IRISH PEACE ASSURED

Peace with Ireland Arranged in Conference Between Sinn Fein and British Government

LONDON, Dec. 6.—It is officially announced that an agreement has been reached between the British Government and Sinn Fein which it is expected will finally settle the Irish difficulty and ensure lasting peace between the two countries. The terms of the agreement will be submitted to the British Parliament and will undoubtedly meet with ready acceptance. It will also be submitted to the Dail Eireann at Dublin, and acceptance there is confidently expected. A copy of the agreement has also been sent to the Ulster Government.

Sinn Fein delegates were in session until 11 o'clock last night, occasionally telephoning Downing Street in connection with difficulties that arose. At 11:15 the British ministers called a meeting with Sinn Fein, which lasted until 2:30 o'clock this morning, and the delegates then retired home exhausted, stating that an agreement had been reached.

Food Authority Says Will Be Given Three Years Breathing Spell.

PARIS, Dec. 6.—It is understood on good authority that Germany will be given a three year breathing spell in making cash indemnity payments. France and Great Britain have reached the conclusion that this will be necessary. The details of the deferred payments only remain to be worked out.

HEAVY POLL IS EXPECTED HERE

Up to 12:45 Noon 745 Votes Had Been Cast by Prince Rupert Federal Electors.

The taking of votes here for the federal election is progressing smoothly and quietly but a large poll is being recorded. Up to 12:45 745 votes had been cast at the Black Building, corner of Seventh Street and Second Avenue, where the local poll is being held with Returning Officer R. W. Cameron and Election Clerk C. V. Eloit in charge. This being a few minutes less than half the duration of the poll, which closes at 6 o'clock this evening, it is expected that about 2000 votes will have been recorded before the doors close and the count commences.

A feature of the voting this morning was the large number of women who presented themselves, many for the first time at a federal election.

The employees of the Grand Trunk Pacific Railway and the Canadian Fish and Gold Storage Company were this morning given between the hours of 8 and 10 o'clock to vote. This including clerical and mechanical staffs both, it is likely that the most of the employees of these companies have already voted.

Election Officers.
The list of election officers is as follows:
Deputy Returning Officers—L. Dewhurst, Norman Short, W. J. Sloan, James Jackson, John Kilday, Jack Flint, E. Unwin, John Clapperton, Lester S. Davies and Benjamin Ferguson.
Poll Clerks—James S. Wallace, C. S. Archer, William Allen, E. M. Jacobs, T. Roberts, Harry Raggerty, Archie Ironsides, David Gray, F. Hemmons and Joseph F. Quinn.

Scrutineers.
Stock Scrutineers—J. D. Lockwood, J. N. Kelly, James Field, J. Munro, D. Millen, T. McKenzie, C. D. Baisdon, H. Fraser, J. J. Mulligan and K. Hicks.
Poll Scrutineers—W. R. Love, C. C. Westaway, H. Ward, S. B. Johnson, J. A. Allen, J. Prescott, F. Salter, H. Bevan, George Delzanno, J. A. Curtis, G. O. Rowe and W. S. Ackroyd.

PARTICULARS OF THE AGREEMENT.

The agreement reached early this morning by the British and Sinn Fein representatives binds both sides to recommend it to their respective parliaments. It is a formal, detailed and concise document, and the terms prevent the necessity for further negotiations.

The consent of Ulster is not required in order to make the agreement effective. Ulster is given the option of withdrawing from the agreement and reverting to her present status within territory delimited by a boundary commission. Should Dail agree to the agreement, and disagreement is not expected, it will be embodied in a bill and submitted to the British Parliament.

NEWSPAPER COMMENT.

The Evening Standard says the Irish agreement provides for the Irish free state, the withdrawal of all military forces from Ireland and safeguards which will ensure a peaceful condition.

A definite promise of allegiance to the Empire by Sinn Fein provided for in terms, says the Central News Agency. The agreement is satisfactory to the King in that it involves Ireland's association with the Empire.

Premier Lloyd George has abandoned his intention of visiting Washington to take part in the armament conference owing to the early meeting of Parliament which will be called to act on the Irish settlement.

CONGRATULATIONS OF KING.
LONDON, Dec. 6.—The British Cabinet this morning unanimously approved the draft agreement Sinn Fein. King George VI telegraphed his royal congratulations to Lloyd George.

IRISH FREE STATE.
BIRMINGHAM, Dec. 6.—Ireland hereafter will be known officially as the "Irish Free State" under the agreement reached at the London conference, Lord Chancellor Birkenhead announced in an address today. He declared that a solution of the Irish question seemed to have been reached.

WINNIPEG, Dec. 6.—The Winnipeg Tribune says that the last remaining vacancy in the senate will be filled today with the appointment of Peter Martin, ex-M.P. for Halifax. He will succeed Senator Power, of Halifax.

ELECTION IS PROCEEDING

Winnipeg and Kinn at Ottawa While Crerar Awaits Returns at Mother's Home.

OTTAWA, Dec. 6.—Campaigning for the federal election, which is proceeding today throughout Canada, concluded last night. All parties are confident of success.

Premier Meighen spoke at four meetings yesterday concluding last night at Windsor. He arrived here at noon today to vote and await the result.

Hon. William Lyon Mackenzie King, leader of the opposition, spoke at seven meetings in the Vancouver district and returned to Ottawa late last night.

Hon. T. A. Crerar, leader of the Progressives, is awaiting the result at the home of his mother-in-law, Mrs. M. A. Crerar, at Bussell, Manitoba.

Indications are that the poll throughout the country will be heavy.

FIRST WIN AT HOCKEY VANCOUVER

Millionaires Defeated Metropolitanians Last Night by Two to One.

VANCOUVER, Dec. 6.—The Vancouver Millionaires defeated the Seattle Metropolitanians by a score of two to one in the first game of the Pacific Coast Hockey season which was played here last night in the Arena. There was a big crowd in attendance and the play was fast and furious.

Skinner and MacKay scored for Vancouver and Walker from Morris Lallied Seattle's one score.

The new penalty was tried for the first time in a league game and it was saved by Lehman. Both goalies were in splendid shape.

CANADIAN ROVER WAS AGROUND IN STRAITS NEAR CAMPBELL RIVER

VICTORIA, Dec. 6.—After being aground eleven hours near Campbell River, the C. G. M. M. steamer Canadian Rover, bound from Vancouver to Ocean Falls to load paper for San Francisco and San Pedro, was floated on the rising tide this morning and proceeded to Ocean Falls undamaged.

Some telegrams between H. S. Clements and Graham Campbell have also been seized.

This morning Returning Officer George Buscombe, said to be an office partner of Clements, was closeted with his solicitors, Burns & Walker.

Big Plugging Scandal

Alleged Conspiracy to Stuff Ballot Boxes for H. S. Clements in Comox Alberni; Campbell Graham Arrested

VANCOUVER, Dec. 6.—An alleged pluggers' list written in Graham Campbell's handwriting in pencil on House of Commons stationery was one of the sensational exhibits seized in connection with a Comox-Alberni election scandal which was brought to light last night. An alleged conspiracy to plug votes for H. S. Clements, Government candidate in Comox-Alberni, culminated this morning in the arrest here of Graham Campbell and Woodford A. Bird.

With the pencilled list was a certified list with a declaration signed by Frederick Gosby, deputy returning officer at Gambier Island. Among the names on the list was that of Peter Annance, well known in connection with a former plugging scandal.

It is claimed that of 215 names on Gosby's list for Gambier Island there are only 50 bona fide residents.

The plan allegedly was to send hundreds of men from here to the various parts of the constituency by boat transportation etc. furnished free.

Stamped Ballots.
A wholesale seizure was made of stamped ballots bearing the stamp of the returning officer. Most of these, 1200 in all, were in possession of Graham Campbell when arrested.

At first it was thought the ballots were genuine numbered ballots issued in books numbered from 1500 upwards and bearing the name of a Vancouver printing firm.

The party comprises: A. H. Eager, general superintendent of rolling stock, Winnipeg; R. Mitchell, right-of-way agent, Toronto; D. Robertson, assistant general storekeeper, Winnipeg; G. C. Briggs, engineer of rolling stock, Winnipeg; C. J. Quantie, master mechanic, Vancouver; R. W. Hannington, general attorney, Vancouver, and P. W. Baldwin, local auditor, Vancouver.

'Tis a well-baked cake that has no burning.

INDICATIONS POINT HEAVY VOTE BEING CAST ELECTION TODAY

OTTAWA, Dec. 6.—Canada today elects its fourteenth parliament since Confederation. Weather conditions generally are reported excellent and this, coupled with the spectacular nature of the contest and the extension of the franchise to women generally, should mean the casting of a record vote. It is estimated that between 3,000,000 and 3,500,000 votes will be polled.

DAILY EDITION **December 6, 1921**

**Liberals and
 The Campaign.**

The Liberals have been conducting an election campaign for the past five or six weeks, and they can congratulate themselves on the manner in which they have carried it out in this constituency. They have in every case treated the opposition with consideration and have again and again refused to bring forward matters which might have been personally offensive to the other candidate. This is in line with the best traditions of the party. It is better to go down to defeat with clean hands than to win a campaign of which not only the party but the whole country is ashamed.

The Liberals expect to win in this constituency, but if by the fortunes of war they should lose they will have nothing to regret. They have fought for the cause they believed was deserving to win and believing the people were willing to back such a cause.

**No Complaint
 of Other Side.**

In regard to the other side there is little of which to complain. Perhaps the most objectionable feature was the Gollart telegram, which had all the appearance of trying to use undue influence to weaken the forces of the opposing side. Good influences have undoubtedly been at work to temper the language of some of the backers of Colonel Peck, an influence which is bound to prevail in the long run, for gutter language never helps any cause. It causes amusement in some quarters and disgust in others. That there was a steady improvement as the campaign advanced was very evident and will make for a better feeling throughout the community. It is time we got away from village politics and village pettiness, and the campaign which has just concluded is an indication that we are en route to something better.

**Curious Differences
 in Liberal Policy.**

People here must have been struck by the different brands of Liberalism set forth by different speakers and writers. At the meeting last night in the Westholme Theatre W. E. Williams spoke most emphatically against government ownership of railways, yet government ownership of railways is an accomplished fact and there is little chance of their ever being turned back to a private party. No matter what may be our opinions, the railways will be conducted by the nation in the interests of the nation. Mackenzie King is pledged to this course of action and will undoubtedly carry it out.

We mention this to show that in Liberalism there is no such thing as a definite hard and fast set policy. There is much latitude for the expression of opinion. Now and then the views of the people are crystallized on one or two outstanding reforms that are necessary and other minor matters are forgotten. There are always, however, in the party, people with advanced ideas and those who are inclined to hold back. In the most radical are often phases of retroaction. We move forward little by little and not all at once. There is also the backwash of Toryism that moves us back from time to time, not to the old starting point, but just far enough to make us anxious to consolidate our positions and strive for the next goal.

**World Generally
 Moving Forward.**

The armament conference, the long drawn out Irish negotiations and dozens of other examples of advancement are before us. We see the world steadily changing its viewpoint. Now and then there is a wave of extreme radicalism, as there was two years ago in Canada, which was a protest against the retrogressive policy of the Government. It is almost impossible for such a movement to take place during Liberal administration, and yet there is more real progress from Liberal administration than from the progressive protests during the reactionary periods.

The rule of progress has been for the radicals to blaze the way, and often to suffer for being pioneers. At any rate, they are sure to bear the scoffs of the more careful but less energetic. University students are apt to be very radical, for they have plenty of idealism and energy but no responsibility. As people get older they sober down and tend to become conservative, especially if they should be burdened with much of this world's wealth.

Older people are apt to look with horror on the prospect of political or economic changes, for it might mean that they would have to alter their mode of life should the theories of the radicals become effective. On the whole, however, everything is working out well, and no matter what our attitude, progress is being made all along the line and generations to come should benefit materially from the progress that is being made today.

Indigestion, Weak Digestion or partial digestion of food, is one of the most serious of present-day complaints—because it is responsible for many serious troubles.

Those who suffer with Indigestion, almost invariably are troubled with Rheumatism, Polipitation of the Heart, Sleeplessness and excessive Nervousness. Colonel Peck Was Bright Spot
 in Otherwise Dull Meeting.

The last meeting of the campaign was held last evening in the Empress Theatre by Colonel Peck's committee. D. G. Stewart, president, Scotty Dennis, Rev. Jas. Evans of Smithers, Major McGregor, V.C., and Frank Salter were on the platform supporting Colonel Peck. Of these the Rev. Mr. Evans was the strongest speaker, but as he commenced his argument with the wrong premises, he came to the wrong conclusions right along.

Colonel Peck had travelled far during this campaign and was tired. Still, he lightened an otherwise dull evening with many flashes of unconscious humor, which his audience was not slow to take up. They enjoyed his colloquialisms to the full. The political part of his address was largely taken up in reading the current number of the Daily News.

The meeting closed shortly after half past ten.

**ELKS' MINSTREL
 SHOW IS COMING**

Big Event to Be Staged on Wednesday Evening of Next Week.

You have heard about "the thrill that comes once in a lifetime" in moving pictures, in the newspapers and in the spoken word. You will get it next Wednesday evening if you attend the Westholme Theatre. When the curtain goes up and the interlocutor of the Elks' Minstrel show says, "Gentlemen be seated" there will begin one of the best shows that has ever been put together by any local group of artists or entertainers. Then you will get "the thrill that comes once in a lifetime."

The Elks' Christmas Cheer Committee has spared no expense, time or trouble to give the public the best obtainable and they trust, although last year's performance was commented on for its success, that that this year's will be far superior in every respect.

The Minstrels.
 There will be twelve minstrels, an orchestra of eleven minstrels, specially minstrels, minstrel artists, music, songs and jokes that will give many a laugh and chase dull care away.

The program will be the largest and best ever handed to patrons of the Westholme Theatre. It will contain twenty-two pages and, in itself, will be a souvenir well worth keeping.

Between the first and second-parts specialties will be given. They will consist of a saxophone quartette, illustrated song, stringed instrument quartette and a Hebrew act by one of the "Brother Bils."

Plantation Scene.
 A "Plantation Scene" will constitute the second and last part of the program and two or three of Prince Rupert's lady Elks artists will be specialized. The entire company will take part in this scene both individually and collectively and it will be a real old time production.

The evening's entertainment will be brought to a close with the singing of a medley of songs by the entire company.

The proceeds of the show will go towards the Christmas Cheer fund to provide sunshine on Christmas Day for the mothers and kiddies of Prince Rupert who are not blessed with an abundance of the world's goods. It will be distributed irrespective of whether the receivers are Elks families or not.

**SUGGESTION MADE
 TO MUNICIPALITIES
 UNION BY COUNCIL**

The city clerk is to write to the secretary of the Union of B. C. Municipalities suggesting that the Union consider the inaugurating of a more satisfactory follow-up system so as to allow the municipalities to know more of what work was being done especially in regard to negotiations between the Union and the legislature. If present finances did not allow for that then the dues of the municipalities might be increased. A motion embodying these suggestions was presented by Ald. Perry at the council meeting last night. It was seconded by Ald. Dybbavn and was passed unanimously.

BRINGING UP FATHER

WOMEN CLERGY ARE ADVOCATED

Montreal Ladies See No Reason Why They Should Be Debarred From Ministry.

MONTREAL, Dec. 5.—Prominent Montreal women can see no reason why their sex should be barred from the clerical profession. They believe that they should have equal rights with men in doing so.

Several were questioned as to their opinion of the decision arrived at by members of the board of St. James Methodist Church not to favor the admission of women into the pastorate of the Methodist Church in Canada.

"Three or four years ago the Rev. Dr. Symonds, preaching in Christ church Cathedral, said that he saw no reason in nature or in scriptural inspiration to prevent women from holding highest positions in the Church, even that of Archbishop of Canterbury included," said Professor Cassie Derick.

Woman Professor.

Professor Derick said she saw no reason at all why women should not be admitted into the Church just as they were being admitted nowadays to all other professions; why there should not be absolute equality in this matter as well as in any other.

"There is," she said, "no special reason that I can think of why the clerical profession should be barred to women."

"Women spoke from the pulpits of Canadian churches on several occasions during the war on war subjects, and in the United States and in England there are women who take part in the services." She quoted instances of the late Dr. Anna Shaw, the national suffragist leader in the United States, and Maud Royden, who is now associated with the minister of the City Temple in London, England.

Woman Doctor.

Dr. Ritchie England also stated very emphatically that she saw no reason why women should not have the same rights as men with regard to any walk of life at all, or why the admission of women into the pastorate should be an exception. Dr. England also spoke of Maud Royden, who, she said, had preached last year at the international meeting at Geneva of women, of all nations, and whose discourse upon that occasion was said to be exceptionally good.

that they were meeting the direct "lines of vibration" of the two underground tubes, the Central London and the Bakerloo.

The news agency says that they realize that if the excavations continued the whole of Oxford Circus might be literally precipitated underground. There were perilous days and laborious nights occupied in underpinning the buildings above ground and overcoming the side pressure which was being felt.

In place of the shifting sands of the old river bed there was constructed a retaining wall of cement more secure than at any time since the river flowed down the slopes of the present Regent Street.

FINAL RALLY OF LIBERALS

Great Gathering in Westholme Theatre Last Night Heard Speakers.

Last night the Westholme Theatre was packed to the doors with people anxious to hear the Liberal gospel expounded and to show Fred Stork that they were with him in the election which is taking place today. It was a great crowd and the addresses proved interesting. S. E. Parker presided and introduced each speaker and also said a few words of an optimistic nature. Theo. Collart read a telegram designed to show how voting for a Tory would interfere with individual liberty. He made a short but impressive speech. W. E. Williams showed how Colonel Peck in the past had been 100 per cent Tory and it was on his past he was to be judged. He said he was a free trader but voted against it at Ottawa. He mentioned the fish car fiasco and the railway deficit and urged that they support a leader with vision. Such a leader was Hon. W. L. Mackenzie King.

Thomas McLymont spoke humorously and effectively of the financial policy of the Meigher Government and its extravagance. He likened the rise of the farmer party today to the rise of the Patrons of Industry during a former Tory regime. He showed the fallacy of protection as applied locally and urged support of Fred Stork as the Liberal candidate.

Fred Stork, in opening, remarked on the much more agreeable audience which greeted him this time than four years ago on a similar occasion. The audience was now vastly different in temper and tone than it was then. Still the fight was the same old one of Vancouver vs. Prince Rupert. Now Prince Rupert was given the opportunity of having one of its citizens as its representative at Ottawa.

Mr. Stork commented on the serious interest that had been taken in the election by means of letters to the newspapers. He had to thank many of the writers who had helped him gain support. Indeed, if the campaign continued much longer some of the enthusiastic supporters of Col. Peck who had broken into print would make their candidates vote even smaller. Some of the papers had been so bad that at the last moment, the Peck committee had to get out a new paper of its own.

Sympathy with Them. Influence and assistance from all quarters was being sought by the Peck committee. He sympathized with Stewart and Fryzell who had recently been elected nurses in the Independent sanitarium to keep Newton, Morrow and others under the skirts while Orme and Joe Scott kept watch over the patchwork quilt of many colors which covered such a multitude of sins.

The speaker went on comparing the condition of today with those of 1896 when the Conservative government had before been overthrown. A change was again due and was surely coming.

Premier Meighen had said that the tariff was the only issue. It was not his intention to lower

NOTICE PRINCE RUPERT LAND DISTRICT—DISTRICT OF COAST, RANGE 5. Take notice that I, John Hepburn, intend to apply for a license to prospect for petroleum and natural gas on the following described lands: Commencing at a post planted about 20 chains S.W. of S.W. corner of Tl. 652, west shore Kitsoungillan Lake, thence south 80 chains, thence east 80 chains, thence north 80 chains, thence east 80 chains to point of commencement, containing 640 acres, more or less. JOHN HEPBURN, Applicant. Located September 12, 1921.

Mr. Stork, in closing, stated that he had been all through the district and from what he had seen and heard he would be disappointed if his majority was less than a thousand. He appealed that such a majority be polled up that Meighen would see that this part of the country could not be defied and that Mackenzie King would see that it was as much behind him as it was behind his illustrious predecessor, Sir Wilfrid Laurier.

FIFTEEN BOILS ON NECK AT ONE TIME

Anyone who has suffered from boils can sympathize with poor old Job. There was no Burdock Blood Bitters on those days, so Job had to suffer in silence. Nowadays no one need endure the misery of boils.

Boils are simply evidences of the bad blood within coming to the surface and just when you get rid of one, another seems ready to take its place and prolong your misery.

All the poultices and lancing you may do will not stop more coming. What you have to do is take BURDOCK BLOOD BITTERS and the blood will be cleansed of all its impurities, and then every boil will disappear.

Mr. Roy McSwain, High Bank, P. E. I., writes: "I was troubled with boils for some time, and had as many as fifteen on my neck at once. After taking one bottle of Burdock Blood Bitters they commenced to get better, and after I had taken two bottles I was relieved of them and felt much better. I think B. B. B. is a grand blood medicine, and can recommend it highly."

For the past 45 years B. B. B. has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

the tariff or leave it as it was but his intention was undoubtedly to advance it and still further raise the already high cost of living.

There was a National Debt of three billion which must be faced. It had been made and must be paid for through the natural resources of Canada. To encourage the lumberman, the farmer, the fisherman and the mining man the tariff wall must be lowered.

Railway Situation. Mr. Stork referred to the railway situation and its effect on Prince Rupert. Business had been diverted to Vancouver, and the dry dock had been left idle when it was badly needed and could have been used to advantage in the war shipbuilding program. Freight rates had been advanced crippling industry.

It was high time for a policy of economy and common sense to be instituted. The Meigher Government had never called into its councils on railway matters men who were experienced and familiar with railroad business. He believed it was the policy of Mackenzie King to invite men in with whom to consult regarding the National Railways. He believed in putting in men who knew something and expelling the lawyers, bankers and doctors from the board of directors. The Grand Trunk Pacific Railway had had a great chance to make good but government ownership had not been given a fair show. It seemed that the government had been out to lose as much money as possible so that an example of government ownership would be set for all time and so that the people would be so glad to get rid of the railway that they would be able to hand it over again to Mackenzie & Mann, Sifton and Flavell. The road had every advantage and Prince Rupert, as its terminus, would be a great port if the government had had the inclination to make it so.

Vancouver Minister. Premier Meighen was asking for a renewal of confidence but what chance would Prince Rupert have if he was returned and H. H. Stevens of Vancouver was his minister of Trade and Commerce? That would not be in the best interests of Prince Rupert.

"Perhaps Toronto needs Meighen but Canada needs a change," said Mr. Stork. "Canada needs a far bigger man than Meighen not the gramophone of McKenzie & Mann" as R. R. Bennett, Meighen's cabinet minister, once styled him. The country will never be great with such men in control. Men of the stamp of Sir John A. Macdonald and Sir Wilfrid Laurier are needed."

Between the first and second performance on Thursday evening at the Westholme Theatre, the box seats will be auctioned off for the Elks' Minstrel Show on the 14th.

PRINCE GEORGE

The Board of Trade is holding a dance tonight. Election returns will be posted in the hall in the course of the affair.

In reply to his communication to the Postal Department at Ottawa, the Board of Trade has been advised that it would cost too much to have transfer of mail at Jasper and, therefore, it cannot be effected.

Miss Beatrice Oliver was married last week to Norman Bennett at the home of Mr. and Mrs. George E. Oliver, Rev. Wm. Graham conducting the ceremony. W. L. Foley was best man and Miss R. M. Robinson was the bridesmaid. The honeymoon is being spent on the coast.

P. W. Graham, station connector, has been haled into police court charged with failure to take out a building permit for the building. The case was adjourned until this week.

SMITHERS

Miss Routby has arrived from Vancouver to take a position in the Bulkley Valley Hospital.

Without advertisements, this paper would not be as interesting to you, because information and goods for sale in the stores is news—just that.

RESTAURANT PRICES IN MONTREAL SLOWLY MOVING DOWNWARD

MONTREAL, Dec. 5.—The bachelor and the bachelor girl who depend on the Montreal restaurants for their meals are for the first time proving for themselves that food prices have really come down.

Though it is now over a year since declines in the prices of sugar and meat were announced, it is only during the past two months that general cuts in the charges, asked by better class restaurants of the city have reflected falling food values. The reductions now going into force average about one-fourth of the peak prices.

Reductions of from fifteen to twenty per cent in the price of the lunches served at Henry Morgan & Co., Ltd., will have been made during the last six weeks when a proposed change in the price schedule goes into effect on Monday next. For a considerable period customers have been charged one dollar for a special lunch. A short time ago this charge was lowered to 75 cents, and announcement has now been made that it will be further reduced to eighty-five cents.

Better and Cheaper.

At the new rate, it is stated by the management, they will be able to give their patrons a better meal than at the old price of one dollar, so much less is the cost of staple commodities than they were a year ago at this time.

At Goodwins, Ltd., the lunch-room manager says that since the middle of October, reductions in every item on the menu card have been made until the reduction now averages 25 per cent all along the line.

Gradual Reductions.

WOULD REVERT TO OLD SYSTEM

Delegation Puts up Fight Over Method of Choosing Police Commissioners.

VICTORIA, Dec. 6.—Proposals to do away with popularly elected police commissions in British Columbia and to have the members of these bodies appointed by the Government, was laid over for a year by the municipal committee of the Legislature.

This action was taken after a Victoria delegation under the Rev. Robert Wilkinson, Major J. J. Johnston of New Westminster, and Alderman J. G. McRae of Vancouver appeared before the committee and lodged vigorous protest.

Favored Elected Commission.

Rev. William Stevenson explained that in 1911 the people of Victoria voted by 2,278 to 809 to do away with their appointed police commission which had been in vogue until that time and bring in the elected commission.

"Are people satisfied now with the present system in Victoria?" asked James Ramsay.

"It is not as bad as when the commissioners were appointed by an irresponsible body," replied Mr. Stevenson. "If we are not satisfied with the men we can throw them out. We are trying to improve things in the city and reconstruct our social life along better lines."

"A Living Scandal."

"Things happened in this city under the old system of such a nature that if they were known the people could not sleep in their beds. Sodom and Gomorrah were respectable places as compared with what was going on here. It was a living scandal."

"It was not a question of more or less vice, but of condoning it."

"Under the old system there were scandals in the underworld of Victoria, scandals in Chinatown and the red light district so fierce that the editors of two of our papers came out against conditions." Mrs. Spofford, speaking for women and women's organizations, endorsed what Rev. Mr. Stevenson said, and declared that she also could tell of startling conditions.

Alderman Woodward declared it would be injudicious to change back to the appointed commission. He said that the citizens often choose bad members of parliament as well as police commissioners. He believed the best system would be to have the police commission a department of the City Council.

Better Class of Men.

Canon Hinchliffe, a member of the municipal committee, explained that the amendment was an honest endeavor to find some way in which a better class of men could be put in charge of the police, and no better class of men could be thought of than the elected men who sit in the City Council.

Rev. Mr. Wilkinson asserted that under old conditions police commissioners could not be induced to take action and that some of them were financially interested in houses of ill fame.

Mayor Johnston of New Westminster declared that the proposed change was a retrograde step, as conditions under the old system were deplorable.

"Leave it to the people," he went on. "The whole thing is vicious. We have a condition of affairs now with which we are satisfied. Mistakes will happen, but do not interfere with this and make it a political football."

Alderman J. G. McRae of Vancouver, endorsed what had been said and declared that the elective system was an improvement over the other.
