Political Developments At Ottawa

PREMIER AND ENTIRE CABINET OF FRENCH REPUBLIC RESIGNS

Crerar Announces Progressive Support of Liberals and the Consolidation of Railways

WINNIPEG, Jan. 12.—Hon. T. A. Crerar, leader of the Progressive party, made a statement of the Progressive policy at a convention here yesterday. He read a resolution passed at a secret meeting of the Progressive members pledging the former members to support the Mackenzie King government in any efforts to enact economic and administrative reforms.

The resolution stated that the Progressives recognized the necessity of a strong government at the present stage of Canadian affairs and that they showed a willingness to support any administration in measures which the country requires while maintaining their complete identity and organization of the Progressives.

Mr. Crerar declared for immediate consolidation of the Grand Trunk and Canadian National railways, with a substantial reduction in freight rates and administrative economy rather than a search for new sources of revenue.

It is the opinion here that the declaration of the Progressive leader heads off any suggestion which might be made for making the railways revert to private ownership and that the government policy will be to place the system on a business basis.

CITY COUNCIL CONFERS WITH LOCAL MEMBER

Questions Between Municipality and Province Taken Up at Meeting Last Evening.

Members of the city council and Hon. T. D. Pattullo, minister of lands in the provincial cabinet and member for Prince Rupert, had a conference yesterday afternoon in Mayor Rochester's private office. The matters discussed included the power rights of the city at Thulme River and Shawatlans and Woodworth Lakes and the question of pure milk and tubercular cows was also taken up. As a result of the meeting the mayor is to write to the minister reporting fully on the situation and Mr. Pattullo will then take the questions up in the proper quarters at Victoria.

The question of the city's power rights at Thulme River, Shawatlans and Woodworth Lake involves the reserves held by the government on behalf of the city. These are now only of a temporary status and the object is to make arrangements to have them made permanent.

In regard to the milk and cattle, the matter of reactors in local herds was taken up.

Mr. Pattullo was in a very receptive and favorable mood as far as the questions were concerned and showed his willingness to assist the city in every possible way in connection with its claims. He promised that he would do all that he could in having the matters definitely settled.

There were present at the meeting Hon. T. D. Pattullo, Mayor H. B. Rochester and Aldermen Dybbavn, Perry, Kelly, Siversons and Kerr. The conference lasted well over an hour.

NOTED EXPLORER AND HIS MAGNIFYING FILM MACHINE.

Carl Akeley and his motion picture machine, which takes at great distances. He is now in the Belgian Congo on an expedition. He has sent word that five live gorillas are on their way to the American Museum of Natural History. Only one gorilla has ever been taken alive that died when in captivity only a few months.

Premier Briand of France Resigns in Dramatic Manner

PARIS, Jan. 12.—Premier Briand has resigned. He submitted his resignation to President Millerand, which was accepted after a lengthy statement had been made before the Chamber of Deputies justifying his attitude at the Cannes conference.

The announcement of his intention, which came at the end of an hour's speech to the deputies, was an entire surprise, as he apparently had won the sympathy of the chamber.

The cabinet colleagues of the premier were filled with amazement at his sudden determination and the entire cabinet goes out of office with him.

WASHINGTON, Jan. 12.—The news of the resignation of Premier Briand was received with bombshell effect in arms conference circles, the action being considered likely to have a great effect on the decisions already reached or about to be reached.

WILL APPLY FOR RECOUNT DUBLIN CASTLE IS EVACUATED

Colonel Peck to Make Application for Checking Over of Ballots.

In Favor New Administration—Dail Eireann Will Meet Saturday.

Col. C. W. Peck, V.C., the independent candidate for Skeena constituency in the recent federal election, is to make application for a judicial recount of the votes according to information given out this morning by members of his campaign committee. In order to have a recount, the papers must be in the hands of the court within four days of the final count, which was on Monday. They must set out a reason, and it is understood that Colonel Peck has several on which he will base his application, one of them being the case of Premier Mine poll, where only 50 ballots had been sent from here and 79 voters had presented themselves. For the remainder, it is understood that the deputy returning officer made his own ballots. The vote at Premier Mine was 50 for Stork and 29 for Peck.

The judicial recount will be held before Judge Young at a date to be set by him.

DUBLIN, Jan. 12.—The evacuation of Dublin Castle is progressing rapidly with the Imperial authorities offering assistance to the new administration.

An open session of the Dail Eireann has been called by President Arthur Griffiths for Saturday. It is not expected that ex-President Eamonn de Valera and his followers will attend.

It is announced that there will be labor candidates to contest the majority of the seats when the Dail Eireann elections are held.

CAPT. ROBERSON HAS RESIGNED

Is Leaving Service of G. T. P. Steamship Co. and Going South.

Capt. H. L. Roberson has resigned his position with the Grand Trunk Pacific Steamships where he has been since its inception and will be leaving Prince Rupert shortly to take up work in the south. This was the statement given out this morning, which will come as a great surprise to the people of Prince Rupert. It was also stated that Mrs. Roberson would remain in Prince Rupert for a few months before joining her husband.

Captain Roberson is so well known here that it is almost unnecessary to recall who he is and what he has done. He was one of those who, an officer in the employ of the G. T. P. Steamship Company, left his work to serve his country overseas. He was in command of several mystery ships and braved all the dangers of duty service both in steam and sailing vessels and remained with the work to the end of the war. On his return he was given command of the Prince Albert and later transferred to the Prince Rupert. Just now he is taking holidays.

Mrs. Roberson is also well known and will be missed in the city where her work with the girl guides and in social and church events have made her extremely popular.

Prominent Man Visiting Buckley Bay with Timber Experts; To Operate Mill

That the mill at Buckley Bay, the biggest on Queen Charlotte Islands, will be operated again in the spring and that more lumber will be cut there this year than at any time in the past is the news brought by F. L. Buckley, who arrived from the south yesterday and left soon after on the lug Tartar for Massett Inlet on a trip of inspection.

With Mr. Buckley as a guest was Fred L. Baker of Los Angeles, president of the Baker Iron Works and Los Angeles Steamship Co., and two timber inspectors, J. F. Hanna and J. E. McGuire, both of whom are well known in the lumber industry. They will visit Buckley Bay and return on the Tartar, probably on Saturday. Mr. Buckley and Mr. Baker will then go East over the Canadian National line.

Mr. Baker's company built 35 big ships for the United States government as part of the war time program. This included 30 steel vessels of 8,800 tons each and 5 vessels of 12,000 tons each.

The transportation company over which he presides operates the steamships Harvard and Yale between Los Angeles and San Francisco and they are putting on two other large boats between Los Angeles and Honolulu commencing on April 1. It is understood that efforts are being made to induce Mr. Baker to run one or more of his vessels to British Columbia.

Mr. Buckley is very optimistic as to future developments in the north. He says he expects there will be a decided improvement in the lumber trade in the district and urges that the people here co-operate in securing facilities for those doing business.

The Tartar is specially chartered from the Granby Company for the trip to the Island and will return to Anxoy after Saturday.

MUST REPORT LIQUOR STOCK

Order-in-Council Has Been Passed Providing for This Action.

VICTORIA, Dec. 12.—By order-in-council signed by the Lieutenant-Governor yesterday, all persons having private stocks of liquor not bought from the government vendor must fill up a form reporting to the liquor board the stocks he keeps in his possession or under his control. He must state the cost, item by item, and then take an affidavit that his statements are correct.

TRANSPORT SHIP WAS IN TROUBLE ATLANTIC OCEAN

Steamer Crook Sprang Leak Which Was Temporarily Repaired—No Immediate Danger.

NEW YORK, Jan. 12.—The army transport Crook, bringing United States troops from Germany, sprang a leak when 150 miles from New York. The damage was temporarily repaired and the vessel is in no immediate danger. Assistance has been sent.

OFFICIAL FIGURES OF HALIBUT CATCH

Canadian Fish Landed in 1921 Was Worth \$796,097—American, \$1,90,921.

Official figures issued by the Dominion Fisheries office show that during the year 1921 there were 25,111,300 pounds of halibut landed at this port. This was divided into Canadian and American fish, the values for each being: Canadian, 796,097; American, \$1,90,921. The total value was \$2,287,018.

STORM RAGES ON ATLANTIC

One Killed, Many Injured and Much Property Damage—No Boats Wrecked.

NEW YORK, Jan. 12.—One death, numerous injuries and considerable property damage has resulted from the storms that have been sweeping the Atlantic coast cities and waters. Small craft have been blown to sea but no wrecks have been reported as yet.

POLITICAL SITUATION IN PROVINCE

No Announcement by Premier Until After the Liberal Gathering.

VICTORIA, Jan. 12.—Following the cabinet conference here yesterday afternoon, Premier Oliver stated that there would be nothing announced about Dr. King for some time. This was taken to mean that members of the government prefer to place the whole political situation before the conference of Liberal members which is to be held here on January 23 and let them decide unhampered by any preliminary announcements by members.

Hon. Dr. King after the meeting indicated that there would be no obstacles in the way of his withdrawal from the Provincial Government and accepting the office of public works at Ottawa.

It is very generally reported that Dr. Sutherland of Revelstoke will be the successor to Dr. King in the office of minister of works for British Columbia.

ASK REDUCTION CUSTOMS TARIFF

Saskatchewan Minister to Make Radical Requests of Federal Government.

REGINA, Jan. 12.—Hon. S. L. Latta, provincial minister of education, has given notice to the Saskatchewan legislature of a resolution calling on the federal government for a substantial and all round reduction of the customs tariff. The resumption of the reciprocity negotiations with the United States and the placing on the free list of all agricultural implements, farm and household machinery, coal, lumber and other necessities is also called for.

BIRTH.
A son was born to Mr. and Mrs. John Manson, 416 Fourth Avenue East, on Tuesday.

CABINET MEETING THIS AFTERNOON

Ottawa Report Says That Dr. King Will Shortly Take Dominion Public Works Portfolio.

OTTAWA, Jan. 12.—The first cabinet meeting since the return of Premier W. L. Mackenzie King from Denver, Colorado, is called for this afternoon.

King May Come In.

Indications are that the portfolio of public works will soon be taken over by Hon. J. B. King, who will resign from the British Columbia cabinet in the near future.

SNOWSLIDES KILL MANY IN ITALY

Village of San Fratello is Wiped Out—Government Relief Coming.

MESSINA, Jan. 12.—The village of San Fratello has been utterly destroyed by snowslides which followed excessive rains. It is feared that many were killed when they were caught under the slides. Two bodies have already been recovered. All the inhabitants left the town most often with no worldly goods saved. The government is making a special grant for relief.

NO SATISFACTION YET FROM GERMANS REPARATION QUESTION

CANNES, Jan. 12.—The German delegation on reparations was received by the Supreme Council of the Allies this morning. The reparations commission reports that last night's conference with the Germans was devoid of results.

BANQUE NATIONALE NOT IN DIFFICULTY

Toronto Rumor Says That Its Absorption by Bank of Hochelaga is Imminent.

MONTREAL, Jan. 12.—It is officially denied that the Banque Nationale is in financial difficulties and that its absorption by the Bank of Hochelaga is imminent. A rumor has been going the rounds in Toronto to this effect.

PINE FORESTS ONTARIO ARE NEARING END

So Tells Premier Drury to Canadian Forestry Association at Toronto Meeting.

TORONTO, Jan. 12.—The virgin pine forests of Ontario are nearing depletion according to what Premier Drury told the Canadian Forestry Association at its meeting here yesterday. At the present rate of cutting, 35 years will see their finish, he declared. The present annual cut is 350 million feet, or 400 million more than is replaced by natural growth.

CABINET RESIGNS

Result of Political Strife Now on in Country of Spain.

MADRID, Jan. 12.—Political strife has resulted in the resignation of the Spanish cabinet under Premier Maura.

GENERAL AMNESTY.

LONDON, January 12.—King George has granted general amnesty to all Irish political prisoners.

DAILY EDITION Thursday, Jan. 12, 1922.

**Small Town
 Compensations.**

Life in a small town is altogether different from life in a large city. Life in Prince Rupert differs materially from life in Vancouver and there are compensations on either side. People who live here often are attracted by the bright lights, variety of amusements, crowds of people and the opportunities of advancement in the big cities. On the other hand, when they get there they feel the loneliness of the strange crowd, the coldness of public entertainments, the lack of agreeable companions and the aloofness of the multitude. The cost of living in the big city is great unless the greatest care is exercised in the matter of expenditures. Tram cars and entertainments are a continual drain. It is much more difficult to save money in a big city than in a small one.

**Opportunities
 Not Very Many.**

While in the aggregate the opportunities in the city are many more than those offering in the small town, they are more apparent than real. In the small town all know the business of the others to a large extent, but in the city there may be hundreds of opportunities around the corner and yet we should never know about them. Except among business men and organized labor there is little community of interest in the big city. Each is struggling with his neighbor for the right to live and each is careless of the welfare of the others. Only the politicians and the preachers have any interest in the general public and their interest is very limited in its scope. Speaking generally, it may be said that the opportunities in the small town are many more than in a large one. If a man has talent his neighbors recognize it as long as it is not exceptional. In that case he may do better among strangers. For the ordinary man or ordinary woman, there is often a better prospect for advancement and much greater social advantages in the small town than in the city.

**Social Life Here
 And in Seattle.**

Compare the social life of Prince Rupert with that of Seattle. Here everyone is well known to everyone. At any gathering that takes place the person who has lived in the city for a few years finds he knows most of those present. In any event of any size in Seattle a person is lost in the crowd and of no importance. The difference is very apparent to anyone who has lived in both places.

While small town people are ardent gossips and often snob our needs are different and our desires are different. We must feeling which is found in a place like Prince Rupert. The advantage is with the small town for the average person, but, in spite of that, many look to the city lights, to the theatres, the clubs, the crowded streets and the big shops for their enjoyment. That is what keeps the small town struggling while the big city prospers.

**Make Small Town
 Attractive as Possible.**

In order to counteract the movement toward the big cities it is desirable to make the small town as attractive as possible. While the pioneers feel that they did not need all the improvements which the later residents demand, the city can not grow unless it is made attractive. Any defect in climate or transportation has to be made up in some other way. In Prince Rupert we are improving the streets and we must provide other attractions. Such things as athletic associations, swimming baths, libraries, social clubs and societies all add to the pleasure of residence in the place. Anything which will induce people to make their homes here is worth while. It is no argument that some other place does not have it. We are different from any other place; bish, the big town people are cold and there is a lack of the home look to ourselves for amusement and culture. We can all help in making the place attractive and thus inducing people to reside here.

**The Man in the Moon
 SAYS:-**

WHEN you hear a man bragging about what a wonder his wife is, you may safely bet that she carries out the ashes.

YOUR friends may forget you as you grow poor, but the same old hills drop in on you once in a while.

YOU can't judge a man by his clothes, but you can usually judge him by his wife's clothes.

THE difference between a practical man and an idealist is that the idealist writes a tract against stealing, and the practical man buys a padlock.

EFFORT is the soul of success.

A LITTLE conference now and then is a great boon to writing men.

THE driver who tightens a match to find a leak in his gas tank usually finds it.

THERE is one thing certain in life and that is the end.

IT seems an easy matter to make money in Russia according to the rate of exchange on the rouble.

**Ten Years Ago
 in Prince Rupert**

January 12, 1922.

Alderman S. M. Newton, newly elected mayor of Prince Rupert, who takes the oath of his office on Monday, when the first meeting of the new council will be held, in a special interview in regard to the appointing of police and license commissioners.

"I intend, he said, "to do the very best I can to get the members for the district, Mr. Manson, to use his influence toward the end that myself, the members of the City Council, the executives of the Prince Rupert Conservative Association and of the Prince Rupert Conservative Club shall have the naming of the members of these commissions to be appointed by the Government."

Interviewed on the subject of the same appointments this morning, Mayor Manson, who holds office until the new Mayor is sworn in, remarked: "These appointments are made entirely by the government, but the responsibility for the nomination of men for them rests with myself as member for the district. The fact that I was member for the district last year as well as mayor of the city may have given rise to the idea prevalent in the city that the power to appoint these commissioners is vested in the mayor. The fact is that it rests with the government, the mayor being ex-officio chairman of both commissions."

**DEVELOPMENTS
 ARE EXPECTED**

**H. F. Pullen on Return From the
 South Tells of the Views
 Held There.**

The future looks very bright for the development of the north, according to H. F. Pullen, editor of this paper, who arrived home yesterday morning from a visit to Victoria and Vancouver where he went on business and to spend the Christmas holidays. Everyone in the south is talking about the future prospects of the north. People there are optimistic for a general revival of business in the spring. The pessimism of last summer seems all gone and in place of it is a spirit of hopefulness, with a desire to help improve conditions.

In the mining field a great many people are looking to Stewart. Mining engineers and prospectors seen in the south all say that there will be great activity on Portland Canal during the coming season. A number of deals are being negotiated with a view to the properties being taken over by men who have money to develop them. The fact that the Premier mine is doing so well and that the Silverado and other mines are ready to ship is that people are willing to spend money in a place where they are likely to get results.

What is true of development at Stewart is true in a somewhat lesser degree at other points. There will be a general interest in mining this year unless all signs fail.

General Business.

In Vancouver and Victoria the merchants are rather quiet. While they did a good Christmas business, it was not as good as usual, and there seems to be a general opinion, both among retailers and the people generally, that there will be further reductions in the price of many articles. The bottom has not been touched, but the bottom of trade depression is probably with us and there should be an improvement all along the line in spring. Stocks are low in the stores and also in the lumber yards and it is absolutely necessary that these be replenished.

For some time past money has been kept out of use or invested in bonds. As the price of securities advances and confidence is restored, people will be willing to put money into development schemes. That is what the brokers in the south say.

Co-operation.

Prince Rupert is still in the public eye and people are expecting developments. There seems to be no spirit of jealousy evident there, for the business men are beginning to realize that the development of any part of the province means more business for the big cities in the south and they are keen on having such development take place. Just as it is to the advantage of Prince Rupert to develop Stewart, Alice Arm, Anyox, Swanson Bay and all interior points, so the development of all these and of Prince Rupert is for the benefit of Vancouver and Victoria, especially Vancouver.

When it was mentioned that Speaker Manson was likely to be appointed attorney-general, no objection was heard because of his residing in the north. It was recognized that the north should have more cabinet representation.

On the whole the feeling of unity is growing and the co-operation of the south may be expected in development schemes. Naturally all business is selfish, but it is found to be good business to develop the whole of the province.

**PRINCESS ROYAL
 ISLAND MINES**

**Development Work is Proceeding
 at Bight Inlet and on An-
 other Property.**

Word has been received here that the Rivers Bight Syndicate has sold its property on Princess Royal Island and it is now being worked with good results by Manager Sloan, formerly of the Drum Lummon. About a dozen men are employed there at present, but this number is to be increased in the spring.

The property is said to be very similar to the Surf Inlet mine, which is still shipping gold. It was discovered by two Russian Finns, Cordilla and Kinsky, who

The Railways of Canada Draw to Your Attention the

NEW RAILWAY RATES!

FOR PASSENGERS

The advance on sleeping and parlor car tickets authorized in 1920 has been cut in half—the advance made on ordinary fares at that time having been completely taken off many months ago.

FOR SHIPPERS

The percentage of advance granted to the Railways in 1920 has been reduced ten points. In addition to a five point drop at the first of the year.

These changes became effective December 1st.

Your cost of Living

YOUR cost of living should be directly affected. If it is not it is as the railways have pointed out before, the for their services is an almost negligible factor and because (2) even the huge sum now cut out of the railways revenues and amounting to approximately—

\$25,000,000.00*

annually—becomes a very small fraction of a cent when split up among the billions upon billions of small and large articles which constitute the freight traffic of Canada during a year. And because

(3) the Court which has the power to control railway rates is not able to direct who is or is not to get the benefit of reductions. In other words, whether these savings in railway charges are passed on to you—or whether they are absorbed in marketing, cannot be controlled either by the railways or the public.

**BUT this fact remains: a very great sum of money—
 enough to build every year a small city, or a Que-
 bec Bridge, or four hundred and fifty of the newest and
 most powerful locomotives—is now removed from the
 revenues of the Canadian Railways and should be
 reflected, at least to some extent, in the family budgets
 of all Canadians!**

**W HETHER your railways can continue to function without the
 revenue thus lost to them, is an experimental problem facing
 the various managements. It depends largely on whether traffic
 keeps up or falls off—and whether costs rise or decline. But the
 managements are attempting the problem cheerfully and with
 determination to keep Canada's railway service the cheapest, mile
 for mile, and among the most efficient in the world!**

STANLEY LUCAS PASSED BEYOND

Railway Civil Engineer of Early Days Here Died Recently at Hamilton.

Many friends in the city will learn with regret of the death of Arthur Stanley Bruce Lucas, one of Prince Rupert's earliest pioneers, which occurred in Hamilton, Ontario, on January 3. Mr. Lucas was a railway civil engineer and resided in this city while the Grand Trunk Pacific Railway was under construction. He was one of the first to build a home here, having built one on Fourth Avenue West shortly after the first sale of city lots. On account of ill health he left the rigorous duties here and had been ailing for some years prior to his death. His wife (nee Miss Mary Glasco) and a family of small children survive.

Promising Career.
In reporting the death of Mr. Lucas the Hamilton Spectator says:
In the death of Mr. Lucas, Hamilton loses one of its most brilliant sons, and a career that had much promise was brought to a close. During his school life, Mr. Lucas had shown marked ability. Both at the T. E. S., at Port Hope, and Toronto university (Trinity college), he won every prize and distinction that came within his reach, and by his instructors was considered one of the most talented students that had entered that institution. At Trinity, he was successful in taking his degree of B.A. Later he took a post-graduate course in science and engineering at McGill university, and obtained the degree of B. Sc. His mind was extraordinary acute, and he grasped, with apparent ease, the most abstruse problems of a mathematical nature. He was marked for great prominence in the engineering world, and one of his earliest honors was achieved by a paper written by him which was read before the British Association for the Advancement of Science, Canadian branch. He chose railway engineering as his profession, and for some time lived at Prince Rupert in the employ of the Grand Trunk Pacific railway. His ill-health, however, proved a great handicap in the performance of his duties and the realization of his dreams. He pursued his endeavors with the utmost courage and tenacity, and worked untiringly until the end.

As a boy, he was very popular and lovable, and at college had many lifelong friends, who will sincerely mourn his loss. As a man, he developed a strong and splendid character marked by an admirable personality, and although the hopes of his many friends were not realized by his untimely demise his achievements will long be remembered. His splendid bearing in times of trial indicated a brave and gallant soul, equal to that of his brother, Major Travers Lucas, who gave his life on the altar of sacrifice during the great war, after being recommended for the Victoria Cross.

ELECTION GOING ON

Up to 1 o'clock 238 Votes Had Been Cast—All is Very Quiet.

Up to 1 o'clock 238 persons had cast their ballots in the municipal election which is in progress today in the city council chamber. All is going smoothly and quietly and there is no special display of interest. Both Mayor Rochester and Col. McMordie, the mayoral candidates, spent a good part of the morning at the polling booth and both seem to be confident of election. The polling will be called to a finish at 7 o'clock and the counting will then commence. The result will be known very shortly after the polls close.

The following are the election officials:
Returning Officer, E. A. Woods.
Poll Clerk and Deputy returning officer, Barry W. Birch.
Deputy returning officers, L. S. Davies, E. B. Baker, J. Clapperton and R. Rowe.

PRETTY WEDDING AT METHODIST CHURCH

Miss Pocock Becomes Bride of W. J. Rance and Celebration Follows.

The wedding took place last evening in the Methodist Church parlors of William John Rance of this city and Miss Florence Evelyn Pocock of Saskatoon, Sask., Rev. G. G. Harker officiating. The couple was supported by Mr. and Mrs. L. R. Parry and little Miss Phyllis Parry was the flower girl.
Following the ceremony the party repaired to the home of Mr. and Mrs. Parry, 432 Sixth Avenue West, where a reception was held and many guests sat down to a sumptuous repast, with Mr. Parry presiding. From that time on there was much merriment. Toasts were drunk to the bride, and after supper dancing was kept up until a late hour.

Both Mr. and Mrs. Rance were born in England and it was as a result of an acquaintanceship begun during the war that the wedding took place. Mr. Rance fought overseas with the Fifteenth Battalion, Canadian Infantry.
Those present at the reception included: Mr. and Mrs. L. H. Parry, Mr. and Mrs. C. Whatman, Jr., Mr. and Mrs. F. M. Grosby, Mr. and Mrs. B. Aubrey Sims, Mr. and Mrs. Rossy, Mrs. M. Macdonald, Fred Hardy, S. Jabour, T. G. Goveindock, Mrs. Webber, Mr. and Mrs. Arney, Mr. Morley, S. Haudenebild, Mrs. Hogan, T. Athrop, Mr. and Mrs. Phillips and Syd Thomson.

FINAL MEETING OF CAMPAIGN

Mayor Rochester Accepts Invitation and Meets Colonel Mc-Mordie on Platform.

The Empress Theatre was packed to the doors last evening to hear the mayoralty and aldermanic candidates in their final appeal to the electorate from the public platform. It was Colonel Mc-Mordie's meeting, he having engaged the hall for the occasion and invited the others, all of whom courteously acknowledged the courtesy.

ORIENTAL QUESTION.

Dealing with the employment of Orientals, the Colonel said he had no criticism to make of Mr. Rochester as a private citizen employing whom he wished, but when he came out as a public man he was open to criticism for his action.

The speaker resented an insinuation that he had ulterior motives in dropping an eighteen hundred dollar job in order to undertake a fifteen hundred dollar job. He said he had been insulted by being offered money to influence his decisions as police magistrate.

THE MAYOR.

Mayor Rochester in opening resented the suggestion that he was afraid to meet Colonel Mc-Mordie on the platform. He said the man did not live that he was afraid to meet.

He discussed the police question and denied he had said from the platform he would fire the chief of police. He did say he thought the city could not be cleaned up by the present force but on taking office he found he was able to get results without such drastic action and he believed that today the city was clean. (Laughter).

MUST SETTLE COUNTRY WITH WHITE PEOPLE

Japanese Will Come If No Effort Is Made to Encourage European Immigration.

TELLS OF VISIT TO JAPAN

Railway System of Nippon Praised by Well Known Timberman Who Is Here.

"Since my recent visit to Japan I am more than ever convinced of the desirability of settling this country with white people and I believe that a vigorous immigration policy is necessary if we are to retain the country for the white race," stated J. F. Hanna, timber expert, who arrived from the south on the steamer Prince Rupert yesterday on route to Massett Inlet.

LADIES' AUXILIARY HOSPITAL MEETING

Reports of Receipts and Expenditures and Election of Officers.

The annual meeting of the Hospital Women's Auxiliary was held in the council chamber on Tuesday afternoon. The reports covered the work done from June 1920, to December, 1921, as the closing of the year has been made to coincide with that of the Hospital Board.

RAILWAYS AND TRAMS.

The railways and trams were a source of great interest to Mr. Hanna. There is a railway running from one end of Japan to the other and trains run each way every hour and all lines are double tracked.

HALIFAX EXPLOSION WRECKED HER NERVES

The reader will, no doubt, remember when a few years ago there was a collision in the Halifax, N. S., Harbor and one of the munition ships was blown up, causing great loss of life and laying a large portion of the city in ruins, and causing a great deal of suffering and distress among the inhabitants.

Mrs. Winfield Hill, now of Windsor, N. S., was living in Halifax at that time and went through this trying experience and the shock wrecked her nerves. She writes as follows: "I was living in Halifax at the time of the explosion, and it wrecked my nerves so that I could not do my housework. I would take such nervous spells I would be under the doctor's care."

To all those who suffer from nervous shock we would recommend our MILBURN'S HEART AND NERVE PILLS as the best remedy to tone up the entire nervous system and strengthen the weakened organs.

I'm So Tired

Fatigue is the result of poisons in the blood. So when the kidneys fail to purify the blood one of the first indications is unusual and persistent tired feelings and pains in the back.

Neglected kidney troubles lead to years of suffering from rheumatism or develop into such fatal ailments as Bright's disease.

The kidney action is promptly corrected by use of Dr. Chase's Kidney-Liver Pills—the last known regulator of kidneys, liver and bowels.

Mrs. John Ireland, R.R. No. 1, King, Ont., writes:

"I was a great sufferer from severe headaches and lumbago. I tried a number of remedies without obtaining any benefit until I was advised to use Dr. Chase's Kidney-Liver Pills. These completely relieved me and made me feel like a new person. I am very grateful to Dr. Chase's medicines for what they have done for me, and you may use my letter for the benefit of others."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmondson, Bates & Co., Ltd., Toronto.

CARPENTIER MEETS COOK

Important Bout Will Take Place in London Tonight—Both Are Confident.

LONDON, Jan. 12.—Georges Carpentier, the champion boxer of Europe, meets George Cook of Australia in Albert Hall tonight. Carpentier is reported to be in first-class condition and three pounds heavier than when he met Dempsey last July. "Little Dempsey," as Cook is called by his friends, is, however, confident that he will win, and this confidence is backed up by many outside opinions.

The winner of this battle, it is likely, will be challenged by Joe Beckett, the former heavyweight champion of England. Beckett was knocked out by Carpentier in 74 seconds in 1919.

FINE WHIST DRIVE AND DANCE MOOSE LODGE LAST NIGHT

There were 150 persons present at a splendid whist drive and dance put on by the Moose Lodge in the Metropole Hall last evening. The affair was successful in every respect and all present had a fine time. Whist was played from 8:30 to 9:30 and the winners of the first prizes were Mrs. S. Bennett and R. McCarthy. Consolation awards went to Mrs. Bourne and B. Russell. Mrs. Hans Foss and Mrs. Arthur were in charge of the tables.

The dance commenced at 9:30 and kept up until 2 o'clock. The orchestra comprised Sam Brail, violin, H. A. Pryce, piano, and James N. Kelly, drums. Joseph Slaggard was master of ceremonies.

In the course of the evening dainty refreshments were served. The committee in charge consisted of W. Hayner, D. Graham, George Millick, Percy Cameron, Joseph Slaggard and George Porter.

WHIST LEAGUE Knights of Columbus, Elks and Oddfellows Were Winners Last Night's Games.

The Knights of Columbus defeated the Sons of England in last night's whist game by a score of 7 to 2, the Elks won over St. Andrew's by 5 to 4 while the Oddfellows beat the Valhalla 5 to 4. A postponed game between the Sons of Canada and the St. Andrew's Society was played on Monday and resulted in a win for the former by a score of 6 to 3.

The standing in the men's section of the Fraternal Whist League to date is as follows:

P.	W.	L.	Pts.	
V. Halla	9	7	2	7
K. of C.	7	5	2	5
K. of P.	7	5	2	5
Oddfellows	9	5	4	5
St. Andrew's	9	4	5	4
S. of C.	9	4	5	4
S. of E.	9	3	6	3
Elks	9	2	7	2

LOOKED WRINKLED.

Bobby had been studying his old grandfather's wrinkled face for a long time. "Well, Bob," said the old "gentleman," "do you like my face?" "Yes, grandfather," said Bobby; "it's an awfully nice face; but why don't you have it ironed?"

NEW BASEBALL LEAGUE FORMED

Western International Will Include Vancouver and Tacoma.

EDMONTON, Jan. 12.—The latest league in baseball is the Western International, comprising Regina, Saskatoon, Calgary, Edmonton, Vancouver and Tacoma. This league was formed last night at a meeting of the Western Canada League and coast representatives. It will to some extent replace the Pacific International which went out of business recently.

Deacon White, president of the Western Canada League, was chosen president of the new circuit. Franchises were granted to Bob Brown for Vancouver and W. H. Klepper for Tacoma.

Seattle already has a franchise for the Pacific Coast League. Victoria finds it difficult to finance a team.

SEATTLE OUT OF CELLAR

Beats Vancouver at Hockey and Now Ties with Victoria Aristocrats.

SEATTLE, Jan. 12.—Foyston is the hero of the Seattle hockey fans for last night he scored in a row and thus gave Seattle a five to two victory over Vancouver. The home team put everything they had into the play and brought themselves out of the cellar of the league. They are now even with Victoria and only one point behind Vancouver.

Parkes, the new Vancouver player went on for Mackay and scored both the Vancouver goals.

LEAGUE HOCKEY.

League	Score
National League.	Toronto, 2; Ottawa, 2; Montreal, 3; Hamilton, 2.
Western Canada League.	Calgary, 1; Saskatoon, 2; Regina, 8; Edmonton, 4.
Pacific Coast.	Seattle, 5; Vancouver, 2.

Sport Chat

Individual averages in the Trail Shield billiard series up to the end of the first half of the season showed that J. H. Pillsbury led the Elks' team with an average of 200; W. Blythe and W. Barbour, the Trail, 200 with five games; R. M. Shockley, Wanderers, average 200, four games; Joe Brown and R. Andrews, St. Andrew's, 191; George Hill, Sons of England, 182, and W. F. Roberge, Great War Veterans, 181. The lowest individual records in each club were as follows: Easson, Elks, 69 (one game); La Casse, Great War Veterans, 101, (one game); E. Mansell, Sons of England, 144; Hemming, Wanderers, 168; W. D. Smith, St. Andrew's, 170, and J. Sudeu, Trail, 178.

TRAIL HAS SMALL LEAD IN BILLIARD TOURNAMENT WITH SCOTS

Five of the six games in the Trail Club shield billiard tournament between the Trail Club and the St. Andrew's Society were played last evening and the Trail is leading by a score of 977 to 939. The final between R. Davie (St. Andrew's) and D. Brown (Trail) is to be played tonight and the Scots are hopeful of winning it by a large enough margin to win the tournament and thus administer the first defeat of the season on their opponents. Several of last night's games were very close although there was nothing outstanding in the way of play.

The following were the detailed results of the games: R. Robertson (St. Andrew's), 187; W. Barbour, 200; A. Kinghorn, 196; W. Blythe, 200.

B. Andrews, 166; J. Judge, 200; S. D. Macdonald, 191; G. Waugh, 200; J. A. Allen, 200; J. Sudeu, 177.

IGNORANCE IS BLISS.

The archbishop had preached a fine sermon on the beauties of married life. Two old Irish women coming out of church were heard commenting upon his address.

"'Tis a fine sermon his reverence would be after givin' us," said Bridget.

"'Tis indade," replied Maggie, "and I wish I knew as little about the matter as he does."

FIRE INSURANCE is a hobby of ours. We take keen pleasure in making sure that all policies are so written that they cover your property exactly as you intend. If you entrust your fire insurance to careless, inexperienced or ignorant agents you may find, when you come to collect your fire loss, that your policies are so worded that the insurance company is not liable and so will not pay the loss. Why take chances?

FINE SILHOUETTE PICTURE TONIGHT

Night Scenes in "His Own Law"
Taken by Natural Means.

With Hobart Bosworth at the Westholme Theatre in the latest Goldwyn-J. Parker Read, Jr., production, "His Own Law," tonight, it will repay those who are interested in excellent photography to observe the silhouette effects shown in this drama of a strong man's struggle with love and duty.

Instead of tinting many of the night episodes, they were taken at twilight in silhouette and appear just as the figures would appear to the naked eye.

In this way the impression of realism is carried out perfectly. Moreover, by silhouetting the figures in these beautiful slow-action scenes, the general pictorial effect of the photoplay has been heightened.

ATLIN MINER IS VICTIM OF ACCIDENT

ATLIN, Jan. 12.—Chas. Beaton, a miner of Spruce Creek, met with an accident which may result in the loss of one leg. Beaton was tending the hoist at the mouth of the shaft, and his left leg caught in the friction and was badly mangled. His partners at the bottom of the shaft knew nothing of his predicament until, several signals remained unanswered, they came up to investigate.

Stopping the machinery, Beaton was released and taken to St. Andrew's hospital, Atlin, where every care and attention is being given.

HENRY FORD HAD RAPID RISE FORTUNE

Could Not Get a Chicken on Credit Seventeen Years Ago.

BOSTON, Jan. 12.—Myles Connolly, writing in Boston Post of Roger Babson's interview with Henry Ford, quotes Mr. Babson as follows: "I was out in Detroit at Thanksgiving time. Just before dinner Mr. Ford said to his wife: 'Remember 17 years ago?—17 years ago when you and I tramped the streets of Detroit to get a chicken for our Thanksgiving dinner and none of the stores would trust us?'"

"Ford was quiet for a moment and then said in a semi-under-tone 'Seventeen years ago. . . . and I paid Uncle Sam \$76,000,000 in taxes last year.'"

Mr. Babson stated that Henry Ford was experimenting with a mixture of formaldehyde, glue and cotton out of which he intended to make automobiles, stamping out the parts the way a cook stamps doughnuts out of dough.

PRINCE GEORGE

The fight for the mayoralty of Prince George today is between George Abbott and J. H. Johnson, Mayor Wilson having withdrawn his name from nomination. In Ward 4, Aldermen Patterson and McKay are seeking re-election, while a third entrant in this ward is T. R. Rush. Mr. Rush is also offering himself for the position of police commissioner. The latest aldermanic candidate in Ward 2 is B. K. Gregory, Mr. Gregory is also in running for school trustee. Dr. R. W. Alward and Fred D. Taylor are also out for honors in this ward. Ald. Barney Keegan is seeking re-election and is also a candidate for police commissioner. In Ward 3 Ald. J. A. Feren, who represented Ward 2 last year, is now asking the electors of Ward 3 to have him represent them on the new council.

Alex. Wylie, local manager of the Canadian National Telegraphs, has left for the east on a three months' vacation. Percy Landon will manage the local office in Mr. Wylie's absence.

M. J. Meiklejohn, M.D., managing director of the Sovereign Life Assurance Co., is the guest of Mr. Chas. A. Pyne.

G. C. Davidson, a new tellor for the Canadian Bank of Commerce, has arrived from Vancouver.

Chas. A. Pyne entertained the Hon. T. D. Pattullo, minister of lands, at dinner last Thursday evening.

TERRACE

A re-organization meeting of the local branch of the Great War Veterans' Association was held last week. The election of officers resulted as follows: President, W. Brewer; vice-president, S. Kirkaldy; secretary-treasurer, J. MacInyre; executive committee, H. Greenman, N. Sherwood and Elwood Brooks.

A meeting was held last Saturday to re-organize the local Conservative committee. A good number were present and officers were elected as follows: Geo. Dover, president; R. Jenks, secretary-treasurer.

Last Saturday, at train time a team driven by L. York, got away from him at the siding opposite the station and started down the track just a few minutes before the passenger train arrived. The engineer was warned to keep a look out for them. The horses were captured at Copper City and were found to be uninjured.

A whist drive and dance was held at the Community Club last Friday night. The prize winners were, Mrs. A. Long, ladies' first; Gladys Boud, consolation; a tie between Billy Donald and J. Lever for gent's first was won on the draw by W. Donald; gent's consolation prize, Mr. Bartlette.

Michael Bros. and W. Ungerer came in from their trap line this week to get supplies. They report fur to be plentiful but the cold weather without snow made catches hard. They brought down seven martin and one fisher.

EASTERN STAR DANCE HELD LAST EVENING

About 150 Persons Were Present at Thoroughly Enjoyable Affair in St. Andrew's Hall

The annual dance of the Belist Chapter, Order of the Eastern Star was held last evening in St. Andrew's Hall. There were about 150 persons in attendance and the affair was thoroughly enjoyed by all. Dancing started promptly at 9 o'clock and continued until 1:30. The music was provided by the Westholme Orchestra, Misses Curtin and C. Dickenson playing the early numbers and during the supper intermission.

The refreshments served were a feature of the occasion, the tables in the supper room upstairs being prettily decorated with flowers and ferns.

W. Aiger was master of ceremonies and Alex. Finnie and H. Ray were on the door. The general committee comprised Mrs. J. G. Steen, Mrs. T. M. Spencer and W. G. Barrie who were assisted generally by all the rest of the members.

ALBERTA LABOR ASKS NEAR BEER IN THAT PROVINCE

LETHBRIDGE, Jan. 12.—The Alberta Federation of Labor closed its convention here yesterday by adopting a resolution that the federation shall press for the enactment of provincial legislation legalizing the sale of three and a half per cent. beer in Alberta.

"Si Willow, who had married the widow they said had a sweet temper and lots of money, is going to sue for a divorce."
"On what grounds?"
"Mistaken identity."

PIMPLES ON FACE DIDN'T LIKE TO GO OUT

Those nasty little pimples that break out on the face, and other parts of the body are simply indications that the blood is out of order and requires purifying.

There is only one way to get rid of this obnoxious skin trouble, and that is by giving the blood a thorough cleansing which can best be done by that old reliable blood medicine.

BURDOCK BLOOD BITTERS and when the blood is purified the pimples will vanish and you will have a clear, healthy complexion.

Miss Mary E. Flanagan, R. R. No. 3, Stella, Ont., writes—"I suffered for about two years with pimples and blotches breaking out on my face. The doctor said it was caused by bad blood. My face was so bad that I didn't like to go out among a crowd of people. One day I was talking to a friend, and she advised me to get a bottle of Burdock Blood Bitters and try it. I just took three bottles, and there was not a blotch or pimple of any kind left. Some of my friends asked me what I had used and I said, 'Burdock Blood Bitters chased them!'"

B. B. B. has been on the market for the past 45 years, so you are not experimenting with some new and untried remedy.

Put up only by The T. Millburn Co., Limited, Toronto, Ont.

--just like new!!
