## Mayor Gale Throws His Hat in Ring CITY IS VISITED BY TERRIFIC STORM AND MANY LIVES ARE LOST

### Terrific Hurricane Eastern Canada and States Leaves in Wake Death and Destruction

ONTO, Oct. 4.—The whole of Eastern Canada and the States suffered from a terrific hurricane last night. Very few escaped and many lives were lost. Big cities and small towns suffered equally. Traffic was tied up and lighting systems were put out of business. The telephone system in Ottawa was without telephone and electric light and the company alone sustained damage amounting to \$100,000. One man was killed. A schoolboy was killed in Kingston and another in New York were visited by a fifty-mile gale and many minor casualties and much damage. A German was drowned in Lake Erie when an American boat was scattered. A man in Woodville, New York, was killed when a tree fell on his automobile. Death and many injured is reported from Philadelphia. A windstorm and an unusual heat wave preceded the hurricane. Cars were wrecked at Niagara Falls, New York, and a house worth \$100,000 was destroyed.

### LAUNCHING OIL BURNER ON THURSDAY

Docked Today for a Canadian Britisher Will Take the Water Almost Completed.

The launching of the big freighter Canadian Britisher is to take place from the Wallace Shipbuilding and Drydock Company's yards on Thursday next at high tide between four and five o'clock in the afternoon. When she slips off she will be much more nearly completed than was the Canadian Scottish. Her boilers will have to be installed and some minor fittings completed, which should be finished soon after the end of the month. On this occasion there will be no doings such as when the Scottish was launched, but doubtless most of the people of the city will be out to see the big boat take the water.

### WHEN SPOKE MONTREAL

Policy is Same as Liberals Can Change It.

AL, Oct. 4.—Premier Bourke's message to Quebec today, after which she will go to Alaska to replace Miss Alice. The Canadian Steamship Service arrangements to carry into an oil burner, the Adelaide and the other will remain coal burners.

### REVENUE OF UNITED KINGDOM DECREASES

Total Three Months Ending September 30 Was £252,000,000 Against £304,000,000 Last Year.

LONDON, Oct. 4.—The revenue of the United Kingdom for the three months ending September 30 totalled approximately £252,000,000 as against £304,000,000 for the corresponding period last year.

### BETTING ON BIG RACES IN ENGLAND

Shilling Lee, Entrant to Czarevitch, Has Been Put on Scratch.

LONDON, Oct. 4.—Shilling Lee, an entrant for the Czarevitch Autumn Handicap at Newmarket on October 12, has been scratched. The latest betting on the race is 7 to 1 on Tishy, 8 to 1 on Devises, 17 to 1 on Yutoi, 18 to 1 on Arravale, 20 to 1 on North Waltham, 100 to 7 on Front, and 100 to 3 on Flint Jack.

In the Cambridgeshire race the betting is 20 to 1 on Grand Court and 25 to 1 on Onerna.

### GIVENCHY WAS FLOATED AND TO GO SOUTH

Captain H. B. Babington Returns From Bella Bella, Where He Aided in Salvage Operations.

### DEVILFISH HAMPERED FLOATING OF VESSEL

After having aided in successfully floating the steamer Givenchy, Captain H. B. Babington of this city is home again and reports that the vessel will be ready to leave for Vancouver on Tuesday. She is at present lying in Raymond Cove close to Bella Bella.

The vessel was ashore at the mouth of the cove, and while at low tide her keel forward was out of the water four feet, her stern was 40 feet under water. She was floated by means of scows on either side with wire cables beneath her.

**Local Equipment.**  
The captain took from here a derrick scow, a big scow and boilers and pumps, and the work was done within two weeks after his arrival on the scene. The contractors were the Vancouver Salvage and Dredging Company and they will take the vessel south.

**Devilfish.**  
One interesting feature of the salvage operations was the danger to the divers and salvage workers from devilfish, which were very numerous at the place where the wreck occurred. The work was hampered somewhat by these creatures, but there were no victims.

Captain Babington has had considerable experience in salvage work.

TELLS OF LABOR CONDITIONS.

Chief Deskah, a member of the six nations of the Iroquois Indians, who live about Lake Erie, is on a visit to England, in order to acquaint the Imperial Government with some grievance, which he declares his people are laboring under, was photographed at a West End hotel in London, where he is staying. The picture shows the Indian chief with a pipe which is 200 years old and which was presented to him by members of surrounding tribes in token of their high esteem. On each of his shoulders there is a belt, presented to him to commemorate the first British alliance.

### POPULATION OF P. E. I. IS LESS

Decrease of 5% Per Cent. in the Last Ten Years—Other Provinces.

OTTAWA, Oct. 4.—During the past ten years the population of New Brunswick has increased by 10.29 per cent., Nova Scotia by .55 per cent., and Prince Edward Island has decreased 5.54 per cent. Populations of the Maritime Provinces as shown by the census just completed are as follows:  
New Brunswick, 388,092.  
Nova Scotia, 524,579.  
Prince Edward Island, 88,536.

### MUCH CHICKEN IN NEW YORK

Nearly Two Million Fowl Brought From West for Jewish New Year Festivities.

NEW YORK, Oct. 4.—The fact that the Jewish New Year commences on Sunday is responsible for a record supply of 1,845,715 live chickens that has been brought here from the west in the last six days. The wholesale value of the fowl is \$2,000,000 and the weight is estimated at 6,450,000 pounds.

### RAISING MONEY FOR GOOD ROADS

Finance Minister John Hart is Calling for Tenders for Sale of Bonds.

For the double purpose of building new roads and relieving unemployment in this province, Finance Minister Hon. John Hart is calling for tenders for two million dollars worth of six per cent, 25-year bonds. This is to carry out the program laid down for general relief of the unemployed. The money is to be spent on trunk roads which will be a permanent asset and will help to bring British Columbia into line with other provinces and the states to the south.

### GRAY OF WESTMINSTER TO SUCCEED GILLESPIE IN SOUTH VANCOUVER

VICTORIA, Oct. 4.—Ex-mayor Wells Gray of New Westminster has been appointed commissioner for south Vancouver in place of Commissioner Gillespie whose resignation was to take place on the first.

### SATISFACTION WITH LLOYD GEORGE'S NOTE TO SINN FEIN LEADER

DUBLIN, Oct. 4.—Satisfaction is generally expressed with Lloyd George's note to De Valera inviting the Sinn Fein to a conference on October 14. The tone of the note is said to be wholly conciliatory.

### Mayor Gale Opposes Cabinet Minister In Vancouver Election

VANCOUVER, Oct. 4.—Hon. Harry H. Stevens, minister of trade and commerce in the reconstructed Meighen cabinet, was unanimously chosen at the convention in this city last night of the National Liberal and Conservative party to contest Vancouver Centre in the forthcoming federal election.

His opponent will be Mayor Harry Gale, who was also nominated unanimously by the Liberals last night. The name of Hon. Mary Ellen Smith was put up, but she declined the honor.

Leon J. Ladner was nominated by the Government party to contest South Vancouver.

The contest between H. H. Stevens and Mayor Gale will be a very keen one. Mayor Gale has proved very popular as mayor of the city and has been re-elected by large majorities. Mr. Stevens, too, has a large following in the city. The handicap Mr. Stevens is under is being a member of a more or less moribund Government that has been discredited for some time. In spite of these there will be no walkover for either party.

Possibly there may be a labor man in the field yet, thus making a three-cornered fight.

### STEAMER TO TIE UP HERE

Prince George Will Be Laid Off Run After October 9.

When the Prince George arrives here from Stewart on October 9 she will be tied up here and from that time until business improves only one of the big boats will be operated between this port and Vancouver. That is the decision of the Canadian National Railways as received by the assistant general passenger agent, G. A. McNicol, this morning.

The Prince Rupert will continue to operate as at present, leaving Seattle on Sunday, Vancouver Monday and arriving here Wednesday mornings and going south again on Thursday after making a call at Anyox.

**Outlying Points.**  
The islands will be served by the Prince John which will leave Vancouver on Mondays arriving here by way of the south islands on Wednesday fortnightly. She will go to Stewart every second week connecting with the Prince Rupert and will also give a fortnightly service to Massett and other nearby points, and leaving for the south every second Saturday.

The Prince Albert will give a fortnightly freight service between Seattle, Vancouver and Prince Rupert and including Stewart when there is ore cargo offering.

### C. P. R. WILL HAVE TO PAY

No Limit to Amount That May Be Claimed From Company Decides Judge.

SEATTLE, Oct. 4.—Liability of the Canadian Pacific Railway Company as a result of the wreck of the steamer Princess Sophia may not be limited as to the claims of the passengers or their dependents or their baggage. Federal Judge Nekerer held in a decision given yesterday, thus opening the way for awards totalling more than \$2,000,000. Claims aggregating two and a half million dollars are on file.

### YARROWS GET CONTRACT FOR SHIP REPAIR

VICTORIA, Oct. 4.—Yarrows, Limited, of Esquimalt, have secured the contract for repairs for the Japanese freighter Toyahashi Maru of the Nippon Yusen Kaisha line. The company was in competition with Seattle and Vancouver yards, the work being for minor repairs.

OTTAWA, Oct. 4.—The sea fish landed on the Pacific and Atlantic coasts in August totalled 776,677 cwts, valued at \$3,043,461. In British Columbia there was landed 41,512 cwt. of halibut and 222,766 cwt. of salmon.

### PROPERTY VERTED CITY

Cont. Lots Offered at Sale Victoria Taken Over by City.

SA, Oct. 4.—Eighty per cent. of the property offered at the tax sale here yesterday in the city. Thirty per cent. was purchased privately and taken over by the municipality. The average price

PRINCE RUPERT - BRITISH COLUMBIA

Published Every Afternoon, except Sunday by The News Printing and Publishing Company, Third Avenue. H. F. PULLEN, Managing Editor.

DAILY EDITION

Saturday October 1, 1921.

Community Interest of Whole North.

There is a community interest in this north country. We have many interests in common, although on minor questions we may be divided.

It is interesting to the people of Prince Rupert to know that the daily messages to them through this paper are read also by the people of the whole northern and central part of the province.

In the interior there are some excellent weekly papers that deal more particularly with the farming and mining interests of the interior.

Amusement Is Not a Crime.

It would be well for the Quebec Legislature to preserve a proper balance when it comes to the question of how and whence to obtain revenue, says the Financial Times.

A disposition has been shown to pile taxation on to the movie picture houses and other places of entertainment and means of public amusement.

In a general way the government seems to proceed on the assumption that the movie houses are making money out of the public without giving anything material in return—that amusement houses are not essential to the prosperity of the community.

Either the government argues this way or it simply sees, or thinks it sees, a source from which revenue can be most easily derived, and so proceeds to derive it.

Town Would Be Dead Without Pictures.

In our more youthful days there were comparatively few amusements. Those who were fortunate enough to be employed worked all day, ate their meals, went to bed, and in the intervals Satan found some mischief for them to do.

Who can dispute, for instance, that a town without a picture show would be intolerable? Let anyone think of his town or city as it was in the days before the movies came along and hung out their electric lights, opened the doors and kept them open, and awakened the old place up, and if he can sigh for the days gone by we will understand what a nice cheerful, lively neighbor he must be.

The amusement house fills a real want in the lives of the people. Take the amusement away—that is, tax it out of existence—and there will be discontent and an increased police force.

Our army of unemployed is just now rather numerous and is being added to each day. Better far that these should be able to drop in at times and get some cheer from a picture performance than that they should walk the streets or sit around the parks till they felt like outcasts and presently acted as such.

CRIPPLED WITH RHEUMATISM

Then She Took "FRUIT-A-TIVES" And Has Been Well Ever Since

MADAM SLOAT

PERTH JUNCTION, N.B., Jan. 22nd, 1920

"For many years, I was a great sufferer from Indigestion, Constipation and Rheumatism. My Stomach was weak and gave me constant distress, while Rheumatism in my joints made me almost a cripple.

Then I tried "Fruit-a-tives" and at once that fruit medicine helped me. Soon the Constipation and Indigestion were relieved and the Rheumatism began to go away, and in a few months entirely disappeared.

Mrs. CLARA SLOAT, 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

POLITICS IN STORES UNDER LIQUOR BOARD ARE STRICTLY BANNED

VICTORIA, Oct. 1.—Orders have been issued to all employees of the Provincial Liquor Board that politics are strictly under the ban both during the forthcoming federal election and at any other time.

AGE OF FISH BY ITS SCALES

Experts Able to Tell Exactly by Use of Microscope.

Ketchikan, Oct. 1.—That the life of a fish is determined by the rings on its scales was shown by Dr. G. H. Gilbert, the greatest authority on fish in the United States, by a demonstration made in the J. R. Heckman and Company store.

By means of a microscope, fine rings, starting from the time the fish is hatched, show the number of days, months, and years spent in fresh water. When the fish finds its way into salt water these rings become much coarser.

Recently a catch of cutthroat trout was made at Shrimp Bay, so large that one was saved by the J. R. Heckman Company for Dr. Gilbert to examine on his return from Kodiak, where he has been on a trip of inspection to the Yes Bay cannery.

By putting one of the scales under the microscope, Dr. Gilbert showed that it was six years old. The life of the cutthroat is eleven or twelve years, while the coho's life is only three and a half years.

This is no theory, Dr. Gilbert declared, "but has been proven by experiments many times."

Dr. Gilbert told an interesting experiment made by him at his home in Santa Cruz, California. He took some pure rainbow trout to a place five miles away, and wading out into the surf, threw them into the salt water.

The next morning, on going to his hatchery to get some more fry, he found that 75 per cent had returned to the place from which they had been taken. The fish were identified by a wire which he had attached to the fins.

Dr. Gilbert is at the head of the Bureau of Fisheries of Stanford University.

Ten Years Ago in Prince Rupert

OCTOBER 1, 1911.

Miss Margaret McLachlan and Charles Peterson were married last night in the city, Rev. F. W. Kerr officiating.

Barney Mulvaney is a visitor from up-river in the city. Owing to the probable early stoppage of steamboat navigation on the Skeena this fall Barney will probably be on the job earlier than usual with his famous dugout canoe carrying mails up the river.

Night and day crews are being worked hastening the erection of the new city hall at the corner of Fulton Street and Third Avenue.

Aunt Jemima's Helpful Hints

Aunt Jemima will answer any questions sent to her by readers of The Daily News.

Bride—If the cockroach continues to trouble you, give it a gargle of turpentine three times a day, until it sickens and pines away.

Dear Aunt Jemima—I am in love with a boy who works in an office, but am worried about his health. He always showed me a good time and bought me a dandy diamond ring, but now he has gone away, leaving a note saying he had to leave for his health. O, what shall I do? Your loving friend, MILDRED FLOSSY.

Ans.—Aunt Jemima believes the young man is suffering from weakness in the spinal column of his ledger.

Mrs. McFudge writes:—"We have an old uncle who said he was going to leave us all his money, but he is getting married to a show girl in Chicago. He got acquainted with her in a Yankee matrimonial paper and she is coming here to marry him. What shall we do?"

Aunt Jemima's advice is that you write to the young woman, telling her how glad you are she is coming to marry and take care of the old gentleman after he lost all his money. Maybe the girl will change her mind about coming from Chicago.

The Man in the Moon SAYS

"GIVE me liberty or give me death," quoted the young husband in one of his thoughtful moods. Then the dear young wife took him by the ear and told him to get down on his knees and straighten out the carpet.

THERE is the devil to pay, said the master printer when his bookkeeper had forgotten to make out one of the checks.

THERE is a lot of fish in the sea but all the poor fish are not in the water.

THE other night I met a man who was up against the liquor problem. He was wondering how to get some.

SOME people are saying there is going to be a business compact at Ottawa with two members of the same firm, Bennett and Loughheed, in the cabinet.

MACKENZIE KING'S forehead smashed the family compact and there are a lot of people expecting William the Lyon to smash the business compact.

SHOULD a man never be thirsty if he is getting the cream of the business?

THE mean temperature for the week has not been very low, but the mean barometer has been about as mean as it could be.

WHAT I like about Prince Rupert is that there are lots of opportunities for becoming poor.

DID you ever come across a girl that was a thing of beauty and a joy killer?

BRINGING UP FATHER

EARLY DAYS AMONG INDIANS

Officer of Hudson's Bay Co. Tells of Coast Tribes Many Years Ago.

When the great British companies arrived on this coast the Indian was in his natural wild state, more like animal than human. Might ruled. An Indian chief did not recognize the right of anyone to say nay to his whims or commands...

The aborigine's mind was that of a child, but his physical development being normal, instead of a few scratches that a child might inflict, he was capable of doing considerable damage.

The saving grace in his character was that every wrong, or fancied wrong, could be settled at once by simply doing homage to the wronged.

Perhaps I had better explain that while the customs of all Indians are much alike, there are cases where important differences may be noted.

Hereditary Customs For example, the majority of tribes hand down hereditary orders from the female side, but there are tribes who hand them down from father to son, just as we do.

Building Permits Sixteen Were Issued Totalling \$20,575 in Value—Exceeds Last Year

City building permits for the month of September just past totalled \$20,575, 16 permits having been issued.

Quebec Province Growing Steadily

QUEBEC, Oct. 1.—The population of the province of Quebec has reached 2,550,000 according to conservative estimates made by G. Marquis, chief statistieian of the province, based on reports which have been received up to now from the municipal census.

The fur companies were not missionaries, and while they endeavored to keep law and order, their commercial interests had to be first considered, so that they were anxious to welcome

## 582 FUR FARMS IN ALL CANADA

Value of Animals on These Four and Half Million.

According to returns made to the Dominion Bureau of Statistics, the fur farms of Canada in 1920 numbered 582, comprising 573 fur farms, 6 mink, 2 raccoon and 1 Karakule sheep. The total value of the fur-bearing animals on the farms at the end of the year was \$4,632,605. On the fox fur farms, silver foxes numbered 13,055, value \$4,416,117; patch foxes, 1,103, value \$87,735; and red foxes, 373, value \$11,810. Of the foxes born in captivity, 9,219 silver, 788 patch and 305 red. Mixed lanceous fur-bearing animals born in captivity numbered 262. The total value of fur-bearing animals sold from the farms during the year 1920 was \$745,924, and the value of the pelts sold was \$383,835. Taking for each farm the average selling values, live silver foxes ranged from \$100 to \$1100, and silver fox pelts from \$75 to \$750.

Of the total number of fur farms in Canada in 1920, Prince Edward Island claimed over one-half, having 295 fox fur farms. The foxes in Prince Edward Island were valued at \$3,018,879. Nova Scotia had 52 fox farms and 5 mink farms; New Brunswick, 57 fox farms; Quebec, 76 fox farms, 2 raccoon and 1 mink; Ontario, 10 fox farms and 1 mink; the Prairie provinces, 18 fox farms and 1 Karakule sheep ranch; and British Columbia and the Yukon, 24 fox farms and 1 mink.

### BELIEVES MEIGHEN OULIVED MANDATE

Politically, The World believes that the present administration of British Columbia is honestly endeavoring to provide some and progressive government under a severe handicap of post-war financial conditions, which entitle it to the sympathy and fair judgment of the electors, and to reasonable support, until it has a decent opportunity to show whether or not it can handle the heavy problems of a definitely better alternative is offered. In the federal field, The World believes that the ministry of Mr. Meighen has fulfilled its mandate, and has earned and will unquestionably receive an emphatic refusal of confidence at the coming elections. It believes that of the alternative organizations, the Liberal party as it now stands offers the safest assurance of such a moderate and stable government as Canada sorely needs in the difficult years immediately ahead. These beliefs The World feels free to advocate in free and honorable fashion, while at the same time its columns will print all political news and without favor and as fully as space conditions permit.—Vancouver World.

## U. S. HESITATES HIGH TARIFF

Promises of High Duties Must Be Kept But Regretfully.

LIKELY BE DELAYED UNTIL THE WINTER

WASHINGTON, Sept. 28.—(By Canadian Press).—The past few days have been marked by increasing talk to the effect that revision of the tariff is likely to be delayed until next winter and until after the disarmament conference. Numerous stories are in circulation to the effect that passage of the tariff bill will be postponed and that the Harding administration would like to see its postponement. Undoubtedly, there is a certain foundation for this talk of postponement but there is as yet no real indication that passage of the tariff bill will be deliberately deferred for some months, as some reports indicate. It is true, there is a growing sentiment in this country and in Congress that the passage of a new tariff measure at this time, especially one imposing high rates of duty, is an economic mistake. But the political leaders now in power have given so many promises on the stump, of early tariff revision that they cannot with safety to themselves defer revision for any considerable period.

Resume Hearings. Chairman Penrose of the Senate finance committee has given out that the committee will resume hearings on the tariff bill as soon as possible after the treasury experts have collected the information they want on United States and foreign values of goods. This probably means resumption of hearings early in October. The finance committee plans to report the new tax bill to the Senate when the Senate reconvenes, September 21. The committee will renew hearings on the tariff after it has reported the tax bill whenever the Treasury experts have their data ready.

Advocate Moderation. Appearance of Premier Squires of Newfoundland before the finance committee to argue against the high rates of the House tariff on cod, herring and cod oil, which are aimed at Newfoundland fisheries, was an unusual procedure in tariff annuals. The Premier made a good impression and put up a strong argument. He held House rates would be prohibitive and he was able to show that the value of the exports of the U. S. to Newfoundland is about ten times the value of the imports into the U. S. from Newfoundland. To put prohibitive rates into effect, he pointed out, would by no means be to the interest of American trade with that island. The committee has not indicated what action it will take but among republicans who favor moderate tariffs there is support for the Premier's position.

Women and Children. In this camp, besides 1,500 women and children, there are 8,000 officers, 10,000 soldiers and 2000 cadets in the military schools. These troops have kept their military organization. Their morale is of the highest and they voluntarily submit to the most stern discipline; for in all their hardships they are buoyed up by an unquestioning faith in their chief, General Wrangel, and in the greatness of their mission.

They are encamped under canvas, or in old huts that have no doors or windows, but are always in an irreproachable state of cleanliness.

They are fed by France. In addition, General Wrangel is paying them, from the little money he still has—about a dollar a month.

### WRANGEL'S LITTLE ARMY

Stern Discipline in Force Fed by France in Anticipation of Need.

ATHENS, Sept. 29.—(Canadian Press).—The ultimate fate of General Wrangel's Russian army in exile of whom 20,000 officers and men still are encamped on the Gallipoli Peninsula still continues one of the unsolved puzzles of the Near East.

General Wrangel has held together the best of his officers and men from among the refugee army which fled from Russia before the victorious Bolsheviks. He has hoped that his forces would be again needed in Russia to maintain a new government "when the Soviet regime collapsed."

But this is a hope deferred and Wrangel's best fighting men wait in their tents and huts on Gallipoli.

Major Jean de Roover, chairman of the League of Nations commission for the exchange of populations between Greece and Bulgaria, has visited the Russian camp and brought away a very favorable impression of the officers and men. He knows something about the Russian fighting man for he was formerly the Belgian representative with Wrangel's army when it was the bulwark of the anti-Bolshevik strength in the Crimea, he says.

SUZANNE AFTER HER COLLAPSE.

Miss Suzanne Lenglen, famous tennis star and European champion, ill in body and in mind, being escorted by friends from the courts at Forest Hills, L. I., following her collapse in her match with Mrs. Molla Mallory, who now wins the right to the world's tennis title. Suzanne wept as she was led to the clubhouse.

ENTERTAINMENT AT SHIPYARDS

Concert, Boxing and Dancing Made Thursday Evening's Affair Delightful One.

The Wallace Shipyard Social Club held another entertainment at the Commissary House on Thursday night. There was a large attendance and the program was divided into three sections: concert, boxing and dance. The singing of L. C. Perry and D. H. L. Pate was excellent and the comic songs by W. Wisby, G. Kenyon and W. Bager brought down the house. The instrumentalists provided very fine entertainment. J. Prevost, playing the mandolin was repeatedly encored as also were E. J. Hardy, clarinet, A. Ward and J. Hammond, who played the guitar. The piano playing of G. Watson was a feature of the evening. Miss A. Lamont gave Scottish, Irish and Spanish dances in her own clever style and was accompanied by Piper J. Sturgeon. She wore the national costumes and danced on a platform made up of six dining room tables so was visible to all in the audience. T. Tyson gave a reading and J. Chisholm an exhibition of club swinging.

Boxing.

The boxing was fairly good and proved interesting to the gathering. The bouts were between J. Selig, 80 pounds and A. Wood, 82 pounds; W. Wisby, 115 pounds and J. Gavin, 115 pounds, and P. Kayshirk, 133 pounds. C. Hill was the referee.

Dancing.

At 10:30 the dancing commenced and it kept up until midnight. The orchestra comprised G. Watson, piano; J. Prevost, mandolin and banjo; J. O'Connor, violin, and D. H. L. Pate, clarinetist. J. Sanderson was master of ceremonies, and J. McCready presided generally over the whole affair.

COST OF WIVES MUCH TOO HIGH

Formosan Women Are Refusing to Consider Themselves So Many Livestock.

LARGE ENGAGEMENT FEES

Owing to High Price of Women Few Men Able to Take More Than One.

TAIWAN, Formosa, Sept. 29.—The world movement for woman's emancipation has struck Formosa at a time when the high cost of wives is being felt severely. The women, who are mostly of the Chinese race, are demanding the abolition of the system of engagement money which is paid by their suitors when the marriage contract is made, declaring that the payment of money to their parents is an insult to their dignity and position as free-born women. Not Live Stock. A young woman of education, a graduate from a girls' school, commands as much as 1,500 to 2,000 yen (\$750 to \$1000) as engagement money and such a sum is a very desirable addition to the family fortune these days. But these girls refuse to consider themselves livestock and decline marriage without personal consent and with a bridegroom of decent appearance and sufficient education. Most Formosan marriages are arranged on the basis of the engagement money and the bride-to-be has little to say about the matter. There are young women who insist that the trouble with engagement money is that it is too high and desirable suitors are often kept away because they cannot pay the price demanded. There is much in this argument which appeals to Formosan women, and a certain number of the less modern women are demanding that engagement money be radically reduced to a point where matrimony will be easier of accomplishment for them. Polygamy. The Formosans are polygamists. But the modern tendency is to remain satisfied with only one wife. And it is said that if engagement money does not decrease soon the habit of plural marriages will decrease too, because very few men can afford to purchase more than one wife at present high prices.

THE USES OF YEAST

When you see a man purchasing several cakes of yeast it's no sign his wife is going to make bread.—The Pacific Legion

WEATHER REPORT FOR MONTH OF SEPTEMBER

Precipitation Was 3.32 Inches and Hours of Bright Sunshine 55.2.

During the month of September there was 8.32 inches of rain in the city according to the report given out by H. O. Crewe, government meteorologist, this morning. The highest temperature was 76 degrees on September 10 and 11, the lowest, 40, on September 10. The mean temperature for the month was 52.5. There were 58.2 hours of bright sunshine, over 52 hours of this being on five days. The highest wind was on the evening of September 28 when the velocity reached 70 miles an hour.

NEW NURSE COMES FOR HOSPITAL HERE

Miss Bridgeman, of Vancouver, Arrived—Miss Paynter, Night Supervisor, Leaving.

Miss Bridgeman, of Vancouver, arrived in the city this morning to take a position on the night staff of the Prince Rupert General Hospital. Miss Anna Paynter, night supervisor, has resigned from the staff and leaves for her home in Vancouver tomorrow night. Miss E. Godwin also leaves tomorrow night for Vancouver to spend a month's holidays.

L. O. D. E. BRIDGE PARTIES STARTING

Mrs. Blance Gave First Yesterday at Home of Mrs. McMordie.

The first of a series of bridge parties which are being held by Queen Mary Chapter, Imperial Order Daughters of the Empire, was given yesterday afternoon and evening by Mrs. R. Blance at the home of Mrs. S. P. McMordie, Seventh Avenue West. There were four tables each time, the afternoon prize being won by Mrs. G. Whitehead, the evening by Mrs. S. McD. Hunter. The proceeds of the parties will go to the building fund.

BUSINESS METHODS.

When the agent brought Mrs. Tarley her fire insurance policy he remarked that it would be well for her to make her first payment at once. "How much will it be?" she asked. "About \$100. Wait a minute I'll find the exact amount." "Oh, how tiresome!" she exclaimed. "Tell the company to let it stand and deduct it from what they will owe me when the house burns down."—The American Legion Weekly.

TWO MILLION POUNDS FISH

Total for September Was 2,255,500 Pounds—Value Approximately \$225,550.

There was 2,255,000 pounds of halibut landed at this port during the month of September from company trawlers and independent boats according to figures obtained at the waterfront this morning. This total is considered satisfactory although it comes a little short of the same month in 1926 when the catch was 2,320,000 pounds. There were big arrivals at the first of the month but during the past fortnight, on account of the heavy weather on the banks, they have not been so large, many of the smaller boats not venturing forth. The ice and ear supply during the month was ample for requirements and the market did not suffer from this cause. Many of the smaller boats are commencing to tie up and already there are some fishermen in port who will not go out again until after Christmas. The big schooners will soon be leaving the banks to the south to fish near Yakutat, in the Behring Sea and off the Alaskan Peninsula. They will bring their catches to this port, the most convenient one.

The highest price paid here during the month of September was on September 27, when the 17.9c was given for first class fish. This does not reach the high price of October last year which was 18.6c. The lowest was about September 1 when 7c and 4c was paid, there being at that time a great quantity of halibut offering.

Sport Chat

The suggestion that Morse Creek be fixed up at an early date so that it may be used for skating purposes is receiving the support of everyone in the city who is interested in the popular winter pastime. The matter is to be brought before the City Council at an early meeting and it will be pressed that the necessary repairs and alterations be commenced immediately. Now is the time that they must be done if they are to be done at all. The heavy rains will be on for a little time yet and the water should be retained in the creek. It will be no use to try to do the work after the frost comes.

baseball players. Still further, it has been demonstrated by Aviator C. O. Preat that, with little extension, the field could be made quite handy for the taking off and landing of airplanes, and it is reasonable to say that a city of the size and geographical position of Prince Rupert should have a suitable field for airplane navigation. That fact alone should be sufficient to warrant early improvement being made to the grounds.

Living Room Motoring—The best car for this sport is the little model that is made in Eastern Canada. It is practically dustless and has an easy running movement that prevents back strain. If kept well oiled this little car can go over the whole course in half an hour without cutting the corners. At the end of the first spin it might be well to empty the underling dust box and clean the revolving brushes which sometimes pick up threads and bits of string. Some girls who have toolled the car in this fascinating indoor sport declare that it improves with use, but the real cause is that the player her-

### TAX SALE CONCLUDED

223 Lots Offered, 195 Sold  
City—Total of \$41,649.81.

223 lots of 288 lots of Municipal Tax Sale held yesterday, 195 were sold to private buyers. A total of \$41,649.81 was realized as a result of the sale. The most unusual feature of the history of the corporation was a commission of \$10,000 for the sale of the property. It was that soldiers' had been exempted for the war years. They were put under the same tax laws as the others. Many of these had private persons. The first time since the war that the lots were put up for sale. The consolidation of the payments of the taxes over a period of three years was the reason for the sale. It was that some of the arrears of local taxation against

### BANKS REPLACE GIRLS BY MEN

Failure to Make Banking Life Work is Reason For Change.

MONTREAL, Sept. 20.—While girls and women are being gradually replaced by men in the more important positions of banks for which women were engaged in considerable numbers during the war there is still and always will be, room for a large number of women workers in the head offices of banks, according to the statements of a number of bank executive officers in Montreal.

The general feeling was that for routine work, and machine work, there was an ample opportunity for women to do good and useful work in banks, and a good number would always be employed in such work, but that in work where an opportunity was offered of rising to high and responsible positions they preferred to engage men who were more likely to make their life's career.

No Dismissals.

The head of the staff department of one of the leading banks with head offices in Montreal declared that for some time they had been replacing girls by men in all those services where it was possible to train men to occupy responsible positions. There had been no dismissals, as the girls had come to the rescue at a time when they were badly needed, and had rendered most valuable services, but when any of them dropped out on account of marriage or for any other reason, men were engaged in their place. They had been highly satisfied with the services of the women assistants, he added, and the only inconvenience they offered was that they were not usually prepared to make banking their life's career. Hence, when someone was wanted who could be trained to rise in the bank's service to occupy an important position for life, they preferred to take a man on.

There were many departments in a bank's head office however, which did not offer a great future, and these positions were quite suitable for girls as they could marry and leave their position without causing any disorganization in the service.

Country Branches.

Another bank executive stated that they were particularly trying to replace girls by men, as fast as they dropped out, in the country branches, as here there was an excellent opportunity for a young man to rise to a position of responsibility to which a woman worker would probably not aspire. Especially in view of the present state of the labor market, they were naturally giving preference to men when possible. The women workers however, had proved themselves highly efficient and rendered yeoman service, and there was no thought of discharging them to make way for men. So long as they cared to keep their jobs, they could stay.

Routine Work.

Still another bank emphasized the fact that there was a great deal of work in a head office which was eminently suited for women, and large numbers of women would always be employed on such work. This was mostly of a routine nature. These opinions are concurred in by all the bank officials seen by The Star. Nowhere is there any complaint as to the work of the girl assistants. The lack of assured continuity of service is the only objection, and this only applies where the work offers good future prospects.

#### CHEAPER BREAD TO FOLLOW DROP IN FLOUR

Winnipeg Bakers Have Matter Under Consideration and Will Make Announcement.

WINNIPEG, Oct. 1.—Flour prices have dropped; bread prices may. From figures quoted in September, 1920, by the Lake of the Woods and other milling companies, the reduction on highest grades is \$3.80 a barrel. One year ago, according to reports of the milling companies, the bakers were using a government standard flour, and the reduction in this particular class of flour during the past year is \$5.75 a barrel.

Representatives of the larger baking concerns stated the matter of reduced prices was under consideration, but sufficient time had not elapsed to enable them to make a definite announcement.

#### PRESIDENT HARDING MAKES SUGGESTIONS

In making suggestions to the Unemployment Conference President Harding urged consideration of a plan for:

- 1—Construction of school rooms and other public buildings.
- 2—Resumption of home building on a large scale.
- 3—Expansion of waterworks, electric lighting plants, street railways and other public utilities, especially where municipally owned.
- 4—Road building.
- 5—Development of irrigation projects.
- 6—Revival of the textile and other basic industries.

#### TIMBER SALE X-3481.

Sealed Tenders will be received by the District Forester, Prince Rupert, not later than noon on the 6th day of October, 1921, for the purchase of License X-3481, near Big Lake, Ellesmere, C. R. 3, to cut 450 M. board feet of Spruce, Hemlock, Balsam and Cedar.

Two years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, or the District Forester, Prince Rupert, B. C.

LAND ACT.  
PRINCE RUPERT LAND DISTRICT—DISTRICT OF COAST RANGE 5.  
Take notice that I, John Lockhart, of Vancouver, occupation consulting engineer, intend to apply for a license to prospect for petroleum and natural gas on the following described lands: Commencing at a post planted 1/4 mile north and 400 feet west of the S.E. corner of Lot 459, thence east 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to point of commencement, containing 640 acres more or less.

JOHN LOCKHART, Applicant.  
H. D. Cameron, Agent.  
Dated September 14, 1921.

### G. H. ARNOLD, Notary Public

**IT IS SAID THAT**  
"The Recollection of Quality Remains Long After Price Is Forgotten"

That is true of many articles in daily use. Some useful, some article of wearing apparel, gives out—goes to pieces—quickly. We forget that we bought a "cheap" thing and we "kick" at the poor value we received.

On the other hand, we may have done our "kicking" at the time we purchased something, believing that we paid too dearly, and later on boast of what a good buy we made because the article wears so well. In both instances we have forgotten the price. Nowadays "PRICE" is very much in the public mind. People are trying to be as thrifty as possible—and a good thing, too—but it frequently happens that "Quality" is lost sight of, and "a poor thing is dear at any price."

Our recent revision of our prices downwards, to conform to the falling market on the lines we handle, makes it an absolute truth that we are today selling many things below what they cost us. This is notably the case in our Dress Goods Section—in Woolens, Silks and Novelty Fabrics, and many other lines. BUT—we still go in, as we always have, for **QUALITY**, and—**QUALITY** considered—our prices are as low as any.

**Note Special Prices This Week:**

- Penman's Cashmere Hose—This quality sold for \$1.95 last year. Now, per pair..... **\$1.00**
- Silk Hose—Best quality "Winsome Maid" 12-thread Silk Hose in black, grey, white, green, gold, silver, blue, etc. For this week, per pair..... **\$1.95**
- Velveteens in practically all colors. Per yard..... **\$1.25**
- All-wool Serges, navy, green, brown, saxe, 36 inches wide. Per yard..... **\$1.50**

### PRINCE GEORGE

At a meeting of the Board of Trade held on Wednesday evening the matters of establishing an experimental farm here and the improvement of roads in the Newlands district were taken up.

Moses Cotsworth, the Vancouver accountant, visited here this week in connection with the independent examination of matters concerning the Pacific Great Eastern Railway.

The residence of Mrs. C. A. Pyne was the scene of a happy event last Saturday when a shower was given in honor of Miss Anna Murray.

A new assessment district has been created in the Peace River block, with R. L. Harper, a pioneer resident of that section and a returned soldier, in charge.

Active work is progressing on the new station and dirt is being taken from the bank which encroaches on the new site. It is being dumped on the street opposite the old station site. The old station is to be repaired and will be used as a freight shed.

H. V. Littler, teller in the Bank of Montreal, has been transferred to his home town, Victoria, and his place here is being taken by W. J. Cormack, late of the Hedley branch.

H. G. Perry, M.L.A., left town

### NOTICE

NOTICE IS HEREBY GIVEN that all persons in charge of Private Bills intended for introduction at the coming session of the Legislative Assembly are requested to submit copies of the same forthwith to the Legislative Counsel at his office, Parliament Buildings, Victoria, for examination by him before the opening of the session; and that no private bill will receive the sanction of the Executive Government unless a copy has been submitted and examined in compliance with this Notice.

J. D. MacLEAN,  
Clerk, Legislative Secretary,  
Victoria, September 15th, 1921.

### LEGISLATIVE ASSEMBLY

Private Bills.  
NOTICE IS HEREBY GIVEN that the time allowed by the Rules of the House for presenting Petitions for Private Bills will expire on Saturday, the 26th day of October, 1921. Private Bills must be presented on or before Wednesday, the 29th day of November, 1921. Reports from Standing or Select Committees on Private Bills must be made on or before Wednesday, the 14th day of November, 1921.

JOHN KEEN,  
Clerk, Legislative Assembly,  
Dated this 17th day of September, 1921.

### Our First Car of Spuds will arrive Monday

Book your order here and save money. These potatoes are Lillooet Nettle Gems and guaranteed keepers.

We have a real special in Apples arriving Saturday boat. Unwrapped stock and jumble pack at the lowest prices of the year.

Walk Downstairs and Save Money.

# SALE

SELLING FOR LESS  
Sale starts Oct. 1 and continues to Oct. 8th.

## We Sell for Less

Here are the REASONS WHY we can sell for less

1. We do not have to pay a HEAVY RENT because we own our building. That is
2. Our insurance rate is the lowest because we are in built of concrete. That is why "WE SELL FOR LESS"
3. Our satisfaction with low profits enables us to sell FOR LESS. Our policy was, is and shall be to sell with lower profits to enable us to make a big turnover. THAT IS WHAT WE WANT.
