Government Is Slashing Estimates NEW COMPANY TO TAKE OVER ALICE ARM RAILWAY AND MINE

Unique Situation Arises In House of Commons as Members Debate Finances

OTTAWA, May 10.—The House of Commons today witnessed the unique spectacle of the government moving a reduction in its own estimates while the leader of the opposition insisted upon supporting the original estimates.

The militia vote which was originally for \$1,400,000 was reduced to \$1,000,000 on the government's own amendment to the motion by Major G. G. Power, Quebec South, a government supporter who called for a reduction to \$300,000 net.

Major Power refused to meet the government midway and stuck to his motion.

Hon. Arthur Meighen, leader of the opposition, said that adequate national defense required the support of the original estimate and refused to support the reduction but the government's amendment finally passed the house without division.

Hon. G. P. Graham informed the house that there would be a reduction of \$700,000 altogether in the militia estimates.

E. and N. Bill
A private bill authorizing an extension of time for the completion of the Esquimalt and Nanaimo railway was read for the third time. A. W. Neill, member for Comox-Alberni, failed in his third attempt to amend the bill to compel the immediate completion of the road.

IRISH PEACE COMMITTEE IS READY REPORT
DUBLIN, May 10.—The peace committee between the north and south factions of Ireland have concluded their meetings and report to the Dail Eireann today. The result has not been disclosed but it is said to be very unsatisfactory.

Failure Reported
LONDON, May 10.—It was reported this morning in a Central News dispatch from Dublin that the peace committee which was endeavoring to find a basis of settlement between north and south Ireland had failed in its purpose.

APPOINTED TO SUPREME COURT
Ottawa Despatches Say D. A. McDonald, K.C., Vancouver, Succeeds Mr. Justice Clement

VANCOUVER, May 10.—Special dispatches from Ottawa state that D. A. McDonald, K.C., a well known local barrister, has been appointed to the Supreme Court to fill the vacancy caused by the death of the late Mr. Justice Clement.

Mr. McDonald was born 44 years ago. He was educated at Glenora High School, Toronto University and Osgoode Hall and served overseas with the 158th battalion.

STEAMER ABECO ON ROCKS; WILL BE TOTAL LOSS
ST. JOHN'S Nfld., May 10.—The steamer Abeco, bound from Liverpool to Quebec without cargo, is on the rocks twenty miles north of Cape Race. The crew has been landed but the vessel will be a total loss.

It's a lone person who doesn't like dogs.

DAMAGING FIRE VICTORIA TODAY
Half of Arcade Building Destroyed; Damage Estimated at \$250,000.

VICTORIA, May 10.—Damage estimated to amount to at least \$250,000 was caused by a fire which consumed half of the Arcade Building here in the heart of the city's business section early this morning.

The fire broke out at 4:30 and was under control at 8 o'clock but not before eight stores and as many offices had been gutted.

The offices of the Victoria Chamber of Commerce located in the building were among those destroyed.

MEETING.
A meeting of all supporters of the Liberal Party will be held in the Liberal Rooms, Pattullo Block, Second Avenue, at 8:30 p.m., Thursday, May 11th, for the purpose of selecting delegates to attend the Liberal Convention being held in Nelson, B. C. in June. Hon. T. D. Pattullo, Minister of Lands, will address the meeting.

LIGHTHOUSE KEEPER DIES

For Three Years "Bob" Smith and Wife Tended Lonely Beacon on Queen Charlottes.

VANCOUVER, May 10.—Coming here for medical attention after having been alone with his wife for three years as lighthouse keeper at Cape St. James, the southernmost light on the Queen Charlotte Islands, Robert James ("Bob") Smith died suddenly in St. Paul's Hospital here yesterday.

Mrs. Smith is still alone at Addenbrooke Light, 257 miles from here, tending the beacon. She had recently been moved there. Mrs. Smith worked for seven weeks at St. James light at a point from which a predecessor had fled on account of the dreariness a month after his appointment.

For three years Mr. and Mrs. Smith received mail only twice yearly at St. James. They found entertainment with Spitz dogs and goats and in a garden made on a ledge of rock at the light.

MINISTER OF LABOR WORKING ON PLANS RELIEVE UNEMPLOYED

Hon. A. M. Manson, attorney general and minister of labor, is making a determined effort to relieve an immediate solution of the unemployment problem in the province according to reports published in the south. Mr. Manson has been in communication with Ottawa asking that unskilled artisan labor be held back from the province but pointing out that the province did want immigration of bona fide agriculturists and capitalists. He is also asking the Dominion Government to increase the crews of work in the province. Details of a scheme for the clearing of 200 acres of land in the possession of the government at Burnaby-Hastings are also being worked out to ascertain if it is possible. This would engage a number of unemployed married men.

SPRING SALMON RUN ALREADY VERY GOOD

J. T. C. Williams, Inspector, Back From Visit to Skeena—Naas River Fishing Satisfactory.

J. T. C. Williams, Dominion Fisheries Inspector, returned yesterday after a visit of some days to the Skeena River canneries. Mr. Williams reports that all canneries on the Skeena and Naas River are to operate this season and the spring salmon run has already commenced. The first fishing of the season commenced yesterday on the Skeena. Speaking of the Naas River, Mr. Williams said that the spring salmon were running nicely there taking into consideration the late season and the few boats that were fishing. Naas Harbor is the only cannery which is running now but the remainder will commence in the course of a short time now.

Since his return to the city last week, Mr. Williams has been very busy getting his departmental affairs in shape preparatory to the opening of the salmon fishing and canning season which will soon be on in full swing.

THIS BOY MAY DISTURB PEACE OF EUROPE.

Cablegrams from Vienna say that young Otto eldest son of the former Emperor Charles of Austria-Hungary, may yet be brought to the throne, now that his father has died in exile. He is called King by the Legationists.

C. N. CONSIDERING OPERATING TRAINS BY USE OF RADIO

Officials at Winnipeg Are Discussing Advisability of the Move.

WINNIPEG, May 10.—Winnipeg officials of the Canadian National Railways here are considering the plan of dispatching by radio. This plan, if adopted, will be in operation more at night than by day. Those considering the plan point out that it will obviate the necessity of keeping night operators at many obscure stations, thereby reducing costs. They claim that with trains equipped with radio running orders could be sent direct to the train-crews. This they also claim would have a tendency to prevent head-on collisions between stations.

INCONSISTENCY IN HOUSE OF COMMONS

OTTAWA, May 10.—A member of Parliament can say in the House of Commons that Canada should not do such or such a thing, and Canada, including the House, just keeps on doing it. So it was on the first sitting of the House under daylight saving made effective by the city of Ottawa. The House came to further consideration of the motion introduced during the present session to prohibit the adoption of daylight-saving time in any part of Canada. Cries of "Lost!" followed roars of laughter, and the Speaker, appreciating the situation, added the authoritative "Lost." Canadian municipalities may carry on without fear.

Constable Martin of the provincial police, returned from the south this morning. He escorted Harry Lathrop, recently sentenced for breaking and entering, Musiano Carmello, sentenced at the assizes to 18 months hard labor for attempted murder at Seaton, and the Okalla prison farm, and Mark Spence, an Indian of Massett, to the Insane asylum at Westminister.

MAN AND WIFE FOUGHT DUEL

Mr. and Mrs. Lobert, of Michigan, Both Die As Result.

SARNIA, May 10.—Joseph Lobert, aged 33, and his wife, aged 29, of Elkton, a few miles from Port Huron, Michigan, fought a duel to death at their farm yesterday in the presence of their three children. Slaughter knives and axes were used in the battle which resulted in the death of both. Investigation by the police and a coroner's jury has practically established the fact that the man and woman fought until both were mortally wounded.

UNEMPLOYMENT RELIEF ASKED

Attorney General Manson Has Appealed to Manufacturers' Association and Railways.

VICTORIA, May 10.—Hon. A. M. Manson, attorney general and minister of labor, has appealed to the manufacturers to help meet the unemployment situation by stimulating industries. Today he is to address the Manufacturers' Association along these lines.

Mr. Manson had also asked the management of the Canadian National Railways to reconsider their decision not to build further terminal facilities pointing out that the province is paying interest on money raised for the purpose of building terminal facilities on provincially guaranteed bonds.

The minister has further asked the Canadian Pacific Railway to employ white section bands instead of colored.

YUKON RIVER OPENS.

DAWSON, May 10.—Navigation on the Yukon River will open this week.

George Wingfield, Colorado Creditor, Plans To Start New Company Out Of Dolly Varden

George Wingfield, of Cripple Creek, Colorado, who it was announced a couple of weeks ago is taking proceedings to foreclose on the overdue mortgage for \$200,000 which he holds on the Dolly Varden and Wolf mines and railway to Alice Arm, plans to form a new company to acquire title to the mining properties involved, according to advices which have been received in the city.

Mr. Wingfield has consented to take all the current creditors of the Taylor Engineering Co. in with him on equal basis; the process of making the arrangement being by means of individual agreement. Upon this being done the company will be formed with a capitalization equal to the total amount of Mr. Wingfield's claim and those of the creditors. Each creditor will be allotted his proportionate number of shares equal to his claim. It is the purpose of the new company to dispose of the properties on the basis that will give each of the shareholders their money in full. Whether the properties are to be sold or developed is not definitely indicated. From the appearance of the latest development it appears as if the former course is to be taken.

RUSSIAN REPLY BEING ALTERED
Delivery is Delayed Following Consultation Between Foreign Ministers at Genoa

GENOA, May 10.—The Russian reply to the Allied memorandum, which was ready for presentation this forenoon, was not delivered to the Allies as had been expected. At the last moment, after a conversation between Foreign Ministers Tchitcherin, of Russia, and Scanzoni of Italy, it was decided that the reply would have to undergo some alterations.

Latest reports are that Russia is preparing to make broad concessions in its reply to the Allies' memorandum.

The German and Polish delegations are said to have arrived at an understanding on the vexed question of the territorial division of Upper Silesia.

The Havas agency telegraphs that plans for a treaty between Britain and Italy is going forward which will guarantee Italy a position in the Mediterranean.

MR. PATTULLO REACHES CITY

In Course of Trip East, Was in Consultation with Pulp and Paper Interests.

FINANCES FOR LOCAL PROJECT IN CHICAGO

Hon. T. D. Pattullo, provincial minister of lands and member of the legislature for Prince Rupert, arrived on last night's train from the East and will sail tomorrow night on the Prince George for Victoria. Speaking this morning of pulp and paper projects in the north, Mr. Pattullo was inclined to look with hope on the local proposition but indicated that the government and the principals of the Fraser Timber Syndicate, which plans the putting in of a mill at Prince George, had come to a deadlock over concessions.

Mr. Pattullo explained in regard to the interior project that after having been granted other large concessions by the government, the Fraser Timber syndicate was now asking for a 30 year royalty. This had never before been granted in the province and would create a precedent which Mr. Pattullo had clearly told the principals in a conference at Montreal the provincial government would not consider undertaking.

Local Project.
Mr. Pattullo went to Chicago while in the East to interview interests there that are considering the financing of the local project. He assured them that the proposition would receive sympathetic consideration of the government. Circumstances are such, however, that considerable time will be necessary to work out arrangements and it is hardly likely that construction will start this year.

QUEBEC-VANCOUVER HIGHWAY PROPOSED AS FEDERAL WORK

B. C. Progressive Member Sees Way to Relieve Unemployment.

OTTAWA, May 10.—A transcontinental highway from Quebec to Vancouver is being mooted by T. McBride, Progressive for Cariboo. Mr. McBride is asking the Commons to concur in the idea in the following resolution.

"That in the opinion of this house, the government of Canada should as soon as practicable, give its most careful and favorable consideration to the project of building a transcontinental highway from Quebec to Vancouver, as the building of this road would go a long way toward providing work for the unemployed."

FISH ARRIVALS.
There was marketed at the Fish Exchange this morning 21,000 pounds of halibut. The arrivals were:

Brothers 10,000 pounds, Gedrie, 1000 pounds, Inez H., 5000 pounds, Emma D., 2000 pounds, sold to the Canadian Fish and Cold Storage at 15.2c and 4c.

DAILY EDITION  Wednesday, May 10, 1922.

Voice of B. C. Is Heard.
 The voice of British Columbia was unmistakably heard in the House of Commons in the debate and voting on the Oriental question on Monday night when all thirteen members from the province, regardless of party affiliations, voted solidly for strict Oriental exclusion. It was one of those cases where party politics was thrown to the winds in the support of a principle, the necessity for which is ever making itself more apparent in this province. British Columbia, the province most effected by Oriental penetration, through its members, has shown its feeling clearly as a result of that vote.

Analysis Of The Vote.
 It is apparent that the East does not yet see the necessity for stringent Oriental measures. The fact that only 36 votes were registered in favor of the McQuarrie resolution indicates that of these 36, thirteen were from the province of British Columbia. Another one is accounted for in Hon. Arthur Meighen who is reported as having spoken in favor of the British Columbia resolution. The remaining 22, it may be assumed, were Conservatives who would support the resolution through the recommendation and example of their chief. Liberals and Farmers of the East, it is likely although the details of the vote have not yet come to hand, voted for the government amendment for federal restriction.

Government Realises Necessity For Action.
 Even if the more drastic measure of exclusion was not adopted by the government, as a whole, doubtless realizes the necessity for some action. Otherwise the Stewart amendment never would have been advanced and the McQuarrie resolution would have been allowed to go to the vote for or against and would likely have been killed outright. The Premier showed his appreciation of the necessity for action against Oriental immigration when he called for a more moderate measure. It will be interesting to learn the details of the enactment that is to be brought down now that federal restriction has been decided upon. The provisions of the new bill will likely be known today or very soon.

Local Member Holds His Ground.
 Fred Stork, the local member, demonstrated that he was not bound by partyism when he left the party ranks to support the McQuarrie resolution. Although it is true that Mr. Stork, in view of his pronounced public utterances and feeling on the question, had little choice but to vote for the B. C. resolution, it is gratifying to know that he had the courage to support his convictions in the face of the Eastern opposition to the original motion. Mr. Stork is rapidly becoming a figure at Ottawa and on several occasions already in the session he has taken the floor in debate on questions affecting his constituency and the province generally. He is proving to be a real live member always on the lookout for the welfare of his district and the West.

ROYAL YEAST CAKES
 Product of Canada
 It was known many years ago that yeast is an excellent thing for the many ills that result from disordered stomach or run down blood condition. Lately eminent scientists have been investigating the matter thoroughly and their conclusions point to the fact that the beneficial effect of yeast has not been overrated. The yeast treatment is very simple and economical - and altogether harmless.
 Before each meal eat a Royal Yeast Cake, or take a cake dissolved in water or fruit juices. The scientific investigators say that the curative elements in Royal Yeast are the vitamins and nuclein which it contains. It is certainly well worth a fair trial by those who suffer from any of the ailments mentioned above.

Ten Years Ago in Prince Rupert

L. Cartwright, Miss Ina Cartwright, J. Caldwell and J. P. Slewin left for the south today on the City of Seattle.
 J. R. Tapley, formerly of Rupert, is in Tete Jaune Cache. Mr. Tapley expects to take the first steamer from the Cache to Fort George which leaves on May 15.
 G. N. Pring has returned to town from a visit to Ketchikan.
 The Caloson came in about 12:30, some hours late on account of the heavy freight manifest for way ports. She leaves this afternoon for Granby Bay.
 A. E. McMaster, G. T. P. general agent, went south this morning.

******* IN THE LETTER BOX *******
DAYLIGHT SAVING.
 Editor Daily News:—
 At times we suggest an idea or thought and if the idea proves more sensible than ridiculous by matching it with other ideas, we accept it as a common sense proposition.
 For the public welfare a common sense prescription ought to be fairly digestible, providing it is measured right. But to take the Standard Time Measure and fake it and make us—the public of this lonesome town and district believe we need some faking, that idea can only be accredited to some frolicsome seances or to the insufficient ventilation of the city council chamber.
 H. WRIGHT,
 Central Hotel

BIG PARTY OF TEACHERS TO COME JULY 5

Special Train Will Arrive Here With Pedagogues From Eastern Canada and States
 One hundred and twenty-five school teachers from eastern and central United States and Canada will arrive in this city on the evening of July 5 in the course of an excursion tour of Western Canada which is to be run over the Canadian National railways, according to information received at the office of G. A. McNicholl, assistant general freight and passenger agent, which is planning for their routing and reception here.
 The special train, on which the teachers will arrive, will comprise five sleepers, an observation car, a diner and the necessary baggage cars. The latest advice received is that this train will be augmented by another two special cars of teachers and friends from Duluth, Minnesota, which will join the other train at Winnipeg.

Stops Enroute
 The train will leave Winnipeg at 11:30 a.m. on June 30 and will make stops at Watrous, Saskatchewan, Wainwright, Edmonton, Jasper Park, Mount Robson, Prince George, where there will be a July 4 celebration in honor of them, Terrace, Kitwanga and one of the Skeena river canneries, which will then be in operation, before reaching Prince Rupert at 10 o'clock on the night of July 5. One hour stops will be made at Kitwanga, where the Indian totems and other curios will be inspected, and at Terrace.

It is being arranged to have the train reach here in the evening of Wednesday, July 5, so that any who wish to go to Anyox to see the smelter may be afforded the privilege of doing so. Those who want to remain here will stay on the train for the night and see this town and the sights the next day or go fishing or be taken to scenic points on the water.
 The party will sail from here on Thursday evening, July 6, by the Prince George through the Inside Passage to Swanson Bay, Ocean Falls, Vancouver, Victoria and Seattle after which the passengers can make their way home by any route they choose, the train or a section of it being sent around to pick them up again.

FORBID EMPLOYEES TRADING IN STOCKS ON WALL STREET

NEW YORK, May 10.—Speculating clerks and office boys can no longer take "a flyer in the street." The stock exchange has placed a ban on "playing the market" where any employee of its members is concerned. Any member of the exchange will hereafter be prohibited from taking not only the trades of employees of stock exchange houses, but of employees of banks, trust companies, insurance companies or others engaged in the business of dealing as broker or principal in stocks.

JACKIE COOGAN IS STAR IN "MY BOY" WESTHOLME THEATRE

"My Boy," a First National attraction starring little Jackie Coogan will be the feature film at the Westholme Theatre tonight and tomorrow night. Due to the popularity of this diminutive star and the fact that he was so popular in his last film, "Peek's Bad Boy," it is expected there will be crowded houses for each showing.
 "My Boy" was written especially for Jackie and contains a story which is eminently fitted to his talents. Combining humor and pathos, it is a tale which is particularly gripping and effective.
 The story is that of little Jackie Blair who lands in New York homeless and friendless. He attaches himself to a surly sea captain who is an enemy of children, in general but he so ingratiates himself in the good graces of the sea dog that he is allowed to share the latter's home. He had been saved from deportation by good fortune but the immigration officers are on his trail. The captain had intended at first to turn him over to the inspectors but the boy had won his heart so thoroughly that when it came time to carry out his intention he was unable to do so. But a good fairy was lying in wait for Jackie and he was able to return the captain's benefactions.

DAM SUPERINTENDENT ARRIVES AT ANYOX

ANYOX, May 10.—Mr. Holyoak, representing the designers of the new dam in town, registered at the hotel. He will remain to superintend the construction and will take up his residence at the dam site as soon as a house can be built for him.

Mrs. J. K. Buell, of Spokane, wife of J. E. Buell, contractor for the new dam which is being erected for the Granby Company at Anyox, and her son passed through the city en route to Anyox this morning on the Prince George.

You all know Jackie Coogan of "The Kid" fame Jackie is at the Westholme tonight and tomorrow in his latest and greatest picture entitled "My Boy." Everyone should see him. Special matinee Wednesday, today at 3 p.m. City time.

W. C. Orchard, C.P.R. district agent, who has been confined to his home and the hospital for several weeks in the course of which time he underwent an operation, is able to be around again and visited the office yesterday afternoon for the first time since his illness.

A telegram received Wednesday by Miss Lacey, 1245 Chapman Street, brought the good news of a successful operation being performed at St. Mary's Hospital, Mayo Brothers, Rochester, Minn., on W. G. Barrie, of Prince Rupert. Hopes are now being entertained for Mr. Barrie's complete recovery. Miss Lacey wishes to thank all those who made inquiries concerning his condition.—Victoria Colonist.

G. G. Bushby, returned from Vancouver on the Prince George this morning, having completed arrangements for the opening of the fish by-products plant at Tucks Inlet. It is expected the plant will be operating within the next two or three weeks.

Alert action always actuates ambitious attainments.

RIOT OF COLORS IN GIRLS' CLOTHES WILL BE SEASON'S STYLE

NEW YORK, May 10.—The American summer girl this year will be a riot of colors; according to one of the best-known authorities on dress.

"A dozen rainbows, more or less, will have nothing on the American summer girl," says the current Dry Goods Economist. "It is now definitely settled that she will be visible a mile away from a given point of observation."

"Each of the primary colors, red, yellow and blue, and the secondary, green, orange and violet, representing the strongest hues possible to dye, will be a leader. Not infrequently they will be worn with white."

CALLED POLICE TO CHASE NOISY CAT

OTTAWA, May 10.—The police responded to a hurry-up call at 2:15 o'clock this morning to a yard at the rear of a house on Wilford Street, and on responding found that a cat was the cause of all their hurry. A telephone message was received that a noise was heard in a certain yard and there was a possibility that burglars might be trying to enter the house. The police responded in quick order, armed with batons, revolvers and flashlights, and on entering the yard disturbed a cat that was in the garbage pail. Nothing else could be seen around.

A DOCTOR IN A TIN BOX!

Sounds strange, does it not? Yet that is how Mr. J. Cartier says Zam-Buk is regarded by his family. Mr. Cartier, who is a member of the family of the late Sir George Cartier, is Justice of the Peace and Assistant Clerk of the Circuit Court, Montreal. He first discovered the wonderful power of Zam-Buk by using it for eczema, which it completely cured. Since then his family is never without it.

"Allow me to express my gratitude," he writes, "for the benefit I have derived from the use of Zam-Buk. I have proved that it is, without doubt, the finest remedy for eczema. Its general healing and curative powers are immense. We call it 'Our Family Doctor,' and are never without it."

Mothers should see that Zam-Buk is always handy, for not only does it end pain, draw out inflammation and prevent blood-poisoning, but it heals skin diseases and injuries in the shortest time possible. All dealers, 50c. box.

BOY SCOUTS' CONCERT WAS FINE AFFAIR

Empress Theatre Was Packed Last Evening—Address by Archdeacon Rix.

All roads led to the Empress Theatre last night. The reason was the fact that Ye Olde Time Concert, in costume, was held in aid of the Boy Scouts. The entire house was packed and the large audience enjoyed fully the very excellent program provided, encores being the order of the evening.

Prior to the commencement of the program, Archdeacon Rix made a few fitting remarks. He said that the occasion for which the concert was held reminded him of the story of the Roman matron, who, while the ladies of the court were displaying their jewels, turned to her and asked what jewels she had. Calling to her two boys in the garden she turned to the ladies and said "These are my jewels." The Archdeacon remarked that within 25 years from now the management of the whole world would be in the hands of the boys and girls who were the children of today. It was, therefore, the duty of every grown man and woman of today to see that those who are taking up the instruments of labor are not only made as good as themselves but a good deal better. If the young people who are to run things 25 years hence are not better than we are in principles, morals and general character, then we had failed in our duty. Any boy who tried to live up to the ten commandments of the Boy Scouts could not help but benefit. He said it was very evident that the parents of the boys of Prince Rupert were behind the movement, that the Elks were taking an active interest in the work, and that the city had made a grant of \$100 for the benefit of the work.

The Program.

The curtain then lifted on a very picturesque drawing room scene. The program was as follows:

Opening chorus, "Jingle Bells" Cornet solo, "The Last Rose of Summer," encore "Mother Machree," by A. Ferry, accompanied by W. V. Davis on the piano.

Song, "Sweet Genevieve," by Mrs. Jarvis McLeod, accompanied by Mrs. Fraser.

Recitation, "The Lady of Shalott" by Mrs. J. C. Brady; encore, reading from "The Merchant of Venice."

Quartette, "Sweet and Low" by Mrs. Jarvis McLeod, Mrs. A. Dalby, Mrs. S. Darlon and Mrs. Fraser, accompanied by Miss Kathleen Grant.

Instrumental selection, Hawaiian guitar, Bud Portlanee, guitar, J. Provost. Three encores were responded to.

Song, "The Death of Nelson" by S. K. Campbell, encore "Garry Me Back to Old Virginia," accompanied by W. V. Davis.

Dance, "The Minuet," by Miss Winnie Thomson and Miss Lorna MacLaren. This item was exceptionally well executed. Accompanied by W. V. Davis.

Recitation, "Young Lochinvar" by Principal J. C. Brady.

Song, "Loves Old Sweet Song" by Mrs. Fraser, accompanied by Miss Kathleen Grant.

Chorus, "There is a Tavern in the Town" and "Auld Lang Syne" Principal J. C. Brady made an excellent stage manager. Members of the chorus were: W. E. Fisher, J. Currie, A. Clapperton,

BEECHAM'S Sweeten the Stomach PILLS

Mrs. Tupper and Miss Cummings, S. K. Campbell was in charge of musical arrangements being assisted by Mrs. J. H. McLeod, Mrs. Fraser and others. Mrs. D. Thomson and Mrs. S. Darlon made the men's uniforms.

The singing of "God Save the King" at 10 o'clock brought a delightful musical evening to a close.

Ralph V. G. Lepine, George H. Munro and H. L. Campbell were members of the committee in charge. It is expected that about \$150 will have been realized when all accounting is finished. The money will be used towards the purchase of uniforms and equipment.

Members of the Boy Scouts troops were in charge of the ushering and ticket taking.

HUSBAND AND WIFE IN BRITISH LAWS

Suggestion That Law Be Annulled in Matter of Wife Coercion and Husband Consent.

LONDON, May 8.—(By Canadian Press)—One of the absurdities surviving in British law—that a married woman is presumed to be coerced by her husband when she commits certain crimes in his presence—was brought vividly before the public in the trial of the case against Captain Owen Peel a short time ago on a charge of obtaining money from turf commission agents by means of forged betting telegrams, but this is not the only survival of an ancient law which is out of harmony with the present age. In the Peel case the wife had been jointly accused with her husband, but because of the ancient law referred to, she was not placed on trial, but allowed to go free, while Captain Peel who pleaded guilty, was sentenced to prison for one year.

The law of coverture, as pointed out by Mr. Francis Balfour, president of the National Council of Women of Great Britain, in the Times, although some of its worst features were swept away by the Married Women's Property Acts, has never been abolished in its entirety. That doctrine is that a man and his wife are one person, and that the husband is that person. The wife's legal existence is incorporated and consolidated into that of her husband's.

Only about thirty years ago the House of Lords gave a decision in what was known as the Jackson case which definitely negated a claim that a husband had a right to imprison his wife, which was based on this doctrine. At the same time, the wife's position as her husband's property is still in practice, as, for example, when she is not allowed to decide for herself whether or not she shall submit to a surgical operation. Her husband must first give his consent.

The National Council of Women is moving to have these doctrines annulled—doctrines which the Council declares, belong to an age of servitude and serfdom. An equally responsible partnership in marriage is demanded by the ladies of the Council. They claim that this is necessary to the building up of the highest kind of family life.

"The question of the 'coercion' of wives was recently raised in the House of Lords by Lord Ulls-

water, who suggested a revision of the law. It was announced that the Lord Chancellor, Lord Birkenhead with the Attorney-General, Sir Ernest Pollock, would appoint a committee to consider the whole question of the status and responsibility of women under the law in the light of their changed standing.

COMMUNIST PLOT IN FRANCE IS ALLEGED

Highly Developed System Said to Involve Two Hundred Operatives.

PARIS, May 10.—Claiming to have discovered the existence of a highly developed espionage system, organized by communists in France for the benefit of the Russian Soviet government, the French police here made three arrests and promised numerous others within a few days.

The espionage scheme, they declare, involves 200 operatives, and has ramifications in Brest, Lorient, Toulon and also at powder factories in the centre of France and arsenals in the vicinity of Paris.

Secret Documents Stolen.

Secret documents have been stolen from the Brest arsenal, according to the police revelations, and from the largest powder factory in the centre of France and they claim to have proof that regular couriers have passed between espionage centres in France and Berlin, where documents were assembled, classified and forwarded to Moscow. Intensive Bolshevik propaganda, the police assert, also has been carried on as a side line.

One of the men arrested is the communist municipal councillor of Ivry-sur-Seine, just outside Paris, which is the site of one of the largest arsenals in France.

BANK OF MONTREAL CROP REPORT

The Bank of Montreal has just issued its first crop report for this season. The general summary of the situation in British Columbia states that a late season following on long winter with unusually heavy snow has left the ground in excellent condition. Plowing has not been completed, but seeding is general in most localities. It is too early to predict field crop prospects. Alfalfa in Ashcroft district has suffered serious damage through being winterkilled. Pasturage is good. Orchards have wintered well. Indications in Okanagan are for lighter crop than last year. Frost has damaged small fruits in Fraser Valley to some extent.

TIMBER SALE X3797.
Sealed tenders will be received by the Minister of Lands, at Victoria, not later than noon on the 8th day of June, 1929, for the purchase of Licence X3797, to cut 1,500,000 feet of spruce, cedar, hemlock and balsam, situated on an area on the East Arm of Drayton Inlet, Range 2, Coast Land District.

Two 12 years will be allowed for removal of timber.

Don't Buy Kitchen Ware Simply Because It's Cheap!

HOUSEKEEPERS are sometimes asked to buy cheap cooking utensils just because they are nice to look at when new. But after a short use, where has the bright newness gone? It is true economy both of money and of time and energy to buy only

SMP Diamond or Pearl WARE

Neither Diamond nor Pearl Ware is expensive. Both are truly economical in that they last for years with ordinary care. Diamond and Pearl Ware utensils do not stain or lose their bright color. Acids of food juices have absolutely no effect. Diamond and Pearl utensils can be cleaned in a jiffy, even after the greasiest frying or boiling. And they do not burn out.

Diamond is blue and white outside, all-white inside, with three coats of enamel. Pearl is grey and white, with two coats of enamel.

Do you know that a Diamond or Pearl Ware pot that sold for \$1.50 last year, can be bought now for 90 cents?

NEW RULES BASEBALL HERE

Special Regulations Affecting Acropolis Hill Rock Pile to Go into Effect—Homers Not So Easy.

LEAGUE OPENING SET OVER UNTIL MAY 15

At a meeting of the executive of the Prince Rupert Baseball Association held last night it was decided to postpone the opening of the Senior League schedule till next Monday evening.

The first three games of the league will be as follows:
May 15—Elks vs. Sons of Canada.

May 18—Knights of Columbus vs. Elks.
May 26—Sons of Canada vs. Knights of Columbus.

The opening three games of the Intermediate League:
May 23—Sons of Canada vs. Grotto.

May 29—Grotto vs. Elks.
June 6—Elks vs. Sons of Canada.

The balance of the summer schedule will be drawn up in the meantime.

Special Ground Rules. The following special ground rules were also adopted by the executive:

- 1. Balls striking the rock pile the base runner will be entitled to two bases.
- 2. Balls going clear over the rock pile will entitle the base runner to all the runs he can make.
- 3. One base will be allowed for an overthrow on first and third whenever the ball is put out of bounds.

New Senior Cup.

A letter was read from Fred Gilhuly to the effect that A. G. Spalding & Bros., the well known sport outfitters, have offered a silver cup as a baseball trophy for the Senior League only. To qualify for this trophy the league must adopt the use of the Spalding league ball. This trophy will be for competition in addition to the Nickerson shield and cup which will become the property of the winning team for this season.

The Reach ball has been adopted for use during the season by the Intermediate league.

A negro charged with stealing a watch had been arraigned before the court. The judge was not convinced that he was guilty and said:

"You are acquitted, Sam."
"Acquitted," repeated Sam doubtfully. "What do you mean judge?"
"That's the sentence; you are acquitted."
Still looking somewhat confused, Sam said: "Judge, does dat mean I have to give the watch back?"

PRACTICE BASEBALL ACROPOLIS GROUNDS

On the Acropolis Hill recreation ground last night a baseball practice game was played between the Elks and the Sons of Canada, before a large crowd of fans. The game was purely of a "no decision" character and more in the nature of a "try out," no record being kept of the score.

Considering that it was only a practice game the class of ball displayed augers well for a very successful season.

The teams lined up as follows:
Elks—Hill, c; Clementson, p; Falks, pitcher and field; Tassie, lb; Bazzet-Jones, 2b; Frizzell, ss; Dickenson, J. Bradford, Folsom, Selman and Smith, field.

Sons—Ratchford, c; Lindstrom p; V. Menzies, 1b; Scott, 2b; Anderson, ss; Farquhar, 3b; Sloan, Mitchell and H. Menzies, field.

WINNIPEG TO STOP FOOTBALL CONTESTS

WINNIPEG, May 10.—Steps are being taken to put a stop to weekly pools on football and baseball games. At present more than \$100,000 is being "invested" here in this peculiar form of gambling and to the detriment of established businesses.

Sport Chat

If the first game of the football season played on Monday evening between the Sons of Canada and the Grotto may be taken as any indication, there is going to be a good brand of soccer served up to local fans again this year. The Sons of Canada showed much of their old time dash in the first game and the Grotto presented a number of new players on the field whose play was very promising indeed. With practice as the season advances they will gain that solidarity and unity which is necessary. The Sons of Canada may have a somewhat weaker team this year than last but not sufficiently so to have a very serious effect it is thought.

The Sons of England and the Callies meet tomorrow night. The Englishmen have their last year's team pretty intact still and, as far as the Callies are concerned, it is generally believed they have an aggregation to field this year that is much stronger than they had last year. With it they mean this year to really laurels that they lost during the "past year" or so. The Callies team is the only one that has not made a formal appearance on the field yet this year. Their performance against their southern neighbors tomorrow night should be a great attraction to all football enthusiasts.

"I am of the opinion that Babe Ruth's record of 59 home runs is going to stand for some time and will not be exceeded this year," says Billy Evans, writing in the Ottawa Citizen.

"I have a number of reasons for so thinking.

"It is a certainty that the ball will not be so good this year. The pitching will be better. A number of pitchers will have recovered from the handicap placed on them when freak deliveries were eliminated. The pitchers are going to work more carefully on Ruth.

"However, his greatest handicap this year is going to be his late start.

"Last year by May 20, the date for the raising of Ruth's suspension, Babe had 12 home runs to his credit. To make up for the loss of those dozen homers, is going to be some task.

"In addition the enforced lay-off due to the suspension isn't going to sharpen the Babe's batting eye. There is nothing like hitting against real pitching in actual competition to strike one's stride at the plate.

"I don't think Ruth has a chance to do any record smashing this year as far as home runs are concerned.

"The big fellow, however, is a Superman and does the seemingly impossible.

"Ruth has one other ambition in baseball. He would like to lead the American League in hitting.

"If he would make up his mind that smashing the home-run record was out of the question this year and did more hunting, mixed them up, he would have an excellent chance to realize his ambition.

"One thing is certain, no matter when he makes his debut, Ruth will do many a thing this summer that will make the fans talk."

The Sons of England will be represented by the following team in the football game tomorrow night with the Callies: B. S. Stockdale, H. F. Wearmouth, A. Forre, E. Mansell, A. Crages, E. Crages, A. S. Paul, F. Roberts, G. P. Tinker, H. M. J. Lamb and J. Farquhar. Reserves, G. Kelsey, J. W. Bourne and J. H. Hemmings.

ANCIENT RELICS BEING DUG UP

Bones, Jewels, Pipes and Ornaments of Early Period Being Found in England.

LONDON, May 8.—By Canadian Press.—Discoveries of relics of the ancient Roman period in England have been made beneath the surface in Fetter Lane, London, and fragments of charred human bones have been found. The presumption is that the ashes of a body that was cremated were buried here in the second century. In a layer of the soil twelve or fourteen feet below the surface of Fetter Lane Roman coins, beads and pottery had been dug up previous to the discovery of the supposed Roman burial.

One of the interesting things found is a Greek jewel, which is believed to be of the sixth century before the Christian era. Some years ago during work of excavation in Lipscomb's Inn, not very far from Fetter Lane, a little figure of a Greek dancing girl of the same period was found. The British Museum is taking interest in these discoveries, and many articles, or fragments of articles, have been collected. Specimens of the Roman Stylus have been found—a piece of steel about a half the size of a pencil, with one end flattened for smoothing the wax tablets and the other end pointed for writing.

Pipes and Ornaments.

Besides the Roman and other bronze coins of various dates which have been unearthed in the Fetter Lane district, there are clay pipes of an early period. Among the coins are shillings of the reign of Henry III, Edward IV., Henry VIII and Queen Elizabeth. Pins for the dress and hair, a child's thimble, personal ornaments, such as gilt rings, and a lock of human hair have been dug up, recalling the domestic life of London five or six centuries ago.

The pottery of many centuries is represented in the articles excavated. It is all broken, but the beauty of the glaze remains, and in many cases the broken parts can be cemented together, so that vases and jugs rich in color and perfect in their workmanship are now being restored.

The method of research employed has been to sink a shaft through the soil to the gravel fourteen feet below the present surface of the ground, and to explore carefully layer after layer. Much of the ground still has to be opened, and there is every expectation that further treasures will be found.

When you buy advertising you buy CIRCULATION, and see that you get it.

Bilious Headache

WITH many people bilious headache returns so regularly that it may be described as a habit.

By eating too much or of foods which do not agree and by taking too little exercise the liver becomes torpid and sluggish and the bowels constipated.

Then comes the bilious spell, when the liver can no longer control the bile and the whole system is poisoned and upset.

But this bilious habit can be broken up, and you can get away from these periodic headaches if you will use Dr. Chase's Kidney-Liver Pills in order to keep the liver and bowels in condition.

This treatment affords relief promptly. But, better than that, it prevents biliousness and headaches if taken at the first indication of trouble. By correcting your eating habits and using Dr. Chase's Kidney-Liver Pills occasionally you can get away from this annoying ailment entirely.

TERRIBLE HEADACHES
Mrs. A. F. Letts, South Fork, Sask., writes: "I suffered from terrible headaches, so severe I thought sometimes I would go crazy from them. No remedy I ever tried helped me until I used Dr. Chase's Kidney-Liver Pills. Since using them I can say I am never troubled with headaches now, and feel much better generally."
Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

60 CHAPTER BRIDGE AND DANCE

Enjoyable Affair Was Held Last Night in Metropole Hall by I.O.D.E. Young Ladies.

About 75 persons spent a very enjoyable evening at the Hill 60 Chapter, Imperial Order Daughters of the Empire, bridge and dance held last night in the Metropole Hall.

The prize winners at cards were Mrs. A. W. Healy and Sepplie Ward. Following the bridge refreshments were served and dancing was indulged in by the young ladies. Music provided by Blanche Martin and Claire Hansen. The affair broke up shortly after the midnight hour.

WINNIPEG LAWYERS TO BOYCOTT COURT

WINNIPEG, May 10.—Leading lawyers of Winnipeg propose to boycott the court of king's bench of the federal government pending its appointment of G. E. Hanson to the bench. They believe they will recommend to the court that the case be left to arbitration of a board consisting of three leading members of the profession, to differ with the case and to be satisfactory to all parties to any action, their terms to be final.

There there's a mass 'tis hard to see.

RETIRING EDITOR OF LONDON PAPER GETS BIG PENSION

John Evans Given \$50,000 in Cash Also By Evening News.

TORONTO, May 10.—A Mail and Empire London cable says: "Lord Northcliffe, speaking at a luncheon of the directors, editors and higher employees of the Daily Mail, Evening News and associated newspapers, gave his audience some interesting views of the conduct of newspapers. The occasion was the retirement of Walter John Evans, for many years editor-in-chief of the Evening News.

"After Lord Northcliffe had presented him with a gold watch as a personal gift, it was announced that the Evening News company was giving him £10,000 down and a pension of £2,500 for ten years and £1,000 thereafter.

"Commenting on Mr. Evans' good work, Lord Northcliffe described the evening paper as 'that horrible machine which gives opportunities six times a day for making blunders, for being late and for getting left.'

WHO'S WHO IN THE CHINESE WAR

General Chang Tso-Lin, Governor of Manchuria, and a former bandit, was the chief opponent of the recent administration of President Hsu-Shih Chang. He is very wealthy and has been manoeuvring for what he termed a more representative government in China.

General Sun Yat Sen is the founder of the South China Republic, which he set up.

General Wu Pei-Fu has been in control of the provinces of Honan and Hupeh in Central China, and has been the guardian of the present administration, although only lukewarm toward the president.

Generals Chang and Sun Yat Sen recently held a conference at Mukden to thrash out China's difficulties. It was agreed that Sun was to be made president of China and Chang vice-president. Sun went back to Canton, and Chang began sending troops through Mukden, and eventually seized Peking and one of the main railroads leading into the city.

Wu Pei-Fu then demanded that President Hsu immediately force the evacuation of Peking by Chang or he would attack. He charged that Chang was setting up a dictatorship. This demand was refused, and Chang launched an attack upon the forces of Wu Pei-Fu.

Gen. Sun recently announced that, in view of the agreement at the Mukden conference, he would start troops north to join forces with General Chang.

MOVIE STARS UNITE TO PROTECT NAMES FROM ILL-REPUTE

LOS ANGELES, Cal., May 10.—Mary Pickford has been chosen president of a club of motion picture actresses, the primary purpose of which is to protect the good names of its members. Miss Helen Ferguson, organizer, stated none would be admitted who were not "credits to the industry."

ALICE ARM

A small vein of high grade ruby and brittle silver ore was uncovered last week in a quarry being operated by the provincial government in connection with the extension to the Kitsault River wing dam. The property is owned by John Stark who intends to develop it and ship the ore to the smelter at Anxov.

R. F. McGinnis has returned from Smith Island where he was working with Henry Wolf in the Prince Rupert city rock quarry.

C. P. Riel has started the construction of another store in the centre of the business section of town. All lumber used has been cut in Mr. Riel's mill.

The Tennis Club is making a drive for members. The court has been put in good shape and a successful season is looked forward to.

Sufficient unto labor should be the pay therefor.

Do Your Bowels move regularly, or do they become constipated

There is no medium through which disease so often attacks the system as by allowing the bowels to become constipated, and there is no other trouble that flesh is heir to that is more liable to be neglected, because material inconvenience may not be felt, at once, from irregular action of the bowels. When there is not regular action the retention of the decayed and effete matter, with its poisonous gases, soon poisons the whole system by being absorbed into it, causing violent sick and bilious headaches, internal bleeding or protruding piles, heartburn, jaundice, etc.

MILBURN'S LAXA-LIVER PILLS will regulate the flow of bile to act properly on the bowels, thus making them active and regular, and removing the constipation and all its allied troubles.

Mr. Samuel Buckler, Tatamagouche, N. S., writes:—"For over a year I suffered with constipation. I took several different kinds of medicine, but could only get temporary relief. I was told to try Milburn's Laxa-Liver Pills. I procured two vials of them, but after I had taken one I found that I was relieved of my trouble. I do not hesitate to recommend Laxa-Liver Pills for any kind of constipation."

BIRTHDAY PARTY

Miss Victoria Krikevsky, Aged 9, Entertains Number of Little Girl Friends

Little Miss Victoria Krikevsky celebrated her ninth birthday yesterday when she entertained a number of her little girl friends at a delightful birthday party. The house was prettily decorated with flowers, delicious refreshments were served and the hours went all too quickly with the playing of games and dancing.

Those present were: Miss Mercer, Miss Linea Hanson, Miss Orol Ross, Miss Nellie Gurvey, Miss Kathleen Bulger, Miss Eleanor Fite, Miss Elizabeth Cash, Miss Eleanor Patmore, Miss Evelyn Dalby, Miss Dorreen Woods, Miss Claire Williams, Miss Enid Williams, Miss Evelyn Morrison, Miss Helen Hampton, Miss Beatrice Cash, Miss Julia Calderone, Miss Doris McEvoy, Miss Verna Thompson, Miss Ruby Krikevsky, Miss Helen May Hall, Miss Birdell Jack, Miss Iris Watt, Miss Bernice Ross and Mr. and Mrs. W. B. Cornish.

The steamer Canadian Scottish reached Sydney, Australia, on April 30 after making her sea- and westbound crossing of the Pacific Ocean according to advice which has been received at the offices of the Canadian Government Merchant Marine in Vancouver. The vessel made exceptionally good time on the voyage.

TIRED OF INFANT, THREW IT AWAY

LINDSAY, Ont., March 10.—Police officers are searching for the body of an infant whose mother threw it out of the window of a railway coach as the train, in which she was a passenger from Toronto, was traveling between Burketon and Lindsay, on Tuesday. The mother said the child became cross and developed convulsions. She got tired of caring for it and decided to throw it out of the window, which she did after stripping it of its clothing.

FALSE ECONOMY

The family that does not provide for laundry service in the weekly budget is practicing false economy. Under our new plan laundry work by the pound practically the entire family bundle washed and returned, jump almost ready for ironing, for \$1.25.

This is the cheapest Laundry Service ever offered locally, and the husband who has the welfare of his family at heart cannot afford to pass this service up without serious consideration. We have also our Soft Finish Service, where for a small additional charge, everything is dried and all flat pieces ironed and folded.

YOUTHFUL of line and simple in conception, the smart Summer frock relies for its effectiveness chiefly upon the charm of new materials. And not without reason, for this year the makers of Summer fabrics have outdone themselves in creating designs of unusual chic. Gingham, particularly, show the widest variety of modish patterns, and swisses, linens and cotton eporges are most attractive.

This is Pictorial Review week at JABOUR BROS. Limited
