PRICE, FIVE CENTS

West Peterboro Election Causes Stir

LIBERAL ELECTED BY LARGE PLURALITY AND GOVERNMENT MAY RESIGN

Liberal Elected by Big Majority in West Peterboro Defeating All Comers

tionist Candidate came Second with Farmer Fourth and Labor at the bottom of the list; Whole Country Watching the Result

General Election Thought Imminent in Near Future

Government Will Must Scarcely Twenty Majority on Important Votes; Possibly Short Session Before Dissolution

PETERBORO, Ont., February 8.—G. N. Gordon, a straight Liberal, was elected by a large plurality yesterday in the West Peterboro election caused by the resignation of John H. Burnham in protest against the continuation in office of the present government. There were five candidates in the field and the returns give Gordon a lead of 1321 over Denne, the figures being:

G. N. Gordon, Liberal, 4163.
Roland Denne, Unionist, 2844.
J. H. Burnham, Conservative, 2487.
A. C. Campbell, Farmer, 2497.
Thomas McMurray, Labor, 1011.

The eyes of the whole country have been on Peterboro as it has been said that which ever way Peterboro goes the country follows. The fact that all parties were represented gives some of their relative standing. Gordon, the winner, was not a popular man but he represented a popular cause. Denne was popular and it was thought he would win on his personality.

General Election Probable.

OTTAWA, February 8.—The imminence of a general election is discussed here as being the probable result of the Liberal victory in West Peterboro. A strong section of the Government supporters favor a general appeal to the people and the adoption such a course will not cause much surprise.

In well informed quarters, if the Government decided to dissolve Parliament the dissolution would probably come following passing of supply.

Strength of Parties.

The Government supporters now number 131 and it is expected some of them will cross the floor of the House at the opening session.

The Liberals number 80 and the National Progressives 16. Unless there is a pretty full attendance it will be hard for the government to muster a majority of over 20 on any important

The Borden Government had a bargain majority of 71.

ISS REFUSE TROOPS CROSS

of Nations May Not Send Them Through Switzerland.

ERLIN, Feb. 8.—The Swiss Council has refused permission by Switzerland for armed troops to be sent by the League of Nations to Vilna to maintain order during the forthcoming elections to determine the results of sovereignty.

Coast Hockey.

THOSE INTERESTED IN TIMBER INDUSTRY

Lumber Manufacturers, Loggers and Logging Operators; a meeting for the purpose will be held on February 11, at 2.30 p.m., in the Board of Trade Rooms, Prince Rupert, B.C., to attend send proxy to E. F. DUBY, Secretary pro tem.

UNEMPLOYMENT AND TRADE DEPRESSION IN OLD COUNTRY

Levy on Capital, Says Sir Robert Horne, Would Bring Disaster.

LONDON, Feb. 8.—Sir Robert Horne, president of the Board of Trade, in a speech at Sheffield last night, said the gravity of the unemployment situation and the depression of trade could not be exaggerated, but there were slight signs of a revival of trade and a few months might see considerable change. A levy on capital, he said, would paralyze trade and bring disaster to the country.

MRS. RALPH SMITH REFUSES SPEAKERSHIP

VICTORIA, Feb. 8.—At cabinet council yesterday it was decided that Mary Ellen Smith would be elected speaker of the Legislature. This morning Mrs. Smith refused the appointment and another government caucus was held at 11 o'clock to consider the situation.

CONVENTION TOMORROW

Associated Board of Trade Meet at Vancouver to Discuss Many Subjects

VANCOUVER, Feb. 8.—The annual convention of the associated boards of trade convenes here tomorrow and 58 boards out of 60 will be officially represented.

Among the important discussions will be one based on a resolution urging the extension of the P.G.E. into the Peace River country. This is being favored by Peace River delegates and also by those from Prince George. Many other subjects of provincial interest will be before the convention.

INDIAN BABY DEAD FROM POISON PILLS

Circumstances are Peculiar and Police are Investigating—Inquest Will Be Held.

A six months old Indian baby, Celeste Wesley, died in the General Hospital last night at 8:30 shortly after admission, and an inquest has been ordered, the police are now investigating the circumstances.

It is said that the child died of poisoning as a result of having been given bi-chloride of mercury tablets in mistake for baby tablets. The parents live on Eighth Avenue West.

Proclamation of Emperor George of India to the Princes of New Chamber

LONDON, February 8.—The Indian office issued today the text of the King Emperor's proclamation summoning the ruling princes and chiefs of the states to the inauguration of the Chamber of Princes.

The proclamation says the problems of the future must be faced in the spirit of co-operation and mutual trust. The Emperor said he hoped the princes would regularly participate in the deliberations of the chamber, although attendance there was not compulsory.

GOVERNMENT WINS RIDING

Hon. C. D. McPherson, Manitoba Minister, was Successful at Lakeside.

PORTRAGE LA PRAIRIE, Feb. 8.—Following a sharp ten-day campaign, Hon. C. D. McPherson, provincial minister of public works, has been re-elected to the Manitoba legislature for Lakeside with a majority over E. H. Muir of 600 which cannot be affected by the one poll to hear from.

Premier Norris stated that irrespective of the result of this election he would convene the legislature and would hold office until he was defeated by a vote of the house or until the legislature was brought to a normal conclusion.

First Definite Action Toward Cow Bay Clean Up

City Council Council Deedes to Offer to Trade Riparian Rights for 300 Feet of Waterfront Outside

The city council has ordered a letter to be sent to Hon. T. D. Pattullo, minister of lands, offering to exchange the municipal riparian rights in Cow Bay for 300 feet of waterfront east of Cow Bay. This would allow for the filling in of Cow Bay by the railway company and the council has adopted the report of its special committee comprising Mayor Rochester, Alderman Kerr, Alderman Dybahn and Alderman Perry, placing 300 feet of waterfront as "adequate" suitable. It was notable that two members of the special committee voted against the committee's report, these being Mayor Rochester and Alderman Kerr.

The discussion was opened last night by Alderman Parker moving and not until a plebiscite was taken. He seconded Ald. McNeill's that the letter offering 300 feet amendment, as a basis of settlement be sent to the minister of lands.

Opposes Move. Mayor Rochester. "We are here laying the letter on the table until

Alderman McNeill rose in opposition to the sending of the letter to advance our personal views. I moved an amendment think all the aldermen are sincere that the letter be laid on the table in their stand but in the recent

until such time as a plebiscite election I stood for an open Cow Bay could be taken. "I think it is Bay as I have done for three

foolish for the council to go down years and do now, I think no in writing and lay down its card move should be made to close it on this matter," he said. "The up until it is really necessary, proper time to do this would be Now that the city is proposing when the railway decided how bringing in perhaps thousands of much trackage it is going to have tons of rock for street work it would mean a great saving to land in the bay. A letter might be written to the government but I can see no reason to declare ourselfs definitely."

Light Draft.

Ald. Parker pointed out that only a scow of light draft could get into the bay and it would be impossible for a tug boat to take it in and as the property belongs to the railway company it could block the landing of any material for the city. If the city had its permanent waterfront outside, a gridiron could be put in at small cost or they could start permanent development.

Ald. McNeill said that he understood Cow Bay could be made deeper without any great expense so that scows could be taken right up to the city line.

Three Oppose.

The amendment to lay the letter on the table was then put and was lost. Mayor Rochester and Aldermen Kerr and McNeill being the only members to vote for, while Aldermen Dybahn, Parker, Silversides, Frizzell and Perry voted against the amendment.

The motion to send the letter to the minister of lands was then carried on the same division. Ald. Kelly was not present.

Legislature Opened By New Governor

Social Function in Connection with Opening Ceremonies; Useful Program of Legislation is Promised

VICTORIA, Feb. 8.—Lieutenant-Governor Nichol officiated for the first time at the opening of the Legislature when this afternoon he read the speech from the throne at the formal opening this afternoon at Victoria.

The address in reply to the speech from the throne was moved by Ian Mackenzie of Vancouver and seconded by H. G. Perry of Prince George. After the introduction of a bill and the submission of a report the House then adjourned until tomorrow.

As usual the opening of the Legislature was a social event of considerable importance. Invitations had been issued beforehand to representative men and women and in addition the public galleries were crowded.

A guard of honor of returned men met His Honor in front of the Parliament Buildings and all were in their places as he entered the legislative hall. On finding that a speaker had not yet been elected the Lieutenant-Governor retired and returned shortly afterwards and read the speech.

Speech from Throne.

In the speech from the throne the Governor reminded the House that they had been called to give effect to the will of the people in regard to the sale of liquor.

Reference was made in the speech to agriculture and it said the House would be asked to provide money for subsidizing the use of explosives in clearing land for agricultural purposes and assist bona fide mineral prospectors.

While the timber industry had suffered decline in the last half year, the outlook was improving, and legislation will provide for a short extension of time for payment of timber license fees in arrears.

Mining Regulations.

An amendment to the coal mines regulation act is promised and further provision will be made for the safety of coal miners.

It is the intention of the Government, the speech states, to extend the health, work and acquire Tranquille Sanitarium. A system of rural district nurses will be extended.

Three important links in the international highway will be completed during the year.

There will be consolidation of the Companies Act.

Labor Legislation.

Attention is called to the draft conventions and recommendations accepted at the International Labor Conference in Washington in accordance with the Labor Party scheme at the Treaty of Versailles. Legislation will be submitted in line with this, within the provincial sphere.

Co-operation in All Lines of Endeavor.

Co-operation is desirable in all lines of endeavor. In the sphere of religious activities, the Anglicans and Presbyterians have shown a fine sense of the fitness of things by agreeing on a system of co-operation in the mission fields of this country. There is to be no attempt to elbow the other out or to overcrowd any particular place by reason of denominational ambition.

The same spirit may be carried into every line of activity. Wholesome competition is useful in that it tends to betterment, but cut throat competition is injurious. In business today there is a tendency to get together and all work for the good of the community. In the various businessmen's clubs, which are the fashion today, such as the Rotary Club, the motto is "service." They recognize that service to the community is the first duty of a businessman. Necessarily he expects to be paid for that service, but it is the service and not the money making that should be the first aim.

Much Interest Taken**In Session of Legislature.**

Much interest is taken in the session of the Provincial Legislature which opens at Victoria today. In the first place everyone is anxious to know exactly what the provisions of the new liquor bill will be. There will be a good deal to do in connection with making specific regulations in connection with the sealed bottles, which will be on sale at the government dispensaries.

There will be other legislation, but on the whole it is not expected the session will be a long one. As a rule we are afflicted with too much legislation instead of too little. Legislation does not help us much. Usually increased legislation means increased taxation and no one is anxious for that just now. Taxation has almost reached the limit.

Another Effort to Settle Irish Question.

While we are not directly affected here, everyone would like to see a settlement of the Irish troubles. This has been a live question for at least a generation. It is more to the fore today than ever it has been, and its settlement is puzzling the brains of the ablest men in the Empire. The difficulty with the Irish is that they are Irish, at least that is what an Irishman says of them and he ought to know.

Why Be Always Talking of Weather?

Why be always talking about the weather? Everyone knows about it so why discuss it? The only thing interesting about it is in the matter of comparison, either with similar weather at some other time or with the weather at some other place, and even that is a dreadfully dull subject of conversation.

Gats or rats or dogs or pigs are much more interesting subjects to talk about than weather. Even ladies' hats or men's styles are miles ahead of the weather so far as intrinsic interest, science and art seem seldom to be heard of, either at the dinner table or at other places where people congregate. Sport is popular in some circles, but the weather, the horrid weather, the most inane subject in the universe, is on everybody's tongue and yet no information is ever imparted in regard to it that is worth a moment of thought.

Low, 7:53 a.m., 7.1 feet.
20:16 p.m., 4 feet.

Wednesday, February 9.

High, 2:28 a.m., 20 feet.
14:23 p.m., 20.5 feet.
Low, 8:23 a.m., 6.8 feet.
20:44 p.m., 4.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

Two-color window cards take the eye quickly. See them at the News Job Department.

LAND ACT.**Notice of Intention to Apply to Purchase Land.**

In Cassiar Land District, Recording District of Prince Rupert, and situated about one and one half miles east of the townsite of Alice Arm, and adjoining lots No. 51 and 52.

The notice that I, Joseph Edgar Trethewey of Port Hammond, occupation farmer, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the southeast corner of lot 51, running 80 chains north; thence 40 chains east; thence 80 chains south; thence 40 chains west to point of commencement, and containing 320 acres more or less.

JOSEPH EDGAR TRETHEWEY,
dated November 23, 1920.

Notice of Intention to Lease Land.

In Skeena River Mining District, Land District, Recording District of Alice Arm, B.C., and situated at mouth of Louis Creek adjoining Silver City, B.C.

The Man in the Moon

SAYS:-

DOUBTLESS it is when the old maids look at the other girls' husbands that some of them decide to remain old maids.

SOME old maids are old maids because they want to be, others because they have to be.

SOME women get married because they can't make a living any other way.

WHEN a woman gets so that she won't quarrel with her husband, you may be sure she is resigned to her fate and has made up her mind not to get any more pleasure out of life.

AMONG the things that won't get you anywhere is going out in a straw hat in a real Prince Rupert zephyr.

TALKING of Ford cars some would-be funnyman says after a crank it goes nuts and bolts.

AMONG the things that don't get you anywhere in Prince Rupert is going to a dance before ten o'clock.

A MAN was walking up Third Avenue when he was struck on the head during the gale yesterday. It was simply the rents falling. Happily for the landlord, this is a rumor.

IN view of the number of grass widowers living in Prince Rupert it's queer there should be so little grass here.

A LADY passing along Second Avenue and seeing a poor woe-begone man strolling aimlessly toward Section Two, remarked: "Poor man! Are you married?"

THINGS are not always as bad as they are painted—Complexions, for instance.

ONE thing certain is that no one suffered from a lack of fresh air yesterday.

THERE are a lot of things that don't get you anywhere but the most effective thing we know is starting a rumor in Prince Rupert. It beats the fastest airplane the way it travels.

Ten Years Ago in Prince Rupert**February 8, 1911**

After one of the most exciting and bitterly contested elections Mayor Hi Gill was last night re-elected by the citizens of Seattle and George W. Dilling elected in his stead by a majority of 6,000. Gill was charged with harboring vice and misconducting his office.

After four days at the mercy of the waves, when their boat Porcher was wrecked on Zayas Island and they were cast ashore on the desolate island, Frank Engler, his son and Jack Hill have returned to port on the Prince Rupert. A gallant rescue was effected by Capt. Wm. Wearnough, Chief Officer Donald and Second Officer H. L. Robertson.

A marriage of much interest in Prince Rupert was recently solemnized in the Roman Catholic Cathedral, Seattle, when Olier Best was wedded to Madame Astaud.

The city council has decided to give the local telephone girls a raise from \$50 to \$60 per month.

HOME TREATMENT FOR COLD OR CRIPPE**Method Which Will Relieve a Cold in a Single Night.**

Every reader will be interested in a treatment which, on a record extending over many years, promises relief for even bad colds in a single night.

This remedy, under the name of Grip-Fix, is now sold at all drug stores. It comes in capsule form for convenience in taking, and assuring prompt action. It contains nothing but just the ingredients which are generally prescribed by physicians for colds.

It is a safe and reliable remedy, prompt in action, certain as to results.

Keep a box of Grip-Fix in the house so as to start treatment promptly as soon as a cold appears. By following the directions even a bad cold can be conquered in a night, and even a case which has developed to the gripe stage in 26 hours.

Be sure to get the genuine Grip-Fix, as there are many substitutes. On sale at all druggists, 35¢ per box.

STOP THAT TICKLING IN THE THROAT

by using
Dr. Wood's Norway Pine Syrup

That tickling in the throat sensation is most distressing and causes a nasty, irritating, dry cough that not only keeps you in misery all day long, but also prevents you enjoying a good night's rest.

Dr. Wood's Norway Pine Syrup, which is composed of the most soothing and healing expectorant herbs and barks combined with the lung-healing virtues of the world-famous Norway pine tree, will give almost instant relief in all cases of this nature.

Mr. E. A. Price, Port Carling, Ont., writes:—"For about a month last fall, I had a bad cold and cough and a tickling in my throat. I coughed nearly all the time. I tried different remedies and cough syrups, but could get no relief. A friend advised me to use Dr. Wood's Norway Pine Syrup, and before I had used two bottles, my cough was all gone, and gone for good. I have not coughed since."

Dr. Wood's Norway Pine Syrup is put up in a yellow Wrapper; three pine trees are the trade mark; price 35c, and 60c, a bottle at all dealers; manufactured only by The T. Milburn Co. Limited, Toronto, Ont.

Colonel Peck will not leave for Ottawa until the end of the week. The House opens on Monday but there is not much business done during the first few days of the session.

A very enjoyable dance followed the regular dancing class given by Mrs. Crewe in the De Luxe hall. Howard White's orchestra provided the music which was excellent.

After some discussion the mayor instructed the city engineer to make a personal inspection.

The Dry Dock juniors defeated the Junior Giants in last night's Juvenile League fixture by a score of 14 to 6.

The players were:

Dry Dock—G. Blythe, 12; G. Hills, R. Bell, R. Jacobson and P. Black, 2.

Junior Giants—Alex. Mitchell, 1; P. Johnson, 2; G. Edgar, 8; Joy and R. Mortimer.

Eva Baldane, a Mellakatta Indian girl, was sentenced to six months at Okalla this morning, having been found guilty of vagrancy. She was already out on suspended sentence and was brought in again last night by Constable Schreiber.

The board of works is soon to submit schemes to the city council for the development of municipal playgrounds, according to a statement made by Ald. Kerr, chairman of the board of works, at last night's council meeting. An appropriation to carry out these plans will go into the estimate for the year.

As a result of a report brought to the council last night by Ald. McNeill that the specifications in the Morse Creek bridge contract were being deviated from, it was decided to have the board of works report on applications for building inspector with a view to having a successor to Mr. Matheson being appointed to supervise public works in the city.

NOTICE.

On the recommendation of the finance committee, the city council will give a grant of \$100 to the Board of Trade which will cover the deficit incurred by the board last year.

A. Olsen appeared in the police court this morning and was fined \$10 and costs for drunkenness.

\$20 for wilful damage and had to pay \$11 for the damage he did to the city police cells when he was brought in after arrest.

Four halibut boats in this morning are holding over for sale until tomorrow morning. There are nine refrigerator cars left of the twenty arriving yesterday and four more are reported for tonight.

The boats in today are: Westfjord, 9,000 pounds; Tyee, 16,000 pounds; Chimera, 9,000 pounds, and Adeline, 2,000 pounds.

Busy Session for League of Nations**Reduction of Armaments, Establishment of International Court of Justice and Other Matters to be Dealt With**

NEW YORK, February 8.—Twelve important cogs in the machinery of the League of Nations, many of which are to be set in motion when the Council of the League convenes in Geneva, Switzerland, February 21, and the problems which await their action are defined in a forecast of the work of the League which has just been received here.

Arthur Sweetser, an officer of the American commission to the Peace Conference at Versailles and who is now attached to the League of Nations' secretariat staff, is the author of the forecast. He says the twelve cogs are really special commissions, the personnel of which will in some cases be designated by the Council at its forthcoming meeting.

The subjects that will be handled by the commissions are enumerated by Mr. Sweetser as follows:

Reduction of Armaments

Technical examination into the present condition of world armaments, now under way by the permanent Naval, Military and Air Commission of the League will be completed. In addition a temporary commission of experts in the political, social and economic world will be asked to submit plans for a reduction of armaments. The aim of this commission will be to get members of the League to agree not to exceed their present scale of armaments, to agree to a proportionate and simultaneous reduction in military budgets and to accept the principle of scientific and comprehensive reduction of armaments to the least figure compatible with national security. Investigation of the private manufacture of munitions and war material, denounced as "a source of danger to the world through an extended sole throughout the less civilized areas in Asia and Africa" will be undertaken.

International Court

Nominations of 11 judges, chosen for a period of nine years, are to be made next summer and the selections announced at the Second Assembly to be held in September next. The list of candidates will be prepared mainly by the Hague Court of Arbitral Justice and all nominees will be voted upon separately by the Assembly and the Council. So far 22 nations, including Great Britain, France, Italy and Japan, have signed the protocol providing for the court, whose adoption by a unanimous vote of the Assembly is held to be the greatest single advance the League of Nations has yet registered in international relations.

Two important problems which had to be decided before the court begins to convene were, first, should the court have the power of compulsory adjudication? And, second, should it be organized by resolution of the Assembly or submitted to ratification by individual nations? These questions were decided by the Assem-

Mandates

An international commission of nine members from non-mandatory powers, is to be appointed by the Council in accordance with an agreement reached on November 29. The question of mandates for the 13,000,000 or more people of Pacific Islands, South Africa, Turkey and Kiao-Chow, freed from Germany and Turkey by the war, opens one of the least advanced of all the League's problems. Tentative drafts have powers, so that the League is now proposed by the Allied in possession of the terms of all prospective mandates. These will be analyzed and, where necessary, possible changes recommended.

Economics and Finance

A permanent, centralizing, economic and financial organization is to be formed within the League by the appointment of an advisory economic and financial committee, the membership of which will be composed of leading world financiers and economists. This committee in a sense will be the successor of the Supreme Economic Council. It grew out of the Brussels International Conference and will be charged with the duty of considering the immediate application of that body's recommendations.

Other subjects to be dealt with by commissions are proposed amendments to the Covenant of the League, registration and publication of treaties between member nations, methods of applying the international economic blockade and means of providing funds for the secretariat and auditing its accounts.

Other commissions or organizations will take up methods of improving means of communication and transportation in Europe and co-ordination of international health organization in combating epidemics.

Humanitarian Work

Under the head of humanitarian work come such subjects as the Armenian massacres and the white slave and opium traffics, which are to be handled by the co-operation of several or all governments in the League. The United States, Spain and Brazil, at the Council's invitation, have agreed to use their influence to end the Armenian horrors and the Allied powers, through their representatives at Constantinople, are now ascertaining the best methods of approach.

Fifteen nations, including Canada, Persia, Siam, Austria, Bulgaria and Germany, are giving

KANTLEEK

A Rexall Product

It Can't Leak, Because It's Made in One Piece

EVER been scalded by a leaking hot-water bottle? This can't happen with a KANTLEEK.

KANTLEEK Hot-Water Bags can't leak. They are "one-piece" water bags—moulded from pure soft rubber into a single piece—no joints or seams. Most hot-water bottles are made in sections and cemented. Cement cracks—bag leaks!

We guarantee a KANTLEEK for two years—or a new bag free.

Ask to see the KANTLEEK. You may need it tonight.

THOMAS McCLYMONT BUYS CIVIC BONDS

Gives 95.41 Net for \$10,000 Worth
of City's Sewer Bonds.

The city council has authorized the sale of \$10,000 worth of five year six per cent sewer bonds to Thomas McClymont at 95.41 net. The sale is made on the recommendation of the finance committee. The same agency also offered to buy \$15,000 more of the city's small issues. The bylaw authorizing the sale of these sewer bonds was passed a year ago at the municipal election.

POLE MATERIAL

Four Firms Submit Tenders for
Brackets to City Council.

Tenders were opened at last night's council meeting for the supplying of brackets for the municipal pole lines and were referred to the utilities committee. The tenders submitted were respectively as follows:

Partington & Ling, \$121.86, \$212.98, \$295.61, \$52.67.

Parkin & Ward, \$120, \$223, \$310, \$56.

Canadian General Electric Co., \$121.86, \$212.98, \$295.62, \$52.67.

Northern Electric Co., \$118.78, \$220, \$305.25, \$54.40.

Elks	3	8	6

**1 Pill a Laxative,
2 Pills a Cathartic,
3 Pills a Purgative,**
This is the Way Millburn's
Lax-Liver Pills Work.

You will never use any of the old grueling nauseating sickening purging pills containing as they do calomel and other drastic mineral ingredients, once you use Millburn's Lax-Liver, a pill that is purely vegetable.

Owing to the great care used in producing the highest grade of drugs from which they are manufactured, they are as near perfect as it is possible to get a laxative remedy.

They work gently and effectively, without a grip or pain.

If you are troubled with constipation, hiccups; irritable with sickness; headaches; if your tongue is coated, your breath bad, your complexion muddy, your eyes yellow, having floating specks before the eyes, jaundice, itching, bleeding or protruding piles, stir up your sluggish liver with a few doses of Millburn's Lax-Liver Pills.

Mrs. Roy Mackie, Orillia, Ont., writes: "I desire to express my thanks for the relief I have had by using Millburn's Lax-Liver Pills. I had been suffering for some time from constipation and bad headaches. I tried all sorts of cures, which did me no good, until I was advised to try your pills. I got great relief after taking only a few doses."

Price 25c, a vial at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont. Adv.

TERRACE

Mrs. McGregor and daughter arrived from Prince Rupert on Monday.

Dr. Wilson, Superintendent of Presbyterian Missions, was in town last week.

Mr. Harlan of Prince Rupert came in on Wednesday's train.

D. D. Munro is spending a few days here.

Mr. and Mrs. G. Waite took their youngest child to Prince Rupert for medical treatment. She is now doing nicely.

A branch of the Skeena River Co-Operative was opened in the Post Office block last week.

F. Cook of the Ranson Company is in town at present.

C. R. Gilbert went to Hazelton on Wednesday, returning on Saturday.

Mrs. Frickman returned this week from the Prince Rupert Hospital and is staying with Mrs. A. Ross.

Mr. and Mrs. J. Cook entertained the residents on the Lakelse side of the river at a very enjoyable dance on Saturday evening.

Ewood Brooks left on Thursday for Vancouver.

Mrs. Little and Mrs. Monckton returned from Prince Rupert on Saturday.

W. Henderson cut his hand quite badly in the fly wheel of his engine, but is doing well under Mr. Campbell's care.

HAZELTON

It has been decided to hold a series of socials, whist drives and dances to secure funds for a piano for the New Hazelton School.

George B. Parent has returned to resume his duties as station agent at New Hazelton.

Mrs. David Donaldson and baby left last week for their new home in Toronto after an extended visit with her parents. Mrs. Wm. Grant, Mrs. Donaldson's mother, went as far as Smithers, where she visited her other daughter, Miss Jean Grant.

Dr. H. C. Wrinch leaves this week for Vancouver to attend an executive meeting of the B.C. Hospitals' Association.

BUSY SESSION FOR LEAGUE OF NATIONS

(Continued from page 4)

financial aid to combat typhus which has been raging in Eastern Europe more than a year.

An international conference on the white slave traffic is to be held this summer. A commission of three qualified residents of Armenia and Asia Minor, one of them a woman, is to be appointed by the Council to report on the traffic in women and children in that part of the world.

Opium Trade

Suppression of the trade in opium and other narcotic drugs, especially in China, is to be undertaken by an advisory committee, aided by experts from all the countries involved. The Netherlands' government, which heretofore has taken the lead in the suppression of the opium trade by co-operative action, has turned the whole problem over to the League.

In conclusion, Mr. Sweetser declared that "the months between now and September are going to be full of very careful and detailed study of every phase of League interest. The League," he asserts, "instead of slowing up, is going ahead with greater intensity than ever."

Never forget to look through the classified list.
