### Liquor Law Changed at Eleventh Hour New Clause Inserted Giving Right to Sell at Restaurants and Hotel Dining-rooms; Must Produce Permit

VICTORIA, February 23.—Eleventh hour changes in the draft liquor bill, which will be tabled this afternoon, will give it is said, to demands for the insertion in the bill of a beer clause to provide for the sale in hotel dining-rooms, restaurants, bars, cabarets and clubs, the beer, however, to be sold only in sealed packages, thus observing the principle of which the bill was approved at the plebiscite.

### WILSON RULES AGAINST MOTION ROSE FESTIVAL TELKWA BALL

Proposal of Labor Member to Involve Expenditure of Money.  
Very Successful Affair at Bulkley Valley Centre—Winners of Competition.

TELKWA, Feb. 23.—Special.—The Community Club's Rose Festival Ball was, without doubt, Telkwa's most successful affair, both from social and financial results. The ladies through hard work had transformed the hall into a beautiful rose garden with hanging baskets and trellis work covered with sprays of roses. The affair, both in the form of a rose covered arbor, and did a big business.

### BRITISH TO CONTROL HOLY LAND.

Foundations for a Jewish nation in Palestine were laid in the British mandate recently made public. The terms of the mandate, which is subject to approval by the Council of the League of Nations on February 22, provide:—British right to levy upon Palestine for support of troops of any country. No prejudice against Jews. English, Arabic and Hebrew the official languages. The mandate has been approved by the King of England and now awaits only the action of the League. The picture is of Jerusalem. The view shown is near the southern end of the old wall. Note the airplane; it is the only thing that gives it a modern touch.

VANCOUVER, Feb. 23.—The United Farmers of British Columbia in session here today discussed the desirability of taking political action and the debate, which promises to be long, is still continuing.

### KATE RYAN IS IN TOWN ON WAY FOR VISIT TO SEATTLE

Miss Kate W. Ryan, the well known pioneer of the north country, is in town today and will leave tomorrow night for Seattle to be back in about a fortnight. Miss Ryan speaks very enthusiastically of Stewart, saying that of the eight mining camps she has pioneered in this one is the most promising of them all and she gives the Premier the credit for it all, describing it as "the only silver mine."

### BRIDGE TO NORTH VANCOUVER WANTED

VANCOUVER, Feb. 23.—The city council will join with the north shore people in pressing the Provincial Government for a subsidy for the construction of a tunnel or bridge and dam to provide rail connection with the north side of Burrard Inlet.

Miss Gleeson returned to the city this morning on the Prince George from a buying trip in southern cities.

### Prince Rupert as Big Fish Market

Local Branch of Fisheries Association Collate Data in regard to Possibilities if Plenty of Cars Available

Prince Rupert is the largest halibut market in the world. Being on the North Pacific Coast, close to where the most productive halibut banks are situated, half of the total catch is marketed here, and with a plentiful supply of cars all the year round at least three-quarters of the total catch would be sold here, possibly a good deal more. It is also a shipping point for a good deal of the salmon from Northern British Columbia and Alaskan points, and is a market for a great variety of small flat fish, including soles. Prince Rupert black cod is one of the delicacies that every epicure is learning to know. The other varieties of cod are neglected only because the demand is small.

Last year, 49,675,700 lbs. of halibut—or approximately 980 carloads—were landed at Prince Rupert, according to data collated by the Prince Rupert branch of the Canadian Fisheries Association. Of this, only about 500 carloads were shipped out by the railway owing to the scarcity of express refrigerator cars. On the North Pacific Coast—at ports other than Prince Rupert—there were landed about 22,000,000 lbs., or 1,000 carloads. Of this it is conservatively estimated at least 65 per cent would come to Prince Rupert providing express refrigerator cars were available to take care of the trade. This would amount to 650 carloads, making the total number of cars of halibut which could be handled 1,650, or approximately an average of five cars per day throughout the year.

**Much Salmon Too**  
Last year over 31,000,000 lbs. of salmon were landed at Prince Rupert and vicinity. Most of this was canned. Owing to the prevailing shortage of express refrigerator cars none were available for shipping fresh salmon, although it is estimated that about 100 carloads of fresh salmon could have been shipped out of here to the East had there been an adequate supply of cars. During 1920 no express refrigerator cars were available for shipments to local points between Prince Rupert and Winnipeg, consequently such shipments had to be made in baggage cars. This has injured the business in fresh fish with these points, as often the fish did not arrive in good condition. Three express refrigerator cars per week would be required to take care of this trade, or 150 cars per year. To many Canadian points mixed carload lots of halibut, salmon and other fish have been ordered, but it usually has been impossible to supply these orders owing to the car shortage.

**Month for Round Trip**  
The estimated total shortage of refrigerator cars was at least 1,400 during the year 1920. As each car takes approximately one month to make the round trip on an average, there are required at least 120 new express refrigerator cars to take care of the business that is at present offering, without allowing for any increase.

The loss of business to the Canadian National Railways is very large owing to the lack of this equipment. Allowing an average of \$500 revenue for each car shipped, the loss to the railway can safely be put at \$700,000. Approximately 1,000,000 lbs. of halibut actually arrived at Prince it is time to act," declared Dr. Rupert last year and had to be taken to other ports on account of car shortage.

### FREIGHT RATES AGAIN TO FORE

Western Members Supporting the Government to Take Matter Up, It is Decided.

OTTAWA, Feb. 23.—Western members of the House of Commons are going to take up the matter of increased freight rates, it is learned, following a caucus of western Government supporters. In their opinion this is more important than the tariff. "When fruit growers in British Columbia are having to feed their best fruit to cattle because of the high freight rate charges, then halibut actually arrived at Prince it is time to act," declared Dr. Cowan, the chairman.

**Liquor Legislation  
 Causes Furor.**

Reports from Victoria indicate that the big liquor interests are again taking part in politics and are trying to override the Legislature and the opinion of the people as expressed in the recent plebiscite.

Unfortunately the Provincial Government does not seem to have taken a firm stand on this question. We think it had no right to leave it to the Legislature to decide whether there should be extensions of the beer selling privilege beyond that mentioned in the plebiscite. They should have made it a purely Government measure, for they will get the onus of it anyway. Taking the line of action they have done, gives opportunity for the financial interests behind the liquor sellers to use undue influence with private members. In fact it is a reversion to the condition which existed before the party system was introduced here by Premier McBride, a condition which is a most undesirable one.

**Legislature Like  
 Unruly School.**

The Legislature, without the strong hand of the administration controlling it, is like an unruly school with a weak teacher. Order and discipline disappear and it is easy to create disorder. The beer interests will do their utmost to get the province to revert to the old condition of unrestricted sale, and we believe Premier Oliver has made a grave mistake in not holding tight on this matter. Abolishing the bars but allowing unrestricted sale at tables would be just playing battledore and shuttlecock with the business.

We hardly think the Legislature will agree to betray the trust of the people by going beyond the terms of the plebiscite, but if it does, the Government will suffer, and the liquor interests will also be the losers, for at the first opportunity the electors will reverse their decision and sweep the whole business out. When the bars were running, the liquor men never were satisfied. They wanted to be able to sell in unlimited quantities to drunken and sober men and at all hours of the day and night. Now they are trying to force the hands of the Legislature, if the news despatches are correct.

**Independents Have  
 An Object Lesson.**

Those who object to the party system of Government have an object lesson today when for a brief period and on one question the party system of Government is set aside. It is no longer a question for the responsible heads of the Government to decide, but the decision rests with the weaker members, those most easily influenced by their affiliations or by the money of the liquor dealers. When the Government makes the decision, the legislation of the country is controlled by the more responsible and stronger elements of the legislative body. When it is left to the members individually, the efforts of those who would profit at the public expense are concentrated on the weaker members, the most ignorant, and those least careful of their reputations and least anxious to maintain a high standard of public morality.

It has been the fashion of late, especially among so-called moral reformers, to decry the party system. They have to decry something. Now let them watch the Legislature and the methods of the people against whom they have so often lined up their forces.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

**APPLICATIONS FOR GRAZING PERMITS  
 UNDER GRAZING ACT 1919.**

Applications for permits to graze livestock on the Crown range within each grazing district of the Province of British Columbia during the grazing season of 1921 must be filed with the District Foresters at Cariboo, Cranbrook, Fort George, Kamloops, Nelson, Prince Rupert, Vancouver, Vernon or with the Commissioner of Grazing, Department of Lands at Victoria, B. C., on or before March 31, 1921.

Blank forms upon which to submit applications may be obtained from the District Foresters at the above named places or from the Department of Lands at Victoria.

The grazing of livestock on the Crown range without permit constitutes trespass, prohibited by law.

**HARRY LAUDER  
 RETURNS HOME**

**Gives Impressions of New Zealand  
 and the Costliness of Whiskey**

LONDON, Feb. 23.—Sir Harry Lauder has just returned from a four years' tour of all the British dominions with the exception of India, "but including the United States."  
 New Zealand, he says, was, perhaps the struck him most for its homeliness, but there was prevailing homeliness and welcome wherever the English tongue was spoken. South Africa had a slight tinge of the foreign element. Could he get a drink in America? Well, it was no use telling lies (laughter) and he must at once answer "Yes." But you could get anything you liked in America if you were prepared to pay for it, and in regard to whiskey "being prepared" meant £5 a bottle. In the United States there was a vast predominance of friendship for this country. There were rebels here as well as there, the difference being that here they could not speak out so much. The decent Irishman everywhere was persuaded that the present violence, damage and murder were all wrong, and the reputable men were all for the consolidation of the British Empire.

Thanks to a regular life, added Sir Harry Lauder, being temperate in eating, drinking, smoking and sleeping, though his wife would say that his one smoke a day was a smoke all day, he felt as fit as at twenty-five. During his tour he had raised \$115,000 for maimed British sailors and soldiers, and his wife had made 30,000 dollars for the same cause by selling his photograph outside theatres and other places at which he was appearing.

**HEADACHES**  
Make Life Miserable

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbings, the intense pains; sometimes in one part, sometimes in another, and then again over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Lushan, Owen Sound, Ont., writes:—"My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy."

B. B. B. is put up only by the T. Millburn Co., Limited, Toronto, Ont. Advl.

DIVERSION AND USE.

TAKE NOTICE that The W. Y. McCarter Burr Co., Ltd., whose address is 646 Hillside Avenue, Victoria, B. C., will apply for a license to take and use 200 cubic second feet of water out of Marmot Creek, which flows westerly and drains into Portland Canal about three (3) miles from Stewart, B. C.

The water will be diverted from the stream at a point about one mile from mouth of stream and will be used for industrial, sawmill and mining purposes upon the land adjoining, described as T. L. A. 2817. The applicant will exercise its powers as a class "C" applicant upon the adjacent territory.

The notice was posted on the ground on the 24th day of January, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The petition for the approval of the applicant's undertaking as a class "C" applicant will be heard in the office of the Board at a date to be fixed by the Comptroller, and any interested person may file an objection thereto in the office of the Comptroller or of the Water Recorder, Prince Rupert, B. C.

THE W. Y. MCCARTER BURR CO., LTD.,  
By Luis Russell, agent.

The date of the first publication of this notice is Saturday, February 19, 1921.

**Synopsis of Land Act Amendments**

Minimum price of first-class land reduced to \$5 an acre; second-class to \$3.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is not over 200 acres.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 1/2 acre, before receiving Crown Grant.

Where pre-emptor in occupation not less than 2 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$200 per annum and records same each year. Failure to make improvements or record same, including 1/2 acre cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements, made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 30 acres, may be leased as homestead; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 60 acres may be leased by one person or company.

Mill factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stamp.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half cost of road, not exceeding half of purchase price, is made.

**PRE-EMPTORS' FREE GRANTS ACT.**

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers pre-emptions.

Interest on agreements to purchase of Allied Forces, or dependents, acquired direct or indirect, remitted from enactment to March 31, 1920.

**SUB-PURCHASERS OF CROWN LANDS.**

Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

**GRAZING.**

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

By George McManis

### URGE KERGIN TO GET ROAD WORK GOING

Alice Arm Liberal Association is urging the new member, H. F. Kergin, to do everything possible to secure the early commencement of work on the Government road leading from the dock to the townsite and also a much needed extension of the present wing dam on the Kitsault River, which was recently built by the Provincial Government and which protects the town from freshets. This work would give much needed employment.

While there is not very much active mining going on, there is a lot of interest taken in the mining prospects for the coming season. J. A. Irvine, in charge of development of the Bellevue group on the Illiance River, was a visitor to Alice Arm during the past week. He reports very satisfactory progress on the work. If it is rumored that the Last Chance is again bonded, E. McQuade, superintendent of the Moose Mine was a week end visitor.

Other visitors to the Arm have been Misses E. and F. Swanson, Mrs. G. Geddes and Mrs. F. G. Rice from Anyox, who enjoyed some excellent skating here and sleigh riding up the Kitsault Valley. G. W. Bruggy and wife have returned from an extended business trip to Vancouver and Victoria.

### SONS OF ENGLAND WON BILLIARD TOURNAMENT

Final Game Last Night Proved Sweeping Victory for A. H. Silversides.

A. H. Silversides defeated Sam Howe by a score of 200 to 129 in the last game of the Sons of England vs. Elks billiard tournament last evening and the Sons are thus ahead on the whole play by the decisive standing of 1158 to 1027. One of the postponed G.W.V.A. vs. Elks games was also played last night in the Prince Rupert Club when E. A. Wakefield defeated W. J. Hemmings by a score of 200 to 177. Two games of this tournament still remain to be played.

### DREDGING OPERATIONS WERE TIED UP WHILE HEAVY STORM RAGED

Dredging operations at McNicholl Creek were tied up yesterday after the big storm on Monday night. One of the dredges broke away from her moorings, but did not get out of hand. In the morning both dredges were brought across to the dry dock by the McCulloch, which is replacing the Fearful, which was damaged slightly on striking a sand bar on Sunday. The latter tug is now in the dry dock and will be in commission

### ALICE ARM BENEFACTS BEAT THE BACHELORS

Fast Hockey Game on Rink at Mining Camp.

ALICE ARM, Feb. 23.—Wm. M. Cummings, who has been connected with sports in the north country for the past several years as manager of the Alice Arm ice skating rink has worked indefatigably in the interest of winter sports here with good results. Three hockey teams have been formed at Anyox and as many at Alice Arm, regular games being played each week at Alice Arm between teams of these places. During intervals local teams battle and much rivalry has developed in the racing game.

On Wednesday one of the hardest fought games of the hockey season was played between the Alice Arm married men and the bachelors, resulting in favor of the married men by a 5 to 3 score, however it looked like a bachelors' party up to the last few minutes, when the married men rallied and scored two goals in quick succession.

Ross at center for the single men was easily the star of the game, his spectacular rushes brought the spectators to their feet time after time. "Stonewall" Henderson played a fine game at defense. Al Falconer displayed his usual pro form and made many brilliant plays. Married Men: Single Men: McAlenan... Goal... Skuglund Henderson... Defense... Carruthers T. W. Falconer... Defense... Feva Anderson... Forward... Boss Ness... Forward... Thomas Al Falconer... Forward... Fowler Sub. Mills

### Ice Race.

Ed. Skuglund and Morris Peterson raced one mile, won by the former, but protested on account of foul. Will be raced again at a near date. On Friday Harry Fowler's Pirates played the Outlaws, resulting in a score of 2 to 1 in favor of the Pirates. In the evening several races were pulled off and an exhibition of acrobatic stunts by Charles Gordon, followed by a dance on the ice.

### ANYOX SKATERS PAY VISIT TO ALICE ARM

First Team Beats Silver Camp But Elks Tie Each Other at Hockey.

ANYOX, Feb. 23.—On January 20 about fifty people from here visited Alice Arm, going over in launches to enjoy the skating on the rink at that place.

Two hockey games were played, the first the Anyox Elks vs. the Alice Arm Elks resulted in a tie, the score being 2-2.

At 1:30 the big game of the day was played when the Anyox and Alice Arm first teams lined up and after a hard struggle Anyox carried off the honors by a score of 3 to 1. The teams were: Alice Arm: Anyox: Campbell... Goal... Waterman Henderson... Point... Cruickshank T. W. Falconer Cover Point... Poyart

Ross... Center... Owen Al Falconer... R Wing... McSavenny G. Anderson... L Wing... Gallipio

The cold weather had put the ice in perfect condition and the game was replete with spectacular plays, bringing the crowd to its feet time after time.

## GOOD GAMES OF BASKETBALL

### King Edward Girls Beat Tillicums and Meteors Take Game From Telephone Five.

By coming out victorious on the long end of an 8 to 6 score in last night's basketball game, the King Edward girls will again have the privilege of meeting their last night's victims, the Tillicums, for both teams are now tied for the championship of the Girls' Junior basketball league, each having a standing of ten out of the possible twelve points in the series. Last night's game was one of the best played and most interesting of the entire Junior League series and with the two teams so evenly matched the playoff should prove no less interesting an affair. Sid, Winsby was the referee last night and the scoring was as follows:

King Edward—M. Casey, K. Ryan, A. Stephens, I. L. Parker, 2; A. Morrison, 2.  
Tillicums—A. Gurvich, I. Carter, M. Meltae, 2; H. Meltae, 2; G. Leok, 2.

### Intermediate Girls.

Although the Meteors gradually assumed the lead in the game with the Telephone Girls and emerged victorious by a score of 9 to 3, the latter team played their best game of the season and forced the pace all the way through. This was the last game of the Intermediate series and by their victory the Meteors have held their record of not losing a game through the entire season, a creditable feat for the Meteors have played steady, consistent games right along, all members of the team doing their share towards winning the league championship. Joe Scott was referee. The scoring: Meteors—M. Roberts, A. Kelly, 6; H. Hibbard, M. Lindsay, 2; H. Morrison, 1.  
Telephone Girls—Mrs. Gowan, Mrs. Brown, Mrs. Moley, 3; Miss Wood and Mrs. Large.

### Sons of Canada Win.

The all-star aggregation pitted against the Sons of Canada, the basketball champs, proved no match for their opponents, the latter winning easily in a game characterized by good combination and quick work on the part of the winners. The losers were very disappointing in the first half but picked up towards the last when they scored as many points as the Sons, but were unable to wipe out the early deficit. The score was 37 to 25.

### New Cable System being Used with Great Success in Britain

PORTSMOUTH, Eng., Feb. 23.—Foreign naval attaches accredited to this country visited this city recently, at the request of the Admiralty, to witness a demonstration of the leader cable which is used for directing ships into Portsmouth harbor.  
The objects of the leader cable system are to enable ships, by means of submarine sound signals, to make a good landfall in foggy weather, to lead ships into harbor, to lead a ship from open water through a restricted channel to open water, to give warning of outlying dangers, and to assist a vessel to keep a straight course from port to port and thus save fuel. The system was invented by the British Navy, which made an exceedingly successful use of it in wartime, but owing to the great potential value of the system to the Mercantile Marine during the war the Admiralty have not disclosed the full methods of working it until now. The recent tests were designed as a practical demonstration to all the Powers of the utility of such cables. A leader cable has already been laid in the Ambrose Channel, New York Harbor.

After an experimental existence of over a year, the Portsmouth cable has now become a permanent addition to the navigating facilities of the port, and all large war vessels are now being fitted with the receiving apparatus necessary to enable them to use it.

## PEARL WHITE SEEN IN ALASKAN PLAY

### Famous Star Takes Part of Young Girl born in Wilderness.

A drama of the north is to be seen tonight at the Westholme Theatre when Pearl White, the well known serial star, is the heroine in Tiger's Cub, a story of thrilling interest.  
The action of the story is laid in Alaska, and extremely interesting and convincing characterization—unvarnished humanity at its best and worst—develop as a result of the freedom from restraint in these far reaches of civilization.

Tiger's Cub, played by Pearl White, is a young girl born and reared in the wilderness of the North, whose sole companions when she has had any, have been of the rough, uncouth, often immoral type that drift into these out-of-the-way places. In spite of this, she is intuitively gracious and inherently good. Miss White handles the role delightfully and the wonderful simplicity and charm she injects into the character in contrast to the brutality and debauchery surrounding her adds much to the dramatic value of the story.

## ROBERT WARWICK AT EMPRESS TONIGHT

Robert Warwick takes the leading role in "An Adventure in Hearts" at the Empress tonight. Mr. Warwick has the role of an American of French descent, who having just completed a delicate diplomatic mission for a foreign government, is being hooded by secret agents lest he betray the details of the affair. He seeks shelter in the castle of an Italian count, whose wife and he, newly estranged, are living in opposite wings of the castle. The countess is being threatened by a gentleman blackmailer to whom she owes gambling debts and has secretly installed her pretty girl cousin in her place while she goes to Rome to raise the money. A romantic love affair, a thrilling rescue at a swollen ford, and a gun fight in a blazing hut feature the development of the plot from this point.

## GILHUY CUP PRESENTATION

### Sons of Canada and Colts Received Their Season's Trophies Last Night.

During the course of the basketball games at the Agricultural Hall last night the Gilhuy Cup, emblematic of the Senior League championship, was presented to the Sons of Canada and the Junior League trophy to the Colts. The presentations were made by F. A. Donohue who complimented the teams on their successes and the sportsmanship that had been manifested throughout the season. The success of the season of sport was attributed to the management of the league officials who were also complimented.

Wallace Anderson accepted the Gilhuy Cup on behalf of the champions and in a short speech expressed the appreciation of his team and complimented especially Fred Gilhuy, the donor of the cup, for the donation of such a handsome trophy. Howard Frizell accepted the Colts' cup and spoke on behalf of his team.

The Court of Revision sat again yesterday afternoon to consider the G.T.P. Development Company's appeals and adjourned until this afternoon without taking any action. It is likely that the sessions will be completed this afternoon.

## OFFICERS PLAY BARREL ORGAN

Is Paying Business and Men Dislike Giving It Up

LONDON, Feb. 23.—For the last few months a common but unwelcome sight in the principal streets of the shopping district of the West End of London has been a barrel organ played by a man in officer's uniform. The wearer of the uniform, of course, has divested it of all regimental badges. Not infrequently he wears a mask. The spectacle of men who have been deemed worthy of holding the king's commission being reduced to turning an organ in the streets has naturally excited the benevolent instincts of passers-by.

### Warning to Public

Major-General Sir Frederick Maurice, however, has just spoken a warning to the public on the matter. He was speaking at the Stationers' Hall, and mentioned that of 300,000 demobilised in 1919, all but 11,000 were employed by July 1920. Owing to the recent slump, the figure was now 13,000.

His association had got into touch with men playing barrel organs, said Sir Frederick, and found out who were genuine, but the majority of these men were certainly not deserving of public support.

### Police Investigate

Scotland Yard investigated a case in which two men were living in a private hotel. They took a taxi each day to get their organ, and before starting out, visited a public house and were observed

### Faint and Dizzy Spells Weakness and Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Miburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Miburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When waking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c, a box at all dealers or mailed direct on receipt of price by The T. Miburn Co., Limited, Toronto, Ont. Adv.

"In every case we have looked into it was found that the man had already been helped by the Officers' Association and had never been refused further help."

**Helped by Association**  
"We investigated all the cases in which we could get the names. One man told me that he had been already helped by the association and did not like to come again. He also said he was trying to save up enough money to take his wife to California. Of course I could have got him a free passage, and he promised to come to us again the next morning, but never came. "It is true that in each case the man had been a bona-fide officer, but they were making a good thing out of it, and did not want to give it up."

### WAGES CUT IN GREAT BRITAIN

Immense Number of Unemployed in Country; Part Time in Some Industries

LONDON, Feb. 23.—Labor correspondents of various London newspapers assert the cost of living has declined in Great Britain and that a reduction of wages is inevitable. They report decreases in wages already have occurred in cases where sliding scales of pay were based on the selling prices of the goods produced.

These wage cuts, however, are mostly in trades which are poorly organized. There is a good deal of speculation among the labor writers as to the attitude of workers in highly organized trades when they are called upon to accept a lower wage, in accordance with previously arranged plans based upon the cost of living.

The Ministry of Labor official figures on the cost of living for working class families show that at the end of December the percentage was 169 higher than in 1914 against the November figure of 176, while for January it was expected to reach 165.

This, while alleviating the lot of the worker to some extent and assisting employers, will not solve the present acute unemployment situation and many agreements have been come to during the past week or two whereby workers have decided to go on short time or accept less money in order to avoid a total closing down of works.

The Furness Iron masters and representatives of the men's union have met and the latter decided to accept a reduction of wages from 22s. 8d. to 19s. 7d. a day, so that work may be resumed in the iron mines.

The number of unemployed in Great Britain is given on Labor Exchange books as 859,000, while other authorities place the number of people without work at 1,500,000.

Short time is soon to go into force in the government dockyards and other government establishments.

**MOTOR BOAT WILL SOON BE NEEDED**  
Those who have motor boats for sale should advertise them soon as the season is coming when they will be in demand. A few dollars spent in advertising a boat usually brings results, if the price is right.
