Fire Destroys Indian Girls' School

STEADY STREAM OF RICH ORE FLOWING FROM PREMIER MINE AT STEWART

Crosby Indian Girls' School at Simpson is Destroyed by Fire

Building Housed Eight Teachers and Forty Children and was Valued at \$25,000; Belonged to Methodist Mission Board

PORT SIMPSON, January 25.—The Crosby Indian girls' school was completely destroyed this morning by fire which originated in the basement. All the personal belongings of the eight teachers and the forty girls under Miss S. M. Deacon, principal, were lost in the sudden destruction of the school. The building is valued at \$25,000 and, it is believed, is partially covered by insurance.

The Crosby school is one of the oldest and best known Indian schools in the province. It was established over twenty-five years ago and belongs to the Methodist Church Mission Board and is subsidized by the Department of Indian Affairs. It was used as a residential school for girls exclusively.

The building itself was a substantial and commodious frame structure in an ideal location. The teachers and pupils are now scattered in various parts of the village and much hospitality and sympathy is being extended by the people of Port Simpson.

SCHROFT, Jan. 25.—James Murphy, a lawyer and brother of Justice Murphy of Vancouver, has been missing since Sunday, January 16. His blood-stained hat found yesterday on the banks of the Thompson River a few hundred yards from the town, it is feared he may have fallen into the river.

Mr. Murphy was one of the best known men in the upper country. He was born at Lake Lafaille in Cariboo and all his life had spent in British Columbia.

City Taking Steps Towards Cameron Cove Settlement

Committee Appointed by Mayor will Draft Proposals to Place Before Railway Board and Provincial Government

After a lengthy discussion last evening, the city council decided to have a special committee appointed by the mayor draft letters for the Board of Railway Commissioners and the Provincial Government setting forth the city's stands and demands towards a settlement of the Cow Bay dispute.

The council resolved itself into committee of the whole with Alderman Kerr in the chair. Each of the aldermen entered into the discussion and the feeling that the filling of Cow Bay be allowed providing that suitable and adequate waterfrontage be given the city by the Provincial Government in lieu of its riparian rights in Cow Bay was endorsed.

The question, as far as the city is concerned, now resolves itself into what "suitable and adequate" waterfrontage amounts to.

Rival Plans.

The old plan of the railway company of July 3, 1917, was condemned unanimously as a basis of negotiation while the Board of Trade plan of last summer was looked upon favorably. Mayor Rochester stated that, although he was at first opposed to the

TO THROW OPEN SOLDIER LANDS ON MAY 1 NEXT

Order in Council Passed Allowing Civilians to Take up Parcels Not in Use.

OTTAWA, January 25.—By an order in council approved on Friday the reservation for soldiers' settlement of all Dominion lands in the western provinces within a radius of 15 miles of a railway will be terminated on May 1 with the exception of land in the Porcupine forest reserve, the Riding Mountain reserve, the Hudson's Bay reserve, the Donkhobor reserve, or individual parcels reserved for the purpose of dealing with cases of soldiers which are still pending.

After May 1, civilians may acquire these lands within the radius stated but soldier settlers will be given one day priority.

MORE RIOTING UP THE GANGES

Trouble in Fyzabad District Near Allahabad, India.

LONDON, Jan. 25.—A Reuter's despatch from Allahabad, India, says fresh rioting has broken out in Fyzabad district. Troops are going there from Lucknow and rioters, estimated in number at 10,000, are pouring into Fyzabad with the intention of annihilating the police.

The situation is regarded here as serious.

CRACKS IN WALLS AND FLOORS OF NEW MANITOBA BUILDINGS

WINNIPEG, Jan. 25.—New cracks are developing in the walls and floors of the new parliament building, due to faulty construction of extensions under the structure. S. C. Oxton, deputy minister of public works, said today. The cracks are beneath the dome in the south wing of the building, while a minor crack has appeared in the northwest wing. Steps will be taken to repair the damages if the cracks continue to spread. The building settling has caused large limestone blocks and marble floors to crack. The cracks in some cases are ten to twenty feet long, but so far are not very wide.

Figures have been compiled by the department of public works for submission to the legislature dealing with the cost of the building, furnishings and grounds.

Furnishings

The appropriation of \$150,000 made by the legislature three years ago has not all been used for furnishings for the buildings. The cost of furniture for the whole building will not total much over \$145,000. Interest on bonds charged to cost of the building during construction will amount to \$1,125,000; work on the grounds will cost \$100,000, the site \$200,000, and with the estimated return from the Kelly Construction Company for faulty work on the building will bring the actual cost down to approximately \$5,000,000.

Work on the building has practically been completed with the exception of a few minor details. Architect's fees paid F. W. Simon will amount to \$250,000. Mr. Oxton said.

DEAD MAN WAS FOUND IN COW BAY GAS BOAT

George Ross was Logger and Prospector and had been in Essondale Hospital

George Ross, a prospector and logger, aged about 56, was found dead in his bunk on his launch Harvest Home in Cow Bay yesterday morning and after a post mortem examination it has been decided that death was due to cardiac failure.

The discovery was made by John Toner, former owner of the Harvest Home, which he sold to the deceased.

The police were immediately notified and Chief Vickers personally instituted a preliminary examination.

The body was removed to the B.C. Undertakers and burial will take place tomorrow.

From St. Catherine's

Later in the afternoon Warden Bailey went to the gasoline boat and collected the effects of the deceased. From letters found it appears that Ross was a native of St. Catherine's, Ontario, where a brother, John Boyce, now lives.

Ross left St. Catherine's thirty years ago and went to the southern States. Later he came to British Columbia and in 1913 was confined to the Essondale Mental Hospital. Evidently in 1919 he was released from Essondale and has since been in Bellingham and Atlin Inlet where he logged for the Whalen Pulp and Paper Co. About four months ago he bought the launch "Harvest Home" from John Toner.

It is thought that death occurred sometime on Saturday night or Sunday morning. Discovery was made when acquaintances missed him and on investigation being carried out the shocking discovery was made.

PROTEST AGAINST DEPORTATION OF CORK'S LORD MAYOR

WASHINGTON, Jan. 25.—Senator Phelan, Democrat, made public today a letter to Acting Secretary Davis of the State Department protesting against the deportation of Lord Mayor O'Callaghan of Cork.

Phelan said he thought it would be a blot on our escutcheon if we deported the Lord Mayor of Cork, both of whose predecessors were victims of the English policy of extermination and reprisal, and whose life, he was told, was also in grave danger.

Rumors Regarding Local Expenditures.

There are all sorts of rumors going around in regard to local expenditures by the railway. It is said that instead of building a new roundhouse here, a shed is to be attached to the shack already used for roundhouse purposes and that this terminal is to have no other convenience for the present.

Another rumor is that a small station is to be erected here, smaller even than some of the stations along the line between here and Prince George. This is to be a substitute for the fine building promised every few months hitherto by the Grand Trunk Pacific Railway and to be given in return for taxation remission which the company has received already.

There are still other very persistent rumors to the effect that an effort was made recently to break the contract with Grant, Smith & Magoffin for the construction of the new dock and that no superstructure would for the present be erected on the dock.

There is a rumor to the effect that the audit department is to be moved to Vancouver and other departments of the railway are to follow in the near future.

These are simply rumors but they have not been denied and are very persistent.

If True What Shall We Do?

If any or all of the rumors are true what shall we do about it? Are we going to sit idly by and see all the pledges set aside? Is the taxation agreement to be nothing more than a scrap of paper? We do not like advocating lawlessness, but if any shed or miniature station is allowed to be erected here and the citizens have not the grit to burn it down, our opinion of the spirit of the Prince Rupert people will have to be changed. Some drastic action will have to be taken to draw the attention of the railway authorities and the Dominion Government the enormity of their offense against this port.

Must Not Forget Children's Playgrounds.

In the multiplicity of other affairs, the matter of playgrounds must not be forgotten. It is the one thing above all others in which the stable part of the community is interested. Every parent wants playgrounds and every child wants playgrounds. It is one of the problems to be dealt with soon. Before the election practically all the candidates expressed themselves in favor of playgrounds and now the parents are expecting the promises will be fulfilled.

Value of Fish

Business to Seattle.

To show how the fish business is valued in Seattle, the following news item appeared freaked on the shipping page of a recent issue of the Seattle Times under the heading "Five Cars of Fish add to Business."

"Five more carloads of fish were shipped out yesterday by J. P. Todd, Seattle fish broker, who caused a big stir last week by sending a solid trainload of 16 carloads of the same product back east, giving the port a welcome sign of business revival. Of the cars shipped out yesterday three are bound for New York and one for Philadelphia. The fifth car went to Portland. The New York consignment consisted of two carloads of salt herring and one of mild-cured salmon. The Philadelphia car and the Portland car are filled with salt herring.

TAFT FAVORS DISARMAMENT

Says He has Hopes of Harding Taking Action with Other Nations

GOOD FEELING FOR BRITAIN IN STATES

HAMILTON, Bermuda, Jan. 25.

Former President William H. Taft, who is spending a month here, said in an interview that the enormous burden of debt of every country makes it almost indispensable that the necessity for disarmament be removed. You can only do that by joint action and joint agreements and by promises of settling all differences without fighting."

"They are already discussing seriously in the United States an agreement for disarmament or the limiting of armament—and strangely enough this comes in part at least from men who have been vigorously opposed to any League at all," he continued.

"I am very hopeful that under Mr. Harding we shall reach a conclusion with other leading nations for an association or league which shall mark the advance brought about by the war toward reasonable machinery for the avoidance of future conflicts. This will involve the sitting around the council table of all important nations and will imply the taking of joint measures to compose differences and to restrain a resort to the unsatisfactory and bloody arbitrament of war.

"U.S. and Britain

"Lately I have often questioned as to the attitude of the United States towards Great Britain. Of course the United States consists of some 110,000,000 people with many different currents of thought permeating the mass. Many different groupings too will be found and there are some of those groups, more vocal than representative of real public opinion, who manifest bitter feeling against Britain. But when an important question arises, when a real issue comes before us, then the sober public opinion of the United States asserts itself.

Union for Peace

"I never have had the slightest concern over the relations of the two countries. We form the strongest union for peace between nations that exists in the world today. We have got into the habit of settling all our differences by means of negotiation and arbitration. The great body of the people in the United States cannot conceive of a war between the two countries because they are confident that any matters in dispute can and will be settled either by negotiation or by the judgment of a court, as with people in any domestic jurisdiction where law and order prevail."

Speaking of business conditions in the United States, he said they were not alarming. "We are a very resilient people and can fight our way out," he said. "Congress is attempting to help in the matter of credits."

In reply to a question by Ald. Perry last night at the council meeting, Ald. Kerr intimated that the board of works would have a plan to submit to the council at the next meeting in regard to the tarvia surfacing of the streets which was decided upon by the council of last year.

The city council last night decided to subscribe \$250 towards a fund to send the Clarke family, of Beach Place, home to England. The head of the family is unable to provide, a result of wounds received overseas and the mother cannot work with the responsibilities of the young children. It was felt that sending the family home to England would insure a solution. Already the Elks, St. Andrew's Society, G. W. V. A. and Masonic orders have subscribed \$300.

A LESSON THE GOVERNMENT PAID FOR.

Before 1914, Bond Brokers and Bankers were indifferent advertisers. Many who advertised regarded their expenditures as "sop," and thought they were doing publishers a favor.

Then came the Call for War Loans. On the advice of this Association, yet contrary to some Brokers' and Bankers' views, the advertising of these loans was made humanly interesting.

The results you are aware of.

But here is the real point.

Nearly every Bond House and Bank in Canada is, today, aggressively advertising, and using all the interest and ingenuity at their command to attract business. They observed the power of newspaper advertising, when properly used, and have profited by the lesson.

If you have ever thought you would like to advertise if you could get proper advice on how to go about it, write to this Association. We will give you the benefit of our experience in starting you on the road to successful publicity

National Chorus Conductor

Dr. Albert Ham, of Toronto, conductor of the famous National Chorus, says, "PEPs are excellent, and you are at liberty to publish this expression of my opinion."

Madam Clara Butt, writing on behalf of herself and husband, Mr. Kennerley Ruxford, says, "We have formed the very highest opinion of PEPs after using them regularly for some considerable time. They are quite unique in their invigorating effect upon the throat and chest."

PEPs strike directly at the seat of larynx and throat troubles. As they dissolve, they release rich, healing pine fumes, which are breathed down right to the lungs. Cough mixtures, syrups, etc., only go to the stomach.

For hoarseness, sore throat, coughs, colds, bronchitis, asthma and all ailments of the throat, chest, and lungs, PEPs are best. Sold in tin boxes, 50c. box, all druggists and stores, or postpaid from PEPs Co., Toronto, Winnipeg, or Montreal.

COLTS DEFEATED SONS OF ENGLAND

G.W.V.A. Girls Win First Victory of Season in Spirited Match

The Colts defeated the Sons of England at basketball last night in a game which was theirs all the way through. The players were:

Colts—Hardy, Smith, Currie, G. Mitchell and W. Mitchell; Sons of England—Day Bell, Davidson, Hill, Clapp and Sherman.

Hugh Scott was referee.

In the All Star Junior Girls' game No. 1 team was victorious over No. 2 by a score of 5 to 4. It was an exceedingly good game, with No. 1 having the best of it in the first half when they made their five points. In the second half Grace Leek made the four points for No. 2 team.

The line-ups: No. 1—M. Casey, P. Tremayne, M. Shenton 1; V. Shockley, 2; M. Lancaster, 2; M. McRae for M. Shenton.

No. 2—E. Ross, A. Gurvich, A. Stephens, G. Leek, 4; H. McRae.

Hard Girls' Game

The G.W.V.A. girls were the victors for the first time this season by defeating the Telephone girls in a hard fought overtime match which ended in a score of 2 to 0. After thirty minutes of play both teams remained pointless.

After four minutes of overtime Miss Thomson, of the G.W.V.A., scored her first basket of the season which was also the winning score. A feature of the game was the hard checking on both sides which did not allow for much attempt at combination although there was good team work shown at times. Both winning and losing teams put up a good fight.

The line-ups: G. W. V. A.—Mrs. A. T. O'Neill, Miss Sewell, Miss W. Dyer, Miss I. Kelly, Miss E. Thomson and Miss A. Davidson for Miss I. Kelly.

Telephone—Mrs. Gowen, Mrs. Brown, Mrs. Mosley, Miss L. Wood and Mrs. Large.

"For years I was a victim to bleeding piles," she writes, "the burning, smarting pain was so intense at times that I could hardly walk. As ordinary remedies seemed utterly ineffective I underwent a hospital operation in Spokane. Within 12 months the

grew again as painful as ever. Liniments, hot poulticing and so-called 'pills cures,' no good, but I got wonderful relief from Zam-Buk. As I kept on the treatment the piles began to disappear and I felt a happier different woman. I used six boxes of this soothing Zam-Buk in all, when I was delighted to find the obstinate and painful disease quite gone. I haven't had piles now for three years."

BIG PLANES TO FLY DOWN MACKENZIE R. COMMENCING IN MAY

Six Passenger Air Craft to be Used for Purpose; Land and Water Route

EDMONTON, Jan. 25.—Not only will officials of the Imperial Oil Company travel from Fort McMurray to the Fort Norman oil fields by the air route, but air craft will also be available for others who wish to seek fortune in the oil fields of the north.

A Calgary air craft concern announces that it has two six-passenger machines of a stable and safe type, approved by the British air board, and will commence flying trips from Fort McMurray to Fort Norman on May 1. Captain Fred Robert McCall will be in charge of the actual flying, and the approximate time for the one-way trip is given as eight hours.

Land and Water Route. The land and water route by which the vast majority must travel is via the A. and G.W. railway to Fort McMurray and then by Hudson's Bay boat to Fort Fitzgerald, a portage of 16 miles to Fort Smith, and then by boat again from the latter place to Fort Norman. The distance is approximately 4,600 miles. Proposals have been made for the establishment of a light railway on the Fort Fitzgerald-Fort Smith portage, but it is not expected the railway will be constructed this year. The Hudson's Bay Company are now arranging summer schedules for boats, commencing probably on June 15, the date depending on the state of the river. The regular service will be augmented, if the occasion requires it, with gasoline-driven boats. Crews for both auxiliary and permanent river craft are already engaged.

Following were the scores last night:

Johnson (G.W.V.A.) 200, Tinker (S.O.E.) 166.

May (G.W.V.A.) 200, Lyons 136, Youngman (G.W.V.A.) 165; Hill (S.O.E.) 200.

CITY ADOPTS RELIEF OFFER OF GOVERNMENT

Aldermen Dybhavn and Parker of Opinion City Could Provide Employment.

A scheme for providing against distress as a result of unemployment whereby the Dominion Government subscribes one third, the provincial government one third, and the city the remaining third, towards a relief fund has been endorsed by the city council.

The motion for the adoption of the scheme was made by Aldermen Kelly and Silversides at the meeting last night on the grounds that the need was immediate. The idea of relief was opposed by Aldermen Dybhavn and Parker, who felt that the city might provide work instead of charity having to be dispensed. These aldermen proposed an amendment that the offer be laid over until the board of works could determine what it might do in offering work, but when the vote was taken the amendment was lost, all the other aldermen opposing it. The motion adopting the offer then was passed unanimously.

Forms for those in need of relief are in the hands of J. M. Campbell, Provincial Labor Bureau.
