### Ptomaine Poisoning Decided Cause of Schofield Tragedy

#### Inquest Held This Morning and Circumstances Point to Responsibility of Tainted Black Cod for Fatality

The circumstances surrounding the death of Ernest Schofield Christmas were fully investigated at the inquest before Coroner H. McMullin this morning and a verdict reached that the deceased had come to his death from ptomaine poisoning. The jury comprised John Bulger (foreman), S. King, George Waddell, H. Paterson, F. Gilhuly and A. T. Parkin. The witnesses were Mr. and Mrs. Frank Vickers, Dr. J. A. West and Mrs. Elizabeth Schofield, wife of the deceased.

In his evidence Frank Vickers told of being called to the house Christmas morning. He had found the door locked and, pushing the key through, had entered by means of a pass key. The house was penetrated with a force and the dog ran out immediately the door was opened. In the bedroom he had found Mr. Schofield quite dead and Mrs. Schofield in a semi-conscious condition.

There were signs of sickness. Dr. West and Warden Bailey were at once called.

**Ptomaine Poisoning.**  
Dr. West testified that he had reached the house at 11:45 and found Mr. Schofield quite dead and Mrs. Schofield very sick. The deceased had possibly been dead for 24 hours. Mrs. Schofield was removed to the hospital and a search was made for poison or the cause of death. None were found and there was no sign of convulsions or struggles. The remedy, which was dead, had died of food. As a result of examination it was evident that death was due to ptomaine poisoning from something that had been eaten by the man, his wife and the dog. The theory was discredited that both had been due to any gas in the stove. The symptoms do not indicate that.

Mrs. Schofield stated that on the night of December 23 they had dinner as usual. Smoked black cod, plain pudding and milk had been eaten. She had had all the lots of black cod, one from the City Market and one at the then Interior Co-operative, the City Market she had received on the dark appearance of the fish and had been told that it was not good, not to use it. She stated this was not good she had had the other piece at the Co-operative. She and her husband examined the fish and decided it was good. Her memory

after having retired early that night was very vague.

**Sickening Odor.**  
Mrs. Vickers stated that she had called at Mrs. Schofield's on the afternoon of January 23 and looked at the fish. She had seen nothing wrong with it. She gave Mrs. Schofield half of a Christmas pudding, the other half having been eaten by her family. After the death of Mr. Schofield she had taken Mrs. Schofield's hand and laundry to her house. There had been a sickening odor come from both, the same odor that prevailed in the house.

City Solicitor Hooper, who took part in the proceedings, told that a thorough investigation had been made as to the sale of the fish and such a happening would not occur again. Coroner McMullin, before dismissing the jury, stated that all the possible evidence had been produced and it was regrettable that the responsibility could not be further pinned down. The jury returned in about ten minutes with its verdict.

### FRANK RICHARDS, WELL KNOWN J.P., CALLED BY DEATH

YALE, Jan. 21.—Frank Richards, J.P., a well known figure in British Columbia life, has received his last call, passing away at his home here yesterday, at the age of 66.

Mr. Richards was well known in southern British Columbia. He was at times assistant magistrate in Vancouver, but he is perhaps better known because of the interest he took in all public affairs. Both in Vancouver and Victoria until recently he wrote frequent letters to the newspapers and the opinions expressed were always treated with respect. His demise will be regretted by many old timers of the province.

### CAT SKINS LOWER AT NEW YORK SALE

Seals Declined Sixty per cent and Marten and Mink Fifty-five.

NEW YORK, Jan. 21.—(Special.)—Declines ranging from 15 per cent on mink to 75 per cent on marten were registered by the average prices paid for the skins sold at the fur sale in the Masonic Hall here yesterday.

In comparisons being made with the average prices brought by the same furs at the April sale of the New York Fur Auction Sales Corporation even the humble house cat lost caste to the tune of 55 per cent, while stone marten, beaver marten and Japanese mink all brought prices 55 per cent below the spring sale figures. The Japanese marten was 50 per cent lower and hair seals declined 60 per cent. The drop in pony skins reached 50 per cent.

### FISH ARRIVALS

Booth, Royal and Gold Storage Were Buyers at Exchange This Morning.

The following boats sold half but at the Fish Exchange this morning:  
Panama, 65,000 pounds, to the Royal Fish Co., at 16c and 6c.  
Helena, 7,000 pounds, and W. & F., 13,500 pounds, sold to the Booth Fisheries Canadian Company at 17c and 6c.  
Uranus, 22,000 pounds, and Dorreen, 3,000 pounds, sold to the Canadian Fish and Gold Storage Co. at 17c and 6c.

There is an ample supply of fish cars available at the present time.

The new members of the Hospital Board representing the City Council, J. H. Kelly and M. J. McNeill, took their seats for the first time last night and were introduced by Chairman D. G. Stewart, who extended to them a hearty welcome. Other members of the board present were D. C. McIlrae, Rev. W. E. Collison, E. H. Mortimer, and Mrs. Booth and the secretary, Major Gibson.

Mr. and Mrs. P. Moncton arrived in the city on last night's train from Terrace.

MEXICAN PAIR MARRIED BY PROXY.

### Standing Committees Are Named by Mayor for 1921

Alderman Dybhavn Chairman Finance Board; Ald Perry, Utilities, and Ald. Kerr, Board of Works

At the first meeting of the new council last night Mayor H. B. Rochester named his standing committees for the year. There has been a good deal of speculation about town as to the appointments and it will be seen that the committees have been selected to correspond to a great degree with the experience the various aldermen have had in private life. The chairmanship of the three main committees, finance, works and utilities, have gone to the three old aldermen on the new council, Aldermen Dybhavn, Kerr and Perry respectively. Both Kerr and Perry were the chairmen of the same committees last year.

**Committees.**  
The list of committees for 1921 follow, the first named being the chairman in each case:  
Finance—Alderman John Dybhavn, Alderman Stanley E. Parker and Mayor Rochester.  
Board of Works, Health and Cemetery—Alderman George W. Kerr, Alderman M. J. McNeill and Alderman John Kelly.  
Public Utilities—Alderman G. C. Perry, Alderman G. J. Frizzell and Alderman Thomas W. Silversides.  
Fisheries—Alderman George J. Frizzell and Alderman I. Dybhavn.  
Hospital—Alderman J. H. Kelly and Alderman M. J. McNeill.  
Exhibition—Alderman Parker and Alderman Silversides.  
Reading Room—Alderman G. W. Kerr, G. F. Johnston, T. H. Nuttall and John M. Buckley.  
Better Housing—Mayor Rochester, Alderman Dybhavn, Alderman Parker, city clerk, city treasurer and building inspector.  
Court of Revision to sit February 8—Mayor Rochester, Alderman Dybhavn, Alderman Frizzell, and Alderman Parker.  
**Mayor's Welcome.**  
"It gives me a great deal of pleasure to see business men so well represented on the new council board," said the mayor in opening the meeting and welcoming the new aldermen. "It is years since so many new aldermen have come in at the first of the year

### PRESENTATION TO PROSPECTIVE BRIDE

An interesting presentation took place last night when Miss Beatrice Killen who is to be married Monday was the recipient of a beautiful silver entree dish with her initials engraved thereon from the ladies of the Rebekah Lodge, Miss Monocour made the presentation and other ladies present were Mesdames Wilkinson, Fraser, Priest, Simpson, Irvine, Cox, Morris, and Phil McDonald.

Robert A. Ritchie left last night on the Prince George for Vancouver en route to Montreal. He has been spending the holiday season here with his parents, Mr. and Mrs. J. Fred Ritchie, Fourth Avenue West.

### Death Overtakes Secretary of State

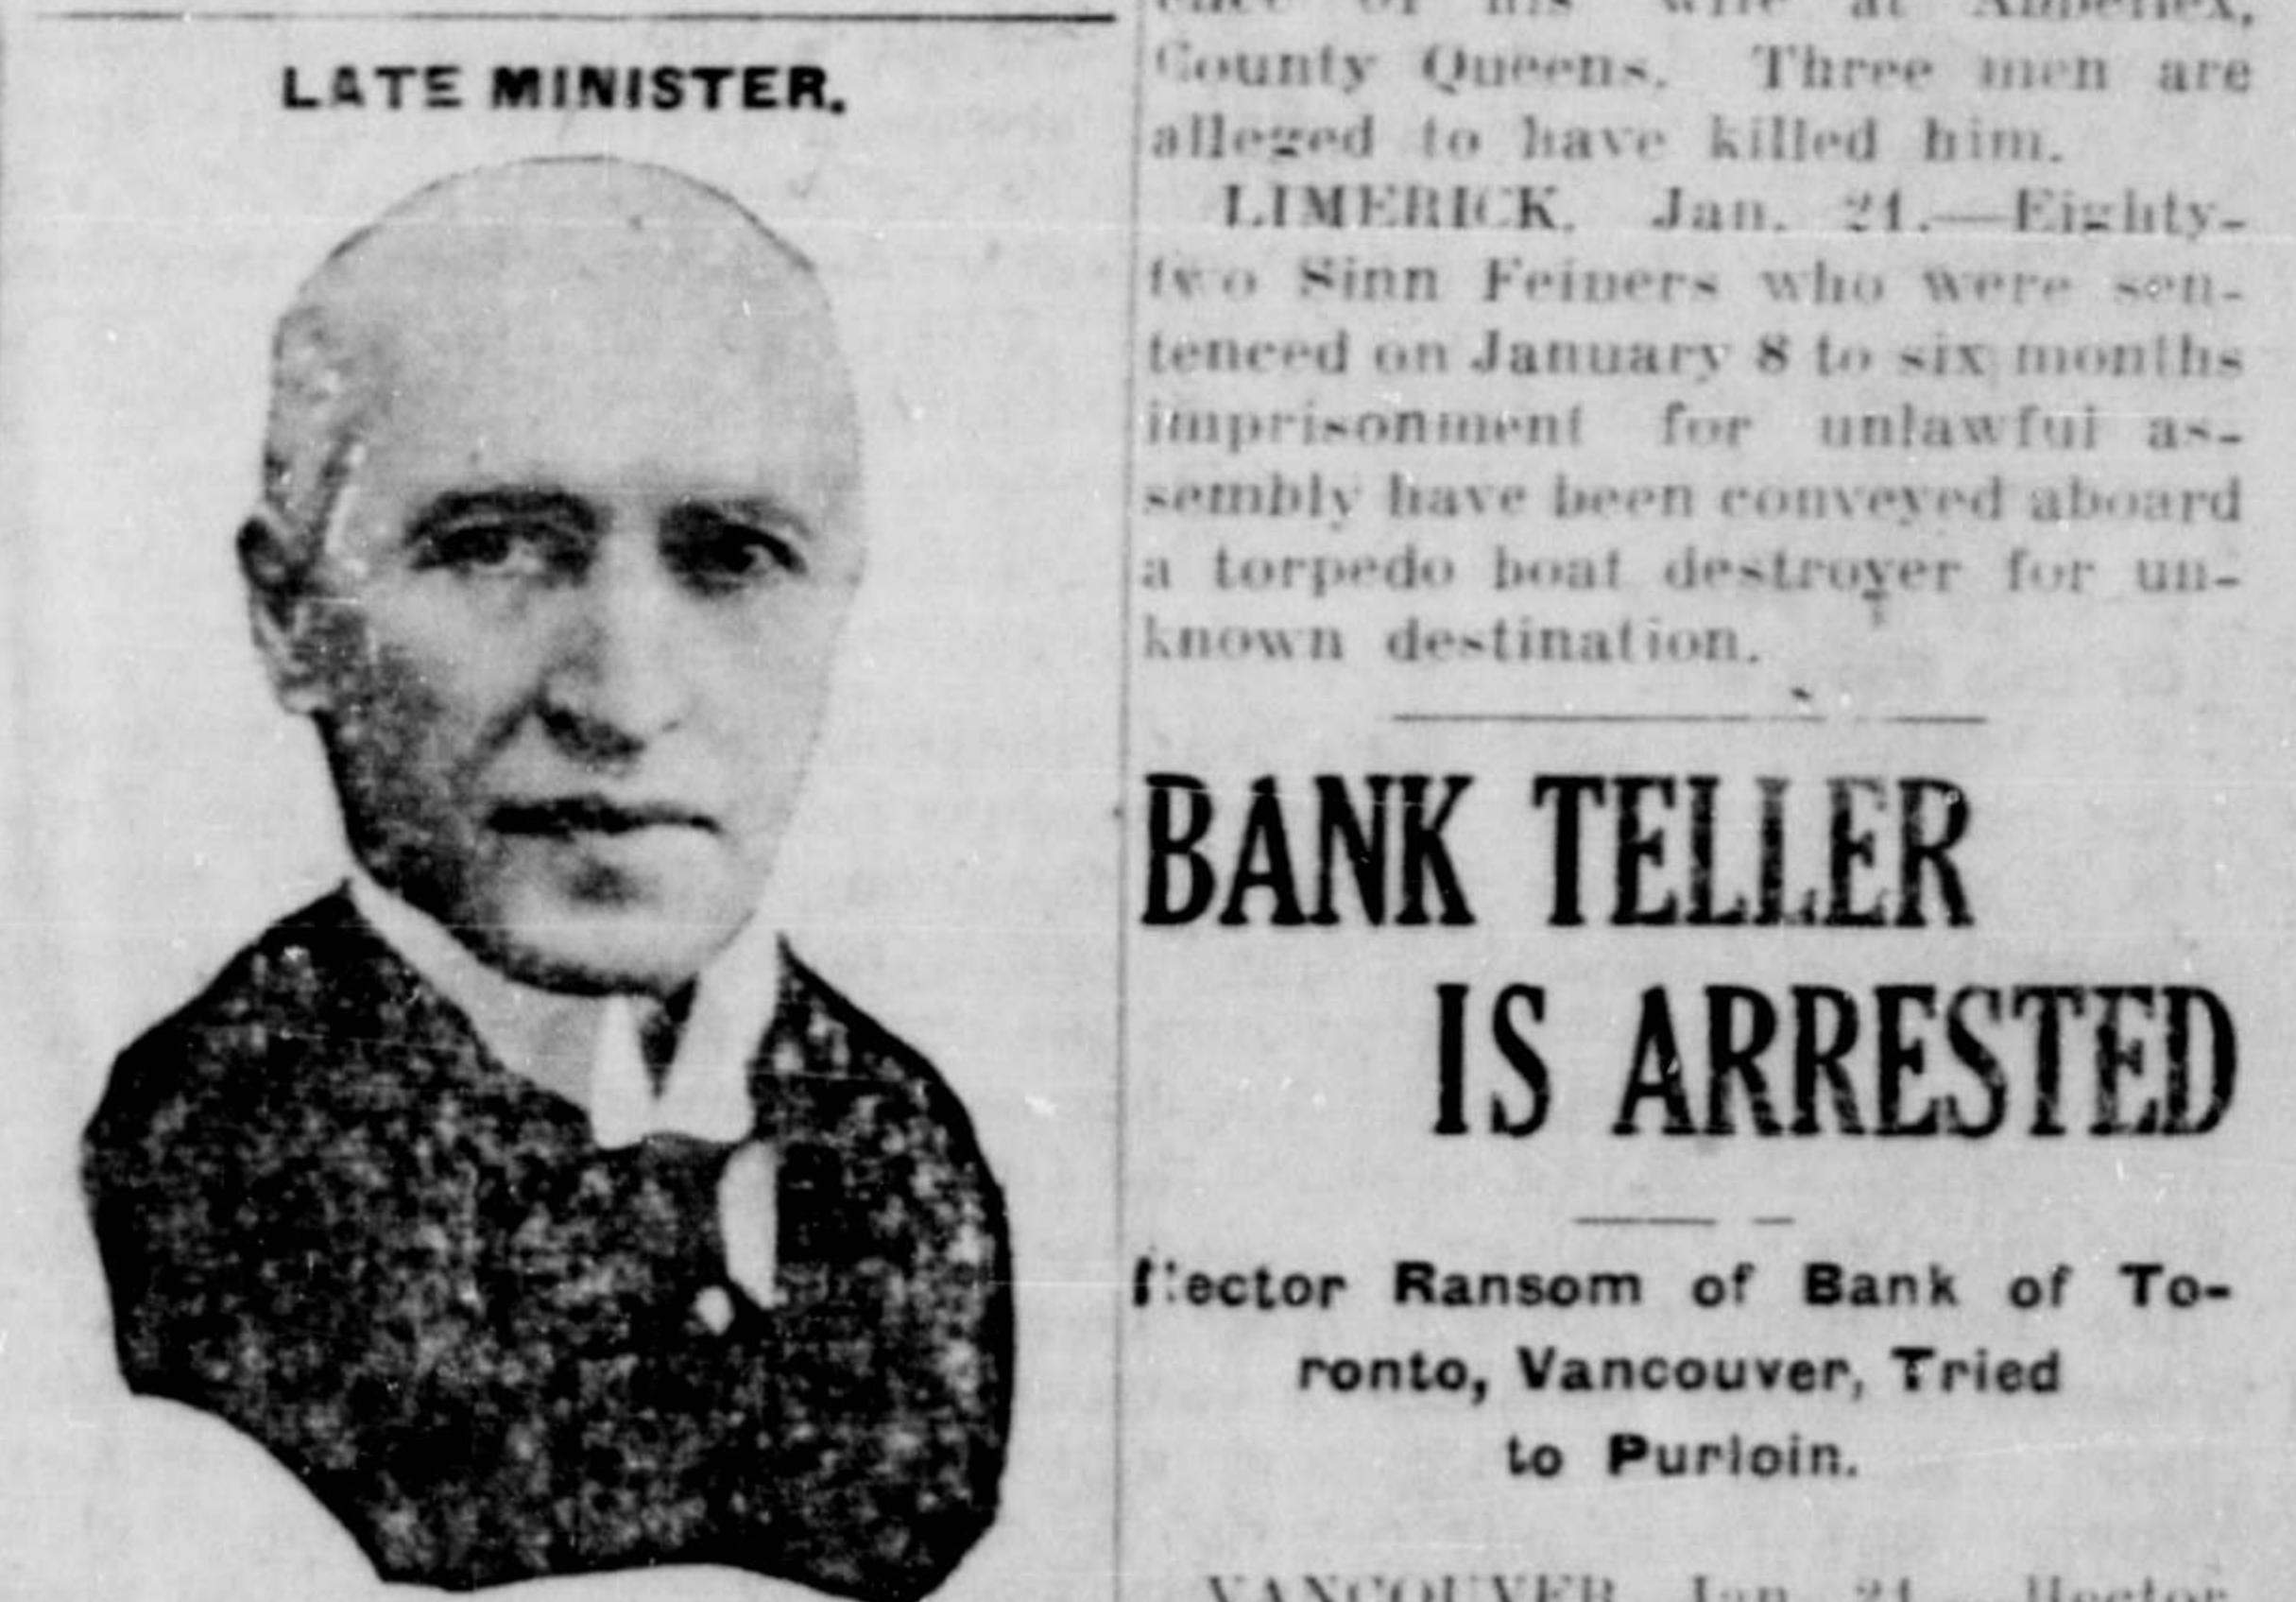

#### Right Hon. A. L. Sifton had Great Public Career; Was Chief Justice and Premier of Alberta

OTTAWA, January 21.—Right Hon. A. L. Sifton, secretary of state, died this morning at 8:39 from hardening of the arteries. He had been ill some weeks and on Wednesday suffered a relapse and another this morning which ended fatally.

Mr. Sifton was born in 1859 near London, Ont., and in 1865 removed with his parents to Manitoba. He studied law and first practised at Brandon where he became a member of the first city council in 1885. Shortly afterwards he went to Prince Albert and then to Calgary.

Elected a member of the assembly of the old North West Territories, before the present provinces were formed, Mr. Sifton became commissioner of works in the Hamilton ministry and in 1903 was appointed chief justice of the North West Territories. When the Province of Alberta was formed in 1905 he became chief justice of that province.

**Became Premier.**  
On the demand of his party he resigned in 1910 and became premier, holding various portfolios. It was in October, 1917, that Mr. Sifton became a member of the Borden Administration as minister of customs and the following year was sent as a delegate to the Peace Conference at Paris. Last year he became minister of public

works for a few months and later secretary of state. On January 4, 1920, he was appointed a member of His Majesty's Privy Council. A wife, son and daughter survive.

### SIX KILLED IN AMBUSH

Inspector Clarke and Five Others Shot Down Near Dublin

DUBLIN, Jan. 21.—Inspector Clarke, a sergeant and four constables were killed and a constable wounded this afternoon at Glenwood near here where they were ambushed and fired on. Inspector Clark lived in Winnipeg before the war. He joined the Canadian mounted rifles and with three brothers, who also lived in Canada, served throughout the war unhurt.

OTTAWA, Jan. 21.—The cabinet council is meeting today for consideration of two capital cases, one from British Columbia, in which clemency is asked.

### IRELAND STILL IN THE THROES

Two Men Shot Dead and 52 Convicted Men Carried Away in Destroyer.

DUBLIN, Jan. 21.—District inspector O'Sullivan was found shot dead near Listowel barracks and Jeffrey McDonald, a laborer, was shot dead in his bed in the presence of his wife at Abbeley, County Queens. Three men are alleged to have killed him.

LIMERICK, Jan. 21.—Eighty-two Sinn Feiners who were sentenced on January 8 to six months imprisonment for unlawful assembly have been conveyed aboard a torpedo boat destroyer for unknown destination.

### BANK TELLER IS ARRESTED

Director Ransom of Bank of Toronto, Vancouver, Tried to Purloin.

VANCOUVER, Jan. 21.—Hector Ransom, aged 29, a teller in the Bank of Toronto here, was arrested last night charged with the theft of a package containing \$5,000, the property of the bank. He was entrusted with the package for delivery to the mail but returned in a short time and said he had been robbed.

Close questioning caused the lad to admit that there had been no holdup but the package was secreted in a basement near the bank. The package was recovered minus \$180, which Ransom said he used to cover a shortage in his accounts.

**Fruit Growers Ask to Have Oriental Problem Solved by Government**  
Would Restrict Ownership and Control of Lands to Whites and Keep Down Immigration to Province

NELSON, Jan. 21.—At the B. C. Fruit Growers' convention a resolution was passed calling upon the Dominion Government to take steps to seek a solution of the Oriental question, especially as to ownership and control of fruit farm lands and so in respect of immigration in order that the Oriental may not constitute more than two per cent of the population of any province.

The Oriental question has become a live one among fruit growers since the people from across the Pacific have been purchasing farms and competing with white fruit growers to the advantage of the latter.

DAILY EDITION. Friday, January 21, 1921.

General Hospital Needs an Ambulance.

An ambulance is needed badly at the General Hospital. More than that it will be necessary to have a driver who will be on duty all the time at a moment's notice. The ambulance will be expensive and the upkeep with a driver will cost even more. What is to be done about it? Are we, because of difficulties, to allow injured people to suffer untold agonies in conducting them to the hospital, when by securing an ambulance this could be avoided?

The suggestion has been made that an ambulance might be kept in connection with the fire department, and it is possible that something might be worked out along those lines. Without any expert information it might seem as if a combined chemical apparatus and ambulance might be secured to be used by the fire chief for hurried calls to fires where an application of the chemical would stop a fire in its earlier stages and also for the few rush calls that come for carrying injured or sick people to the hospital. This may not be practicable but it looks as if it might. In many cities the chief has a small chemical apparatus attached to his car with which he takes the first step in quelling a fire. To arrange also for carrying patients on the same car may be more difficult, but possibly not insuperable. At any rate this is the time to consider the ambulance question and to act on it promptly. It is not right that people who are seriously injured, perhaps who have come here on boats with limbs broken, should have to be crumpled up in an ordinary taxi and driven over our bumpy roads.

Fruit Growers And Orientals.

The fruit growers are objecting to the admission of Orientals into the province. They also object to Orientals owning land here. We like to use the Orientals and sometimes we like to abuse them but we do not want to accord them any privileges.

Undoubtedly there would be a danger in admitting Orientals here without restrictions. We want this to be a white province. If we were unable to use the lands and develop the resources, we should have no right to adopt a dog in the manger policy and keep the Orientals out. We are developing the province very rapidly, however, and the rate of development is increasing. We can develop our resources with white people and the mixing of the races does not make for betterment.

The Japanese are a virile people and they have us beaten in many respects. As a race they are sober and intelligent and industrious and can endure hardships with stoical indifference. We as a race are not sober, not always intelligent and are apt to be emotional on occasion. Unless we mend our ways it is very probable the Japanese and possibly also the Chinese, may have the ascendancy on this coast. Admitting all this, there is no reason why there should be an admixture of the races to the disadvantage of both. This should be a white man's country.

Change of Front Of the Farmers.

Only a few years ago the farmers of the province were asking for indentured Chinese labor, because labor cost too much. Today they are becoming afraid of the competition of the Oriental. They would legislate to prevent his holding land. They would use the Oriental but give him no privileges. Send missionaries across the ocean but prevent his advancement on this side.

If we are going to allow the Orientals to come to the province we must treat him well. He must be given a chance to develop. He undoubtedly is a danger because in many respects he is a better man and we know it only too well. It is because we recognize the virtues of industry and the value of living within our means and using our capital for development purposes that we fear the competition of the Oriental. We recognize the virtue but do not practice it.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

KEEN GAMES  
OF BASKETBALL

Sons of Canada Beat Elks in Well Contested Match—Blue Girls Take Measure of Reds.

Those who expected to see a hard game between the Sons of Canada and the Elks last evening certainly were not disappointed and it was a ding-dong match from start to finish although the Sons ended up at the long end of the 23 to 12 score. Mainly through better team work the Sons of Canada were the most likely winners throughout. At half time the score was 8 to 5 but in the second half the Elks made a supreme effort and took the lead 12 to 10 but here their scoring stopped, while the Sons, before the end, ran up another 13 points. By winning this game the Sons offset the defeat they sustained earlier in the season at the hands of the Elks.

The scoring for the senior league fixture:  
Sons of Canada—Lane, 2; Scott, H. Menzie, 2; Anderson, 5; Shakespeare, 10; C. Blythe, 4.  
Elks—Clementson, 4; Mobley, 2; V. Menzie, Willisroff, 2; and Craggs, 1.

All-Star Girls.  
The girls' all-star game was another really good exhibition and was more closely contested than the score would indicate, but the close checking of the Blue guards made scoring difficult, the Reds obtaining but two lone scores. All the players did their work well and, although beaten 8 to 2, the Reds put up a good game and with a little luck might have made a better showing. The line-ups and scoring:  
Blues—Mrs. A. T. O'Neill, Misses A. Kelly, 2; M. Graham, M. Harvey, 2; S. Calderone, 4.  
Reds—W. Dyer, Mrs. Gowan, A. Davidson, 2; H. Morrison, M. Lindsay.

Junior Girls.  
The Tillicums, leaders of the junior league, easily overcame their opponents, the Whiz Bangs, by an 8 to 1 score, although they had to fight all the way. The Whiz Bangs are showing improvement and with a little more team work would be a hard combination to overcome.

The scoring:  
Tillicums—A. Gurviech, I. Carter, H. McKee, 4; M. McKee, 2; G. Leek, 2; D. McDonald for Carter.

Whiz Bangs—E. Ross, 4; K. McKinnon, M. Ratchford, B. Byrne and M. Shenton.

Tonight's Game.  
The following team will be pitted against Port Simpson in tonight's game: H. Mobley, Lane, H. Menzie, E. Smith and J. Shakespeare, with C. Blythe and R. Greenwell, spares. The Sons of Canada colors will be used.

The Standing.  
Following is the basketball standing:

## A Laundry Service Within Every Woman's Means

It is here for you in this Family Service we offer.  
What is most disagreeable on washday? Isn't it the mussiness of wash water; the steam of boilers and tubs, the lifting and hauling?  
And it's of that we relieve you—at a cost truly moderate.  
We take your family bundle, wash it sweetly clean in soothingly soft waters and billowy, glistening suds; and rinse it many times in more water sparklingly pure.  
Next we daintily iron the flat pieces; the things like bath towels we dry softly and fluffily—they need no ironing; and other pieces that require it we starch and make ready for you to iron in your own home.  
In a word, we do all the toilsome, mussy work of washday, and leave for you only the milder, pleasanter task of ironing the lighter pieces.  
It's a truly economical service within the means of every woman—we're sure you'll like it immensely.  
Telephone, we'll welcome an opportunity to tell you more about it.

## Nearly Crazy With Eczema

No rest day or night for those who are attacked with that terrible skin disease, eczema, or as it is often called, salt rheum. With its unbearable burning, itching and stinging relief is gladly welcomed.  
There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; no remedy that has done, or can do more for those who are almost driven to distraction with the terrible torture.  
Apply it externally and it takes out the itching, itching and burning, and promotes a healthy healing.  
Take it internally and it gets at the source of the disease in the blood—for eczema is a blood disease—and drives it out of the system.  
Miss L. M. Boutilier, 89 Victoria Road, Halifax, N. S., writes:—"I have suffered four years from eczema. I could not rest day or night. I suffered great agony, and was nearly crazy with the itching and burning. I used all kinds of salves, but nothing seemed to help me. I saw Burdock Blood Bitters advertised, and was advised to try a bottle. I found great relief, and I really cannot recommend it highly enough for what it has done for me."  
Burdock Blood Bitters has been on the market for over forty years, and during that time has been manufactured only by The T. Mumford Co., Limited, Toronto, Ont.

## WATER NOTICE.

USE AND STORAGE.  
TAKE NOTICE that Kilmat Fuld and Paper Company, whose address is 741-2 Vancouver Block, Vancouver, B. C., will apply for a licence to take and use one thousand second feet and to store five hundred second feet of water out of Lowe Inlet River, Lowe Inlet, B. C., also known as Verney Falls, which flows westerly and drains into Lowe Inlet about at its head. The storage dam will be located at (1) Lowe Inlet, (2) Upper Lake, (3) Simpson Lake. The capacity of the reservoir to be created is about 250,000 acre feet and it will flood about 4,000 acres of land. The water will be diverted from the stream at a point about at the head of Lowe Inlet and will be used for power purposes upon the land described as Kom-o-wa-dah Indian Reserve No. 3 and crown lands.  
This notice was posted on the ground on the 23rd day of November, 1920. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.  
Objections to this application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.  
First, Second and Third Lakes, Simpson Lake, Upper Simpson Lake, and the watershed of the river flowing into Lowe Inlet, being approximately 150 square miles between Greenville Channel and Douglas Channel on the Mainland Coast of British Columbia, in Range 1 Coast District.

BRINGING UP FATHER

FOR HEALING

Zam-Buk is the last word in healing. Its rare medicinal power is derived from certain valuable herbs here utilized by science for the cure of WOUNDS & SORES and other skin afflictions. Beyond its great soothing and healing power Zam-Buk is powerfully antiseptic—that is, it prevents a cut, burn, or wound from turning sore, festering or poisoned. Zam-Buk's wide range of usefulness, from simple injuries to obstinate skin troubles make it a real necessity in Canadian homes. 50¢ all dealers or Zam-Buk Co., Toronto.

**GOVERNMENT OF INDIA SOON IS TO BE CHANGED**

Increased Powers are Granted Under Recent Enactment of British Parliament

The new law for the government of India went into effect with the opening of the year, and for the first time in the history of India under British rule the elections for government posts are going on in accordance with the provisions of the new government of India Act. The stated aims of the new Act are "to introduce more responsible government in India." The preamble of the Act sums up the general purposes as follows: "It is the declared policy of Parliament to provide for the increasing association of Indians in every branch of Indian administration and for the gradual development of self-governing institutions, with a view to the progressive realization of responsible government in British India as an integral part of the Empire. Progress in giving effect to this policy can only be achieved by successive stages and it is expedient that substantial steps in this direction should now be taken.

**Self Government**  
Concurrently with the gradual development of self-governing institutions in the provinces of India, it is expedient to give to those provinces in provincial matters the largest measure of independence of the government of India which is compatible with the due discharge by the latter of its own responsibilities."  
**Five Million Vote**  
Under the terms of the Act, elections are being held for seats in the Provincial Legislative Councils and the Indian Legislature, these being the only bodies for which the Act provides popular elections. About 5,000,000 persons are enfranchised by the Act, or about 1.5 per cent of the entire population. The executive government in India consists under the new law of a Governor General appointed by the Secretary of State for India in London, an Executive Council of nine, three members of which shall be Indians (heretofore only one member of six was an Indian); a Council of State, comprising 60 members, elected and appointed; and a Legislative Assembly of 140 members, of whom 100 shall be elected and the rest appointed by the Governor General of India.

**Reservations**  
The Act does not confer upon the Indians complete responsibility over all government affairs, but reserves certain subjects to be administered by the Governor in Council. The subjects over which the Indians are given jurisdiction include: Education, agriculture, except irrigation, land revenue and water storage, industries, except factories, mines, railways, shipping, navigation, customs, currency and coinage. The exceptions are included in the reserved subjects which will be

administered by the Governor in Council. The new provincial governments will be administered in nine major provinces. After a period of ten years trial, the Act provides for an inquiry into its operations and at that time it is planned to extend its scope.

**CHET NEFF CUTTING SWATHE IN ST. LOUIS**

Creates Surprise in Defeating One of That City's Likely Lightweights

Chet Neff, the clever lightweight who engaged in several bouts in Prince Rupert last spring, is now cutting quite a swathe around St. Louis. Last month he surprised one of the St. Louis lightweights, Joe McMillan, who was achieving quite a following, when he beat him in an eight round battle on points. Neff still shows his skill as an fighter and employs his well known whipping hooks into the body. In his bout with McMillan he was dropped to the canvas for a count of three in the fifth, but quickly recovered his poise and protected himself by engaging his opponent in infighting. Practically every round of the bout was marred with infighting and at times the battlers were locked shoulder to shoulder striving desperately to batter each other in the solar plexus. These spirited sessions invariably terminated in clinches, forcing the referee to pry them apart. The final round was one whirl of hot milling at close quarters, with Neff enjoying a substantial lead on points at the finish. Roi Barnes, who keeps in close touch with Neff, says that if the boy continues at the rate he is going among the eastern second raters, he will be having a match with Benny Leonard before long.

**The Man in the Moon SAYS:-**

AN ulterior motive is something everyone suspects the other fellow of having.  
MOST of us know how hard it must be to collect debts, because it is difficult to collect from us.  
WHEN a woman ceases to be attractive, she usually looks around to see what society she can join.  
WOMEN are usually good sailors. They are continually trying to launch their boats on the sea of matrimony and they would not do that unless they were able to keep their feet in a storm.  
THE plans for coal bunkers here have nothing to do with ordinary bunk.  
WHEN you have something on your chest you must not in future sit down and write a "collect" telegram to the Provincial Government concerning it. The Government will refuse to pay the bill, so Honest John says.  
THERE is no fear that Carpenter and Dempsey will forget to fight. As long as there is a chance of getting in some big money they will be the boys. They are just working up enthusiasm for the game so that the seats will be all filled at a proper price.  
SOME day an author will write a scenario for the movies that is true to life. If he does, it is to be feared the producers will give it the cold shoulder.

## AMBULANCE FOR HOSPITAL USE IS BADLY NEEDED

Matter Mentioned Casually at the Meeting of Hospital Board Last Night.

The question of providing an ambulance for the hospital and, if they had an ambulance, how it would be used, was discussed by the Hospital Board last night but not at any length as the matter will come up at the general meeting next week.

It was stated by Chairman D. G. Stewart in reply to a question from Mrs. Booth that unfortunately the hospital had so far been unable to secure a new motor ambulance to replace the antiquated horse ambulance which they once had. When they had secured it, a difficulty would arise as to how they were to operate it. It had been suggested that the fire department might undertake the work. The whole matter would be dealt with in a report to be brought in next week at the annual meeting. It would then be up for discussion.

## LUMBER CAMPS OF CALIFORNIA SEEN EMPRESS THEATRE

One of the many features and thrills in "The Man Who Dared," the latest production starring William Russell, which will be shown at the Empress Theatre tonight, is the felling of a giant tree in the heart of the California red-woods forest, where the exterior of the production were staged.

The vast lumber camps of the Union Lumber Company at Fort Bragg, Cal., were used by the directors in taking the scenes. William Russell chopped down one of the biggest trees in the forest. It stood 260 feet in height and its base was 24 feet in diameter. Clyde De Vinna, the camera man, photographed the falling tree, but not without considerable peril, as he had his camera set nearer than the lumberjacks considered safe.

In "Big Jim O'Kane" William Russell has one of the strongest roles of his career. He will be seen as a typical lumberjack with the strength of a giant and a heart to match. Eileen Percy, a charming little actress of stellar talent, plays opposite Russell, and advance reports state that she gives a delightfully clever performance.

## BEBE DANIELS IN "YOU NEVER CAN TELL"

Brilliant Young Star at the West-home Theatre Tonight in New Play.

"You Never Can Tell" is one of the newest of the new plays. It arrived in Vancouver just as Paul Aivazoff, the manager of the West-home, was leaving and he grabbed it and brought it along to give Prince Rupert audiences a taste of what it feels like to be right up to date.

The play shows the new and brilliant young star, Bebe Daniels, as the discontented and ambitious little cheek-room girl in a smart New York Hotel. As Rowena Patricia Jones she develops a passion for beautiful clothes and a violent rage at the malign destiny which has given luxury to some unattractive women and poverty to her. In desecration she decides to do a little vamping on the side and see if she can not repair the badly ravaged fortunes of her family, which has recently been dispossessed from its humble tenement home.

The career of the amateur vamp threatens to turn into grim tragedy several times, but a real love affair with a wholesome and likeable chap saves the little adventurer before it is too late. This role is well carried by Jack Mulhall.

## SKATING WAS GOOD AT LAKE SHAWATLANS

Two Parties Went Out on Wednesday Afternoon and Report Ice was Fine

Skating parties which visited Shawatlans Lake on Wednesday afternoon tell of fine skating on the big lake. There was some snow, but after this had been cleared there was a good course. Jack Boddie, W. McEwen and Will Stephen went out on Mr. Boddie's speed boat and a party consisting of James Farquhar, Douglas Stork, Dick Lambie, Sam Weston, Fred Ritchie, Steve King and Miss Hazel Luigate went up on the "23."

## HUMAN TOUCH MAYOR CHURCH

Toronto Star Tells What Made Famous Chief Magistrate Successful Seven Times

TORONTO, Jan. 21.—When the ratepayers of the City of Toronto, voting on New Year's Day, elected "Tommy" Church—T. L. Church, K. C.—their Mayor and Chief Magistrate for the seventh consecutive year they created a mayoral record term by the almost record majority of 16,000 in a total vote of 56,000. This victory gave Mr. Church a remarkable list of seven successful municipal elections with never a defeat. Papers favorable to Mr. Church ascribe his latest victory to the fact that the citizens desired him as mayor to carry out the "clean up" of radial power and street railway interests which are to be taken over by the city this year as public ownership propositions.

Human Touch  
However, the Toronto Star, which alone among the Toronto newspapers opposed the re-election of Mayor Church, declares it was a case of the "intimate human touch." The Star said good naturedly after its mayoralty candidate, Samuel McBride, had been defeated, "It must be no easy task, in a city of over half a million, to get in touch with every family and enquire about the welfare of all its members by their first names. Mr. Church is the universal intimate of us all. He tries his best to know every chimney in the city as well as Santa Claus, and the number and names of the children. He has a wonderful system and it works. (Intimate human touch. Have you it? It is called the method of the in-a-son who plays hockey or football or anything else—even a son who plays hockey from school—Mr. Church knows him as well as you do, and you do not know what a son you have until Mr. Church tells you about him. Who is there who can go to the polls and vote against such a friend of the family.

### Ten Years Ago in Prince Rupert

January 21, 1911  
J. D. Wells reports the strike of free gold on the Golden Crown property near Kitselas. If the vein continues to any depth it would warrant the operation of a 15 ton cyanide plant.

"Fifty dredges will be in operation around Nome within five years and each dredge will be extracting gold to an average value of \$75,000 or a total of \$40,000,000," says Gerald Hutton, manager of the Risdon Iron Works, of San Francisco.

Hon. William Templeman is investigating the mail service between Prince Rupert and Hazelton. The winter schedule calls for the transportation of 600 pounds of mail matter.

H. F. McTae is going to Vancouver this week to open a branch real estate office.

The Boy Scouts have secured the old school building on Second Avenue for use as a drill hall.

The river steamer Hazelton is undergoing repairs. When she again comes on the run the vibration will be stopped.

On her last trip out the fishing boat "Rose Point" had the misfortune of breaking her rudder and is now lying in Gow Bay for repairs, having made port with a makeshift steering gear.

### NAVIGABLE WATERS PROTECTION ACT.

Revised Statutes of Canada (Chapter 113.)

"THE CANADIAN FISH AND COLD STORAGE CO., LTD., hereby gives notice that it has under section seven (7) of the said act deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry District of Prince Rupert, at the City of Prince Rupert, B. C., a description of the site and plans of a wharf proposed to be built in the Skeena River, on the land covered by water known and described as section Lot "B" of Block "5" of Lot Forty-four hundred and forty-five (4445), Range Five (5), Coast District, in the Province of British Columbia.

"AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, THE CANADIAN FISH AND COLD STORAGE CO., LTD., will under section seven (7) of the said act apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans and for leave to construct the said wharf.

DATED at Prince Rupert, B. C., this 30th day of November, 1920.

### Never Mind The Wording

The only milk now cauned in British Columbia is Pacific Milk. No matter how the label on a can may read, the milk inside comes from Ontario or one of the Eastern Provinces. Just now every one is urged to use goods made within the province to give work to the men and women who want it, so bear in mind that Pacific Milk is the only British Columbia product of its kind.

### MILLION HOUSES SHORT IN U.K.

Many Schemes to Relieve Shortage in Different Parts of England

LONDON, Jan. 21.—It is estimated that London is short of 150,000 houses and Premier Lloyd George, speaking in the House of Commons, has placed the total house shortage for the whole of the United Kingdom at roughly 1,000,000. A house for rent notice board in London quickly attracts a crowd.

Housing is a department of the Ministry of Health and, by legislative act, local authorities are required to submit housing schemes. Thousands of schemes have been submitted, but progress is very slow.

**Economic Factor**  
Perhaps the chief reason for this has been the economic factor. Houses which cost three or four times as much to build as before the war cannot obviously let or sell at pre-war figures.

Nevertheless, according to government statistics some 600,000 new houses were started in 1920 and the number contracted for has risen during the year from 10,108 to 133,301.

One striking feature of the effort to provide houses is a housing scheme conducted by the Office of Works, which was empowered to spend £6,000,000 spread over 18 months. Its operations started in Camberwell, a south London borough. An arrangement was made by which the Office of Works supplied the plans, material and supervision, while the local Federation of trade unions supplied the labor and the borough Council assumed responsibility for the finances. The plan worked smoothly and houses were built for £780 apiece, a saving of at least £200, making a total saving to taxpayers of £109,000. This scheme may become the embryo of the State Building department.

### Housing Bonds

The financial difficulties connected with the housing problem have been responsible for the creation by local authorities of interest-bearing "housing bonds," which are in some localities a fairly popular investment.

In the north of England, concrete houses have become popular as machinery largely replaces man-power in their erection. In some parts of London, too, such houses have been built recently, owing to the shortage of bricks, the high rate of wages and other difficulties.

### WAR VETERANS TO GIVE GRAND BALL ST. VALENTINE'S DAY

The men who fought bravely are about to prove that they are equally capable when it comes to social niceties. They are to give their annual grand ball on St. Valentine's Day, which, as everybody knows, falls on February 14. It will be a real Valentine event, original in many respects and something which of course everybody will wish to attend.

A strong committee is now working on the details and already Alex. Gray's augmented orchestra is organized for the event.

### HEART SO BAD

Was not safe to Leave her alone

Miss Eva P. Yateman, Krugersdorf, Ont., writes:—"I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills, about four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible fits, whenever I was that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicines and took several different kinds, but seemed to receive but little benefit from them. One day noting the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and an almost reborn of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
