British Conservatives See New Epoch in 1932; World Waiting at Door

So Many Would Like to Do Business With Great Britain That it is Difficult to Decide Which to Choose, Declares Neville Chamberlain

BLACKPOOL, Eng., Oct. 6.—The Imperial Conference was lauded by Conservatives here today as "the crowning achievement of a wonderful year which is the beginning of a new epoch." Without dissenting voice, the annual conference of the Conservative party of Great Britain warmly congratulated the national government on the success of the Ottawa economic conference.

Optimistic

Rt. Hon. Neville Chamberlain who tells Conservatives that world seeks to do business with Britain.

"There never was a time," said Rt. Hon. Neville Chamberlain, Chancellor of the Exchequer, "that the Ottawa agreements prevented our bargaining with foreign countries. In fact, our only difficulty is now to choose which of all those countries standing at our doorstep anxious for the first time to make a commercial treaty with us—which of them we shall attach with first."

M'GLINCHY COMES OUT

Fears Entertained For Safety of Former Local Police Officer Near Prince George

VICTORIA, Oct. 6.—Constable McGlinchy of Prince George, missing in the bush while hunting grouse near Prince George, made his way out to the highway yesterday while fifty men were searching for him. He was unharmed and none the worse.

According to telegraphic dispatches to the Daily News, some anxiety is felt for the safety of Provincial Constable Hugh McGlinchy of Prince George, who is missing on a hunting trip near the interior city and for whom a search has been instituted.

Constable McGlinchy, according to the report, left Mrs. McGlinchy on the road in a car on the old Blackwater road thirty miles from Prince George and went into the bush to hunt for grouse. He failed to return to the road and, after waiting some considerable time, Mrs. McGlinchy reported the matter to the police.

WELL KNOWN COUPLE WED

The wedding took place quietly at the Presbyterian Manse at 8 o'clock last evening, Rev. W. D. Grant Hollingworth officiating, of Miss Ethel Teresa Truesdale and Irving A. Bahler, both of Smithers. Mr. and Mrs. Bahler, after a brief stay in the city, will leave by tomorrow morning's train for Smithers where they will take up residence. Both bride and groom are well known and popular in the interior town and will have the hearty congratulations of their many friends there as well as elsewhere in the district. Mr. Bahler has been in the railway service in this district since construction days.

Opens Parliament

Lord Bessborough, Governor General, who read Speech from the Throne at Ottawa today.

Speech From Throne Optimistic In Tone; Most Acute Stage Of Depression Said To Be Over

WITNESS OF LINCOLN'S ASSASSINATION DEAD

KANSAS CITY, Oct. 6.—E. N. (Cap) Edmunds, one of the few surviving witnesses of the assassination of President Abraham Lincoln, died here on Tuesday at the age of 92. Edmunds, who was for years a bailiff in a municipal court here, sat in the same theatre in which Lincoln was shot dead by John Wilkes Booth in 1865.

IS TAKEN; NOW DEAD

Frank Gott, Aged Guide and Trapper, Captured For Murder of Game Warden

LYTTON, Oct. 6.—Frank Gott, aged trapper, who was wounded and captured yesterday by officers who were hunting him for the alleged killing of Game Warden Albert E. Farey near Lillooet, died last night in hospital here. He was taken yesterday near Moha after being shot twice in the legs.

LILLOOET, Oct. 6.—Frank Gott, game guide and trapper, wanted in connection with the murder of Albert E. Farey, game warden, last Monday evening near Moha, was captured yesterday near the scene of the shooting.

District Game Supervisor R. M. Robertson and a posse came upon Gott in the bush and called upon him to surrender. He attempted to escape and was shot twice in the leg before surrendering.

It was also reported that Gott attempted to cut his throat with a butcher knife which he carried away from his camp after the shooting of Farey on Monday evening.

After dressing the wounds in Gott's leg, the police started with him for Kamloops where he will be lodged in the provincial jail and charged with murder.

Terrace Berries Were Supplied To Ketchikan

An interesting phase of the strawberry growing industry has just come to attention here. It seems that, during the height of the Terrace strawberry season, a Ketchikan dealer sent to Prince Rupert for half a dozen crates. They were forwarded but the price almost gave him the "shivers." He had been buying at from one-third to one-half the price in the south. He said he did not want any more.

A few days later another order came for berries. It seemed that the quality of the Terrace berries was so high that the Ketchikan people were willing to pay twice as much for them as for the southern product. After that regular shipments were made during the season and the full price was paid.

Bank Charters to Be Extended For One Year Until After World Economic Conference—Legislation to Implement Empire Trade Agreements, Railway Economics and Waterway Project

OTTAWA, Oct. 6.—A resolution to extend Canadian bank charters for one year will be introduced at this session of Parliament. This announcement was a feature of the Speech from the Throne, read by the Governor General at the opening of Parliament today which strikes a highly optimistic outlook on the economic situation. "You will be invited to extend Canadian bank charters for one year," the Speech sets out, "in order that Parliament may be informed of the results of the proposed world economic conference to be called to consider financial, economic and monetary problems before undertaking the regular decennial review of the Bank Act."

Measures for ratification of agreements made at the Imperial conference, carrying into effect the recommendations of the Royal Commission on railways and transportation, approval of the Canada-United States St. Lawrence Waterway treaty upon ratification by the United States Senate and redistribution of representation in the House of Commons will also be presented, the Speech from the Throne stated.

"Your attention will be invited at the earliest possible date to a bill designed to ensure more effective and economical operation of Canada's railways upon a basis of fair competition secured in such a manner as will avoid extravagant and harmful duplication of services," the Speech said.

Dependent upon the report of a committee of inquiry into the operation of the Pensions Act, a bill on this subject may also be introduced.

Plans for the "re-establishment of the unemployed" in various parts of the country are in preparation. These plans will become operative, the Speech said, as soon as public expenditures incident thereto will be productive of commensurate results.

Also in regard to unemployment, the Speech says that the ministers have been able to develop further in co-operation with the provinces and municipalities a scheme of direct relief to be put into operation during the autumn and winter months to the extent required to meet prevailing conditions.

Reference was made in the Speech to Canada's large wheat crop this year.

Touching upon the economic situation, the Speech says: "While the economic situation still weighs heavily upon all classes of the community, there are at least signs that the acuteness of the depression is passing."

When matters requiring immediate attention have been considered, Parliament will adjourn un-early in the New Year.

FINED AT SMITHERS

Earl Rollins Sweet has been fined \$10 and costs by Stipendiary Magistrate R. L. Gale at Smithers for driving to the common danger, according to a report received at divisional headquarters of the provincial police here.

Commercial travellers in Hungary have decreased to a few hundred from 5,000.

RESIDENCE DESTROYED

Home of Parents of Verge Moore at Terrace Consumed By Flames Last Evening

TERRACE, Oct. 6.—The residence of E. J. Moore on the bench, about a mile and a half north of town, was completely destroyed by fire which broke out about 6 o'clock last evening. The fire started on the roof, apparently as a result of sparks igniting moss, and the blaze was not discovered until the roof was a mass of flames. Members of the family were at supper at the time.

Neighbors gathered quickly and assisted in removing considerable furniture and clothing from the first floor. Much clothing and furniture was, however, destroyed.

A large shed which was situated near the house was removed to safe distance.

The amount of insurance has not been ascertained.

E. J. Moore of Terrace is the father of V. S. Moore of this city.

SLIGHTLY INJURED IN CAR OVERTURN ON INTERIOR ROAD

Neil Parkinson was slightly injured on the forehead as a result of an automobile accident on the road between Smithers and Barrett Lake when a car driven by William Henry Gilbert overturned following a tire blow-out, according to a report received at divisional headquarters of the provincial police here.

NEW PLANS FOR RELIEF UNDER WAY

VICTORIA, Oct. 6.—Informed that the federal authorities are at work on an entirely new program of relief for the western provinces, the British Columbia government has called a halt to its own efforts in drafting plans for the fall and winter months and will wait for the text of the Ottawa announcement.

SEPTEMBER LOG SCALE

Production Was Somewhat Lower Than Same Month Last Year —Poles and Piling Are Increased

Log scaling for the first months of 1932 in Prince Rupert forestry district has reached a total of 66,722,812 board feet as compared with 70,573,588 board feet in the corresponding period of last year. The scale for September this year was 9,335,541 board feet as against 12,773,52 board feet in September 1931.

The log scale per varieties this September and last was as follows:

	1931	1932
	Sept.	Sept.
Douglas Fir	1,004,674	1,004,674
Cedar	272,424	1,024,208
Hemlock	2,196,301	2,048,165
Spruce	1,634,188	8,073,182
Balsam	1,234,628	612,106
Jackpine		3,138
Miscellaneous		7,959
Totals	9,335,541	12,773,522

Forest Products

Production of poles and piling in the interior for September this year shows a slight increase over that for the same month last year with a total of 43,145 board feet as against 41,417 board feet. As usual the production was in cedar and spruce.

Cordwood for this September is placed at 417 cords as against 429 cords last year. No hewn ties were recorded in September this year whereas last year the output was put at 32,287 pieces.

Prosecutions Will Follow Infractions

The question of street parking is again giving the police some trouble. The complaint is that local residents refuse to obey the city regulations and warnings from the police are of no effect. Now the matter is coming to a head and Sergeant W. Service says he will have to issue summonses if the people are not more careful. As it is now it is very difficult to drive on some of the avenues owing to the cars being left on both sides.

The regulation is that on avenues cars must park on the north side facing westerly; on streets they must park on the east side and face northerly.

NO FISH SALE

There was no sale of halibut on the local fish exchange this morning. The Canadian boat Capeella, only boat in with a catch, is holding over, having refused a bid of 4c and 2c from Cold Storage for her catch of 15,000 pounds.

HOOVER'S ADDRESS

President Hoover, in his opening address of the presidential campaign at Des Moines, said among other things: "We have already turned from defence to attack. We will continue to fight against depression and we will restore prosperity."

It seems that the president of the great republic has given up the defensive means of cutting down expenditures, such as are recommended in the Kidd report, and has taken the aggressive measure of increasing expenditures in order to bring back prosperity.

We are not now suggesting that the British Columbia government should increase expenditures for it is not a national administration, but we do suggest that, to cut down as suggested in the Kidd report, would be a suicidal policy just at a time when already there is a slight improvement and everyone is looking to a far greater improvement at the beginning of the new year. To make drastic changes, such as suggested, at this time would only delay the period of recovery.

British Columbia people do not worry about paying taxes when times are good. It is in times of stress that they object to the paying. Many cannot do it and this only makes matters worse. Let us have reasonable economy, a courageous policy and we shall at once note the difference throughout the country.

APPRECIATIVE AUDIENCE

President Hoover had an appreciative audience at Des Moines. Radio fans could hear almost every statement applauded and often the applause was loud and long. Statements which would be received coldly by a Canadian audience were looked upon as cryptic utterances and worthy of expressions of appreciation in Iowa. It was the president speaking and even during an election campaign the people hung upon his words as those of an oracle. To Canadians it was particularly interesting to note those utterances which most pleased the American people such as the declaration against cancellation of international debts. The oratorical generalities also were received with cheers.

ELEVATOR AT VANDERHOOF

We are all glad to hear of the prosperity at Vanderhoof which makes it necessary to erect a grain elevator there, the first to be built along this line of railway. While it is not a large one it is the first and doubtless will be followed by others.

Vanderhoof is the centre of a progressive community. It was the first place to establish a creamery. It leads in the matter of agricultural development generally. We hope to see greater developments at that point in the near future as the country gets more thickly settled and the farmers acquire wealth.

Prince George

Whose engagement to Princess Ingrid of Sweden is now rumored.

STOCKHOLM AWAITS ROYAL ENGAGEMENT

STOCKHOLM, Oct. 6.—Stockholm is awaiting expectantly for an announcement of the engagement of 22-year old Princess Ingrid of Sweden to Prince George of Great Britain, aged 29, who is on a visit to Scandinavian countries with his brother, the Prince of Wales. Matchmakers had at first associated the name of the Prince of Wales with that of Princess Ingrid.

been made, Griffiths announces. After a great career as a Major League pitcher, many years of which were spent with Washington, Johnson took over the management of the Newark club in the International League whence he came in 1928 to pilot the Senators. Although he was able to hold the Senators safely in the first division, the "Big Train" was never able to bring a pennant to Washington, finding the Philadelphia Athletics and New York Yankees his constant stumbling-block. Rumors have been afloat throughout the 1932 season that this would be his last chance.

SOFTBALL AT HIGH SCHOOL

Smith Giants Lose Close Game to Tobey Tigers in High School League

By defeating the Smith Giants seven to five the Tobey Tigers climbed into second position yesterday tied with the Moxley Cubs in the High School Softball League. Neither pitcher hurled fast ball and, as a result, many hits were recorded. At times the game was fast and only quick fielding prevented each team from scoring more runs.

For the Tigers Tobey, Forbes and Postulo were best while Gillis, Smith, Kishimoto and Nakamoto played well for the Giants.

FISHERIES DISCUSSED

Matter of Improved Train Service Out of City Will Be Before Chamber of Commerce

At the regular meeting of the Chamber of Commerce Friday evening, a report will be presented in regard to the railway service and the fishing industry in which suggestion will be made for improving conditions.

At present it is claimed that no effort is made to get the fresh halibut to the eastern market in a manner that allows the local firms to compete with the south. The result is that fish is being taken to Seattle which should come here.

Yesterday a special train of eleven cars of fresh fish and two of frozen were taken out of Prince Rupert, the express charges on which amount to something like \$10,000, and yet it is claimed no effort is made by the railway company to properly cater to this business by running the trains out of Prince Rupert to connect with trains from Vancouver going east.

The whole matter will be open for discussion Friday night.

BULKLEY VALLEY COAL

IS A HIGH CARBON, NON-COKING, BITUMINOUS COAL
That can be used to economical advantage in all styles of fire boxes. In your kitchen range try the nut-egg size and simply shake the bottom grate when a hot fire is desired. For heaters use single screened lump. In furnaces use single screened lump with a generous portion of fines added to hold a slow fire or banking over night. You will use no other fuel after becoming accustomed to—

WORKLESS MEETING

Olof Hanson M. P. Sympathizes
With Demands—Relief Work
Criticized

The National Unemployed Workers' Association held its weekly meeting in the Canadian Labor Defence Hall last night, Charles Chapman in the chair.

A committee reported on an interview with Olof Hanson M.P. for Skeena, in which the member agreed that all the demands were reasonable and just and that a radical change was due to alter the chronic state of affairs.

Relief work in the city was criticized, several men claiming to have been cut off relief. These cases will be investigated by the grievance committee.

Non-attendance, principally of married men, at these meetings was deplored and explained by the insidious capitalistic propaganda.

These meetings were not approved of because they were too radical. The "Red Flag," etc. were not wanted.

One or two letter from Russia written to relatives in this city were read and utterly contradicted some of the newspaper accounts of conditions in the Soviet Republic.

It was announced that a working-class ex-service men's league is being formed and all returned men interested are being invited to attend a meeting on Sunday next.

The meeting closed by singing "The Red Flag."

Missionary Tea Very Successful

Affair Held Yesterday Afternoon at Home of Mrs. Hollingworth

A tea and sale of home cooking in aid of the Women's Missionary Society of First Presbyterian Church was held yesterday afternoon at the home of Mrs. W. Grant Hollingworth, Fourth Avenue East.

Mrs. Hollingworth, assisted by Ruby Blythe of Vancouver, received the guests and Mrs. D. C. Stuart was general convener of the tea room. Mrs. J. W. McKinley and Mrs. S. Massey poured and those who assisted in serving were Mrs. J. Simpson, Mrs. J. Bremner, Mrs. R. Cameron and Mrs. W. D. Moxley.

Mrs. J. R. Morison, as well as acting as cashier, had charge of the musical program. Mrs. A. J. Webber and Mrs. H. N. Brocklesby rendered enjoyable vocal solos accompanied by Mrs. C. E. Cullin and Mrs. E. J. Smith.

Mrs. James Clark and Mrs. B. Rice were in charge of the home cooking and Mrs. J. R. Morison acted as cashier.

The tea was a great success both socially and financially.

LOCAL NEWS

Tonight's train, due from the East at 9 p.m., was reported this morning to be on time.

F. S. Walton, roadmaster of the Canadian National Railways, was the speaker at the regular weekly luncheon of the Rotary Club in the Commodore Cafe today. He gave an interesting account of his experiences while a prisoner in Germany during the Great War. G. A. Woodland, president of the club, was in the chair.

Fined at Hazelton After Collision of Auto With Truck

Alfred Caldwell Fowler of Smithers has been fined \$10 and costs by Stipendiary Magistrate Storkey of Hazelton for driving to the common danger and an additional \$5 for driving a motorvehicle without a driver's licence, according to a report received at divisional headquarters of the provincial police here. The charges against Fowler followed a collision between Fowler's car and a truck driven by William Larmer of Hazelton, the collision being held due to defective brakes of Fowler's car.

YOUNG LADY'S EYE OCCASIONALLY TURNED IN

Young lady recently called on G. F. Davey, Registered Optometrist, in charge of the Optical Dept. of Max Heilbronner, Jeweler, to have her eyes examined. Her vision was exceptionally good but she was very worried about the one eye turning in and very much afraid of going "Cross Eyed." The examination soon revealed the trouble, eye strain accompanied by very weak muscles, just one of those cases which the wearing of glasses a very short time should effect a cure.
