prairies. It is possible that if things pick up here he may be sent for again but nothing definite has yet been arranged.

Sport Chat

The last of the series of billiard games for the McMordey Cup between the Wanderers and Prince Rupert Clubs will be played this evening. The teams are lined up as follows for the tournament:

- At the Wanderers Club—R. O'Clock, P. L. Palmer (Prince Rupert) vs. J. Howe (Wanderers); 9 p.m., J. H. McMullin vs. R. H. Sheekley; 10 p.m., J. Scott vs. Fred Stephens.
- At the Prince Rupert—L. 30, S. P. McMordey vs. G. P. Tinker; 9 p.m., J. H. Pillsbury vs. C. L. Youngman; E. A. Wakenfield vs. S. King.

If you wish to live long, walk. Walkers live to a ripe old age. "Lepper" Hughes, famous pedestrian, is dead at seventy. He was called "Lepper" because of his eight foot bounds while walking. Thirty years or so ago he thought nothing of walking twenty-two hours a day for six days. In these off-time times, with motor cars and other means of rapid transit, men consider it a hardship if they have to walk an hour a day. Thus men do not now get proper exercise and do not live long. George Littlewood, Charlie Rowell, Jimmy Albert, John Ennis, Gus Guerrero and Pete Hegelman took part in six day races with Hughes thirty-five years ago and are still living. Weston, famed from coast to coast as a walker, lived long. Walk five miles a day, or longer if possible. Do not stroll merely, but walk. You will double the years of your life.

The International Sporting Club of New York which has been instrumental in the framing of modern boxing, has decided to take the initiative in forming a national association to control wrestling. It is the intention to prohibit all holds that are merely punishing in effect and thus the head lock, toe hold and body and head scissors would have to go. In fact it is the intention to do away with all holds where the contestant is forced to give way on account of unbearable pain. Such holds are not only brutal, but they tend to prevent the wrestlers from putting forth their best efforts by using objectionable holds which are neither spirited or scientific. Jack Curley, who has practised controlling wrestling in the East for many years is in favor of the new association and its rules.

HOSPITAL SALE

Home Cooking and Raffles in Charge of Mrs. Morrissey and Mrs. Pringle

A sale was held in the Red Cross Hut yesterday afternoon in aid of the General Hospital in charge of Mrs. D. W. Morrissey and Mrs. T. C. Pringle, the total receipts being \$29.65.

The winners of the raffles were as follows:

- Box of cigars, donated by G. W. Nickerson & Co., Limited, won by Mrs. G. C. Walker.
- Plate donated by a friend, won by Mrs. T. C. Pringle.
- Box of Cans, donated by Lanzey's Grocery, won by Mrs. H. Lipsell.
- Salmon, donated by Mrs. J. L. Christie, won by G. Graham.

Members of the committee say they could have disposed of more home cooking. They wish to thank the donors for things sent

COLLECTION OF UNUSUAL MERIT

Indian Agent Perry Has Most Interesting Exhibit of Native Handicraft in Office.

C. C. Perry, Indian agent for Skeena River division, has just recently completed the assembling of what is probably the most complete and most handsome collection of Indian handicraft north of Vancouver. This week he was offered \$1,000 cash for it. The collection is made up largely of baskets, there being 150 single pieces of all sizes and shapes ranging from the smallest, 3 inches by one inch, to the largest, 22 inches by 19 inches. The pieces have been gathered by Mr. Perry since he became Indian agent here some ten years ago.

The baskets were worked by the natives out of spruce roots, cedar bark and different varieties of grasses. In many of them designs have been woven in with different kinds and colors of strands while others have been painted with the native paint of burnt stone and salmon eggs. What is considered the finest basket of the whole collection is one from Agassiz into which four deer have been woven. Snowflake and tree designs characterize many of the baskets where the designs are thus woven in. There are also a number of mats and other articles in the basketry section of the collection.

Included in the collection are also eight totem poles and several paddles. Two of the poles are seven feet high and one of the smaller ones is surmounted with an eagle carved out of wood, which is almost perfect in workmanship and resemblance to the natural object.

Another interesting object Mr. Perry has in his office but which does not form a part of the collection is a circular piece of the mahogany compass base of the vessel Susan Sturgis which fell victim to the depredations of the Haida Indians in 1852. This boat was run ashore at Rose Spit by one of the Edenshaws of an earlier generation and was pillaged by the wild Haida hordes, the crew being held for a high ransom. The compass base is exquisitely carved and the holes in which the compass were fastened have been filled in with abalone.

From Many Parts. The collection comprises pieces from the Haida tribe, of the Queen Charlotte Islands; Tsimpsian, Port Simpson and Melikalla; Salish; West Coast of Vancouver Island tribes; Fraser River, Thompson River, Agassiz, North Vancouver, Nanaimo, Nishkas of the Naas River; Owekanos of Bella Coala district, and Kwakwaka'wakw of Alert Bay.

Included in the collection are also eight totem poles and several paddles. Two of the poles are seven feet high and one of the smaller ones is surmounted with an eagle carved out of wood, which is almost perfect in workmanship and resemblance to the natural object.

Another interesting object Mr. Perry has in his office but which does not form a part of the collection is a circular piece of the mahogany compass base of the vessel Susan Sturgis which fell victim to the depredations of the Haida Indians in 1852. This boat was run ashore at Rose Spit by one of the Edenshaws of an earlier generation and was pillaged by the wild Haida hordes, the crew being held for a high ransom. The compass base is exquisitely carved and the holes in which the compass were fastened have been filled in with abalone.

AMATEUR AND OPEN GOLF CHAMPIONSHIPS

LONDON, April 9.—Entries for the British Amateur and Open Golf championships close on April 23 and May 18 respectively, according to an announcement by the Royal and Ancient Club of St. Andrew's. The amateur play will take place over the Royal Liverpool course, Hoylake, commencing May 23. The open championship is scheduled for the Old Course, St. Andrew's on June 23 and 24.

In Skeena Land District, Recording District of Coast, Range 5, and situated at head of Union Bay, adjoining lot 199. Take notice that Norman R. Brodhurst, of Prince Rupert, occupation master mariner, intends to apply for permission to purchase the following described lands:— Commencing at a post planted on the south line of lot 199, thence east 20 chains; thence south 20 chains; thence west 20 chains to shore; thence along shore to post and containing forty acres, more or less. NORMAN R. BRODHURST. Dated January 26, 1921.

LAND ACT

Notice of Intention to Apply to Lease Land.

In Skeena Land District, Recording District of Coast, Range 5, and situated at head of Union Bay, adjoining lot 199. Take notice that Norman R. Brodhurst, of Prince Rupert, occupation master mariner, intends to apply for permission to lease the following described lands:— Commencing at a post planted on the south line of lot 199, thence west 5 chains more or less to low water mark; thence southerly 20 chains along low water mark; thence east 5 chains more or less to high water mark; thence northerly along high water mark to post, containing 7 acres, more or less. NORMAN R. BRODHURST. Dated January 26, 1921.

DEPARTMENT OF PUBLIC WORKS

NOTICE TO CONTRACTORS. Seal and specifications for THE ARM SHORE ROAD CONSTRUCTION, will be received by the Honorable the Minister of Public Works up to 12 o'clock noon, Saturday the 27th day of April 1921, for the building of a sixteen foot roadway from the Town of Alice Arm to proposed Dominion Government Wharf, Alice District. Plans, specifications, contract and forms of tender may be seen on and after the 14th day of April, 1921, at the office of S. L. Carstairs, Engineer, Prince Rupert, B. C., the office of the District Engineer, Court House, Vancouver; office of the Government Agent, Anyox, B. C., and the Department of Public Works, Victoria, B. C.

Contractors may obtain a copy of the plans and specifications for Ten Dollars (\$10.00) which will be refunded on their return in good order. Each proposal must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for a sum equal to ten per cent (10%) of tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work satisfactory to the Government. Tenders will not be considered unless made out on the forms supplied and signed with the actual signature of the tenderer. The lowest or any tender not necessarily accepted.

P. PHILIP, Public Works Engineer, Victoria, B. C., March 31st, 1921.

LAND ACT

NOTICE OF INTENTION TO APPLY TO PURCHASE LAND.

In Prince Rupert Land District, Recording District of Coast, Range 5, and situated on an island lying off the north coast of Forster Island. Take notice that E. Julius Hadland, of Prince Rupert, B. C., occupation carpenter, intends to apply for permission to purchase the following described lands:— Commencing at a post planted on an island about 1,500 feet northwesterly from lot 1227, Range 5, Coast District, thence around the island to the post, the commencement and containing 14 acres, more or less. JULIUS HADLAND. Dated March 3rd, 1921.

ARE PLANNING TO OPERATE LA ROSE

Owners Reached City Last Night from Alice Arm

Miles Donald, Joe Wells and J. M. Morrison, operators of the La Rose mine at Alice Arm, reached the city on Thursday night's boat from the North. Mr. Donald and Mr. Wells are remaining here until tomorrow when they will return North and Mr. Morrison continued south to Victoria where Mrs. Morrison is visiting at her home.

Plans are being made to operate the La Rose mine again this season and work will commence as soon as the snow is cleared away to allow for packing in of supplies. The La Rose mine is located near the Dolly Varden Railway about six miles from Alice Arm.

STEWART CITIZENS WANT INFORMATION DIVIDING PROVINCE

STEWART, April 9.—A mass meeting of citizens at the Stewart Hotel called to discuss the desirability of dividing the province, passed a resolution, "That we are fully aware of the necessity of securing more adequate recognition of the requirements of the northern portion of British Columbia and are prepared to give whole hearted support to securing the same, but be it resolved that before endorsing the recommendation for the formation of a new province, we ask the Prince Rupert Independent Political Association for more information and data."

WOULD COST A HALF MILLION FOR COW BAY

Board of Trade Receives Discouraging Reply from Ottawa Minister of Public Works.

The following letter has been received by the secretary of the Board of Trade from Hon. J. H. McCreedy, minister of public works in the Dominion Government:

"I am in receipt of a letter, dated the 15th inst., from the chairman of the special Cow Bay committee of the Prince Rupert Board of Trade, who encloses a resolution of the above board asking the dredging of the inner harbor of Cow Bay in the harbor of Prince Rupert to a sufficient depth of water at all stages of the tides for safe entrance and anchorage, and for the provision of wharves and landing stages, and other facilities necessary for the speedy handling of business between boat and shore.

"The dredging of Cow Bay, or Cameron Cove, Prince Rupert, to a depth of 7 feet at low water was investigated by this department's engineers in 1918, following receipt by the department of a petition from a number of residents of this city, including Joseph Sigmund, J. H. Harrison, Lewis Jarvis, Robert E. Johnson, and others.

"It was found, on examination, that the Cove has an area of about one and one third acres, the present level of the bottom of the Cove being about ten feet above low tide. The Cove is connected with the harbor by an entrance under a steel railway span of the Canadian National Railways, the span being 30 feet wide.

Cost Excessive.

"The material to be dredged is practically all solid rock. The estimated cost of doing the work is as follows: 6,000 cu. yd. gravel and mud @ 25c \$ 1,500.00 51,000 cu. yd. solid rock at \$10 510,000.00 Total \$511,500.00

"While the improvement would if carried out as above, make an excellent harbor for small boats, it would appear that the expenditure involved would preclude the possibility of the department considering the matter at the present time."

GRANBY BUSY SWAMP POINT

STEWART, April 9.—The Granby Company is going a good deal of work on their property at Swamp Point. The property is being opened up with a view to shipping ore. Twenty-five men are engaged there in charge of A. B. Wing, one of the old employees of the company.

SMITHERS

Active development of the Aving coal property near Telkwa was assured last week when word was received by cable from J. G. Wood, of the Rattenbury Lumber Co., announcing that his company had secured a large financial interest in the property which is now being operated by John Gillespie, of Telkwa.

The following officers were chosen for the Smithers Tennis Club at a meeting held last week at the home of Mrs. I. Angus: President, T. A. McMartin; Vice President, R. E. Gabe; Secretary-Treasurer, G. J. Heffernan.

J. C. Skoad, who was in charge of operations of the Northern B.C. Lumber Co. near here last year, is back again looking over the ground and feels confident that operations will be resumed again before long.

Two new rooms to be added to the local school were provided for in the estimates of the legislature at the recent session.

The Smithers Boy Scouts finalized 8221 for their building fund at a successful dance held last week. The prize winning costumes were worn by Miss Cunningham, Hazelton, P. Elsey, Mrs. P. Berg and Miss Wattie, Hazelton.

Miss Violet McLachlan, of Kenora, is in Smithers visiting her sister, Mrs. T. T. Dunlop. Mrs. Charles Barrett is also a guest here of Mrs. Dunlop's.

PRINCE GEORGE

Inspector Parsons, of the Royal Canadian Mounted Police, returned on Monday from a trip into the wilderness north of here, bringing with him two Indians, Eugene and David, of the Carrier Lake, who are wanted for the killing of an ex-Austrian officer, named Popich, in 1914.

Miss Rose Rafferty, Miss L. E. Milligan, Miss Edith Gibson, Miss Eileen Robinson and Principal W. P. Beal, of the Prince George schools, attended the teachers' convention in Vancouver last week.

J. B. Denzell, of the Citizen staff, is back on a holiday trip to the coast. He was at Victoria when the P.G.E. appropriation bill was passed.

Mr. and Mrs. P. W. Steacey entertained a number of friends at the Alexandra Hotel Sunday evening, the event being the first anniversary of their wedding. The guests were: Mr. and Mrs. Lou Case, Mr. and Mrs. Thomas Ogg, Mr. and Mrs. S. J. Watson, Thomas Griffiths and Mrs. Herbert Porter.

WATER ACT, 1914.

NOTICE IS HEREBY GIVEN that the Governor of the Province of British Columbia by and with the advice of His Executive Council has been pleased to order:

That pursuant to the provisions of Section 59 of the Water Act 1914 being chapter 81 of the Statutes of 1914 that the reserve of the unincorporated waters of Bear Lake, McMullin Creek and Marmot River in the Prince Rupert Water District established by order-in-council numbered 948 approved on the 14th day of December, 1910, be cancelled in so far as the said reserve pertains to the waters of Marmot River in the Prince Rupert Water District and that notice of such cancellation be published for three months in the B. C. Gazette and for three months in one issue each month of some newspaper published in the Prince Rupert Water District, dated this 24th day of March, A. D. 1921.

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. It is any woman's fault that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Millburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N. S., writes:—"I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Millburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont. ADVL.

STEWART

The Stewart Citizens' Association has passed a vote of thanks to Constable Bayler, of the R.C. M.P., for having kept the trails to the school and hospital open during the winter.

Homer Fieckel, William Janowski and Henry Seovil have taken out contracts for clearing of part of the right of way for the proposed Premier tram line.

The first of the machinery for the Premier mine aerial tramway has arrived here.

R. L. Clothier and C. S. Baker have opened an assay office in Stewart.

Two Causes, One Effect

Bobby was telling of the breakfast table how he had fallen out of bed.

"That was because you slept too near where you got in," said his sister.

"Wasn't either!" he retorted with scorn. "It was because I slept too near where I got out."

WATER ACT, 1914.

NOTICE IS HEREBY GIVEN that the Governor of the Province of British Columbia by and with the advice of His Executive Council has been pleased to order:

That pursuant to the provisions of Section 59 of the Water Act 1914 being chapter 81 of the Statutes of 1914 that the reserve of the unincorporated waters of Bear Lake, McMullin Creek and Marmot River in the Prince Rupert Water District established by order-in-council numbered 948 approved on the 14th day of December, 1910, be cancelled in so far as the said reserve pertains to the waters of Marmot River in the Prince Rupert Water District and that notice of such cancellation be published for three months in the B. C. Gazette and for three months in one issue each month of some newspaper published in the Prince Rupert Water District, dated this 24th day of March, A. D. 1921.
T. B. PATHELL,
Minister of Lands.

LOCAL PORK PRICES TAKE QUITE A DROP
General Reductions in that Line; Seasonal Changes Noted.

A drop in the prices of pork and pork products is a noticeable feature of this week's market list. In the fruit and vegetable lines there are a few seasonal changes and the prices generally show a downward trend. Potatoes are now selling in the city at \$1.75 per hundred.

Following is this week's revised list:

ROAD TO PREMIER MINE WAS COSTLY

STEWART, April 9.—The Premier Mine road account last year amounted to \$430,000. While this is a large sum it will not seem so large when it is considered that during the year just completed over a million dollars' worth of ore was shipped.
